Situated at the confluence of the Eau Claire and Chippewa Rivers, the city of Eau Claire originated as a lumber town in the 1840s. Today, with a population of over 64,000, Eau Claire is a commercial, medical, technological, and educational center for the west central region of Wisconsin. Eau Claire is located 90 miles east of Minneapolis/St. Paul and 247 miles northwest of Milwaukee. The city and the surrounding countryside abound in rivers, lakes, and wooded areas of great natural beauty, where seasonal sports, camping, and other recreational activities may be enjoyed throughout the year.

The University

The University of Wisconsin-Eau Claire was founded in 1916 as the Eau Claire State Normal School, occupying a single building on land donated to the state by the city of Eau Claire. The academic history of the institution is reflected in its subsequent changes of name and mission. As a State Teachers College (1927-51) it awarded baccalaureate degrees in education; as one of the Wisconsin State Colleges (1951-64) it added degree programs in liberal arts. The state colleges were granted university status in 1964, and the Wisconsin State University-Eau Claire was organized into the Schools of Arts and Sciences, Education, and Graduate Studies. The School of Nursing was created in 1965 and the School of Business in 1966. With the merger of the two state-supported university systems in 1971, Eau Claire became a member of the University of Wisconsin System, which includes 13 universities, 13 two-year colleges, and UW-Extension. In 2004, an administrative restructuring created four colleges: the College of Arts and Sciences, the College of Business, the College of Education and Human Sciences, and the College of Nursing and Health Sciences. Graduate programs are administered by each of the colleges.

The University of Wisconsin-Eau Claire today serves more than 10,000 students, offering a variety of undergraduate and graduate programs, and serving regionally as a center for continuing education. The main campus includes 28 major buildings located on a 333-acre, two-level campus, which embraces Putnam Park on the south bank of the Chippewa River and is connected by a footbridge to the Haas Fine Arts Center and the Human Sciences and Services building on the north bank. The university campus also includes The Priory, a facility three miles south of the main campus, and Haymarket Landing, a student apartment complex in downtown Eau Claire.

Select Mission of The University of Wisconsin-Eau Claire

In addition to the University of Wisconsin System Mission and the Core Mission of the University Cluster Institutions, the University of Wisconsin-Eau Claire has the following select mission:

We foster in one another creativity, critical insight, empathy, and intellectual courage, the hallmarks of a transformative liberal education and the foundation for active citizenship and lifelong inquiry.

We fulfill our mission through a pervasive university commitment to provide:

- Rigorous, intentional and experiential undergraduate liberal education for life and livelihood;
- Strong, distinctive professional and graduate programs that build on and strengthen our proud tradition of liberal education;
- Multicultural and international learning experiences for a diverse world;
- Exemplary student-faculty research and scholarship that enhance teaching and learning;
- An inclusive campus community that challenges students to develop their intellectual, personal, cultural and social competencies;
- Educational opportunities responsive to the needs of our communities, state, region and beyond; and
- Academic leadership in transforming liberal education.

Organization of the University

The Chancellor is the University’s chief administrative officer, responsible for all phases of University activity, and accountable to the Board of Regents and UW System President. In the discharge of these obligations, the Chancellor is assisted by other administrators, and advised by the faculty, staff, and students of the University.

Subject to the powers of the Board of Regents, the UW System President, and the Chancellor:

- University faculty has primary responsibility for academic and educational activities and faculty personnel matters,
- University academic staff has primary responsibility for academic staff personnel matters,
- University students have primary responsibility for policies concerning student life, services, and extracurricular activities; and share responsibility with the Chancellor and Board of Regents for the disposition of student fees constituting substantial support for student activities.
The Campus

Campus Information Services 715-836-2637
toll-free (888) 463-6893

Parking and Transportation Services: Parking and Transportation Services, in cooperation with students, faculty, and administrators, strives to find an equitable way to manage the parking spaces available to all members of the University Community. Therefore, parking policies and regulations at UW-Eau Claire are aimed at easing the parking crunch on campus and in the neighborhoods adjacent to the campus. These policies and regulations are part of an overall parking plan, which incorporates a multifaceted approach to managing the parking spaces available on campus. It includes a differentiated pricing system for parking permits, penalties for violations, and a free city-wide transit service. Detailed and current parking information can be obtained from Parking and Transportation Services located within Blugold Central, 715-836-2002, or parking@uwec.edu.

Visitor Parking: Visitors to campus should stop at the Visitor Center to receive a guest parking permit and directions to various campus and city destinations. Located at the corner of Park and Roosevelt Avenues on lower campus, the Visitor Center also offers reserved parking with 24-hour advance notice. For reservations and detailed information, call the Visitor Center at 715-836-2544.

Visiting the Campus: Conducted tours may be arranged through the Office of Admissions at 715-836-5415. Visitors may obtain a brochure describing the campus and its facilities from the Service Center, in the east lobby of Davies Center, or from the Visitor Center.

Academic Buildings

**Schofield Hall (1916),** Garfield Avenue. Named for Harvey Schofield, first president of the Eau Claire State Normal School.

**L. E. Phillips Science Hall (1964; addition, 1969; a major renovation, 2002),** lower campus, spanning Little Niagara Creek. Named for the Eau Claire industrialist whose major gift made possible the acquisition of special equipment.

**Nursing (1969; addition, 1985),** lower campus at edge of Putnam Park.

**Haas Fine Arts Center (1970),** Water Street, with footbridge spanning the Chippewa River to the main lower campus. Named for former chancellor Leonard Haas (1959-1980) and his wife, Dorellen.

**Human Sciences and Services (1982),** Water Street, north campus overlooking the Chippewa River.

**Centennial Hall (2014),** Park Avenue. Named to honor UW-Eau Claire’s Centennial in 2016.

Residence Halls

**Katharine Thomas Hall (1955),** lower campus. 73 men and 71 women. Named for a member of the first faculty (Teacher Education, 1916-1946).

**Katherine Putnam Hall (1958),** lower campus. 94 men and 140 women. Named for the granddaughter of the Eau Claire lumberman who established Putnam Park.

**Emmet Horan Hall (1961),** upper campus. 206 men. Named for the businessman who was the first Eau Claire appointee to the Board of Regents of State Normal Schools.

**Governors Hall (1962),** upper campus. 134 men and 208 women.

**Laura E. Sutherland Hall (1965),** upper campus. 144 men and 260 women. Named for a faculty member (History, 1921-1959; dean of women, 1939-1947).

**Benjamin W. Bridgman Hall (1965),** upper campus. 116 men and 126 women. Named for a member of the first faculty (Physics, 1916-1941).

**Towers Residence Hall (1967),** upper campus. 435 men and 897 women.

**Oak Ridge Hall (1969),** upper campus. 64 men and 282 women.

**Chancellors Hall (2000),** upper campus. 81 apartments for 324 students. Named in honor of past, present, and future chancellors.

University Centers

**W.R. Davies Student Center (2012),** lower campus. Named for the second president (1941-1959) of the Eau Claire State Teachers College. The W.R. Davies Student Center is the center for social and cultural interaction on the lower campus. Offering a number of meeting and program spaces, dining facilities and service areas, Davies Center is the administrative core of the University Centers. It is also home to the Student Senate, the primary vehicle for student involvement in university governance, The University Book Store, Blugold Dining/Catering Services, US Bank, Blugold Card Services, Event Services and Activities, Involvement & Leadership.

**Crest Wellness Center (1965),** upper campus. Student Health Service, Crest Fitness Center, University Police, Eagles View Challenge Ropes Course.

**Hilltop Center (1968),** upper campus. Offering a number of dining facilities including the main cafeteria The Riverview Café, program spaces and service areas. Hilltop Center is the administrative core of Recreation and Sport Facilities. It is equipped with a bowling and billiards center, The Lookout – event space, lounge space, and Environmental Adventure Center that offers indoor archery as well as outdoor adventure equipment rental.

**Schofield Auditorium (1916; Renovation 2009),** Schofield Hall, lower campus. Renovated in 2009 through a collaborative effort of Student Senate, University Centers, the Chancellors Office and University of Wisconsin – Eau Claire Foundation. Managed by University Centers - Schofield auditorium is the largest fixed seat venue on campus. Its state of the art Lighting, Sound, Video and seating plays host to hundreds of large events every year.

**Zorn Arena (1951),** lower campus on Garfield Avenue. Named in honor of Willis L. Zorn, dean of men, director of athletics and head basketball coach. Bill Zorn began his distinguished 40-year career at Eau Claire in 1928. Elected to the NAIA Hall of Fame in 1958, Zorn promoted “athletics for all” through the Men’s Athletic Association. The physical education teaching facility was completed in 1951 and first used in 1952. Originally known as the Fieldhouse, the building...

The Off-Campus-Wisconsin:

eleven-inch telescopes. Each observatory is equipped with a 11 stations for student use in astronomy laboratory classes. These stations use a device (CCD) camera. The observatory is adjacent to an observing deck with a controlled, seven-inch Maksutov-Cassegrain telescope with a charge-coupled-device (CCD) camera. The observatory is located atop Phillips Hall, contains a computer-controlled, seven-inch Maksutov-Cassegrain telescope with a charge-coupled-device (CCD) camera. The observatory is open to the public on Saturday nights, when clear, during the months of May through October.

The James and Joan Leary Family Environmental Education Center consists of 168 acres located in a popular four-season recreational area at the confluence of the Flambeau and Chippewa rivers. The land is surrounded by Chippewa County forest land. The Leary Family Environmental Education Center will become an integral part of the university’s Watershed Institute for Collaborative Environmental Studies. Information about the Leary Environmental Education Center is available from Dr. James Boulter, director of the Watershed Institute.

Nature Conservancy Tracts, owned by the University of Wisconsin-Eau Claire Foundation, include 320 acres of forest and marshland which are available for scientific investigations and class use. One of these, the Schmidt Tract, is approximately 30 miles east of Eau Claire, in Clark County, and two are in Washburn County, near Sarona and Spooner. More specific information concerning location and use of this land can be obtained from Dr. Paula Kleinjes Neff, Department of Biology.

The Priory, formerly known at St. Bede’s Monastery, was purchased in 2011 by Blugold Real Estate, LLC, a subsidiary of the UW-Eau Claire Foundation as an ideal facility for expanding UW-Eau Claire academic programming. The property includes 112 mostly wooded acres in the town of Washington and three building complexes totaling approximately 80,000 square feet. It is located three miles south of the UW-Eau Claire campus. The former Children’s Center at UW-Eau Claire, now named the Children’s Nature Academy, opened in June 2012 as The Priory’s anchor tenant.

UW-Eau Claire students are the primary users of the academy’s services, which include the infant and toddler care program. In addition to students who use the academy’s child care services, hundreds of university students either work, volunteer or engage in observation activities at the academy annually.

Beginning in Fall of 2014, The Priory has renovated and modernized residence hall rooms housing 22 students; in the fall of 2015, the renovations will expand student housing to 54 single occupancy rooms that have all been remodeled.

Off-Campus-Mississippi:

The Gulf Coast Research Laboratory (GCRL), Ocean Springs, Mississippi, is an out-of-state institution affiliated with the University of Wisconsin-Eau Claire. The GCRL offers two summer terms, and provides an opportunity for students to obtain instruction in a marine environment. For more specific information contact Dr. David Lonzarich, Department of Biology.

Accreditation and Memberships
The University of Wisconsin-Eau Claire is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. Address:

230 South LaSalle Street
Suite 7-500
Chicago, Illinois 60604
Telephone: (800) 621-7440

Specific programs or individual units of the University are accredited or approved by the following agencies, as explained in appropriate sections of the catalog:

- AACSB International—the Association to Advance Collegiate Schools of Business
- Accrediting Council on Education in Journalism and Mass Communication
- American Chemical Society
- American-Speech-Language-Hearing Association
- Commission on Accreditation of Athletic Training Education
- Commission on Collegiate Nursing Education
- Council on Social Work Education
- National Association of Boards of Examiners of Long Term Care Administrators
- National Association of School Psychologists
- National Association of Schools of Music
- National Environmental Health Association
- Wisconsin Department of Health and Social Services
- Wisconsin Department of Public Instruction
- Wisconsin State Board of Nursing

The University is a member of the American Association of Colleges of Nursing, the American Association of Colleges for Teacher Education, the American Association of State Colleges and Universities, the American Association of University Women, the American Council on Education, the Association of American Colleges and Universities, the Council of Graduate Schools, the Council for Opportunities in Education, the Council on Undergraduate Research, the Wisconsin Campus Compact, and the Wisconsin Institute for Peace and Conflict Studies.

Continuing Education and Extension
The “Wisconsin Idea”
The “Wisconsin Idea,” a concept named after the state that pioneered its development, holds that the function of a university is not only to educate full-time students on its home campus, but also to extend educational opportunities and services to all citizens of the state. The Wisconsin Idea is incorporated into the general mission of the University of Wisconsin System and into the particular missions of the various institutions.

The University of Wisconsin-Eau Claire has long supported the Wisconsin Idea and the related idea of education as a process continuing throughout the lifetime of an individual. The University welcomes contemporary learners who wish to attend credit and non-credit courses for personal or professional reasons.

Further information may be obtained from the Office of Continuing Education (http://www.uwec.edu/CE).

University of Wisconsin-Extension
To increase the availability of educational opportunities both on and off campus, the University of Wisconsin-Eau Claire and University of Wisconsin-Extension cooperate in providing noncredit continuing education programs and credit courses designed for contemporary learners. Information about current offerings may be obtained from the Office of Continuing Education (http://www.uwec.edu/ce) at 715-836-3636, or toll-free (866) 893-2423.

Continuing Education – Connecting Campus and Community
Continuing Education addresses the needs of contemporary learners through credit and noncredit courses designed for students of all ages.

Noncredit courses and other services include:

- professional development programs for educators, health care, human services and business professionals.
- counseling, information, and entrepreneurial training through the Small Business Development Center.
- youth development programs that introduce, enrich, enhance, and develop skills and knowledge in a variety of areas.
- partnerships with school districts and CESAs that provide educational opportunities for area educators and youth.
- personal enrichment for the community.
ABOUT THE CATALOG

A Bulletin of the University of Wisconsin-Eau Claire
Volume 100

The Undergraduate Catalog is available on the UW-Eau Claire Web website (http://www.uwec.edu) and is supplemented by the following official publications of the University.

The class schedule (http://www.uwec.edu/Registrar/schedules), course catalog, and information about fees, is available prior to the opening of each term on the Registrar’s website and CampS.

The Your Right to Know publication, from the Student Affairs and Dean of Students Office publication contains additional information about campus life, activities, services, policies and regulations, safety, student rights, and the various offices through which they are administered.

The Graduate Catalog contains information about graduate programs including admission and degree requirements.

The provisions of this catalog do not constitute a contract between a student at UW-Eau Claire and the University. The sole purpose of the catalog is to provide regulations, course listings, degree programs, and fee schedules which are in effect at the time of publication. UW-Eau Claire reserves the right to change the regulations in this catalog at any time during the period for which it is in effect and to add, modify, or withdraw courses at any time. UW-Eau Claire, with the concurrence of the System Administration and the Board of Regents of the University of Wisconsin System, also reserves the right to change fees and to add, modify, or withdraw degree programs at any time. Effective dates of changes will be determined by the proper University authorities and published through Class Schedules or other official publications of the University.

The University further reserves the right to ask the student to withdraw for cause at any time.

The University of Wisconsin-Eau Claire is committed to a policy of providing equal educational and employment opportunity for all persons in accordance with Board of Regents Policy and applicable law. Discrimination or harassment based on any protected category that has the purpose and effect of adversely affecting any aspect or condition of a person’s education, employment, housing, or participation in a university activity or program is prohibited.

As a part of its continuing commitment to eliminate discrimination and harassment, the university has established procedures for providing prompt and fair resolution of complaints. All complaints, questions, or requests for information should be referred to the Affirmative Action Office (http://www.uwec.edu/affirm), Schofield 217, 715-836-2387, affirm01@uwec.edu.

The University of Wisconsin-Eau Claire makes available to the public, upon request, all consumer information required by Office of Education Rules and Regulations 178.1 through 178.8. Consumer information about the University includes, but is not necessarily limited to, the following: academic programs, educational costs, financial aid, academic progress requirements, student retention rates, career development, and employment data. Inquiries regarding this information may be made to the Student Affairs and Dean of Students Office, Schofield 240.

The University ensures students access to their official University records and maintains the confidentiality of personally identifiable information in accord with federal law. A Notice of Student Rights Under the Family
# Academic Calendar

## Fall Semester 2016

**August**
- 22 Monday: First day of faculty contractual period
- 31 Wednesday: Advising and Registration

**September**
- 1 Thursday: Advising and Registration
- 2 Friday: Advising and Registration
- 5 Monday: Labor Day Holiday-University closed
- 6 Tuesday: Classes Begin

**November**
- 23 Wednesday: Thanksgiving recess begins at 5:00 p.m.
- 24 Thursday: Thanksgiving Day Holiday-University closed
- 25 Friday: No classes-University open
- 28 Monday: Classes resume

**December**
- 14 Wednesday: Last day of classes
- 16 Friday through 22 Thursday: Final examinations week
- 17 Saturday: Commencement
- 26 Monday: Holiday Break-University closed

## Winterim 2017

**January**
- 3 Tuesday: Classes begin
- 16 Monday: Martin Luther King Jr. Holiday-University closed
- 20 Friday: Last day of classes

## Spring Semester 2017

**January**
- 19 Thursday through 20 Friday: Advising and Registration
- 23 Monday: Classes begin

**March**
- 20 Monday through 24 Friday: Spring Break
- 27 Monday: Classes resume

**May**
- 12 Friday: Last day of classes
- 15 Monday through 19 Friday: Final examinations week
- 20 Saturday: Commencement
- 21 Sunday: Last day of faculty contractual period
- 29 Monday: Memorial Day Holiday-University closed

## Three-Week Summer Session 2017

**May**
- 22 Monday: Classes begin
- 29 Monday: Memorial Day Holiday-University closed

**June**
- 9 Friday: Last day of classes

---

## Eight-Week Summer Session 2017

**June**
- 12 Monday: Classes begin

**July**
- 4 Tuesday: Independence Day Holiday-University closed

**August**
- 4 Friday: Last day of classes

Additional calendar (https://www.uwec.edu/Registrar/calendar) information with dates and deadlines can be found on the Registrar’s website.
Students, alumni, and employers may be asked to participate in a wide range of assessment activities designed to provide useful information about the effectiveness of academic and co-curricular programs. From time to time during their courses of study, students may be asked to demonstrate the breadth and depth of their knowledge, skills, beliefs and attitudes in the areas related to the outcomes of their degree programs. All of our assessment efforts combine to improve student learning and program quality and form the basis of our culture of continuous improvement in support of UW-Eau Claire’s commitment to excellence.

The School Year
Each regular academic semester (Fall and Spring) consists of approximately 17 weeks, including days reserved for registration and final examinations.

The Summer Session is offered in two periods. Students may enroll for courses during a three-week period in late May and early June, during which three credits may be taken. Offerings include regular courses adapted to an intensive presentation as well as specially designed courses and study trips. An eight-week period is scheduled in June, July, and August. Although many courses run for the full eight weeks, others are scheduled in shorter blocks of time (two, four, or six weeks) for the convenience of summer students. Offerings include regular courses and special workshops or institutes at undergraduate and graduate levels.

The Winterim Session is offered during a three-week period between the fall and spring semesters. Offerings primarily include regular courses and may include travel seminars and field experiences.

With the exception of certain professional programs, curricula for baccalaureate degrees are designed to be completed by full-time students in eight regular semesters. Many students attend summer sessions in order to graduate earlier or take advantage of special offerings. Others, especially teachers in the area, find in the Summer Session an opportunity to strengthen their professional competencies and to work toward graduate degrees.

The Calendar (http://www.uwec.edu/Registrar/calendar) in this catalog is supplemented by more detailed calendars including official academic deadlines, registration dates, etc., which are available on the Registrar’s webpage.

Admission
All persons who wish to pursue a degree program at the University must file the following documentation with the Admissions Office, Schofield 111: an application for admission and any specific application fee, an official high school transcript, test scores (when applicable), and official transcript(s) of all previous post-secondary work attempted or completed. Priority dates for applications are established each year. Contact the Admissions Office for information at admissions@uwec.edu or 715-836-5415.

Preparation for University Study
A successful University experience depends upon the student’s high school preparation. The course work chosen should include at least the maximum number of subjects selected from English, both composition and literature; mathematics, with algebra, geometry, plus an additional college preparatory course; natural science; history, and other social studies. Students are strongly encouraged to take a mathematics class and two years of a single foreign language in the senior year.

Some high school courses may not satisfy University admission requirements for college preparatory academic course work. For information on applicability
Admission of Freshmen

Freshman admission is competitive and selective. Academic preparation and success are the primary considerations for admission, although non-academic factors are also considered. Each application for admission is given a comprehensive review. Freshman applicants are considered using the following guidelines:

1. Applicants must present evidence of graduation from a recognized high school or equivalent certificate.
   a. A recognized high school is one which either
      i. is operated by public school districts, or
      ii. is a private school accredited by an association that is certified by the U.S. Department of Education to accredit private schools, and those whose names appear in the Federal Register as an approved accreditation association, or
      iii. is a private school not accredited under (2) but may be "recognized" by an institution in the System based on the performance of previously admitted graduates from the high school.
   b. An applicant who has not graduated from a recognized high school must provide evidence of ability to begin college work. Such evidence may include General Education Development (GED) test scores or High School Equivalency Diploma (HSED) test scores, transcripts of course work completed in high school, high school rank-in-class before leaving high school, written recommendations, ACT/SAT test scores, and other evidence deemed appropriate by the University.

2. Applicants should complete a rigorous college preparatory curriculum. Applicants who take courses beyond the minimum will be considered strong candidates for admission. Applicants must complete a minimum of 17 high school units (one unit equals one year of study) distributed as follows:
   - English (at least three composition and literature) 4
   - Mathematics (algebra, geometry, advanced college preparatory math) 3
   - Natural Science 3
   - Social Science (one must be world or American history) 3
   - Additional course work in any of the above areas as well as foreign language, art, music, speech, computer science, or other academic areas 4
   - Total Credits 17

1 In almost all high school curricula, algebra II or higher/advanced algebra is the third college preparatory mathematics course required.
2 Students who begin taking high school course work prior to high school (e.g., mathematics, foreign language) must still present a total of 15 academic credits (English, mathematics, natural science, social science, and foreign language) in grades 9-12.

3. In addition to a rigorous high school curriculum, academic factors include high school class rank, high school GPA, trends in grades, course rigor, and test scores. Secondary non-academic factors may include, but are not necessarily limited to, leadership; community service; achievement in the arts, athletics, or other areas; and diversity in personal background and experience. Official test scores from The American College Testing Program (ACT) or Scholastic Aptitude Test (SAT) must be on file for all new freshmen under the age of 22. ACT is the preferred test. Students will not be disadvantaged in the admission process by taking one test rather than the other.

4. Students may be considered for conditional admission during the spring semester only. Students successfully meeting University requirements at the end of the conditional period will be continued for the following semester as a student in good standing. To be considered for conditional admission, students must have been out of high school for at least two years or a minimum of two years past their expected date of high school graduation.

5. Particular consideration in admission will be given to applicants who have been out of school for two or more years; service veterans, as defined by state and federal policies; and students who have been challenged by a lack of educational opportunities.

6. Requirements for out-of-state students will be the same as those of resident students, except that special requirements may be adopted for international applicants. If the number of qualified out-of-state students exceeds the ability of UW-Eau Claire to accommodate them, the University shall determine the criteria for selection from among qualified applicants.

7. Final admission requires that students maintain their high school academic standing and successfully complete course work in progress as outlined on the application. The final (eighth semester) official transcript provided by the high school provides the required certification that the applicant has fulfilled this obligation. It is the student’s responsibility to ensure that the proper supporting documents have been delivered to the Admissions Office.

Competency-Based Admissions

High school students from schools that use a competency-based evaluation system may be considered for admission. High schools that use an alternative system such as this must complete the UW System Competency-Based Admission Profile. Contact the Admissions Office for additional information on the process and procedure.

Admission of Home-Schooled Students

Home-schooled students seeking admission as freshmen must have excelled academically in high school course work. They must have completed the minimum array of 17 units of rigorous college preparatory course work. Academic preparation and success are the primary considerations for admission, although non-academic factors are also considered. Each application for admission is given a comprehensive review.

Transfer Applicants

Transfer applicants will be considered for admission if their previous academic record qualifies them as students in acceptable standing when equated to the UW-Eau Claire standards in the Academic Standing and Progress policy. Transfer students are encouraged to apply for admission as early as possible prior to the semester in which they plan to enroll. Priority application dates, after which admission of qualified student cannot be guaranteed, may be established each year. Information about specific dates can be found on the UW-Eau Claire transfer admission website.

In addition to a rigorous college-level course curriculum, academic factors considered include cumulative GPA and trend in grades. Students with fewer than two semesters of college-level coursework (24 or more transferable credits) will be considered for admission based on both their college and high school records. Academic preparation and success are the primary considerations for admission, although non-academic factors are also considered. Higher academic expectations or earlier priority dates may be
determined for specific majors to keep enrollments in line with program capacities. Final deadlines to accept applications and supporting documents will be determined by the Admissions Office each semester and published on the UW-Eau Claire transfer admission website. It is the student’s responsibility to ensure that the proper supporting documents have been delivered to the Admissions Office.

Students who have registered at other colleges and universities may not disregard their records at those institutions. Failure to list previous college attendance on the application for admission is sufficient cause for cancellation of the student’s admission, of any credits earned, or both. Transfer students who do not meet institutional admission criteria and are denied admission may appeal in writing to the Associate Director of Admissions.

**Transfer of Credits**

Credits earned at an institution accredited by a regional or national accrediting organization recognized by the Council for Higher Education Accreditation (CHEA) may be considered for transfer and applied toward a degree if they are similar in content and rigor to the curriculum at UW-Eau Claire. The Admissions Office will prepare a transfer credit evaluation for admitted students. Appeal of the evaluation may be made to the Associate Director of Admissions, the Chair of the academic department, the Dean of that College, and if necessary, to the Provost/Vice Chancellor. Students seeking a second baccalaureate degree or additional certifications are not given a transfer credit evaluation for their first degree; they receive specific advising from their academic department.

Associate of Arts and Sciences degrees from the University of Wisconsin System institutions (including the University of Wisconsin Colleges that meet the 1987 Board of Regents approved minimum requirements) satisfy the breadth of the UW-Eau Claire Liberal Education Core. Liberal Arts Associate of Arts and Science degrees from the Wisconsin Technical College System (earned in 2004 or thereafter) and Associate in Arts degrees from the Minnesota Colleges and Universities system (earned in 1994 or thereafter) satisfy much of the breadth of the UW-Eau Claire Liberal Education Core. Contact the Admissions Office for specific information. Competency requirements, levels of proficiency, and specific courses are still required. Because individual baccalaureate degree programs stipulate specific courses, students should be attentive to the requirements of an intended major in planning their course selection prior to transferring. In certain fields, credits that were earned more than ten years prior to admission or readmission may be invalid as degree credits.

Students who transfer from the University of Wisconsin Colleges, the Wisconsin Technical College System, or other accredited two-year institutions may transfer a maximum of 72 credits from those institutions.

Credit may be granted for post-secondary coursework at a foreign institution if the institution is recognized as a degree-granting institution by the country’s Ministry of Education. Professional organizations such as the American Association of Collegiate Registrars and Admissions Officers (AACRAO) and NAFAA: Association of International Educators are utilized for information about best practices regarding evaluation of foreign credits and credentials.

**Transfer of WTCS Applied Associate Degree Credits**

UW-Eau Claire may transfer and apply coursework in general studies from the Wisconsin Technical College System within areas of communications, behavioral sciences, social sciences, mathematics, and natural sciences from programs leading to an applied associate degree. Credits that are occupational and technical in nature may be considered for transfer on a case-by-case basis.

To be considered for transfer, credit must have been earned after September 1989.

**Reentry**

All students who have been away from the University for two consecutive full-term semesters or more must file a reentry application. Students seeking reentry are encouraged to submit an application as early as possible prior to the semester in which they wish to return. Reentry after the term starts is not guaranteed. Students returning after an absence of two or more consecutive full-term semesters must meet the degree requirements of the catalog in effect upon their return, or a subsequent catalog.

**Admission as a Special Student**

Persons who have graduated from a recognized high school, or have the educational equivalent, but who are not interested in seeking a degree, may attend the University as special students. Students interested in taking classes as a special student should apply online at apply.wisconsin.edu (http://apply.wisconsin.edu). Questions can be directed to Records and Registration.

Special students may enroll for a maximum of twelve credits per semester, and must meet the academic standards of the University (see Academic Standing and Progress (p. 42)). Special students are not eligible for financial aid, but may be eligible for veterans benefits.

**Auditing of Classes by Special Students**

An auditor registers to attend a course and participate in class activities without earning credit (see Auditing Courses (p. 40)). Basic required textbooks for use in undergraduate courses are furnished from the Instructional Resource Rental Department of the University Bookstore.

In all University courses, students registering for credit must be given priority over auditors, but a wide variety of alternatives is available to the auditor each semester. There are no formal requirements concerning previous education. Audit enrollment is not permitted in some courses.

Board of Regents policy makes it possible for students to audit courses at reduced costs, as follows: Wisconsin residents under age 60 may audit classes by paying only 30 percent of the normal per credit academic fee, and nonresidents may audit by paying 50 percent of the nonresident academic fee. Residents of Wisconsin who are 60 years of age or older or who meet certain disability requirements may audit courses on a space available basis at no charge for tuition. In all cases any special course fees or materials are additional. Individuals may audit a maximum of twelve credits each semester. Students may take a combination of audit and credit coursework during the same semester as long as combination does not exceed the twelve credit maximum. Individuals meeting disability requirements should contact Services for Students with Disabilities for accommodations. (see Auditing Courses (p. 39))

**Admission as a Youth Options/ Course Options/High School Special Student**

If students are looking to enroll in college courses while still in high school, three options are available:

- **Youth Option Program**: available for a junior or senior in a public school district. Prior to being admitted as a Youth Options student, approval for the desired courses and cost must be approved by the student’s school district. School districts cover the full cost of this option.
- **Course Option Program**: available for students in a public school district. Up to two approved courses (can be from different educational institutions) can be taken any time. School districts cover 50% of the cost, while the student/family is responsible for the remaining 50% of the cost.

- **High School Special Program**: available for juniors or seniors. The student/family is responsible for the cost of the courses.

**Admissions criteria:**
Typically must be a high school junior or senior in the top 25% of the class or in the top 50% of their class with an ACT composite of 24 or greater (SAT equivalent). If the student doesn’t meet the above criteria, he/she will need to apply as an Exception Enrollment Student. Usually a high school student who can provide substantial and convincing letters of recommendation and/or data demonstrating high ability in a specific area of University study. (Send the documentation with your PI-8700/PI-8900 form.) For more information, contact the UW-Eau Claire Admission Office.

Once admitted, Youth Options/Course Options/High School Special students will be contacted by the Office of Advising to set up a meeting with an adviser. Placement tests may be required before meeting with an adviser. Youth Options/Course Options/High School Special students are limited to twelve credits per semester and must meet the academic standards of the University (see Academic Standing and Progress (p. 42)), Youth Option/Course Options/High School Special students register during special student registration on a space available basis.

**Admission of Veterans**
A veteran who is not a high school graduate may be admitted on the basis of results required by the Admissions Office.

Veterans and certain eligible dependents may be entitled to educational benefits under various programs administered by the Veterans Administration (see Veteran Services Office). Veterans and eligible dependents may obtain these benefits while pursuing a course of study at UW-Eau Claire. Students enrolled under these programs must carry 12 hours of credit during each semester of the academic year to be eligible for full-time Federal VA allotments. Summer Session allotments are determined by class contact hours and total credits. Part-time and full-time study grants are available to eligible Wisconsin veterans.

Credit may be awarded for educational preparation acquired while in service:

1. **Special Training Program**: Veterans will be asked to submit official transcripts of their records (This is typically done by submitting an official copy of the “Joint Service Transcript”). In granting credit, the University considers recommendation of the American Council on Education. No credit will be granted if such credit would constitute repetition of credit already earned.

2. **High school graduation equivalency** will be granted to veterans who meet General Education Development (GED) Test standards as outlined by the American Council on Education, provided such tests have been completed by the date of formal registration.

**Admission for Residents of U.S. Territories**
American students from Territories of the United States are admitted on the same basis as other American students.

**Admission of Nonresident Aliens**
Nonresident aliens in the United States make application for admission in the same way as a U.S. citizen. Applicants must take a standardized examination prior to admission. Nonresident aliens admitted to the University must complete the University Writing Requirement or International Studies course work determined to be appropriate. Students are required to provide copies of both sides of their resident alien card.

**Admission for International Students**
UW-Eau Claire welcomes applications from students from other countries. International students must complete an application for admission, provide evidence of English proficiency, confirm financial sponsorship, and submit academic records and examination results. Further information about the application process and required documents is available on the UW-Eau Claire international admissions website.

Application deadlines are June 1 for the fall semester and November 1 for the spring semester. After those dates, applications are considered on a case-by-case basis.

United States immigration regulations have very strict limits on employment for international students. International students must seek permission for any and all employment while in the United States. The Center for International Education can advise international students regarding employment. All international students are expected to live in University residence halls during their first year. Appeals to the housing requirement may be made to the Lead of the Center for International Education.

All international students are required to enroll in the Student Health Insurance Plan.

**Paying for College Tuition and Fees**

**Fees**
The fees and procedures described in this section are estimates. Prospective students should refer to the Class Schedule, which will contain links to up-to-date information about fees. Fee information can be found on the Business Office home page at: www.uwec.edu/busoff (http://www.uwec.edu/busoff).

The payment of fees entitles a student to a student identification (ID) card. This card entitles the student to attend most University activities and to make use of University facilities (see Your Right to Know handbook (http://www.uwec.edu/DOS/policies/yrtk) and Blugold Card Services (p. 32) section). Undergraduate students receive most of their required textbooks on a rental basis (see Textbook Rentals (p. 33)).

**Tuition and Residency**
A Wisconsin Statute requires the payment of nonresident tuition by students who are residents of states other than Wisconsin or who have not been bona fide residents of Wisconsin for one year (12 months) immediately preceding the beginning of the semester for which they are registering.

For undergraduate and graduate students, determination of resident status for tuition purposes is made by the Office of Admissions at the time of admission.

If the original residence status for tuition purposes is designated as nonresident, this status remains in effect unless the student requests and is granted reclassification. Such requests should be addressed to the Office of Admissions prior to the beginning of the semester in which reclassification is to take effect.

**Minnesota-Wisconsin Tuition Reciprocity**
The current reciprocity agreement between Minnesota and Wisconsin enables Minnesota residents to attend Wisconsin public institutions of higher education at rates approximating tuition prevailing in the Minnesota State
Refund of Fees
Refunds may be made as the result of withdrawal from the University or a reduction in the number of enrolled credits. Students wishing to withdraw from all their classes within the first two weeks of the term should complete the Withdraw from Classes eform. Students withdrawing from all classes after the first two weeks of the term are required to meet with a Dean of Students staff member prior to withdrawing from classes. In determining the academic withdrawal date, the University will use the date that the student notified the University of his or her intent to withdraw. The dates and corresponding amounts of refund can be found on the Refund Schedule / Financial Aid Repayment Notice (http://www.uwec.edu/Busoff/studentfinancials/refundover.htm) website. A credit balance of less than $3.00 will not be refunded unless requested.

Refund of Room and Board Payments
Students who are granted permission to cancel their residence hall contract without withdrawing from the University will be refunded room and board charges on a prorated basis. The room deposit will be forfeited.

The above policies apply to all persons who reside in University housing.

Financial Aid
The University of Wisconsin-Eau Claire offers financial assistance through scholarships, grants, loans, and student work experience. The majority of this assistance is awarded based on financial need. There are, however, resources available through scholarships, unsubsidized loans, and student employment for students who do not qualify for need-based aid.

Financial need is based on the student’s educational expenses and the contribution that is calculated using the financial information provided on the Free Application for Federal Student Aid (FAFSA). For detailed information on financial aid, visit the UW-Eau Claire Financial Aid (http://www.uwec.edu/finaid) website.

How to Apply
Students must complete the Free Application for Federal Student Aid (FAFSA) (https://fafsa.ed.gov) each year in order to apply for all need-based programs as well as for the Direct Unsubsidized Ford Loan, the Parent Loan for Undergraduate Students, and the Graduate PLUS Loan. CampS (https://my.uwec.edu) is a resource for specific information about current financial aid status and financial aid disbursed on students’ accounts.
Delegations
To assure first consideration for funding, the FAFSA should be submitted by April 15. (Freshmen should apply by March 15 to receive financial aid information by May 1.) Late applications will be considered for aid based on funds available. Students who apply late or who do not turn in the required additional paperwork need to be prepared to pay their institutional charges by the due date if their financial aid is not available.

A separate financial aid application is required for Summer Session and is available through CampS (https://my.uwec.edu). A current FAFSA must be on file to apply for summer aid.

Enrollment Status
Students must be enrolled at least half-time to qualify for most types of aid, although undergraduate students who have very high need may qualify for a small Pell Grant at less than half-time status. Enrollment status for financial aid purposes is determined by the student’s total credits at the end of the tenth day of classes. Financial aid is adjusted at that point, if necessary. Six credits is considered half-time for undergraduate students for the academic year and summer. For graduates, four credits is half-time during the academic year and three credits is half-time during summer.

Students participating in a full-time equivalent internship may be considered for aid as a full-time student even though actual enrolled credits are less than full-time. Costs of attendance for financial aid will be calculated on actual tuition costs.

Students admitted as Special Students are not eligible for financial aid.

Standards of Satisfactory Academic Progress for Financial Aid
Federal regulations require students to maintain satisfactory academic progress toward a degree in order to receive financial aid. The University of Wisconsin-Eau Claire is required to develop and apply a consistent and reasonable standard of satisfactory progress for all students receiving federal financial aid. These standards are applied to all periods of attendance, regardless of whether a student has received financial aid in the past. A complete copy of the University of Wisconsin-Eau Claire’s Financial Aid Satisfactory Academic Progress policy is available at the Financial Aid website under “Policies.” There are three standards or components of satisfactory progress:

- minimum GPA,
- minimum credits completed (P Pace), and
- maximum time frame.

Standard for Grade Point Average
Students need to maintain a cumulative GPA of 2.00.

Standard for Minimum Credits Completed (Pace)
Students must successfully complete 67 percent of their enrolled credits. A grade of F, W, XF, U, or IN is not considered successfully completing the class.

Standard for Maximum Time Frame
Students must complete a degree within 150% of the published length of the degree program. Undergraduate students may receive financial aid for a maximum of 180 attempted credits when enrolled in degree programs which have a published minimum requirement for graduation of 120 credits. A degree program that requires more than 120 credits is an exception, and financial aid may be further extended. An additional 90 credits of financial aid eligibility is allowed for undergraduate students seeking a second degree. Graduate students are allowed 54 credits.

Monitoring Procedures and Reestablishment Options
These standards are monitored once per year at the end of spring semester using Registrar’s information. Future financial aid will be denied for students who fail to meet the standards of academic progress.

Students may reestablish their financial aid eligibility by earning an academic standing which meets the above criteria. Students may also file an appeal. Students with extenuating circumstances that prevented them from making satisfactory progress are encouraged to describe and document those circumstances in writing. Their appeal will be reviewed by the Financial Aid Appeals Committee to determine whether financial aid eligibility should be reinstated. Students will be notified of the appeal decision in writing.

Return of Financial Aid Funds When a Student Withdraws
When a student withdraws from the University during the semester, federal regulations require that the University determine whether a portion of the student’s federal financial aid (other than work-study) must be returned. The amount of aid the student may keep when withdrawing is in direct proportion to the length of time the student remained enrolled during the semester. If the student was enrolled for 20 percent of the semester before withdrawing, 80 percent of the federal financial aid must be returned to the aid programs. If the student stays through 50 percent of the semester, 50 percent of the aid must be returned. Once the student completes at least 60 percent of the semester, the student may keep 100 percent of the aid received.

Consequently, if a student withdraws before completing at least 60 percent of the semester, the student may owe a repayment. The student will be billed for any balance owed to the University as a result of the University returning the financial aid funds, and the University will notify the student of the dollar amount owed.

Any financial aid that must be returned to the federal aid programs will be used first to reimburse loans received for the semester and then grant funds.

The specific repayment priority is:

1. Unsubsidized Ford Loan
2. Subsidized Ford Loan
3. Perkins Loan
4. Parent’s Loan for Undergraduate Students
5. Pell Grant
6. Supplemental Educational Opportunity Grant
7. Other federal aid programs

For information about the refund calculations, contact Blugold Central.

For state funds, institutional funds, and outside resources:

Financial aid received from state, institutional, and outside resources is not part of the federal return of funds repayment calculation. If remaining funds are available from the institutional refund after the federal return of funds requirements are satisfied, the remaining refund will be distributed in the following priority order:

1. State aid programs
2. Institutional programs
3. Outside financial aid resources, if appropriate
4. Student

Credit Drop (but not withdrawal from the University)
If a student drops credits before financial aid has been disbursed, the aid must be adjusted, if necessary, to correctly reflect the current enrollment status before aid can be disbursed. Final aid eligibility is based on enrollment status on the 10th day of classes. If a student changes enrolled credits after aid is disbursed, resulting in a change in the student’s eligibility, aid will be adjusted. This could result in a student having to repay some of the aid received for the term.

Funds for Purchasing a Computer
Students may be eligible for additional loan funds to cover the purchase or rental of a computer. Contact Blugold Central for details regarding this policy.

Additional Sources of Financial Assistance
Graduate Students: Graduate students are eligible for scholarships, assistantships, loans, and employment programs. Contact the Office of Admissions (attention: Graduate Admissions), UW-Eau Claire, Eau Claire, WI 54701, or call 715-836-4733 for application procedures for graduate student financial aid.

Veterans Administration Grants, G.I. Bill Benefits, National Guard Tuition Grants, Wisconsin Veterans Grant, Veterans’ Work Study: A Veterans Counselor is available in Blugold Central for students seeking information or assistance with these programs.

Vocational Rehabilitation: Various financial programs are available to students who qualify. Further information is available from area Vocational Rehabilitation offices.

Scholarships
A combination of federal, state, university, and private scholarships are available to UW-Eau Claire students on the basis of academic excellence or special talent. Some scholarship programs also specify financial need as a requirement of eligibility. Award amounts and student eligibility requirements vary depending on the individual scholarship criteria.

UW-Eau Claire Foundation, Inc. Scholarships and Other Named Scholarships and Awards
UW-Eau Claire Foundation awards more than $1.8 million in scholarships each year to UW-Eau Claire students. Detailed information on scholarships is available at: www.uwec.edu/finaid/scholarships/FDNscholarships.htm (http://www.uwec.edu/finaid/scholarships/FDNscholarships.htm).

Tuition Remission
Wisconsin Statutes provide for awarding a limited number of tuition remissions to students who are not residents of Wisconsin. These awards range in value and can be up to the difference between resident and nonresident tuition.

Remissions for Nonresident Students
Students who are not residents of Wisconsin are considered for tuition remission by submitting the FAFSA.

Remissions for International Students
Undergraduate international applicants are considered for an annual award ranging from $1,000 to full non-resident remission. Awards are based on academic merit and financial need. Students apply after they are accepted. Continuing students must reapply annually.

Private Scholarships
Many private scholarships are sponsored by civic organizations, clubs, industries, and businesses. Students should contact their local high school counselors or principals for information about private scholarship programs available in the local community. The Financial Aid Office website features links to free scholarship search services, under “Scholarships.” Visit this site at: www.uwec.edu/finaid/aid (http://www.uwec.edu/finaid/aid). A collection of private scholarship information is also available in the Financial Aid Office.

UW-Eau Claire Foundation Scholarships and Awards
Each year, the UW-Eau Claire Foundation provides over $1.8 million in scholarships, grants, and awards to UW-Eau Claire students. Over nine hundred different awards are available, all provided through the generosity of alumni and friends of the university.

Information about the various scholarships, including amounts, award criteria, and application and awarding deadlines is available on the Financial Aid Office website, under “Scholarships.” Each scholarship has different eligibility requirements, so check the information on each scholarship in which you are interested. Awards are listed by awarding department, eligibility category (major, program, plan, etc.), or you can search for a specific scholarship by name. Follow the application instructions for each award. For more information about a specific scholarship or the application procedure, contact the department responsible for the award as listed in the criteria on the website. For other scholarship related questions, contact the Financial Aid Office (http://www.uwec.edu/finaid) or Foundation Inc. (http://www.uwec.edu/Foundation/what/scholarships)

National Merit Scholarship
UW-Eau Claire is one of the few Wisconsin public universities to participate in the prestigious National Merit Scholarship Program. Finalists who specify UW-Eau Claire as their first choice Institution by the National Merit Corporation deadline will be eligible for this scholarship. Admissions applications of finalists will be reviewed for the selection process. There is no separate application to apply.

Grants
A grant is gift assistance and does not have to be repaid. Various grants are awarded to students who establish a high financial need as determined by federal and state guidelines. For more information, see the Grants (http://www.uwec.edu/finaid/aid/grants.htm) section under Types of Aid on the Financial Aid website.

Loans
Loans must be repaid and may be “subsidized” or “unsubsidized.” Subsidized loans do not accrue interest until after the student is no longer enrolled. Unsubsidized loans accrue interest at the time the loan is disbursed. For more
information, see the Loans (http://www.uwec.edu/finaid/aid/loans.htm) section under Types of Aid on the Financial Aid website.

Ombudsman
The Department of Education has established an ombudsman to work with student borrowers to informally resolve any loan disputes or problems. If you have concerns about the terms of your loan that cannot be resolved by talking to your lender, you are encouraged to contact the Ombudsman Customer Service Line at (877) 557-2575.

Employment Opportunities
Employment opportunities are available through the University and in the local community. Available positions are posted on the Hire-a-Blugold job board. For more details about student employment opportunities, see the Student Employment (http://www.uwec.edu/finaid/employment) section of the Financial Aid website.

Student Resources
Students can leverage a wide scope of resources on campus to reach their full potential. The campus provides a variety of services and resources to guide students through their academic careers.

Library and Technology Resources
Classroom instruction at the University is supplemented by services provided to the entire academic community and by the specialized resources of individual departments, including a number of facilities and collections which are made available to the public.

William D. McIntyre Library
The William D. McIntyre Library, occupying a six-level structure in the center of the campus, is open 112 hours each week during fall and spring semesters. Its study facilities are designed to create an inviting atmosphere with lounge seating, individual carrels, student group study and faculty research study rooms. The library online system provides access to its collections of more than 435,000 bound volumes, 164,000 government publications, and over 300,000 units of microform materials. The online system also provides access to the collections of every library in the University of Wisconsin System. The library subscriptions and databases provide access to more than 230,000 full-text electronic journals. The library also lends laptops, still and video cameras, recorders and iPads. Special facilities and collections include the following:

- Public access computers in the first floor learning commons and other locations throughout the library provide access to more than 230 electronic databases (also available from off-campus), the library’s catalog, and virtually all university-supported software. Librarians, staff, and students provide research assistance to students, visitors, and faculty at the Information desk located on the first floor.

- The Government Publications Department houses the U.S. and Wisconsin Document Collections. McIntyre Library serves the Eau Claire area as a regional depository for all official state publications and as a selective depository for federal information.

- The Instructional Media Center houses collections of materials that support the University’s education and other programs. In addition to print collections of elementary and secondary curriculum materials.

All circulating library materials are checked out at the main Circulation Desk which also houses the library’s collection of print reserve materials that professors assign for their students to read. Most reserve materials are now available electronically.

The Special Collections Department unites five collections. The Area Research Center (ARC) is a regional depository of the Wisconsin Historical Society, containing historical manuscripts, public records, maps, and photos relating to Eau Claire and five surrounding counties. The ARC can borrow other archival materials from the Wisconsin Historical Society, State Archives, or the rest of the ARC Network. The Rare Book Collection contains 2,800 volumes which are rare, old, limited editions, autographed, or which contain exceptionally fine illustrations or print. Our collection of Robert Frost first editions and manuscripts is one of the finest in the Midwest. The University Archives documents the official and unofficial life of the University since 1916. The Local History Collection includes published materials, historic maps, and historic photographs of interest to historical researchers and genealogists. The Thesis Collection contains an archival copy of every UW-Eau Claire thesis.

The library is a member of the Council of the University of Wisconsin Libraries, the network developed to facilitate resource sharing among University of Wisconsin libraries, and OCLC, Inc., the world’s largest library network providing location information on over 100 million books worldwide and interlibrary loan services so students can access the resources they need for their research. Copy machines or scanners for both microforms and print copy are located at appropriate service points. Other services and resources of the library are described on the Library’s (http://www.uwec.edu/library) webpage.

Learning and Technology Services
Through collaboration with others, we continue to develop innovative solutions to enhance information technology, learning, and teaching. Whether we lend our support to technology, infrastructure, or people, we are committed to the goal of excellence in education at UW-Eau Claire. For more information, visit the LTS (http://www.uwec.edu/lts) website.

LTS Help Desk
In addition to providing effective and responsive resolution of information technology questions through telephone, email, and walk-in consultation, the LTS Help Desk is the front line of support regarding learning and technology services. Call the LTS Help Desk at 715-836-5711 (or any LTS staff member) for assistance with these services.

Primary service areas include the following:

Communications
- Maintain access to the voice and data communications network, including wireless
- Provide for the security and integrity of data
- Administer email
- Maintain information systems
- Administer voice communications, including Voice over Internet Protocol (VoIP)
- Design, maintain, and support University websites

Learning Spaces
- Repair and provide operational support for equipment
- Design, maintain and modernize classroom technology
• Manage and provide support for general access and curricular computing labs

Distance Learning
• Design and support distance learning technologies for the delivery of synchronous and asynchronous instruction
• Administer and support course management systems (Desire2Learn)
• Provide streaming media capability

Housing and Residence Life
• Support for the computing and networking infrastructure within residence halls

Media and Production
• Record audio and produce soundtracks
• Record and edit video
• Support the campus academic cable system
• Provide instructional and campus photographic needs
• Provide graphic arts support for academic endeavors
• Produce instructional materials

Technical Assistance and Training
• One-on-one technology training
• Group technology training by request
• Curriculum support
• Scheduled technology workshops
• Assist with poster development and printing

Computing Services
(Old Library 1106)

UW-Eau Claire continues to transition to the use of technologies which can put more control into users' hands, speed up processes for students, and increase the efficient use of resources.

MyBlugold CampS allows students web-based access to registration, schedules, course information, and other common links. Students can access grades, request degree audits, and change personal information such as their address and password. MyBlugold CampS also provides links to academic, career, computing, and other resources for students.

All students are automatically assigned an email account, username, ID#, and PIN (Personal Identification Number) upon enrolling in any credit course. If a student enrolls in consecutive terms, the email account will remain continuously in effect.

UW-Eau Claire uses email as a primary means of communication. It is a student's responsibility to activate the University email account since the University distributes grades, bills, and some financial aid information via email. Many instructors and advisers use email to contact students about class assignments and/or require students to correspond or participate via email in some way.

Some courses have web-based components which allow students to not only receive course information on the Web and/or use it for research, but also to communicate with the instructor or other class members, and to collaborate on group projects online. To feel comfortable using the system, an introduction is offered and the LTS Help Desk will provide support.

General Access and Residence Hall labs provide students with access to these campus computing resources as well as standard (e.g., Microsoft) and curricular-specific software. Students may also check out a laptop computer at no charge at the circulation desk in the Library. Students are provided with 200 MB of personal file storage space (the H drive). DeptDir (the W drive) is a network space that professors and students can use to exchange files.

Blugold Insider, MyBlugold CampS, Webmail, and Desire2Learn are available on the university homepage (http://www.uwec.edu).

Academic Opportunities
Blugold Fellowship Program
The Blugold Fellowship program recruits high school students to come to UW-Eau Claire and perform research with a faculty member during their first and second years. The fellowship is awarded to incoming freshmen based on research interest and merit and includes a scholarship and work-stipend. The program places students with faculty mentors and allows them to perform research in order to expose them to scholarship early in their university careers. The program highlights the opportunities available at UW-Eau Claire, including those provided through the UW System Center of Excellence for Faculty and Undergraduate Student Research Collaboration. Visit the website at: www.uwec.edu/blugoldfellows.

Student Success Program
Student Success is a one year academic support program that provides small classes and a structural introduction to the university. Participants are admitted to the University of Wisconsin-Eau Claire through the Student Success Program because they demonstrate the potential to succeed and may need additional support as they transition to college. The program is a collaborative effort among individuals, departments, and units across campus. Visit website at: www.uwec.edu/asc (http://www.uwec.edu/asc).

Developmental Education Program
The Developmental Education Program, coordinated by the Academic Skills Center, provides courses designed to strengthen students’ college level learning strategies and critical thinking skills. It also serves to familiarize students with a wide range of academic support services and increase academic self-confidence. These courses are designed to meet the needs of students who are entering college with concerns about their academic learning strategies and are available on a preassigned basis. Further information may be obtained from the Coordinator for Developmental Education. Visit the website at: http://www.uwec.edu/asc/ourservices/gencourses.htm.

Educational and Community Services
Academic Intervention Clinic
The Academic Intervention Clinic, a program sponsored by the Human Development Center, provides school-aged children and adolescents with educational support in the areas of math, reading, and written language. Undergraduate student clinicians conduct state-of-the-art academic evaluations, develop and implement a comprehensive intervention program, provide on-going progress monitoring, and consult with parents and teachers. The program is housed within the HDC with student clinicians also providing services in local elementary schools. The Academic Intervention Clinic also supports a Summer Reading Program. Faculty-student collaborative research experiences that focus on applied practice are available to undergraduate students.

Center for Communication Disorders
The Center for Communication Disorders provides diagnostic and intervention services to clients ranging in age from infants to the elderly. Graduate and
undergraduate student clinicians, under faculty supervision, work in the clinic with clients who have communication disorders of all types including problems with voice, stuttering, speech sound production, hearing, and language. The Center is located on the first floor of the Human Sciences and Services building and provides services at low cost to clients. Fees may be adjusted upon the recommendation of a faculty supervisor. Visit the website: www.uwec.edu/CSD/center/index.htm (http://www.uwec.edu/CSD/center) or call 715-836-4185 for additional information or to make appointments.

Human Development Center

The Human Development Center (HDC) is an interprofessional program that works with individuals and families from western Wisconsin. Under the direct supervision of faculty supervisors, student clinicians from Communication Sciences and Disorders, Reading Education, Nursing, Psychology, Special Education, and Social Work provide assessment, intervention, and consultation services to children, adolescents, young adults, and families referred from the community. Undergraduate and graduate students from these disciplines work collaboratively on interprofessional teams to provide high quality services to clients. The HDC also sponsors research programs involving academic assessment and intervention, behavioral health, and child and school psychology. The HDC is located on the first floor of the Human Sciences and Services building. Visit the website: www.uwec.edu/HDC/ or call 715-836-5604 for more information.

Psychological Services Center

The Psychological Services Center, a clinic staffed by faculty members from the department of Psychology, is located within the Human Development Center. The center provides psychological and family assessment and intervention, parent training, and academic and behavioral consultation services to clients referred from the community. Allied disciplines also participate in the center, providing a variety of consulting services, including health, education, and assessment.

Intercultural Immersion Experiences

Immersion programs are guided, critically-reflective domestic intercultural and international experiences that aim to deepen students’ intercultural competence through global engagement, study and experience. Short-term programs (about 20-25 each academic year) are offered to various locations within the United States and internationally, led by UW-Eau Claire faculty/staff with curriculum relating to the UW-Eau Claire Liberal Education Learning Goals. As part of the University’s commitment to providing global learning experiences for all students, Blugold Commitment Differential Tuition supports three high-impact intercultural immersion programs by providing funding to decrease student costs and thus increase access to high-importance learning experiences for all students.

1. The Faculty-Led International Immersion Experiences (FLIE) Program offers short-term (2-6 weeks over Summer or Winterim term) study abroad programs led by UW-Eau Claire faculty/staff. Each program includes pre-experience preparation and orientation, cognitively rigorous in-country experiential learning activities that allow students to immerse themselves in the host culture, and post-experience guidance to bring learning and capacity back to campus.

2. The Domestic Intercultural Immersion (DII) Program prepares students to take part in an increasingly diverse and interconnected world by offering short-term programs (1-2 weeks over Winterim, Spring Break, and Summer term) within the United States. By engaging firsthand with various cultures, populations, and environments within the U.S., participants develop new perspectives of the world and expand their interpersonal and intercultural skills.

3. The International Fellows Program (IFP) or Research, Service, and Creative Activity supports international student-faculty collaborative research/creative activity and research service-learning projects. This program enhances student research skills and international experience, as well as develops faculty expertise in global research topics.

For detailed information about each program, visit the website at www.uwec.edu/undergrad/immersionexperiences.htm.

International Education (Center for)

International Education (Center for)

The Center for International Education (CIE) strives to make study abroad that is affordable and connected to the curriculum available to every UW-Eau Claire student. With study abroad programs on every populated continent, nearly 22 percent of UW-Eau Claire students choose to take part in the life-changing experience of living and learning in another country. To ensure that courses taken abroad will be appropriate to their academic programs at UW-Eau Claire, students should begin to plan for international study as early as possible, in consultation with their academic adviser(s) and the CIE study abroad coordinators. Important notes about study abroad:

- To participate in international programs, students must be in good standing- academic, financial, and conduct- and meet program eligibility requirements.
- Credits and grades earned in UW-Eau Claire programs abroad are resident credits and are applied directly to the student’s record.
- Regular financial aid may be used on UW-Eau Claire programs. Grants and scholarships are also available to support study abroad.
- Available programs are more fully described in International Studies course descriptions (College of Arts and Sciences).

International Students and Scholar Services

The Center for International Education welcomes students and scholars from throughout the world. Hosting students from nearly 50 nations, the University is a global community in western Wisconsin. International student and scholar staff coordinates the following core services:

- Student and scholar immigration advising, compliance, and documentation.
- Student welcome, orientation services, and cross-cultural programming.
- Intensive English Program.
- CHEPD (China 121) dual degree coordination.
- Sponsored student coordination

Further information and assistance is available from the Center for International Education and the website at www.uwec.edu/cie/. (http://www.uwec.edu/cie)

National Student Exchange

The National Student Exchange (NSE), a consortium of more than 175 state supported colleges and universities, allows students to attend school in another area of the United States as well as Canada, Guam, Puerto Rico and the
Virgin Islands for up to one academic year. In bringing together students from different parts of the country, the program encourages participants to broaden their academic, social, and cultural awareness. Through a simplified admission process, students are able to enroll at their host universities and pay tuition at UW-Eau Claire. Grades and completed course work are incorporated into the student’s UW-Eau Claire transcript, and are considered resident credit.

To qualify, a student must

- be currently enrolled as a full-time undergraduate student at UW-Eau Claire in the term prior to exchange;
- have a minimum 2.50 GPA;
- be in good academic, personal, and financial standing at UW-Eau Claire; and
- have 30 credits or more.

For more information about NSE, contact (715) 836-2003 or visit their website at: www.uwec.edu/DOS/programs/nse/index.htm (http://www.uwec.edu/DOS/programs/nse).

Office of Undergraduate Studies

Undergraduate Studies, in conjunction with faculty colleagues and community partners, assist University of Wisconsin-Eau Claire students to reach their unique potential in the areas of intellectual, personal, social, and cultural development. This is achieved by providing oversight and leadership for a number of programs and units that work collaboratively across academic departments and colleges to enhance student learning. These activities play an important role in helping students navigate the campus environment and providing programs and services that enrich students’ personal and educational development.

Ronald E. McNair Postbaccalaureate Achievement Program

The TRIO Ronald McNair Postbaccalaureate Achievement Program is a graduate school preparatory program funded by the U.S. Department of Education and sponsored by UW-Eau Claire. Named after American astronaut Dr. Ronald McNair, the McNair program aims at leveling the playing field in graduate education and diversify the American research community by class, socio-economic status, and ethnicity. Nationally there are 158 McNair programs working with over 4,400 students.

The TRIO McNair Program was founded in 1989 and initiated at UW-Eau Claire in 2000. The mission of the McNair Program is to prepare McNair scholars for research based graduate level studies, and ultimately, a doctoral degree. Students selected into the program, referred to as “McNair scholars” are ambitious about entering research-based graduate programs immediately after graduating from UWEC. Annually, up to 26 undergraduates participate in the UW-Eau Claire McNair Program. Two-thirds of the participants meet federal income guidelines and are from a family in which neither parent graduated from a four-year postsecondary educational institution. One-third of the participants may be from groups that are traditionally underrepresented in graduate studies and the professoriate. (The federal government defines “underrepresented” to include: Black (non-Hispanic); Hispanic; and American Indian/Alaskan Native, Native Hawaiians and other Pacific Islanders.)

Along with a dedicated mentor in the scholar’s primary field of research, over a two-year time period, the McNair program prepares them for graduate level studies, with the penultimate goal of completing a research based doctorate degree.

Some of the activities that McNair scholars participate in include learning about the big picture of research, the development of the American research community, and current trends in American research; developing an understanding of the research process, writing and peer-reviewed publication process; developing an understanding of the grant writing process; working one-on-one on preparing CVs; applying for graduate school; traveling to present at the McNair conference and graduate school site visits. The Summer Research Institute, a six-week program, consists of scholars working with their mentors intensively on a research project. Additionally, McNair program staff work with scholars on GRE preparation; developing personal statements; developing video and on-line profile; writing and research workshops; and graduate school site visit.

Visit www.uwec.edu/mcnair (http://www.uwec.edu/mcnair) to learn more about the McNair program and for contact information.

Undergraduate Research

UW-Eau Claire is the Center of Excellence for Faculty and Undergraduate Student Research Collaboration. Many students work with a faculty mentor in their discipline to engage in scholarly projects. Results of these projects are presented on-campus at the Celebration of Excellence in Research and Creative Activity (CERCA) each spring, and many are also shared at professional conferences or through publication. Students involved in these activities develop a host of skills that prepare them for graduate studies and/or professional employment. Through the Blugold Commitment Differential Tuition program, funding is available to support student participation in research and scholarly projects that result in creative works, and to travel to professional conferences to present their results.

The mission of the Office of Research and Sponsored Programs (ORSP) is to maintain a supportive environment for research and scholarly and creative endeavors of the faculty, staff and students. This is accomplished through events that showcase research, such as the annual Celebration of Excellence in Research and Creative Activity, the Faculty/Staff Forum and the Authors Celebration, through funding programs that support research activities, through publications about campus research activities, and through services such as seminars, workshops and individual consultations on grant-seeking and undergraduate research collaboration. For more information, contact the Office of Research and Sponsored Programs (Schofield 17) at 715 836-3405 or visit the website at www.uwec.edu/ORSP/students/index.htm (http://www.uwec.edu/ORSP/students).

Academic Services

Academic Advising

Advising and New Student Initiatives

Advising:

Students will have an academic advisor and a faculty advisor from their major to assist them in developing academic and career goals based on their interests and abilities. If a student is unsure of a major, an academic advisor can assist them in choosing courses that explore various majors while keeping curricular options open. If a major has been declared, their advisors can help them efficiently navigate through the required course sequences and connect them to experiences and opportunities related to their academic interests. A student can also expect advisors to be knowledgeable about university policies and procedures and a wide variety of campus resources available for assistance.

Advisors in the Advising Center also work with transfer students to help them understand policies and procedures related to transferring. The academic advisors review the transfer course evaluations for all transfer students to identify issues students need to address to best use their transfer work to meet UW-Eau Claire’s requirements.
The Advising office also provides orientation and advising for high school students taking college courses at UW-Eau Claire.

Visit the website at: www.uwec.edu/advising (http://www.uwec.edu/advising).

Academic Testing: The testing area administers English, mathematics, and foreign language placement tests for the University, as well as a number of national tests, including the ACT, ACTFL and MAT. Academic Testing also serves as an Educational Testing Service computer-based testing site, offering the GRE, Praxis, and TOEFL exams. It also administers the College Level Examination Program (CLEP), Advanced Placement, International Baccalaureate and DANTES results are also processed by this office. Visit the website at: www.uwec.edu/testing (http://www.uwec.edu/testing).

New Student Orientation:

All new freshmen and transfer students are expected to participate in a New Student Orientation program prior to registering for classes. One day sessions for new freshmen who are starting in the fall semester are held in June, with a final session in late August. New freshmen starting in the spring semester attend a session the week before classes begin in January.

Orientation sessions for transfer students who are starting in the fall begin the end of March and continue throughout the summer. Transfer students starting in the spring semester may attend one of many sessions held the end of October through January.

These programs are designed to facilitate the student's adjustment to the University. Students meet with academic advisors, develop a class schedule, and register for classes. Students and their parents have an opportunity to meet with faculty and staff members, tour the campus, and obtain information on a wide variety of topics related to both academics and student life.

Questions regarding orientation programs should be addressed to the Orientation and New Student Initiatives Coordinator. Visit the website at: www.uwec.edu/orientation. (http://www.uwec.edu/one-stop/advising/orientation)

First Year Experience: The First Year Experience program at UW-Eau Claire helps new freshmen transition to college life. Many new students take a course that is designated as “first year only.” These sections are regular university courses that are open only to new freshmen. Each first year only class has an experienced UW-Eau Claire student mentor who works closely with the instructor to help students adjust to college. New freshmen may also register for special “linked” courses that are designed to help with transition to UWEC or to explore a topic, major or career of interest. In addition, all new freshmen are invited to participate in the Blueprint for a Global Experience, which is a schedule of out-of-class activities and corresponding online modules designed to help students learn valuable information about college life. Visit the website at: http://www.uwec.edu/fye/.

Nontraditional Student Services: Nontraditional-age students comprise an important component of the University's student body. The nontraditional student adviser serves this constituency through a variety of offerings that address the special needs and experiences of adults returning to college. Working adults, students with children or other family responsibilities, veterans, and adults in various life transitions, will find programs, publications, services, and consultations tailored to their circumstances and schedules. Further information may be obtained from the nontraditional student adviser. Visit the website at: www.uwec.edu/nss.

Undergraduate Advising

Advising Philosophy

Academic advising is an important component of a student's undergraduate experience. The university has established a structure intended to bring each student into a collaborative relationship with an academic advisor and a faculty advisor. The partnership with these advisors will empower students to establish connections to the campus and their field of study, graduate in a timely fashion and develop a portfolio of skills and experiences that will help them achieve their academic and professional goals. Advising is most effective when it is viewed as a developmental process in which the students and advisors work together. Students have the ultimate responsibility for monitoring their progress toward graduation and they should work closely with their advisors to develop a corresponding academic and career plan. Advisors should serve as a resource for students, providing accurate information and referring them to appropriate sources of help through the university.

Advising Structure

Within the university are seven advising clusters. Six of the clusters are comprised of 5-10 majors that are similar in nature. A student who has declared their major will be assigned an academic advisor from that cluster and a faculty advisor in their specific major.

Students who have not decided on a major will work with an advisor in the Undeclared Cluster. Students will be encouraged to choose a cluster at the start of their sophomore year, so that they can start working with an advisor that is more connected to a set of specific majors. Once a student declares a major, they will be assigned faculty advisor from that major.

If a student switches to a new major that is in the same advising cluster, their academic advisor will remain the same. A new faculty advisor will be assigned to reflect the student's new major. If a student switches to a new major that is outside of their current cluster, they will be assigned a new academic advisor and a new faculty advisor.

Roles of Academic and Faculty Advisors:

Academic Advisors: An on-campus professional who provides holistic and comprehensive academic and career advising for students in a specific curriculum cluster. They provide students with guidance regarding course selections, graduation requirements, major exploration, academic policies and procedures, UWEC connections and university high-impact opportunities. In working with students, they collaboratively partner with faculty advisors and career counselors.

Faculty Advisors: A faculty member who is assigned to a student in their major who provides ongoing consultation for the student. They counsel students on long-range academic and career plans, monitor progress towards specific major degree requirements, assist in the selection of major courses and connect students to High Impact Practices available in the department/field. In working with students, they collaboratively partner with academic advisors and career counselors.

Advisors are available to provide additional assistance to specific populations: international students are helped through the Center for International Education; multicultural students through the Office of Multicultural Affairs; students with disabilities through the Office of Services for Students with Disabilities; and first generation/low income students through Student Support Services, a TRIO program. The Academic Skills Center provides tutoring and developmental education courses for students, including those in negative academic standing.

Students must see an advisor at the following times:
It is the responsibility of advisors to:

- Increase advising skills through regular training and professional development.
- Refer students to appropriate campus resources.
- Know graduation requirements and other institutional policies outlined in the college catalog.
- Assist students in selecting courses that reflect individual interests and abilities.
- Reinforce the responsibilities of advisees.
- Encourage students in self-direction, in learning and assuming responsibility for their own educational plans.
- Assist students in selecting courses that reflect individual interests and abilities.
- Help students with academic planning – re-evaluate plans regularly.
- Assist students in achieving academic, career and personal goals.
- Know graduation requirements and other institutional policies outlined in the college catalog.
- Refer students to appropriate campus resources.
- Help students learn about academic policies and procedures.
- Increase advising skills through regular training and professional development.

It is the responsibility of all advisees to:

- Meet with your academic advisor at least once per semester.
- Read and respond to all emails and text messages sent from your academic and faculty advisors in a timely manner.
- Be prepared for meetings with your academic and faculty advisor.
- Learn to read and use the degree audit; become familiar with graduation requirements; fulfill all degree requirements.
- Develop plans for taking courses required for graduation.
- Keep track of your own academic records.
- Develop plans for achieving academic, career and personal goals.
- Utilize your faculty advisor with questions about High Impact Practices, opportunities in the major, major courses and the influence on career choices, educational opportunities beyond your undergraduate degree.
- Apply for graduation by the end of the first week of undergraduate priority registration for the semester of intended graduation (https://www.uwec.edu/Registrar/student/Apply-to-Graduate.htm).
- See your advisor and course instructor at the first sign of academic difficulty.
- Understand academic policies and become familiar with important deadlines.
- Utilize the full range of campus resources: i.e. career planning, counseling, tutoring, services for students with disabilities, and other resources available at the university.

It is the responsibility of all advisees to:

- Meet with your academic advisor at least once per semester.
- Read and respond to all emails and text messages sent from your academic and faculty advisors in a timely manner.
- Be prepared for meetings with your academic and faculty advisor.
- Learn to read and use the degree audit; become familiar with graduation requirements; fulfill all degree requirements.
- Develop plans for taking courses required for graduation.
- Keep track of your own academic records.
- Develop plans for achieving academic, career and personal goals.
- Utilize your faculty advisor with questions about High Impact Practices, opportunities in the major, major courses and the influence on career choices, educational opportunities beyond your undergraduate degree.
- Apply for graduation by the end of the first week of undergraduate priority registration for the semester of intended graduation (https://www.uwec.edu/Registrar/student/Apply-to-Graduate.htm).
- See your advisor and course instructor at the first sign of academic difficulty.
- Understand academic policies and become familiar with important deadlines.
- Utilize the full range of campus resources: i.e. career planning, counseling, tutoring, services for students with disabilities, and other resources available at the university.

It is the responsibility of all advisees to:

- Meet with your academic advisor at least once per semester.
- Read and respond to all emails and text messages sent from your academic and faculty advisors in a timely manner.
- Be prepared for meetings with your academic and faculty advisor.
- Learn to read and use the degree audit; become familiar with graduation requirements; fulfill all degree requirements.
- Develop plans for taking courses required for graduation.
- Keep track of your own academic records.
- Develop plans for achieving academic, career and personal goals.

- Apply for graduation by the end of the first week of undergraduate priority registration for the semester of intended graduation (https://www.uwec.edu/Registrar/student/Apply-to-Graduate.htm).
- See your advisor and course instructor at the first sign of academic difficulty.
- Understand academic policies and become familiar with important deadlines.
- Utilize the full range of campus resources: i.e. career planning, counseling, tutoring, services for students with disabilities, and other resources available at the university.

It is the responsibility of advisors to:

- Be accessible to students on a regular, predictable basis.
- Encourage students in self-direction, in learning and assuming responsibility for their own educational plans.
- Reinforce the responsibilities of advisees.
- Assist students in selecting courses that reflect individual interests and abilities.
- Help students with academic planning – re-evaluate plans regularly.
- Assist students in achieving academic, career and personal goals.
- Know graduation requirements and other institutional policies outlined in the college catalog.
- Refer students to appropriate campus resources.
- Help students learn about academic policies and procedures.
- Increase advising skills through regular training and professional development.

Helps students understand the value of their liberal arts based education.

Declaring/Changing a Major

Students who wish to change their major and/or minor must consult with the desired department. The student should first obtain a “what-if” degree audit. Exact procedures for each major and minor can be found at: www.uwec.edu/Registrar/student/chgofmajor.htm. Since most majors require students to meet with an advisor prior to changing a major or minor, students should plan ahead.

Academic Skills Center

The Academic Skills Center is a resource for students needing individual assistance to enhance learning strategies and skills in college reading and study methods, critical thinking, problem solving, and mathematics. An English as a second language program is available for permanent resident and international students. Group tutoring is also available for selected entry-level foreign language courses, as well as several physical and social science courses. Diagnostic evaluation is available in reading, mathematics, study strategies, and English as a second language. Further information may be obtained from the Academic Skills Center staff or the ASC website at: www.uwec.edu/asc (http://www.uwec.edu/asc).

Career Services

Career Services helps students understand the relationship between their educational choices and general career fields. Specific services include: career counseling appointments and group workshops, internship and job search assistance, resume and cover letter reviews, networking coaching, interview preparation. Career Services is the liaison between employers and campus, connecting students, faculty, staff and alumni with employers in the region and across the country. Visit the Career Services website at: www.uwec.edu/career (http://www.uwec.edu/career) for more information.

Hire A Blugold: Hire A Blugold

is a free online jobs and internship search database used by UW-Eau Claire students and alumni. Employers who recruit UW-Eau Claire students use this to assist in meeting their workforce needs by posting part-time, summer, full-time and internship positions. Students can search for opportunities and apply for these positions. They can also participate in on-campus interviews and receive invitations to employer information sessions. Employers are able to view students’ resumes and contact them directly regarding opportunities.

Career Events: Each year Career Services sponsors a variety of career events designed to allow students to explore career and internship options:

- Career Conferences — fall and spring semesters
- Explore Your Possibilities Workshop Series — fall and spring semesters
- Nursing and Health Care Professionals Fair — fall semester
- Mock Interview Days—fall and spring semesters
- Camps and Summer Jobs Fair—spring semester
- Experience U—spring semester

Over 500 employers representing a wide variety of organizations are participants at these career events.

On-Campus Recruitment Program: More than 100 employers visit the campus each year to interview students interested in internship and full-time professional positions, offering 800+ interviews each year. All interviews are coordinated and arranged with the Career Services Office.
Services for Students with Disabilities

Services for Students with Disabilities (SSD) facilitates the provision of academic accommodations for eligible students with documented disabilities. Disability-related accommodations address the need for both program access (i.e., exam accommodations, note taking, interpreters, alternative format course materials, etc.) and physical access. Verification of the need for accommodations is based on current disability documentation provided by the student. Students with disabilities who wish to request accommodations must provide disability documentation to the SSD Office and make their requests known in a timely manner so that arrangements for accommodations can be initiated. Testing rooms are available for individual testing accommodations. Information about required documentation and procedures for arranging services can be obtained by contacting the SSD Office or visiting the SSD website at www.uwec.edu/ssd.

Services for Students with Disabilities Project AIM (Ability in Motion)

Project AIM is a Student Support Services program funded by a TRIO grant from the U.S. Department of Education. Due to federal eligibility requirements, the students served must have a documented disability. Goals of the project are focused on promoting academic and career success of participants. Project AIM provides a variety of supplemental services for eligible participants including student-specific advising, career exploration, financial literacy, free tutoring, mentoring, leadership development and a variety of cultural and educational activities. Some students qualify for additional federal grant aid based on participation in the program. Further information may be obtained from the Services for Students with Disabilities Office staff.

Service-Learning, Center for

All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. UW-Eau Claire’s Service-Learning requirement fosters habits of public engagement and service to society. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. The Center for Service-Learning works with community partners to create meaningful projects for students and helps students and staff to develop projects. Visit the Service-Learning website at: www.uwec.edu/sl (http://www.uwec.edu/sl) for information on available projects, the completion procedure, and a link to the Service-Learning Guidebook. For more information, view the University Graduation Requirements (p. 46).

Student Support Services

Funded by a TRIO grant from the U.S. Department of Education, the Student Support Services program provides a variety of supplemental services for qualified students. Due to federal eligibility requirements, the students served must be from a low-income household, be a first-generation college student, or have a documented disability. The staff assists eligible students in assessing their academic skills and in developing individual goals that promote their academic and career success. The program provides participants with free tutoring, career exploration opportunities, comprehensive academic advising, mentoring services, graduate school preparation, financial aid information, and a variety of educational activities. Some students qualify for additional federal grant aid based on their participation in the program. Further information may be obtained from the Student Support Services staff. Visit the SSS website at: www.uwec.edu/sss.

Upward Bound

Upward Bound is a federal TRIO program awarded to UW-Eau Claire by the U.S. Department of Education. All participants are from high schools in Eau Claire. Most students are recommended by school counselors during the last semester of middle school. Once enrolled in the program, students continue through high school graduation. The program serves 63 promising high school students who face barriers to the completion of high school and the attainment of post-secondary education. During the academic year, students receive tutoring, counseling, and study skills support. The summer six-week residency program, for which students receive high school credit, provides an academic core enhanced with field trips and cultural, social, and athletic activities. Upward Bound develops career exploration and decision-making skills and assists students in selecting appropriate post-secondary educational options. Assistance is given in completing college admission and financial aid applications. Further information may be obtained from the Upward Bound Office or by visiting the Upward Bound website at: www.uwec.edu/upbound (http://www.uwec.edu/upbound).

William J. and Marian A. Klish Health Careers Center

The William J. and Marian A. Klish Health Careers Center is a specialized career center for students who are interested in a career in the health sciences. The resources available through the Health Careers Center help students explore a wide range of health careers and create a personalized, interdisciplinary pathway to graduation and admission to professional schools. UW-Eau Claire offers pre-professional programs in Pre-Medicine, Pre-Veterinary Medicine, Pre-Physician Assistant, Pre-Dentistry, Pre-Physical Therapy, Pre-Occupational Therapy, Pre-Pharmacy, Pre-Optometry, and Pre-Chiropractic. The Health Careers Center offers resources for academic and health career advising, connections to health-related clinical, research and volunteer opportunities, and workshops designed to build effective tools for career development and competitive applications. Further information may be obtained by visiting the Health Careers Center Web site at: https://www.uwec.edu/academics/institute-health-sciences/health-careers-center/

Student Services, Activities and Organizations

Vice Chancellor of Student Affairs and the Dean of Students Office

The Student Affairs and Dean of Students Office professionals, in conjunction with faculty colleagues and community partners, assist University of Wisconsin-Eau Claire students to reach their unique potential in the areas of intellectual, personal, social, and cultural development. This is achieved by providing a variety of student services that include information sharing and advocacy, curricular and co-curricular offerings, professional development and training opportunities, as well as diagnostic and clinical services. These activities occur in the context of a liberal education enhanced by experiential learning and civic engagement.

The Student Affairs and Dean of Students Office staff provides assistance to all students including nontraditionally aged students, ethnic minorities, undergraduate and graduate students.

The Student Affairs and Dean of Students Office staff plays an important role in helping students navigate the campus environment and providing programs and services that enrich students’ personal and educational development. The
staff works with programs and services to create a learning environment that integrates co-curricular and classroom experiences.

Services provided by staff in the Student Affairs and Dean of Students Office include:

1. student advocacy, counseling, advising, and crisis intervention to students experiencing personal, medical/mental health and academic problems.
2. supportive response, accommodations, investigation and adjudication of complaints of sexual assault, stalking, dating/domestic violence, and hate/bias incidents.
3. administration and coordination of the National Student Exchange Program.
4. support and advising for student government and campus organizations and the administration of student conduct procedures.

Students are encouraged to seek assistance related to student life concerns and to use the office as a referral resource. The staff assists students to make positive connections with faculty, staff, other students, and services. The Student Affairs and Dean of Students Office is located in Schofield 240, 715-836-5626, fax 715-836-5911, or visit the website at: www.uwec.edu/dos (http://www.uwec.edu/dos).

Athletics

The University's intercollegiate athletics program challenges students physically, mentally, and emotionally. The various athletic practice and playing fields are really classrooms where leadership, self-discipline, commitment, work ethic, teamwork, fair play, problem solving, time management, motivation, and cooperation are taught. This fits in with the University's commitment to a rigorous, intentional and experiential undergraduate liberal arts education for life and livelihood. A well-conducted program, based on sound educational principles and practices, fulfills the educational mission by ensuring that every student has an opportunity to be involved in competitive athletics as a participant or spectator.

The programs are organized to meet the needs of the highly skilled and competitive student-athlete. The women's program consists of varsity teams in basketball, cross country, golf, gymnastics, ice hockey, soccer, softball, swimming and diving, tennis, track and field, and volleyball. The men's program consists of varsity teams in basketball, cross country, football, golf, ice hockey, swimming and diving, tennis, track and field, and wrestling.

Both men and the women compete on the national level as members of the National Collegiate Athletic Association (NCAA) Division III. On a state level, the men and the women belong to the Wisconsin Intercollegiate Athletic Conference (WIAC). The women's gymnastics program belongs to the National Collegiate Athletic Association (NCAA) Division III. On a state level, the men and the women belong to the Wisconsin Intercollegiate Athletic Conference (WIAC). The women's gymnastics program belongs to the National Collegiate Athletic Association (NCAA) in the sport of gymnastics.

All student-athletes must conform to university academic policies and standards to be eligible. In addition, there are conference and national regulations which affect a student-athlete's eligibility status. Entering freshmen are eligible for varsity competition if enrolled as full-time students. Transfers and students who have not been in continuous enrollment at UW-Eau Claire should contact Athletics for a determination of their eligibility status. All other student-athletes must earn 24 degree credits for each season of competition they complete. Once a student-athlete has completed two terms of attendance, one season of competition, or earned 24 credits, there is a 2.00 resident grade point requirement.

All men's and women's sports are administered by the Director of Athletics. They are supervised by the Vice Chancellor for Student Affairs in consultation with the Athletic Committee.

Awareness of Sexual Assault (Center for)

The Center for Awareness of Sexual Assault (CASA) is a sexual assault support service that maintains a victim-centered approach. We provide a safe place for people to come and talk about any issues that they may have surrounding their sexual assault, or those of someone close to them. Even if you are not sure about a sexual experience and are now feeling uncomfortable with what happened, CASA would be glad to talk with you. We provide a variety of services that are confidential and free: crisis counseling, emergency room support, legal advocacy, assistance with campus reporting, information and referral, and a 24-hour crisis hotline at 715-836-HELP. For additional information, visit www.uwec.edu/CASA. To make an appointment, call 715-836-4357 or email casa@uwec.edu.

Blugold Beginnings

The purpose of the Blugold Beginnings Program is to educate and inspire students, especially underrepresented, low income or first generation students, to believe that a post-secondary education is important, attainable, and available at the University of Wisconsin-Eau Claire and other institutions.

Blugold Beginnings offers a variety of programs and services to promote a college-going culture and to help students obtain a higher education. The program provides the opportunity for college students to serve as mentors for fifth through twelfth grade students within the community. This experience develops new skills and advances college students' knowledge of underrepresented populations and the greater community. Mentor programming takes place in area schools during study hall and after school. Each year, thousands of fifth and eighth grade students tour the campus with Blugold Beginnings mentors, experience college classes, and spend time with faculty learning that college is an option for them. Monthly events and summer camps are also offered to youth and facilitated by college students serving as mentors. Upon high school graduation and admission to the University of Wisconsin-Eau Claire, freshmen students are invited to join the Blugold Beginnings Learning Community which continues to offer support services to assist college students with the transition from high school to college life. For more information, visit www.uwec.edu/Blugoldbeginnings (http://www.uwec.edu/Blugoldbeginnings).

Children's Nature Academy (The Priory)

The UW-Eau Claire Children's Nature Academy (CNA), is a five-star (Youngstar) nationally accredited (NAEYC) nature based early learning program, licensed by the state of Wisconsin. Serving children ages six weeks through school age, programming is offered to students, faculty, staff, and the community on the University’s beautiful 112-acre Priory Campus. The center operates from 7:00 a.m. to 5:30 p.m. Monday through Friday and some evening care upon request. The CNA offers flexible scheduling and special student discounted rates. The CNA also works with the Eau Claire Area School District to offer four-year-old kindergarten (EC4T) and AmeriCorps to offer ECLIPSE, a literacy and social skills program for preschool age (3-5) children. Please contact the Director at 715-836-2178 or children@uwec.edu for more information on enrollment. Online interest forms are also available at www.uwec.edu/children/index.htm (http://www.uwec.edu/children).

Counseling Services

Staff counselors in the Counseling Services Office assist students in overcoming problems which may interfere with their educational, social, and emotional development. This is accomplished through individual, couple, and group counseling; psycho-educational workshops; and outreach services. Among
the issues that students may bring to counseling are personal development, adjustment to college, depression, stress management, relationship/abuse issues, alcohol and drug use, goal setting, time management training, and other personal concerns and psychological problems.

Confidential and free counseling is available to any student of the University. An Employee Assistance Program (EAP) is also available for faculty and staff. Visit the Counseling Services website at: www.uwec.edu/counsel (http://www.uwec.edu/counsel).

Cultural and Social Activities

**Artists Series.** The Artists Series presents quality regional, national, and international artists in the areas of music, dance, and theater to the University community. Through the performing arts, the Artists Series seeks to develop aesthetic awareness, promote interdisciplinary appreciation, and cultivate multicultural experience.

The Forum. Since 1942 The Forum lecture series has presented many of the world’s greatest minds and imaginations. Speakers have ranged from Sinclair Lewis to Maya Angelou, Margaret Mead to Cornel West, William Westmoreland to Noam Chomsky, Buckminster Fuller to Carl Sagan, and Bennett Cerf to Garrison Keillor.

The Lookout. Live music, DJs and dancing, theme nights, trivia, karaoke, and socializing predominate at this late-night, student-operated lounge and event space in Hilltop Center.

**UW-Eau Claire International Film Society.** The International Film Society presents foreign and domestic films on campus for UW-Eau Claire students and faculty/staff, and for community members who purchase film passes. Since 1956 the series has represented various countries, cinematic styles, directorial methods, genres, and points of view in films that help to foster a better understanding of other people and cultures as well as a lifelong appreciation for the art of film.

**Student Organizations and Leadership Center.** This complex in Davies Center provides services and a home base for the more than 250 campus organizations at UW-Eau Claire. Students may learn more about organizations they are interested in joining at the complex. Organization members may use the available work and storage space, supplies and resources.

**Summer Events.** Free entertainment and films for the Eau Claire community is provided throughout the Summer Session.

**University Activities Commission (UAC).** The largest standing commission of the Student Senate, the UAC is the exclusively student-operated campus activities programming board. In selecting and producing high-quality, diverse, and accessible educational and entertainment programs for the university community, UAC members gain valuable leadership experience and develop personal skills such as exercise of responsibility, decision-making, and teamwork.

Six committees make up the commission. The **Cabin Committee** programs musical and performance arts events in an intimate club setting. The **Concert Committee** presents on-the-rise regional bands, nationally and internationally touring artists, and cutting-edge performers. The **Festivals Committee** coordinates Homecoming, Winter Carnival, and Springfest activities. The **Film Committee** alternates with the International Film Society in screening contemporary and classic films throughout the academic year. The **Late-Night Activities Committee** provides social late-night activities for students, using spaces on upper campus and lower campus. The **Special Events Committee** offers lecture-and-discussion programs, performing and visual arts events, tours to regional cultural events, comedy nights, and novelty programming.

**Viennese Ball.** Documented as the largest Viennese ball presented outside of Vienna, the Viennese Ball is a formal event recalling the romance and elegance of 19th-century Vienna. The program promotes positive university, community, and international relations by expanding an awareness of the culture, history, and music of Vienna, Austria. Proceeds from the two-night event have thus far provided more than $1 million in music, service, and international study scholarships for UW-Eau Claire students.

**Department of Art & Design.** Student shows comprise a significant aspect of the annual calendar of exhibitions. A visiting artist is invited to serve as juror in the selection of works for the Annual Juried Student Art Show in the Foster Gallery of the Haas Fine Arts Center. Candidates for the Bachelor of Fine Arts degree present senior shows in their emphasis at the conclusion of each semester. Other exhibitions present the work of outstanding contemporary artists who frequently visit the campus at the time of their shows and meet informally with students. Gallery and museum directors, graphic designers, and art historians also visit the Department of Art & Design to present lectures and participate in seminars and workshops on a wide range of subjects.

Paintings, sculpture, prints, and drawings from the UW-Eau Claire permanent art collection may be viewed in numerous campus locations.

**Forensics.** A complete program of competitive intercollegiate speaking activities is offered. Categories include prose interpretation, poetry interpretation, dramatic interpretation, dramatic duo, impromptu speaking, extemporaneous speaking, persuasion, informative speaking, after dinner speaking, and communication analysis. CJ 100, Introduction to Forensics, allows students to obtain credit for participating in the activity. Students do not have to enroll in the course to participate.

UW-Eau Claire possesses one of the longest traditions of national excellence in forensics in the nation. The University competes against colleges of all sizes, yet is typically among the top programs in the country. The local chapter of Pi Kappa Delta sponsors several tournaments and workshops on campus for high schools and colleges. Any student, regardless of background in forensics, is welcome to take part in this activity. For further information contact the Director of Forensics, Hibbard 174, or visit the website at: www.uwec.edu/4n6 (http://www.uwec.edu/4n6).

**Department of Music and Theatre Arts.** Each year the Department sponsors more than 225 recitals, concerts, and special musical programs by students, faculty, and guest artists. Many student musical ensembles have distinguished national reputations. Ensemble participation is open to all qualified students and includes the following organizations: University Symphony Orchestra, Chamber Orchestra, Wind Ensemble, Symphony Band, University Band, Marching Band, Jazz Ensembles, Concert Choir, Symphonic Choir, Women’s Chorus, Men’s Glee Club (Statesmen), Women’s Concert Chorale, Opera-Musical Theater Workshop, Concert Dance Company, and numerous small ensembles.

University Theatre annually casts five main-stage productions by open audition, including a Theatre for Young Audiences production. In addition to the main-stage plays, there are 20 to 30 student productions ranging from the classics to contemporary theatre.

Department performing spaces include the 600-seat Gantner Concert Hall used for concerts, recitals, opera, dance, and musical theatre; Phillip’s Recital Hall, seating 200 for solo recitals and chamber music; Riverside Theatre, a 200-seat thrust-stage facility used for main-stage theatre and studio productions; and Kjer Theatre, a proscenium facility seating 400 for main-stage plays and dance.

**FM Radio.** WUEC (at 89.7 on the dial) is a student-assisted FM station broadcasting from studios in the Hibbard Humanities Hall. WUEC is affiliated with Wisconsin Public Radio and National Public Radio. Programming includes...
classical, jazz, blues, and folk music; news; information; and public affairs programs. Visit the website at: uwec.org.

**Campus TV.** Students enrolled in Advanced Broadcast TV News (CJ 426) prepare newscasts in the Broadcast TV News Laboratory, Hibbard Humanities Hall 105.

**Residence Hall TV-10.** Students living in the residence halls produce and direct live and taped television programs originating in the studio and control room located in Towers Residence Hall. These programs are sent out on the residence hall cable system and received on channel 10.

### Housing and Residence Life

The University provides accommodations for 3,974 students in on-campus residence halls. Except for those who are married, living with parents or guardians, or veterans of the United States Armed Forces, all freshmen and sophomores are required to live in University-operated residence halls when such accommodations are available.

Information about living on campus is automatically sent to candidates for admission to the University. Room assignments are based on the date all properly completed housing contract items are submitted, including a $75 deposit. The deposit is refundable through May 1 (see Deposits, under Tuition and Fees (p. 18)). It is beneficial to apply as soon as possible after acceptance to the University. Whenever possible, specific room assignments will be made prior to freshman orientation in mid-June.

Each residence hall is staffed by a hall director and resident assistants selected from qualified continuing students. Insofar as demand permits, students are given a choice among the kinds of on-campus accommodations available.

The residents of each hall determine, in accordance with the Wisconsin Administrative Code, certain policies and regulations for the governance of their hall.

All students living in University residence halls are required to participate in the contract meal plan (see Dining Service).

The University has no housing facilities for married students and students with children. Further information concerning all housing and residence life policies and services is provided in the Residence Hall Information booklet, available upon acceptance by the University or upon request to the Housing and Residence Life Office, phone 715-836-3674, or online at www.uwec.edu/housing.

### Multicultural Affairs, Office of

The Office of Multicultural Affairs (OMA) provides leadership in creating a safe, and inclusive campus environment critical to the cultural development, personal growth, and academic success for student of color. OMA staff assists African-American, American Indian, Asian (with special emphasis on Southeast Asian), Hispanic/Latino, and multiracial students in fostering a sense of belonging and utilization of the University resources to impact academic and personal achievement. OMA builds relationships, create relevance to learning, and connect multicultural students to resources that will enhance their academic and social growth at UW-Eau Claire. OMA assists multicultural students in areas such as admission, housing, financial aid, counseling, employment, and provides supplemental academic advising so they are able to thrive and achieve to their full potential. OMA offers cultural programs, student leadership development, and equity, diversity, and inclusiveness (EDI) awareness opportunities for students, faculty and staff through individual contacts, heritage awareness activities, guest speakers, and classroom presentations on diversity issues. All UW-Eau Claire students are encouraged to participate in a variety of opportunities and events sponsored by the Office of Multicultural Affairs. Visit the website at: www.uwec.edu/multicultural (http://www.uwec.edu/multicultural).

### Off-Campus Student Life (Center for)

The Center for Off-Campus Student Life addresses the needs and concerns of students living off-campus, particularly those living in the neighborhoods surrounding campus. Top priority areas for the office include working with community partners to improve the quality and safety of housing near campus; offering programs and services to engage students with their neighborhoods and the broader Eau Claire community; and providing information and resources to students to improve their off campus living experience. The program will provide resources to students to help them identify issues to consider when renting an apartment for the first time. Students already living off campus will find new resources about their rights as tenants, how to continue to connect with University programs, services, and activities as a student living off campus, and will learn more about how to engage positively with their community. For more information, visit www.uwec.edu/offcampus.htm.

### Recreation and Sport Facilities

Recreation and Sport Facilities provides a wide array of opportunities for students to engage in activities that promote learning, leadership development, health, wellness and fun! Offerings include: Intramural Sports, Club Sports, Group Exercise Classes, Open Recreation (free-time use of gyms, pool, indoor track and racquetball courts), Crest Fitness Center and the McPhee Strength & Performance Center, the Environmental Adventure Center (Outdoor Equipment Rental, Adventure Trips, Indoor Archery Range, Eagle’s View Challenge Ropes Course, Indoor Climbing Wall, Campus Biking Program and the Campus 9 Disc Golf Course), Massage Therapy, Special Events, Wellness Classes and the Bowling & Billiards Center.

Recreation and Sport Facilities also oversees the management and scheduling of all upper campus sport facilities including: McPhee/Ade Olson (gyms, pool, indoor track, racquetball courts, dance studio, equipment and laundry operations and classrooms), Simpson Outdoor Track and Field, Bollinger Fields Complex, Towers Field & Sand Volleyball Courts, Hilltop Outdoor Tennis and Basketball Courts and the Bowling & Billiards Center.

Recreation and Sport Facilities is one of the largest employers on campus, offering students enriching work experiences that provide opportunities for leadership development and learning.

For more information about Recreation and a complete list of opportunities, visit the Recreation and Sport Facilities website at: www.uwec.edu/recreation (http://www.uwec.edu/recreation).

### Student Government

The University of Wisconsin-Eau Claire has long been committed to the active participation of students in institutional governance. Significant responsibility is accorded to qualified students who serve with faculty on departmental and College committees and on administrative committees of the University.

The Student Senate is the primary vehicle for the involvement of students in University governance. It has initial responsibility for recommendations on matters pertaining directly to student life, services, and interests, including the allocation of that portion of the educational costs designated as the segregated fee. In elections held each year, the student body elects eligible students from two geographical districts—on and off campus—to serve as senators.
Through the United Hall Council and the Coeducational Residence Hall Judicial Board, students also participate, with the Director of Housing and Residence Life, in the operation and development of residence hall programs and policies.

For further information, students may contact the Student Senate Office or the Student Affairs and Dean of Students Office. Visit the website at: www.uwec.edu/studentsenate (http://www.uwec.edu/studentsenate).

Student Health Service

UW-Eau Claire's Student Health Service fosters a healthy campus community through high quality health care, inclusive and accessible service, and health promotion/advocacy. Student Health Service is the primary health care center for UWEC students.

Clinical services provided include mental health evaluations and follow-up care, evaluation and treatment of illnesses and injuries including those of the respiratory, gastrointestinal, and musculoskeletal systems. Physical examinations, minor surgical procedures, laboratory services, and reproductive health services, including contraceptive exams and supplies, are also offered. Diagnosis and treatment of sexually transmitted diseases is also available. Some services are prepaid by student segregated fees, and some services and supplies are provided for a nominal fee. Additional information about Student Health Service is available on the website or by calling the clinic at 715-836-4311.

The Health Promotion Office works as an educational arm of Student Health Service. Located on lower campus in Schofield 26, this office works on health advocacy projects to make UW-Eau Claire’s campus a healthier living place for learning and living, including developing and implementing strategies and programs to reduce high-risk drinking. This office also offers educational programming for residence halls and classrooms on topics such as nutrition, life/work/school balance, making healthy changes, and other topics.

For more information on our services, hours and locations, visit www.uwec.edu/shs (http://www.uwec.edu/shs)

Student Publications

The Spectator, an award-winning student newspaper is published in print each Thursday of the regular academic year and daily online at www.spectatornews.com (http://www.spectatornews.com). The paper has offices in Hibbard 104. Paid staff positions are available for interested students in editorial, production, and advertising departments. The Spectator is a member of the Associated Collegiate Press. Visit the website at: www.spectatornews.com (http://www.spectatornews.com).

NOTA (None of the Above), the campus creative arts magazine published once per semester, provides an outlet for student writing, photography, artwork, and original music performance; in addition, NOTA publishes "Pocket NOTA," a magazine designated for pieces of longer prose. NOTA sponsors public readings by students, faculty, and professional writers and holds contests for fiction and poetry writers. Interested students may inquire at the NOTA Office in the English Department or via email: nota@uwec.edu.

University Centers

The University Centers comprises three buildings that are the center of campus life: Davies Center, Hilltop Center and Crest Wellness Center. University Centers programs and services operate within these three facilities, which also support the operations of the Student Health Service, the University Police and University Recreation and Sport Facilities. The University Centers also administers Zom Arena and Schofield Auditorium — multipurpose facilities that are heavily used by the university community for meetings, recreation, performances, dining, conferences, workshops and other curricular and co-curricular activities.

The University Centers develops and implements a variety of involvement and leadership experiences, volunteer opportunities, student employment and internships, diversity and cultural growth initiatives, and community outreach. Students are encouraged to actively engage in any number of activities including student organizations, volunteering, advisory committees, leadership development, and participation in a diverse array of programs and events. These varying experiences help students to develop new skills, reflect on their personal identity and place in the world, and become engaged citizens. The University Centers builds and sustains partnerships with faculty/staff and community members, to ultimately enhance the quality of the experiences provided.

As a financially self-supporting part of the Division of Student Affairs, the University Centers provides for basic needs that are vital to student success. Services demonstrate innovation and responsiveness to student needs, due in part to the high level of student involvement in all aspects of the unit. Although many of the services the unit provides are administrative, the University Centers is exclusively funded by student fees and commissions paid to the University of Wisconsin-Eau Claire.

The University Centers provides services that are integral to campus life, including the undergraduate textbook rental program, the meal plan required for nearly all campus residents, and the official university ID card. The unit is responsible for all non-academic reservations on campus and ticketing of campus events. The University Centers administers bookstore services, dining, catering and vending services campus-wide, manages all printing services and provides the central source of campus information through the Service Center.

W.R. Davies Student Center. The new 177,000 sqft Davies Student Center opened its doors in July 2012. The new student center, like its predecessor, is named in memory of William R. Davies (1893–1959), the university’s second president. Its design was inspired by nature surrounding the Eau Claire campus — the Chippewa River, the woods, the stone formations, and the Little Niagara Creek. Davies Student Center occupies a site that was the historic meeting grounds of the Dakota and Ojibwe people, who made peace in the 1850s after a bitter war that spanned 150 years. The treaty line is thought to be at the mouth of the Little Niagara Creek on the Chippewa River. Names of meeting spaces in the original and the present Davies Center honor the Ojibwe and Dakota and other native people of Wisconsin, including the Ho-Chunk, Menominee and Potawatomi tribal members who used the Council Oak tree and its surroundings as a shelter and gathering place. Davies Center was planned as an expression of the role of the Council Oak, a beacon and symbol of community, gathering and a safe space for all. W.R. Davies Student Center is the center for social and cultural interaction on the lower campus. Offering a number of meeting and program spaces, dining facilities and service areas, Davies Center is the administrative core of the University Centers. It is also home to the Student Senate, the primary vehicle for student involvement in university governance.

Past, present and future students of the University of Wisconsin-Eau Claire are paying for their new student center through segregated fees assessed since 2000.

Hilltop Center. Spanning the road that connects the upper and lower campus, Hilltop Center was built in 1968 and is home to Riverview Café, the primary contract dining facility on campus. An extensive renovation of Hilltop Center in 2012 expanded the primary service cafeteria on campus. Riverview Café now comprises the entire second floor of the building, and up to 7,000 meals are served to students each day. The programs and services of University Recreation and Sport Facilities are also based in Hilltop Center. Facilities include
the Environmental Adventure Center (EAC), the Bowling and Billiard Center (BBC) and The Lookout – event space.

**Crest Wellness Center.** Is home to Student Health Service, Crest Fitness Center, University Police and the Eagle’s View Challenge Ropes Course. In 1999 a $1.4 million upgrade remodeled the upper level of Crest Wellness Center for the fitness center, making it possible to relocate its weightlifting exercise equipment from the lower level. In 2013 the Eagles View Challenge Course was expanded offering both high and low rope challenges.

The University Centers facilities, programs and services is available at: www.uwec.edu/centers and social media sites.

**Activities, Involvement and Leadership**

The Activities, Involvement & Leadership (AIL) office is where students will find opportunities to get involved outside the classroom. It is the home to many co-curricular leadership initiatives, recognition programs, campus-wide activities that entertain, challenge and promote the exchange of ideas and the development of life-long leadership skills. These co-curricular opportunities are available to complement UW-Eau Claire’s strong academic tradition in order to give students a well-rounded college experience. The AIL staff encourages and supports the development and implementation of a variety of involvement and leadership experiences, volunteer opportunities, student employment and internships, diversity and cultural growth initiatives, and community outreach.

The office oversees 275 student organizations and the annual Blu’s Organization Bash, administers campus-wide programming including the Artists Series, The Forum lecture series, Summer Events and the UW-Eau Claire International Film Society, all which are funded through student segregated fees allocated by the Student Senate. Staff also advise Greek Life, the Student Senate’s University Activities Commission, Student Senate Student Organization Commission, The Lookout event space, and the programs and services that are housed in the Student Organizations and Leadership Center.

The AIL Office is committed to guiding and supporting each student as they discover their own skill development and how they can connect those skills to the real world.

**Blugold Card Services**

University of Wisconsin-Eau Claire photo identification cards are issued and replaced at Blugold Card Services, part of the Service Center complex in the Davies Center’s east lobby. Upon initial enrollment at the University, a Blugold Card is issued to every student; students retain their ID cards throughout their enrollment. Blugold Card Services is the point of contact for ID-based activities offered campus-wide — including door access, point-of-sale, attendance, circulation and e-commerce. The Blugold Card entitles the bearer access to contract dining facilities; use of McIntyre Library; access to McPhee Physical Education Center facilities; reduced ticket prices for many campus activities and events; free use of the Eau Claire Transit System; and access to the Blugold Account debit card system. Through the university’s banking partnership, students also have the option of using their Blugold Cards as ATM or pin/ signature-based debit. A branch bank is also located at this location.

**Blugold Dining**

Cafeteria, fast food, a la carte, catered, and fine dining options are offered to the University community and to the public. Students living in residence halls (except Chancellors Hall and The Priory) participate in one of several meal plan options and are offered the most economic options at the cafeteria in Hilltop Center. Davies Center retail facilities include a food court, coffee shop, convenience store, and an upscale dining area. Simply-to-Go cart is located in the lobby of Haas Fine Arts Center and Einstein Bros. Bagels is located off the main lobby of Centennial Hall. Meal plan information is available online at: www.uwec.edu/dining as well as social media.

**Event Services and Conferences**

Responsible for all non-academic reservations on campus, Event Services is the University’s centralized event planning organization. Event Services works with students, staff and the community to plan conferences, meetings and other events on and off campus, and works with administrative offices and academic departments in executing programs that support the educational mission of the University. An array of event technology is available, and the office assists with dining services, parking, and other needs. Event Services directs a highly responsible student staff trained in all aspects of safety and event production to ensure the well-being of all users of campus facilities. Professional video, lighting, sound & staging are available for events on and off-campus. Event Services also directs the annual Viennese Ball, the largest social event presented at the University of Wisconsin-Eau Claire.

**Marketing and Communication**

The Marketing and Communications staff takes great pride in being the visual and written communicators of University Centers and are privileged to work with a large group of clients as well as a diverse combination of programming. They are connected to the entire picture from creation to completion. Covering a large number of topics, programs, events and services, they work with every unit of University Centers and collaborate with offices/departments throughout campus as well as a variety of off-campus clients.

- **Copywriting** — Writes and maintains all information for the complex network of University Centers websites (Activities, Involvement and Leadership, Blugold Card Services, University Bookstore, Blugold Dining, Event Services, Printing Services, Service Center, University Centers). Maintain the University Centers’ and UW-Eau Claire’s editorial standards.
- **Graphic Design** — Designs and produces high-quality print, electronic and online materials that clearly communicate with each unit’s various audiences.
- **Digital Signage** — Administers the Davies Center digital signage system, comprising meeting room schedule displays, the media wall, and widescreen displays that promote events by student organizations, academic departments and administrative offices.
- **Supports special events by external clients who contract Davies Center facilities through Event Services.**
- **Photography** — Creates original photography for programs, services and facilities for print and electronic publications and the University Centers network of websites.
- **Social Media** — Assists in maintaining the various social media sites for University Centers

**University Bookstore and Textbook Rental**

Located on two levels of the Davies Center, the University Bookstore sells a variety of course-related and general interest reading materials, gifts and University clothing, greeting cards, and school, art, computer, and office supplies. Gift certificates and a special order service for books and merchandise are also available. Cash, credit card, and Blugold Account purchases are welcome.

UW-Eau Claire undergraduates may rent textbooks and other course materials from the University Bookstore’s Textbook Rental Department, which is funded by a designated portion of undergraduate tuition. Textbooks and other teaching resources are selected by instructors for each course and are arranged by department and course number on the bookstores upper level. Several weeks are set aside every semester when rental materials may be purchased for
University Printing Services
University Printing Services (UPS) provides affordable and convenient printing and production services for students, faculty/staff, academic departments and administrative offices, and the public. Printing Services offers competitive pricing on business cards, presentation materials, posters, labels, envelopes, postcards, brochures, booklets and much more. High-speed black-and-white digital copies, high-quality color copies, large-format printing and a range of bindery services are among the services offered. Student graphic designers are on staff to create custom materials such as resumes, graduation, wedding or special occasion save the date cards, invitations and thank you cards. Printing Services accepts walk-up and online orders, and provides pickup and delivery of departmental orders to all campus buildings. Cash, Blugold Account, campus account, and credit cards are welcome.

Printing Services manages the contracts that provide copiers campus-wide for student and office/departmental use. UPS is the designated agency printing manager for UW-Eau Claire, responsible for ensuring that all off-campus printing using state monies is purchased in accordance with state law and policy. Custom course packs are produced here and made available through the University Bookstore.

University Service Center
The Service Center plays a key role in University communication, acting as the central source of University information as well as answering the campus’ main phone line. The area offers one-stop convenience for many essential services. Credit card and Blugold Account purchases are welcome.

- **Tickets** — The University’s centralized ticket office works with organizations, academic departments, Blugold Athletics and other administrative offices to produce and sell tickets to campus events. Tickets for basketball, hockey, football, concerts, lectures and other campus programs are available at the Service Center, and bargain movie passes for community theatres also can be purchased in advance.
- **Postal Services** — The Service Center offers U.S. Postal Service domestic and limited international mail services. A United Parcel Service (UPS) drop box is also available outside Davies Center.
- **Information Services** — Campus information including directory assistance, activities information, campus/community maps and brochures can be found at the Service Center. The Service Center manages the sale board in Davies Center, as well as its online site; gives vending machine refunds, and provides the campus-wide lost and found. Notary Public services are available.

University Student Governance and Organizations
- **Involvement in campus organizations is an important part of the university’s total education program. These groups offer social and service opportunities for their members, the university, and the community at large. Membership can broaden acquaintances, develop leadership ability, build decision-making and problem-solving skills, and complement classroom instruction. Visit uwec.org/syscom (http://uwec.org/syscom) for the current list of Student Organizations in the following categories:**
  - Performing Arts
  - Political
  - Professional
  - Recreational
  - Religious
  - Service
  - Special Interest
  - Sport Clubs
  - Student Government
  - Student Senate
  - Administrative Committees
  - Residence Hall Government

Veterans Services
The University is approved by the State Approval Agency for the education of veterans and veterans’ dependents under both federal and state programs. The Veterans and Military Benefits Office (Schofield 128) advises veterans and eligible dependents on available state and federal veterans educational programs and assists them in applying for educational benefits. Veterans are also encouraged to use this office to seek assistance related to veterans’ issues and as a referral resource.

Students requesting veterans benefits should meet with the staff of the Veterans and Military Benefits Office to set up their benefits program(s). Students using veterans educational benefits are required to complete the Veterans Information Sheet (obtained from the Veteran Benefits website www.uwec.edu/registrar/student/vetbenefits.htm) after registering for classes each semester. Students also need to keep this office apprised on any changes in their enrollment status. For more information, visit www.uwec.edu/registrar/student/veterans-and-military-education-benefits.htm (http://www.uwec.edu/registrar/student/veterans-and-military-education-benefits.htm).

Women’s & LGBTQ Resource Center
- **The Women’s & LGBTQ Resource Center speaks out on behalf of women as well as the LGBTQ community, who have historically been and continue to be marginalized because of sexual and/or gender expression/identity. Our endeavor to promote the University of Wisconsin-Eau Claire’s institutional commitment to Equity, Diversity, and Inclusiveness is reflected in all Women’s & LGBTQ Resource Center programs and services, and our staff provides resources, information, and programming in collaboration with existing departments, advisory committees, organizations, and offices.**
- **The Women’s & LGBTQ Resource Center offers numerous opportunities for student involvement. Whether an internship, a service-learning opportunity, or simply as a volunteer, students can participate in any of the programs or events. Such programs/events include (but are not limited to): National Coming Out Day, Love Your Body Day, Peer Haven (UW-Eau Claire’s premier LGBTQ peer mentoring program), Women’s History Month, Take Back your Voice from Violence (Sexual Assault Awareness Month), National Day of Silence, The Fire Ball…and many more. For more information, visit www.uwec.edu/speakout (http://www.uwec.edu/speakout).**

University Honors Program and Courses

University Honors Program
The University Honors Program enables high-achieving, high-potential, highly motivated students to go as far in their intellectual and professional development as possible in four years of undergraduate study. The program offers a dynamic, inclusive, innovative learning community in which students...
and faculty from every university college and program learn and work together closely in an atmosphere of common intellectual enterprise, mutual respect, and the free exchange of ideas. The program offers an enhanced education, enabling students to integrate Honors Liberal Education courses, Honors interdisciplinary seminars, Honors work in their major and minor programs, and Honors experiential learning opportunities into a coherent, individualized, high-value whole.

Honors at UW-Eau Claire has two components: University Honors and Departmental Honors. Students may be graduated with Honors by completing one component or both. Honors Program participation and completion are documented on students’ University records.

**University Honors.** In small classes designed to stimulate and challenge students of high ability and high potential, and in special sections of regular university courses, honors students are provided opportunities for close interaction with faculty and with other honors students.

**Admission to the University Honors Program.** There are several ways to gain admission to the University Honors Program. (1) Incoming freshmen are invited based on scores achieved on either the ACT or SAT and their academic standing in their high school graduating classes. (2) Students admitted to UW-Eau Claire with at least a 26 ACT composite score, rank in class of top 10% or higher, or 3.75 high school GPA will automatically be considered for admission to Honors in a holistic review process. (3) Students who have completed at least 14 academic credits at UW-Eau Claire may be admitted after demonstrating superior academic performance including attaining at least a 3.66 GPA. (4) Students highly motivated to do Honors work may petition the University Honors Council for admission. Consult the Director of the University Honors Program for more information.

**Requirements.** A student may be graduated with University Honors by meeting the following requirements:

1. Attainment of a resident and total GPA of at least 3.50.
2. Completion of one-credit first-year seminar, HNRS 100, or an Honors FYE (First-Year-Experience course).
3. Completion of at least 24 credits of Honors colloquia and Honors electives or completion of at least 21 credits of Honors colloquia and Honors electives and either HNRS 410 or HNRS 420. At least two (2) of the honors colloquia/Honors elective courses completed must be at the 300-level or above. These courses may be used to meet Liberal Education, major, or minor requirements as well as the requirements of the University Honors Program.
4. Completion of HNRS 400 (one credit).

Honors Program courses may not be audited or taken for a satisfactory/unsatisfactory grade.

One course transferred with an AP score of at least 4, or an IB score of at least 5, may be substituted for one of the required Honors courses.

An appropriate designation will be placed on a student’s record upon completion of Honors courses and of the program. Credits earned in Honors courses meet graduation requirements whether or not the program is completed. A current schedule of available Honors courses may be obtained from the Director of the University Honors Program or on the Honors Program website: https://www.uwec.edu/academics/university-honors-program/academic-offerings/honors-courses/.

**Department or College Honors.** A growing number of departments offer students the opportunity to earn honors in their major programs. These programs include the departments of Accounting and Finance, Biology, Chemistry, Communication Sciences and Disorders, Computer Science, Economics, English, Geography and Anthropology, Geology, History, Management and Marketing, Mathematics, Music and Theatre Arts, Nursing, Philosophy and Religious Studies, Physics, Political Science, Social Work, and Sociology. In addition, the programs in Criminal Justice and in Spanish also offer Honors programs.

For information on departmental or college honors programs, consult department or college descriptions in this catalog or inquire at department or college offices, or get in touch with the Director of the University Honors Program.

**Honors Seminars**

**HNRS 100 First-Year Honors Seminar (1 cr)**

Prerequisite: Limited to students in the University Honors Program.

Introduction to the University and to expectations of an Honors baccalaureate degree. Explores the value of a liberal education, the skills and knowledge needed to be an educated person, the roles of the University Honors Program and university requirements.

Attributes: Honor Course
Grading Basis: A-F Grades Only

**HNRS 400 Senior Honors Seminar (1 cr)**

Prerequisite: Limited to students in the University Honors Program. Senior standing, or Department Consent Required. If repeated, the second course can count toward the required 24 credits of Honors colloquia and electives.

A capstone course that explores students’ undergraduate experiences, the value of a liberal education, and the value of an Honors education. Prepares Honors students for post-graduate opportunities.

Attributes: GE IV Humanities, Honor Course, Capstone Course, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 2 credits
Grading Basis: A-F Grades Only

**HNRS 410 Mentoring in Honors (1 cr)**

Prerequisite: HNRS 100, HNRS 400, or concurrent enrollment in HNRS 400. Minimum jr standing. Limited to students in the University Honors Program. With permission from the Director of the University Honors Program, credit may be earned in both HNRS 410 and HNRS 420.

Consent: Department Consent Required

Assist in instruction of Hrs 100, the First-Year Honors Seminar. Focus on the value of a baccalaureate education and on what constitutes an educated person. Open to juniors and seniors with permission of the Director of the University Honors Program.

Attributes: GE IV Humanities, Honor Course, Service-Learning, Full 30 Hours, Special Course Fee Required Varies by Term/Section
Grading Basis: A-F Grades Only
HNRS 420 Tutoring in Honors (1 cr)
Prerequisite: Minimum junior standing. Limited to students in the University Honors Program. With permission from the Director of the University Honors Program, credit may be earned in both HNRS 410 and HNRS 420.
Consent: Department Consent Required
Assist in instruction of an Honors course previously completed. Open to juniors and seniors with permission of the Director of the University Honors Program.
Attributes: GE III Social Science, Honor Course, Service-Learning, Full 30 Hours, Special Course Fee Required Varies by Term/Section
Grading Basis: A-F Grades Only

Honors Colloquia
These are courses especially designed for honors students and usually embrace more than the approach of a single academic discipline. Every Honors colloquium meets Liberal Education and General Education requirements.
The content of colloquia varies from semester to semester and each section of an HNRS colloquium course number is a unique course.

HNRS 101 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program.
A course involving language, communication and/or analytical skills.
Attributes: Cultural Diversity Variable, GE IA Communication-Language Arts, Honor Course, LE-S1 Written and Oral Communication, Special Course Fee Required Varies by Term/Section
Grading Basis: A-F Grades Only

HNRS 102 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program.
Focuses on topics in the natural sciences.
Attributes: Cultural Diversity Variable, GE II Natural Sciences, Honor Course, LE-K1 Natural Sciences, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 103 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program.
Examines topics involving the social sciences, including anthropology, economics, cultural geography, political science, psychology, and sociology.
Attributes: Cultural Diversity Variable, GE III Social Science, Honor Course, LE-K2 Social Sciences, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 104 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program.
A humanities course concerned with disciplines such as art, literature, history, music, philosophy, religious studies, and theatre arts.
Attributes: Cultural Diversity Variable, GE IV Humanities, Honor Course, LE-K3 Humanities, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 105 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program.
A course with foundations in the College of Business, Education and Human Sciences, or Nursing and Health Sciences; or a course that crosses General Education categories I-IV.
Attributes: Cultural Diversity Variable, GE V University Wide, Honor Course, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 106 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program.
A fine arts course concerned with the use of knowledge, historical perspectives, theories, or methods appropriate to the fine arts.
Attributes: Cultural Diversity Variable, GE IV Humanities, Honor Course, LE-K4 Fine Arts, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 107 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program.
Course integrates learning across disciplines within and beyond campus.
Attributes: Cultural Diversity Variable, Honor Course, LE-I1 Integration, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 108 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program.
Course focuses on diversity, equity, and inclusivity.
Attributes: Cultural Diversity Variable, Honor Course, LE-R1 Equity, Diversity, and Inclusivity, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only
HNRS 109 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program.
Course focuses on systems, institutions, and issues in local and global contexts and across cultures.
Attributes: Cultural Diversity Variable, Honor Course, LE-R2 Global Perspectives, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 110 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program.
Course focuses on civic agency, social change, or environmental.
Attributes: Cultural Diversity Variable, Honor Course, LE-R3 Civic and Environmental Issues, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 301 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
An upper-division course involving various contexts of communication and language, including information sources and technology.
Attributes: Cultural Diversity Variable, GE IA Communication-Language Arts, Honor Course, LE-S1 Written and Oral Communication, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 302 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
An upper-division course that focuses on topics of the natural and physical world.
Attributes: Cultural Diversity Variable, GE II Natural Sciences, Honor Course, LE-K1 Natural Sciences, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 303 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
An upper-division course that examines topics involving the social sciences, including anthropology, economics, cultural geography, political science, psychology, and sociology.
Attributes: Cultural Diversity Variable, GE III Social Science, Honor Course, LE-K2 Social Sciences, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 304 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
An upper-division humanities course concerned with disciplines such as history, philosophy, religious studies, and literature.
Attributes: Cultural Diversity Variable, GE IV Humanities, Honor Course, LE-K3 Humanities, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 306 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
An upper-division humanities course concerned with use of knowledge, historical perspectives, theories, or methods appropriate to the humanities.
Attributes: Cultural Diversity Variable, GE IV Humanities, Honor Course, LE-K4 Fine Arts, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 307 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
An upper-division course which integrates learning across disciplines within and beyond campus.
Attributes: Cultural Diversity Variable, Honor Course, LE-I1 Integration, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 308 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
Course focuses on diversity, equity, and inclusivity.
Attributes: Cultural Diversity Variable, Honor Course, LE-R1 Equity, Diversity, and Inclusivity, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 309 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
Course focuses on systems, institutions, and issues in local and global contexts and across cultures.
Attributes: Cultural Diversity Variable, Honor Course, LE-R2 Global Perspectives, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated
Grading Basis: A-F Grades Only
HNRS 310 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
Upper-division course focuses on civic agency, social change, or environmental challenges.
Attributes: Cultural Diversity Variable, Honor Course, LE-R3 Civic and Environmental Issues, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated Grading Basis: A-F Grades Only

Honors Special Experience Courses
HNRS 275 Honors Study Abroad Experience-Freshmen and Sophomores (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Freshman or sophomore standing. Consent: Department Consent Required
Honors study abroad experience for freshmen and sophomores.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 295 Honors Directed Study-Freshmen and Sophomores (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Freshman or sophomore standing. Consent: Department Consent Required
Study of a problem or topic in collaboration with a faculty member in the discipline.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 298 Honors Internship Experience-Freshmen and Sophomores (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Freshman or sophomore standing. Consent: Department Consent Required
Honors internship experience for freshmen and sophomores.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 299 Honors Independent Study-Freshmen & Sophomores (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Freshman or sophomore standing. Consent: Department Consent Required
Individual research, scholarly, or creative projects under the supervision of a faculty member.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 375 Honors Study Abroad Experience-Juniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Junior standing. Consent: Department Consent Required
Honors study abroad experience for juniors.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 395 Honors Directed Study-Juniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Junior standing. Consent: Department Consent Required
Study of a problem or topic in collaboration with a faculty member in the discipline.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 398 Honors Internship Experience-Juniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Junior standing. Consent: Department Consent Required
Honors internship experience for juniors.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 399 Honors Independent Study-Juniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Junior standing. Consent: Department Consent Required
Individual research, scholarly, or creative projects under the supervision of a faculty member.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only
**HNRS 475 Honors Study Abroad Experience-Seniors (1-4 crs)**
Prerequisite: Limited to students in the University Honors Program. Senior standing.
Consent: Department Consent Required
Honors study abroad experience for seniors.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 8 credits
Grading Basis: A-F Grades Only

**HNRS 490 Honors Senior Thesis or Project (1-6 crs)**
Prerequisite: Limited to students in the University Honors Program. Senior standing.
Consent: Department Consent Required
Research and writing/preparation of Honors Senior Thesis or Honors Senior Project.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section
Grading Basis: A-F Grades Only

**HNRS 495 Honors Directed Study-Seniors (1-4 crs)**
Prerequisite: Limited to students in the University Honors Program. Senior standing.
Consent: Department Consent Required
Study of a problem or topic in collaboration with a faculty member in the discipline.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 8 credits
Grading Basis: A-F Grades Only

**HNRS 498 Honors Internship Experience-Seniors (1-4 crs)**
Prerequisite: Limited to students in the University Honors Program. Senior standing.
Consent: Department Consent Required
Honors internship experience for seniors.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 8 credits
Grading Basis: A-F Grades Only

**HNRS 499 Honors Independent Study-Seniors (1-4 crs)**
Prerequisite: Limited to students in the University Honors Program. Senior standing.
Consent: Department Consent Required
Individual research, scholarly, or creative projects under the supervision of a faculty member.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 8 credits
Grading Basis: A-F Grades Only

---

**Academic Policies and Regulations**

The academic policies and regulations applies to all undergraduate students. Students are responsible for knowing and following the policies and regulations stated in this section of the catalog and for satisfying all degree requirements.

**Academic Definitions**

**Credits**
The unit of credit is the semester hour. It is defined as one class hour per week (or its equivalent) for one semester. Thus, a lecture-discussion course which meets three hours per week ordinarily carries three semester credits. Laboratory and studio classes usually require two hours in class as the equivalent of one semester credit.

**Credit Load**
Since a student is expected to spend approximately two hours in preparation for each hour in the classroom, 15 credits is considered a normal semester load (for the spring and fall semesters, or proportionate amounts for shorter courses) for undergraduates. Eighteen credits is the maximum for which a student may register without obtaining special permission. Registration for more than 18 credits (including audits) may be permitted by the Associate Dean of the College in which the student is enrolled, if the student has a resident GPA of at least 3.00 and if other conditions make the overload advisable. (In the Summer and Winterim Sessions, all students may take a maximum of as many credits as the number of weeks they are attending. Contact Blugold Central regarding exceptions.)

**Classification of Students**

**Enrollment Status**

**Spring and Fall Semesters**

<td>Less than 3 credits</td>
</tr>
</tbody>
</table>

NOTE: Audits are excluded from credit totals.

**Full-time Equivalent Enrollment Status**
The following definitions apply to the full-time equivalency (FTE) enrollment status.

Undergraduate Students
Students may enroll in a course/internship that is the equivalent of 36 hours per week for 15 weeks (36 hours per week for 11 weeks in the Summer term) to be considered a full-time equivalent for enrollment purposes.

### Graduate Students
Students may enroll in a course/internship that is the equivalent of 27 hours per week for 15 weeks (24 hours per week for 11 weeks in the Summer term) to be considered a full-time equivalent for enrollment purposes.

### Special Students
Students who are not formally admitted to the University are classified as special students. Registration as an undergraduate special student and Youth Option/High School special students is limited to twelve credits during fall and spring semesters. During the Summer and Winterim Sessions, all specials may take a maximum of as many credits as the number of weeks they are attending.

### Class Level
Students attain class level according to the number of semester credits earned:
- **Freshman:** fewer than 30 semester credits.
- **Sophomore:** 30-59 semester credits.
- **Junior:** 60-89 semester credits.
- **Senior:** 90 or more semester credits.

### Credit-Bearing Certificate Programs
Certificate programs may be earned by degree-seeking students or by community members who are not pursuing a University degree. Guidelines and standards are identical for both populations.

For those not seeking a degree, these programs offer an opportunity for an individual to earn college credit and advance toward a credential that certifies a significant level of achievement within a prescribed area. As the rate of change in the workplace accelerates, more people find it necessary to engage in continuous learning to meet the challenges of new duties and responsibilities, or career changes. Often the need is for in-depth study that goes beyond what is generally provided in noncredit professional development activities. Credit-bearing certificate programs are of particular value since the program is verified by a university transcript.

For degree-seeking students, a certificate program can be pursued to demonstrate expertise in a particular academic field. Successful completion of a certificate program may serve to satisfy graduation requirements for a second program of study or to add credentials beyond any other required programs.

Certificate programs include a minimum of 12 credits for undergraduate certificates (fifteen credits for graduate certificates) and a maximum of 18 credits. A 2.00 GPA is the university minimum requirement for completion of undergraduate certificate programs (3.0 GPA required for graduate certificates).

At least 25 percent of the credits applied to the certificate program requirements must be taken in residence (50 percent for graduate certificates). Departments/programs or colleges proposing certificate programs have the right to specify:

1. admission requirements for entry into a certificate program,
2. minimum GPA requirements for courses included in the program,
3. GPA requirements for certificate completion above the university minimum, and
4. applicability of the S/U option, if any.

Specific certificates and their requirements are listed within the applicable department/program or college section of the catalog.

### Registration

#### Overview
The University provides online registration for all students. Each student is assigned a registration time based upon credits earned. A notification that registration times have been assigned is sent to each student via email prior to registration. Students can view assigned registration times on CampS (https://my.uwec.edu/psp/CS90FRD/EMPLOYEE/HRMS/?cmd=login). Registration begins in November for the Spring semester, in October for Winterim, in February for Summer Session, and in April for Fall semester. Advising is required prior to registration for:

1. all freshmen and sophomores,
2. juniors and seniors on academic warning or probation,
3. transfers seeking a first degree, and
4. all students with a major in the College of Business regardless of classification or academic standing.

Students must pay a deposit prior to registration for Fall, Winterim, Spring, and Summer.

New freshmen register in the summer during their freshman orientation sessions.

#### Late Registration
A student may enroll for full semester courses after the regular registration period but within the first two weeks of classes. (The instructor’s permission is required during the second week of classes.) Thereafter, any registration must be sanctioned by the Associate Dean of the appropriate College.

#### Change of Registration
After registration, courses may be added or dropped or sections changed under the regulations established for this purpose by faculty policy.

#### Adding courses
Students who wish to add courses during the first week of classes may do so using CampS. After the first week of classes, students must obtain the Change of Registration form from Blugold Central and return the completed form to that office.

#### Withdrawing from courses
A student who wishes to withdraw from a full-semester course during the first two weeks of classes (no record of enrollment) may do so on CampS without the instructor’s or adviser’s signature. After the second week of classes, students must obtain the Change of Registration form from Blugold Central and return the completed form with signatures to that office. Courses that are not a full semester in length, including Winterim and Summer courses, have earlier withdrawal deadlines. These deadlines can be obtained from CampS, or the Blugold Central.

A change becomes official only when it has been processed by Blugold Central. (See also Withdrawals. (p. 41))

### Enrollment of Undergraduates for Graduate Credit

Upon the recommendation of the student’s adviser, course instructor, and chair of the department offering the course, a University of Wisconsin-Eau Claire undergraduate student may be allowed to enroll in a limited number of graduate courses, provided he or she has a 3.00 undergraduate GPA and has the approval of the College Dean. Qualified students may take up to, but not exceed, a total of nine credits of graduate-level course work. The graduate
credits cannot be used to satisfy requirements for the bachelor’s degree. Application forms for enrollment in graduate courses as an undergraduate may be obtained from Blugold Central.

Auditing Courses
Registering to audit a course permits a student to participate in the class without earning credit. This privilege is helpful to students who wish to review introductory work, especially after a considerable period of absence from the campus. Others choose to audit courses for reasons of personal interest and the enjoyment of learning.

Some courses may be designated by departments or Colleges as unsuitable or unavailable for auditing. In all courses open to auditors, the following conditions apply:

1. Students seeking to register for credit are given priority over auditors.
2. An auditor must pay any basic fee required for auditing under the current tuition rates and any special fees applicable to the course. Auditors who wish to have student ID privileges also pay campus (segregated) fees.
3. Audited courses are included in the student’s credit load for the term when determining overloads. If auditing a class results in an overload (e.g., more than 18 semester credit hours for undergraduates) students need approval of the Associate Dean of the appropriate College.
4. Audited courses are not included in the student’s credit load for the term when determining full- or part-time status. (See Classification of Students. (p. 38))
5. Initial registration to audit a course is not included in the total semester registration for the purposes of determining satisfactory academic progress. (See Academic Standing and Progress. (p. 42))
6. Enrollment on an audit basis may not be changed to a credit basis, or vice versa, after the approved period for adding classes.
7. The auditor must consult the instructor of the course to determine the conditions for a successful audit. Some courses cannot profitably be audited without participation in class activities; the instructor must indicate how much and what kind of participation is required.
8. Upon successful completion of an audit, the mark of V will be entered on the student’s record. Failure to meet the instructor’s conditions will be recorded as UV; withdrawal from the course will be recorded as WV. These marks are not course grades and are not computed in GPAs.
9. Students who are auditors-only and who do not pay campus (segregated) fees have access limited to the library, computing services, and the nonsegregated fee-funded activities of the student union. No additional fee is charged for such access.
10. Students are not eligible for financial aid for audited courses.

Auditors over age 60 and SSI/SSDI auditors. Residents of Wisconsin who are 60 years of age and older or who meet certain disability requirements may audit courses on a space-available basis at no charge for tuition. Other fees, however, will be assessed. Persons 60 years of age and older as of the first day of classes must show proof of birth date. Persons with disabilities must provide a copy of documents proving eligibility for benefits under the federal Supplemental Security Income (SSI) program or the federal Social Security Disability Insurance (SSDI) program.

Satisfactory/Unsatisfactory (S/U) Registration
Registration for a grade of Satisfactory or Unsatisfactory, instead of the usual letter grades, permits students to venture into elective areas with less risk to GPAs; however, the potential disadvantages should be carefully weighed. Some institutions, particularly graduate and professional schools, will not accept the grade of S in transfer. Furthermore, S/U registration is restricted on many programs at UW-Eau Claire, and the responsibility for determining its acceptability rests with the student.

Eligibility. The option of S/U registration is open only to students with sophomore standing or above and a resident GPA of 2.00 or higher. (Exception: any student may enroll in a physical activity course on the S/U basis.)

Procedures. S/U registration must be designated by the student no later than the approved period for dropping courses with no record.

S/U registration may not be changed to the standard grading system, or vice versa, after the approved period for dropping courses with no record. An S/U course may be dropped in accordance with University rules.

S/U Grades. The grade of S is equivalent to at least a C or above in the standard grading system; it denotes that the student’s work was satisfactory and that credit is granted for the course. The grade of S is not computed in the student’s semester and resident GPAs.

The grade of U indicates work below the level of a C in the standard grading system. No credit is granted. However, the grade of U is not computed in the student’s semester and resident GPAs. When repeating a course initially taken on the S/U basis, the student must also repeat the course on the S/U grade basis. (See Repeating UW-Eau Claire Courses. (p. 40))

Reporting of Grades. Instructors will record standard letter grades for all students; the conversion to a grade of S or U will be made by the Registrar’s Unit.

Restrictions.
1. A student may carry no more than one course on the optional S/U basis for degree credit in any term of enrollment. (Exception: any student in any term of enrollment may enroll in one or more physical activity course(s) on an S/U basis and still take one other degree credit course on an S/U basis. Certain Education field work courses also require multiple S/U enrollments. The student, however, must be otherwise eligible to take the additional degree credit course on an S/U basis.)
2. No more than one course taken on the S/U basis may be counted toward a standard major or a minor. No more than two S/U courses may be counted toward a comprehensive major. Colleges and departments may place further restrictions on major, minor, or professional programs and sequences, and dean’s list criteria also vary by college.
3. No more than 12 credits of S/U courses will be counted toward the total for graduation.

Policy on Remedial Education
New freshmen whose Algebra score on the UW System Mathematics placement examination is below 396 are required to take a remedial mathematics course (MATH 10 or MATH 20). Required remedial mathematics courses must be successfully completed before a student has earned 30 credits or registration will be denied.

Repeating UW-Eau Claire Courses
The privilege of repeating course work allows students to attain a satisfactory level of achievement in courses in which they initially encountered difficulties. Because a course can be repeated only once, students will discuss with their academic advisers the reasons for their low grade or W in the course before attempting the course a second time. It is the student’s responsibility to obtain assistance to sharpen their skills or resolve the problems that led to poor performance or noncompletion the first time they took the course. If the low grade was earned in a course which is a prerequisite to another course,
students are urged to repeat the prerequisite course before enrolling and risking poor performance in the other course.

The repeat privilege applies only to courses taken at UW-Eau Claire (whether taken originally at UW-Eau Claire or elsewhere) for which a grade of C- or below or a W was initially earned. Registration for a repeated course must be on the same basis (letter grade or Satisfactory/Unsatisfactory) as the original course.

A course in which a grade of C- or below or a W was originally earned may be repeated once. The new grade will replace the previous grade in computing GPAs, but both the initial grade and the repeated grade will appear on the student’s official transcript.

NOTE: In extenuating circumstances, the Associate Dean of a College in which the student is enrolled may give permission for the second repeat of a course. Such permission may be requested upon recommendation of the student’s academic adviser. The Associate Dean determines whether the grade earned in the second repeat will replace previous grades or will be averaged with previous grades earned in the course in computing GPAs. All three grades will appear on the student’s official transcript.

### Attendance/Leave

#### Withdrawals

**Withdrawing from a Course.** Students who wish to drop a full term course during the first two weeks of classes may do so without their instructors’ or advisers’ signatures. After the second week of classes (or a proportionate period of time for shorter courses—see CampS (https://my.uwec.edu) for exact dates), students who wish to withdraw from a course must obtain a Change of Registration form from the Blugold Central, secure the signature of their faculty advisers and instructors for the course, and return the form to Blugold Central. A student who stops attending a class without withdrawing officially may receive a grade of F for the course, and may owe a repayment on financial aid received.

No withdrawals are permitted after the beginning of the eleventh week of classes. Deadlines are adjusted proportionately for shorter courses, including Winterim and Summer Session courses, except in extenuating circumstances as determined by the Associate Dean of the College in which the student is enrolled. Up to that time, official withdrawals from full term courses are recorded as follows:

- During the first two weeks of classes—no record of enrollment.
- Third week through the tenth week—recorded as W.

Calendar dates of withdrawal deadlines are published each semester on CampS (https://my.uwec.edu), on the Registration Calendars (http://www.uwec.edu/Registrar/calendar), and can be obtained from Blugold Central.

**Withdrawal from the University.** Students wishing to withdraw from all their classes within the first two weeks of the term should complete the Withdraw from Classes eform. Students withdrawing from all classes after the first two weeks of the term are required to meet with a Dean of Students staff member prior to withdrawing from classes.

If a student withdraws from the University during the first two weeks of classes, only the date of withdrawal will be recorded. No record of specific course enrollment will be made. If a student withdraws from the University from the third through tenth weeks, the grade of W will be recorded for each course remaining unfinished. The calendar date of the deadline for withdrawal from courses is available on CampS.

If a student withdraws from the University after the deadline for withdrawing from courses, a grade of F will be recorded for each course remaining unfinished, except in extenuating circumstances as determined by the Associate Dean of the College in which the student is enrolled. A student who stops attending classes without officially withdrawing (at any time in the term) may also receive failing grades.

An undergraduate student who withdraws and is not subsequently subject to suspension may return for the next regular academic semester without making formal application for readmission to the University.

Fee refund deadlines and corresponding amounts of refund can be found on the Business Office website (http://catalog.uwec.edu/academic-policies-regulations/registration/refundundertwo.html). Financial aid recipients who withdraw before 60 percent of the semester has been completed are subject to federal financial aid repayment regulations and may owe a repayment of aid, even if not entitled to a tuition refund. The amount of aid a student may keep is in direct proportion to the length of time the student remained enrolled during the semester. Assistance is also available from Blugold Central and the Student Affairs and Dean of Students Office.

#### Leave of Absence

After one full-term semester of non-enrollment, students remain active and eligible to reenroll and will automatically receive an enrollment date to register. Students taking credits while not attending UW-Eau Claire, must send their official transcript upon reenrollment. Transfer work is critical and may affect academic progress, academic standing, financial aid eligibility, and graduation. Official transcripts should be sent electronically via secured transmission (not email) to the University of Wisconsin-Eau Claire Admissions.

All students who have been away from the University for two consecutive full-term semesters or more must file a reentry application (http://www.uwec.edu/admissions/apply/application-process/other-student/reentry-student). As a reentry student, a $100 enrollment deposit is not required. Students seeking reentry are encouraged to make application as early as possible prior to the semester in which they wish to return. Reentry after the term starts is not guaranteed. Students returning after an absence of two or more consecutive full-term semesters must meet the degree requirements of the catalog in effect upon their return, or a subsequent catalog.

### Military Leave Policy

Currently enrolled students called to active service (involuntary Federal Title 10 activations or transfers) during the course of a semester must choose one of the following options before departing for active service:

1. Withdrawal from all courses with a full refund of tuition and no record of enrollment.
2. Selective withdrawal from one or more courses with a refund of tuition.
3. Incomplete grades awarded at the discretion of the instructor.
4. Final grades may be issued if the instructor determines that the student has completed a sufficient amount of coursework.

A military leave request needs to be submitted to the Dean of Students Office. Students are granted military leave for the entire time of their military commitment.

### Class Attendance Policies

All students are expected to attend all class sessions of courses in which they are enrolled. Each faculty member should inform each class in writing at the beginning of the course regarding the use of student attendance in relation to student evaluation procedures.
If a student fails to attend the first class meeting of any course without previously notifying the instructor or the department chair, the student may be dropped from that course so that the vacancy may be filled by another student from a waiting list. It remains the student’s responsibility to determine their own enrollment status. Each department has a policy on first-day class attendance.

Accommodation procedures for this and other circumstances are described on the Dean of Students website (http://www.uwec.edu/DOS/policies/attendance.htm).

Academic Standing and Forgiveness

Academic Standing and Progress

The University expects each undergraduate (freshman, sophomore, junior, senior, or special student) to maintain a level of academic achievement consistent with University standards and to make reasonable progress toward the completion of a chosen curriculum.

The policies and regulations outlined below define the minimum academic standards of the University. Any College of the University may set a higher standard for admission, retention, or graduation from a degree program.

**Good academic standing.** The definition of good academic standing includes University standards for satisfactory academic progress during a semester. Academic standing is determined twice each year, once at the end of the fall semester and once at the end of the spring semester. It is not determined at the end of Summer Session or Winterim Session.

A student is in good academic standing at the end of a semester if all the following conditions are met:

1. The student’s resident GPA is 2.00 or higher.
2. The student has earned a semester GPA of 2.00 or higher.

**NOTE 1:** An excessive number of withdrawals from courses may impact students’ eligibility for acceptance into certain major programs and most types of financial aid. All students should therefore consult their advisers before withdrawing from courses.

**Academic Warning.** An Academic Warning is the first formal notification that a student has failed to meet one or more of the requirements for good academic standing. The notation “Academic Warning” is placed on the student’s record at the end of the first semester in which any one or more of the following conditions apply:

1. The student’s resident GPA at the end of the semester is less than 2.00.
2. The student’s semester GPA is less than 2.00, but 1.00 or higher. (See Suspension, below.)

Only one Academic Warning is issued to a student. (See Probation, below.) Students who receive this notification should immediately consult their adviser(s) or the Student Affairs and Dean of Students Office, so that they may obtain assistance in overcoming their academic difficulties.

**Probation.** After receiving one Academic Warning, students will be placed on probation at the end of any subsequent semester in which they again fail to achieve good academic standing. The period of probation is one semester. Students must regain good academic standing by the end of the probationary semester in order to continue in the University. They will be removed from probation upon regaining good academic standing. Students may be placed on probation multiple times should their academic standing require it.

**Suspension.** A student will be suspended from the University under either or both of the following conditions:

1. At the end of a semester of probation, the student has failed to regain good academic standing.
2. At the end of any semester, the student has a semester GPA of less than 1.00. (This regulation applies regardless of the student’s resident GPA.)

A student who has been suspended is ineligible to continue in the University for a specified period of time. A first suspension is for the period of one semester. Any degree-seeking student who wishes to return to the University after the expiration of the suspension must make formal application for readmittance through the Admissions Office. Special Students who wish to return to the University after the expiration of a suspension may register through Blugold Central. Readmittance cannot be guaranteed. If the student is readmitted and fails to regain good academic standing by the end of the first semester after readmittance, a second suspension will be incurred. The second suspension is for a period of one year.

A student who has been suspended for academic reasons may request a review by a faculty committee of the College in which the student was enrolled. If the student can show that extenuating circumstances existed, the committee may recommend to the Associate Dean of the College that the student be reinstated.

Students on suspension may attend the UW-Eau Claire Winterim and Summer Sessions (including the Three-Week Summer Session) for the purpose of improving their academic records and may request an appeal of the suspension from the Associate Dean of the College at the conclusion of the session. A suspended student may not enroll as a special student at UW-Eau Claire during the fall or spring semesters until the suspension has expired. A student suspended from UW-Eau Claire may encounter difficulty in attempting to enroll at another institution.

**Policies applying to transfer students.** The credits transferred from other colleges and universities are used to determine the classification of a student as freshman, sophomore, etc. Transfer credits are not used, however, in computing the UW-Eau Claire resident GPA which determines the student’s academic standing in subsequent semesters at UW-Eau Claire (see also Grade Point Requirements, under University Graduation Requirements (p. 49)).

A transfer student admitted in good standing is governed by the policies set forth under Academic Standing and Progress.

A transfer student admitted on probation will be removed from probation if in the first semester at UW-Eau Claire the student achieves good academic standing. Thereafter the student’s status is determined on the same basis as that of a student who was admitted in good standing and who has received an Academic Warning at UW-Eau Claire.

A transfer student admitted on probation will be suspended at the end of the first semester at UW-Eau Claire if at that time the student has failed to achieve good academic standing.

**Policies applying to freshmen admitted on probation.** A freshman admitted on probation will be removed from probation if in the first semester at UW-Eau Claire the student achieves good academic standing. Thereafter the student’s status is determined on the same basis as that of a student admitted in good standing.
A freshman admitted on probation will be suspended at the end of the first semester if at that time the student has not achieved good academic standing.

Forgiveness of Earlier Academic Record

Returning adult students who have completed university-level course work at UW-Eau Claire or elsewhere five or more years prior to seeking admission or readmission to UW-Eau Claire may be eligible for forgiveness of the earlier academic record. Forgiveness means that grades earned five or more years earlier will not be used in the computation of the total GPA at UW-Eau Claire, although such grades will continue to appear on the student's official transcript. Upon admission or readmission to UW-Eau Claire, students should meet with their advisers to discuss whether repeating courses or seeking forgiveness is the better alternative for them. If the decision is to seek forgiveness, the following conditions will apply:

1. Students must not have been enrolled in an institution of higher learning for at least five continuous years prior to admission/readmission to UW-Eau Claire except for completion of courses which were a precondition for admission/readmission.
2. After admission/readmission, students must earn a GPA of 2.50 or higher in the first 12 credits which count toward the minimum degree requirements at UW-Eau Claire before applying for forgiveness.
3. The request for forgiveness must be approved by the student's adviser, the Department Chair if the student has declared a major, and the Dean of the College in which the student is enrolled. The approved request will be forwarded to the Registrar.
4. If forgiveness is granted, all courses taken five or more years prior to admission/readmission (and the grades received) will continue to appear on the student's record, but the student's total GPA will be based solely on credits earned after admission/readmission to UW-Eau Claire.
5. If forgiveness is granted, all credit hours with a grade of "D-" or above earned five or more years before admission/readmission, up to a maximum of 30, may be used to satisfy degree requirements even though they are not included in the student's total GPA.
6. Forgiveness of grades earned five or more years before admission/readmission may be granted only once.

Both the academic forgiveness policy and application form are available on the Registrar's website (http://www.uwec.edu/Registrar/student/acadforgiveness.htm).

Grades

Grading System

A system of letter grades is used except when the course is offered only on the Satisfactory/Unsatisfactory basis or when the student has elected that option. (See Satisfactory/Unsatisfactory (S/U) Registration (p. 40).)

Letter Grades

A, A- (A = Excellent)
B+, B, B- (B = Very Good)
C+, C, C- (C = Average)
D+, D, D- (D = Passing)
F (F = Failing)

Other Marks

S Satisfactory; equivalent to at least a C (credits earned, but not computed in the semester or resident GPA)

These grade point values, when multiplied by the number of course credits, give the total number of grade points earned for that particular course. In a three-credit course, for example, a grade of C yields six grade points; a grade of B yields nine; and a grade of A yields 12. The GPA is always truncated to include the two digits after the decimal point. The GPA is not rounded up based on any number from the third digit after the decimal point (if shown).

Resident Grade Point Average. The resident GPA of a student is found by dividing the total number of grade points earned at UW-Eau Claire by the total number of credits attempted. The semester GPA is computed in the same way, using only the grade points earned and the credits attempted during that semester. In computing GPAs, the following are not counted as credits attempted: courses for which S, U, W, or V is received; courses which carry no credit toward graduation (except MATH 10 and MATH 20); repetitions of courses which are eligible for a grade replacement (see Repeating Courses (p. 40)). See also Grade Point Requirements under University Graduation Requirements (p. 49).

Upon Degree Completion. Upon the completion of a degree the GPA is final and is associated with that degree. Any credits earned after the award of a degree is calculated as its own GPA and is not included with the previous degree’s GPA.

Incompletes

An incomplete (IN) is a temporary mark which may be granted when, for reasons acceptable to the instructor, a student has been unable to complete a
portion of a course in the normal time period. Both the final grade, and the fact
that an incomplete has been assigned and removed will appear on the record.

**Procedures.** It is the student’s responsibility to initiate a request for an
incomplete with the instructor. If the request is approved, the instructor will
indicate the conditions for the removal of the incomplete, including the date
for submitting all work due so that it may be evaluated before the reporting
deadline. The instructor will submit the incomplete to the Registrar’s Unit, as
well as a grade to be recorded as the permanent grade for the course in case
the incomplete is not removed.

**Removal of Incompletes.** An incomplete is removed when the student
submits all work due and the instructor reports a new grade for the course. The
deadline for the instructor to report the removal of an incomplete is the end of
the tenth week of classes of the first regular semester following the granting of
the incomplete, regardless of whether the student is enrolled in the University
at that time.

If the incomplete has not been removed by the reporting deadline, the default
grade submitted with the incomplete will be recorded as permanent unless
the instructor authorizes the continuation of the incomplete. If a continued
incomplete has not been removed by the reporting deadline (end of the tenth
week of classes) in the next semester, it will be replaced by the default grade.

**NOTE 1:** The mark of IN (incomplete) is not a course grade. An excessive
number of incompletes may affect both the academic standing of students (see
Good Academic Standing (p. 42)) and their eligibility for certain types of
financial aid.

**NOTE 2:** In case of illness or other emergency reported through the Associate
Deans of Students, the Associate Dean of the College in which the student is
enrolled may approve the granting of incompletes which will not adversely
affect the student’s academic standing. When such approval is given, the Dean
or Associate Dean will ordinarily recommend that the student’s credit load for
the next semester be appropriately reduced.

**Progress and Grade Reports**

Faculty policy provides that students shall be informed of their progress in the
courses for which they are registered. In freshman-level courses, tests, or other
means of evaluation should be expected early in the semester (usually at the
conclusion of the first four weeks).

**Mid-semester Progress Reports.** Freshman students will be able to view mid-
semester grade reports from each of their instructors, whatever the level of
the course. Other students may individually request and receive from each
instructor an indication of the general quality of their course work at mid-
semester.

**Semester Grade Reports.** At the conclusion of each term, final grades and
academic standing can be viewed on CampS (https://my.uwec.edu).

**Academic Distinction**

At the conclusion of each term, after grades have been recorded, the Provost/
Vice Chancellor publishes lists of all undergraduate students who have
attained Academic Distinction. To be eligible, full-time students must be
in good academic standing and have completed 12 or more credits during
the semester, with a semester and resident GPA of 3.20 or higher. Part-time
students who meet the following criteria are also eligible:

1. initially register as part-time students (six to 11 enrolled credits),
2. complete the semester in good academic standing,
3. complete six to 11 credits during the semester, and
4. earn both a semester and resident GPA of 3.20 or higher.

Each college also maintains its own Dean’s List. See the applicable college area
for an explanation of Dean’s List criteria.

**Final Examinations**

Examination week is part of the regular academic semester, and all classes are
required to meet as shown in the final examination schedule. Examination
schedules are available on the Registrar’s website (http://www.uwec.edu/
Registrar/faculty/examsched.htm). In the Winterim and Summer Sessions,
examinations are usually given at the last scheduled meeting of the class.
Each course offered for credit is concluded with a final examination unless
the instructor determines that some other method of evaluation is more
appropriate to the objectives of the course.

No student will be permitted to reschedule a final examination unless there
are extraordinary circumstances over which the student has no control (e.g.
hospitalization or military obligation). Verification of the circumstances must
be furnished by the student. A student with three or more examinations
scheduled for one day may request the change of an individual examination
time. Changes are not allowed for reasons such as an already purchased plane
ticket, leaving campus early, a family vacation, or conflict with employment;
unless such work commitment existed prior to the publication of the
examination schedule.

A request for a change in the time of an individual final examination must be
approved by the instructor, the department chair, and the assistant/associate
dean of the college in which the course is offered. Make-up examinations must
be scheduled during finals week or later and must be arranged by the student
with the instructor.

**Transcripts**

An official transcript of a student’s record will be issued by the Registrar’s Unit
by the student’s online request. No transcripts are released (except when
requested by advisers or administrative officers within the University) without
the permission of the student. An official transcript cannot be issued until all
admission and financial obligations to the University have been met in full.

Unofficial transcripts are available to students for advising purposes and
for applying for admission to professional programs. Students may also
receive a degree audit report which is a report of a student’s progress toward
fulfilling degree requirements. All documents are available via CampS (https://
my.uwec.edu/psp/CS90FRD/EMPLOYEE/HRMS/?cmd=login).

**Credit by Examination**

Student may earn university credit through a variety of credit by examination
options. A maximum of one-fourth of the credits required for graduation in the
student’s total degree program may be earned by examination and applied
toward graduation. Departments may restrict the total number of credits
earned by examination applicable toward their majors and minors. In no case
may more than half the requirements for a major or minor be fulfilled by means
of examination for credit.

**Advanced Placement Program**

Students who achieve a minimum score of three (3) on any of the advanced
placement examinations will receive at least three credits in the appropriate
liberal education category. In addition, some academic departments have
approved granting specific credit. (NOTE: Course equivalencies are subject
to change. Students receive the course equivalency in effect when they
Rather than a letter grade, students receive a mark of "CP." For prerequisite purposes this is equivalent to "a grade of C or above."

**International Baccalaureate Examinations**

The University grants credit for a score of four (4) or higher on all Higher Level International Baccalaureate examinations. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of “CP.” For prerequisite purposes this is equivalent to “a grade of C or above.” For current equivalencies see the Academic Testing webpage: http://www.uwec.edu/Testing/creditbyexam/baccalaureate.htm or contact the Academic Testing Office.

**College Level Examination Program (CLEP)**

The University grants credit for certain examinations offered by the College Level Examination Program (CLEP). These examinations are administered nationwide. At UW-Eau Claire, they are administered by the Academic Testing Office. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of “CP.” For prerequisite purposes this is equivalent to “a grade of C or above.” For current equivalencies see the Academic Testing webpage (http://www.uwec.edu/Testing/creditbyexam/clep.htm). CLEP exams fall into the following two categories.

**CLEP General Examinations**

The University awards credit for a satisfactory/passing score on the general examinations in Humanities, Natural Sciences, and Social Science/History, which will satisfy one experience in the appropriate LE outcome.

General Examinations should be taken before the student has completed initial enrollment in the University. They must be taken by the time the student has completed 15 semester credits of college work and before enrollment in any courses in the area to be tested. Exceptions to this rule may be made for older students with unique backgrounds. Requests for these exceptions should be directed to the Dean of the College of Arts and Sciences.
CLEP Subject Examinations

The University accepts certain subject examinations. Subject (course equivalent) examinations should be taken before a student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. With departmental permission, however, the student may take an examination for a course in which he/she is enrolled provided it is taken before the end of the first week of classes. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire.

DANTES

The University accepts certain DANTES examinations. A score calculated as a "B-Grade Equivalent" or better on the exam will be awarded credit. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of "CP." For prerequisite purposes this is equivalent to "a grade of C or above." Course equivalent examinations should be taken before a student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire. For current equivalencies see the Academic Testing webpage: http://www.uwec.edu/Testing/creditbyexam/DANTES.htm.

Departmental Examinations

Certain departments offer departmentally based examinations for credit. Departments may limit the courses available for credit by examination. Departmental examinations may be taken for a grade or S/U. Departmental examinations should be taken before the student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. With departmental permission, however, the student may take an examination for a course in which he/she is enrolled provided it is taken before the end of the first week of classes. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire.

For information about application procedures and fees the student should consult with the chair of the department offering the course.

University Graduation Requirements

Baccalaureate Degrees

All candidates for baccalaureate degrees must meet the minimum requirements summarized below. For the specific requirements of each College and each curriculum, consult the appropriate section of this catalog.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.
Collaborative Research, Study and Research Abroad, and Service-Learning.

Seminars and Experiences, Living-Learning Communities, Faculty-Student instruction as well as out-of-the-classroom engagements such as First-Year both courses and non-course activities. Examples include traditional classroom experiences that fulfill students' liberal education core requirements include resources, tools, and activities guided by pedagogical models through note: A learning experience comprises specific combinations of learning by engaging in out-of-the-classroom learning experiences.

The Liberal Education Core is designed to develop in students the skills, knowledge and values they will need to engage with highly diverse community life.

The Liberal Education Core is designed to develop in students the skills, knowledge and values they will need to engage with highly diverse communities in a global society. Through the liberal education core, UWEC hopes to foster in every student the ability to think with intellectual rigor, creativity, and independence, to integrate and apply their knowledge, and to act as humane, thoughtful leaders in the community, the workplace, and the world of ideas. By beginning with the liberal education core and working toward its learning outcomes, students establish a strong, broad foundation around which they will build a rich baccalaureate program. Students can complete the liberal education core requirements both by taking courses and by engaging in out-of-the-classroom learning experiences.

Note: A learning experience comprises specific combinations of learning resources, tools, and activities guided by pedagogical models through which one can identify, to a certain extent, what one has learned. Learning experiences that fulfill students' liberal education core requirements include both courses and non-course activities. Examples include traditional classroom instruction as well as out-of-the-classroom engagements such as First-Year Seminars and Experiences, Living-Learning Communities, Faculty-Student Collaborative Research, Study and Research Abroad, and Service-Learning.

### Liberal Education Outcomes

**Knowledge Goal:**

Build knowledge and awareness of diverse peoples and cultures and of the natural and physical world through the study of arts, histories, humanities, languages, mathematics, sciences and technologies, and social sciences.

**Knowledge 1 (K1) Natural Sciences:** Describe and evaluate models of the natural and physical world through collection and scientific analysis of data, and through the use of mathematical or computational methods. Two learning experiences required. One experience in laboratory science must be selected from either Knowledge 1 or Knowledge 2.

**Knowledge 2 (K2) Social Sciences:** Use knowledge, theories, methods, and historical perspectives appropriate to the social sciences to explain and evaluate human behavior and social institutions. Two learning experiences required. One experience in laboratory science must be selected from either Knowledge 1 or Knowledge 2.

**Knowledge 3 (K3) Humanities:** Use knowledge, historical perspectives, analysis, interpretation, critical evaluation, and the standards of evidence appropriate to the humanities to address problems and explore questions. Two learning experiences required.

**Knowledge 4 (K4) Fine Arts:** Use knowledge, historical perspectives, theories, or methods appropriate to the arts to describe their context, function and impact. One learning experience required.

**Skills Goal:**

Develop intellectual and practical skills, including, for example, inquiry and analysis, critical and creative thinking, written and oral communication, quantitative literacy, information literacy, and teamwork and problem solving.

**Skills 1 (S1) Written and Oral Communication:** Write, read, speak, and listen effectively in various contexts using a variety of means including appropriate information sources and technologies. Two learning experiences required, one of which must meet the University Writing Requirement (p. 49).

**Skills 2 (S2) Mathematics:** Use mathematical, computational, statistical, or formal reasoning to solve problems, draw inferences, and determine the validity of stated claims. One learning experience required to meet the University Mathematics Requirement (p. 49).

**Skills 3 (S3) Creativity:** Create original work, perform original work, or interpret the work of others. One learning experience required, which could be satisfied within a major.

**Responsibility Goal:**

Responsibility 1 (R1) Equity, Diversity, and Inclusivity: Use critical and analytical skills to evaluate assumptions and challenge existing structures in ways that respect diversity and foster equity and inclusivity. Two learning experiences required, one of which must satisfy the UW System Design for Diversity (p. 48).

Responsibility 2 (R2) Global Perspectives: Evaluate the impact of systems, institutions and issues in local and global contexts and across cultures. One learning experience required.

Responsibility 3 (R3) Civic and Environmental Issues: Use critical and creative thinking to address civic, social, and environmental challenges. One learning experience required.

**Integration Goal:**

Integrate learning across courses and disciplines, and between campus and community life.

</table>
Integration (I1): Apply knowledge, skills or responsibilities gained in one academic or experiential context to other contexts. **Two learning experiences required, one of which could be satisfied within a major.**

Service-Learning Goal:
Students will demonstrate learning through service to their community by applying skills and knowledge gained through university coursework and/or experiences.

30 hours are required to complete the Service-Learning (p. 48).

**University Writing Requirement**
Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 114, WRIT 116, WRIT 118, or WRIT 120) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (http://www.uwec.edu/Testing/placement/upload/2016-Writing-placement.pdf) (UW-ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Language and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

All students are encouraged to satisfy the University Writing Requirement before the completion of the sophomore year.

**University Mathematics Requirement**
Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (S2) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (http://www.uwec.edu/Testing/placement/upload/2015-Math-placement-test.pdf)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

All students are encouraged to satisfy the University Mathematics Requirement before the completion of the sophomore year.

**Design for Diversity**
Two learning experiences are required to fulfill the Responsibility 1 Outcome (R1): Equity, Diversity, and Inclusivity requirement. One learning experience must address the following groups: African American, Hispanic American, American Indian, and/or Asian American, in order to fulfill the UW System (http://catalog.uwec.edu/undergraduate/attribute-DDIV/Design for Diversity) requirement. Some Colleges have identified specific courses that fulfill the requirement for their majors. Students should consult with their advisers for details.

**Service-Learning**
All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills and become informed, active, and responsible citizens.

A Service-Learning Guidebook is available on the Service-Learning (http://www.uwec.edu/sl) website, which outlines the UW-Eau Claire service-learning mission and graduation requirement, and describes the procedures for completion of the requirement. This information is provided to assist students, faculty/staff members, and community project supervisors in designing and undertaking projects that provide both rich experiences for UW-Eau Claire students and substantial benefits for the community.

**Students can meet the service-learning requirements in one of three ways:**

- **Non-credit Option:** A student may fulfill the service-learning requirement—without receiving course credit—through work with an on-campus group or off-campus community organization. To fulfill the requirement under this option, students must work with the Center for Service-Learning by filling out an online application. Students may complete projects in the Eau Claire area or elsewhere, individually or in groups, and during the academic year or over break periods. Projects sponsored by local organizations (“community partners”) are posted on the Center for Service-Learning website. Students may also devise their own projects. The Center for Service-Learning must approve a noncredit option project before the student begins the project.

A student pursuing a noncredit option must work with:

1. A community partner supervisor who approves his/her service-learning project proposal, provides orientation and training for the student’s project, and fills out an evaluation at the end of the student’s service hours.
2. A faculty or academic staff mentor who also approves his/her service-learning project proposal, helps establish learning objectives, and assists the student in attaining those objectives. The mentor also facilitates the student’s reflection upon completion of the project, and certifies the student has met the service-learning requirement.

Military Service: Students in active military service or with an honorable or general discharge from military service are presumed to have met the service-learning graduation requirement. Evidence of military service is provided to the Registrar’s Office through a copy of a D.D. 214, or a transcript from the ACE registry.

**Credit Option** (http://catalog.uwec.edu/undergraduate/attribute-SL):

- **Academic Major:** Students in some majors (such as education, nursing and social work) will fulfill the service-learning requirement through course work required for their major. Students should consult their advisers to determine if this option applies to them.

- **Selected Course:** A student may complete a course designated in this catalog or the current Class Schedule as satisfying one-half (15 hours) or the full (30 hours) service-learning requirement. In some courses, the service-learning activity may be optional.

Students seeking more information about the service-learning requirement should consult their advisers or contact the Center for Service-Learning.

**Academic Concentrations**
Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

Acceptable academic program combinations will be determined at the college level.
A student who elects to pursue any combination of majors, minors and/or certificates beyond the minimum required, should be aware of the UW System policy whereby credits earned beyond 165 (or 30 credits beyond the total required for a program, whichever is higher) will be assessed at a higher level of tuition.

A student may present for graduation only those majors, minors, and/or certificates authorized by the faculty of the College in which the degree program is offered. Any deviation from published requirements in any curriculum must have written approval of the Associate Dean of the College from which the student is to be graduated.

**Grade Point Requirements**

Eligibility for graduation is based upon two GPAs, resident and total:

- **Resident GPA**: The GPA computed on all UW-Eau Claire course work.
- **Total GPA**: The GPA computed on all UW-Eau Claire course work and all transferable course work taken elsewhere.

The Resident and Total GPAs are identical for the student who has completed all course work at UW-Eau Claire. In both computations, GPAs must meet all minimum standards.

A minimum total GPA of 2.00 and a minimum resident GPA of 2.00 is required for graduation from all curricula. Individual Colleges may set higher grade point requirements. These are published, as appropriate, in the College sections of this catalog.

**Major, Minor, Certificate**. Minimum resident and total GPAs of 2.00 are required in the major, minor and certificate. Colleges of the University may set specific requirements for GPAs in their majors, minors, and certificates. Colleges may also require that GPAs in the major, minor, and certificate be computed on all applicable courses attempted by the student in the respective areas.

**University Residency Requirements**

Resident credit is earned by enrolling in UW-Eau Claire courses, both on and off campus.

**Minimum total**. Residence of one year (30 semester credits) is required of all candidates for baccalaureate degrees.

**Senior year**. Twenty-three of the last 30 credits prior to graduation from any curriculum must be earned in residence unless special arrangements have been made by petition to the Associate Dean of the College.

**Major**. At least 12 credits of the upper-division work (300- to 400-level courses) required in a standard major, and 21 in a comprehensive major, must be taken in residence.

**Certificate**. At least 25 percent of the credits applied to the certificate program requirements must be taken in residence.

Credits earned through the National Student Exchange Program, the Health Care practicum, internships, study abroad opportunities, and UW-Eau Claire Internet courses are counted as resident credits.

**Admission to a College or Program**

Admission to the University does not necessarily constitute admission to a particular College or to a degree curriculum offered by a College. Each of the Colleges may set specific admission requirements and procedures, which will be found in the appropriate section of this catalog. As one step toward their degrees, students must be admitted to the College and/or program from which they expect to graduate.

**Graduation**

**Application for Graduation**

Each candidate for a baccalaureate degree must apply for graduation via CampS (https://my.uwec.edu) by the end of the first week of undergraduate priority registration for the semester of intended graduation. Failure to apply for graduation on time may result in the postponement of graduation. Although only two commencement ceremonies are held—May and December, students may graduate in May, August, December, or January.

**Degree Planning**

Students should consult their faculty advisers and develop degree plans as early as possible, so that requirements can be met without delaying graduation. A student may view a Degree Audit at any time on CampS (https://my.uwec.edu). This audit monitors the progress which the student is making toward the declared degree. The Audit is a tool designed to assist the student in course planning. Final confirmation of degree requirements is subject to department, college, and university approval.

A **Degree Audit** is not designed to serve as a contract—only to provide assistance to the student in planning. Final approval of degree requirements resides with Academic Affairs, but responsibility for meeting these requirements rests primarily upon the individual student.

**Catalog Base for Degree Plan**. In planning their degree programs, students must follow the curricular requirements of the catalog under which they entered UW-Eau Claire or upon notification to their department of a more recent catalog. Students who are absent from the University for two or more consecutive semesters must follow the catalog in effect at the time of their re-entry. Since Degree Audits are computer-generated reports applying an individual student’s enrollment history to degree requirements as stated in the catalog, any deviation from published requirements for the degree must be authorized by a waiver/substitution form signed by the student’s dean. Students who wish to appeal an institutional decision or response relating to their request for academic substitutions or waivers may do so by using the Student Academic Grievance Procedures published on the Dean of Students website, www.uwec.edu/DOS/policies/grievances.htm (http://www.uwec.edu/DOS/policies/grievances.htm).

**NOTE**: Transfers who enter UW-Eau Claire within two consecutive semesters of leaving another institution may use the catalog in effect at UW-Eau Claire at the time they entered the prior institution.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits**. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits**. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits**. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. 

[For more information, visit the University of Wisconsin-Eau Claire website](https://www.uwec.edu/UndergraduateCatalog)
Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM/EAU_TRNCRDWZ.WBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may earn a credit toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following:

- Cooperative Education;
- Credit by Examination;
- Satisfactory/Unsatisfactory Registration;
- Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Commencement Exercises**

Candidates for graduation are encouraged to attend commencement ceremonies, which are held two times during the calendar year: at the close of the fall and spring semesters of the academic year. Caps and gowns must be worn by all graduates.

In order to participate in a commencement ceremony, students must file an application for graduation and must meet at least one of the following conditions:

1. completion of all requirements for the bachelor’s or graduate degree, or
2. current enrollment in the courses necessary to complete all requirements.

Students who will complete all requirements for the degree during the first Three-Week Summer Session are August graduates, but may request permission to attend the May commencement ceremony. Students completing all requirements for the degree in January may attend the prior December ceremony; and students completing all requirements in August may attend the following December ceremony.

**Graduation with Distinction**

Graduation with distinction is conferred at commencement exercises upon eligible students earning a first or second baccalaureate degree. Eligibility is based on both the resident and the total GPAs as defined under Grade Point Requirements. A student must earn in both computations (resident and total GPAs) the minimum GPA required at each of the three levels of distinction listed below and a minimum of 30 credits in residence to be eligible:

<table>
<thead>
<tr>
<th>Distinction</th>
<th>GPA Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summa Cum Laude</td>
<td>at least 3.80</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>at least 3.50</td>
</tr>
<tr>
<td>Cum Laude</td>
<td>at least 3.20</td>
</tr>
</tbody>
</table>

The announcement of graduation with distinction made at the commencement ceremony is based on all work completed prior to the student’s final semester; however, the actual conferral of graduation with distinction will be based on the student’s entire record, including the final semester.

**Second Baccalaureate Degree**

A graduate who has earned a baccalaureate degree from UW-Eau Claire or another accredited college or university can earn a second baccalaureate degree.

Students who are declared as a double major may not obtain a second baccalaureate degree.

A candidate for a second baccalaureate degree from UW-Eau Claire must satisfy the following graduation requirements:

1. Be admitted to the second baccalaureate degree after completion of the first baccalaureate degree from UW-Eau Claire or another college or university,
2. Students who are seeking a second baccalaureate degree should contact the Financial Aid Office to review how this process will affect their financial aid,
3. All second degree students must have their transcripts reviewed and their plan of study approved by the Associate Dean for the college from which they are seeking the second degree,
4. Obtain 30 credits beyond the first degree, of which at least 23 must be taken in residence,
5. Satisfy all major/minor and other degree-specific requirements of the second degree,
6. Satisfy the UW System Design for Diversity requirement,
7. It is presumed that the University liberal education core requirements are satisfied by the completion of a baccalaureate degree,
8. Two degrees may not be awarded in the same term,
9. The GPA for the second degree will be calculated based on the course work that was completed after graduation from the first baccalaureate degree,
10. Academic distinction for the second baccalaureate degree is computed based on the credits earned toward the completion of the second degree.

**Completion After Graduation**

Students may, after graduating with a bachelor’s degree from the University of Wisconsin-Eau Claire, complete an additional major or minor. Students may apply for readmission to UW-Eau Claire or apply as a special student. When all course work—which must be taken at UW-Eau Claire—toward the additional major or minor program has been completed, students should contact the Registrar’s Office to initiate a review of the additional information. A statement in the memorandum area of the transcript will be added, noting the completion of such, with the date of completion.
College of Arts and Sciences

David Leaman, Dean (Schofield 220)
Margaret L. Cassidy, Associate Dean—Academic Affairs and Curriculum (Schofield 220)
Marc Goulet, Academic Administrative Support—Enrollment Management and Student Academic Issues (Schofield 220)

Placement and Competency Information

Placement and Competency Tests

The UW System Mathematics Placement Test and the Foreign Language Placement Tests are given during the orientation periods for new freshmen and transfers. Further information about placement or competency tests is available from the chair of the appropriate department or the Registrar’s Office (Schofield 128).

Registration Requirements

1. All students in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) must successfully complete the University Writing Requirement. This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.
2. All students in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) must successfully complete the appropriate Mathematics Competency requirement for the baccalaureate degree program being pursued. This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.
3. All students who have not completed the Bachelor of Science Mathematics Competency will be considered Bachelor of Arts candidates and must demonstrate competency in a foreign language at the level of a 102 course (i.e., two semesters of college work). This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.
4. All students who transfer to UW-Eau Claire with 59 or fewer earned semester credit hours should meet the appropriate requirements listed in 1, 2, and 3 above as appropriate before registering for any semester or session after they have earned 60 semester credit hours including credits in progress.
5. All students who transfer to UW-Eau Claire with 60 or more earned semester credit hours and who intend to register as a student in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) should meet the requirements listed in 1, 2, and 3 before registering for any semester or summer session.

Planning a Degree Program

To officially declare or change to a new major or minor, a student must go to the office of the department of the intended major or minor. A student can find specific instructions on the Registrar’s website (http://www.uwec.edu/Registrar/Student/ChgOfMajor).

All students are encouraged to obtain a new degree audit during this process. A new adviser will be assigned in the department of the new major or minor.

Joint Degrees with Professional Schools

The Board of Regents has authorized the University to grant the Bachelor of Science or Bachelor of Arts degree to students who have completed three years of residence at UW-Eau Claire and who complete the requirements for a Liberal Arts degree after transfer to a professional school. A maximum of 32 semester credits from the professional school may be applied toward the baccalaureate degree. For information, contact the College of Arts and Sciences Dean’s office (Schofield 220).

Dean’s List

At the end of each semester, the College of Arts and Sciences recognizes excellence in scholastic achievement by publishing the Dean’s List. To be eligible, a student must:

1. be in good academic standing;
2. have a minimum semester GPA of 3.70;
3. have completed at least 12 credits during the semester, with no incompletes, no courses below the 100 level, no repeats, and no
Students who meet this standard of achievement receive personal letters of notification and congratulations from the Dean.

**Special Curricular Offerings**

### Special Topics Courses (291, 491)

Under the numbers 291 and 491, several departments and interdisciplinary programs offer courses in which the topic for study may vary from semester to semester, often focusing on a contemporary issue or taking an innovative approach to a traditional subject. Students and faculty members are invited to recommend topics to appropriate departments/programs. Departments/programs provide basic course information as part of the schedule building process. Topics are announced in the Class Schedule for the semester.

**Restrictions:** A total of no more than nine credits in Special Topics courses (291, 491) may be applied toward graduation. Special Topics courses may not be applied toward completion of the Liberal Education Core requirements. Departments may further restrict the application of such credits to their majors and minors.

### Directed Studies (395, 495)

Courses numbered 395 or 495 (and MUSI 496), offered by several departments and interdisciplinary programs under various titles, are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

**Eligibility:** Registration for a Directed Study course requires the permission of the faculty member who agrees to supervise the project and of the department/program offering the course. Any further conditions of eligibility are established by the department/program and published as part of the course description.

**Restrictions:** A total of no more than six credits of Directed Study courses may be counted toward graduation. Directed Study courses may not be applied toward completion of the Liberal Education Core requirements. Departments/programs also may restrict the application of such credits to their majors and minors.

**Procedures:** Permits to enroll may be obtained from the department/program office. A permit approved by the professor directing the study and the department chair/program director is required in order to register for a 395 or 495 (or MUSI 496) course. When registration has been completed, the Registrar's Office will file a copy of the project description with the College Dean and in the student's permanent record.

### Independent Study (399, 499)

Under the course numbers 399 and 499 (and CHEM 497 and HIST 496), departments and interdisciplinary programs in the College of Arts and Sciences provide advanced students with opportunities for independent study in fields where they have already demonstrated their competence.

**Eligibility:** Independent Study courses are open only to juniors or seniors. A student with a departmental major and/or minor may elect an Independent Study in the department of the major or of the minor, provided the student has at least 3.00 resident and total GPAs in that department. A student with an interdisciplinary major may elect an Independent Study in any department/program which has courses required in the major, provided the student has resident and total GPAs of at least 3.00 in the major and has earned a minimum of six credits with resident and total GPAs of at least 3.00 in the department/program in which the Independent Study is elected.

**Restrictions:** Only three credits of Independent Study (399 or 499; CHEM 497; HIST 496) may be elected during any semester. A total of no more than six independent study credits may be counted toward graduation. Independent Study courses may not be applied toward completion of the Liberal Education Core requirements.

**Procedures:** The student shall outline an independent study proposal to a professor willing to direct the study. Permits to enroll may be obtained from the department/program office. A permit approved by the professor directing the study and the department chair/program director is required in order to register for a 399 or 499 (or CHEM 497 or HIST 496) course. When registration has been completed, the Registrar's Office will file a copy of the project description with the College Dean and in the student's permanent record.

### Internships and Apprenticeships

Internship or apprenticeship experiences can be a valuable component in Arts and Sciences programs. Elective courses designated either as an internship or as an apprenticeship are offered in American Indian Studies, Art, Biology, Communication/Journalism, Computer Science, Criminal Justice, Economics, English, Environmental Public Health, Environmental Studies, Geography, Geology, History, Latin American Studies, Liberal Studies, Mathematics, Music, Philosophy, Political Science, Psychology, Religious Studies, Sociology, Theatre Arts, and Women's Studies.

### Departmental Honors Programs

The Departments of Biology, Chemistry, Computer Science, Economics, English, Geography and Anthropology, Geology, History, Mathematics, Music and Theatre Arts, Philosophy and Religious Studies, Physics, Political Science, and Sociology have established Departmental Honors Programs for their majors. The majors in Criminal Justice (see Interdisciplinary Majors (p. 59)) and in Spanish (see the Department of Languages (p. 274)) also offer an Honors Program. See departmental listings or the interdisciplinary majors section for requirements.

### Degrees and Curricula

**Bachelor of Arts (B.A.) or Bachelor of Science (B.S.)**

The B.A. degree and the B.S. degree are differentiated not by the major chosen, but by specific College requirements. For the standard and comprehensive majors listed below, students may elect either the B.A. or B.S. degree.

**Standard Majors (Liberal Arts):**

- American Indian Studies
- Art
- Biology
- Chemistry
- Communication
- Computer Science
- Economics
- English
- French
- Geography
- Geology
- German
- History
- Integrated Strategic Communication

- Integrated Strategic Communication
A standard Liberal Arts minor is offered in each discipline in which a standard Liberal Arts major is available. In addition, a number of interdisciplinary minors are offered by the College of Arts and Sciences. Program descriptions are found in the College of Arts and Sciences Interdisciplinary section or in the noted academic department/program section.

- Ancient Studies (Interdisciplinary)
- Art History (Department of Art & Design)
- Dance (Department of Music and Theatre Arts)
- Environment, Society, and Culture (Watershed Institute for Collaborative Environmental Studies)
- Environmental Science (Watershed Institute for Collaborative Environmental Studies)
- Family Studies (Interdisciplinary)
- Gerontology (Interdisciplinary)
- Global Studies (Interdisciplinary)
- Japanese (Department of Languages)
- Interdisciplinary Linguistics (Interdisciplinary)
- Marine Science (Interdisciplinary)
- Middle East Studies (Interdisciplinary)
- Multimedia Communication (Interdisciplinary)
- Neuroscience (Interdisciplinary)
- Pre-Professional Health Science (Interdisciplinary)
- Russia and East European Studies (Interdisciplinary)
- Spanish for Health Professions (Department of Languages)
- Topical Minor (Interdisciplinary)

Certificates
College of Arts and Sciences Certificate Programs.

The College of Arts and Sciences offers a number of certificate programs. Program descriptions are found in the College of Arts and Sciences Interdisciplinary section or in the noted academic department/program section.

- Ancient Studies (Interdisciplinary)
- Campaign Consulting (Department of Political Science)
- Computer Programmer (Department of Computer Science)
- Ethics (Department of Philosophy and Religious Studies)
- Fine Arts Administration (Department of Music and Theatre Arts)
- French Proficiency (Department of Languages)
- Geospatial (Department of Geography and Anthropology)
- Geospatial in GIS (Department of Geography and Anthropology)
- Geospatial in Remote Sensing (Department of Geography and Anthropology)
- Geospatial in Mapping (Department of Geography and Anthropology)
- German Proficiency (Department of Languages)
- Hmong Studies (Interdisciplinary)
- Integrated Strategic Communication (Department of Communication and Journalism)
- Interdisciplinary Linguistics (Interdisciplinary)
- International Affairs (Department of Political Science)
- LabVIEW (Department of Physics and Astronomy)
- Legal Studies (Department of Political Science)
- LGBTQ Studies (Women’s Studies Program)
- Middle East Studies (Interdisciplinary)
- Ojibwe Language (Department of Languages)
- Organizational Communication (Department of Communication and Journalism)
• Social Advocacy and Change (Department of Communication and Journalism)
• Social Diversity (Department of Sociology)
• Teaching English as a Foreign Language (Interdisciplinary)
• Transnational Asian Studies (Interdisciplinary)
• Web Design and Development (Department of Computer Science)
• Women’s Studies (Women’s Studies Program)
• World History and Society: Past, Present, Future (Interdisciplinary)
• World Religions (Department of Philosophy and Religious Studies)

**College of Business Minors** accepted for Arts and Sciences degrees:

• Accounting
• Business Administration
• Business Finance
• Information Systems
• International Business
• Management
• Marketing

**NOTE:** Arts and Sciences students selecting College of Business minors must meet College of Business admission requirements.

**College of Education and Human Sciences Minors** accepted for Arts and Sciences degrees:

• Science of Coaching-Liberal Arts
• Library Science-Liberal Arts
• Kinesiology-Liberal Arts

**Major/Minor, Major/Certificate and Major/Major Combinations in a Single Department or Program.**

A major and a minor, or a major and certificate, or two majors (if available), may be elected within a single department or program only in the following approved combinations:

**Department/Program:**

**Art & Design**

• Art Major, Studio Emphasis (Code 020-208) and Art History Minor (Code 030-401)
• Art Major, Art History Emphasis (Code 020-209) and Art Minor (Code 020-402)

**Languages**

Any two languages

**Music and Theatre Arts**

• Music Major (Code 060-201) and Theatre Arts Minor (Code 601-422)
• Music Major (Code 060-201) and Dance Minor (Code 605-400)
• Theatre Arts Major (Code 601-223) and Dance Minor (Code 605-400)
• Theatre Arts Major (Code 601-223) and Music Minor (Code 060-401)
• Music Major (Code 060-201) and Theatre Arts Major (Code 601-223)
• Music Major (Code 060-201) and Fine Arts Administration Certificate (Code 600-601)
• Theatre Arts Major (Code 601-223) and Fine Arts Administration Certificate (Code 600-601)

**Philosophy and Religious Studies**

• Religious Studies Major (Code 411-201) and Philosophy Minor (Code 400-400)
• Philosophy Major (Code 400-200) and Religious Studies Minor (Code 411-401)
• Philosophy Major (Code 400-200) and Religious Studies Major (Code 411-201)
• Religious Studies Major (Code 411-201) and Ethics Certificate (Code 400-601)
• Philosophy Major (Code 400-200) and World Religions Certificate (Code 411-601)

**Watershed Institute for Collaborative Environmental Studies**

• Environmental Public Health Major (Code 640-001) and Environment, Society, and Culture Minor (Code 489-401)
• Environmental Public Health Major (Code 640-001) and Environmental Science Minor (Code 155-400)

**Women’s Studies**

Women’s Studies Major (Code 486-201) and LGBTQ Certificate (Code 486-602)

**Major/Minor, Major/Certificate and Major/Major Combinations Not Allowed.** Program combinations with too much overlapping disciplinary content (though found in different academic departments or programs) also are not allowed:

• English Major, Linguistics (540-205) and Interdisciplinary Linguistics Minor (Code 570-402)
• English Major, Linguistics (540-205) and Interdisciplinary Linguistics Certificate (Code 570-601)
• Spanish Major, Linguistics (320-206) and Interdisciplinary Linguistics Certificate (Code 570-601)

**Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.
Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Bachelor of Liberal Studies Degree (B.L.S.)**

**Bachelor of Liberal Studies**

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Liberal Studies Degree in the College of Arts and Sciences (B.L.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

**Bachelor of Fine Arts Degree (B.F.A.)**

**Bachelor of Fine Arts**

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Music Degree (B.M.)

Bachelor of Music

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in Environmental Public Health (B.S.E.P.H.)

Bachelor of Science in Environmental Public Health

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Science in Environmental Public Health Degree in the College of Arts and Sciences (B.S.E.P.H.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

Associate of Arts and Sciences

The Associate Degree certifies a student as having satisfactorily completed one-half the number of credits required for a baccalaureate degree program. In order to qualify for the Associate Degree, the student must:

1. Earn a minimum of 60 semester credits; 40 of these credits must apply to the Liberal Education Core.
2. Earn at least 30 semester credits, including the last 15 at UW-Eau Claire.
3. Earn a resident and total GPA of at least 2.00.
4. Count toward the degree no more than six credits earned on a Satisfactory/Unsatisfactory basis.
5. Complete the University Writing Requirement.
6. Complete the University Mathematics Requirement.
7. Complete the Design for Diversity Requirement.
8. Complete the Liberal Education Core Knowledge Outcome Requirements as specified for the baccalaureate degree.
9. Declare (regrec53@uwec.edu) intention to graduate with the Associate Degree.

Pre-Professional Programs

Pre-professional programs help students prepare for entrance into professional degree programs. Many professional degree programs are offered only at the post-baccalaureate level, so an undergraduate degree is needed before enrolling in them. UW-Eau Claire offers a variety of academic majors that provide excellent preparation for applying to such professional programs. Students interested in these programs should select an academic major that will prepare them to compete for such programs (many are highly selective) as well as provide career alternatives. For other professional degree programs,
students transfer to another higher education institution to complete the appropriate professional degree.

Pre-professional programs are not academic degree programs (that is, they are not academic majors or minors). Instead, pre-professional programs provide an organized approach to academic advising for students intending to apply to a professional degree program. To enhance academic planning and preparation while enrolled at UW-Eau Claire, a student interested in obtaining a professional degree should:

- Work with a pre-professional adviser who can help plan an appropriate curriculum in the field of interest.
- Obtain information from other colleges/universities regarding specific academic requirements for the professional degree program of interest.
- Declare an academic major that is logically connected to the professional field, and work with an adviser in the academic major.

**Pre-Chiropractic**

*(Code 704-900)*

Advisor: M. Mattes (Kinesiology).

The pre-chiropractic program is intended to prepare students for admission into a chiropractic college. Most accredited chiropractic colleges prefer that students earn a baccalaureate degree before beginning, or concurrently with, their chiropractic training. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-chiropractic program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic adviser in their chosen area of study.

**Pre-Dentistry**

*(Code 705-900)*

Advisors: W. Gallagher (Chemistry), J. Halfen (Chemistry), J. Lyman Gingerich (Biology).

Students should plan to spend at least three years in pre-professional work. Many pre-dentistry students complete a B.S. degree in biology or chemistry. A typical first-year program includes:

Select one of the following: 8

<table>
<thead>
<tr>
<th>Code</th>

**Pre-Law**

*(Code 425-900)*

Advisors: M. Gilkison (Political Science), E. Kasper (Political Science), F. Kolb (Economics), M. Meyer (Philosophy and Religious Studies), P. Myers (Political Science).

Students should plan to complete a baccalaureate degree before applying for law school admission and may choose from any major program of study. Choice of major and minor fields should be done with the following information in mind, including consideration of an alternative career plan. In addition to meeting with their major adviser, students should meet with one of the pre-law advisers early in their first semester. The American Bar Association recommends that future lawyers select a major that develops skills in reading and interpreting texts, research and writing. The skills most valued in law school are analytic and problem-solving skills and courses that challenge the student in these areas are recommended. Law school admissions are based
on successful completion of the undergraduate degree and scores on the Law School Admission Test (LSAT), along with other criteria set by particular programs. Studies show that students in the following majors consistently score highly on the LSAT: Economics, Finance, History, Literature, Philosophy, Physics/Math, Political Science, and Religious Studies. Courses which are recommended, regardless of major, are:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 201</td>
<td>Principles of Accounting I</td>
<td>3</td>

<td>Philosophy of Law</td>
<td>3</td>
</tr>
<tr>
<td>POLS 110</td>
<td>American National Politics</td>
<td>3</td>
</tr>
</tbody>
</table>

And other courses dealing with the American political system

In addition, U.S. and world history courses, as well as ethics are recommended. Students may want to consider majoring in the Political Science Comprehensive Major or creating a topical minor in pre-law. To obtain Pre-Law designation, contact the Political Science department chair. This designation is in addition to major and minor program designations.

NOTE 1: The LSAT should be taken early in the senior year (usually September or October).

NOTE 2: In addition to LSAT scores, interviews and recommendations play an important role in law school admissions.

NOTE 3: Students may want to be involved in Future Lawyers of America, the student organization for Pre-Law.

**Pre-Medicine**

**Code 706-900**

Advisors: J. Anderson (Biology), W. Bryant (Biology), R. Buiser (Biology), W. Gallagher (Chemistry), D. Gingerich (Biology), J. Halfen (Chemistry), D. Janik (Biology), M. Kettler (Biology), J. Rohrer (Biology).

The pre-med curriculum consists of those courses needed to meet the entrance requirements for the majority of medical schools and to prepare students to take the Medical College Admission Test. The majority of students should plan to complete the requirements for a baccalaureate degree. Because of the competition for available places, students are urged to plan programs that will permit alternative career choices if acceptance into medical school is not secured. Typical first-year courses include:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 221</td>
<td>Foundations of Biology I</td>
<td>4</td>
</tr>
</tbody>
</table>

Select one of the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 115</td>
<td>Chemical Principles</td>
<td></td>
</tr>
<tr>
<td>&amp; CHEM 213 and Quantitative Analysis</td>

<td></td>
</tr>
<tr>
<td>OR</td>
<td></td>
<td></td>
</tr>
<tr>
<td>CHEM 103</td>
<td>General Chemistry I</td>
<td></td>
</tr>
<tr>
<td>&amp; CHEM 104 and General Chemistry II</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Required:

One or two semesters of mathematics

Completion of the University Writing Requirement

Consult an adviser for further recommendations.

NOTE 1: CHEM 103 will not apply toward the completion of a biochemistry/molecular biology major.

NOTE 2: Entry into medical schools is based on the following:

1. the student’s academic record,
2. the results of the Medical College Admission Test, which should be taken in the spring of the junior year,
3. recommendations, and
4. interviews.

NOTE 3: A limited number of scholarships are available for sophomore, junior, and senior pre-medicine students who meet the scholarship criteria.

**Pre-Occupational Therapy**

**Code 665-900**

Advisor: M. Mattes (Kinesiology).

The pre-occupational therapy program is intended to prepare students for admission into a graduate program in occupational therapy. Most occupational therapy programs are now at the graduate level. Students should plan on completing a baccalaureate degree before applying to occupational therapy graduate programs. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-occupational therapy program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic adviser in their chosen area of study.

**Pre-Optometry**

**Code 703-900**

Advisor: D. Janik (Biology).

Students should plan to spend at least two years in undergraduate study; the majority of successful applicants have three or four years of college work. A typical first-year program includes:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 221</td>
<td>Foundations of Biology I</td>
<td>4</td>
</tr>
</tbody>
</table>

Select one of the following: 6-8

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 103</td>
<td>General Chemistry I</td>
<td></td>
</tr>
<tr>
<td>&amp; CHEM 104 and General Chemistry II</td>
<td></td>
<td></td>
</tr>
<tr>
<td>OR</td>
<td></td>
<td></td>
</tr>
<tr>
<td>CHEM 115</td>
<td>Chemical Principles</td>
<td></td>
</tr>
</tbody>
</table>

Mathematics course

Completion of the University Writing Requirement

Consult an adviser for further recommendations.

NOTE: The Optometry Admission Test should be taken before the semester in which the student applies for acceptance into a school of optometry. Because of competition for the available places, students are urged to plan programs that will permit alternative career choices if acceptance into an optometry school is not secured.
Pre-Pharmacy
(Code 685-900)

Advisors: S. Bailey-Hartel (Chemistry), C. Muller (Chemistry), K. Wiegel (Chemistry).

The pre-pharmacy curriculum blends science and math courses with social science and humanities courses in order to prepare future pharmacists to address medical problems with the people they will serve. Most students now admitted to pharmacy schools enter with a bachelor’s degree, so students should plan to choose a major to be more competitive. A first-year program should include

Select one of the following: 6-8
- CHEM 115 Chemical Principles
- OR
  - CHEM 103 General Chemistry I
  - & CHEM 104 and General Chemistry II

Required:
- MATH 114 Calculus I 4
- Select one of the following: 4-8
  - BIOL 221 Foundations of Biology I
  - BIOL 214 Human Anatomy and Physiology I
  - & BIOL 314 and Human Anatomy and Physiology II
- Select one or more of the following: 3
  - ECON 103 Principles of Microeconomics
  - ANTH/AIS 161 Introduction to Cultural Anthropology

Required:
- Completion of the University Writing Requirement

The minimum course work admission requirements could be planned in two years if the student is prepared to start in CHEM 115 and MATH 114. More time should be allowed if the student starts in a lower level math course or takes the CHEM 103/CHEM 104 sequence. The GPA of students admitted into pharmacy school is typically above 3.50. Pharmacy schools are increasingly emphasizing communication, leadership, and community service in their admissions criteria, so students should pace their work at UW-Eau Claire to develop strong records in both academics and community service. Experience as a pharmacy technician is also helpful. Consult an adviser for information about the Student Pharmaceutical Society and pharmacy school admissions requirements.

Pre-Physical Therapy
(Code 662-900)

Advisor: M. Mattes (Kinesiology).

The pre-physical therapy program is intended to prepare students for admission into a graduate program in physical therapy. Most physical therapy programs are now at the graduate level. Students should plan on completing a baccalaureate degree before applying to physical therapist graduate programs. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-physical therapy program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic adviser in their chosen area of study.

Pre-Physician Assistant
(Code 707-900)

Advisors: D. Herman (Biology), D. Janik (Biology).

Most physician assistant programs are now at the graduate level (M.S.). Students should plan on completing a baccalaureate degree before applying to physician assistant graduate programs. Specific requirements for admission will vary among programs, and students are encouraged to consult the specific program catalog for these requirements. In preparation, students should take two semesters of chemistry, two semesters of physics, precalculus/calculus, biology courses including organismal form and function, microbiology, two semesters of anatomy and physiology, psychology courses, and a communication course. Other courses may be required. Consult with an adviser for further recommendations and information, including information about regional program requirements.

Pre-Veterinary Medicine
(Code 708-900)

Advisor: S. Showsh (Biology).

Students should plan to spend at least three years in pre-professional work. Many students complete a B.S. degree. A typical first-year program includes:

Select one of the following: 4-8
- BIOL 221 Foundations of Biology I
- BIOL 214 Human Anatomy and Physiology I
- & BIOL 314 and Human Anatomy and Physiology II

Required:
- Completion of University Writing Requirement

Consult an adviser for further recommendations.

NOTE: Most schools of veterinary medicine require experience with animals, such as that gained through a farm background or working as assistant to a veterinarian, as well as the completion of the general test of the Graduate Record Examination. Because of competition for the available places, students are urged to plan a degree program that will permit alternative career choices if acceptance into a school of veterinary medicine is not secured.

Interdisciplinary Curricula

A number of interdisciplinary programs, majors, minors and certificates, i.e., those that cross disciplines, are housed in the College of Arts and Sciences or affiliated with the College. All represent collaborative efforts to provide course work across and study of interconnections between multiple fields. The curriculum is delivered in a variety of ways. Often, faculty contribute disciplinary courses to interdisciplinary major, minor or certificate requirements and electives. Disciplinary courses may be cross-listed with an interdisciplinary prefix to highlight the contributions of the various fields. In other instances, faculty teach interdisciplinary courses exclusively or partially for the interdisciplinary program. Those with partial assignments in the interdisciplinary program also teach disciplinary courses for a "home"
department. Interdisciplinary academic programs in the College of Arts and Sciences are listed alphabetically with Arts and Sciences departments.

Inquiries about the interdisciplinary majors, minors, and certificates included in this section may be directed to the identified adviser(s) or academic department/program, or the College of Arts and Sciences. Information on the interdisciplinary Chemistry with Business Comprehensive Major is found in the Department of Chemistry. Information on the interdisciplinary Geospatial Analysis and Technology Comprehensive Major is found in the Department of Geography and Anthropology.

### Majors

- Comprehensive Major: Biochemistry/Molecular Biology, Liberal Arts - B.A./B.S. (p. 61)
- Comprehensive Major: Criminal Justice, Liberal Arts - B.A./B.S. (p. 63)
- Comprehensive Major: Liberal Studies, Liberal Arts - B.L.S. (p. 71)
- Comprehensive Major: Physical Science, Teaching - B.S. (p. 75)
- Comprehensive Major: Physics-Mathematics, Mathematics Emphasis, Teaching - B.S. (p. 78)
- Comprehensive Major: Physics-Mathematics, Physics Emphasis, Teaching - B.S. (p. 82)
- Comprehensive Major: Social Studies Broadfield Teaching, Economics – BA (p. 86)
- Comprehensive Major: Social Studies Broadfield Teaching, Economics/History – BA (p. 90)
- Comprehensive Major: Social Studies Broadfield Teaching, Geography – BA (p. 93)
- Comprehensive Major: Social Studies Broadfield Teaching, Geography/History – BA (p. 97)
- Comprehensive Major: Social Studies Broadfield Teaching, History – BA (p. 101)
- Comprehensive Major: Social Studies Broadfield Teaching, Political Science – BA (p. 105)
- Comprehensive Major: Social Studies Broadfield Teaching, Political Science/History – BA (p. 108)
- Comprehensive Major: Social Studies Broadfield Teaching, Sociology – BA (p. 112)
- Comprehensive Major: Social Studies Broadfield Teaching, Sociology/History – BA (p. 116)

### Minors

- Minor: Ancient Studies, Liberal Arts (p. 61)
- Minor: Family Studies, Liberal Arts (p. 66)
- Minor: General Science, Middle Childhood/Early Adolescence (p. 66)
- Minor: Gerontology, Liberal Arts (p. 67)
- Minor: Global Studies, Liberal Arts (p. 68)
- Minor: Language Arts, Middle Childhood/Early Adolescence (p. 71)
- Minor: Interdisciplinary Linguistics (p. 70)
- Minor: Marine Science, Liberal Arts (p. 73)
- Minor: Middle East Studies, Liberal Arts (p. 73)
- Minor: Multimedia Communication, Liberal Arts (p. 74)
- Minor: Neuroscience, Liberal Arts (p. 74)
- Minor: Pre-Professional Health Science, Liberal Arts (p. 85)
- Minor: Russia and East European Studies, Liberal Arts (p. 86)
- Minor: Social Studies, Middle Childhood/Early Adolescence (p. 120)
- Minor: Teaching of English to Speakers of Other Languages, Middle Childhood/Early Adolescence (p. 121)

### Certificates

- Minor: Teaching of English to Speakers of Other Languages, Early Adolescence/Adolescence (p. 120)
- Minor: Teaching of English to Speakers of Other Languages, Early Childhood/Adolescence (p. 121)
- Minor: Topical Minor, Liberal Arts (p. 122)

### Ancient Studies, Certificate

(Code 310-601)

Adviser: M. Waters (Languages).

This certificate is designed for undergraduate students with an interest in Ancient Studies. It is particularly geared toward students for whom a deeper understanding of the societies and cultures of the ancient world – foundational within a humanistic education – will complement and enhance their major area of study and/or future careers.

A minimum of 12 credits is required, with at least six credits at the 300-level or above.

From the following list, two courses at any level with the same prefix must be selected (to serve as a core from one discipline, with which to develop perspective on others).

The remaining six credits from any on the following list. Four credits of language study (Classical Greek or Latin) may be applied to the certificate.

- **ANTH 169** Introduction to Archaeology
- **ARTH 111** Art History Survey I
- **ARTH 315** Ancient Greek, Etruscan, and Roman Art
- **ARTH 335** Ancient Art and Architecture of Mexico and Central America
- **FLTR 250** Classical Mythology
- **FLTR 360** Readings in Ancient Literature
- **GRK 101** Beginning Classical Greek
- **GRK 102** Beginning Classical Greek
- **HIST 302** Ancient Near Eastern Civilizations
- **HIST 304** Greek Civilization
- **HIST 306** Roman Civilization
- **HIST 308** Ancient Historiography
- **LAT 101** Beginning Latin
- **LAT 102** Beginning Latin
- **PHIL 235** Ancient Philosophy
- **RELS 230** Old Testament/Hebrew Bible

Undergraduate Catalog  |  2016-2017 Catalog

With advisor approval, the following may be applied to completion of the certificate: (1) up to three credits of relevant independent study or directed studies; (2) additional relevant courses.

Note: Courses used for the certificate cannot count for the student’s major program.

Ancient Studies, Minor

Liberal Arts (Code 310-401)

Adviser: M. Waters (Languages).

The minor in Ancient Studies touches upon almost every field of human inquiry: language, literature, history, politics, religion, medicine, and science, to note only a few of the broader disciplines. Students taking courses to fulfill this minor will pursue the following specific goals:

1. to enhance their appreciation and understanding of ancient languages, cultures, and their own heritage;
2. to develop students’ critical thinking abilities via language acquisition (study of grammar, translation, and interpretation), text analysis, historical perspective, and study of the influence of ancient civilizations upon subsequent periods;
3. to pursue an option within the undergraduate experience which allows one to explore in a systematic way the fundamental building blocks and materials of a liberal education and, thereby, highlight UW-Eau Claire’s goals as a liberal arts institution;
4. to develop an interdisciplinary approach to these fields of study and to discover, by study of their origins, an apprehension of the underlying reasons and methods of discourse and institutions of the western world;
5. to see ourselves in perspective, to become more enlightened citizens, and to think more deeply about the human condition and important issues in our lives—based on the bedrock of the earliest approaches, which impacted all subsequent ones, to such questions.

Core Requirements

The minor consists of 24 credits of core and elective course work, including foreign language competency at the 102 level.

Select one of the following: 8

LAT 101 Beginning Latin
& LAT 102 Beginning Latin

OR

GRK 101 Beginning Classical Greek
& GRK 102 Beginning Classical Greek

Elective Courses

Select sixteen credits from the following list with at least two courses from each category below and a minimum of nine credits at the 300 or 400 level.

Total Credits 24

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

### College Degree Requirements

#### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

#### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

#### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements
Advisers: J. Anderson (Biology), W. Gallagher (Chemistry), D. Gingerich (Biology), S. Hati (Chemistry), S. Bailey-Hartsel (Chemistry), J. Lyman Gingerich (Biology), S. Showsh (Biology), T. Yang (Chemistry).

This major leads to entry-level employment opportunities in research and development in industrial and government laboratories as well as to entry-level positions in the biotechnology industry. Graduates will also be well prepared to enter graduate studies in molecular biology, genetics, and related fields, as well as for admission to professional schools in medicine, osteopathy, pharmacy and dentistry. BMB majors are eligible to apply for Biology or Chemistry Department Honors (see Biology and Chemistry Department entries for criteria.)

Biochemistry/Molecular Biology
A minimum of 69 semester credits, including:

1 Course in development

Note 1: CHEM 103 and CHEM 104 may be substituted for CHEM 115, but only six of the eight credits count toward the major.

Note 2: CHEM 433 (CHEM 434 optional) may be substituted for CHEM 406. (MATH 215 and PHYS 231, PHYS 232 required if CHEM 433 (CHEM 434) is taken.) This substitution is strongly recommended for students considering doctoral study in biophysics or physical biochemistry.

Note 3: Students are also encouraged to seek out a collaborative research experience or do independent study (BIOL 399, BIOL 499, CHEM 399, CHEM 497, or CHEM 499) in addition to their formal course work.

</table>

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1)

Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2)

Two (2) learning experiences
Criminal Justice Research Methods

Youth Crime and Juvenile Justice

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test placement that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Advisers: J. Patchin (Political Science), J. Spraitz (Political Science).

The multidisciplinary criminal justice curriculum is designed to familiarize the student with the complex nature of the American criminal justice system. The study of criminal justice focuses upon the structure and functions of law enforcement, the courts, and corrections. Included is the analysis of the political, social, cultural, philosophical, and psychological forces that shape the policies, programs, and practices in the system. The liberal arts orientation of the program prepares the student for graduate-level work in criminal justice, law, and for careers at the local, state, and federal levels in law enforcement, corrections, and court related agencies.

Criminal Justice Honors Program
1. Goals
a. To provide an enriched educational experience for subsequent graduate study, professional activity, public life, or citizenship.
b. To encourage concentrated study in selected areas in the field of criminal justice.
c. To stimulate and challenge exceptional students to gain a better understanding of the issues, substantive content, research and theory in criminal justice.
d. To develop capabilities for independent thought and constructive criticism.

2. Entrance Requirements
a. Eligibility: Upper-class majors with resident and total GPAs of 3.50 and resident and total GPAs of 3.50 in criminal justice major courses.
b. Applications for the Honors Program should be made in writing to the Criminal Justice Program Coordinating Committee early in the junior year.

3. Graduation from the University with Honors in Criminal Justice requires maintaining resident and total GPAs of 3.50 in criminal justice major courses, and satisfactory completion of all of the following:
a. Criminal justice major requirements.
b. Six credits of independent study, approved by the student’s honors committee.
c. An honors examination.
d. An honors research paper.
Family Studies, Minor

Liberal Arts (Code 487-401)

For advising, contact the Sociology Department.

The interdisciplinary Family Studies Minor is designed to:

1. enhance students’ understanding of the issues and problems confronting contemporary families from sociological, developmental, psychological, historical, religious, economic, and anthropologic perspectives;
2. examine the well-being of diverse individuals and families over the lifespan including the dynamic relations within families and the interaction between families and society;
3. provide an interdisciplinary liberal arts base for students who wish to pursue graduate study and careers working to improve the lives of individuals, families and communities; and
4. provide a knowledge of family studies that will foster personal and social development of the individual student.

Remaining credits to be selected from courses included in Categories A, B, C, and D and/or up to 3 credits from Directed Studies, Independent Study, Internship, or Special Topics courses that focus on family issues may be applied to the minor with approval from the Family Studies Minor Coordinator.

**NOTE 1:** Student may not take both CJ 201 and CJ 203 for credit in the minor.

**NOTE 2:** No more than 12 credits from any course prefix may be counted toward the minor. Anth/WMns, CJ/WMns, Econ/WMns, Hist/WMns, Psyc/WMns, RelS/WMns, and Soc/WMns courses will count as Anth, CJ, Econ, Hist, Psyc, RelS, or Soc credits, respectively, for the purpose of this limitation.

General Science, Minor - Teaching

Middle Childhood/Early Adolescence (Code 120-403)

The MCEA science minor prepares students to teach a breadth of science areas in Grades 1-8. A minimum of 24 semester credits is required to fulfill the science minor. To prepare to teach in Grades 1-8, courses in certain science areas are required.

For advising, contact the Education Studies Department.

Required of all MCEA students:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 105</td>
<td>General Biology</td>
</tr>
<tr>
<td>or BIOL 151</td>

</tr>
</tbody>
</table>

**Total:** 7-8 credits (1 biological & 1 physical science lab science)
Remaining 16-17 credits must include the science area not taken from the MCEA required science courses (i.e. physical or earth/space) but is not limited to the courses listed above. MCEA science minor students should complete a course in physical, life, and earth/space sciences. Therefore, remaining credits may be taken from any of the science areas listed below. A variety of science areas is recommended to increase breadth of science knowledge.

Select courses from the following:

**Biology**
- BIOL 130 Human Sexual Biology 3
- BIOL 151 Biology of Humans 4
- BIOL 180 Environmental Biology and Conservation 1
- BIOL 181 Environmental Biology and Conservation Lab 1
- BIOL 195 Plants and Society 4
- BIOL 196 Human Nutrition 3
- BIOL 214 Human Anatomy and Physiology I 4
- BIOL 311 General Entomology 4

**Chemistry**
- CHEM 100 Chemistry: Issues and Answers 3
- CHEM 103 General Chemistry I 4
- CHEM 104 General Chemistry II 4
- CHEM 115 Chemical Principles 6
- CHEM 121 Elementary Chemical Education 1
- CHEM 127 Chemistry and Climate 3
- CHEM 150 Survey of Biochemistry 3
- CHEM 191 Current Topics in Chemistry 1-3
- CHEM 304 Environmental Chemistry 3
- CHEM 399 Independent Study - Juniors 1-3

**Geology**
- GEOL 102 Oceanography 3
- GEOL 106 Earth Science 4
- GEOL 115 Environmental Geology 4
- GEOL 122 The Future of Global Energy 3
- GEOL 201 Geology of Our National Parks and Monuments 2
- GEOL 301 Earth Resources 3
- GEOL 303 Rocky Mountain Field Studies 3
- GEOL 308 Water Resources 3
- GEOL 312 Mineralogy and Petrology I 5

**Geography**
- GEOG 104 The Physical Environment 4
- GEOG 178 Conservation of the Environment 1
- GEOG 304 Introduction to Geomorphology 4
- GEOG 340 Climatology 3
- GEOG 361 Environmental Hazards 3

**Physics**
- PHYS 100 Physical Science 4
- PHYS 115 Survey of Astronomy 3
- PHYS 205 Physics of Renewable Energy 4
- PHYS 211 General Physics 5
- PHYS 212 General Physics 4
- PHYS 226 Astronomy-Solar System 4
- PHYS 229 Astronomy-Stars and Galaxies 4
- PHYS 308 Science of Musical Sound 3
- PHYS 315 The Mysterious Universe 3

**Environmental Public Health**
- ENPH 110 Introduction to Environmental Health 3
- ENPH 150 Disease Detectives: Epidemics and Data 3

**Environmental Studies**
- ENV 140 Water Problems, Water Solutions 3
- ENV 291 Special Topics - Environmental Studies 1-3

1. Only one of GEOG 178 or BIOL 180 may be included in the minor.

This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option A and leads to licensure to teach General Science in Middle Childhood through Early Adolescence classrooms.

**Gerontology, Minor**

Liberal Arts (Code 670-400)

Adviser: M. Cassidy (College of Arts and Sciences).

Gerontology is a multidisciplinary field that examines the correlates and consequences of human aging. To reflect this multidisciplinarity, the Gerontology minor includes courses from a variety of academic disciplines. Objectives of the minor include:

1. promoting an understanding of the multifaceted nature of the human aging process;
2. generating awareness of both the rewards and challenges associated with aging;
3. providing a broad program of study that complements a number of major programs and prepares students for graduate study and/or careers in the field of aging.

Twenty-four semester credits, including:

**Core Courses**
- BIOL 151 Biology of Humans 4
- CSD 410 Communication Changes and Disorders of the Older Adult 3
- PSYC 333 Psychology of Adulthood and Aging 3
- SW 315 Aging and the Aged 1
- or SOC 364 Social Gerontology 3
- SW/NRSN 360 Death and Bereavement 3

Select remaining credits from the following:
- BIOL 196 Human Nutrition 3
- ECON 280 Health Economics 3
- HCAD 222 Multidisciplinary Perspectives on Aging 3
- IDIS 201 Overview of the U.S. Health Care System: A Policy Perspective 1
- NRSN 211 Wellness: Food for Fitness 3
- NRSN 212 Navigating Health Care 3
- NRSN 213 Body, Mind, Spirit Wellness 3
- PHIL 306 Ethics of Health Care 3
- PSYC 230 Human Development 3

1. Only one of GEOG 178 or BIOL 180 may be included in the minor.
Global Studies, Minor

Liberal Arts (Code 424-400)

Advisers: A. Abootalebi (Political Science), M. DaCosta (Economics), K. Lang (History), K. Schaupp (Philosophy and Religious Studies), D. Shih (English), or L. Taft (Nursing). Students pursuing a major in the College of Business should see their major adviser for information about the Global Studies Minor.

The interdisciplinary minor in Global Studies is designed to enhance students' understanding of other languages, diverse cultures, and global issues. It provides students with the knowledge and skills that can be used in a changing and increasingly interdependent world. It also offers curricular options that encourage participation in other international studies programs as well as study abroad and internship options. By completing this minor, students should develop:

1. a historical perspective of international life, cultures, and countries;
2. an understanding of economic and financial differences that often define life in other countries and account for life experiences, education, and social development;
3. an understanding of the social and cultural differences that serve to define life in international communities;
4. an understanding of world politics and the influence of private and public organizations that are transforming power and social interactions around the world;
5. an understanding of world geography by studying the production, exchange, consumption patterns, and development of international communities;
6. an understanding of foreign languages that will prepare them for study abroad experiences as well as employment in multinational companies, governmental agencies, education, social work, and health service organizations.

To be awarded the minor, in addition to the 24 semester credits required, students also must have foreign language competency at the 102 level.

Twenty-four semester credits, including:

Note 1: A maximum of 12 credits from the student's major can count toward the Global Studies Minor.

Note 2: It is not likely that students in major other than Music will have the prerequisites for MUSI 303.

Hmong Studies, Certificate
(Code 295-601)

The critical Hmong Studies Certificate program is designed for students who have a strong interest in studying Hmong history, culture, society, language, and contemporary issues. The certificate might appeal to students who have limited opportunity to explore academic areas beyond their major discipline, or those who interact with Hmong communities on a professional basis. The certificate consists of 10 core credits and between 5 and 8 elective credits, depending on the course combination selected.

Of the minimum 15 credits required, six would need to be at the 300-400 level (including electives). Elements of the certificate would include (1) Language; (2) Hmong History, Culture, & Society; (3) Critical Race Theory (CRT); (4) Electives.

Core credits:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>HUMS 110</td>
<td>Hmong Civilization, Culture, and Contemporary Issues</td>
<td>3</td>
</tr>
<tr>
<td>HMNG 101</td>
<td>Beginning Hmong I</td>

<tbody>
<tr>
<td>HMNG 102</td>
<td>Beginning Hmong II</td>
<td></td>
</tr>
<tr>
<td>AIS 444</td>
<td>Indigenous Theory and Methodologies</td>
<td></td>
</tr>
<tr>
<td>ENGL 368</td>
<td>Topics in American Ethnic Literature</td>
<td>2</td>
</tr>
</tbody>
</table>

Variable credit options:

- Travel seminars focused on Hmong Studies
- Various courses with either Hmong or Hmong-American content or CRT or indigenous approach
- Other distance learning options, in collaboration with other institutions/UW campuses when focused on Hmong Studies

Note: Courses cannot be counted in both the major and the certificate program.

Footnotes:

1. HNRS 104 is an appropriate substitution when course is offered as Hmong Cult Hist Civ.

2. When course is focused on Hmong Studies.

For advising, contact the Department of Languages.
Interdisciplinary Linguistics, Certificate
(Code 570-601)

For advising, contact the English Department.

Linguistics bridges the social sciences and humanities, applying scientific methods and perspectives to the study of language, a fundamental human behavior and social institution. The Interdisciplinary Linguistics certificate offers a focused program of study in the structure, acquisition, and/or social functions of language, drawing on theories and methodologies of one or more disciplines. The goal of the program is to enhance students' abilities to reason about language by providing opportunities to analyze the sounds, words, sentences and/or meanings of natural language; to describe variation and change in natural language; and to form and test hypotheses about language by collecting, organizing, and analyzing linguistic data. While not in itself a professional certification, a linguistics certificate could enhance the career options of students majoring or minoring in computer science, English, languages, teaching English as a second/foreign language, elementary and secondary education, among others.

Twelve semester credits, including:

Required course:
ENGL 221 Introductory English Linguistics 3

Select nine credits of linguistics electives from the following courses:

<table>
<thead>
<tr>
<th>Course</th>

</tr>
</tbody>
</table>

Note: Students may not pursue the Interdisciplinary Linguistics Certificate and the English Linguistics Emphasis or the Spanish Linguistics Emphasis as their first and second degree programs for purposes of graduation. Also, courses that count in the certificate may not be applied to the student's major.

Interdisciplinary Linguistics, Minor
Liberal Arts (Code 570-402)

For advising, contact the English Department.

The ability to communicate through language is a fundamental part of being human. What is the nature of human language? Where did it come from? How is it acquired? Researchers from fields spanning the university have attempted to answer these questions, applying the perspectives of the humanities such as languages and philosophy, the social science such as anthropology, psychology, and sociology, and even the natural sciences such as computer science and neuroscience. Students in the Interdisciplinary Linguistics minor will investigate the structure, acquisition, and social functions of human language by drawing on the theories and methodologies of multiple disciplines.

Twenty-four semester credits, including at least 12 credits at the 300 level or higher, as follows:

Core Courses - at least 8 credits from the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANTH 315</td>
<td>Language in Culture and Society</td>

Elementary or intermediate language courses, including American Sign Language: maximum 4 credits per language and 8 credits total.

Note: A maximum 12 credits counted in the major can be counted in the minor. Students may not pair an English Linguistics major with the minor.
Language Arts, Minor - Teaching
Middle Childhood/Early Adolescence (Code 930-402)

For advising, contact the Education Studies Department.

Consisting of studies in Communication, Communication Sciences and Disorders, English, Education, and Theatre Arts, this minor provides a broad background which is useful to all teachers in the language arts. This minor is an approved minor for individuals seeking licensure to teach in Middle Childhood through Early Adolescence classrooms.

Twenty-four semester credits, including:

- ENGL 150 Introduction to Literature 3
- ENGL 302 Teaching Writing in the Elementary and Middle School 3
- LMED 306 Literature For Adolescents 3
- ES 316 Teaching Multicultural Literature in Grades K-12 3

Select six credits from the following:

- ENGL 220 Introduction to Creative Writing
- ENGL 221 Introductory English Linguistics
- THEA 335 Drama in Education
- THEA 336 Theatre for Youth
- CJ 105 Communication in Contemporary Society
- CJ 184 Multimedia Communication
- CJ 201 Introduction to Interpersonal Communication
- CJ 202 Fundamentals of Speech
- CJ 250 Introduction to Organizational Communication
- CJ 280 Visual Communication

Select six credits from the following:

- ENGL 130 Introduction to World/Postcolonial Literature
- ENGL 142 Introduction to American Indian Literatures
- ENGL 181 Making Sense of the Movies
- ENGL 230 Survey of World/Postcolonial Literature
- ENGL 242 The American Indian in Literature and Film
- ENGL 243 American Literature to 1865
- ENGL 244 American Literature from 1865-1945
- ENGL 245 American Literature Since 1945
- ENGL 252 Perspectives on Pre-1790 British Literature
- ENGL 257 Representative Shakespeare
- ENGL 259 Perspectives on British Literature After 1790
- ENGL 268 Survey of American Ethnic Literature
- ENGL 272 Perspectives in Popular Texts
- ENGL 274 The Short Story
- ENGL 275 The Novel
- ENGL 276 Poetry
- ENGL 277 Drama
- ENGL 296 Perspectives on Women’s Literature

Total Credits 24

This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option A and leads to licensure to teach English/Language Arts in Middle Childhood through Early Adolescence classrooms.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

College Degree Requirements

Bachelor of Liberal Studies

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Liberal Studies Degree in the College of Arts and Sciences (B.L.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

Major Requirements

Adviser: M. Goulet, Director of Liberal Studies (Mathematics and College of Arts and Sciences)

The Liberal Studies Comprehensive Major (LSCM) provides an alternative to traditional majors. Every student majoring in Liberal Studies develops an individualized program of study, supported by consultation with the Liberal Studies Program Director and, in some cases, with a faculty adviser. Each individualized program of study includes a primary theme, three required Liberal Studies seminars (LS 201, LS 301, and LS 480), and three interdisciplinary areas of concentration that explore the primary theme. Through this structure, Liberal Studies offers an opportunity to connect several areas of academic interest that are not located in any single discipline. Students in Liberal Studies have a unique opportunity to benefit from coursework in departments across the university and to build an educational experience that is highly relevant to their professional and personal goals. Liberal Studies majors will also be encouraged to take advantage of UW-Eau Claire’s strong tradition in student-faculty collaborative research by developing and implementing a research, scholarly, or creative project, especially related to the integrating themes of their individual academic program.

An important step for each Liberal Studies major is to formally propose their individualized program of study as a program plan. This plan describes the primary theme, three areas of concentration, and coursework to be completed for the Liberal Studies major. Some courses in the program plan may satisfy Liberal Education requirements as well as providing credit in the Liberal Studies major. To finalize their program plans, students will work with the Liberal Studies Director and submit their completed plans to the Liberal Studies Steering Committee for review and approval. This committee consists of faculty and professional advisers that have worked with Liberal Studies majors.

In order to graduate with a Liberal Studies Comprehensive Major, students must complete the requirements specified for the Bachelor of Liberal Studies (BLS) (see degree program requirements for the College of Arts and Sciences). The BLS degree is designed to help students develop the breadth of knowledge and skills that represent the core of liberal education, including knowledge of human cultures and the natural world; communication, critical thinking, problem solving, and analytical skills; and teamwork and collaborative abilities. The BLS degree also explores differences, commonalities, and interconnections among academic disciplines, including methods of inquiry and problem solving that are favored in these disciplines. Skills in written and
oral communication, critical analysis, teamwork, and application of academic findings to professional contexts are also emphasized in the Liberal Studies program.

Admission to Major Requirement: Completion of LS 201.

Curricular Requirements for the Major
A minimum of 60 credits, including:

- LS 201 Introductory Liberal Studies Seminar 3
- LS 301 Liberal Studies Research Seminar 3
- LS 480 Liberal Studies Capstone Seminar 3
- Three Theme- or Discipline-Based Concentrations (minimum 17 credits each and at least 51 credits total) 51

Each individually-designed major program must include at least 39 credits from College of Arts and Sciences course work and a minimum of 21 upper-division credits.

Marine Science, Minor
Liberal Arts (Code 150-400)
Advisers: D. Lonzarich (Biology) [On-Campus Affiliate Coordinator] or K. Syverson (Geology).

This minor is designed for students who are majoring in biology, chemistry, geography, or geology and who are interested in Marine Science. The majority of course work (minimum of four courses) is to be taken during two summer sessions at the Gulf Coast Research Lab (GCRL) in Ocean Springs, Mississippi. Remaining credits are chosen from UW-Eau Claire courses outside of one’s major. Courses in chemistry, physics, and calculus are strongly recommended.

The minor consists of 24 credits as follows:

Required courses at Gulf Coast Research Laboratory

First Summer (ten credits)
- Marine Science I: Oceanography 5
- Marine Science II: Marine Biology 5

Second Summer (8 to 12 credits)
- Choose from advanced courses offered at the Gulf Coast Research Laboratory in consultation with an adviser 8-12

Remaining credits to be selected from courses outside of one’s major from the following:

- CS 170 Computing for the Sciences and Mathematics
- ENPH 441 Water and Wastewater
- GEOG 280 Cartographic Design
- GEOG 335 Geographic Information Systems I
- GEOG 338 Remote Sensing of the Environment
- GEOG 340 Climatology
- GEOL 110 Physical Geology
- GEOL 312 Mineralogy and Petrology I
- GEOL 418 Earth History
- MATH 246 Elementary Statistics
- BIOL 330 Population and Community Ecology
- BIOL 345 Invertebrate Zoology
- BIOL 361 Biology of Microorganisms
- BIOL 376 Aquatic Ecology
- BIOL 379 Biology of Fishes
- CHEM 213 Quantitative Analysis

Middle East Studies, Certificate
(Code 355-601)

The Certificate in Middle East Studies is designed for students who have a strong interest in Middle East Studies but are not able to complete the requirements for a minor in Middle East Studies.

Twelve semester credits from at least three prefixes, selected from the following list:

- RELS 307 Judaism
- RELS 309 Islam
- GEOG 319 Geography of the Middle East and North Africa
- POLS 321 Politics of the Middle East
- POLS 328 Islam and Politics
- POLS 336 Arab-Israeli Conflict
- HIST 366 History of Middle East Since Muhammad
- HIST/WMNS 385 The History of Middle Eastern Muslim Women
- SOC 304 Sociology of the Middle East

NOTE 1: Courses cannot be counted in both the major and the certificate program.

NOTE 2: Though there are no program prerequisites for the Certificate in Middle East Studies, there may be prerequisites for some of the courses that are a part of the Certificate.

For advising, see Professor S. Fink (Philosophy and Religious Studies).

Middle East Studies, Minor
Liberal Arts (Code 355-400)
Adviser: S. Fink (Philosophy and Religious Studies).

This minor examines issues in the Middle East from a variety of disciplinary perspectives and includes study of a Middle East language.

Twenty-four semester credits, including:

Required Courses

- FLG 101 Beginning Foreign Language I (must be in Arabic, Turkish, Persian, or Modern Hebrew) 4
- FLG 102 Beginning Foreign Language II (must be in Arabic, Turkish, Persian, or Modern Hebrew) 4

Elective Courses (16 credits) 16

Students can take no more than three courses with a single prefix, and a minimum of nine credits at the 300 or 400 level.

The Background, Minimum two courses from the following:

- RELS 100 Introduction to the Religions of the World
- RELS 307 Judaism
- RELS 309 Islam
HIST 292 Origins of Current World Conflicts
HIST 302 Ancient Near Eastern Civilizations
HIST 382 Imperialism Since 1800
POLS 334 International Political Economy

The Middle East, Minimum three courses from the following:

- GEOG 319 Geography of the Middle East and North Africa
- POLS 321 Politics of the Middle East
- POLS 328 Islam and Politics
- POLS 336 Arab-Israeli Conflict
- HIST 366 History of Middle East Since Muhammad
- HIST/WMNS 385 The History of Middle Eastern Muslim Women
- SOC 304 Sociology of the Middle East

Total Credits 24

NOTE 1: ENGL 330 may be substituted for any course in The Middle East category if the topic is Middle Eastern.

NOTE 2: Students are encouraged to complete a study abroad program in a Middle Eastern country and will be able to transfer credits from that program into the minor.

NOTE 3: Students may substitute an independent study, special topics, or directed studies course with a focus on the Middle East for a course from either category with consent of the minor adviser.

Multimedia Communication, Minor

Liberal Arts (Code 608-400)

Advisers: R. Cronje (English), M. Hoffman (Communication and Journalism), C. Theo (Art & Design), G. Vadhavkar (Communication and Journalism).

The ability to develop ideas and present them through a variety of media is indispensable in our communication-rich society. The interdisciplinary minor in Multimedia Communication prepares students to analyze audiences, frame arguments, express themselves clearly in the written and spoken word, understand basic principles of visual design, gather and edit audio and video, and use web-based software to publish their work. Students take courses from the domains of visual communication (Art, Communication & Journalism), written communication (Communication & Journalism, English) and computer programming (Computer Science). The minor is suitable for students who would benefit from the ability to communicate information from their disciplines to a variety of audiences.

Students must complete a total of 24 credits for the minor. Courses counted in the core cannot be used to fulfill requirements in elective credit domains. Because the minor is designed to broaden students’ knowledge and skills in multimedia communication no more than nine credits in the prefix of a student’s major may be counted toward the minor.

Twenty-four semester credits, including:

**Required Core Courses**

- ART 312 Computer Graphics 3
- CJ 184 Multimedia Communication 3
- CS 318 Fundamentals of Web Page Design 3

Three credits from one of the following: 3

- ENGL 220 Introduction to Creative Writing
- ENGL 307 Editing and Publications Management
- ENGL 312 Topics in Rhetoric and Science
- ENGL 313 Topics in Rhetoric and Technology
- ENGL 314 Topics in Rhetoric and Culture

**Elective Courses** 12

- ART 274 Graphic Design I: Compositional Principles of Graphic Design
- ART 275 Graphic Design II: Typographics
- ART 278 3-D Computer Modeling
- ART 281 Introduction to Photography as an Art Form
- ART 374 Graphic Design IV: Publication Design
- ART 375 Electronic Media Design I: Information Environments
- ART 378 3-D Computer Animation I or CS 322 Animation Programming
- CJ 222 Beginning Journalism
- CJ 241 Audio and Video Production Process
- CJ 284 Introduction to Photography
- CJ 373 Writing for Public Relations
- CJ 380 Visual Communication Design
- CS 319 Introduction to Web Programming
- CS 320 Web Database Design and Implementation
- ENGL 220 Introduction to Creative Writing
- ENGL 307 Editing and Publications Management
- ENGL 310 Intermediate Poetry Writing
- ENGL 311 Intermediate Fiction/Nonfiction Writing
- ENGL 312 Topics in Rhetoric and Science
- ENGL 313 Topics in Rhetoric and Technology
- ENGL 314 Topics in Rhetoric and Culture
- ENGL 315 Visual Rhetorics of Science, Technology, and Culture
- ENGL 409 Grant Proposal Writing
- ENGL 415 Seminar in Science and Nature Writing

Neuroscience, Liberal Arts, Minor

Liberal Arts (Code 081-401)

For advising, contact the Biology Department.

Neuroscience is devoted to the understanding of the brain and the nervous system. The brain is the control system for the body and therefore has a central role in determining human health and disease. Neuroscience is interdisciplinary, intersecting with many other fields of study and thought including psychology, biology, philosophy, and medicine. Students who major in these areas should find the Neuroscience Minor a desirable complement to their major studies. Additionally, the Neuroscience Minor curriculum provides
valuable preparation for students who intend to enter postgraduate programs related to neuroscience and medicine.

Twenty semester credits required, including:

**Foundation Courses:**
- **IDIS 125** Brain: Introduction to Neuroscience 4
- **BIOL 221** Foundations of Biology 1, 2 4
- **BIOL 319** Animal Form and Function 4

A minimum of three core courses chosen from:
- **BIOL 350** Systems Neuroscience
- **BIOL 351** Systems Neuroscience Lab
- **PSYC 374** Cognitive Neuroscience
- **PSYC 375** Behavioral and Clinical Neuroscience

**Electives:**
- **CSD 440** Neurological Aspects of Communication
- **BIOL 365** Animal Behavior
- **BIOL 380** Endocrinology
- **PHIL 343** Philosophy of Mind
- **PSYC 376** Psychology of Perception
- **PSYC 377** Psychopharmacology
- **PSYC 379** Cognitive Psychology

Note 1: Up to three credits of approved neuroscience-related research from the following courses may be applied to the minor with consent of the advisor:
- **BIOL 399** Independent Study - Juniors
- **BIOL 497** Senior Research Presentation
- **BIOL 499** Independent Study - Seniors
- **PSYC 399** Independent Study - Juniors
- **PSYC 499** Independent Study - Seniors

Note 2: A maximum of 12 credits from the minor may count toward the Biology or Psychology majors.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

### Liberal Education Core Requirements

AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved
majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

**Option B: EA-A**

**Early Adolescence through Adolescence Licensure**

**Code** | **Title** | **Credits**
---|---|---
**Professional Sequence** | | |
ES 212 | Initial Teaching Experience in Elementary, Middle, and High School Settings | 2
ES 312 | General Methods of Teaching | 2
ES 317 | Middle Level Methods and Curriculum | 2
ES 318 | Teacher Assisting | 1
ES 328 | Content Area Reading and Study Strategies | 2
ES 385 | Social Foundations: Human Relations | 3
ES 445 | Student Teaching in Middle Level | 14
& ES 470 | Education and Student Teaching in Secondary Education | |
or ES 446 | Internship Teaching in Middle Level Education | |
or ES 475 | Internship Teaching in Secondary Education | |
ES 490 | Historical, Legal, and Philosophical Foundations of Education | 3
ES 497 | Field Experience Seminar | 2
SPED 300 | Inclusive Practices for Secondary Educators | 2

NOTE: Although majors must be from the approved list below, the second plan may be from the approved list. Students pursuing EA-A licensure are not required to elect a second plan that leads to a teaching license.

Select one of the following options: 23

Option 1
- CHEM 115 Chemical Principles
- CHEM 213 Quantitative Analysis
- CHEM 218 Introduction to Inorganic Chemistry
- CHEM 325 Organic Chemistry I with Laboratory
- CHEM 326 Organic Chemistry II with Laboratory
- CHEM 420 Advanced Synthesis Laboratory

Option 2
- CHEM 103 General Chemistry I
- CHEM 104 General Chemistry II
- CHEM 213 Quantitative Analysis
- CHEM 218 Introduction to Inorganic Chemistry
- CHEM 325 Organic Chemistry I with Laboratory
- CHEM 326 Organic Chemistry II with Laboratory

Required:

At least four credits of electives from MATH 112 or additional Chemistry or Physics courses.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach Chemistry, Physics, and Physical Science in Early Adolescence through Adolescence classrooms.

NOTE: Completion of the following requirements and ES 367 adds Broadfield Science licensure to the Physical Science major: BIOL 105 and BIOL 151, and eight credits from GEOG 104, GEOL 110 or GEOL 115, PHYS 229.

</tr>
<tr>
<td>CJ 203</td>
<td>Fundamentals of Human Communication</td>
</tr>
</tbody>
</table>

**S2 (Mathematics)**

LE approved math course
S3 (Creativity)
ES 497 Field Experience Seminar (included in major) 2

R1 (Equity, Diversity, Inclusivity)
ES 385 Social Foundations: Human Relations (included in major) 3
AND another learning experience

R2 (Global Perspectives)
One LE approved course

R3 (Civic and Environmental Issues)
One LE approved course

IL (Integration)
ES 497 Field Experience Seminar (included in major) 2
AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EA/A Licensure
Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option C: EC-A
Early Childhood through Adolescence Licensure

</tbody>
</table>
Mathematics Emphasis
1. At least ten credits selected from mathematics courses numbered above 305. At least one course in a computer programming language is recommended.
2. A minimum of one additional physics course from the Physics Emphasis.

This major is restricted to students in the College of Education and Human Sciences: Education Studies; Option B and leads to licensure to teach Physics and Mathematics in Early Adolescence through Adolescence classrooms.

Broadfield Science Licensure
NOTE: Completion of the following requirements and ES 367 adds Broadfield Science licensure to the Physics-Mathematics major:

A. Fourteen credits from one of the following areas: 14

<table>
<thead>
<tr>
<th>Area 1:</th>
<th>Area 2:</th>
<th>Area 3:</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 151</td>

</tr>
<tr>
<td>GEOG 104</td>
<td>GEOL 302</td>
<td>ETS 0361</td>
</tr>
</tbody>
</table>

In addition to the above core of courses, each student must elect either a Physics Emphasis or a Mathematics Emphasis.

All Physics-Mathematics Teaching Majors must pass the Praxis II General Science Examination, which tests content from all science areas, thus, including a broad array of science courses in students' degree programs is recommended. Majors must complete BIOL 180 or GEOG 178 as part of their General Education Program for certification reasons, but additional course work in other science disciplines would be helpful, such as CHEM 103 and CHEM 104, or CHEM 115.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
3. See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) | Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2) | Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3) | Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4) | One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1) | Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2) | One (1) learning experience
One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3) | One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1) | Two (2) learning experiences
One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2) | One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3) | One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1) | Two (2) learning experiences

Service-Learning Goal

Service-Learning (p. 49) | 30 hours

Broadfield Science Licensure

NOTE: Completion of the following requirements and ES 367 adds Broadfield Science licensure to the Physics-Mathematics major:

A. Fourteen credits from one of the following areas: 14

Area 1:
- BIOL 151 Biology of Humans
- BIOL 214 Human Anatomy and Physiology I
- BIOL 221 Foundations of Biology I
- BIOL 222 Foundations of Biology II
- BIOL 223 Foundations of Biological Inquiry
- BIOL 314 Human Anatomy and Physiology II

Area 2:
- Ten credits in chemistry courses (CHEM 103, CHEM 104) required for physics major
  - CHEM 213 Quantitative Analysis

Area 3:
- GEOL 110 Physical Geology
  - or GEOL 115 Environmental Geology
- GEOG 104 The Physical Environment
- PHYS 226 Astronomy-Solar System

Plus one course from:
- GEOL 102 Oceanography
- GEOL 301 Earth Resources
- GEOL 308 Water Resources
- GEOL 418 Earth History
- PHYS 229 Astronomy-Stars and Galaxies

B. Eight credits in each of the two areas not selected in A above: 8

Area 1:
- BIOL 151 Biology of Humans
- BIOL 214 Human Anatomy and Physiology I
- BIOL 221 Foundations of Biology I

Area 2:
- Ten credits in chemistry courses (CHEM 103, CHEM 104) required for physics major

Area 3:
- GEOL 110 Physical Geology
  - or GEOL 115 Environmental Geology
- GEOG 104 The Physical Environment
- PHYS 226 Astronomy-Solar System
- PHYS 229 Astronomy-Stars and Galaxies

Pre-Professional Health Science, Minor

Liberal Arts (Code 709-400)

For advising, contact one of the pre-professional advisers listed with the pre-professional program of interest or contact the Biology Department for a referral.

This minor is designed for students preparing for post-baccalaureate health profession programs. Students in pre-dentistry, pre-optometry, pre-chiropractic, pre-pharmacy, pre-physical therapy, and other pre-professional health programs, as found in this catalog, may find this minor helpful in planning a baccalaureate degree. Because admission requirements vary widely among graduate programs, it is strongly recommended that the student consult with an adviser listed with the pre-professional program of interest. This minor may not be appropriate preparation for some graduate-level health profession programs.

Twenty-four credits are required from courses outside of the major department. At least eleven credits must be from courses numbered 300 or higher.

Core:
- BIOL 221 Foundations of Biology I 4
- BIOL 222 Foundations of Biology II 3
- BIOL 223 Foundations of Biological Inquiry 2
- CHEM 104 General Chemistry II 4-6
  - or CHEM 115 Chemical Principles
- CHEM 325 Organic Chemistry I with Laboratory 4
- CHEM 326 Organic Chemistry II with Laboratory 4
- PHYS 212 General Physics 4
  - or PHYS 232 University Physics II

Select one of the following: 3
- ENGL 312 Topics in Rhetoric and Science
- ENGL 313 Topics in Rhetoric and Technology
- ENGL 314 Topics in Rhetoric and Culture
- ENGL 315 Visual Rhetorics of Science, Technology, and Culture

Remaining credits are to be chosen from the following courses outside of one’s major:

- BIOL 214 Human Anatomy and Physiology I
  - & BIOL 314 Human Anatomy and Physiology II
- BIOL 323 Genetics
- BIOL 361 Biology of Microorganisms
- CHEM 213 Quantitative Analysis
- CHEM 352 Fundamentals of Biochemistry
- ECON 280 Health Economics
- ENPH 110 Introduction to Environmental Health
- NRSG 211 Wellness: Food for Fitness
- NRSG 212 Navigating Health Care
- NRSG 213 Body, Mind, Spirit Wellness
- NRSG 220 The Language of Health Care
- NRSG 377 International Dimensions of Health Care
- NRSG 385 Men’s Health Issues
- NRSG 389 Cross Cultural Health
- NRSG/WMNS 265 Women’s Health Issues
- IDIS 301 Exploring Mind/Body Connections
- MATH 114 Calculus I
- MATH 246 Elementary Statistics
- PHIL 306 Ethics of Health Care
- PSYC 230 Human Development
No credit for BIOL 214 unless BIOL 314 is taken, and only five credits of BIOL 214 and BIOL 314 may be counted toward the minor.

Russia and East European Studies, Minor

Liberal Arts (Code 331-402)

Adviser: S. Majstorovic (Political Science).

The Russia and East European Studies Minor is designed:
1. to develop a multidisciplinary understanding of the peoples and cultures of Russia and its East European neighbors;
2. to provide a broad program for students interested in international economics or international relations; and
3. to provide systematic knowledge of this important area of Europe essential to a better understanding of today’s world.

Twenty-four semester credits distributed as follows:

<table>
<thead>
<tr>
<th>Core Requirements (8 credits)</th>
<th>Electives (16 credits) ¹</th>
</tr>
</thead>
<tbody>
<tr>
<td>RUSS 101 Beginning Russian I</td>
<td>ENGL 130 Introduction to World/Postcolonial Literature</td>
</tr>
<tr>
<td>RUSS 102 Beginning Russian II</td>
<td>GEOG 308 Geography of Russia and Eastern Europe</td>
</tr>
<tr>

</tr>
<tr>
<td></td>
<td>HIST 379 History of Modern East Europe</td>
</tr>
<tr>
<td></td>
<td>POLS 322 Politics of Russia</td>
</tr>
</tbody>
</table>

Total Credits ² 24

¹ No more than nine credits from History courses are applicable to the minor.
² NOTE: The course in English may apply only when the topic is Russian Literature.

Study Abroad Option: Students are encouraged to participate in the study abroad program in Latvia offered by UW-Eau Claire. Course credit gained in this program may be used to fulfill part of the Russia and East European minor. For more information about the study abroad option, contact Professor S. Majstorovic (Political Science).

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.
³ See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1) Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 49).
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2)  One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3)  One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1)  Two (2) learning experiences
  One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2)  One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3)  One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1)  Two (2) learning experiences

Service-Learning Goal
Service-Learning (p. 49)  30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option B: EA-A

Early Adolescence through Adolescence Licensure

Single-concentration Emphasis: The Broadfield Social Studies major with the single-concentration emphasis leads to certification to teach fusion social studies courses and courses in the area of concentration.

Sixty semester credits, including:

1. **A 36-credit concentration in Economics**

Courses taken to fulfill this requirement must be those specified as constituting a teaching major in the appropriate department.

2. **Required Courses**

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

**NOTE 1:** In addition to the 60-credit major, students must complete GEOG 178 or BIOL 180 and PSYC 260.

Students with a single-concentration emphasis will receive certification in broadfield social studies and one area of concentration.

Students who also choose to include in their program a certifiable minor in a subject outside of social studies (in addition to the Broadfield Social Studies major) will take the appropriate Praxis II examination in that subject as well as the social studies examination.

For advising, see an adviser in the area of concentration.

As an alternative to the Broadfield Social Studies major, students may select a teaching major (36 credits) in Economics, History, or Political Science in conjunction with a certifiable minor (24 credits). This program leads to certification to teach courses in the major and minor subjects, but not fusion...
social studies courses. These students must take the Praxis II social studies exam and also, if the minor is outside of social studies, the Praxis II content exam in the minor.

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

**Teaching Licensure Requirements - EA-A Licensure**

**Program Options B and C**

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

**Option B: EA-A**

**Early Adolescence through Adolescence Licensure**

NOTE: Although majors must be from the approved list below, the second plan may be from the approved list. Students pursuing EA-A licensure are not required to elect a second plan that leads to a teaching license.

Admission Requirements

Minor Requirements

Single Concentration Advisers: W. Carroll (Economics), E. Zeitler (Geography), K. Lang (History), R. Freitag (Political Science), or J. Hein (Sociology).

Dual Concentration Advisers: K. Lang (History) or R. Freitag (Political Science).
The comprehensive major in Broadfield Social Studies prepares education students to teach fusion social studies courses and subject specific social studies courses in their area or areas of concentration.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach fusion social studies courses in Early Adolescence through Adolescence classrooms and also courses in discrete subjects in which 24 credits are completed.

After admission to the Education Professional Program, all Broadfield Social Studies majors must pass the Praxis II Social Studies examination (Exam #10081). This examination is prepared by the Educational Testing Service and tests content from all social studies subject areas. Praxis II examinations may be taken on campus at the Office of Academic Testing (Schofield 226).

Students will choose one of two emphases available within the Broadfield Social Studies major.

Dual-concentration Emphasis: The Broadfield Social Studies major with the dual-concentration emphasis leads to certification to teach fusion social studies courses, history courses, and courses in the second area of concentration.

Sixty semester credits, including:

**History Concentration**

<td>3</td>
</tr>
</tbody>
</table>

NOTE 1: In addition to the 60-credit major, students must complete GEOG 178 or BIOL 180 and PSYC 260.

Students who complete the dual-concentration emphasis will receive broadfield social studies, history, and discrete subject certification in the social studies subject in which they complete 24 credits.

Students who also choose to include in their program a certifiable minor in a subject outside of the social studies (in addition to the Broadfield Social Studies major) will take the appropriate Praxis II examination in that subject as well as the social studies examination.

After initial advising, students will then be assigned two advisers, one in the Department of History and one in the other subject in which they elect to complete 24 credits.

As an alternative to the Broadfield Social Studies major, students may select a teaching major (36 credits) in Economics, History, or Political Science in conjunction with a certifiable minor (24 credits). This program leads to certification to teach courses in the major and minor subjects, but not fusion social studies courses. These students must take the Praxis II social studies exam and also, if the minor is outside of social studies, the Praxis II content exam in the minor.

1 Broadfield Science add-on certification is available with these majors and requires ES 359 (fall only) and ES 367 (spring only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.

Admission Requirements
Admission to Professional Education Programs (p. 474)

Major Requirements
Single Concentration Advisers: W. Carroll (Economics), E. Zeitler (Geography), K. Lang (History), R. Freitag (Political Science), or J. Hein (Sociology).
Dual Concentration Advisers: K. Lang (History) or R. Freitag (Political Science).

The comprehensive major in Broadfield Social Studies prepares education students to teach fusion social studies courses and subject specific social studies courses in their area or areas of concentration.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach fusion social studies courses in Early Adolescence through Adolescence classrooms and also courses in discrete subjects in which 24 credits are completed.

After admission to the Education Professional Program, all Broadfield Social Studies majors must pass the Praxis II Social Studies examination (Exam #10081). This examination is prepared by the Educational Testing Service and tests content from all social studies subject areas. Praxis II examinations may be taken on campus at the Office of Academic Testing (Schofield 226).

Students will choose one of two emphases available within the Broadfield Social Studies major.

Single-concentration Emphasis: The Broadfield Social Studies major with the single-concentration emphasis leads to certification to teach fusion social studies courses and courses in the area of concentration.

Sixty semester credits, including:

1. A 36-credit concentration in Geography  36
   GEOG 104 The Physical Environment  4
   GEOG 111 Human Geography  3
   GEOG 178 Conservation of the Environment  3
   GEOG 200 Foundations of Geography  3
   GEOG 335 Geographic Information Systems I  3
GEOG 370 Quantitative Methods in Geography 3
GEOG 401 Capstone Seminar 3

Five courses to be selected with consent of adviser including:

Two courses from Regional Geography Approach
Three courses from two of the remaining Advanced Geography Approaches

2. Required Courses

IDIS 285 Integrating the Social Sciences: The Social Studies 3
POLS 110 American National Politics 3
POLS 301 State and Local Politics 3

Select one of the following:

ECON 103 Principles of Microeconomics & ECON 104 and Principles of Macroeconomics
ECON 201 Introduction to Political Economy

3. Remaining credits to total 60 in the major. The 60 credits will be from at least four subject areas.

The remaining credits will be chosen from the following (if not included in the concentration):

ECON 321 Money and Banking 3
GEOG 111 Human Geography 3
GEOG 325 Geography of the United States and Canada 3
GEOG 379 Geography of Wisconsin 3
HIST 114 United States History to 1877 3
HIST 115 United States History Since 1877 3
HIST 124 World History to 1500 3
HIST 125 World History Since 1500 3
HIST 210 African American History 1865 to Present or HIST/AIS 240 American Indian History 3
POLS 122 Introduction to World Politics 3
POLS 260 Introduction to Comparative Politics 3
POLS 305 Survey of U.S. Constitutional Principles 3
SOC 101 Introduction to Sociology 3
SOC 164 Family and Intimate Relationships 3
SOC 242 Contemporary Social Problems 3
SOC 312 Race and Ethnicity in the U.S. 3
SOC/WMNS 202 Women and Men in Society: The Sociology of Gender 3
CRMJ 103 Survey of the Criminal Justice System 3

NOTE 1: In addition to the 60-credit major, students must complete GEOG 178 or BIOL 180 and PSYC 260.

As an alternative to the Broadfield Social Studies major, students may select a teaching major (36 credits) in Economics, History, or Political Science in conjunction with a certifiable minor (24 credits). This program leads to certification to teach courses in the major and minor subjects, but not fusion social studies courses. These students must take the Praxis II social studies exam and also, if the minor is outside of social studies, the Praxis II content exam in the minor.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
LIBERAL EDUCATION CORE REQUIREMENTS
a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3)
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4)
One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1)
Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2)
One (1) learning experience
One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity
One (1) learning experience
ES 497 Field Experience Seminar (included in major)

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1)
Two (2) learning experiences
One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2)
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3)
One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1)
Two (2) learning experiences

Service-Learning Goal

Service-Learning (p. 49) 30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

<table>

S2 (Mathematics)
LE approved math course

S3 (Creativity)
ES 497 Field Experience Seminar (included in major)
R1 (Equity, Diversity, Inclusivity)
ES 385 Social Foundations: Human Relations (included in major) 3

AND another learning experience

R2 (Global Perspectives)
One LE approved course

R3 (Civic and Environmental Issues)
One LE approved course

IL (Integration)
ES 497 Field Experience Seminar (included in major) 2

AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EA-A Licensure
Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option B: EA-A
Early Adolescence through Adolescence Licensure

1 Broadfield Science add-on certification is available with these majors and requires ES 359 (fall only) and ES 367 (spring only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.

**Admission Requirements**

Admission to Professional Education Programs (p. 474)

**Major Requirements**

Single Concentration Advisers: W. Carroll (Economics), E. Zeitler (Geography), K. Lang (History), R. Freitag (Political Science), or J. Hein (Sociology).

Dual Concentration Advisers: K. Lang (History) or R. Freitag (Political Science).

The comprehensive major in Broadfield Social Studies prepares education students to teach fusion social studies courses and subject specific social studies courses in their area or areas of concentration.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach fusion social studies courses in Early Adolescence through Adolescence classrooms and also courses in discrete subjects in which 24 credits are completed.

After admission to the Education Professional Program, all Broadfield Social Studies majors must pass the Praxis II Social Studies examination (Exam #10081). This examination is prepared by the Educational Testing Service and tests content from all social studies subject areas. Praxis II examinations may be taken on campus at the Office of Academic Testing (Schofield 226).

Students will choose one of two emphases available within the Broadfield Social Studies major.

Dual-concentration Emphasis: The Broadfield Social Studies major with the dual-concentration emphasis leads to certification to teach fusion social studies courses, history courses, and courses in the second area of concentration.

Sixty semester credits, including:

**History Concentration**

<td>Introduction to Political Economy (if not included in the concentration)</td>
</tr>
</tbody>
</table>
3. Remaining credits to total 60 in the major. The 60 credits will be from at least four subject areas

The remaining credits will be chosen from the following (if not included in the concentration):

- **ECON 321** Money and Banking 3
- **GEOG 111** Human Geography 3
- **GEOG 325** Geography of the United States and Canada 3
- **GEOG 379** Geography of Wisconsin 3
- **POLS 122** Introduction to World Politics 3
- **POLS 260** Introduction to Comparative Politics 3
- **POLS 301** State and Local Politics 3
- **POLS 305** Survey of U.S. Constitutional Principles 3
- **SOC 101** Introduction to Sociology 3
- **SOC 164** Family and Intimate Relationships 3
- **SOC 242** Contemporary Social Problems 3
- **SOC 312** Race and Ethnicity in the U.S. 3
- **SOC/WMNS 202** Women and Men in Society: The Sociology of Gender 3
- **CRMJ 103** Survey of the Criminal Justice System 3

1. See History Department for course listings. (p. 263)

**NOTE 1:** In addition to the 60-credit major, students must complete GEOG 178 or BIOL 180 and PSYC 260.

**NOTE 2:** In category 4, students with a Geography concentration will choose only from among ECON 321; POLS 301, POLS 305; or SOC 312.

Students who complete the dual-concentration emphasis will receive broadfield social studies, history, and discrete subject certification in the social studies subject in which they complete 24 credits.

Students who also choose to include in their program a certifiable minor in a subject outside of the social studies (in addition to the Broadfield Social Studies major) will take the appropriate Praxis II examination in that subject as well as the social studies examination.

After initial advising, students will then be assigned two advisers, one in the Department of History and one in the other subject in which they elect to complete 24 credits.

As an alternative to the Broadfield Social Studies major, students may select a teaching major (36 credits) in Economics, History, or Political Science in conjunction with a certifiable minor (24 credits). This program leads to certification to teach courses in the major and minor subjects, but not fusion social studies courses. These students must take the Praxis II social studies exam and also, if the minor is outside of social studies, the Praxis II content exam in the minor.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2)

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option B: EA-A

Early Adolescence through Adolescence Licensure

1 Broadfield Science add-on certification is available with these majors and requires ES 359 (fall only) and ES 367 (spring only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.

Admission Requirements
Admission to Professional Education Programs (p. 474)

Major Requirements
Single Concentration Advisers: W. Carroll (Economics), E. Zeitler (Geography), K. Lang (History), R. Freitag (Political Science), or J. Hein (Sociology).
Dual Concentration Advisers: K. Lang (History) or R. Freitag (Political Science).
The comprehensive major in Broadfield Social Studies prepares education students to teach fusion social studies courses and subject specific social studies courses in their area or areas of concentration.
This major is restricted to students in the College of Education and Human Sciences; Education Studies: Option B and leads to licensure to teach fusion social studies courses in Early Adolescence through Adolescence classrooms and also courses in discrete subjects in which 24 credits are completed.
After admission to the Education Professional Program, all Broadfield Social Studies majors must pass the Praxis II Social Studies examination (Exam #10081). This examination is prepared by the Educational Testing Service and tests content from all social studies subject areas. Praxis II examinations may be taken on campus at the Office of Academic Testing (Schofield 226).
Students will choose one of two emphases available within the Broadfield Social Studies major.
Single-concentration Emphasis: The Broadfield Social Studies major with the single-concentration emphasis leads to certification to teach fusion social studies courses and courses in the area of concentration.
Sixty semester credits, including:

1. A 36-credit concentration in History 36
Courses taken to fulfill this requirement must be those specified as constituting a teaching major in the appropriate department

2. Required Courses
IDIS 285 Integrating the Social Sciences: The Social Studies 3
POLS 110 American National Politics 3
POLS 301 State and Local Politics 3
Select one of the following:
  ECON 103 Principles of Microeconomics & ECON 104 Principles of Macroeconomics
  ECON 201 Introduction to Political Economy

3. Remaining credits to total 60 in the major. The 60 credits will be from at least four subject areas.
The remaining credits will be chosen from the following (if not included in the concentration):
  ECON 321 Money and Banking 3
  GEOG 111 Human Geography 3
  GEOG 325 Geography of the United States and Canada 3
  GEOG 379 Geography of Wisconsin 3
  HIST 114 United States History to 1877 3
  HIST 115 United States History Since 1877 3
  HIST 124 World History to 1500 3
  HIST 125 World History Since 1500 3
  HIST 210 African American History 1865 to Present 3
  or HIST/AIS 240 American Indian History
  CRMJ 103 Survey of the Criminal Justice System 3
NOTE 1: In addition to the 60-credit major, students must complete GEOG 178 or BIOL 180 and PSYC 260.

Students with a single-concentration emphasis will receive certification in broadfield social studies and one area of concentration.

Students who also choose to include in their program a certifiable minor in a subject outside of social studies (in addition to the Broadfield Social Studies major) will take the appropriate Praxis II examination in that subject as well as the social studies examination.

For advising, see an adviser in the area of concentration.

As an alternative to the Broadfield Social Studies major, students may select a teaching major (36 credits) in Economics, History, or Political Science in conjunction with a certifiable minor (24 credits). This program leads to certification to teach courses in the major and minor subjects, but not fusion social studies courses. These students must take the Praxis II social studies exam and also, if the minor is outside of social studies, the Praxis II content exam in the minor.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:
   - **Abbreviation** | **Full Title**
   - Resident | 2.75 average
   - Total | 2.75 average
   - Major | 2.75 average
   - Minor (for certification only) | 2.75 average
3. Residency requirements:
   - **Abbreviation** | **Full Title**
   - Minimum Total | 30 credits
   - Senior Year | 23 credits
   - Major, in upper division courses | 12 credits
   - Comprehensive Major, in upper division courses | 21 credits
4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Early Adolescence Through Adolescence and Early Childhood through Adolescence

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

**Option B: EA-A**

**Early Adolescence through Adolescence Licensure**

Teaching English to Speakers of Other Languages (TESOL) 550-408 ES 405 (F) 1 yr college level foreign language ETS 0361

Teaching Theatre Arts 601-424 ES 361 (F) ETS 0641

1 Broadfield Science add-on certification is available with these majors and requires ES 359 (fall only) and ES 367 (spring only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.

### Admission Requirements

Admission to Professional Education Programs (p. 474)

### Major Requirements

Single Concentration Advisers: W. Carroll (Economics), E. Zeitler (Geography), K. Lang (History), R. Freitag (Political Science), or J. Hein (Sociology).

Dual Concentration Advisers: K. Lang (History) or R. Freitag (Political Science).

The comprehensive major in Broadfield Social Studies prepares education students to teach fusion social studies courses and subject specific social studies courses in their area or areas of concentration.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach fusion social studies courses in Early Adolescence through Adolescence classrooms and also courses in discrete subjects in which 24 credits are completed.

After admission to the Education Professional Program, all Broadfield Social Studies majors must pass the Praxis II Social Studies examination (Exam #10081). This examination is prepared by the Educational Testing Service and tests content from all social studies subject areas. Praxis II examinations may be taken on campus at the Office of Academic Testing (Schofield 226).

Students will choose one of two emphases available within the Broadfield Social Studies major.

Single-concentration Emphasis: The Broadfield Social Studies major with the single-concentration emphasis leads to certification to teach fusion social studies courses and courses in the area of concentration.

Sixty semester credits, including:

<table>
<thead>
<tr>
<th>A 36-credit concentration in Political Science</th>
<th>36</th>
</tr>
</thead>
<tbody>
<tr>
<td>Courses taken to fulfill this requirement must be those specified as constituting a teaching major in the appropriate department</td>
<td></td>
</tr>
</tbody>
</table>

2. **Required Courses**

<table>
<thead>
<tr>
<th>IDIS 285</th>
<th>Integrating the Social Sciences: The Social Studies</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td></td>
</tr>
</tbody>
</table>

Select one of the following:

- ECON 103 Principles of Microeconomics
- ECON 104 and Principles of Macroeconomics
- ECON 201 Introduction to Political Economy

3. Remaining credits to total 60 in the major. The 60 credits will be from at least four subject areas.

The remaining credits will be chosen from the following (if not included in the concentration):

<table>
<thead>
<tr>
<th>ECON 321</th>
<th>Money and Banking</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td></td>

<td>3</td>
</tr>
</tbody>
</table>

NOTE 1: In addition to the 60-credit major, students must complete GEOG 178 or BIOL 180 and PSYC 260.

Students with a single-concentration emphasis will receive certification in broadfield social studies and one area of concentration.

Students who also choose to include in their program a certifiable minor in a subject outside of social studies (in addition to the Broadfield Social Studies major) will take the appropriate Praxis II examination in that subject as well as the social studies examination.

For advising, see an adviser in the area of concentration.

As an alternative to the Broadfield Social Studies major, students may select a teaching major (36 credits) in Economics, History, or Political Science in conjunction with a certifiable minor (24 credits). This program leads to certification to teach courses in the major and minor subjects, but not fusion social studies courses. These students must take the Praxis II social studies exam and also, if the minor is outside of social studies, the Praxis II content exam in the minor.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Code Title Credits
LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3) Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1) Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2) One (1) learning experience
One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1) Two (2) learning experiences
One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1) Two (2) learning experiences

Service-Learning Goal
Service-Learning (p. 49) 30 hours

Teaching Licensure Requirements - EA-A Licensure
Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

Upon admission to program, candidates are assigned an adviser in education as well.

### Admission Requirements

Admission to Professional Education Programs (p. 474)

### Major Requirements

Single Concentration Advisers: W. Carroll (Economics), E. Zeitler (Geography), K. Lang (History), R. Freitag (Political Science), or J. Hein (Sociology).

Dual Concentration Advisers: K. Lang (History) or R. Freitag (Political Science).

The comprehensive major in Broadfield Social Studies prepares education students to teach fusion social studies courses and subject specific social studies courses in their area or areas of concentration.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach fusion social studies courses in Early Adolescence through Adolescence classrooms and also courses in discrete subjects in which 24 credits are completed.

After admission to the Education Professional Program, all Broadfield Social Studies majors must pass the Praxis II Social Studies examination (Exam #10081). This examination is prepared by the Educational Testing Service and tests content from all social studies subject areas. Praxis II examinations may be taken on campus at the Office of Academic Testing (Schofield 226).

Students will choose one of two emphases available within the Broadfield Social Studies major.
Dual-concentration Emphasis: The Broadfield Social Studies major with the dual-concentration emphasis leads to certification to teach fusion social studies courses, history courses, and courses in the second area of concentration.

Sixty semester credits, including:

<table>
<thead>
<tr>
<th>History Concentration</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIST 114 United States History to 1877</td>
<td>3</td>
</tr>
<tr>
<td>HIST 124 World History to 1500</td>
<td>3</td>
</tr>
<tr>
<td>HIST 125 World History Since 1500</td>
<td>3</td>
</tr>
<tr>
<td>HIST 288 Introduction to Research Methods and the Profession</td>
<td>3</td>
</tr>
</tbody>
</table>

Select one of the following:

<table>
<thead>
<tr>
<th>History Concentration</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIST 115 United States History Since 1877</td>
<td>3</td>
</tr>
<tr>

</tr>
<tr>
<td>HIST 210 African American History 1865 to Present</td>
<td>3</td>
</tr>
<tr>
<td>HIST/AIS American Indian History</td>
<td>240</td>
</tr>
</tbody>
</table>

At least 9 additional credits in History at the 300 or 400 level, with one course from United States history, one course from European history, and one course from World History.

1. A 24-credit concentration in Political Science 24

Courses taken to fulfill this requirement must be those specified as constituting a teaching minor in the appropriate department.

2. Required Courses

| IDIS 285 Integrating the Social Sciences: The Social Studies | 3       |

Select one of the following:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 103</td>
<td>Principles of Microeconomics &amp; ECON 104 Principles of Macroeconomics</td>

</tr>
</tbody>
</table>

1. See History Department for course listings. (p. 263)

NOTE 1: In addition to the 60-credit major, students must complete GEOG 178 or BIOL 180 and PSYC 260.

Students who complete the dual-concentration emphasis will receive broadfield social studies, history, and discrete subject certification in the social studies subject in which they complete 24 credits.

Students who also choose to include in their program a certifiable minor in a subject outside of the social studies (in addition to the Broadfield Social Studies major) will take the appropriate Praxis II examination in that subject as well as the social studies examination.

After initial advising, students will then be assigned two advisers, one in the Department of History and one in the other subject in which they elect to complete 24 credits.

As an alternative to the Broadfield Social Studies major, students may select a teaching major (36 credits) in Economics, History, or Political Science in conjunction with a certifiable minor (24 credits). This program leads to certification to teach courses in the major and minor subjects, but not fusion social studies courses. These students must take the Praxis II social studies exam and also, if the minor is outside of social studies, the Praxis II content exam in the minor.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.
Certain programs exceed this minimum.

See special requirements in each College.

See special requirements for the College of Education and Human Sciences.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>

#### Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1)

- Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2)

- Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3)

- Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4)

- One (1) learning experience

#### Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1)

- Two (2) learning experiences
  - One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2)

- One (1) learning experience
  - One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3)

- One (1) learning experience

#### Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1)

- Two (2) learning experiences
  - One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2)

- One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3)

- One (1) learning experience

#### Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1)

- Two (2) learning experiences

#### Service-Learning Goal

Service-Learning (p. 49)

- 30 hours

### College Degree Requirements

#### University Requirements in Teacher Education in the College of Education and Human Sciences

**College Requirements for Teacher Education**

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.

2. Grade point requirements:

<table>
<thead>
<tr>
<th>Abbreviation</th>
<th>Full Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>Resident</td>
<td>2.75 average</td>
</tr>
<tr>
<td>Total</td>
<td>2.75 average</td>
</tr>
<tr>
<td>Major</td>
<td>2.75 average</td>
</tr>
<tr>
<td>Minor (for certification only)</td>
<td>2.75 average</td>
</tr>
</tbody>
</table>

3. Residence requirements:

<table>
<thead>
<tr>
<th>Abbreviation</th>
<th>Full Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minimum Total</td>
<td>30 credits</td>
</tr>
<tr>
<td>Senior Year</td>
<td>23 credits</td>
</tr>
<tr>
<td>Major, in upper division courses</td>
<td>12 credits</td>
</tr>
<tr>
<td>Comprehensive Major, in upper division courses</td>
<td>21 credits</td>
</tr>
</tbody>
</table>

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

### Early Adolescence Through Adolescence and Early Childhood through Adolescence

(Formerly Secondary Education and Special Subjects)

**Liberal Education Requirements are listed in the table below**

</table>
AND at least one oral communication course from the following:

- CJ 201 Introduction to Interpersonal Communication
- CJ 202 Fundamentals of Speech
- CJ 203 Fundamentals of Human Communication

S2 (Mathematics)

LE approved math course

S3 (Creativity)

- ES 497 Field Experience Seminar (included in major)

R1 (Equity, Diversity, Inclusivity)

- ES 385 Social Foundations: Human Relations

AND another learning experience

R2 (Global Perspectives)

One LE approved course

R3 (Civic and Environmental Issues)

One LE approved course

IL (Integration)

- ES 497 Field Experience Seminar (included in major)

AND another learning experience

NOTE: Although majors must be from the approved list below, the second plan may be from the approved list. Students pursuing EA-A licensure are not required to elect a second plan that leads to a teaching license.

### Teaching Licensure Requirements - EA-A Licensure

#### Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

#### Option B: EA-A

**Early Adolescence through Adolescence Licensure**

1. Broadfield Science add-on certification is available with these majors and requires ES 359 (fall only) and ES 367 (spring only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.

### Admission Requirements

**Admission to Professional Education Programs (p. 474)**

### Major Requirements

**Single Concentration Advisers:** W. Carroll (Economics), E. Zeitler (Geography), K. Lang (History), R. Freitag (Political Science), or J. Hein (Sociology).

**Dual Concentration Advisers:** K. Lang (History) or R. Freitag (Political Science).

The comprehensive major in Broadfield Social Studies prepares education students to teach fusion social studies courses and subject specific social studies courses in their area or areas of concentration.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach fusion social studies courses in Early Adolescence through Adolescence classrooms and also courses in discrete subjects in which 24 credits are completed.

After admission to the Education Professional Program, all Broadfield Social Studies majors must pass the Praxis II Social Studies examination (Exam #10081). This examination is prepared by the Educational Testing Service and tests content from all social studies subject areas. Praxis II examinations may be taken on campus at the Office of Academic Testing (Schofield 226).

Students will choose one of two emphases available within the Broadfield Social Studies major.

**Single-concentration Emphasis:** The Broadfield Social Studies major with the single-concentration emphasis leads to certification to teach fusion social studies courses and courses in the area of concentration.

Sixty semester credits, including:

1. **A 36-credit concentration in Sociology, including 18 credits in upper division courses:**
   - SOC 101 Introduction to Sociology
   - SOC 242 Contemporary Social Problems
   - SOC 312 Race and Ethnicity in the U.S.
   - SOC 316 Sociology of Family
   - or SOC 164 Family and Intimate Relationships
   - SOC 328 Sociological Data Analysis
   - SOC 330 Sociological Theory
   - SOC 332 Sociological Research Methods
   - SOC 490 Sociology Capstone

2. Twelve credits of Sociology Electives

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
3. See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.

2. Grade point requirements:
   - **Abbreviation** | **Full Title** | **Credits**
   - Resident | 2.75 average
   - Total | 2.75 average
   - Major | 2.75 average
   - Minor (for certification only) | 2.75 average

3. Residency requirements:
   - **Abbreviation** | **Full Title** | **Credits**
   - Minimum Total | 30 credits
   - Senior Year | 23 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

AND another learning experience

R2 (Global Perspectives)

One LE approved course

R3 (Civic and Environmental Issues)
One LE approved course
IL (Integration)
ES 497 Field Experience Seminar (included in major)

AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option B: EA-A

Theatre Arts 601-424  ES 361 (F)  ETS 0641

Social studies courses in Early Adolescence through Adolescence classrooms and also courses in discrete subjects in which 24 credits are completed.

After admission to the Education Professional Program, all Broadfield Social Studies majors must pass the Praxis II Social Studies examination (Exam #10081). This examination is prepared by the Educational Testing Service and tests content from all social studies subject areas. Praxis II examinations may be taken on campus at the Office of Academic Testing (Schrofield 226).

Students will choose one of two emphases available within the Broadfield Social Studies major.

Dual-concentration Emphasis: The Broadfield Social Studies major with the dual-concentration emphasis leads to certification to teach fusion social studies courses, history courses, and courses in the second area of concentration.

Sixty semester credits, including:

### History Concentration

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIST 114</td>
<td>United States History to 1877</td>
<td>3</td>
</tr>
<tr>
<td>HIST 124</td>
<td>World History to 1500</td>
<td>3</td>
</tr>
<tr>
<td>HIST 125</td>
<td>World History Since 1500</td>
<td>3</td>
</tr>
</tbody>
</table>

### Select from the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIST 115</td>
<td>United States History Since 1877</td>
</tr>
<tr>
<td>HIST/WMNS 205</td>
<td>American Women's History</td>
</tr>
<tr>
<td>HIST 210</td>
<td>African American History 1865 to Present</td>
</tr>
<tr>
<td>HIST/AIS 240</td>
<td>American Indian History</td>
</tr>
</tbody>
</table>

At least 9 additional credits in History at the 300 or 400 level, with one course from United States history, one course from European history, and one course from World History.

1. A 24-credit concentration in Sociology

Courses taken to fulfill this requirement must be those specified as constituting a teaching minor in the appropriate department.

### 2. Required Courses

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>IDIS 285</td>
<td>Integrating the Social Sciences: The Social Studies</td>
</tr>
<tr>
<td>POLS 110</td>
<td>American National Politics</td>
</tr>
</tbody>
</table>

Select one of the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>

</thead>
<tbody>
<tr>
<td>ECON 103</td>
<td>Principles of Microeconomics</td>
</tr>
<tr>
<td>ECON 104</td>
<td>Principles of Macroeconomics</td>
</tr>
<tr>
<td>ECON 201</td>
<td>Introduction to Political Economy</td>
</tr>
</tbody>
</table>

### 4. Remaining credits to total 60 in the major. The 60 credits will be from at least four subject areas.

The remaining credits will be chosen from the following (if not included in the concentration):

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 321</td>
<td>Money and Banking</td>
</tr>
<tr>
<td>GEOG 111</td>
<td>Human Geography</td>
</tr>
<tr>
<td>GEOG 325</td>
<td>Geography of the United States and Canada</td>
</tr>
<tr>
<td>GEOG 379</td>
<td>Geography of Wisconsin</td>
</tr>
<tr>
<td>POLS 122</td>
<td>Introduction to World Politics</td>
</tr>
<tr>
<td>POLS 260</td>
<td>Introduction to Comparative Politics</td>
</tr>
<tr>
<td>Course Code</td>
<td>Course Title</td>
</tr>
<tr>
<td>-------------</td>
<td>--------------------------------------------------</td>
</tr>
<tr>
<td>POLS 301</td>
<td>State and Local Politics</td>

<td>Contemporary Social Problems</td>
</tr>
<tr>
<td>SOC 312</td>
<td>Race and Ethnicity in the U.S.</td>
</tr>
<tr>
<td>SOC/WMNS 202</td>
<td>Women and Men in Society: The Sociology of Gender</td>
</tr>
<tr>
<td>CRMJ 103</td>
<td>Survey of the Criminal Justice System</td>
</tr>
</tbody>
</table>

See History Department for course listings. (p. 263)

NOTE 1: In addition to the 60-credit major, students must complete GEOG 178 or BIOL 180 and PSYC 260.

Students who complete the dual-concentration emphasis will receive broadfield social studies, history, and discrete subject certification in the social studies subject in which they complete 24 credits.

Students who also choose to include in their program a certifiable minor in a subject outside of the social studies (in addition to the Broadfield Social Studies major) will take the appropriate Praxis II examination in that subject as well as the social studies examination.

After initial advising, students will then be assigned two advisers, one in the Department of History and one in the other subject in which they elect to complete 24 credits.

As an alternative to the Broadfield Social Studies major, students may select a teaching major (36 credits) in Economics, History, or Political Science in conjunction with a certifiable minor (24 credits). This program leads to certification to teach courses in the major and minor subjects, but not fusion social studies courses. These students must take the Praxis II social studies exam and also, if the minor is outside of social studies, the Praxis II content exam in the minor.

## Social Studies, Minor - Teaching

### Middle Childhood/Early Adolescence (Code 500-403)

Adviser: J. Worley (Education Studies).

The Social Studies minor is designed to give Middle Childhood/Early Adolescence majors who have a strong interest in the social sciences the opportunity to pursue a broader array of courses than is possible in meeting the Liberal Education requirements.

**Twenty-four semester credits, including:**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>IDIS 285</td>
<td>Integrating the Social Sciences: The Social Studies</td>
<td>3</td>

## Teaching English as a Foreign Language, Certificate

### (Code 550-601)

The Teaching English as a Foreign Language (TEFL) Certificate is a minimum of 13 credits of coursework designed to provide the basics for future EFL teachers plus a required teaching experience either through ES 408 or by taking FLG 375.

**Required courses (minimum of 13 credits)**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CSD 262</td>
<td>Phonetics: Theory and Application</td>

<tr>
<td>or FLG 375</td>
<td>Internship Experience</td>
<td></td>
</tr>
</tbody>
</table>

Note 1: Students must also complete either a practicum experience tied to ES 408 or take FLG 375 for 3 credits.

Note 2: Courses cannot be counted in both the major and the certificate program.

For advising, see Department of Languages.

## Teaching of English to Speakers of Other Languages, Minor - EA-A

### Early Adolescence/Adolescence (Code 550-408)

Adviser: (Education Studies Department).

This minor is designed:

1. to impart the special knowledge and the competencies needed to teach English to speakers of other languages in an American public school; and
2. to develop an understanding of the cultural and social needs of students who speak other languages amid an English-speaking majority.

**Twenty-four semester credits, including:**

<table>
<thead>

</tr>
</tbody>
</table>

This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B, and leads to licensure in TESOL in Early Adolescence through Adolescence classrooms.

NOTE 1: As a requirement for the TESOL Minor, all students must complete the University Writing Requirement. Oral proficiency in English will be determined by an interview and/or a SPEAK Test, a test of oral proficiency for non-native speakers of English. Students not passing the oral proficiency test will be required, before retesting, to take CJ 202, ENGL 140, and/or an English composition class. The student will select classes in consultation with the TESOL adviser.

NOTE 2: One year of university-level foreign language study is a prerequisite for ES 405.

### Teaching of English to Speakers of Other Languages, Minor - MC-EA

**Middle Childhood/Early Adolescence (Code 550-409)**

Adviser: (Education Studies Department).

This minor is designed:

1. to impart the special knowledge and the competencies needed to teach English to speakers of other languages in an American public school; and
2. to develop an understanding of the cultural and social needs of students who speak other languages amid an English-speaking majority.

Twenty-four semester credits, including:

<td>Normal Communication Development</td>
<td>3</td>
</tr>
<tr>
<td>FLG 365</td>
<td>Special Topics in Teaching English to Speakers of Other Languages</td>
<td>3</td>
</tr>
</tbody>
</table>

This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option C, and leads to licensure in TESOL in Middle Childhood through Early Adolescence classrooms.

NOTE 1: As a requirement for the TESOL Minor, all students must complete the University Writing Requirement. Oral proficiency in English will be determined by an interview and/or a SPEAK Test, a test of oral proficiency for non-native speakers of English. Students not passing the oral proficiency test will be required, before retesting, to take CJ 202, ENGL 140, and/or an English composition class. The student will select classes in consultation with the TESOL adviser.

NOTE 2: One year of university-level foreign language study is a prerequisite for ES 405.
Topical Minor, Minor
Liberal Arts (Code 610-401)

A Topical Minor is composed of 24 semester credits selected by the student to meet the student’s own interests and scholarly objectives. Courses for the minor may be chosen on the basis of a coherent theme, a historical period, a definable professional need, or complementary relation to the student’s major.

The Topical Minor is not intended to be used to duplicate any major or minor offered as a regular program.

The Topical Minor must include courses from at least two prefixes, with no more than 15 credits from any one prefix and no more than six credits from the student’s major. Courses applied to the major cannot be applied to the minor.

At least 12 of the 24 credits must be earned in courses numbered 300 or above, and at least 15 of the 24 credits must be earned in Arts and Sciences courses.

The Topical Minor electronic form is accessed from the College of Arts and Sciences website (https://www.uwec.edu/academics/college-arts-sciences/, then Blugold Insider and Student Dashboard). The student plans the minor in consultation with an appropriate faculty adviser, and obtains the adviser’s approval. The plan for the minor must then be submitted to the College of Arts and Sciences Dean’s Office for approval. This approval must be obtained after the student has earned a total of 30 credits, but before the student has earned 88 credits toward a degree.

Students proposing a Topical Minor are responsible to ascertain that they are eligible to register for the courses included in their Topical Minor. They must meet, for example, all individual course prerequisites and GPA requirements or have received explicit permission from the department/program offering the course. In addition, for courses offered in one of the other colleges, college admission requirements must be met or written permission obtained from the Dean of that College before enrollment is possible.

Transnational Asian Studies, Certificate
(Code 380-630)

The Transnational Asian Studies Certificate allows students to broadly explore Asia and the Asian diaspora and to gain knowledge of the experiences of people of Asian ancestry.

Minimum of 15 credits from at least three course prefixes selected from the following list, of which at least two courses must be at the 300-400 level:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>

www.uwec.edu/ais

The American Indian Studies Program at the University of Wisconsin-Eau Claire is committed to the study of the cultures, values, history, and contemporary life of the Indigenous nations and peoples of North America. Through courses from various disciplines and interactions with American Indian professionals, elders, and peers, students will develop abilities and enhance their knowledge and understanding in accordance with university and tribally-defined standards of excellence. The program administers both a major and minor in American Indian Studies with these goals:

- To envision education and community as a partnership in which all participants work toward greater understanding and respect for the richness and diversity of American Indian cultures.
- To build and support cooperative relationships with tribal communities within and around Wisconsin; other academic institutions, especially tribal colleges; and the local Eau Claire community.
- To teach students to be conversant with Indigenous protocols.
- To prepare students to work effectively in and around tribal and urban communities.
- To provide outreach and community service opportunities that will help promote the cultural, educational, and economic development of the region.

PROFESSORSHIP

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities

Knowledge Outcome 4 (K4): Fine Arts

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication

One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics

One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity

One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives

One (1) learning experiences

Responsibility Outcome 3 (R3): Civic and Environmental Issues

One (1) learning experiences

Integration Goal

Integration Outcome 1 (I1): Integration

Two (2) learning experiences

Service-Learning Goal

Service-Learning (p. 49) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

The major is designed to offer a range of courses to meet the needs of students:

1. who wish to enter a profession related to tribal affairs;
2. who have decided to pursue graduate study;
3. who are American Indian and seek to learn more about their culture and heritage; and
4. who are drawn to the major because of its broad interdisciplinary perspective.

In addition, the major and minor in American Indian Studies are designed to complement degree programs in Nursing, Education, Business, Social Work, and History, as well as courses from a range of disciplines.

Thirty-six semester credits in American Indian Studies courses, including:

Seminars and special topics courses dealing with American Indians will also be given consideration for credit.

Art & Design
Haas Fine Arts 104
715-836-3277
http://www.uwec.edu/art

Honor Societies and Student Organizations
- ASA, Art Student Association (http://www.uwec.edu/Art/current-students/organizations/asa.htm) - Art & Design students developing and organizing artistic activities and events.
- NOTA, None of the Above (http://www.uwec.edu/Art/current-students/organizations/nota.htm) - Students create campus art and literary publications and host events that promote the arts. This group is primarily affiliated with English (p. 207).

Programs
The Department of Art & Design offers a flourishing community of students and faculty engaged in the positive development of a visually stimulated world, including collaboration on local projects. We are dedicated to delivering creative and innovative experiences by promoting practice in foundation skills and historical knowledge. Students are encouraged to thrive in self-motivated programs where degrees can be focused in emphasis areas detailed below.

Majors have a variety of degrees to choose from including a 36-credit Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) in Art or Art History, a 60-credit B.A. or B.S. in Art, a 62-credit B.A. in Art and Design Education, or a 75-credit Bachelor of Fine Arts (B.F.A.) in Art. Those seeking the 75-credit B.F.A., a nationally recognized degree with high standards for excellence, must apply for a B.F.A. Review around their second year in major. Additional information can be found under B.F.A. Requirements.

Emphasis Areas
Art & Design degrees are not titled in the Art and Art History majors, or Art Education. Emphasis areas intended for the Art degrees focus on a specialization relevant to a student’s graduate studies or career goals. The following emphasis areas are offered for majors and minors in Art:

- Ceramics
- Digital Media (B.F.A. only)
- Drawing & Painting
- Graphic Communications (60-credit only)
- Graphic Design
- Illustration (B.F.A. only)
- Photography
- Printmaking
- Sculpture
- Studio Art (60-credit only)

B.F.A. Requirements
Full guidelines for B.F.A. Requirements (http://www.uwec.edu/Art/academics/bfa.htm) can be found on the Department’s website.

The Bachelor of Fine Arts is the degree students enroll in for the most immersive studio experience to prepare for graduate studies or a career. After enrollment in the B.F.A. program, students will apply around their second year in major to participate in a B.F.A Review. They will be required to present a portfolio of their creative work for the review, which has been developed and maintained from the beginning of their studies. This central and essential tool is used by instructors to help advise and guide students in their development.
It will eventually be a means for the students to present themselves to the art and design world as they continue to utilize it during their coursework. Once accepted to continue the program after the Review, students will complete the B.F.A. degree plan and are expected to participate in a Senior Exhibition.

Transfers, Changes of Major, and other exceptions must check with the Department and their newly-assigned advisor to determine their position within the program and what requirements they will need to meet.

Students who wish to earn Comprehensive Teaching licensure in addition to the B.F.A. degree must complete additional credits in education, psychology, and communication as well as ART 244, ART 249, ART 357, and a three-dimensional art elective from ART 358, ART 364, ART 365, ART 366, ART 458, or a pre-approved course.

Advising and Additional Information

Advising

Art & Design maintains annual degree plans and check sheets with suggested four-year course sequences for each major and minor. These materials are available in the Art & Design Office and on the Department website. Students are responsible for working closely with their advisers to develop personal action plans. They are encouraged to use the degree plans and check sheets for these meetings.

Additional Information

NOTE 1: A student may take a maximum of nine credits of advanced studio courses in one semester. Some advanced studio courses are offered on a variable credit basis and may be repeated for additional credit. The total number of advanced studio credits which may be applied to a degree program will vary and is to be determined through consultation with the major adviser.

NOTE 2: Students must be prepared to pay for any materials, supplies, equipment, and/or services deemed in excess of the amount and kind the University provides for necessary instructional purposes.

Teaching Licensure Requirements - EC-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option C: EC-A
Early Childhood through Adolescence Licensure

### Admission Requirements

Admission to Professional Education Programs (p. 474)

### Major Requirements

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option C and leads to licensure to teach Art in Early Childhood through Adolescence classrooms.

### Art Education Requirements

Art Education majors who wish to earn Teaching Licensure in Special Education-Art must complete ES 350 and seven to nine additional credits in Special Education (p. 483).

Sixty-two semester credits, including:

- **Foundations Courses** 1
  - ART 107 Foundations: Drawing and Composition
  - ART 108 Foundations: Color and Composition
  - ART 110 Foundations: Three-Dimensional Art
  - ARTH 109 Art of the 20th Century
  - **Studio Requirements** 24
    - ART 241 Life Drawing I
    - ART 244 Introduction to Painting
    - ART 249 Introduction to Prints
    - ART 264 Sculpture I
    - ART 281 Introduction to Photography as an Art Form
    - ART 312 Computer Graphics
    - ART 357 Ceramics I
    - And one three-dimensional Art elective:
      - ART 358 Ceramics II
      - ART 364 Assembled Form
      - ART 365 Site-Specific Sculpture
      - ART 366 Found Media
      - ART 458 Advanced Ceramics
    - Or other pre-approved 3D course
  - **Art History Requirements** 9
    - ARTH 111 Art History Survey I
    - ARTH 112 Art History Survey II
    - ARTH/AIS 324 Survey of North American Indian Art
    - **Electives in Art (ART) or Art History (ARTH)** 2
      - **Art Education Requirements** 8
        - ART 304 Fundamentals of Art Education
        - ES 350 Art in Grades 1-8
        - ES 354 Teaching Middle Level and Secondary Art

1. Foundations courses should be completed within the first year of study.
2. Internships, Directed Studies, Independent Studies, and Special Topics courses will count as elective credit.

NOTE: At least 21 credits of upper-division (300- to 400-level) Art or Art History courses must be included in the major. This includes all requirements and electives.
Credit Requirements
Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core (p. 46) 36
Academic Concentrations (p. 50)
Grade Point Requirements (p. 49) 2
Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average
University Residency Requirements (p. 50) 3
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits
Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.
1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Service-Learning Goal
Service-Learning (p. 49) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available).

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

This degree program is designed to liberally educate a student in art and design history. It presumes integration with a minor or second major. Art History majors electing the B.S. degree are highly encouraged to achieve foreign language competency (C or higher or a mark of S at the 102-level).

Thirty-six semester credits, including:

Core Courses:
- ARTH 109 Art of the 20th Century 3
- ARTH 111 Art History Survey I 3
- ARTH 112 Art History Survey II 3
- ARTH 217 Medieval Art 3
- ARTH 315 Ancient Greek, Etruscan, and Roman Art 3
- ARTH 319 Renaissance Art 3

Non-Western Art History Requirement, Choose One: 3
- ARTH 324 Survey of North American Indian Art
- ARTH 335 Ancient Art and Architecture of Mexico and Central America
- ARTH 337 Art of Tawantinsuyo

Art History Electives, Choose Three: 9
- ARTH 225 History of Graphic Design
- ARTH 227 History of Photography
- ARTH 321 Baroque and Rococo Art
- ARTH 327 Nineteenth Century Art
- ARTH 333 Themes in Contemporary Art
- ARTH 350 Art Field Study Programs
- Or any ARTH course not utilized above.

Non-Art History Elective, Choose One: 3
- AIS 102 Introduction to American Indian Expressive Cultures
- ANTH 169 Introduction to Archaeology

University of Wisconsin-Eau Claire | 2016-2017 Catalog

### Liberal Education Core Requirements

- **Bachelor of Fine Arts Degree**
  - Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in courses offered by the College of Arts and Sciences); and approval by the major department.

### College Degree Requirements

#### Bachelor of Fine Arts

**University Graduation Requirements:** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages:** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements:** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits:** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course; or (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122/LANG 122 or CSD 103).

### Major Requirements

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Ceramics. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Ceramics Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

Seventy-five semester credits, including:

- **Department Requirements**

Foundation Courses:<sup>1</sup>
- ART 107 Foundations: Drawing and Composition
- ART 108 Foundations: Color and Composition
- ART 110 Foundations: Three-Dimensional Art
- ARTH 109 Art of the 20th Century

Art History Requirement:
- ARTH 111 Art History Survey I
- ARTH 112 Art History Survey II

Area Requirements
- ART 264 Sculpture I
- ART 357 Ceramics I
- ART 358 Ceramics II
- ART 458 Advanced Ceramics<sup>2</sup>
- ART 405 Advanced Three-Dimensional Studio<sup>2</sup>

Area Support Options, Choose Four:
- ART 244 Introduction to Painting
- ART 249 Introduction to Prints
- ART 250 Printmaking - Relief-Beginning
- ART 278 3-D Computer Modeling
- ART 281 Introduction to Photography as an Art Form
- ART 344 Painting: Space and Process
- ART 364 Assembled Form
- ART 365 Site-Specific Sculpture
- ART 402 Advanced Studio Practice

Electives in Art (ART) or Art History (ARTH)
- Electives in Art History (ARTH): ARTH 333 and ARTH 335 recommended

Electives in Art History (ARTH): ARTH 333 and ARTH 335 recommended

Additional B.F.A. Requirements

Full guidelines for B.F.A. Requirements (http://www.uwec.edu/Art/academics/bfa.htm) can be found on the Department’s website.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. students are required to participate in one of two department-sponsored field trip options: the New York field trip or the Chicago and Minneapolis field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition.

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their newly-assigned adviser to determine their position within the program and what requirements they will need to meet.

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1)

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2)

Two (2) learning experiences
College Degree Requirements

Bachelor of Fine Arts

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor are computed using all attempted credits applicable to the minor including those offered by departments other than the major department. The resident and total GPAs for the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Major Requirements

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Digital Media. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Digital Media Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

1. Foundations courses should be completed in the first year of study.

### Additional B.F.A. Requirements

Full guidelines for B.F.A. Requirements (http://www.uwec.edu/Art/academics/bfa.htm) can be found on the Department’s website.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. students are required to participate in one of two department-sponsored field trip options: the New York field trip OR the Chicago and Minneapolis field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition.

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their newly-assigned adviser to determine their position within the program and what requirements they will need to meet.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

College Degree Requirements

Bachelor of Fine Arts

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a
mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Major Requirements**

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Illustration. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Illustration Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

Seventy-five semester credits, including:

**Foundations Courses:**¹
- ART 107 Foundations: Drawing and Composition 3
- ART 108 Foundations: Color and Composition 3
- ART 110 Foundations: Three-Dimensional Art 3
- ARTH 109 Art of the 20th Century 3

**Art History Requirements:**
- ARTH 111 Art History Survey I 3
- ARTH 112 Art History Survey II 3

**Area Requirements**
- ART 241 Life Drawing I 3
- ART 244 Introduction to Painting 3
- ART 332 Illustration Narratives 3
- ART 341 Life Drawing II 3
- ART 342 Illustration Editorials 3
- ART 402 Advanced Studio Practice 3
- ART 443 Advanced Studio - Illustration 3

**Area Support Options, Choose Four:**² 12
- ART 240 Drawing: Contemporary Abstraction
- ART 247 Water-Media I
- ART 250 Printmaking - Relief-Beginning
- ART 251 Printmaking - Intaglio-Beginning
- ART 274 Graphic Design I: Compositional Principles of Graphic Design
- ART 275 Graphic Design II: Typographics
- ART 278 3-D Computer Modeling
- ART 281 Introduction to Photography as an Art Form
- ART 312 Computer Graphics
- ART 340 Drawing: Conceptual Practices
- ART 344 Painting: Space and Process
- ART 347 Water-Media Process
- ART 348 Water-Media Themes
- ART 349 Painting: Conceptual and Aesthetic Strategies
- ART 375 Electronic Media Design I: Information Environments
- ART 378 3-D Computer Animation I
- ART 383 Video for Art and Design
- ART 384 Artist Books: Image & Text
- ART 402 Advanced Studio Practice
- ART 478 3-D Computer Animation II

**Electives in Art (ART) or Art History (ARTH)** 18

**Electives in Art History (ARTH)** 6

**Total Credits** 75

¹ Foundations courses should be completed in the first year of study.

² Courses need not be taken in a specified group, but these recommended groups provide a deeper support experience: ART 240, 340, and 402; ART 344 and 349; ART 247, 347, and 348; ART 274, 275, and 375; ART 278, 378, and 478; ART 250, 251, and 384; ART 281, 383, and 312.

**Additional B.F.A. Requirements**

Full guidelines for B.F.A. Requirements (http://www.uwec.edu/Art/academics/bfa.htm) can be found on the Department’s website.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. students are required to participate in one of two department-sponsored field trip options: the New York field trip OR the Chicago and Minneapolis field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition.

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their newly-assigned adviser to determine their position within the program and what requirements they will need to meet.

### College Degree Requirements

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

This degree is designed to provide students with a liberal arts experience in art or design, creating a well-rounded education that combines artistic interests with other academic disciplines. It provides an excellent technical, conceptual, creative, and aesthetic foundation for broader career options.

**Foundations Courses**

- **ART 107** Foundations: Drawing and Composition 3
- **ART 274** Graphic Design I: Compositional Principles of Graphic Design 3
- **ARTH 109** Art of the 20th Century 3

**Area Requirements**

- **ART 275** Graphic Design II: Typographics 3
- **ART 276** Graphic Design III: Symbolology 3
- **ART 374** Graphic Design IV: Publication Design 3
- **ART 375** Electronic Media Design I: Information Environments 3

**Advanced Course Requirements**

- **ART 477** Graphic Design VII: Advanced Portfolio Development 3
- **ART 474** Electronic Media Design II: Multi-Media Interface Concepts 3
  or **ART 476** Graphic Design VI: Advanced Graphic Communication

**Art History Requirement**

- **ARTH 112** Art History Survey II 3
- **ARTH 225** History of Graphic Design 3
- **ARTH Elective** 2

**Interdisciplinary Electives**

Choose three courses from:

- **CJ 184** Multimedia Communication
- **CJ 202** Fundamentals of Speech
- **CJ 260** Introduction to Integrated Strategic Communication
- **CS 318** Fundamentals of Web Page Design
- **CS 319** Introduction to Web Programming
- **CS 320** Web Database Design and Implementation
- **CS 322** Animation Programming

**Total Credits** 60

---

1 Foundations courses should be completed in the first year of study.

2 One 3-credit ARTH elective: ARTH 333 recommended.

3 6 credits must be 300-level or above.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. University of Wisconsin-Eau Claire | 2016-2017 Catalog

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1)
One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2)
One (1) learning experiences

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3)
One (1) learning experiences

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1)
Two (2) learning experiences

Service-Learning Goal
Service-Learning (p. 49)
30 hours

College Degree Requirements
Bachelor of Fine Arts

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Responsibility Goal

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1)
Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2)
One (1) learning experience
One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3)
One (1) learning experience

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3)

Major Requirements

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Photography. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Photography Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

Seventy-five semester credits, including:

Electives in Art (ART) or Art History (ARTH)

Additional B.F.A. Requirements

Full guidelines for B.F.A. Requirements (http://www.uwec.edu/Art/academics/bfa.htm) can be found on the Department’s website.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. students are required to participate in one of two department-sponsored field trip options: the New York field trip OR the Chicago and Minneapolis field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition.

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their newly-assigned adviser to determine their position within the program and what requirements they will need to meet.

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>

ART 365 Site-Specific Sculpture  
ART 384 Artist Books: Image & Text  

Electives in Art (ART) and Art History (ARTH) 18  
Electives in Art History (ARTH) 6  

Total Credits 75  

1 Foundations courses should be completed in the first year of study.

Additional B.F.A. Requirements  
Full guidelines for B.F.A. Requirements (http://www.uwec.edu/Art/academics/bfa.htm) can be found on the Department’s website.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. students are required to participate in one of two department-sponsored field trip options: the New York field trip OR the Chicago and Minneapolis field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition.

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their newly-assigned adviser to determine their position within the program and what requirements they will need to meet.

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3) Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1) Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2) One (1) learning experience
One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1) Two (2) learning experiences
One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3) One (1) learning experience

Integration Goal
Integration Outcome 1 (II): Integration (http://catalog.uwec.edu/undergraduate/attribute-ii) Two (2) learning experiences

Service-Learning Goal
Service-Learning (p. 49) 30 hours

College Degree Requirements
Bachelor of Fine Arts
University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Major Requirements
This degree is designed as a specialty for students pursuing graduate studies or planning careers in Sculpture. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Sculpture Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

Seventy-five semester credits, including:

Department Requirements
Foundation Courses: 1
ART 107 Foundations: Drawing and Composition 3
ART 108 Foundations: Color and Composition 3

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

This degree program is designed to liberally educate a student with knowledgeable foundations in art or design. It is not offered as a career or professional path, and it presumes integration with a minor or second major.

Thirty-six semester credits, including:

**Foundation Courses**

**Biology**

Phillips 330  
715-836-4166  
http://www.uwec.edu/biology

**Honor Societies and Student Organizations**

Biology Club is a student organization for those interested in Biology. Beta Beta Beta, Biology Honor society, is dedicated to improving the understanding and appreciation of biological study and extending the boundaries of human knowledge through scientific research. Meetings provide opportunities to meet other biology majors/minors and professors, hear speakers on various biology related topics, learn about possible internships and research opportunities, and participate in fun activities such as trips to science museums, aquariums, and zoos.

Biologists study the diversity, function, and interconnection of living organisms on earth from the molecular and cellular level to that of the whole organism. It is a broad science with many subdisciplines that range from the theoretical to the applied and from the microbe to the biome. Biological knowledge and understanding is essential for the intelligent evaluation of a range of issues facing civilization whether they be emerging diseases; invasive species and loss of biodiversity; or advances in medical, biotechnological, and ecological research.

The mission of the Department is to build a community that will instill an enthusiasm for lifetime learning in the biological sciences through education, research, and service to students, faculty/staff, and the public-at-large. We aim to provide students with basic concepts and skills as well as an enlightening and participatory learning environment via coursework, seminars, and collaborative research opportunities so that they may solve problems and confront issues of the future whether they be scientific, social, political, or ethical in context. We also aim to provide an atmosphere that assists students in identifying career possibilities consistent with their interests and abilities in the life sciences.

**Departmental Honors in Biology**

**Eligibility:** Upper-class students with resident and total GPAs of 3.30 or higher and a 3.50 or higher in at least 12 credits of biology.

**Procedure:** A written application for Departmental Honors in Biology shall be approved by the research adviser and the departmental honors committee.

**Requirements:**

1. The satisfactory completion of  
   a. 5-7 credits of registration in Honors Research including the writing of a research paper. A grade will be given for the total research credits only upon completion of the research paper;  
   b. BIOL 385 or BIOL 497 where the results of the honors research will be presented;  
   c. final approval by faculty and academic staff of the Department of Biology.

2. Resident and total GPAs of 3.50 or higher in both the biology major and for all credits attempted to meet graduation requirements.

**Faculty**

Wilson Taylor, Chair  
Julie Anderson
Majors

- Comprehensive Major: Biology, Ecology and Environmental Biology Emphasis, Liberal Arts - B.A./B.S. (p. 154)
- Comprehensive Major: Biology, Microbiology Emphasis, Liberal Arts - B.A./B.S. (p. 162)
- Major: Biology, Liberal Arts - B.A./B.S. (p. 160)
- Major: Biology, Teaching - B.S. (p. 156)
- Comprehensive Major: Biochemistry/Molecular Biology - B.A./B.S. (College of Arts and Sciences Interdisciplinary Major) (p. 61)

Minors

- Minor: Biology, General, Liberal Arts (p. 156)
- Minor: Biology, Teaching (p. 164)

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of 5 in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

This emphasis provides extensive exposure to topics in ecology, field biology, and biological conservation. It is intended for students who are interested in field research, environmental monitoring and management, or natural resource conservation, or who desire strong preparation for graduate programs in ecology, environmental biology, or related fields. Requires completion of the core, the required credits as listed below, and biology electives to total at least 60 credits.

Core Requirements for All Biology Majors

Ecology and Environmental Biology Emphasis (Code 080-001); Microbiology Emphasis (Code 080-002); Biology, Liberal Arts (Code 080-203); Biology, Teaching (Code 080-205).

BIOL 221 Foundations of Biology I 4
BIOL 222 Foundations of Biology II 3
BIOL 223 Foundations of Biological Inquiry 2

Total Credits 9

Core Requirements for Biology, Liberal Arts

All students who pursue a Liberal Arts Comprehensive Major in Biology are also required to complete MATH 114, and CHEM 103 and CHEM 104, or CHEM 115, in addition to the 60 credits required for the major.

Comprehensive Major: Biology, Ecology and Environmental Biology Emphasis

Required Courses

BIOL 321 Ecology 3
BIOL 323 Genetics 3
BIOL 383 Statistical Analysis of Biological Data 3

Field Experience may include:

BIOL 320 Studies in Tropical Environments
BIOL 423 Collaborative Research in Biology
BIOL 490 Biological Field Studies
summer offerings at a biological field station
or other approved experience

Categorical Courses

Form and Function:

At least one course from:

BIOL 315 Reproductive Physiology
BIOL 317 Animal Physiology
BIOL 318 Plant Form and Function
BIOL 319 Animal Form and Function
BIOL 322 Plant Anatomy
Research or internship experience strongly recommended.

**Biology, General, Minor**

Liberal Arts (Code 080-401)

Twenty-four semester credits in Biology, including:

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

3 See special requirements for the College of Education and Human Sciences.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
### Code Title Credits
### LIBERAL EDUCATION CORE REQUIREMENTS

#### Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1)  Two (2) learning experiences
   - One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2)  Two (2) learning experiences
   - One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3)  Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4)  One (1) learning experience

#### Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1)  Two (2) learning experiences
   - One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2)  One (1) learning experience
   - One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3)  One (1) learning experience

#### Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1)  Two (2) learning experiences
   - One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2)  One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3)  One (1) learning experience

#### Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1)  Two (2) learning experiences

#### Service-Learning Goal
Service-Learning (p. 49)  30 hours

### College Degree Requirements

### University Requirements in Teacher Education in the College of Education and Human Sciences

#### College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

<table>

</table>
R1 (Equity, Diversity, Inclusivity)
ES 385 Social Foundations: Human Relations 3
(included in major)
AND another learning experience

R2 (Global Perspectives)
One LE approved course

R3 (Civic and Environmental Issues)
One LE approved course

IL (Integration)
ES 497 Field Experience Seminar (included in major) 2
AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EA-A Licensure
Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option B: EA-A
Early Adolescence through Adolescence Licensure

1 Broadfield Science add-on certification is available with these majors and requires ES 359 (fall only) and ES 367 (spring only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.

### Major Requirements

#### Core Requirements for All Biology Majors

Ecology and Environmental Biology Emphasis (Code 080-001); Microbiology Emphasis (Code 080-002); Biology, Liberal Arts (Code 080-203); Biology, Teaching (Code 080-205).

Thirty-six semester credits, including the core and required courses:

#### Core Courses

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 221</td>
<td>Foundations of Biology I</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 222</td>
<td>Foundations of Biology II</td>
<td>3</td>
</tr>
<tr>
<td>BIOL 223</td>
<td>Foundations of Biological Inquiry</td>
<td>2</td>
</tr>
</tbody>
</table>

#### Total Credits

9

### Required Courses:

<table>
<thead>
<tr>
<th>Course</th>

</tr>
</tbody>
</table>

Additional biology courses to complete the 36-credit total in biology.

1 Course in development

In addition to the 36 credits in biology, chemistry requirement chosen from CHEM 103 and CHEM 104 OR CHEM 115. This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach Biology in Early Adolescence through Adolescence classrooms.

### Information for Teaching Majors

Biology majors entering teaching must also take ES 367.

### Broadfield Science Licensure:

Completion of the following requirements and ES 359 may be used in lieu of a minor and adds Broadfield Science licensure to the Teaching major:

#### A. At least 14 credits from one of the following areas:

Area 1

<table>
<thead>
<tr>
<th>Required:</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 103 General Chemistry I</td>
<td></td>
</tr>
<tr>
<td>CHEM 104 General Chemistry II</td>
<td></td>
</tr>
<tr>
<td>OR</td>
<td></td>
</tr>
<tr>
<td>CHEM 115 Chemical Principles</td>
<td></td>
</tr>
</tbody>
</table>

Additional courses selected from below:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 213</td>
<td>Quantitative Analysis</td>
<td></td>
</tr>
<tr>
<td>CHEM 218</td>
<td>Introduction to Inorganic Chemistry</td>
<td></td>
</tr>
<tr>
<td>CHEM 325</td>
<td>Organic Chemistry I with Laboratory</td>
<td></td>
</tr>
</tbody>
</table>

Area 2

<table>
<thead>
<tr>
<th>Required:</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS 211 General Physics &amp; PHYS 212 General Physics</td>
<td></td>
</tr>
<tr>
<td>OR</td>
<td></td>
</tr>
<tr>
<td>PHYS 231 University Physics I &amp; PHYS 232 University Physics II</td>
<td></td>
</tr>
</tbody>
</table>

Additional Physics credits above 212

Area 3
Select one of the following:
GEOL 106  Earth Science
GEOL 110  Physical Geology
GEOL 115  Environmental Geology
GEOL 118  Societal Issues in Earth Science

Select one of the following:
GEOG 104  The Physical Environment
GEOG 340  Climatology
GEOG 361  Environmental Hazards

Required:
PHYS 226  Astronomy-Solar System

Additional courses from the following:
GEOL 102  Oceanography
GEOL 301  Earth Resources
GEOL 303  Rocky Mountain Field Studies
GEOL 308  Water Resources
PHYS 229  Astronomy-Stars and Galaxies
GEOG 200  Foundations of Geography
GEOG 304  Introduction to Geomorphology
GEOG 340  Climatology
GEOG 361  Environmental Hazards

B. Eight credits in each of the two areas not selected in A above:

Area 1
CHEM 103  General Chemistry I
or CHEM 115  Chemical Principles
CHEM 104  General Chemistry II
or CHEM 150  Survey of Biochemistry

Area 2
Select one of the following:
PHYS 211  General Physics
& PHYS 212  and General Physics
OR
PHYS 231  University Physics I
& PHYS 232  and University Physics II

Area 3
GEOL 106  Earth Science
OR
GEOL 110  Physical Geology
OR
GEOL 115  Environmental Geology
OR
GEOL 118  Societal Issues in Earth Science
GEOG 104  The Physical Environment
PHYS 226  Astronomy-Solar System
or PHYS 229  Astronomy-Stars and Galaxies

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
3. See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences [http://catalog.uwec.edu/undergraduate/attribute-k1] Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences [http://catalog.uwec.edu/undergraduate/attribute-k2] Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.
College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Thirty-six semester credits, including:

Core Courses:

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) to meet the minimum of 120 credits for graduation.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of 5 in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

This emphasis differs from the Biochemistry/Molecular Biology comprehensive major in that it provides more in-depth exposure to topics in microbiology including virology, immunology, and bacteriology. It is excellent preparation for careers in health science, industry, and for graduate training in microbiology and related fields. Requires completion of the core, the required credits as listed below, and biology electives to total at least 60 credits.

Core Requirements for All Biology Majors

Ecology and Environmental Biology Emphasis (Code 080-001); Microbiology Emphasis (Code 080-002); Biology, Liberal Arts (Code 080-203); Biology, Teaching (Code 080-205).

</tr>
<tr>
<td>BIOL 496</td>
<td>Student Academic Apprenticeship</td>
<td>1-2</td>
</tr>
</tbody>
</table>

1. Course in development.

NOTE: In addition to these 24 credits, students will also have to take ES 367.

NOTE: This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach Biology in Early Adolescence through Adolescence classrooms.

---

### Chemistry

Phillips 430  
715-836-3417  
[www.uwec.edu/chemistry](http://www.uwec.edu/chemistry)

The degree programs in chemistry offer the opportunity to build a useful and marketable set of technical skills while obtaining a well-rounded liberal arts education. The Chemistry Department offers several majors and interdisciplinary programs with varying degrees of specialization designed to meet the needs and interests of a broad range of students. The A.C.S. certified majors are ideal for students seeking a rigorous and focused course of study, and is well suited to those seeking employment in the chemical industry or planning graduate study in chemistry. The liberal arts majors offer broader professional options and are more flexible in terms of elective coursework. They are also appropriate for those seeking employment or planning graduate study, especially those with interests in more interdisciplinary fields of chemistry. The liberal arts major are also excellent choices for pre-medicine, pre-dentistry, and other pre-professional students. The chemistry teaching major is tailored to the needs of chemistry students interested in secondary education, and the chemistry with business emphasis major is ideal for those seeking a business career in a technical industry. Pre-pharmacy students often declare a chemistry with business emphasis major, as do other pre-professional students. Students interested in biological chemistry may also consider the interdisciplinary comprehensive major in biochemistry/molecular biology offered jointly by the Biology and Chemistry Departments.

Faculty/student collaborative research is the hallmark of the Chemistry Department. These hands-on learning opportunities are key to acquainting students with the day-to-day activities of practicing chemists, and often lead to summer employment/internship opportunities. Many students present their work at a professional meeting prior to graduation.

The Chemistry Department is accredited by the American Chemical Society and certifies the degrees of those who graduate with the comprehensive A.C.S. chemistry major, with general, biochemistry or materials science emphases.

### Honor Societies and Student Organizations:

The UW-Eau Claire student affiliate chapter of the American Chemical Society (ACS-SA) is a national award-winning organization that involves students in social, professional, and service activities at the university and in the community. This group has continued since the A.C.S. incorporated ACS-SA members into its general membership as Student Members. The UW-Eau Claire ACS-SA helps inform fellow students of curricular options and career opportunities, and coordinates a tutoring program serving students in lower-level chemistry courses. All chemistry and biochemistry/molecular biology students are eligible for membership.

### Departmental Honors in Chemistry

Open to students in all chemistry programs who meet the following requirements:

1. GPA of 3.50 or higher, both cumulative and in chemistry courses.  
   Participation in a collaborative research project with a chemistry faculty member that results in:
2. a presentation at an off-campus research conference, and
3. completion of CHEM 497 with a favorable review of the manuscript by the research adviser and at least two additional faculty members.
Procedure: Students seeking Departmental Honors must:

1. Complete all requirements listed above.
2. Complete the Departmental Honors Application that includes: the application form with required signatures, a transcript, and copies of the CHEM 497 manuscript and presentation abstract.
3. Forward the complete application to the Student Affairs Committee Chair by the date specified on the form.

Note: Names of Departmental Honors graduates must be forwarded to the University Honors Program Director and Registrar at least three weeks prior to commencement.

All Chemistry Majors and Minors

No more than four credits can be counted from a combination of CHEM 405, CHEM 406 and CHEM 433 toward any chemistry major or minor.

Information for All Students about General Chemistry Placement

NOTE 1: CHEM 103 is the first course in a two-semester general chemistry sequence while CHEM 115 combines material from CHEM 103 and CHEM 104 into a single semester. Students, especially chemistry, biochemistry/molecular biology (BMB), and materials science (MSCI) majors (see Note 5), that meet the enrollment criteria described in NOTES 2 and 3 are strongly encouraged to take CHEM 115 to complete general chemistry in a single semester.

NOTE 2: High school math performance is the best predictor of success in all 100-level chemistry courses. Students who place into MATH 114 or higher should almost always take CHEM 115. Students who place into Math 109 or lower should take CHEM 103. Students who place into MATH 112 or MATH 113 should consider their chemistry background and anticipated degree program when choosing between 103 and 115. Students with a strong background (see NOTE 3) in high school chemistry, and who are planning to major (or minor) in chemistry, BMB, or MSCI should probably take CHEM 103.

NOTE 3: A "strong background" in high school chemistry can take several forms. Successful completion of an AP chemistry course or similarly enriched chemistry course constitutes a strong background. Successful completion of two years of high school chemistry; or one year of high school chemistry and one year of high school physics generally provides a strong background as well.

NOTE 4: Students who start CHEM 115 but, after consultation with their 115 instructor, determine that 103 is more appropriate, will be allowed to transfer to 103 during the first 2 weeks of the semester. Therefore, for close decisions between original enrollment in 103 and 115, students are encouraged to enroll in 115.

NOTE 5: Chemistry, BMB, and MSCI majors receive 6 credits toward the major for CHEM 115 or CHEM 103 and CHEM 104. Therefore, students majoring in Chemistry, BMB, or MSCI should take CHEM 115 if they meet the enrollment criteria. Students who start with CHEM 103 and CHEM 104 must often enroll in multiple, 400-level courses in the major at the same time during their senior year.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Undergraduate Catalog  |  2016-2017 Catalog

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

This business emphasis major is designed to prepare students for careers in the chemical industry in the areas of sales, marketing, and technical service. It is also appropriate for pre-professional students, such as pre-pharmacy and pre-dentistry.

A minimum of 66 semester credits, including:

**Service-Learning Goal**

Service-Learning (p. 49) 30 hours

---

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

The biochemistry emphasis major is good preparation for students planning graduate study in biochemistry, biophysics or medicinal chemistry. In addition, this emphasis provides an exceptionally rigorous pre-medical or pre-pharmacy program with suitable biology electives.

**Core Requirements for A.C.S., Liberal Arts and Teaching Chemistry Majors**

A minimum of sixty-one semester credits, including:

**Chemistry Core**

Select one of the following: ¹ 6
- CHEM 115 Chemical Principles
- CHEM 103 General Chemistry I & CHEM 104 and General Chemistry II

Required:
- CHEM 213 Quantitative Analysis 4
- CHEM 218 Introduction to Inorganic Chemistry 3
- CHEM 325 Organic Chemistry I with Laboratory 4
- CHEM 326 Organic Chemistry II with Laboratory 4

**Additional Required Courses**

- PHYS 231 University Physics I & PHYS 232 and University Physics II 10
- MATH 114 Calculus I & MATH 215 and Calculus II 8

**Total Credits** 39

¹ Only six credits of the CHEM 103/CHEM 104 sequence are credited to the major.

**Capstone Experience for Chemistry Majors**

The capstone experience is met by completing CHEM 411 for chemistry with business emphasis majors, and by CHEM 420, CHEM 438, CHEM 453 or CHEM 497 for other chemistry majors.

**Comprehensive Major: Chemistry, A.C.S., Biochemistry Emphasis**

Requirements

In addition to the chemistry core and required mathematics/physics courses, students must complete the following course work:

- CHEM 433 Physical Chemistry I 4
- CHEM 452 Biochemistry I & CHEM 453 and Biochemistry Laboratory
  & CHEM 454 and Biochemistry II
- CHEM 420 Advanced Synthesis Laboratory
  & CHEM 438 and Physical Analysis Laboratory
- CHEM 318 Bioinorganic Chemistry
  or CHEM 361 Molecules and Medicine

**Electives(s)**

Select a minimum of 3 credits:
- CHEM 304 Environmental Chemistry
- CHEM 318 Bioinorganic Chemistry
- CHEM 361 Molecules and Medicine

**University Requirements**

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
The general emphasis major is ideal for students seeking immediate employment in chemically related fields or who are uncertain about postgraduate work.
Core Requirements for A.C.S., Liberal Arts and Teaching Chemistry Majors
A minimum of 61 semester credits, including:

Chemistry Core
Select one of the following: ¹ 6
  CHEM 115 Chemical Principles
CHEM 103 & CHEM 104 General Chemistry I and General Chemistry II
Required:
  CHEM 213 Quantitative Analysis 4
  CHEM 218 Introduction to Inorganic Chemistry 3
  CHEM 325 Organic Chemistry I with Laboratory 4
  CHEM 326 Organic Chemistry II with Laboratory 4

Additional Required Courses
  PHYS 231 & PHYS 232 University Physics I and University Physics II 10
  MATH 114 & MATH 215 Calculus I and Calculus II 8

Total Credits 39

¹ Only six credits of the CHEM 103/CHEM 104 sequence are credited to the major.

Capstone Experience for Chemistry Majors
The capstone experience is met by completing CHEM 411 for chemistry with business emphasis majors, and by CHEM 420, CHEM 438, CHEM 453 or CHEM 497 for other chemistry majors.

Comprehensive Major: Chemistry, A.C.S., General Emphasis
Requirements
In addition to the chemistry core and required mathematics/physics courses, students must complete the following course work:

CHEM 352 Fundamentals of Biochemistry 4
CHEM 433 Physical Chemistry I 4
CHEM 434 Physical Chemistry II 4
CHEM 444 Modern Applied Separations and Spectrometry 3
Two of the following: 4
  CHEM 420 Advanced Synthesis Laboratory
  CHEM 438 Physical Analysis Laboratory
  CHEM 453 Biochemistry Laboratory

Elective(s)
Select a minimum of 3 credits from the following: 3
  CHEM 304 Environmental Chemistry
  CHEM 318 Bioinorganic Chemistry
  CHEM 361 Molecules and Medicine
  CHEM 397 Chemical Literature and Communication
  CHEM 399 Independent Study - Juniors
  CHEM 401 Inorganic Chemistry
  CHEM 411 Survey of Industrial Chemistry
  CHEM 426 Modern Organic Chemistry
  CHEM 442 Instrumental Analysis
  CHEM 460 Polymer Chemistry
  CHEM 491 Special Topics
  CHEM 495 Directed Studies
  CHEM 497 Independent Study (ACS)
  CHEM 499 Independent Study - Seniors

Total Credits 22

Chemistry, A.C.S., Materials Science Emphasis, Comprehensive Major
(Code 100-008)

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Chemistry students with an interest in the rapidly growing field of materials science can obtain a basic materials background with a strong foundation in chemistry. This is especially useful for students interested in graduate work or employment in materials or polymer chemistry.

Core Requirements for A.C.S., Liberal Arts and Teaching Chemistry Majors

A minimum of 64 semester credits, including:

Chemistry Core

Select one of the following:

- CHEM 115 Chemical Principles
- CHEM 103 General Chemistry I
- CHEM 104 and General Chemistry II
**Chemistry, Major - Liberal Arts**

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

This major is ideal for pre-medical or pre-pharmacy students or others requiring a minor or cluster of courses outside of chemistry.

Core Requirements for A.C.S., Liberal Arts and Teaching Chemistry Majors

A minimum of 55 semester credits, including:

### Chemistry Core

Select one of the following:

- [CHEM 115](http://catalog.uwec.edu/undergraduate/attribute-k3) Chemical Principles
- [CHEM 103](http://catalog.uwec.edu/undergraduate/attribute-k4) General Chemistry I & [CHEM 104](http://catalog.uwec.edu/undergraduate/attribute-k4) and General Chemistry II

Required:

- [CHEM 213](http://catalog.uwec.edu/undergraduate/attribute-k4) Quantitative Analysis
- [CHEM 218](http://catalog.uwec.edu/undergraduate/attribute-k4) Introduction to Inorganic Chemistry
- [CHEM 325](http://catalog.uwec.edu/undergraduate/attribute-k4) Organic Chemistry I with Laboratory
- [CHEM 326](http://catalog.uwec.edu/undergraduate/attribute-k4) Organic Chemistry II with Laboratory

### Additional Required Courses

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved
majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

**Option B: EA-A**

**Early Adolescence through Adolescence Licensure**

Admission Requirements
Admission to Professional Education Programs (p. 474)

Major Requirements
The teaching chemistry major is tailored to the needs of chemistry students interested in secondary education.

A minimum of 54 semester credits, including:

Core Requirements for A.C.S., Liberal Arts and Teaching Chemistry Majors

Chemistry Core
Select one of the following: 1

CHEM 115 Chemical Principles
OR
CHEM 103 General Chemistry I & CHEM 104 and General Chemistry II
CHEM 213 Quantitative Analysis
CHEM 218 Introduction to Inorganic Chemistry
CHEM 325 Organic Chemistry I with Laboratory
CHEM 326 Organic Chemistry II with Laboratory

Additional Required Courses
PHYS 231 University Physics I
PHYS 232 University Physics II
MATH 114 Calculus I
MATH 215 Calculus II

Total Credits 39

1 Only six credits of the CHEM 103/CHEM 104 sequence are credited to the major.

Capstone Experience for Chemistry Majors
The capstone experience is met by completing by CHEM 411 for chemistry with business emphasis majors, and by CHEM 420, CHEM 438, CHEM 453 or CHEM 497 for other chemistry majors.

Chemistry, Major - Teaching
Requirements
In addition to the chemistry core and required mathematics/physics courses, students must complete the following course work:

CHEM 433 Physical Chemistry I 8
& CHEM 434 and Physical Chemistry II
One of the following:

CHEM 420 Advanced Synthesis Laboratory
CHEM 438 Physical Analysis Laboratory
CHEM 453 Biochemistry Laboratory

Electives
Select 5 credits of the following:

CHEM 304 Environmental Chemistry
CHEM 318 Bioinorganic Chemistry
CHEM 352 Fundamentals of Biochemistry
CHEM 361 Molecules and Medicine
CHEM 397 Chemical Literature and Communication
CHEM 399 Independent Study - Juniors
CHEM 401 Inorganic Chemistry
CHEM 411 Survey of Industrial Chemistry
CHEM 420 Advanced Synthesis Laboratory
CHEM 426 Modern Organic Chemistry
CHEM 438 Physical Analysis Laboratory
CHEM 442 Instrumental Analysis
CHEM 444 Modern Applied Separations and Spectrometry
CHEM 453 Biochemistry Laboratory
CHEM 460 Polymer Chemistry
CHEM 491 Special Topics
CHEM 495 Directed Studies
CHEM 497 Independent Study (ACS)
CHEM 499 Independent Study - Seniors

Total Credits 15

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach Chemistry in Early Adolescence through Adolescence classrooms. A minor in biology, mathematics, or physics is recommended.

Broadfield Science licensure
NOTE: Completion of the following requirements and ES 367 may be used in lieu of a minor and adds Broadfield Science licensure to the Teaching major:

A) At least 14 credits from one of the following areas:

Option 1

BIOL 214 Human Anatomy and Physiology I
BIOL 221 Foundations of Biology I
BIOL 222 Foundations of Biology II
BIOL 223 Foundations of Biological Inquiry
BIOL 314 Human Anatomy and Physiology II
Option 2
Select one of the following:
- PHYS 211 General Physics
- PHYS 212 and General Physics
- PHYS 231 University Physics I
- PHYS 232 and University Physics II
- additional credits above 212

Option 3
One of:
- GEOL 106 Earth Science
- GEOL 110 Physical Geology
- GEOL 115 Environmental Geology
- GEOL 118 Societal Issues in Earth Science
Select one of the following:
- GEOG 104 The Physical Environment
- GEOG 340 Climatology
- GEOG 361 Environmental Hazards
Required:
- PHYS 226 Astronomy-Solar System
- additional courses from the following:
  - GEOL 102 Oceanography
  - GEOL 301 Earth Resources
  - GEOL 303 Rocky Mountain Field Studies
  - GEOL 308 Water Resources
  - PHYS 229 Astronomy-Stars and Galaxies
  - GEOG 200 Foundations of Geography
  - GEOG 304 Introduction to Geomorphology
  - GEOG 340 Climatology
  - GEOG 361 Environmental Hazards
B) Eight credits in each of the two areas not selected in A above.

Option 1
- BIOL 105 General Biology
- BIOL 151 Biology of Humans

Option 2
Select one of the following:
- PHYS 211 General Physics
  & PHYS 212 and General Physics
- PHYS 231 University Physics I
  & PHYS 232 and University Physics II

Option 3
Select one of the following:
- GEOL 106 Earth Science
- GEOL 110 Physical Geology
- GEOL 115 Environmental Geology
- GEOL 118 Societal Issues in Earth Science
- GEOG 104 The Physical Environment

Required:
- PHYS 226 Astronomy-Solar System
  or PHYS 229 Astronomy-Stars and Galaxies

Chemistry, Minor - Teaching
Teaching (Code 100-406)
Requirements:
A minimum of 24 semester credits from Chemistry, including:
- CHEM 115 Chemical Principles
- OR
- CHEM 103 General Chemistry I
  & CHEM 104 and General Chemistry II

This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach Chemistry in Early Adolescence through Adolescence classrooms. Candidates for the teaching minor must complete at least nine credits of upper-division (300- to 400-level) courses.

Chemistry, Minor - Liberal Arts
Liberal Arts (Code 100-405)
A minimum of 24 semester credits, including:
Select one of the following: 6-8
- CHEM 115 Chemical Principles
- OR
- CHEM 103 General Chemistry I
  & CHEM 104 and General Chemistry II
Select remaining credits from the following:
- CHEM 213 Quantitative Analysis
- CHEM 218 Introduction to Inorganic Chemistry
- CHEM 304 Environmental Chemistry
- CHEM 318 Bioinorganic Chemistry
- CHEM 325 Organic Chemistry I with Laboratory
- CHEM 326 Organic Chemistry II with Laboratory
- CHEM 352 Fundamentals of Biochemistry
- CHEM 405 Applied Physical Chemistry
- CHEM 411 Survey of Industrial Chemistry
- CHEM 426 Modern Organic Chemistry
- CHEM 433 Physical Chemistry I
- CHEM 434 Physical Chemistry II
- CHEM 452 Biochemistry I
- CHEM 454 Biochemistry II

Other advanced courses may be approved by petition.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements: All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) more than the minimum of 120 credits for graduation.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and
Chemistry, Research Emphasis, Comprehensive Major
Requirements

In addition to the chemistry core and required mathematics/physics courses, students must complete the following course work:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>

</tr>
</tbody>
</table>

Total Credits 22

1 Only six credits of the CHEM 103/CHEM 104 sequence are credited to the major.

Capstone Experience for Chemistry Majors

The capstone experience is met by completing CHEM 411 for chemistry with business emphasis majors, and by CHEM 420, CHEM 438, CHEM 453 or CHEM 497 for other chemistry majors.
Communication and Journalism

Hibbard Humanities Hall 152
715-836-2528
www.uwec.edu/cj (http://www.uwec.edu/cj)

The Department of Communication and Journalism faculty are committed to a philosophy emphasizing the development, integration, and practical application of theories, knowledge, and skills related to communication and journalism. Communication and journalism are crucial to a democratic society. Both require citizens to share and challenge information.

Departmental Goals
To prepare students for responsible roles in communication and journalism, the department offers diversified curricula in which all students can expect to develop in these areas:

1. awareness and knowledge of communication processes in diverse cultural, social, legal, and ethical contexts;
2. critical and analytical thinking;
3. research and information-gathering skills; and
4. oral, written, and visual communication skills.

Areas of Emphasis
The department offers majors and minors in Communication, Journalism, and Integrated Strategic Communication with the following options for areas of emphasis:

- **Communication majors/minors:**
  - Communication: Communication Studies
  - Communication: Organizational Communication

- **Integrated Strategic Communication majors:**
  - Integrated Strategic Communication: Advertising
  - Integrated Strategic Communication: Public Relations

- **Integrated Strategic Communication minor**

- **Journalism major and minor**

Information for Majors
No student may have both a major and a minor or a major and a certificate from the Department of Communication and Journalism. No major or minor credit may be earned under the Satisfactory/Unsatisfactory option. Students majoring in Communication, Journalism, and Integrated Strategic Communication may not include CJ courses in a topical minor without prior, written approval of the department chair.

Most upper division courses (numbered 300 and above) required in major and minor programs are available only to students who have completed prerequisite courses with grades of C or above.

Students who choose a major in Integrated Strategic Communication or Journalism must meet curriculum accreditation standards set by the Accrediting Council on Education in Journalism and Mass Communications (ACEJMC).

Accreditation standards require that students complete 72 credits of coursework outside of their major, and complete the university liberal education core requirements.

Advising Information
Students who declare a major in the Department of Communication and Journalism as juniors or seniors should not expect to finish the courses required for that major in fewer than four semesters. When completing the paperwork to declare this major, it is particularly important for students to work out the course sequencing necessary to finish in a timely manner.

Communication and Journalism departmental policy specifies that any student who is absent from the first day of class without prior approval of the course instructor may be dropped from the class in order to make room for other students.

Extra-Curricular Opportunities
Communication, Journalism, and Integrated Strategic Communication majors and minors are urged to obtain practical experience from work with campus media and/or professional organizations.

Students may apply for opportunities to work for the award-winning student newspaper, The Spectator, or become a member of the nationally-ranked forensics squad. American Advertising Federation, Communication and Journalism Organization, Public Relations Student Society of America, Society of Professional Journalists and WUEC-FM also offer professional development, experience, and leadership opportunities for students.

For more information about the Communication and Journalism Department, its programs, and its faculty, visit the Department’s homepage at www.uwec.edu/cj (http://www.uwec.edu/cj).

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24
credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

This emphasis teaches students to analyze and enhance human communication through courses in theory, research and practice. After completing a common core of courses, majors in this emphasis select a variety of electives including courses focused on how communication builds and maintains relationships and how messages in political and popular culture influence society.

Thirty-six semester credits, including:

**Communication Studies Core (18 credits)**

### College Degree Requirements

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.
Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Understanding the objectives, message concepts, and strategies which underlie advertising is the goal of this sequence. Students are prepared to conduct research, establish goals, create messages, and implement plans.

Advertising majors must complete 36 credits that include:

Integrated Strategic Communication, Certificate

(Code 585-601)

The Certificate in Integrated Strategic Communication is designed to teach students in a wide variety of non-communication fields to effectively communicate in an message-intensive world. Specially, they will learn how to promote their skills to the public at large and help the public build a better understanding of their chosen field and issues important to that field. The certificate will provide students with the skills and knowledge needed to identify and analyze target audiences and create messages designed for those audiences.

Fifteen semester credits, including:

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.
Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

The goal of this emphasis is to understand objectives and strategies that shape the information delivered to publics. Students are prepared to analyze, design, and manage public relations messages.

Thirty-six credits that include:

</tbody>
</table>

Select nine credits of electives in CJ courses (neither CJ 202 nor CJ 203 may be used as elective credits) 9

Total Credits 24

Organizational Communication, Certificate

(Code 583-601)

The Certificate in Organizational Communication complements majors in every area of study by developing professional, group, and interpersonal communication skills that enable students to contribute to, and better serve, the communities, organizations and societies in which they live and work. Students in any field must be able to analyze, develop and deliver messages to a variety of stakeholders. The Certificate in Organizational Communication helps students hone these abilities by highlighting the role of communication in organizational effectiveness, and engaging students in both theory and practice. The elective course options for the certificate allow students to focus on the specific communication skills that apply most directly to their particular interests or career aspirations.

Note: Students cannot pursue a Communication, Integrated Strategic Communication, or Journalism Major and the Organizational Communication Certificate to meet graduation requirements for completing a first and second degree program.

Students pursuing an Organizational Communication Certificate are required to complete 12 credits toward the certificate.

Twelve semester credits, including:

<table>
<thead>
<tr>

Total Credits 12

Social Advocacy and Change, Certificate

(Code 583-603)

The Certificate in Social Advocacy and Change is designed for students who wish to engage as active citizens, using communication skills and knowledge to promote change in a variety of social and political contexts including, but not limited to, human rights and environmental concerns. Active citizenship exists where individuals use communication practices and theories to advocate for change on their own behalf or on the behalf of others, and where groups seek to find common cause or concern with issues at the heart of the controversy. A combination of courses in communication studies and organizational communication help students learn the knowledge and skills that will allow them to create responsible change in their communities.

Twelve semester credits, including:

<table>

Honor Societies and Student Organizations: ACM, WITS

Computer Science and Software Engineering are disciplines that combine concepts from mathematics, science, and engineering into a coherent and disciplined study of the software and hardware required for computation. The programs offered by the UW-Eau Claire Department of Computer Science provide the fundamental education necessary to prepare students for positions in industry or to pursue graduate study. The curriculum is organized so that graduates will be able to meet immediate demands for solving computational problems or designing state-of-the-art computer systems, yet also have an understanding of the basic principles and concepts in computer science needed to avoid technological obsolescence in a rapidly changing environment. This program is intended to produce computer science professionals, not merely technicians with some training in computer software and hardware. Success requires a strong aptitude in mathematics.

The Program for Majors and Minors

Department faculty constantly examine the curriculum to ensure that students gain both the breadth and depth of knowledge needed to be successful in careers in business and industry, or in graduate school. The major/minor curriculum includes:

1. Introductory courses which cover the basic principles of Computer Science.
2. The use of object-oriented and other programming paradigms.
3. An integrated blend of courses which cover the tools, knowledge, problem-solving, and programming techniques that form the basis for a successful career.
4. A capstone experience.

Departmental Honors in Computer Science

Eligibility: Students with resident and total GPAs of 3.50 or higher and a 3.50 or higher in at least 12 credits of computer science.

Procedure: A written application for Departmental Honors in Computer Science shall be approved by the research adviser and the departmental honors committee. The application and approval process must be completed no later than the end of the junior year.

Requirements:

1. The satisfactory completion of
   a. six credits of registration in Computer Science Research, including the writing of a research paper;
   b. an oral presentation to be given to at least three members of the faculty.
2. Resident and total GPAs of 3.50 or higher in both the computer science major and for all credits attempted to meet graduation requirements.
3. Participation in at least one Student ACM Programming Contest.

Information for All Students

It is strongly recommended that the student have a grade of C or above in any Computer Science course which is to be used as a prerequisite to another course. Where a grade of C- or below is earned in a Computer Science course, the student should repeat the course before continuing.

Satisfactory/Unsatisfactory Policy

The Satisfactory/Unsatisfactory option may not be elected to satisfy a course requirement at the 200 level or higher for the major or minor programs, except for CS 490.

Majors

- Major: Computer Science, Software Engineering, Liberal Arts - B.A./B.S. (p. 196)
- Comprehensive Major: Computer Science, Liberal Arts - B.A./B.S. (p. 193)

Minors

- Minor: Computer Science, Liberal Arts Emphasis (p. 195)

Certificates

- Certificate: Web Design and Development (p. 198)

Computer Programmer, Certificate

(Code 170-605)

The Department of Computer Science offers certificates to students and working computer professionals who desire the knowledge and hands-on experience necessary to become computer programmers or web designers and developers. Note: Students cannot pursue the Computer Science Major and the Computer Programmer Certificate nor the Computer Science Major and the Web Design and Development Certificate to meet graduation requirements for completing a first and second degree program.

### College Degree Requirements

#### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors if available.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available)
may not be elected in the same department or program, except in the
approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of
Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and
Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the
Liberal Education Core); all College-level degree requirements (major and
minor/certificate emphases, GPAs, earning at least 90 credits in Arts and
Sciences course work); foreign language competency at the 102 level. Foreign
language competency may be met in one of two ways: (1) Achieve a score on
the foreign language placement test that qualifies the student to enter the 201-
level course in a foreign language. (2) Earn a grade of at least C (not C-) or a
mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG
122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and
Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the
Liberal Education Core); all College-level degree requirements (major and
minor/certificate emphases, GPAs, earning at least 90 credits in Arts and
Sciences course work); mathematics competency at the MATH 111, MATH
112 or MATH 113 level. Mathematics competency can be met in one of three
ways: (1) Achieve a score on the mathematics placement test that qualifies the
student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S
in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two
times.

**Major Requirements**

This major is recommended for students who desire a strong foundation in
software design and development, computer systems and networking, and
mathematics.

A minimum of sixty semester credits, including:

**Computer Science core (39 crs)**

<table>

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

This major is recommended for students who desire a strong foundation in software design and development.

A minimum of 42 semester credits, including:

Web Design and Development, Certificate

(Code 170-601)

Certificate Programs
The Department of Computer Science offers certificates to students and working computer professionals who desire the knowledge and hands-on experience necessary to become computer programmers or web designers and developers. Note: Students cannot pursue the Computer Science Major and the Computer Programmer Certificate nor the Computer Science Major and the Web Design and Development Certificate to meet graduation requirements for completing a first and second degree program.

Economics

Schneider Social Science 476
715-836-5743
www.uwec.edu/econ (http://www.uwec.edu/econ)

What is Economics?
Economics is the study of how and to what extent a society uses its scarce resources. The Department of Economics believes that understanding economics requires both learning economic theory and applying that theory. To this end, the department encourages internships, student/faculty collaborative research activities, small-group learning, and applied projects.

To aid our graduates in the transition to employment or further education, the department sponsors trips to area graduate schools and visits by individuals employed in economics-related occupations and it maintains a file of alumni mentors.

Honor Societies and Student Organizations

Omicron Delta Epsilon (Economics Honors Society) and Student Economics Association.
For more information on either organization, see the Department Chair.
Departmental Honors Program in Economics

Entrance Requirements:

1. Majors who have completed at least the two introductory economics courses with a GPA in economics courses of 3.50 or higher, and resident and total GPAs of 3.35 or higher,
2. and submit a written application before the beginning of the senior year for approval by the Economics Department faculty.
3. Requirements for Continued Participation: If at any time a student’s resident and total GPAs fall below 3.35, or a student’s GPA in economics courses falls below 3.20, that student will no longer be eligible to participate in the program.

Graduation Requirements:

1. Complete the requirements for an economics major, including ECON 316.
2. Complete at least six credits in the department’s Honors Seminars taught by graduate faculty. If unable to schedule six credits of seminar, the student can petition the department to replace three credits of Honors Seminar with three credits of Honors Independent Study.
3. Satisfactory completion of an Honors paper under the direction of a department member of the graduate faculty.
4. Satisfactory completion of an oral examination, conducted by at least three faculty members, on economic theory (ECON 303 and ECON 304) and on the student’s Honors Paper.
5. Resident and total GPAs of 3.50 or higher at graduation for all courses and in Economics Department courses. For more information, see the Department Chair.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

College Degree Requirements

Bachelor of Business Administration Degree

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those
offered by the College of Business. The Health Care Administration major is exempt from the 48 credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300 level courses in the College of Business Core, and need to be completed prior to registration for those courses.

The program consists of four workshops: Becoming a Business Professional, Professional Appearance, Developing your Professional Profile, and Professional Etiquette. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (p. 431) and Health Care Administration (p. 444).) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

• No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
• Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
Proficiency Requirement:
MATH 111 or MATH 114 or equivalent. Does not count toward credits in the major.

The BUSCORE
The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 201</td>
<td>Principles of Accounting 1</td>
<td>3</td>

<td>3</td>
</tr>
</tbody>
</table>

Total Credits 28

1. Students who earn less than a B- (B minus) in BCOM 206 must complete BCOM 216 with a grade of C or above.
2. Students must earn a B- (B minus) or higher in BCOM 207.
3. MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

A Bachelor of Business Administration degree with a comprehensive major in economics consists of the 28 credit BUSCORE, and completion of 32 additional credits as follows:

Economics, Business, Comprehensive Major

<table>

Service-Learning Goal

Service-Learning (p. 49)  30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

Thirty-six semester credits in economics and supporting courses, including:

**ECON**

  - WRIT 118 Accelerated Blugold Seminar in Critical Reading and Writing  
  - WRIT 120 Blugold Seminar in Critical Reading and Writing for Transfer Students  
  AND at least one oral communication course from the following:  
  - CJ 201 Introduction to Interpersonal Communication  
  - CJ 202 Fundamentals of Speech  
  - CJ 203 Fundamentals of Human Communication |
|      | **S2 (Mathematics)** | LE approved math course |
### Teaching Licensure Requirements - EA-A Licensure

#### Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

#### Option B: EA-A

**Early Adolescence through Adolescence Licensure**

NOTE: Although majors must be from the approved list below, the second plan may be from the approved list. Students pursuing EA-A licensure are not required to elect a second plan that leads to a teaching license.
**Admission Requirements**

Admission to Professional Education Programs (p. 474)

**Major Requirements**

Thirty-six semester credits in economics and supporting courses, including:

- **ECON 103** Principles of Microeconomics 3
- **ECON 104** Principles of Macroeconomics 3
- **ECON 303** Intermediate Microeconomic Theory 3
- **ECON 304** Intermediate Macroeconomic Theory 3
- **ECON 321** Money and Banking 3
- **ECON 322** Investments 3
- **MATH 246** Elementary Statistics 4

Additional credits must be selected primarily from the following:

- **ECON 308** Essentials of Managerial Economics 3
- **ECON 311** History of Economic Thought 3
- **ECON 315** Elements of Mathematical Economics 3
- **ECON 316** Econometrics 3
- **ECON 318** Business Fluctuations and Forecasting 3
- **ECON 325** Public Economics 3
- **ECON 331** Government and Business 3
- **ECON 335** Labor Economics 3
- **ECON 351** International Economics 3
- **ECON 353** Economics of Pacific Asia 3
- **ECON 355** Economic Development 3
- **ECON 366** Behavioral Economics 3
- **ECON 371** Current Economic Problems 3
- **ECON 375** Urban Economics 3
- **ECON 399** Independent Study - Juniors 3
- **ECON 491** Special Topics 3
- **ECON 492** Honors Seminar 3
- **ECON 494** Academic Internship 3
- **ECON 495** Directed Studies 3
- **ECON 496** Honors Independent Study 3
- **ECON 498** Professional Internship 3
- **ECON 499** Independent Study - Seniors 3

Students may, if they wish, count a maximum of two courses from the following:

- **ECON 268** Environmental Economics 3
- **ECON 280** Health Economics 3
- **ECON 329** Lifetime Investing Principles and Strategies 3
- **ECON 330** Economics of American Minorities 3
- **ECON 390** Global Economics Immersion Experience 3
- **ECON/LAS 356** Economic Development of Latin America 3
- **ECON/WMNS 337** Women and the Labor Market 3
- **ECON/WMNS 357** Women and Economic Development 3
- **ACCT 201** Principles of Accounting I 3

---

1. Broadfield Science add-on certification is available with these majors and requires ES 359 (fall only) and ES 367 (spring only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.
This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach Economics in Early Adolescence through Adolescence classrooms.

All students with a major in economics must complete a capstone paper during the year prior to graduation. Contact the department office for information on capstone requirements and options.

NOTE: A maximum of six credits earned in ECON 399, ECON 494, ECON 495, ECON 496, ECON 498, and/or ECON 499 may count toward the major.

English

Centennial Hall 4102
715-836-2639
www.uwec.edu/english

English, as an academic discipline, encompasses the study of literature, literary theory, critical/cultural theory, film, creative writing, professional writing, rhetoric, and linguistics. In English courses, students develop strong critical thinking and analytical skills; they learn to read with interpretive power and write with fluency, power, and precision; and they apply a variety of research strategies and methods.

Advising Information

The English Department maintains updated advising guides and four-year degree plans for all of its majors and minors; these materials are available in the English Department office and on the English Department website (https://www.uwec.edu/English).

Students contemplating a major or minor in English can make an appointment in the English Department office with the Director of Undergraduate Studies in English.

No student may have both a major and a minor in the English Department.

Programs

Students at UW-Eau Claire may focus their studies in English by choosing a major or minor in one of five areas of emphasis. A standard major, which must be taken in conjunction with a second program, may be pursued in one of five emphases: Creative Writing; Critical Studies in Literature, Culture, and Film; Linguistics; Rhetorics of Science, Technology, and Culture; and Teaching. The teaching emphasis may also be taken as a comprehensive major, which does not need a second program. The English Department offers minors in the following four emphases: Creative Writing; Critical Studies in Literature, Culture, and Film; Rhetorics of Science, Technology, and Culture; and Teaching. In lieu of a minor in English Linguistics, the English Department administers the College of Arts and Sciences Interdisciplinary Linguistics minor and the Interdisciplinary Linguistics certificate. Each major/minor in English offers students a framework of core English courses and a focused concentration of courses in the emphasis.

All English majors take three core courses, designed to provide a strong foundation in English studies:

| ENGL 210 | Introduction to Texts | 5 |
| ENGL 221 | Introductory English Linguistics | 3 |
| ENGL 284 | Introduction to Theory and Criticism | 3 |

ENGL 210 provides students with an understanding of textuality and how texts function within historicized cultural contexts. All English minors take ENGL 210 as their one core English course. ENGL 221 introduces students to the scientific study of language, including linguistic structure, the history of the English language, and language acquisition. ENGL 284, provides a broadly conceived understanding of theory and criticism, and introduces students to the practice of self-reflectively theorizing and critiquing within the field of English. These core courses provide students with a strong basis for their work in the discipline.

Our English majors/minors are designed to give students focused study in a particular area or emphasis. Students deepen their study of English through intermediate and advanced coursework in their specific emphasis and have many opportunities to integrate their previous learning by producing major research or creative projects. Students in English develop strong analytical skills, critical thinking abilities, oral and written communication skills, and a depth of knowledge about language, literature, and culture, all of which will serve them well in their careers or graduate work. Finally, the English Department prides itself on its accomplished faculty, rigorous curriculum, and welcoming community.

Departmental Honors Program, Student Organizations, and Other Opportunities

We believe that getting involved beyond the classroom in the major/minor enhances students’ college experience and gives them valuable career-building and life-enriching skills. Please visit the English department website (https://www.uwec.edu/english) for information about these opportunities.

- **Departmental Honors Program in English**—engage in high impact research, creative and integrative opportunities. The Departmental Honors Program fosters integrative learning through independent and collaborative experiences, promotes advanced engagement with scholarly resources, and recognizes outstanding achievement in academic and scholarly activity.
- **English Festival**—organize events and activities of interest to English majors, minors, and faculty.
- **English Ambassadors**—promote the department at recruitment events, mentor English majors/minors, and advise the department on student concerns.
- **NOTA (None of the Above)**—contribute to the creation of the campus’ creative literary and arts publication and host events promoting the literary and creative arts.
- **Sigma Tau Delta/Theta Zeta Chapter**—English honor society committed to fostering relationships between students and faculty and inspiring students to promote their love of English to the campus and local community through service projects and activities.
- **Center for Writing Excellence Writing Assistants & Writing Fellows**—tutor in the Center for Writing Excellence or assist professors in writing-intensive courses.
- **Student Mentors/Teaching Apprentices**—mentor or apprentice in an English course.
- **Writing Internships**—build your writing and professional skills by working for community agencies or businesses in the Chippewa Valley.

General Restrictions

**Directed Studies** (ENGL 395) and **Independent Studies** (ENGL 399, ENGL 499) may be applied in major and minor programs only with the written permission of the student’s adviser and the department chair.

**Auditors** will be admitted to writing courses only with the written permission of the instructor and the department chair.

**English for Non-Native Speakers.** The beginning composition course for non-native speakers of English is ordinarily ESL 305 (contact Department of Languages), followed by a first-year writing course offered by the English Department.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Certification | 2.00 average
--- | ---
**University Residency Requirements** (p. 50) | 
Minimum total | 30
Senior year | 23
Major, Standard, upper division in residence | 12
Major, Comprehensive, upper division in residence | 21
Certificate | 25 percent of credits

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Service-Learning Goal

Service-Learning (p. 49) 30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfilment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122/LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

| 25 percent of credits |

**Procedures Required for Graduation**
Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
3. See special requirements for the College of Education and Human Sciences.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

</table>

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

Thirty-eight semester credits, including:

**Core (11 credits)**

<table>

<td>3</td>
</tr>
</tbody>
</table>

**Emphasis Requirements**

At least one course from five of the following areas (15 credits):

British literature/culture course before 1790
British literature/culture course after 1790
American literature/culture course before 1865
American literature/culture course after 1865
World/Post-Colonial literature/culture
American Ethnic literature/culture
Women's literature/culture
Theory, Film, and Popular Culture Studies

**Additional Elective Credits in English (12 credits)**

A minimum of six of these credits must come from any of the above areas; the remaining six credits may come from any ENGL course.

NOTE 1: Up to six credits may come from the 100- or 200-level, with no more than three credits from ENGL 121, ENGL 130, ENGL 142, ENGL 150, and ENGL 181.

NOTE 2: At least nine credits must be taken at the 400-level.

### English, Linguistics, Major

#### Liberal Arts (Code 540-205)

### University Requirements

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
</table>

**GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE**

**Credit Requirements**

- Minimum total for graduation \(^1\) 120
- Upper division credits (courses numbered 300 and higher) 39
- Liberal Education Core (p. 46) 36
- Academic Concentrations (p. 50)
Grade Point Requirements: (p. 49)  
Total: 2.00 average  
Resident: 2.00 average  
Major: 2.00 average  
Minor: 2.00 average  
Certificate: 2.00 average  

University Residency Requirements (p. 50):  
Minimum total credits: 30  
Senior year: 23  
Major, Standard, upper division in residence: 12  
Major, Comprehensive, upper division in residence: 21  
Certificate: 25 percent of credits  

Procedures Required for Graduation  
Obtain admission to the degree program and/or the College offering it.  
Apply for graduation on CampS.  

1 Certain programs exceed this minimum.  
2 See special requirements in each College.  
3 See special requirements for the College of Education and Human Sciences.  

Liberal Education Core  
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>

Service-Learning (p. 49)  
30 hours  

College Degree Requirements  
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)  

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).  

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.  

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) of 36 or more credits each. Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.  

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).  

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.  

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)  

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-
level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

Thirty-six semester credits, including:

**Core (11 credits)**

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation  1  120
Upper division credits (courses numbered 300 and higher)  39
Liberal Education Core (p. 46)  36
Academic Concentrations (p. 50)

Grade Point Requirements (p. 49)  2

Total  2.00 average
Resident  2.00 average
Major  2.00 average
Minor  2.00 average
Certificate  2.00 average

University Residency Requirements (p. 50)  3

Minimum total  30
Senior year  23
Major, Standard, upper division in residence  12
Major, Comprehensive, upper division in residence  21
Certificate  25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1  Certain programs exceed this minimum.
2  See special requirements in each College.
3  See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

</tbody>
</table>

S1 (Written and Oral Communication)

At least one writing course from the following:

- WRIT 114 Intensive Blugold Seminar in Critical Reading and Writing
- WRIT 116 Blugold Seminar in Critical Reading and Writing
- WRIT 118 Accelerated Blugold Seminar in Critical Reading and Writing
- WRIT 120 Blugold Seminar in Critical Reading and Writing for Transfer Students

AND at least one oral communication course from the following:

- CJ 201 Introduction to Interpersonal Communication
- CJ 202 Fundamentals of Speech
- CJ 203 Fundamentals of Human Communication

S2 (Mathematics)

LE approved math course

S3 (Creativity)

ES 497 Field Experience Seminar (included in major) 2

R1 (Equity, Diversity, Inclusivity)
Undergraduate Catalog

ES 385 Social Foundations: Human Relations (included in major) 3

AND another learning experience

R2 (Global Perspectives)
One LE approved course

R3 (Civic and Environmental Issues)
One LE approved course

IL (Integration)
ES 497 Field Experience Seminar (included in major) 2

AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

**Option B: EA-A**

Literature/Culture Requirements

Minimum of nine credits from the following categories, but no more than two courses from any one category: British Literature/Culture, American Literature/Culture, World/Post-Colonial Literature/Culture, American Ethnic Literature/Culture, or Women's Literature/Culture

Maximum of six credits from the following options and no more than one course from any categorical area: ENGL 397, Creative Writing, Rhetorics of Science, Technology, and Culture, Linguistics, or Theory and Film courses

No more than six credits from the 100- or 200-level, with no more than three credits from ENGL 121, ENGL 130, ENGL 142, ENGL 150, or ENGL 181.

At least three credits at the 400-level

The Standard English Teaching major is restricted to students in the College of Education and Human Sciences: Education Studies: EA-A (Option B) and leads to licensure to teach English in Early Adolescence through Adolescence classrooms. See Education Studies departmental pages for specific information on requirements for admission to the College of Education and Human Sciences and the Professional Semester. See your adviser or the English Teaching advising guide for specific information regarding English Department requirements for admission to the College of Education and Human Sciences and the Professional Semester.

Library Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4) One (1) learning experience

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1) Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2) One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3) One (1) learning experience

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1) Two (2) learning experiences

One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3) One (1) learning experience

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1) Two (2) learning experiences

**Service-Learning Goal**

Service-Learning (p. 49) 30 hours

---

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Thirty-six semester credits, including:

Core (11 credits)
- ENGL 210 Introduction to Texts 5
- ENGL 221 Introductory English Linguistics 3
- ENGL 284 Introduction to Theory and Criticism 3

Emphasis Requirements
- ENGL 212 Histories and Theories of Rhetoric 3
- ENGL 455 Seminar in Rhetorics of Science, Technology, and Culture 3

Twelve credits from:
- ENGL 307 Editing and Publications Management
- ENGL 312 Topics in Rhetoric and Science
- ENGL 313 Topics in Rhetoric and Technology
- ENGL 314 Topics in Rhetoric and Culture
- ENGL 315 Visual Rhetorics of Science, Technology, and Culture
- ENGL 409 Grant Proposal Writing
- ENGL 415 Seminar in Science and Nature Writing
- ENGL 498 Internship in Writing
- or three credits outside the department with advisor approval

Literature/Culture Requirements
Nine credits of literature/culture 1

**Geography and Anthropology**

Phillips 257  
715-836-3244  
www.uwec.edu/geography (http://www.uwec.edu/geography)

Geographers describe and explain the patterns and processes of natural environmental systems and the human habitation of the earth. They emphasize the importance of the location of people, places, and events; the physical and human characteristics of regions; and the relations between culture and environment.

With training in both the natural and social sciences, geographers have a wide range of career opportunities in public and private sectors. Geographers find work in urban and regional planning, marketing, real estate, tourism, transportation, teaching, environmental analysis, and natural resource management. Geographers are increasingly in demand for jobs that require expertise in geospatial techniques, such as geographic information systems (GIS), global positioning systems (GPS), remote sensing, and computer cartography.

The discipline of anthropology adopts an integrative, comprehensive approach to the study of humankind. Anthropologists seek to understand human conditions by examining the biological evolution of human beings, the human capacity to create culture, and the diverse ways of life developed by societies around the world.

**Honor Societies, Student Organizations, and Internships**

GTU: Gamma Theta Upsilon is an international honor society in geography.

Contact: Ryan Weichelt, weicherd@uwec.edu

**Geography & Anthropology Club**

Contact: Ezra Zeitler, zeitleej@uwec.edu, Ryan Weichelt, weicherd@uwec.edu, or Ari Anand, anandas@uwec.edu

**Internship Opportunities**

Contact: Christina Hupy, Internship Coordinator, hupycm@uwec.edu

**Five Advanced Geography Approaches**

Two semesters BEFORE graduation, students must meet with their Geography advisor to certify their selection of the courses needed for all Geography majors and minors.

Departmental Honors in Geography and Anthropology

The Department of Geography and Anthropology encourages and creates opportunities for all of its students to participate in research and creative learning activities with department faculty. Especially motivated and high-achieving students are invited to pursue Departmental Honors in Geography or Anthropology. The Departmental Honors Program enhances students’ undergraduate experience, recognizes outstanding work and achievement, and can open up exceptional educational and professional opportunities.

Eligibility:

Must be a declared major or minor, have completed the core introductory courses (GEOG 104, GEOG 111, GEOG 178, and GEOG 200 or ANTH 161, ANTH 165, ANTH 169, and an area course), and have resident and major/minor GPAs of at least 3.50.

Application Procedures:

Student applicants should submit an electronic application for Departmental Honors in Geography or Anthropology to the Department Chair – through the applicant’s advisor – for approval as soon as interested and eligible, but no later than prior to the start of the student’s final semester before graduation. Department faculty and staff may also identify qualified students and encourage them to apply. The e-form application should elaborate on professional activities, research interests, and aspirations; an unofficial copy of transcripts should be attached. Final approval and recommendation for Departmental Honors will be made following satisfactory completion of all requirements (see below). Please see the Department Chair for more information and application details.

Requirements:

1. Conduct research and disseminate results: Satisfactorily complete one substantial faculty-student research collaboration in Geography or Anthropology that results in
   a. a presentation at a regional, national, or international professional conference; and
   b. an oral presentation to be given to at least three members of the faculty in such forums as departmental capstone presentations, regional conferences, UW-Eau Claire’s annual Provost’s Honors Symposium or professionally comparable venues.
2. Satisfactorily complete GEOG 401 or ANTH 499, to include a thesis or substantial paper written under the supervision of a Geography or Anthropology faculty member, or publish collaborative research results (see Requirement #1) in a peer-reviewed journal.
3. Maintain a 3.5 cumulative resident GPA and a 3.5 GPA in Geography or Anthropology courses.

Majors

- Comprehensive Major: Geography, Environmental Geography Emphasis - B.A./B.S. (p. 234)
- Comprehensive Major: Geography, Transnational Geographies Emphasis - B.A./B.S. (p. 240)
- Major: Geography - B.A./B.S. (p. 237)
- Comprehensive Major: Geospatial Analysis and Technology - B.A./B.S. (p. 244)

Minors

- Minor: Geography, Teaching (p. 240)

Certificates

- Certificate: Geospatial (p. 245)
- Certificate: Geospatial in Geographic Information Systems (p. 246)
- Certificate: Geospatial in Mapping (p. 246)

Geography, Environmental Geography, Comprehensive Major

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 112 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Comprehensive Major**

A minimum of 60 semester credits, including completion of:

- GEOG 104: The Physical Environment 4
- GEOG 111: Human Geography 3
- GEOG 178: Conservation of the Environment 3
- GEOG 200: Foundations of Geography 3
- GEOG 335: Geographic Information Systems I 3
- GEOG 370: Quantitative Methods in Geography 3
- GEOG 401: Capstone Seminar 3

Five additional courses to be selected from three of five Advanced Geography Approaches ¹

**Environmental Geography**

Geography major coursework plus 12 credits from environmental courses from other disciplines (selected with consent of adviser)

Geography electives to complete 60 credits; at least one elective must be an upper level Physical Geography course and one elective must be an upper level Human-Environmental Geography course

**Advanced Geography Approaches**

One year BEFORE graduation, Geography Majors must complete a form to certify their selected courses from the Advanced Geography Approaches. They must complete this form a second time one semester before graduation.

**Physical Geography**

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
3. See special requirements for the College of Education and Human Sciences.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4) One (1) learning experience

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1) Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2) One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3) One (1) learning experience

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1) Two (2) learning experiences

One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3) One (1) learning experience

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1) Two (2) learning experiences

**Service-Learning Goal**

Service-Learning (p. 49) 30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors if available.
may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

A minimum of 36 semester credits consisting of required courses:

1  Required courses.
Geography, Minor - Teaching

Teaching (Code 140-413)

A minimum of 24 semester credits consisting of required courses:
- GEOG 104 The Physical Environment 4
- GEOG 111 Human Geography 3
- GEOG 178 Conservation of the Environment 3
- GEOG 200 Foundations of Geography 3

Four courses to be selected with consent of advisor from three of the five Advanced Geography Approaches (see below)

This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach Geography in Early Adolescence through Adolescence classrooms.

Advanced Geography Approaches

One year BEFORE graduation, Geography Majors must complete a form to certify their selected courses from the Advanced Geography Approaches. They must complete this form a second time one semester before graduation.

#### Service-Learning Goal

- **Service-Learning** (p. 49)
  - 30 hours

### College Degree Requirements

#### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) more than the minimum of 120 credits for graduation.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

#### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfilment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level; Foreign
language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Comprehensive Major**

A minimum of 60 semester credits, including completion of the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>GEOG 104</td>
<td>The Physical Environment</td>
<td>4</td>

<td>Quantitative Methods in Geography</td>
<td>3</td>
</tr>
<tr>
<td>GEOG 401</td>
<td>Capstone Seminar</td>
<td>3</td>
</tr>
</tbody>
</table>

Five additional courses selected from three of five Advanced Geography Approaches

1 One of the additional courses must be GEOG 368 - note that the Advanced Geography Approach to which it applies may vary by semester.

**Transnational Geographies**

The Transnational Geographies Emphasis provides an opportunity for students interested in graduate work or employment in the areas of civic governance and policies, transnational work in the public or private sectors, and non-profit developmental organizations. It is intended for students who are interested in cultural difference, social justice, ethnographic field research, work or study abroad, or for those who desire strong preparation for graduate programs in human/cultural geography or anthropology. Requires completion of the core, the required credits, and departmental and non-departmental electives as listed below to total at least 60 credits. In addition to the requirements for the geography liberal education degree, students in the Transnational Emphasis must take:

One of the following that will count toward the geography elective.

<table>
<thead>
<tr>

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.
³ See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

The Geospatial Analysis and Technology major will ground students in current geographic and geospatial traditions in a multidisciplinary learning approach. This comprehensive major integrates tools and skills with an engaging curriculum and high impact practices such as internships and undergraduate research opportunities. It engages critical thinking both inside and outside the classroom. Specific areas of interest include Geographic Information Systems, Remote Sensing, LiDAR, Field Data Collection, Business Geographics, and Unmanned Aerial Systems.

Minimum of 60 semester credits including:

Total Credits 60

Footnotes:

1. At least 6 elective credits must be from courses offered outside geography.
2. Adviser consent is required to include non-geography geospatially-related elective courses.

Geospatial, Certificate

(Code 140-601)

The Department of Geography and Anthropology offers a Geospatial Certificate Program with Four Options: Geospatial Certificate, Geospatial Certificate in...
Geographic Information Systems, Geospatial Certificate in Remote Sensing, and Geospatial Certificate in Mapping. The goals of the Certificate are:

1. to provide students with the fundamentals and a working knowledge of the core geospatial technology skills, specifically geographic information systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
2. to give students the option to specialize by choosing an emphasis in one of three different areas: Geographic Information Systems, Remote Sensing, or Computer Mapping, and
3. to expose students to ethical issues involved with the use of geospatial technology.

While the Certificate is targeted primarily at professionals in the workforce who want to further their education by adding this credential onto their existing degrees, it provides current UW-Eau Claire students an opportunity to add a specific high demand set of skills and associated credentials onto their already marketable liberal arts degree from UW-Eau Claire. Students can only receive one of the three specialized certificates due to the potential overlap between the electives. Also, students cannot pursue the Geography Major and any of the Geospatial Certificates to meet graduation requirements for completing a first and second degree program. For advising, see Professor C. Hupy (Geography and Anthropology).

All students will take these four core courses.

Twelve semester credits, including:

Geology

Phillips 157
715-836-3732
www.uwec.edu/geology (http://www.uwec.edu/geology)

Honor Societies and Student Organizations

The Geology Department offers one student organization. The Geology Club is open to all majors and minors. Geology students participate in group activities through the club, organize the annual spring banquet, and participate in service activities. Please visit the department office for more information.

Geology is the study of the earth and earth processes. Geologists work to solve environmental problems and supervise the exploration and development of earth resources. They are employed in industry, by governmental and regulatory agencies, and as educators. Although most professions in geology require graduate school training, a bachelor’s degree in geology allows options in other professional fields such as environmental geology and resource law and engineering. The Geology Department provides a rigorous but flexible program, and stresses the importance of a broad science curriculum. A curriculum balancing field and laboratory experience is tailored to meet the needs of each individual. The geology major is flexible enough to allow individual students to customize their program. Examples of customized programs (to be designed working with an adviser) include Marine Geology, Geochemistry, and Geophysics.

Departmental Honors Programs in Geology

Entrance Requirements: Admission is by departmental invitation, usually upon completion of Geology 470. In order to be considered, Geology majors should carry a 3.5 cumulative GPA and a 3.5 GPA in Geology courses.

Requirements for Continued Participation: Students should maintain a minimum 3.5 cumulative GPA and a 3.5 GPA in Geology courses.

Graduation Requirements:

1. Satisfactorily complete one substantial faculty–student research collaboration in Geology that results in a presentation at a regional, national, or international professional conference.
2. Satisfactorily complete GEOL 395, GEOL 399, or GEOL 499, which include an Honors capstone thesis or substantial paper written under the supervision of a Geology faculty member, or publish the collaborative research results in a peer-reviewed journal.
3. Maintain a 3.5 cumulative GPA and a 3.5 GPA in Geology courses.

Satisfactory/Unsatisfactory Policy.

No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the five Emphases listed below.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the following emphases.

Core Requirements for all Liberal Arts and Teaching Emphases in the Comprehensive Geology Major

Capstone Experience ¹

0-2

¹ Each major is required to complete a capstone experience.

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

For teaching majors, the capstone may be satisfied by successful completion of the professional semester in the College of Education and Human Sciences.

Dual Degree Geological Engineering Emphasis

This emphasis combines the benefits of a traditional geology degree with those of a formal engineering education. In this program students receive a UW-Eau Claire geology degree in conjunction with a bachelor's degree in engineering from the University of Minnesota. Students will typically complete most of the UW-Eau Claire University requirements and Dual Degree geology requirements while at UW-Eau Claire before transferring to the engineering school. Students must complete a minimum of 84 semester credits before transferring to the engineering school, 56 of which must be taken in residence at UW-Eau Claire.

This emphasis comprises the geology Core plus the required credits as listed below. Successful completion of Geol 470 with a grade of C or above will constitute completion of the capstone experience. Students should visit the department office for a sample course schedule that would allow them to
complete three full years at UW-Eau Claire and be prepared to transfer to the University of Minnesota for an additional one to two years.

Students must fulfill the liberal education requirements of both UW-Eau Claire and the University of Minnesota. This can be accomplished in a reasonable manner with careful course selection. Please see Geology advisor.

<td>3</td>
</tr>
</tbody>
</table>

For students planning to practice as professional engineers, GEOG 335; GEOL 416 at UW-Eau Claire or equivalent courses at University of Minnesota are strongly recommended.

NOTE: Students should plan on taking MATH 311 (UW-Eau Claire; Differential Equations) or Math 2243 (University of Minnesota; Differential Equations and Linear Algebra) prior to the first semester at University of Minnesota. Differential Equations is a prerequisite for the fluid mechanics course which is to be taken during the first semester at UM.

R3 (Civic and Environmental Issues)
One LE approved course

IL (Integration)
ES 497 Field Experience Seminar (included in major) 2

AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EA-A Licensure
Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.
Option B: EA-A  
Early Adolescence through Adolescence Licensure

1 Each major is required to complete a capstone experience.

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

For teaching majors, the capstone may be satisfied by successful completion of the professional semester in the College of Education and Human Sciences.

Earth and Space Science Emphasis
This emphasis is for students planning to teach Earth and Space Science at the middle or high school level. In addition to a focus on geology, oceanography, astronomy, and meteorology, this major also provides the breadth required to be well-rounded in science. This emphasis includes the Core plus required and elective credits as listed below.

Sixty semester credits, including the core and the following:

**Required Courses**
- GEOL 102 Oceanography 3
- GEOL 301 Earth Resources 3
- or GEOL 308 Water Resources
- GEOL 418 Earth History 4
- PHYS 211 General Physics 5
- or PHYS 231 University Physics I
- PHYS 226 Astronomy-Solar System 4
- MATH 114 Calculus I 4
- GEOG 178 Conservation of the Environment 3
- or BIOL 180 Environmental Biology and Conservation
- GEOG 340 Climatology 3
- GEOG 361 Environmental Hazards 3

Plus electives to total at least 60 credits selected from the following:

- PHYS 212 General Physics
- or PHYS 232 University Physics II
- PHYS 229 Astronomy-Stars and Galaxies
- PHYS 315 The Mysterious Universe
- GEOG 280 Cartographic Design
- GEOG 304 Introduction to Geomorphology
- GEOG 338 Remote Sensing of the Environment
- GEOG 350 Soils and the Environment
- GEOG 363 Watershed Analysis
- GEOG 364 Fluvial Processes and Landforms
- or any geology course numbered 300 or higher

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach Earth and Space Science in Early Adolescence through Adolescence classrooms.

Broadfield Science Licensure
Completion of the following requirements and ES 367 adds Broadfield Science licensure to the Teaching major:

A) Select fourteen credits from one of the following areas:

<table>
<thead>
<tr>
<th>Area 1</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 151</td>
<td>Biology of Humans</td>
</tr>
<tr>
<td>BIOL 214</td>
<td>Human Anatomy and Physiology I</td>
</tr>
<tr>
<td>BIOL 221</td>
<td>Foundations of Biology I</td>
</tr>
<tr>
<td>BIOL 222</td>
<td>Foundations of Biology II</td>
</tr>
<tr>
<td>BIOL 223</td>
<td>Foundations of Biological Inquiry</td>
</tr>
<tr>
<td>BIOL 314</td>
<td>Human Anatomy and Physiology II</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Area 2</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 213</td>
<td>Quantitative Analysis</td>
</tr>
<tr>
<td>CHEM 218</td>
<td>Introduction to Inorganic Chemistry</td>
</tr>
<tr>
<td>CHEM 304</td>
<td>Environmental Chemistry</td>
</tr>
<tr>
<td>CHEM 325</td>
<td>Organic Chemistry I with Laboratory</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Area 3</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS 212</td>
<td>General Physics</td>
</tr>
</tbody>
</table>
or PHYS 232 University Physics II
and additional credits from 229 and above 232.

B) Select eight credits in each of the two areas not selected in A above:

Area 1
BIOL 151 Biology of Humans
BIOL 214 Human Anatomy and Physiology I
BIOL 221 Foundations of Biology I

Area 2
CHEM 213 Quantitative Analysis
CHEM 218 Introduction to Inorganic Chemistry
CHEM 304 Environmental Chemistry
CHEM 325 Organic Chemistry I with Laboratory

Area 3
PHYS 212 General Physics
or PHYS 232 University Physics II
additional credits from 229 and above 232

### Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

---

3 See special requirements for the College of Education and Human Sciences.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>

1 Certain programs exceed this minimum.
2 See special requirements in each College.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the five Emphases listed below.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the following emphases.

Core Requirements for all Liberal Arts and Teaching Emphases in the Comprehensive Geology Major

Capstone Experience ¹

¹ Each major is required to complete a capstone experience.

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

For teaching majors, the capstone may be satisfied by successful completion of the professional semester in the College of Education and Human Sciences.

Environmental Science Emphasis

Recommended for students who are interested in careers working in environmental fields or who desire to attend graduate school in environmental science, environmental law, or resource planning. Requires completion of the Core plus the required credits as listed below to total at least 60 credits.

Required Courses

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency.
as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the five Emphases listed below.

**NOTE:** Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the following emphases.

| Capstone Experience | 0-2 |

1. Each major is required to complete a capstone experience.

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their advisor will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

For teaching majors, the capstone may be satisfied by successful completion of the professional semester in the College of Education and Human Sciences.

### General Geology Emphasis

Recommended for students planning careers in geology, especially those planning to attend graduate school in geology or engineering. This emphasis comprises the Core plus the required and elective credits as listed below.

<table>
<thead>
<tr>
<th>Sixty semester credits, including:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Required Courses</strong></td>

</tr>
</tbody>
</table>

**Electives**
At least two courses selected from:
- GEOL 336 Introduction to Geochemistry
- GEOL 345 Geomorphology and Aerial Photography Interpretation
- or GEOL 420 Glacial Geology
- GEOL 365 Economic Mineral Deposits
- GEOL 416 Hydrogeology II
- GEOL 445 Engineering Geology and Geophysics

Select additional electives to total at least 60 credits from the following:
- BIOL 308 Evolution
- BIOL 330 Population and Community Ecology
- BIOL 338 Vegetation Ecology
- BIOL 345 Invertebrate Zoology
- BIOL 356 Wisconsin Wildlife
- CHEM 213 Quantitative Analysis
- CHEM 218 Introduction to Inorganic Chemistry
- CHEM 343 Physical Chemistry I
- CHEM 434 Physical Chemistry II
- CHEM 442 Instrumental Analysis
- GEOG 338 Remote Sensing of the Environment
- GEOG 345 Quaternary Environments
- GEOG 350 Soils and the Environment
- GEOG 364 Fluvial Processes and Landforms
- GEOG 435 Geographic Information Systems III
- MSE 315 Materials Characterization
- Any Geology course numbered 300 or above
- MATH 216 Calculus III
- MATH 246 Elementary Statistics
- MATH 311 Differential Equations
- MATH 324 Linear Algebra and Matrix Theory
- PHYS 212 General Physics
- or PHYS 232 University Physics II
- PHYS 226 Astronomy-Solar System
- PHYS 229 Astronomy-Stars and Galaxies
- PHYS 350 Electric and Electronic Circuits
- PHYS 375 Electromagnetic Fields

1 Students should be advised that a second semester of physics is usually required for entrance to graduate school.

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.
- Certain programs exceed this minimum.
- See special requirements in each College.
- See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>

Knowledge Goal

- Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.
- Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2) Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.
- Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3) Two (2) learning experiences
- Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4) One (1) learning experience

Skills Goal

- Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1) Two (2) learning experiences
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or geological engineering, or for careers as professional hydrogeologists or geologists. The liberal arts comprehensive major requires completion of the Core and one of the five Emphases listed below.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the following emphases.

Capstone Experience 1

1 Each major is required to complete a capstone experience.

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student
selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

For teaching majors, the capstone may be satisfied by successful completion of the professional semester in the College of Education and Human Sciences.

Hydrogeology and Water Chemistry Emphasis

Recommended for students planning careers in geology such as hydrogeology, geochemistry, and environmental geology. This program is designed to fulfill requirements for admission to graduate programs in hydrogeology, geochemistry, and environmental geology. This program also meets 1998 Wisconsin Department of Natural Resources' academic requirements for classification as a hydrogeologist. This emphasis includes the Core plus the required and elective credits as listed below.

### Required Courses

- GEOL 308 Water Resources 3
- GEOL 315 Hydrogeology I 4
- GEOL 330 Structural Geology 4
- or GEOL 418 Earth History
- GEOL 336 Introduction to Geochemistry 3
- GEOL 345 Geomorphology and Aerial Photography Interpretation 3
- GEOL 416 Hydrogeology II 4
- GEOL 350 Engineering Geology 3
- or GEOL 461 Applied Geophysics
- MATH 215 Calculus II 4
- PHYS 211 General Physics 1
- or PHYS 231 University Physics I
- CS 170 Computing for the Sciences and Mathematics 3
- or GEOG 335 Geographic Information Systems I

Plus electives to total at least 60 credits selected from the following:

- CHEM 213 Quantitative Analysis
- CHEM 218 Introduction to Inorganic Chemistry
- CHEM 325 Organic Chemistry I with Laboratory
- CHEM 401 Inorganic Chemistry
- CHEM 426 Modern Organic Chemistry
- CHEM 433 Physical Chemistry I
- GEOG 350 Soils and the Environment
- GEOG 363 Watershed Analysis
- GEOG 364 Fluvial Processes and Landforms
- GEOG 435 Geographic Information Systems III
- MSE 315 Materials Characterization
- or any geology course numbered 300 or higher

1 Students should be advised that a second semester of physics is usually required for entrance to graduate school.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1) Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2) One (1) learning experience
One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1) Two (2) learning experiences
One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1) Two (2) learning experiences

Service-Learning Goal
Service-Learning (p. 49) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

The Liberal Arts major in geology emphasizes broad training in general science; the relationship between earth science and other sciences; and the flexibility and creativity in program design for meeting an individual student’s interest and employment needs. This major requires completion of the Core liberal arts program plus elective credits. This non-comprehensive major also requires completion of a minor or a second major in another department.

Core Requirements for the Geology Major

27-29 credits

Required Courses
Select one of the following: 4
GEOL 106 Earth Science
GEOL 110 Physical Geology
GEOL 115 Environmental Geology
GEOL 118 Societal Issues in Earth Science

Required:
GEOL 312 Mineralogy and Petrology I 5
GEOL 320 Sedimentology and Stratigraphy 4
GEOL 418 Earth History 4
GEOL 468 Computers in Geology 1
GEOL 470 Field Geology I 3
CHEM 115 Chemical Principles (or equivalent) 6
Capstone experience 1 0-2

Plus electives to total at least 36 credits selected from any geology course numbered 300 or higher.
Each major is required to complete a capstone experience which may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the Chair of the Department no later than the second week of the first semester of the senior year.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Geology, Minor - Liberal Arts

**Liberal Arts (Code 160-401)**

Select twenty-four semester credits in geology, including:

Select one of the following: 4
- GEOL 106 Earth Science
- GEOL 110 Physical Geology
- GEOL 115 Environmental Geology
- GEOL 118 Societal Issues in Earth Science

Required:
- GEOL 312 Mineralogy and Petrology I 5

Select a minimum of six semester credits from the following: 6
- GEOL 291 Special Topics
- GEOL 301 Earth Resources
- GEOL 303 Rocky Mountain Field Studies
- GEOL 304 Global Environmental Change
- GEOL 308 Water Resources
- GEOL 313 Mineralogy and Petrology II
- GEOL 315 Hydrogeology I
- GEOL 320 Sedimentology and Stratigraphy
- GEOL 330 Structural Geology
- GEOL 336 Introduction to Geochemistry
- GEOL 337 Analytical Geochemistry Laboratory
- GEOL 343 Geological Field Excursion
- GEOL 345 Geomorphology and Aerial Photography Interpretation
- GEOL 365 Economic Mineral Deposits
- GEOL 390 Geologic Immersion Experience
- GEOL 395 Directed Studies
- GEOL 416 Hydrogeology II
- GEOL 418 Earth History
- GEOL 420 Glacial Geology
- GEOL 445 Engineering Geology and Geophysics
- GEOL 468 Computers in Geology
- GEOL 470 Field Geology I
- GEOL 471 Field Geology II
- GEOL 491 Advanced Special Topics

Recommended: GEOL 470 and GEOL 471.

---

**Geology, Minor - Teaching**

**Teaching (Code 160-402)**

Twenty-four semester credits, including:

Select one of the following: 4
- GEOL 106 Earth Science
- GEOL 110 Physical Geology
- GEOL 115 Environmental Geology
- GEOL 118 Societal Issues in Earth Science

Required:
- GEOL 312 Mineralogy and Petrology I 5
- GEOL 320 Sedimentology and Stratigraphy 4
- GEOL 418 Earth History 4
- GEOL 468 Computers in Geology 1
- GEOL 470 Field Geology I 3

Select remaining credits from the following:
- Any geology course numbered 300 or higher
- PHYS 226 Astronomy-Solar System
- PHYS 229 Astronomy-Stars and Galaxies
- GEOG 304 Introduction to Geomorphology
- GEOG 340 Climatology
- GEOG 350 Soils and the Environment
- GEOG 361 Environmental Hazards
- GEOG 363 Watershed Analysis
- GEOG 364 Fluvial Processes and Landforms

This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach Earth and Space Science in Early Adolescence through Adolescence classrooms. Students are advised to combine this minor with a Biology, Chemistry, Physics, or Physics-Math teaching major in order to be prepared for the Praxis II content test. Successful completion of this broad-based science test is required for certification to teach in this field. When combined with a Biology Teaching major, ES 359 is also required for EA-A licensure.
History

Hibbard Humanities Hall 701
715-836-5501
www.uwec.edu/history

The study of history examines how men and women throughout the world have lived in the past. It pays special attention to continuities and changes in human communities over time and to interactions among people from different cultures. The study of history enhances critical thinking and effective communication by teaching students how to evaluate different interpretations of the past. It teaches them to use evidence effectively to understand the meaning and impact of events and processes. Studying history increases students’ social responsibility as they come to understand their own life experiences as part of an historical process. History students master the essential skills of a liberal education by learning to read critically, to manage and analyze information, to build logical arguments, and to write persuasively.

Students can major and minor in history through the College of Arts and Sciences or through the College of Education and Human Sciences. History majors in the College of Education and Human Sciences prepare to teach history in secondary schools. History majors in the College of Arts and Sciences often pursue careers in fields such as law, government, journalism, business, and information management. The department also offers a public history emphasis within the major for students interested in working in museums, archives, historic preservation, and other public history career fields. Some students continue academic study and obtain graduate degrees so that they can further their public history careers or teach at the post-secondary level.

Department Honors in History

Eligibility: Upper-class History and Broadfield Social Studies-History single-concentration majors with resident and total GPAs of 3.50 or higher; GPA of 3.50 or higher in History courses; and GPA of 3.75 or higher in HIST 288 and HIST 489 (combined).

Procedure: A written application for Departmental Honors in History should be submitted to the Department Honors Adviser for approval.

Requirements:

For advising regarding Department Honors, see Professor P. Turner (HHH-721).

Information for Majors and Minors

NOTE 1: Majors who plan to prepare for college teaching are urged to attain a reading competency in at least one foreign language and preferably two.

NOTE 2: Majors or minors in history seeking licensure to teach are required by Wisconsin law to complete instruction in the conservation of natural resources and in consumer cooperatives/cooperative marketing. Take ECON 103 and either GEOG 178 or BIOL 180 to meet these requirements.

NOTE 3: Professor J. Oberly, the faculty adviser for history majors who are pre-law students, provides assistance in the selection of courses especially appropriate as preparation for law school.

History of Race, Gender, and Society, Certificate
(Code 380-628)

This certificate is designed for undergraduate students with an interest in history that have chosen a major other than History. It is particularly geared toward students for whom a deeper understanding of the history of race, gender and society will complement and enhance their major area of study and/or future careers (for example, Sociology, Women’s Studies, Social Work, Education, and Criminal Justice).

One of the following courses is required:

- HIST/LAS American Women’s History 205
- HIST 210 African American History 1865 to Present
- HIST 212 Hmong and America
- HIST/AIS American Indian History 240

The remaining 9 credits may be chosen from the following courses with at least 6 credits from the 300 or 400 level:

- HIST/LAS American Women’s History 205
- HIST 210 African American History 1865 to Present
- HIST 212 Hmong and America
- HIST/AIS American Indian History 240
- HIST/LAS Gender, Sex, and Science in European History 313
- HIST 317 Studies in the History of Race in the U.S.
- HIST 344 African American Civil Rights Movement, 1914-Present
- HIST 345 Civil Rights and American Memory
- HIST/AIS Studies in American Indian History 368
- HIST/AIS Wisconsin Indian History 369
- HIST 370 History of the Family in America
- HIST/LAS American Women’s History to 1870 373
- HIST/LAS The History of Middle Eastern Muslim Women 385
- HIST/LAS Studies in the History of Women 394

Note: Courses cannot be counted in both the major and the certificate program.

  - 30 hours

### College Degree Requirements

#### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements:** Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

#### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

This major consists of 36 semester credits, including:

Foundational Requirement: Courses at the 100 and 200 level (not including HIST 288). Minimum of 6 credits. Maximum of 15 credits.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it. Apply for graduation on CampS.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**Teaching Licensure Requirements - EA-A Licensure**

**Program Options B and C**

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

**Option B: EA-A**

**Early Adolescence through Adolescence Licensure**

Teaching Theatre Arts 601-424  ES 361 (F) ETS 0641

1 Broadfield Science add-on certification is available with these majors and requires ES 359 (fall only) and ES 367 (spring only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.

Admission Requirements
Admission to Professional Education Programs (p. 474)

Major Requirements
This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach History in Early Adolescence through Adolescence classrooms.

Thirty-six semester credits, including:

Foundational Requirement, 12 credits
HIST 114 United States History to 1877 3
HIST 124 World History to 1500 3
HIST 125 World History Since 1500 3
At least one of the following: 3
HIST 115 United States History Since 1877
HIST/WMNS American Women's History 205
HIST 210 African American History 1865 to Present
HIST/AIDS American Indian History 240

Native American History Requirement, 3 credits
Choose from: 3
HIST/AIDS American Indian History 240
HIST/AIDS Studies in American Indian History 368
HIST/AIDS Wisconsin Indian History 369

Global Requirement, 3 credits
Choose from: 3
HIST 102 Western Civilization Since 1660
HIST 152 Modern East and Southeast Asia
HIST 284 The Nazis and Germany, 1914-1945
HIST 286 History of World War II
HIST 292 Origins of Current World Conflicts
HIST 302 Ancient Near Eastern Civilizations
HIST 304 Greek Civilization
HIST 306 Roman Civilization
HIST/LAS Latin America Through Independence 309
HIST/LAS Latin America Since Independence 311
HIST 315 The Age of Reformation

HIST 326 Twentieth Century Europe, 1900 to Present
HIST 360 Modern France
HIST 362 Modern Germany
HIST 366 History of Middle East Since Muhammad
HIST 371 History of the Modern Balkans
HIST 375 Twentieth Century Russia
HIST 376 World War I and II Military
HIST 377 American War in the Post 1945 World
HIST 379 History of Modern East Europe
HIST 381 Comparative Genocide
HIST 382 Imperialism Since 1800
HIST 383 Modern Africa
HIST 384 The Vietnam War
HIST/WMNS The History of Middle Eastern Muslim Women 385
HIST 387 Marco Polo’s World, 1250-1350
HIST 388 History of China
HIST 389 History of Japan
HIST 393 Roots of Selected Contemporary World Problems

Capstone Sequence Requirement, 6 credits
HIST 288 Introduction to Research Methods and the Profession 3
HIST 489 Research Seminar 3

Remaining credits to total at least 36 to be selected from any History course
NOTE 1: The same course may be taken to satisfy more than one requirement, when relevant.
NOTE 2: Relevant history courses other than those listed above may be counted to fulfill requirements with department approval.
NOTE 3: HIST 288 should be taken before any 300-level or 400-level course, if possible.
NOTE 4: A maximum of 17 credits from 100- and 200-level courses, including HIST 288, can count toward the major.

History, Minor - Liberal Arts
Liberal Arts (Code 380-401)
Twenty-four semester credits of history, including:
At least six credits of history courses at the 100-200 level. 6
At least 12 credits of history courses at 300-400 level. 12

History, Minor - Teaching
Teaching (Code 380-404)
This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach History in Early Adolescence through Adolescence classrooms.
Twenty-four semester credits, including:
HIST 124 World History to 1500 3
HIST 125 World History Since 1500 3
HIST 114 United States History to 1877 3

Choose from:

HIST 115 United States History Since 1877 3
HIST 210 African American History 1865 to Present
HIST/AIS 240 American Indian History
HIST/WMNS 205 American Women's History

History Methodology:

HIST 288 Introduction to Research Methods and the Profession (take before any upper-level history course) 3

History electives at 300 and 400 level 1 9

1 Three credits must be in U.S. History and three credits in non-U.S. History (see courses below).

U.S. History

Select three credits of the following:

HIST 330 Colonial America
HIST 332 The Era of the American Revolution
HIST 334 Early Nationalism and Jacksonian Democracy
HIST 336 Sectionalism, Civil War, and Reconstruction
HIST 338 America in Transition, 1877-1917
HIST 342 Recent US History (1945-Present)
HIST 344 African American Civil Rights Movement, 1914-Present
HIST 346 American Environmental History
HIST 370 History of the Family in America
HIST 376 World War I and II Military
HIST 377 American War in the Post 1945 World
HIST 380 Museums in the United States
HIST 384 The Vietnam War
HIST 386 Introduction to Public History
HIST 480 History of Wisconsin
HIST 486 Seminar in Public History
HIST/AIS 368 Studies in American Indian History
HIST/AIS 369 Wisconsin Indian History
HIST/WMNS 373 American Women's History to 1870

Non-U.S. History

Select three credits of the following: 3

HIST 302 Ancient Near Eastern Civilizations
HIST 304 Greek Civilization
HIST 306 Roman Civilization
HIST 313 Gender, Sex, and Science in European History
HIST 315 The Age of Reformation
HIST 324 Nineteenth Century Europe, 1815-1914
HIST 326 Twentieth Century Europe, 1900 to Present
HIST 360 Modern France

HIST 362 Modern Germany
HIST 366 History of Middle East Since Muhammad
HIST 371 History of the Modern Balkans
HIST 375 Twentieth Century Russia
HIST 379 History of Modern East Europe
HIST 383 Modern Africa
HIST 384 The Vietnam War
HIST 387 Marco Polo's World, 1250-1350
HIST 388 History of China
HIST 389 History of Japan
HIST/LAS 309 Latin America Through Independence
HIST/LAS 311 Latin America Since Independence
HIST/WMNS 385 The History of Middle Eastern Muslim Women
HIST 401 Public History in England

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements

This major consists of 36 semester credits, including:

**Foundational Requirement: Courses at the 100 and 200 level (not including HIST 288). Minimum of 6 credits. Maximum of 15 credits.**

Notes:

1. The same course may be taken to satisfy more than one requirement, when relevant.
2. Relevant history courses other than those listed above may be counted toward fulfilling requirements with department approval.
3. HIST 288 should be taken before any 300-level or 400-level course, if possible.
Languages

Centennial Hall 4508
715-836-4287
www.uwec.edu/flang

The Department of Languages provides a vital component in the undergraduate liberal arts education offered at the University of Wisconsin-Eau Claire. The department promotes multilingualism as the key to intercultural understanding. It does so through courses in foreign language, culture, and literature, including English language for native speakers of other languages; major and minor programs in a number of world languages; study abroad opportunities and internships in many countries; and student/faculty collaborative research. Graduates from the Department of Languages serve at home and abroad as ambassadors for a diverse, peacefully interacting global society.

Major and Minor Programs

The Department of Languages offers Liberal Arts and Teaching majors and minors in French, German, and Spanish, and a Liberal Arts minor in Japanese. In German, students may opt for a Business/Professions emphasis within the Liberal Arts major. In addition, a Spanish for Health Professions minor is available as well as Certificate Programs in French Proficiency and German Proficiency. Language students may also be interested in the minor in Teaching of English to Speakers of Other Languages (TESOL), and a certificate in Teaching English as a Foreign Language (TEFL). Students of Spanish have the opportunity to pursue a major or minor in Latin American Studies (LAS).

Other Languages Offered

In addition to the major, minor and certificate programs, the Department of Languages provides, as resources permit, at least one year of instruction in Chinese, Danish (in Denmark only), English as a Second Language, Greek, Hmong, Japanese, Latin, Ojibwe and Russian. One year of any of the languages taught in the department fulfills the one-year foreign language requirement for a Bachelor of Arts Degree in the College of Arts and Sciences. To meet this requirement, however, the student must earn a grade of at least C or a mark of 5 in a Foreign Language course numbered 102 or higher.

Spanish Honors Program

Students who are majoring in Spanish may enter the Spanish Honors Program in two ways:

1. by an appropriate score on the Spanish Placement Test at the time of admission to the University;
2. by invitation of the Spanish faculty after a semester or more at UW-Eau Claire.

Procedure

A written application for the Spanish Honors Program must be approved by the department chair. Students admitted to the Program must gain approval of the instructor and department chair to enroll in courses as an honors option.

Requirements

1. Completion of at least nine credits from the following honors option courses:
   - SPAN 355 Spanish Civilization to 1900
   - SPAN 356 Contemporary Spain
   - SPAN 358 Spanish Literature from Unamuno to Garcia Lorca
   - SPAN 386 Contemporary Spanish Literature

By the end of the second week of classes, the student will develop a description of the honors work to be done in the course, gain the instructor’s approval, and submit the description to the department chair for approval. As part of the honors work, a student paper/report must be written and filed with the department chair along with an indication by the instructor that the student has successfully performed honors work.

2. Completion of a project (usually in an honors option course) which is approved as honors work by the instructor and two other members of the department.

3. Maintain resident and total GPAs of 3.50 in the major and in all credits attempted to remain in the Program and to graduate with honors in Spanish. If the GPAs fall below 3.50, a decision by the Spanish faculty is required for reinstatement to the Program.

Residency Requirement for Prospective Language Teachers

All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

Oral Proficiency Requirement for Prospective Language Teachers

Wisconsin Department of Public Instruction content guidelines require that foreign language teachers demonstrate minimal oral proficiency at a level equivalent to Intermediate High according to the ACTFL Proficiency Guidelines. Prospective teachers at UW-Eau Claire must demonstrate such proficiency through an official ACTFL Oral Proficiency Interview (OPI). Information on the Oral Proficiency Interview and the ACTFL Proficiency Guidelines (Speaking) is available in the Department of Languages.

Placement Test in Foreign Languages

Students whose records indicate at least two units of French, German, Spanish, or Japanese study in Junior/Senior High School and who do not have college credit in the language are required to take a placement test in that language prior to registration in order to determine the level at which they should continue their foreign language instruction. At the time of the test, students will be advised as to the language course in which they should enroll.

Students who place into a 102-level foreign language class will be considered to have met the 101-level competency requirement and may not enroll in a 101-level class in the same language for credit without the permission of the Chair of the Department of Languages. Additionally, a student who places into a 201-level class or above will be considered to have met the 101- and 102-level requirements and may not enroll for credit in any course that is at a lower level than the one into which the student has placed without the permission of the Chair of the Department of Languages.

</tbody>
</table>
Placement tests in French, German, and Spanish are offered as part of Regional Placement Testing in March and April, during Summer Orientation, and during spring/fall registration. For information about these tests and the Japanese placement test, consult Academic Testing (Schofield 226).

Roma Hoff Instructional Resource Center

Practice in the Roma Hoff Instructional Resource Center (RHIRC) is a required part of elementary, intermediate, conversation, and phonetics courses in modern foreign languages. The center provides access to foreign language sound and video programs, to foreign films, and to computer-assisted foreign language instruction. Four-credit courses at the beginning and intermediate levels include four hours of classroom instruction and at least one laboratory hour per week.

Credit for High School Work or Other Foreign Language Experience

Students with high school courses or other learning experiences in a foreign language may obtain college credit for their previous work by taking a confirming course under the following conditions:

1. The confirming course must be the first college-level course completed in the language and must be taken by a regularly enrolled student at UW-Eau Claire. (However, students who have taken a college-level course while in high school are also eligible for credit for previous work by taking a confirming course.)
2. The confirming course must be 102, 201, 202, or in FREN 315; in German, GERM 313, GERM 314 or GERM 315; in Spanish, SPAN 301.
3. The course must be passed with a letter grade of B (not B-) or above and may not be repeated for the purpose of requesting credits under this policy.
4. A maximum of 16 credits may be granted in any one language for previous work at a level lower than the confirming course.

Further information is available from the Chair of the Department.

Study Abroad

The department encourages study abroad in any of the programs sponsored by the Department of Languages, such as the semester programs in Costa Rica, Costa Rica/Nicaragua, Chile, Pau in France, Marburg in Germany, Japan, Valladolid in Spain, and Uruguay; the semester or year exchange programs in Graz (Austria) and year programs in different sites in the state of Hessen (Germany); summer program in Mexico or Costa Rica—nursing and health care professionals; and exchange semester or year-long programs at one of three ITESM campuses in Mexico. Credits for the major and minor can be earned in any of these programs. Participation in other university-sponsored study abroad programs in Australia, China, England, Greece, Ireland, Latvia, Scotland, South Africa, South Korea, Sweden, and Thailand is also recommended. A resident GPA requirement exists for acceptance in study abroad programs. For details, see the Center for International Education.

International Employment

Students interested in a career in international business should consider a major in French, German (Business/Professions Emphasis), or Spanish (Business/Professions Emphasis) combined with the major, minor or certificate in International Business available to students in the College of Business. For information about opportunities for international employment, consult Dr. Kristy Lauver, the adviser for students seeking the International Business major, minor or certificate in the College of Business.

English for Speakers of Other Languages

Another important offering in the Department of Languages is English for the ever-growing number of non-native speakers of English on campus. The English Language Academy (ELA) offers English as a Second Language instruction during the regular academic year as well as during the summer months.

All international students either seeking a degree or on exchange from their home institutions, immigrants/refugees, and/or non-native speakers of English who are residents of the United States are welcome to take coursework to further develop their English speaking, listening, reading, writing, grammar, vocabulary, and pronunciation.

UW-Eau Claire offers different programs to assist non-native speakers of English to continue their language study. For information regarding these programs, contact the Department of Languages (Centennial Hall 4508).

English Language Requirement for Admission of International Students: TOEFL score of 550 (pbt), or 213 (cbt), or 79 (ibt).

• Degree Seeking Students
  Degree seeking students demonstrating English proficiency with a TOEFL score of 550pbt/213cbt/79ibt or higher may enroll directly in academic courses. If they choose, they may take an English Placement Exam and enroll in any ESL courses recommended to them.

• Exchange Students
  Exchange students are admitted according to the terms of specific inter-institutional agreements. Those who demonstrate a TOEFL score of 550pbt/213cbt/79ibt or higher are not required to take the English placement exam, and may enroll in academic courses. Those with a lower TOEFL score must take the placement exam, and may enroll in any ESL courses recommended to them.

• English as a Second Language Students
  Students with a TOEFL score below 550pbt/213cbt/79ibt may be admitted to the ESL program. These students must take an English Placement Exam and follow the recommendations of the ESL program director. Students may elect to take credit or non-credit courses in the ESL program.

The purpose of the English Placement Exam is to determine whether each non-native speaking student’s language proficiency is sufficient for active involvement in UWEC coursework. A non-native speaker of English must be linguistically prepared for the rigorous academic challenges at UW-Eau Claire in terms of in-class oral and aural interaction and out of class reading and writing.

The English Placement Exam is conducted the week prior to the beginning of courses. For information related to the English Placement Exam, contact the ESL Coordinator, Department of Languages.

French Proficiency, Certificate
(Code 260-601)

The Department of Languages offers a certificate program in French Proficiency for students in any major or minor other than French who would like to add proficiency in French to their skill set. The program provides students with practical written and oral language skills in French, thereby complementing majors in all other disciplines across the university and strengthening the prospects of students who intend to pursue careers or graduate study in the many areas in which proficiency in French is useful.

To complete the certificate, 13 credits beyond FREN 201 are required, including:

1 Certain programs exceed this minimum.
2 See special requirements in each College.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements
A minimum of 36 semester credits beyond FREN 102, or 28 semester credits beyond FREN 202, including:

- FREN 315 Advanced Grammar in Context (3 credits)
- FREN 325 Phonetics and Pronunciation (3 credits)
- FREN 335 Written and Oral Expression (3 credits)
- or FREN 340 French for Professional Communication

Students may earn their remaining credits from any of the following, but must take a minimum of six credits at the 400 level:

- FREN 335 Written and Oral Expression ¹
- or FREN 340 French for Professional Communication
- FREN 345 Introduction to Literary Analysis
- FREN 354 History of French Civilization
- FREN 355 Contemporary French Civilization
- FREN 361 Survey of French Literature I
- FREN 362 Survey of French Literature II
- FREN 401 Advanced Conversation
- FREN 450 Francophone Literature
- FREN 463 Modern French Literature
- FREN 491 Special Topics

Up to three credits may be applied to the major with adviser and department approval from:

- FREN 395 Directed Studies
- FREN 399 Independent Study - Juniors
- FREN 499 Independent Study - Seniors

¹ Whichever course is not counted as part of the above core requirements.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.
³ See special requirements for the College of Education and Human Sciences.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Teaching Licensure Requirements - EC-A Licensure  
Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.
Option C: EC-A
Early Childhood through Adolescence Licensure

Prescribed special methods course(s) (see approved majors and minors below)

Student Teaching Courses from list below: 14

- ES 441  Student Teaching in Elementary Education  7
- ES 445  Student Teaching in Middle Level Education  7
  or ES 470  Student Teaching in Secondary Education  7
  or
- ES 440  Internship Teaching in Elementary Education  7-14
  or
- ES 446  Internship Teaching in Middle Level Education  7-14
  or
- ES 475  Internship Teaching in Secondary Education  7-14

NOTE 1: SPED 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 446, or ES 475.

FREN 399  Independent Study - Juniors

FREN 499  Independent Study - Seniors

ES 437 required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option A and leads to licensure to teach French in Middle Childhood through Early Adolescence classrooms.

German Proficiency, Certificate

(Code 280-601)

The Department of Languages offers a certificate program in German Proficiency for students in any major or minor other than German who would like to add proficiency in German to their skill set. The program provides students with practical and professional language skills in German, thereby complementing majors in all other disciplines across the university and strengthening the prospects of students who intend to pursue careers or graduate study in the many areas in which proficiency in German is useful.

To complete the certificate, 13 credits beyond GERM 201 are required, including:

GERM 202  Intermediate German II 4

GERM 314  Oral Proficiency 3

GERM 315  German for Professional Communication I 3

GERM 358  Introduction to Translation 2

GERM 395  Directed Studies (during which students prepare and present a translation in their major field of study) 1

2. See special requirements in each College.
3. See special requirements for the College of Education and Human Sciences.

### College Degree Requirements

#### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

#### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or MATH 114). (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or MATH 114). (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or MATH 114).

#### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

A minimum of 36 semester credits in German beyond GERM 102, or 28 semester credits beyond GERM 202.

This emphasis requires:

- GERM 313 Grammar Review and Composition 3
- GERM 314 Oral Proficiency 3
- GERM 315 German for Professional Communication I 3
- GERM 316 German for Professional Communication II 3
- GERM 325 The German Sound System 3
- GERM 358 Introduction to Translation 2
- GERM 413 Structure of German in Contrast 3
- FLG 275 Off-campus Experience (Two credits) 1

In addition, the student must take one course from the following list:

- GERM 340 Introduction to Reading German Literature
- GERM 363 Modern Germany: Literature, History, Culture
- GERM 480 Seminar in German Culture and Civilization I, pre-1848
- GERM 482 Seminar in German Culture and Civilization II, post-1848

another German course focused on civilization, culture, and/or literature as approved by adviser

1 to be completed in a German-speaking country or in a German-speaking business environment in the U.S.

Teaching Licensure Requirements - EC-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option C: EC-A

Early Childhood through Adolescence Licensure

or

ES 475 Internship Teaching in Secondary Education 7-14

NOTE 1: SPED 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 446, or ES 475.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option A or C and leads to licensure to teach German in Early Childhood through Adolescence classrooms.
**German, Minor - Liberal Arts**

Liberal Arts (Code 280-401)

A minimum of 24 semester credits in German beyond GERM 102, or 16 semester credits beyond GERM 202, including:

- GERM 313 Grammar Review and Composition 3
- GERM 314 Oral Proficiency 3
- GERM 315 German for Professional Communication I 3
- GERM 363 Modern Germany: Literature, History, Culture 3

**German, Minor - Teaching - EA-A**

Early Adolescence/Adolescence, Teaching (Code 280-404)

A minimum of 24 semester credits beyond GERM 102, or 16 semester credits beyond GERM 202, including:

- GERM 313 Grammar Review and Composition 3
- GERM 314 Oral Proficiency 3
- GERM 315 German for Professional Communication I 3
- GERM 325 The German Sound System 3
- GERM 363 Modern Germany: Literature, History, Culture 3
- FLG 378 Second Language Acquisition Theory 3

ES 366 (two credits) required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach German in Early Adolescence through Adolescence classrooms.

**German, Minor - Teaching - EC-A**

Early Childhood/Adolescence Teaching (Code 280-406)

A minimum of 24 semester credits beyond GERM 102, or 16 semester credits beyond GERM 202, including:

- GERM 313 Grammar Review and Composition 3
- GERM 314 Oral Proficiency 3
- GERM 315 German for Professional Communication I 3
- GERM 325 The German Sound System 3
- GERM 363 Modern Germany: Literature, History, Culture 3
- FLG 378 Second Language Acquisition Theory 3

ES 437 required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option A and leads to licensure to teach German in Middle Childhood through Early Adolescence classrooms.

**German, Minor - Teaching - MC-EA**

Middle Childhood/Early Adolescence, Teaching (Code 280-405)

A minimum of 24 semester credits beyond GERM 102, or 16 semester credits beyond GERM 202, including:

- GERM 313 Grammar Review and Composition 3
- GERM 314 Oral Proficiency 3
- GERM 315 German for Professional Communication I 3
- GERM 325 The German Sound System 3
- GERM 363 Modern Germany: Literature, History, Culture 3
- FLG 378 Second Language Acquisition Theory 3

ES 437 required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option A and leads to licensure to teach German in Middle Childhood through Early Adolescence classrooms.

**Japanese, Minor**

Liberal Arts (Code 270-401)

A minimum of 24 semester credits, including 16 credits in core courses:

- JAPN 101 Beginning Japanese I 4
- JAPN 102 Beginning Japanese II 4
- JAPN 201 Intermediate Japanese I 4
- JAPN 202 Intermediate Japanese II 4

Eight credits from the following, of which a minimum of six credits must be at the 300 or 400 level:

- ECON 353 Economics of Pacific Asia 4
- FLG 150 Foreign Civilization and Culture (when focusing on Japan) 4
- HIST 152 Modern East and Southeast Asia 3
- HIST 389 History of Japan 3
- JAPN 301 Advanced Japanese Language and Culture I 3
- JAPN 302 Advanced Japanese Language and Culture II 3
- RELS 312 Buddhism: Past and Present 3
- RELS 323 Chinese and Japanese Religions 3
- RELS 326 Asian Religious Philosophies 3

Additionally, up to three credits of Directed Studies or Independent Study for projects focusing on Japan may be applied to the minor with approval from the minor adviser.

Other Special Topics courses focusing on Japan may be considered as elective courses with consultation and approval of the minor adviser. Students are strongly encouraged to participate in the study abroad program in Japan. Course credit gained at the study abroad site may be used to fulfill part of the Japanese minor with approval of the minor adviser.
Ojibwe Language, Certificate  
(Code 290-601)

The Ojibwe Language Certificate provides students with the opportunity to become part of the global movement to revitalize endangered Indigenous languages. Upon completion of this certificate students will be able to:

- converse in Ojibwe at an intermediate level,
- have the linguistic and cultural competency to function effectively and appropriately in an Ojibwe cultural setting,
- be able to conduct future Ojibwe language research, and
- learn oral presentations skills which can be applied to any language.

To complete the certificate, students must have a minimum of 15 credits, including:

- LANG/AIS 121 Beginning Ojibwe 1
- LANG/AIS 122 Beginning Ojibwe II 2
- LANG/AIS 221 Intermediate Ojibwe

Remaining credits may be selected from the following elective courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>LANG 160</td>
<td>Ojibwe Culture and History</td>
<td>3-4</td>
</tr>
<tr>
<td>LANG/AIS 222</td>
<td>Intermediate Ojibwe II</td>
<td></td>
</tr>
</tbody>
</table>

1 AIS 111 may be substituted for LANG/AIS 121 if the topic is focused on Ojibwe language.

2 AIS 112 may be substituted for LANG/AIS 122 if the topic is focused on Ojibwe language.

Note: For students pursuing the American Indian Studies Major and Ojibwe Language Certificate as their first and second degree programs to meet graduation requirements, at least 12 unique credits between the major and certificate is required.

Spanish for Health Professions, Minor  
Liberal Arts (Code 320-408)

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Students who pursue Spanish and Latin American Studies liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond SPAN 202, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>

</tbody>
</table>

And, one 300-level Spanish elective course (1, 2, or 3 credits) is required. 1

1 SPAN 352/LAS 352 is highly recommended.

Spanish Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter the 211-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
All Spanish, Liberal Arts Majors will take a minimum of 36 credits beyond SPAN 102, or 28 credits beyond SPAN 202, including:

**Core Courses:**
- SPAN 301 Advanced Composition 3
- SPAN 302 Advanced Conversation and Composition 3
- SPAN 325 Phonetics and Pronunciation 3
- SPAN 352 Latin American Civilization 3
  or SPAN 354 Latin American Civilization: Regional Focus 3
- SPAN 405 Advanced Conversation 3

**Liberal Arts Emphasis**
In addition to the requirements above, this emphasis requires:

**One survey course:**
- SPAN 360 Survey of Hispanic Linguistics 3
- SPAN 363 Survey of Spanish Peninsular Literature 3
- SPAN/LAS 367 Survey of Latin American Literature 3

**Two interest courses:**
- SPAN 340 Spanish for Business 3
- SPAN 355 Spanish Civilization to 1900 3
- SPAN 356 Contemporary Spain 3
- SPAN 410 Advanced Grammar 3
- SPAN 418 Spanish Sociolinguistics in Latin America/USA 3
- SPAN 420 Spanish for Health Professions 3

**One 400-level advanced course:**
- SPAN 409 The Craft of Translation 3
- SPAN 492 Seminar in Hispanic Linguistics Research 3
  or an advanced literature course

**One upper-division Spanish elective course (300 level or higher) from one to three credits**

In addition, the student must take one course from the following list:
- ARTH/AIS 335 Ancient Art and Architecture of Mexico and Central America 3
- ARTH/AIS 337 Art of Tawantinsuyo 3
- AIS/ANTH 161 Introduction to Cultural Anthropology 3
- CSD 311 Language Development and Disorders: Related Disciplines 3
- ECON/LAS 356 Economic Development of Latin America 3
- ENGL 321 Topics in the Structure of English 3
- ENGL 397 Writing Center Theory & Practice 3
- GEOG/LAS 321 Geography of Latin America 3
- HIST/LAS 309 Latin America Through Independence 3
- HIST/LAS 311 Latin America Since Independence 3
- HNRS 304 Honors Colloquium (when offered as Crossing Borders: Discourses from Latin America) 3-4
- LAS 150 Introduction to Latin American Studies 3
- LAS 222 Introduction to U.S. Latino History and Culture 3
- LAS 314 Music and Dance of Latin America 3
- MATH 107 Mathematics in Latin American Cultures 4

The flexibility to choose from a variety of courses after those required in the core provides interested students with the opportunity to focus on Spanish for the professions, or Spanish linguistics if they so desire.

### Spanish, Major - Teaching

**University Requirements**

**Teaching (Code 320-203)**

**Credit Requirements**
- Minimum total for graduation 1
- Upper division credits (courses numbered 300 and higher) 39
- Liberal Education Core (p. 46) 36
- Academic Concentrations (p. 50)

**Grade Point Requirements** (p. 49) 2
- Total 2.00 average
- Resident 2.00 average
- Major 2.00 average
- Minor 2.00 average
- Certificate 2.00 average

**University Residency Requirements** (p. 50) 3
- Minimum total 30
- Senior year 23
- Major, Standard, upper division in residence 12
- Major, Comprehensive, upper division in residence 21
- Certificate 25 percent of credits

**Procedures Required for Graduation**
- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
3. See special requirements for the College of Education and Human Sciences.

### Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
Code | Title | Credits
--- | --- | ---
LIBERAL EDUCATION CORE REQUIREMENTS | a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2) Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.

Service-Learning (p. 49) 30 hours

University of Wisconsin-Eau Claire | 2016-2017 Catalog | Undergraduate Catalog | 293
R1 (Equity, Diversity, Inclusivity)
ES 385 Social Foundations: Human Relations (included in major) 3
AND another learning experience

R2 (Global Perspectives)
One LE approved course

R3 (Civic and Environmental Issues)
One LE approved course

IL (Integration)
ES 497 Field Experience Seminar (included in major) 2
AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EC-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option C: EC-A

Early Childhood through Adolescence Licensure

Student Teaching Courses from list below: 14
ES 441 Student Teaching in Elementary Education 7

AND
ES 445 Student Teaching in Middle Level Education 7
or ES 470 Student Teaching in Secondary Education
or
ES 440 Internship Teaching in Elementary Education 7-14
or
ES 446 Internship Teaching in Middle Level Education 7-14
or
ES 475 Internship Teaching in Secondary Education 7-14

NOTE 1: SPED 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

Major Requirements

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Minimum of 36 credits beyond SPAN 102 (Beginning Spanish), or a minimum of 28 credits beyond SPAN 202 (Intermediate Spanish),

SPAN 301 Advanced Composition 3
SPAN 302 Advanced Conversation and Composition 3
SPAN 325 Phonetics and Pronunciation 3

Spanish, Major - Teaching

In addition to the requirements above, this emphasis requires:

SPAN/LAS 352 Latin American Civilization 3
or SPAN 354 Latin American Civilization: Regional Focus
SPAN 355 Spanish Civilization to 1900 3
or SPAN 356 Contemporary Spain
SPAN 363 Survey of Spanish Peninsular Literature 3
SPAN/LAS 367 Survey of Latin American Literature 3
SPAN 405 Advanced Conversation 3
SPAN 410 Advanced Grammar 3

Elective: One course

Any upper division course in Spanish (300 level or above)
SPAN 409 or an advanced literature course highly recommended but not required.

Additional Required Courses for Certification

FLG 378 Second Language Acquisition Theory 3
ES 366 Teaching Foreign Languages Grades 5-12 3
ES 437 Teaching Foreign Languages in Grades 1-8 2

NOTE 1: This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option A or C and leads to licensure to teach Spanish in Early Childhood through Adolescence classrooms.

NOTE 2: For certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your adviser for additional certification requirements.

Spanish, Minor - Liberal Arts

Liberal Arts (Code 320-401)

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Students who pursue Spanish and Latin American Studies liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond SPAN 202, including:

SPAN 301 Advanced Composition 3
SPAN 302 Advanced Conversation and Composition 3
Nine credits from the following: 9

SPAN 325 Phonetics and Pronunciation
SPAN 355 Spanish Civilization to 1900
SPAN 356 Contemporary Spain
SPAN 405 Advanced Conversation
SPAN/LAS 352 Latin American Civilization

Spanish, Minor - Teaching - EA-A

Early Adolescence/Adolescence, Teaching (Code 320-405)

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond SPAN 202, including:

SPAN 301 Advanced Composition 3
SPAN 302 Advanced Conversation and Composition 3

Spanish, Minor - Teaching - EC-A

Early Childhood/Adolescence, Teaching (Code 320-407)

Information for all Spanish Majors and Minors
All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond Span 202, including:

- SPAN 301 Advanced Composition 3
- SPAN 302 Advanced Conversation and Composition 3
- SPAN 325 Phonetics and Pronunciation 3
- SPAN 410 Advanced Grammar 3

One civilization course from the following:
- SPAN 355 Spanish Civilization to 1900
- SPAN 356 Contemporary Spain
- SPAN/LAS 352 Latin American Civilization

Required:
- FLG 378 Second Language Acquisition Theory 3

ES 366 (two credits) required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach Spanish in Early Adolescence through Adolescence classrooms.

Spanish, Minor - Teaching - MC-EA

Middle Childhood/Early Adolescence, Teaching (Code 320-406)

Information for all Spanish Majors and Minors
All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond Span 202, including:

- SPAN 301 Advanced Composition 3
- SPAN 302 Advanced Conversation and Composition 3
- SPAN 325 Phonetics and Pronunciation 3
- SPAN 410 Advanced Grammar 3

One civilization course from the following:
- SPAN 355 Spanish Civilization to 1900
- SPAN 356 Contemporary Spain
- SPAN/LAS 352 Latin American Civilization

Required:
- FLG 378 Second Language Acquisition Theory 3

ES 366 (two credits) required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option C and leads to licensure to teach Spanish in Middle Childhood through Early Adolescence classrooms.

ES 437 required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option A and leads to licensure to teach Spanish in Middle Childhood through Early Adolescence classrooms when combined with a major in another foreign language at the Early Childhood through Adolescence level.
Latin American Studies

Hibbard Humanities Hall 384
715-836-3212
www.uwec.edu/las (http://www.uwec.edu/las)

The globally interdependent nature of today’s world makes second language proficiency and cross-cultural understanding valuable assets for students in any field. Students in the Latin American Studies (LAS) Program can develop a high proficiency in Spanish through the LAS core language courses and language immersion requirements. Students also gain in-depth knowledge and understanding of Latin America and Latinos/Hispanics in the United States through an array of courses from multiple disciplines including economics, geography, political science, art history, religion, history, anthropology, women’s studies, and public and environmental health.

The significant Latino/Hispanic population in the United States and the increasing social, cultural, and economic interconnectedness between the countries and peoples of the hemisphere will increase the demand for professionals who are both proficient in the Spanish language are prepared to work with Latinos/Hispanics and the people of Latin America. The major is well suited for students who plan to:

1. pursue careers which require residence in or knowledge of Latin America (e.g., business, journalism, government, and NGOs);
2. teach Spanish in Early Childhood through Adolescence classrooms; and/or
3. pursue graduate work in Latin American studies or other disciplines where a Latin American specialization would be helpful (e.g., Latin American and Latino literature, political science, economics, history, art history).

Note: Students who pursue Latin American Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

Application for Admission to Latin American Studies Internships

Applying for Admission to the Internship: Visit the Latin American Studies Program's web page or talk to your adviser or the LAS Program Director to learn about the application requirements and procedures for internships. Students planning to enroll in LAS 488/LAS 688, Internship, or LAS 498/LAS 698, Internship with Language Immersion, in the summer or fall must apply no later than February 1 of the year of internship for summer or fall enrollment. October 1 is the deadline for winterim or spring enrollment.

Optional Concentrations

Students interested in demonstrating their expertise in a particular substantive area may choose to create an optional concentration. Students should consult their adviser to discuss the following concentrations or to develop other areas of expertise. Optional concentrations consist of a minimum of 12 credits.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EC-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option C: EC-A

Early Childhood through Adolescence Licensure

Language Immersion Requirement 3

1 or equivalent courses offered in the study abroad programs
2 Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the major.
3 Language Immersion Requirement: Comprehensive Teaching majors must complete an appropriate period of language immersion in residence in an approved academic program in a Latin American country. Students facing extenuating circumstances may participate in an alternative domestic language immersion experience pre-approved and determined in conjunction with the LAS Committee from the following options: National Student Exchange, internship or volunteer work. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Latin American Studies program recommends that students spend at least one semester abroad.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option C and leads to licensure to teach Spanish in Early Childhood through Adolescence classrooms.

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)
University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation. Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Minimum 36 semester credits including:

| or SOC 314 | Social Class and Inequality |
| SPAN 492 | Seminar in Hispanic Linguistics Research |
| WMNS 422 | Women’s Studies Advanced Travel Seminar (when offered as Women in Nicaragua) |

Maximum of six credits from the following:

| LAS/SPAN 367 | Survey of Latin American Literature |
| LAS/SPAN 475 | Topics in Latin American Literature |
| LAS/SPAN 476 | The Novel in Latin America I: 1850-1950 |
| LAS/SPAN 477 | The Novel in Latin America II: 1950-Present |
| LAS/SPAN 480 | Latin American Literature and Film |
| SPAN 325 | Phonetics and Pronunciation |
| SPAN 340 | Spanish for Business |
| SPAN 360 | Survey of Hispanic Linguistics |
| SPAN 405 | Advanced Conversation |
| SPAN 409 | The Craft of Translation |
| SPAN 410 | Advanced Grammar |
| SPAN/LAS 418 | Spanish Sociolinguistics in Latin America/USA |
| SPAN 420 | Spanish for Health Professions |
| SPAN 440 | Spanish Business Writing |
| SPAN/WMNS 482 | Women in Latin American Literature |
| SPAN 491 | Special Topics (Latin American or Phonetics topics only) |

Language Immersion Requirement 3

1 or equivalent courses offered in the study abroad programs
2 Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the major.
3 Language Immersion Requirement: Liberal Arts majors must complete an appropriate period of language immersion in residence in an approved academic program in a Latin American country. Students facing extenuating circumstances may participate in an alternative domestic language immersion experience pre-approved and determined in conjunction with the LAS Committee from the following options: National Student Exchange, internship, or volunteer work. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Latin American Studies Program recommends that students spend at least one semester abroad.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Minimum 60 semester credits including:

<table>
<thead>
<tr>
<th>Required courses 18-21 credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>LAS 150 Introduction to Latin American Studies</td>
</tr>
<tr>
<td>LAS 222 Introduction to U.S. Latino History and Culture</td>
</tr>
</tbody>
</table>

Select one of the following:

<table>
<thead>
<tr>
<th>Required:</th>
</tr>
</thead>
<tbody>
<tr>
<td>LAS/SPAN 352 Latin American Civilization</td>
</tr>
<tr>
<td>LAS/SPAN 354 Latin American Civilization Regional Focus</td>
</tr>
</tbody>
</table>

Required:

| LAS/SPAN 367 Survey of Latin American Literature | 3 |
| LAS 450 Capstone for Latin American Studies (minimum one credit) |
| SPAN 301 Advanced Composition | 3 |
| SPAN 302 Advanced Conversation and Composition | 3 |

and a minimum of 5 credits and a maximum of 9 credits from the following:

| LAS/SPAN 475 Topics in Latin American Literature |
| LAS/SPAN 476 The Novel in Latin America I: 1850-1950 |
| LAS/SPAN 477 The Novel in Latin America II: 1950-Present |
| LAS/SPAN 480 Latin American Literature and Film |
| SPAN 325 Phonetics and Pronunciation |
| SPAN 340 Spanish for Business |
| SPAN 360 Survey of Hispanic Linguistics |
| SPAN 405 Advanced Conversation |
| SPAN 409 The Craft of Translation |
| SPAN 410 Advanced Grammar |
| SPAN/LAS 418 Spanish Sociolinguistics in Latin America/USA |
| SPAN 420 Spanish for Health Professions |
| SPAN 440 Spanish Business Writing |
| SPAN/WMNS 482 Women in Latin American Literature |
| SPAN 491 Special Topics (Latin American or Phonetics topics only) |

Electives—a minimum of 30 credits

**Language Immersion Requirement**

1 or equivalent courses offered in the study abroad programs

2 Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the major.

3 **Language Immersion Requirement:** Liberal Arts majors must complete an appropriate period of language immersion in residence in an approved academic program in a Latin American country. Students facing extenuating circumstances may participate in an alternative domestic language immersion experience pre-approved and determined in conjunction with the LAS Committee from the following options: National Student Exchange, internship, or volunteer work. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Latin American Studies Program recommends that students spend at least one semester abroad.
WMNS 422 Women’s Studies Advanced Travel Seminar (when offered as Women in Nicaragua)

Language Immersion Requirement

1 or equivalent courses offered in the study abroad programs
2 Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the minor.
3 Language Immersion Requirement: All LAS minors must complete an appropriate period of language immersion in residence in an approved academic program in a Latin American country, or participate in an alternative domestic language immersion experience pre-approved and determined in conjunction with the LAS Committee from the following options: National Student Exchange, internship, or volunteer work. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Latin American Studies Program recommends that students spend at least one semester abroad.

Materials Science
Phillips 177
715-836-5504
www.uwec.edu/matsci (http://www.uwec.edu/matsci)

The field of materials science and engineering is the study of “condensed matter” (that is, solids and liquids), and how an understanding of materials can be applied to fabricating devices and structures of utility. A relatively young discipline, materials science is an outgrowth of two traditional areas: the study of matter (and its structure-property relationship) that originated in chemistry and physics, and developments in various “materials” engineering fields (notably, microelectronics, metallurgy, ceramics, and plastics).

Two comprehensive majors are offered: Materials Science and Engineering, and Materials Science. Both majors are designed to give students a strong foundation in fundamental sciences and mathematics.

## College Degree Requirements

### Bachelor of Science Degree (B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.
Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

The Bachelor’s of Science in Materials Science and Engineering (MS&E) is a traditional engineering major that is STEM-focused and rigorously structured. Students in this major develop a strong foundation in mathematics, and the major emphasizes science themes more strongly than other engineering disciplines. As with all engineering degrees, the application of fundamental ideas through design is central to the major.

A minimum of 92 credits is required for the major and a minimum of 128 credits for the degree. Students, who typically begin their study as Pre-MSE majors, must apply to be admitted to the MS&E major (application materials available at the Materials Science office). A minimum average GPA of 2.5 in eight “foundation” courses (Chem 115 or Chem 103 & 104, Math 114 & 215, MSE 120 & 221, PHYS 231, and WRIT 114, 116, or 118) is required for admittance to the major; students should apply during registration in the spring semester of their sophomore year. In addition to core courses, students must complete two engineering electives; electives can be selected from appropriate UW-EC, UW-River Falls, UW-Stout, or Chippewa Valley Technical College courses.

**Core courses:**

**MATERIALS SCIENCE**

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Materials Science Core

The structure of the major is unique: it integrates an engineering-oriented field into a liberal arts and sciences degree, and is thus deliberately interdisciplinary and broadly defined, consistent with a liberal education approach. Students specialize through a chosen emphasis. The major serves students who plan to enter the workforce after graduation as well as students interested in graduate education in areas such as Materials Science, Engineering, Chemistry, and Physics.

A minimum of 62 credits, including completion of core courses, at least four credits from courses in the Materials Science elective, and at least eight credits in a chosen emphasis. Credits applied toward the elective and emphasis must be unique credits.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Code Title Credits

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3)
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4)
One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1)
Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2)
One (1) learning experience
One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3)
One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1)
Two (2) learning experiences
One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2)
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3)
One (1) learning experience

Integration Goal
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Materials Science Core

The structure of the major is unique: it integrates an engineering-oriented field into a liberal arts and sciences degree, and is thus deliberately interdisciplinary and broadly defined, consistent with a liberal education approach. Students specialize through a chosen emphasis. The major serves students who plan to enter the workforce after graduation as well as students interested in graduate education in areas such as Materials Science, Engineering, Chemistry, and Physics.

A minimum of 62 credits, including completion of core courses, at least four credits from courses in the Materials Science elective, and at least eight credits in a chosen emphasis. Credits applied toward the elective and emphasis must be unique credits.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2) Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1) Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2) One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1) Two (2) learning experiences

One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1) Two (2) learning experiences

Service-Learning Goal

Service-Learning (p. 49) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency...
as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Materials Science Core**

The structure of the major is unique: it integrates an engineering-oriented field into a liberal arts and sciences degree, and is thus deliberately interdisciplinary and broadly defined, consistent with a liberal education approach. Students specialize through a chosen emphasis. The major serves students who plan to enter the workforce after graduation as well as students interested in graduate education in areas such as Materials Science, Engineering, Chemistry, and Physics.

A minimum of 62 credits, including completion of core courses, at least four credits from courses in the Materials Science elective, and at least eight credits in a chosen emphasis. Credits applied toward the elective and emphasis must be unique credits.

**College Degree Requirements**  
**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and
minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
Materials Science Core
The structure of the major is unique: it integrates an engineering-oriented field into a liberal arts and sciences degree, and is thus deliberately interdisciplinary and broadly defined, consistent with a liberal education approach. Students specialize through a chosen emphasis. The major serves students who plan to enter the workforce after graduation as well as students interested in graduate education in areas such as Materials Science, Engineering, Chemistry, and Physics.

A minimum of 62 credits, including completion of core courses, at least four credits from courses in the Materials Science elective, and at least eight credits in a chosen emphasis. Credits applied toward the elective and emphasis must be unique credits.

Two (2) learning experiences

Service-Learning Goal

Service-Learning (p. 49) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work; foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Materials Science Core

The structure of the major is unique: it integrates an engineering-oriented field into a liberal arts and sciences degree, and is thus deliberately interdisciplinary and broadly defined, consistent with a liberal education approach. Students specialize through a chosen emphasis. The major serves students who plan to enter the workforce after graduation as well as students interested in graduate education in areas such as Materials Science, Engineering, Chemistry, and Physics.

A minimum of 62 credits, including completion of core courses, at least four credits from courses in the Materials Science elective, and at least eight credits in a chosen emphasis. Credits applied toward the elective and emphasis must be unique credits.

Mathematics

Mathematics has formed an important part of our intellectual heritage for centuries. In addition to having its own aesthetic value, it pervades a growing number of human endeavors. Mathematics is applied in fields as diverse as business, engineering, the physical and life sciences, the social sciences, computer science, and the fine arts. Society therefore expects of its members ever increasing mathematical knowledge and skill.

The mathematics curriculum is designed to address these needs. It provides a core of fundamental mathematics as well as a variety of electives for individuals with specific interests. Students may select programs to prepare for careers in applied mathematics, science, actuarial science, research, mathematics education, or for graduate study. Regardless of emphasis, the programs prepare students for their immediate career objectives and provide a background that will enable them to cope with changing career needs and goals.

Information for All Students

Note 1: All entering freshmen and transfer students must take the mathematics placement test.

Note 2: A student may not register for credit in a course which is a prerequisite for any other course in which the student has credit.

Note 3: It is strongly recommended that the student have a grade of C or above in any mathematics course that is to be used as a prerequisite to another course.

Note 4: A graphing calculator may be required in any mathematics course.

Core Requirements for All Non-Comprehensive Liberal Arts Mathematics Emphases

All liberal arts mathematics emphases require:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 114</td>
<td>Calculus I</td>
<td>4</td>
</tr>
<tr>

</tr>
<tr>
<td>MATH 335</td>
<td>Introduction to Point-Set Variables</td>
<td>3</td>
</tr>
<tr>
<td>MATH 426</td>
<td>Abstract Algebra II</td>
<td>3</td>
</tr>
</tbody>
</table>

Department Honors in Mathematics

The Honors Program in mathematics is intended for mathematics majors—including actuarial science, mathematics education, and liberal arts majors—who have demonstrated excellence in their coursework, and who want to experience the mathematical community outside the classroom. The high impact practices required for department honors in mathematics align with such experiences.

- Eligibility: Mathematics majors who have a resident and total GPA of 3.50 or higher, and have completed at least 12 hours of mathematics courses with a GPA of 3.50 or higher.
- Application: An application (which is available in the mathematics department office) must be submitted to the department chair with a letter of support from a mathematics faculty member. The application should be submitted during the junior year.
- Requirements: Graduate with a 3.50 GPA or higher in the major, and submit evidence to the department chair that two of the following have been satisfactorily completed:
  1. A faculty/student collaborative mathematics research project
  2. ETS Recognition of Excellence in Mathematics Content Knowledge
  3. An off-campus mathematics presentation at a conference
  4. Participation in a state, regional or national competition in Actuarial Science
  5. Passing grade on a professional exam given by the Society of Actuaries or Casualty Actuarial Society
  6. A mathematics related internship
  7. Acceptance of a mathematics publication in a peer-reviewed journal.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Service-Learning (p. 49) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
Entry Requirements: To be admitted to this program students must:

1. Complete at least 15 credits of courses required for the major with a GPA in those courses of at least 3.0.
2. Complete MATH 346 and MATH 350 with a grade of B- or better, or earn a passing grade on the corresponding actuarial professional exam(s).

A minimum of sixty semester credits, including:

<table>

This emphasis prepares students for actuarial careers. Actuaries are business professionals who use mathematical models to evaluate the current financial impact of future contingent events. Actuaries work in a variety of settings including insurance companies, public accounting firms, government agencies, banks, and consulting firms.
Mathematics, Actuarial Science, Minor
(Code 180-406)

Twenty-four semester credits, including:

- MATH 114  Calculus I  4
- MATH 215  Calculus II  4
- MATH 216  Calculus III  4
- MATH 346  Introduction to Probability  4
- MATH 347  Mathematical Statistics  4
- MATH 350  Introduction to Financial Mathematics  4

Total Credits 24

MATH 450, MATH 460, and MATH 470, though not required, may be taken with department permission. This minor is intended to provide students with actuarial skills useful in business areas such as insurance and financial services. The coursework will prepare the student for at least two actuarial professional examinations.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Core Requirements for All Non-Comprehensive Liberal Arts Mathematics Emphases

A minimum of 36 credits must be earned in any of the emphases included under the standard mathematics major.

Required:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 114</td>
<td>Calculus I</td>
<td>4</td>
</tr>
<tr>

<td>Linear Algebra and Matrix Theory</td>
<td>4</td>
</tr>
<tr>
<td>MATH 425</td>
<td>Abstract Algebra I</td>
<td>3</td>
</tr>
</tbody>
</table>

Plus additional mathematics courses numbered above 305

Applied/Statistics Emphasis

At least ten credits from the following, four credits of which must be from MATH 312 or MATH 347:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 307</td>
<td>Mathematics and Music</td>
</tr>
<tr>
<td>MATH 312</td>
<td>Differential Equations and Linear Algebra</td>
</tr>
<tr>
<td>MATH 313</td>
<td>Digital Signal Processing</td>
</tr>
<tr>
<td>MATH 318</td>
<td>Introduction to Complex Variables</td>
</tr>
<tr>
<td>MATH 345</td>
<td>Introduction to Probability and Mathematical Statistics</td>
</tr>
<tr>
<td>MATH 346</td>
<td>Introduction to Probability</td>
</tr>
<tr>
<td>MATH 347</td>

<td>Linear Regression Analysis, with Time Series</td>
</tr>
<tr>
<td>MATH 443</td>
<td>Experimental Design and Analysis</td>
</tr>
<tr>
<td>MATH 445</td>
<td>Survey Sampling</td>
</tr>
<tr>
<td>MATH 447</td>
<td>Nonparametric Statistics</td>
</tr>
</tbody>
</table>

Three credits required, not counted toward credits in major, from the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 250</td>
<td>Symbolic Logic</td>
</tr>
<tr>
<td>CS 145</td>
<td>Introduction to Object-Oriented Programming</td>
</tr>
<tr>
<td>CS 163</td>
<td>Introduction to Programming in C++</td>
</tr>
<tr>
<td>CS 170</td>
<td>Computing for the Sciences and Mathematics</td>
</tr>
</tbody>
</table>

Another computer science course approved by the Mathematics Department

The applied/statistics emphasis is appropriate for students interested in either scientific or engineering applications of mathematics, careers in business, industry or statistics, or graduate work in areas such as engineering, operations research, optimization, or statistics. For those students focusing on applied mathematics, MATH 312 is strongly recommended. For those students focusing on statistics, MATH 347 is strongly recommended. Because of the variety of
courses available, students are encouraged to consult a mathematics adviser early and frequently while pursuing this emphasis.

1 Broadfield Science add-on certification is available with these majors and requires ES 359 (fall only) and ES 367 (spring only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.

## Admission Requirements

Admission to Professional Education Programs (p. 474)

### Major Requirements

#### Sixty semester credits, including:
- **MATH 114** Calculus I 4
- **MATH 215** Calculus II 4
- **MATH 216** Calculus III 4
- **MATH 324** Linear Algebra and Matrix Theory 4
- **MATH 330** Modern Geometry 4
- **MATH 345** Introduction to Probability and Mathematical Statistics 4
- **MATH 425** Abstract Algebra I 3
Required mathematics courses:
MATH 373 Issues in Secondary Mathematics 4
MATH 451 Teaching Mathematics with Technology 4

Remaining credits to be chosen from MATH 297 (at most one credit counts for major), and mathematics courses numbered above MATH 305

Required pedagogy courses:
ES 212 Initial Teaching Experience in Elementary, Middle, and High School Settings 2
PSYC 260 Educational Psychology 3

Professional sequence:
ES 312 General Methods of Teaching 2
ES 317 Middle Level Methods and Curriculum 2
ES 318 Teacher Assisting 1
ES 328 Content Area Reading and Study Strategies 2
ES 357 Teaching Mathematics in Grades 5-12 2

Elective pedagogy courses choose two:
ES 384 Content Area ESL Instruction
ES 415 Assessment and Evaluation in Grades 1-12
SPED 306 Behavior Management

1 MATH 347 may be substituted for MATH 345.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach Mathematics in Early Adolescence through Adolescence classrooms.

Certification 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on Campus.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Integration Goal
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Core Requirements for All Non-Comprehensive Liberal Arts Mathematics Emphases

A minimum of 36 credits must be earned in any of the emphases included under the standard mathematics major.

Required:

- MATH 114 Calculus I 4
- MATH 215 Calculus II 4
- MATH 216 Calculus III 4
- MATH 316 Introduction to Real Analysis 3
- MATH 324 Linear Algebra and Matrix Theory 4
- MATH 425 Abstract Algebra I 3

Additional mathematics courses numbered above MATH 305

Liberal Arts Emphasis

Required, select one of the following:

- MATH 317 Introduction to Real Analysis II
- MATH 426 Abstract Algebra II

Three credits required, not counted toward credits in major, from the following:

- PHIL 250 Symbolic Logic
- CS 145 Introduction to Object-Oriented Programming
- CS 163 Introduction to Programming in C++
- CS 170 Computing for the Sciences and Mathematics

Another computer science course approved by the Mathematics Department

The liberal arts emphasis is the traditional mathematics major, providing preparation for graduate school as well as a broad range of careers in business and industry. Because of the variety of courses available, students are strongly encouraged to consult a mathematics adviser early and frequently while pursuing this emphasis.

</tr>
</tbody>
</table>

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.

2. See special requirements in each College.

3. See special requirements for the College of Education and Human Sciences.
PSYC 260 Educational Psychology 3
AND another learning experience

K3 (Humanities)
One literature course AND another learning experience

K4 (Fine Arts)
One fine arts course

S1 (Written and Oral Communication)
At least one writing course from the following:
- WRIT 114 Intensive Blugold Seminar in Critical Reading and Writing
- WRIT 116 Blugold Seminar in Critical Reading and Writing
- WRIT 118 Accelerated Blugold Seminar in Critical Reading and Writing
- WRIT 120 Blugold Seminar in Critical Reading and Writing for Transfer Students
AND at least one oral communication course from the following:
- CJ 201 Introduction to Interpersonal Communication
- CJ 202 Fundamentals of Speech
- CJ 203 Fundamentals of Human Communication

S2 (Mathematics)
LE approved math course

S3 (Creativity)
ES 497 Field Experience Seminar (included in major) 2

R1 (Equity, Diversity, Inclusivity)
ES 385 Social Foundations: Human Relations (included in major) 3

R2 (Global Perspectives)
One LE approved course

R3 (Civic and Environmental Issues)
One LE approved course

IL (Integration)
ES 497 Field Experience Seminar (included in major) 2

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).
2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option B: EA-A

Early Adolescence through Adolescence Licensure

### Admission Requirements

**Admission to Professional Education Programs** (p. 474)

**Major Requirements**

Thirty-six semester credits, including:

- MATH 114 Calculus I 4
- MATH 215 Calculus II 4
- MATH 216 Calculus III 4
- MATH 324 Linear Algebra and Matrix Theory 4
- MATH 330 Modern Geometry 4
- MATH 345 Introduction to Probability and Mathematical Statistics \(^1\) 4
- MATH 425 Abstract Algebra I 3

Additional credits to be chosen from mathematics courses numbered above 305

**Technology requirement for licensure:**

- MATH 451 Teaching Mathematics with Technology
- OR
- CS 170 Computing for the Sciences and Mathematics \(^2\)

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach Mathematics in Early Adolescence through Adolescence classrooms.

\(^1\) MATH 347 may be substituted for MATH 345.

\(^2\) CS 170 does not count toward the 36 credits required for the mathematics major.

### Mathematics, Minor - Liberal Arts

Liberal Arts (Code 180-401)
Twenty-four semester credits, including:

- **MATH 114**: Calculus I 4
- **MATH 215**: Calculus II 4
- **MATH 216**: Calculus III 4

At least one course from:

- **MATH 312**: Differential Equations and Linear Algebra
- or **MATH 324**: Linear Algebra and Matrix Theory

Remaining credits to be chosen from mathematics courses numbered above 305

**NOTE**: At least one course in a computer programming language is recommended.

---

**Mathematics, Minor - Teaching**

**Teaching (Code 180-407)**

Twenty-four semester credits including:

- **MATH 114**: Calculus I 4
- **MATH 215**: Calculus II 4
- **MATH 324**: Linear Algebra and Matrix Theory 4
- **MATH 330**: Modern Geometry 4
- **MATH 345**: Introduction to Probability and Mathematical Statistics 4
- **MATH 425**: Abstract Algebra I 3

and at least three additional credits chosen from MATH 216 or mathematics courses numbered above 310.

**Technology requirement for licensure, select one of the following:**

- **MATH 451**: Teaching Mathematics with Technology (or equivalent as approved by the Mathematics Department)
- **CS 170**: Computing for the Sciences and Mathematics 1

This minor is restricted to students in the College of Education and Human Sciences; Education Studies: Option A and leads to licensure to teach Mathematics in Middle Childhood through Early Adolescence classrooms.

1 MATH 345 may be substituted for MATH 246 if MATH 215 is chosen.

2 at most one credit counts for minor.

---

**Mathematics, Research Emphasis, Comprehensive Major**

**Liberal Arts (Code 180-003)**

**University Requirements**

OR mathematics courses numbered above 305.

---

**Mathematics, Minor - Teaching - MC-EA**

**Middle Childhood/Early Adolescence, Teaching (Code 180-408)**

A minimum of 24 semester credits, including:

- **MATH 114**: Calculus I 4
- **MATH 201**: Number and Operations I 2
- **MATH 202**: Number and Operations II 2
- **MATH 303**: Probability and Statistics in Grades 1-8 2
- **MATH 304**: Geometry in Grades 1-8 2
- **MATH 322**: Abstract Algebra for Elementary Teachers 4

Additional courses may be chosen from the following:

- **MATH 215**: Calculus II 4

---

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate
will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**Integration Goal**
- Integration Outcome 1 (I1): Integration

**Service-Learning Goal**
- Service-Learning

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

- **University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

- **College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

- Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.
- Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

- Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course; or (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

- Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

MATH 480 Research Seminar (taken twice)

Depth requirement 3-4

Choose one:

- MATH 426 Abstract Algebra II
- MATH 441 Linear Regression Analysis, with Time Series

Elective mathematics courses 12-13

Remaining credits to be chosen from:

- Math courses numbered above 305

CS/logic requirement 3

Choose one:

- CS 145 Introduction to Object-Oriented Programming
- CS 163 Introduction to Programming in C++
- CS 170 Computing for the Sciences and Mathematics
- PHIL 250 Symbolic Logic
- or another CS course with approval of the department

Speech requirement 3

- CJ 202 Fundamentals of Speech

Applications of mathematics requirement 6

Minimum 6 credits in a sequence selected from:

- BIOL 221 Foundations of Biology I
- & BIOL 222 and Foundations of Biology II
- CHEM 115 Chemical Principles
- CHEM 103 General Chemistry I
- & CHEM 104 and General Chemistry II
- CS 245 Advanced Programming and Data Structures and Algorithms
- ECON 103 Principles of Microeconomics
- & ECON 104 and Principles of Macroeconomics
- PHYS 231 University Physics I
- & PHYS 232 and University Physics II
- or another sequence approved by the department

Music and Theatre Arts

Haas Fine Arts 156
715-836-4954
www.uwec.edu/mus-the

Honor Societies and Student Organizations

There are eight nationally-affiliated music student organizations at UW-Eau Claire, including student chapters of National Association for Music Education, American Choral Directors Association, American String Teachers Association, National Association of Teachers of Singing, National Band Association Collegiate Chapter, United States Institute for Technical Theatre, and American Music Therapy Association for Students; the professional fraternities Phi Mu Alpha-Sinfonia and Sigma Alpha Iota; and the honor society Pi Kappa Lambda.

The performing arts enjoy an enviable reputation at UW-Eau Claire. Outstanding student and faculty performances in music, theatre, and dance; innovative classroom experiences; and active outreach are hallmarks of the Department of Music and Theatre Arts.

The Department offers the Bachelor of Arts or Science degree in liberal arts—music; liberal arts—music history; liberal arts—theatre arts; and theatre arts—middle/secondary teaching; Bachelor of Music Education degrees leading to teacher licensure; and Bachelor of Music degrees in applied music, piano pedagogy, collaborative piano, theory, and composition. A liberal arts minor is offered in music, theatre arts, and dance; teaching minors also are offered in theatre arts.

The University of Wisconsin-Eau Claire is an accredited institutional member of the National Association of Schools of Music.

Music

Throughout history the study of music has been held to be one of the noblest pursuits of humanity. Music integrates and develops an understanding of our intellect, our emotions, and our senses. As such, it is both a personal and universal art.

All baccalaureate degrees in music emphasize the development of skills, concepts, and sensitivity essential to the professional life of the musician. Whether a professional performer, teacher, or composer, the musician must function as one who exhibits not only technical competence but also a broad knowledge of music and music literature, sensitivity in musical style, and an insight into the role and effect of music in society. Courses for the general university student provide an environment which promotes a broad intellectual and cultural appreciation of music.

General Requirements—Music Majors and Minors

Academic Preparation

Students planning to major in music should have experience playing an instrument in their high school band or orchestra, singing in a high school choral ensemble, or should have studied an instrument (e.g., piano) privately for a significant period of time. It is expected that prospective music majors be able to read music and sight-sing in at least one clef. Although not mandatory, private study in voice or an instrument will be very beneficial in preparation for college study in music; it offers significant advantages in terms of enhancing individual performance technique and provides exposure to standard music literature. Ability to play piano—even at a rudimentary level—and read both treble and bass clefs is a desirable attribute for any music major. In addition,
it is helpful for students to have taken high school theory and/or music appreciation courses. Advanced keyboard ability is especially desirable for applicants to the composition and theory degree programs.

**Admission**

**Applicants must apply to the University before completing audition requirements.**

All applicants for admission to degree programs in music must satisfactorily complete an audition in a performance area. Students with any piano playing experience are asked to take a placement examination in piano (when piano is not a major instrument). Applicants to the B.M.E. degree must audition in wind, string, percussion, piano, or voice. Minimum repertoire standards for all performance areas are available from the department’s Web site at www.uwec.edu/mus-the (http://uwec.edu/mus-the).

Scholarships are available to a limited number of applicants who demonstrate superior musical ability. An application for the audition and placement constitutes an application for a department scholarship, and no separate form is required. Applicants recommended for scholarship assistance will be notified after the audition.

The Department of Music and Theatre Arts adheres to the code of ethics of the National Association of Schools of Music (NASM). The acceptance of financial aid by an applicant is considered a declaration of intent to attend the institution; after May 1, the applicant may not consider any other offer from an NASM member institution without the written consent of the first institution. Similarly, a transfer applicant from a senior college or university cannot be considered for a scholarship without the recommendation of the institution from which the transfer is being made.

**Graduation Requirements**

**Keyboard Placements.** All entering freshmen and transfer students with piano experience who do not have piano as a major instrument take a piano placement examination which determines the level of class piano (MUSI 106 or MUSI 108) in which they will be enrolled to prepare for the piano proficiency examination. If the placement test indicates a sufficiently high level of ability, the student may be directed to applied piano (MUSI 151). A keyboard placement resulting in a higher-numbered keyboard course, i.e., MUSI 108 or MUSI 151, does not constitute credit by examination for a lower-numbered course. Credit by examination is not available except in workshops or by consent of the instructor.

**Satisfactory/Unsatisfactory Policy.** No music course may be taken under the Satisfactory/Unsatisfactory option.

**Audit Policy.** Applied lessons may not be taken for audit.

**Special Student Status.** High school students may enroll with permission of the instructor for courses in the Department of Music and Theatre Arts during the Special Student Registration. Because of demand for some courses and limitations on enrollment, degree students will be given priority. Credits earned as high school special students will be reviewed for acceptance into degree programs after official admission to the university and department.

Credit review procedure is the same as that for transfer students. Enrollment in graduate music courses under the special student admission status is not allowed except in workshops or by consent of the instructor.

NOTE: A student may not register for credit in a course which is a prerequisite for any other course in which the student has credit.

**Bachelor of Music**

Major applied lessons carry credits as follows: one 30-minute private lesson per week for one credit; one hour lesson per week for two, three, or four credits. The number of applied credits per semester indicates the minimum number of practice hours per day.

All applied B.M. students must present a half recital in the junior year and must present a full recital in the senior year. Recital requirements apply to the following comprehensive music majors:

- Applied Instrumental (Code 060-041)
- Applied Voice (Code 060-042)
- Piano Performance (Code 060-045)
- Piano Pedagogy (Code 060-049)
- Collaborative Piano (Code 060-050)
- Composition (Code 060-048)

**Theatre Arts and Dance**

The arts of theatre—acting, directing, playwriting, design, literature, and costuming—enable us to explore the experiences of humans and the universe. Theatre Artists study human ideas, values, relationships, obsessions, and accomplishments. Practical experimentation and practice of the arts of the theatre increases our ability to present human experiences to audiences for both entertainment and enlightenment.

Theatre Arts programs offer students training in various aspects of theatre including technical theatre, acting, directing, dance, dramatic literature, playwriting, and arts management.

**Departmental Honors in Music and Theatre Arts**

**Eligibility**

Upper-class music and theatre arts majors with resident and transfer GPAs of 3.50 or higher and a 3.50 or higher in the major are eligible for participation in the departmental honors program. Participants whose cumulative and/or major GPA falls below 3.50 can still graduate with honors as long as his/her GPA increases to 3.50 before graduation.

**Procedure for Admission**

A written application, available in the department office, is submitted for approval by the Departmental Honors Committee no later than the third week of classes of the junior year. Transfer students entering UW-Eau Claire with junior status must apply no later than the end of the third week of classes.

**Requirements for Graduation with Departmental Honors**

1. Complete all degree requirements for the major in music or theatre arts with a cumulative and major program GPA of 3.50 or higher.
2. Complete three honors course projects attached to courses that represent three different honors course categories. Approval of the course instructor and Honors Committee is required and a description of the honors work to be done must be submitted to the committee by the end of the third week.
of classes. A report must be filed with the committee three weeks before final examination week.

3. Complete an honors paper supporting a senior project or performance under the direction of a department faculty member (e.g., historical, theoretical, pedagogical research; criticism; playwriting; composition; scenic or costume design; directing; solo recital; major acting/operatic role). The paper is defended orally to a faculty jury consisting of its faculty director and two members of the Honors Committee. A copy of the paper is filed with the committee.

Fine Arts Administration, Certificate
(Code 060-0601)

The Certificate in Fine Arts Administration provides students with a core body of knowledge and skills to effectively manage community or institutionally based arts organizations and provides a foundation for continued study in fine arts administration. Emphasis is placed on management and communication skills useful to administrators of fine arts enterprises. The 18-credit program includes elective courses, a capstone seminar, and a one-semester internship.

Admission—Students who document interest, motivation, and commitment to the field of fine arts administration are eligible for admission. Admission is by written application. Applications are available from the Department of Music and Theatre Arts.

¹ Internship must be tied to fine arts administration.

Nine credits from at least two areas below with the following stipulations. Courses used to complete major requirements do not count toward completion of the certificate. Students with majors outside of Art, Art History, Music and Theatre are required to choose a minimum of six credits from the Art History, Dance, Music, or Theatre Areas. Students from the majors listed above are required to choose a minimum of six credits from Business or Communication/Journalism (CJ) and Public Relations areas.

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4) One (1) learning experience

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1) Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2) One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3) One (1) learning experience

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1) Two (2) learning experiences

One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3) One (1) learning experience

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1) Two (2) learning experiences

**Service-Learning Goal**

Service-Learning (p. 49) 30 hours

**College Degree Requirements**

**Bachelor of Music**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Music Degree in the College of Arts and Sciences (B.M.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Major Requirements

Seventy-six semester credits, including:

**Theory**  
MUSI 141 & MUSI 142  Theory Written I and Theory Aural I  
MUSI 146 & MUSI 147  Theory Written II and Theory Aural II  
MUSI 246 & MUSI 247  Theory Written III and Theory Aural III  
MUSI 248  Theory Written IV  
MUSI 249  Theory Aural IV

**History/Literature**  
MUSI 227  Music History & Society I  
MUSI 229  Music History & Society II  
MUSI 305  Analyzing Global Traditions in Music  
MUSI 404  Music History Seminar

**Applied Instrument**, four credits per semester for eight semesters  
MUSI 180/380  Symphony Band  
MUSI 181/381  Wind Ensemble  
MUSI 184/384  University Orchestra  
MUSI 186/386  Jazz Ensemble  
MUSI 253/453  University Chamber Orchestra  
MUSI 255/455  String Ensemble  
MUSI 256/456  Brass Ensemble  
MUSI 257/457  Woodwind Ensemble  
MUSI 258/458  Percussion Ensemble  
MUSI 259/459  Jazz Combo  
MUSI 260/460  Contemporary Music Ensemble

**Electives in Music**  
Select from the following:  
MUSI 150  Beginning Composition  
MUSI 170  Applied Music-Composition  
MUSI 325  Orchestration  
MUSI 335  Baroque Counterpoint  
MUSI 407  Music Theory Seminar

| Senior Recital  
| MUSI 497  Senior Recital  2

**Conducting**  
MUSI 350  Conducting  2

**Ensembles**, eight semesters  
Six credits from:  
MUSI 180/380  Symphony Band  
MUSI 181/381  Wind Ensemble  
MUSI 184/384  University Orchestra  
MUSI 186/386  Jazz Ensemble  
MUSI 253/453  University Chamber Orchestra  
MUSI 255/455  String Ensemble  
MUSI 256/456  Brass Ensemble  
MUSI 257/457  Woodwind Ensemble  
MUSI 258/458  Percussion Ensemble  
MUSI 259/459  Jazz Combo  
MUSI 260/460  Contemporary Music Ensemble  
Four credits from:  
MUSI 180/380  Symphony Band  
MUSI 181/381  Wind Ensemble  
MUSI 184/384  University Orchestra  
MUSI 186/386  Jazz Ensemble  
MUSI 253/453  University Chamber Orchestra  
MUSI 255/455  String Ensemble  
MUSI 256/456  Brass Ensemble  
MUSI 257/457  Woodwind Ensemble  
MUSI 258/458  Percussion Ensemble  
MUSI 259/459  Jazz Combo  
MUSI 260/460  Contemporary Music Ensemble

**Second Applied Instrument**  
Piano Proficiency - passed prior to graduation  
Total Credits  88

1 A minimum of one semester in orchestra is required for those who play orchestral instruments.

Note: MUSI 404 (3 crs) may be used as an elective with adviser approval when topic differs from initial enrollment.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

3 See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
College Degree Requirements

Bachelor of Music

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

LE approved math course

S3 (Creativity)
ES 497 Field Experience Seminar (included in major)

R1 (Equity, Diversity, Inclusivity)
- ES 385 Social Foundations: Human Relations (included in major)

AND another learning experience

R2 (Global Perspectives)
One LE approved course

R3 (Civic and Environmental Issues)
One LE approved course

IL (Integration)
ES 497 Field Experience Seminar (included in major)

AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EC-A Licensure
Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).
Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option C: EC-A
Early Childhood through Adolescence Licensure

ES 441  Student Teaching in Elementary Education 7

AND

ES 445  Student Teaching in Middle Level Education 7 or ES 470  Student Teaching in Secondary Education

or

ES 440  Internship Teaching in Elementary Education 7-14

or

ES 446  Internship Teaching in Middle Level Education 7-14

or

ES 475  Internship Teaching in Secondary Education 7-14

NOTE 1: SPED 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

NOTE: Students completing an EC-A comprehensive major or standard major may complete an additional major or minor with licensure at the EA-A level from the list under Option B above.

Admission Requirements

Admission to Professional Education Programs (p. 474)
Major Requirements
Music, Choral and General Music, Comprehensive Major - Bachelor of Music Education

Sixty-two semester credits, including:

Theory  16
MUSI 141  Theory Written I
& MUSI 142  Theory Aural I
MUSI 146  Theory Written II
& MUSI 147  Theory Aural II
MUSI 246  Theory Written III
& MUSI 247  Theory Aural III
MUSI 248  Theory Written IV
MUSI 249  Theory Aural IV

History/Literature  12
MUSI 227  Music History & Society I
MUSI 229  Music History & Society II
MUSI 305  Analyzing Global Traditions in Music
MUSI 404  Music History Seminar

Applied Music (Voice or Piano emphasis)

Voice Emphasis
MUSI 153  Applied Music-Voice (four semesters, four credits)
MUSI 151  Applied Music-Piano (two semester, two credits)
MUSI 353  Advanced Applied Music-Voice (three semesters, three credits)
MUSI 378  Advanced Functional Piano (one semester, one credit)

Piano Emphasis
MUSI 151  Applied Music-Piano (four semesters, four credits)
MUSI 351  Advanced Applied Music-Piano (three semesters, three credits)
MUSI 153  Applied Music-Voice (four semesters, four credits)

Conducting
MUSI 350  Conducting
MUED 400  Choral Literature and Conducting

Pedagogy
MUSI 345  Voice Pedagogy

Ensembles

Seven semesters, seven credits, including the two semesters immediately prior to the professional semester from:
MUSI 188/388  Concert Choir
MUSI 190/390  Symphonic Choir
MUSI 191/391  Men’s Glee Club (The Statesmen)
MUSI 192/392  Women’s Concert Chorale

One semester, one credit from:
MUSI 262/462  Chamber Choir
MUSI 265/465  Vocal Jazz Ensemble

The two semesters immediately prior to the professional semester must be from the following:
MUSI 388  Concert Choir
MUSI 390  Symphonic Choir
MUSI 391  Men’s Glee Club (The Statesmen)
MUSI 392  Women’s Concert Chorale

Minimum of three credits must be from:
MUSI 188/388  Concert Choir
MUSI 190/390  Symphonic Choir

Minimum of two credits from:
MUSI 191/391  Men’s Glee Club (The Statesmen)
MUSI 192/392  Women’s Concert Chorale

Music Methods
MUED 211  Introduction to Music Education
MUED 300  Adaptive Music
MUED 318  Music as Content in Schools
MUED 410  Secondary Choral Teaching Methods
MUED 420  Seminar in Teaching Choral Music

Piano Proficiency - passed prior to enrollment in MUED 310

Conducting Lab - one semester in a fall, one semester in a spring
MUED 135  Conducting Laboratory (Students are required to complete two successful audits of MUED 135)

Other Requirements
Professional Education
University Requirements for Teacher Education Programs (see College of Education and Human Sciences). 1

1 If HNRS 101 is taken to fulfill the composition requirement, the total is 45 credits.

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option C and leads to licensure to teach Choral Music and General Music in Early Childhood through Adolescence classrooms.

Service-Learning Goal
Service-Learning (p. 49) 30 hours

College Degree Requirements
Bachelor of Music
University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Major Requirements

Seventy-eight semester credits, including:

Theory 18
MUSI 141 Theory Written I
& MUSI 142 and Theory Aural I
MUSI 146 Theory Written II
& MUSI 147 and Theory Aural II
MUSI 246 Theory Written III
& MUSI 247 and Theory Aural III
MUSI 248 Theory Written IV
MUSI 249 Theory Aural IV
MUSI 335 Baroque Counterpoint

History/Literature 12
MUSI 227 Music History & Society I
MUSI 229 Music History & Society II
MUSI 305 Analyzing Global Traditions in Music
MUSI 404 Music History Seminar

Applied Piano, eight semesters (two credits per semester, four semesters at 300-level) 16
MUSI 151/351 Applied Music-Piano

Senior Recital (Collaborative) 2
MUSI 497 Senior Recital

Sophomore/Junior Recital (Solo) 1
MUSI 297 Sophomore Recital
or MUSI 397 Junior Recital

Piano Literature 2
MUSI 481 Piano Literature I
MUSI 482 Piano Literature II

Voice Literature 3
MUSI 472 Voice Literature

Singers’ Diction 2
MUSI 347 Singers’ Diction: Italian and German
MUSI 348 Singers’ Diction: English and French

Keyboard Accompanying 2
MUSI 276 Keyboard Accompanying

Conducting 2
MUSI 350 Conducting

Ensembles, eight semesters, including two from MUSI 268 or MUSI 468 8

Electives in Music 6

Piano Proficiency - passed prior to graduation 78

WRIT 118  Accelerated Blugold Seminar in Critical Reading and Writing
WRIT 120  Blugold Seminar in Critical Reading and Writing for Transfer Students
AND at least one oral communication course from the following:
   CJ 201  Introduction to Interpersonal Communication
   CJ 202  Fundamentals of Speech
   CJ 203  Fundamentals of Human Communication

S2 (Mathematics)
LE approved math course

S3 (Creativity)
ES 497  Field Experience Seminar (included in major) 2

R1 (Equity, Diversity, Inclusivity)
ES 385  Social Foundations: Human Relations (included in major) 3
AND another learning experience

R2 (Global Perspectives)
One LE approved course

R3 (Civic and Environmental Issues)
One LE approved course

IL (Integration)
ES 497  Field Experience Seminar (included in major) 2
AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EC-A Licensure
Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

Option C: EC-A
Early Childhood through Adolescence Licensure

NOTE: Students completing an EC-A comprehensive major or standard major may complete an additional major or minor with licensure at the EA-A level from the list under Option B above.

Admission Requirements

Admission to Professional Education Programs (p. 474)

Major Requirements

Music, Instrumental and Music Teaching, Comprehensive Major - Bachelor of Music Education

Sixty-one semester credits, including:

Theory

MUSI 141 Theory Written I
& MUSI 142 and Theory Aural I
MUSI 146 Theory Written II
& MUSI 147 and Theory Aural II
MUSI 246 Theory Written III
& MUSI 247 and Theory Aural III
MUSI 248 Theory Written IV

MUSI 249 Theory Aural IV

History/Literature

MUSI 227 Music History & Society I
MUSI 229 Music History & Society II
MUSI 305 Analyzing Global Traditions in Music
MUSI 404 Music History Seminar

Applied Music (Select an Emphasis):

Wind, String, Percussion Emphasis—Major Instrument
Four semesters, four credits from MUSI 154 - MUSI 169; three semesters, three credits from MUSI 354 - MUSI 369

Piano Emphasis - Piano
Four semesters, four credits MUSI 151; three semesters, three credits MUSI 351; and one credit from MUSI 154 - MUSI 169

Conducting

MUSI 350 Conducting
MUID 401 Instrumental Literature and Conducting

Techniques

MUSI 196 String Techniques
MUSI 198 Percussion Techniques
MUSI 202 Brass Techniques
MUSI 208 Woodwind Techniques
MUSI 210 Woodwind Techniques

Ensembles - Seven unique semesters required

Wind and Percussion majors:
(two semesters immediately prior to the professional semester must be MUSI 380 or MUSI 381)
Six semesters, six credits, including the two semesters immediately prior to the professional semester from the following:
MUSI 180 Symphony Band
MUSI 181 Wind Ensemble
MUSI 184 University Orchestra

Required:
MUSI 183 Marching Band (two semesters, two credits required)

Select one credit from the following:

MUSI 186 Jazz Ensemble
MUSI 253 University Chamber Orchestra
MUSI 259 Jazz Combo
MUSI 260 Contemporary Music Ensemble
MUSI 268 Piano Ensemble

String majors:

Seven semesters, seven credits from:
MUSI 184 University Orchestra

Select one credit from the following:
MUSI 253/453 University Chamber Orchestra
MUSI 255/455 String Ensemble

Music Methods
MUED 211 Introduction to Music Education 1
MUED 300 Adaptive Music 1
MUED 310 Principles, Practices, and Practicum in General Music PreK-5 2
MUED 318 Music as Content in Schools 2
MUED 411 Secondary Instrumental Teaching Methods 2
MUED 421 Seminar in Teaching Instrumental Music 1

Piano Proficiency - passed prior to enrollment in MUED 310
Conducting Lab - one semester in a fall, one semester in a spring
MUED 135 Conducting Laboratory (Students are required to complete two successful audits of MUED 135) 2

Other Requirements
Professional Education 26
University Requirements for Teacher Education Programs (see College of Education and Human Sciences). 1

1 If HNRS 101 is taken to fulfill the composition requirement, the total is 45 credits.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 122).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

### Music, Minor

**Liberal Arts (Code 060-401)**

Twenty-four semester credits, including:

**Theory**

- MUSI 141 & MUSI 142: Theory Written I and Theory Aural I
- 4
- MUSI 146 & MUSI 147: Theory Written II and Theory Aural II
- 4

**History/Literature**

- Minimum of two credits from:
  - MUSI 110: Music Appreciation
  - MUSI 111: Global Roots of Music in the United States
  - MUSI 112: History of Rock and Pop
  - MUSI 114: Evolution of Jazz
  - MUSI/WMNS 224: Music and Gender
  - MUSI 227: Music History & Society I
  - MUSI 307: Music in the United States
  - IDIS 174: Social Justice in the Humanities (when taught by a music faculty member)
  - MUSI 225: World Music

**Applied Music**

- Four credits, four semesters from one instrument, excluding MUSI 170/MUSI 370
- 4

**Large Ensembles**

- Three credits, three semesters from:
  - MUSI 180/380: Symphony Band
  - MUSI 181/381: Wind Ensemble
  - MUSI 184/384: University Orchestra
  - MUSI 188/388: Concert Choir
  - MUSI 190/390: Symphonic Choir
  - MUSI 191/391: Men's Glee Club (The Statesmen)
  - MUSI 192/392: Women's Concert Chorale

**Music Electives**

- A minimum of four credits elected from any course with a MUSI prefix
- 4

1 MUSI 182/MUSI 382 and MUSI 193/MUSI 393 may be used only with approval, with a maximum of two credits from ensembles elected from MUSI 180/MUSI 380, MUSI 181/MUSI 381, MUSI 184/MUSI 384, MUSI 186/MUSI 386, MUSI 188/MUSI 388, MUSI 190/MUSI 390, MUSI 191/MUSI 391, MUSI 192/MUSI 392, MUSI 253/MUSI 453–MUSI 268/MUSI 468 or MUSI 280/MUSI 480, and maximum of two credits from applied music for a minimum total of 24 credits

NOTE: The piano proficiency is a requirement and must be passed prior to graduation.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.
Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

This degree is intended for students planning to attend graduate school in musicology. Students will need to seek permission to declare this degree by musicology faculty. Musicology faculty will base their decision on grades in MUSI 227 and MUSI 229, total GPA, and samples of writing. While there is no set GPA for admission into the major, a student requesting this major should have attained minimum GPAs of 3.25 in the following areas:

1. MUSI 227 and MUSI 229,
2. other academic music courses,
3. total GPA.

**Sixty-seven to sixty-eight semester credits, including:**

| MUSI 229 | Music History & Society II |
| MUSI 305 | Analyzing Global Traditions in Music |
| MUSI 404 | Music History Seminar (taken two times) |

Choose one of the following courses: 2-3

- MUSI 335 Baroque Counterpoint
- MUSI 404 Music History Seminar
- MUSI 437 Renaissance Counterpoint

**Research Project**

MUSI 399 Independent Study - Juniors (adviser permission required) 2

**Applied Instrument**

Eight semesters, eight credits, of which two credits must be at the 300 level from:

- MUSI 151/351 Applied Music-Piano
- MUSI 152/352 Applied Music-Organ
- MUSI 153/353 Applied Music-Voice
- MUSI 154/354 Applied Music-Violin
- MUSI 155/355 Applied Music-Viola
- MUSI 156/356 Applied Music-Cello
- MUSI 157/357 Applied Music-Double Bass
- MUSI 158/358 Applied Music-Flute
- MUSI 159/359 Applied Music-Oboe
- MUSI 160/360 Applied Music-Clarinet
- MUSI 161/361 Applied Music-Bassoon
- MUSI 162/362 Applied Music-Saxophone
- MUSI 163/363 Applied Music-Trumpet/Cornet
- MUSI 164/364 Applied Music-French Horn
- MUSI 165/365 Applied Music-Trumpet/Cornet
- MUSI 167/367 Applied Music-Euphonium
- MUSI 168/368 Applied Music-Tuba
- MUSI 169/369 Applied Music-Percussion
- MUSI 171/371 Applied Music-Harp
- MUSI 172/372 Applied Music-Harpischord

Ensembles, eight semesters

Four credits from: 4
### Symphony Band

**Course Code**: MUSI 180/380

### Wind Ensemble

**Course Code**: MUSI 181/381

### University Orchestra

**Course Code**: MUSI 184/384

### Concert Choir

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

### Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences [http://catalog.uwec.edu/undergraduate/attribute-k1]
College Degree Requirements

Bachelor of Music

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Major Requirements

Seventy-five semester credits, including: 18

- MUSI 170 Applied Music-Composition (Two semesters)

#### Applied Music

Eight semesters, eight credits, two credits at the 300 level; at least four credits must be from MUSI 151/MUSI 351

#### Conducting

- MUSI 350 Conducting
- MUSI 399 Independent Study - Juniors
- MUSI 499 Independent Study - Seniors

#### Ensembles

Eight semesters, four credits from:
- MUSI 180/380 Symphony Band
- MUSI 181/381 Wind Ensemble
- MUSI 184/384 University Orchestra
- MUSI 188/388 Concert Choir
- MUSI 190/390 Symphonic Choir
- MUSI 191/391 Men’s Glee Club (The Statesmen)
- MUSI 192/392 Women’s Concert Chorale

Four credits, at least two of these credits from MUSI 260/MUSI 460

#### Electives in Music

Nine credits

#### Piano Proficiency - passed prior to graduation

#### Total Credits

78

#### Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it. Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

³ See special requirements in each College.
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

#### Knowledge Goal

- **Knowledge Outcome 1 (K1): Natural Sciences**
  - Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.

- **Knowledge Outcome 2 (K2): Social Sciences**
  - Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.

- **Knowledge Outcome 3 (K3): Humanities**
  - Two (2) learning experiences

- **Knowledge Outcome 4 (K4): Fine Arts**
  - One (1) learning experience

#### Skills Goal

- **Skills Outcome 1 (S1): Written and Oral Communication**
  - Two (2) learning experiences
  - One S1 must meet the University Writing Requirement (p. 49)

- **Skills Outcome 2 (S2): Mathematics**
  - One (1) learning experience
  - One S2 to meet the University Mathematics Requirement (p. 49)

- **Skills Outcome 3 (S3): Creativity**
  - One (1) learning experience

#### Responsibility Goal

- **Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity**
  - Two (2) learning experiences
  - One R1 must satisfy Design for Diversity (p. 49)

- **Responsibility Outcome 2 (R2): Global Perspectives**
  - One (1) learning experience

- **Responsibility Outcome 3 (R3): Civic and Environmental Issues**
  - One (1) learning experience

#### Integration Goal

- **Integration Outcome 1 (I1): Integration**
  - Two (2) learning experiences

#### Service-Learning Goal

- **Service-Learning**
  - 30 hours

### College Degree Requirements

#### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

#### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

#### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

---

3 See special requirements for the College of Education and Human Sciences.
Major Requirements

Sixty semester credits, including:

Core requirements, twenty-one credits:
- THEA 121 Introduction to Technical Theatre 3
- THEA 125 Introduction to Theatre History 3
- THEA 130 Beginning Acting 3
- THEA 151 Costume Shop Practicum 1
- THEA 152 Scenic Shop Practicum 1
- THEA 153 Light/Sound Shop Practicum 1
- THEA 221 Introduction to Design 3
- THEA 332 Directing 3
- THEA 425 Modern Drama and Theatre 3
- THEA 123 Voice and Diction 3
  or THEA 239 Stage Movement

Select one of the following:
- THEA 321 Scenic Design
- THEA 324 Costume Design
- THEA 327 Lighting Design

Required:
- THEA 220 Stage Makeup 3
  or THEA 224 Costume Technology

One course from:
- DNCE 110 Ballet I
- DNCE 112 Modern Dance I
- DNCE 114 Jazz Dance I
- DNCE 116 Tap Dance I

Five different credits from:
- THEA 170 Acting-Minor Roles/Chorus
- THEA 171 Assistant Stage Manager
- THEA 172 Scenic Construction Crew
- THEA 173 Light/Sound Board Operator
- THEA 174 Costume Crew
- THEA 175 Stage/Properties Crew
- THEA 176 Makeup Crew
- THEA 177 Publicity Crew
- THEA 178 Electrics Crew
- THEA 179 Special Effects/Sound Facilitator
- THEA 351 Advanced Costume Shop Practicum
- THEA 352 Advanced Scenic Shop Practicum
- THEA 353 Advanced Light/Sound Shop Practicum
- THEA 370 Acting-Major Roles
- THEA 371 Stage Manager/Assistant Director/Assistant Choreographer
- THEA 372 Assistant Scenic Design/Assistant Technical Direction
- THEA 373 Assistant Lighting Design
- THEA 374 Assistant Costume Design/Shop Supervisor
- THEA 375 Properties Design
- THEA 376 Makeup Design
- THEA 377 Publicity/Program Design
- THEA 378 Master Electrician
- THEA 379 House Manager

15 credits from:
- any three-credit THEA class numbered 200 or above
- MUSI 118 Introduction to Singing
- DNCE 110 Ballet I
- DNCE 112 Modern Dance I
- DNCE 114 Jazz Dance I
- DNCE 116 Tap Dance I

nine credits of adviser-approved electives

S3 (Creativity)
ES 497       Field Experience Seminar (included in major)       2

R1 (Equity, Diversity, Inclusivity)
ES 385       Social Foundations: Human Relations (included in major)       3
AND another learning experience

R2 (Global Perspectives)
One LE approved course

R3 (Civic and Environmental Issues)
One LE approved course

IL (Integration)
ES 497       Field Experience Seminar (included in major)       2
AND another learning experience

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EC-A Licensure

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:
1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

**Option C: EC-A**

Early Childhood through Adolescence Licensure

### Admission Requirements

Admission to Professional Education Programs (p. 474)
Major Requirements

Thirty-six semester credits:

THEA/ES 361 Teaching Theatre Arts 2
THEA 121 Introduction to Technical Theatre 3
THEA 125 Introduction to Theatre History 3
THEA 130 Beginning Acting 3
THEA 151 Costume Shop Practicum 1
THEA 152 Scenic Shop Practicum 1
THEA 153 Light/Sound Shop Practicum 1
THEA 221 Introduction to Design 3
THEA 271 Stage Management 3
THEA 332 Directing 3
THEA 335 Drama in Education 3
THEA 425 Modern Drama and Theatre 3
THEA 123 Voice and Diction 3
or THEA 239 Stage Movement

One credit from:

THEA 170 Acting-Minor Roles/Chorus
THEA 171 Assistant Stage Manager
THEA 172 Scenic Construction Crew
THEA 173 Light/Sound Board Operator
THEA 174 Costume Crew
THEA 175 Stage/Properties Crew
THEA 176 Makeup Crew
THEA 177 Publicity Crew
THEA 178 Electrics Crew
THEA 179 Special Effects/Sound Facilitator
THEA 370 Acting-Major Roles
THEA 371 Stage Manager/Assistant Director/Assistant Choreographer
THEA 372 Assistant Scenic Design/Assistant Technical Direction
THEA 373 Assistant Lighting Design
THEA 374 Assistant Costume Design/Shop Supervisor
THEA 375 Properties Design
THEA 376 Makeup Design
THEA 377 Publicity/Program Design
THEA 378 Master Electrician
THEA 379 House Manager
THEA 336 Theatre for Youth 3
or THEA 421 Touring Theatre

Required courses, not counted toward credits in major:

One music course from:

MUSI 100 Performing Arts On Stage
MUSI 102 Fundamentals of Music
MUSI 110 Music Appreciation
MUSI 340 Music and Related Arts in PK-8 Education
ENGL 181 Making Sense of the Movies
ART 105 Introduction to the Visual Arts
or ART 106 Introduction to the Visual Arts (Studio)

One dance course from:

DNCE 101 Dance Appreciation
DNCE 112 Modern Dance I
DNCE 114 Jazz Dance I

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option C and leads to licensure to teach Theatre in Early Childhood through Adolescence classrooms.

Theatre Arts, Minor - Liberal Arts

Liberal Arts (Code 601-422)

Twenty-four semester credits, including:

Core requirement, twenty-one credits

THEA 121 Introduction to Technical Theatre 3
THEA 125 Introduction to Theatre History 3
THEA 130 Beginning Acting 3
THEA 151 Costume Shop Practicum 1
THEA 152 Scenic Shop Practicum 1
THEA 153 Light/Sound Shop Practicum 1
THEA 221 Introduction to Design 3
THEA 332 Directing 3
THEA 425 Modern Drama and Theatre 3
any three credit THEA course numbered 200 or above 3

Total Credits 24

Theatre Arts, Minor - Teaching - EA-A

Early Adolescence/Adolescence Teaching (Code 601-424)

Twenty-four semester credits:

THEA/ES 361 Teaching Theatre Arts 2
THEA 121 Introduction to Technical Theatre 3
THEA 125 Introduction to Theatre History 3
THEA 130 Beginning Acting 3
THEA 151 Costume Shop Practicum 1
THEA 152 Scenic Shop Practicum 1
THEA 153 Light/Sound Shop Practicum 1
THEA 271 Stage Management 3
THEA 335 Drama in Education 3
THEA 336 Theatre for Youth 3
or THEA 421 Touring Theatre

Practicum minimum one credit 1

THEA 170 Acting-Minor Roles/Chorus 170/370
THEA 171 Assistant Stage Manager 171/371
THEA 172 Scenic Construction Crew 172/372
THEA 173 Light/Sound Board Operator 173/373
THEA 174 Costume Crew 174/374
### Theatre Arts, Minor - Teaching - MC-EA

Philosophy and Religious Studies

Hibbard Humanities Hall 632
715-836-2545
www.uwec.edu/philrel

Philosophy is the disciplined and critical inquiry into fundamental questions of human existence: What is the nature of reality? What is knowledge? Does God exist? Is my will free? What is the difference between right and wrong? What is the relation between the mind and the body? What is the meaning of life?, etc. Philosophers use reason and argument in the attempt to answer these questions. Philosophy is at the very heart of a liberal education. Students of philosophy learn to think critically and clearly, argue forcefully, and read carefully. They also learn how the history of philosophy has shaped modern thought and culture. A major in philosophy is excellent preparation for advanced study in a wide range of fields, including law. A minor in philosophy will enrich and complement any major field of study.

Religious Studies is the multi-disciplinary exploration of the phenomena of human experience commonly called “religious.” This includes study of the genesis and interpretation of religious texts; the formation, history, beliefs, and practices of religious communities and traditions; the role of religion in society and culture; issues in religion and science, including the psychology of religious experience; religion in literature and the arts; religious morality; philosophy of religion. The academic study of religion provides an excellent “window” into other cultures, while enhancing students’ understanding of their own society and its history. A degree in Religious Studies provides an excellent foundation for a wide range of careers as well as preparing students for demanding graduate programs.

Student Organizations
Theta Alpha Kappa (Honor Society in Religious Studies)

Philosophy Club

Honors Program in Philosophy and Religious Studies

The Honors Program in Philosophy and Religious studies enables outstanding students to engage in challenging Honors coursework and creative Honors research experiences.

Eligibility: Admission is by departmental invitation to students who have demonstrated excellent intellectual potential. To be considered, students must have a minimum 3.5 GPA in the major and in all university coursework.

Requirements:

1) Complete an Honors Capstone Thesis as the outcome of the departmental seminar — either Phil 485 (Seminar in Problems in Philosophy) or Rels 490 (Seminar in Religious Studies) — or an appropriately crafted Independent Study project.

2) Present the thesis research at or in a suitable local, regional, or national venue.

Majors

• Major: Philosophy, Liberal Arts - B.A./B.S. (p. 381)
• Major: Religious Studies, Liberal Arts - B.A./B.S. (p. 382)

Minors

• Minor: Philosophy, Liberal Arts (p. 382)
• Minor: Religious Studies, Liberal Arts (p. 384)

Certificates

• Certificate: Ethics (p. 380)
• Certificate: World Religions (p. 385)

Ethics, Certificate

(Code 400-601)

The Ethics Certificate is for students in a variety of majors and minors, especially pre-professional programs with existing ethics requirements, and students interested in graduate study and careers in health care ethics, legal ethics, business and corporate ethics and compliance. The Ethics Certificate is a natural complement to the Leadership Certificate currently offered through the College of Business’s Department of Management and Marketing. Note: Students cannot pursue the Philosophy Major and Ethics Certificate to meet graduation requirements for completing a first and second degree program.

Students are required to complete a minimum of 12 credits.

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
3. See special requirements for the College of Education and Human Sciences.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is
required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

Thirty-six semester credits, including:

| Eighteen credits from core courses: | 18 |
| PHIL 235 | Ancient Philosophy |
| PHIL 250 | Symbolic Logic |
| PHIL 316 | Metaphysics |
| or PHIL 317 | Epistemology |
| PHIL 331 | Philosophical Ethics |
| PHIL 335 | Early Modern Philosophy |
| PHIL 485 | Seminar in Problems of Philosophy |
| Eighteen credits from philosophy courses 1, 2, 3 | 18 |

1 PHIL 101 and PHIL 120 are disallowed for major credit if taken after the student has earned nine credits in philosophy.

2 No more than three credits of PHIL 397 and PHIL 498 are allowed toward the major.

3 Upon approval of the department up to six credits from courses other than philosophy may be applied to the major.

**Capstone:** All philosophy majors shall complete a reflection paper, usually during the senior year, in which the student analyzes and reflects on his or her learning experiences as a philosophy major in light of the philosophy major’s learning goals and outcomes.

**Philosophy, Minor**

**Liberal Arts (Code 400-400)**

Twenty-four semester credits, including:

| At least three credits from each of the following three categories, for a total of nine credits: | 9 |
| Logic: | |
| PHIL 150 | Logic and Critical Thinking |
| PHIL 250 | Symbolic Logic |
| History of Philosophy: | |
| PHIL 235 | Ancient Philosophy |
| PHIL 335 | Early Modern Philosophy |
| PHIL 338 | Modern European Philosophy I |
| PHIL 339 | Modern European Philosophy II |
| PHIL 340 | Knowledge and Reality |
| Core Areas: | |
| PHIL 316 | Metaphysics |
| PHIL 317 | Epistemology |
| PHIL 331 | Philosophical Ethics |
| Required: | |
| The remaining fifteen credits will be selected from philosophy courses 1, 2, 3 | 15 |

1 PHIL 101 and PHIL 120 are disallowed for minor credit if taken after the student has earned nine credits in philosophy.

2 No more than three credits of PHIL 397 and PHIL 498 are allowed toward the minor.

3 Upon approval of the department up to six credits from courses other than philosophy may be applied to the minor.

(2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
Thirty-six semester credits, including:

Three credits from core courses (to be taken by all majors before the completion of six credits of Religious Studies coursework):

- RELS 100 Introduction to the Religions of the World
- RELS 110 Basic Issues in Religion
- RELS 210 Religion and Morality

Capstone
All Religious Studies majors must complete the following capstone requirements.

Three credits to be taken in junior or senior year of the following: ¹

- RELS 470 The Problem of Evil
- RELS 490 Seminar in Religious Studies
- RELS 491 Special Topics
- RELS 499 Independent Study - Seniors

Monotheistic Religions:
A minimum of nine credits from:

- RELS 303 Early Christianity
- RELS 304 Modern Christianity
- RELS 307 Judaism
- RELS 309 Islam

Asian Religions:
A minimum of nine credits from the following:

- RELS 312 Buddhism: Past and Present
- RELS 323 Chinese and Japanese Religions
- RELS 314 Hinduism
- RELS 326 Asian Religious Philosophies

Methodological Approaches:
A minimum of three credits from the following:

- RELS 230 Old Testament/Hebrew Bible
- RELS 240 New Testament
- RELS 315 Psychology of Religion
- RELS/PHIL 345 Philosophy of Religion
- ANTH 463 Religion and Culture

The remaining coursework may be taken from the three previous categories and any of the courses listed below:

Topical and Historical Approaches:

Religious Studies, Minor
Liberal Arts (Code 411-401)
Twenty-four semester credits, including:

Three credits from core courses (to be taken by all minors before the completion of six credits of Religious Studies coursework):

- RELS 100 Introduction to the Religions of the World
- RELS 110 Basic Issues in Religion
- RELS 210 Religion and Morality

Seminar course
Three credits taken in junior or senior year from the following:

- RELS 470 The Problem of Evil
- RELS 490 Seminar in Religious Studies
- RELS 491 Special Topics
- RELS 499 Independent Study - Seniors

Monotheistic Religions:
A minimum of six credits from:
World Religions, Certificate

(Code 411-601)

The World Religions Certificate is intended for undergraduates outside of the Religious Studies major/minor who desire to enhance their marketability as potential graduate students and employees, whether their career goal is education, business, health care, psychology, music and the arts, the sciences, or the humanities. The World Religions certificate program offers students a foundational understanding of the beliefs, practices, and cultural impact of the world’s major religious traditions that will enable them to negotiate the complex challenges of life in an increasingly interconnected and globalized world. The impact of religions on world events is undeniable, and students pursuing any disciplinary major can benefit greatly from the learning opportunities offered by this certificate program.

Students are required to complete a minimum of 15 credits, including:

- Three credits from:
  - RELS 312 Buddhism: Past and Present
  - RELS 314 Hinduism
  - RELS 323 Chinese and Japanese Religions
  - RELS/AIS 330 Indigenous Religions of the Americas

- Six credits from Non-Western Concentration courses:
  - RELS 312 Buddhism: Past and Present
  - RELS 314 Hinduism
  - RELS 323 Chinese and Japanese Religions
  - RELS/AIS 330 Indigenous Religions of the Americas

- Six credits from Western Concentration courses:
  - RELS 303 Early Christianity
  - RELS 304 Modern Christianity
  - RELS 307 Judaism
  - RELS 309 Islam

Total Credits: 15

For advising, see Professor Steven Fink (Philosophy and Religious Studies).

1 A maximum of three credits may be counted toward the minor from any combination of RELS 395, RELS 399, RELS 498, and RELS 499, and a maximum of three credits may be counted toward the minor from the combination of RELS 396 and RELS 397.
Physics and Astronomy

Phillips 230
715-836-3148
www.uwec.edu/physics

Physics, the science of matter and energy, is the study of the deepest mysteries of our universe, ranging from subatomic particles to cosmology. Exploring ideas of space, time, matter, energy, and radiation, it serves as the basis for the physical sciences. Modern society is influenced by physics in countless ways, including recent developments in such fields as laser optics, miniaturized electronics, nuclear energy, and medical instrumentation.

Beyond the earth, astronomy applies the ideas of physics to the study of planets, stars, galaxies and all celestial phenomena within reach of our telescopes. Since the two areas share a vast array of common ideas and knowledge, new discoveries in physics often aid progress in astronomy and vice versa.

Special learning opportunities associated with the department include the Materials Science Center (www.uwec.edu/matsci), the L.E. Phillips Planetarium (www.uwec.edu/planetarium), and Hobbs Observatory at the Beaver Creek Reserve (www.beavercreekreserve.org).

Departmental Honors in Physics

Departmental Honors is a way for a student to experience the thrill of innovative research and discovery in an area of interest within Physics and Astronomy. One of the most significant benefits of Departmental Honors is that it fosters one-on-one interaction between students and professors, which substantially enhances a student’s educational experience and serves as a springboard for excellence in graduate studies or professional employment after graduation.

Eligibility: Complete PHYS 332 and maintain both a resident GPA and a major GPA of at least 3.50.

Procedure: A written application for Departmental Honors in Physics and Astronomy must be approved by the student’s academic adviser, the student's project adviser, and the chair of the Physics and Astronomy Department.

Requirements:

1. Complete the required courses for one of the three emphases for the Liberal Arts major in Physics.
2. Complete two courses selected from among
   - PHYS 367 Astrophysics
   - PHYS 375 Electromagnetic Fields
   - PHYS 430 Advanced Laboratory Techniques
   - PHYS 445 Thermal Physics
   - PHYS 465 Quantum Mechanics
   - PHYS 475 Mathematical Methods in Physics
3. Complete a significant scholarly activity and disseminate the results of the activity by completing a written research paper and presenting at an appropriate on-campus or off-campus venue (Physics Thursday, CERCA, Provost’s Honors Symposium, etc.) or making a presentation at a professional meeting or publishing an article in a professional journal. The quality of the activity and dissemination will be evaluated by a three-member faculty panel. Upon approval by the panel, the student will receive the designation of Departmental Honors in Physics and Astronomy on his/her official transcript and a special notation in the graduation ceremony program.

Majors

- Major: Physics, Liberal Arts - B.A./B.S. (p. 390)
- Major: Physics, Dual Degree Engineering Emphasis, Liberal Arts - B.A./B.S. (p. 389)
- Major: Physics, Teaching - B.S. (p. 392)
- Major: Physical Science, Teaching - B.S. (Interdisciplinary Major) (http://catalog.uwec.edu/undergraduate/arts-sciences/physics-astronomy/
%20/undergraduate/arts-sciences/interdisciplinary/physical-science-comprehensive-major-t-bs)
- Major: Physics-Mathematics, Teaching - B.S. (Interdisciplinary Major) (p. 82)

Minors

- Minor: Physics, Liberal Arts (p. 396)
- Minor: Physics, Teaching (p. 396)

Certificates

- Certificate: LabVIEW (p. 386)

LABVIEW, Certificate

(Code 230-601)

The LabVIEW Certificate Program provides UW-Eau Claire students and engineers in local and regional industry with an in-depth understanding of the computer interfacing and data acquisition software package called LabVIEW. LabVIEW has become an industry standard in this technical area. LabVIEW provides an extensive environment in which a scientist or engineer can accomplish a variety of instrument control, data collection and data processing tasks. The UW-Eau Claire LabVIEW Certificate program has also been designed to provide students with the skills and experiences required to pass the first two levels of professional LabVIEW programming certification offered by National Instruments, which is required for many industry positions that involve LabVIEW programming.

To be admitted to the program, UW-Eau Claire students must have completed PHYS 232 with a grade of C or better and be currently enrolled in PHYS 350. Special students must have completed at least 8 credits of electrical engineering coursework equivalent to that in PHYS 350 and PHYS 360.

Thirteen credits are required for certificate program completion and are drawn from the following course work:

- PHYS 350 Electric and Electronic Circuits
The academic goals of the LabVIEW Certificate Program are:

1. to provide students with a working knowledge of electronics which they will get from PHYS 350 and PHYS 360;
2. an understanding of the basics of computer interfacing principles which they get from PHYS 360 and the three LabVIEW courses;
3. an in-depth knowledge of the LabVIEW programming environment which they get from the three LabVIEW courses;
4. an introduction to Field Programmable Gate Arrays (a revolutionary new technology) which they get from the last LabVIEW cRIO course.

Note: Students cannot pursue the Physics Major and LabVIEW Certificate to meet graduation requirements for completing a first and second degree program.

For advising, see Professor K. Pierson (Physics and Astronomy).

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1)
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2)
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3)

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4)
One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1)
One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2)
One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3)
One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1)
One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2)
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3)
One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1)
Two (2) learning experiences

Service-Learning Goal

Service-Learning (p. 49) 30 hours
College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

 Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

 Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

This emphasis focuses on physics applications of relevance to industrial and engineering employment environments following completion of the baccalaureate degree.

The Applied Physics Emphasis requires 36 credits of physics coursework including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS/MSE 120 Introduction to Engineering</td>
<td>0.5-2</td>
</tr>
<tr>
<td>or PHYS 186 Introductory Seminar</td>

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.
Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter the MATH 221-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

### Major Requirements

This emphasis combines the benefits of a traditional physics degree with those of a formal engineering education. In this program students receive a UW-Eau Claire physics degree in conjunction with a bachelor’s degree in engineering from either UW-Madison or the University of Minnesota-Twin Cities.

The Dual Degree Engineering Emphasis requires 36 credits of physics coursework including:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS/MSE 120</td>
<td>Introduction to Engineering</td>
<td>2</td>
</tr>
<tr>
<td>PHYS 231</td>
<td>University Physics I</td>
<td>5</td>
</tr>
<tr>
<td>PHYS 232</td>
<td>University Physics II</td>
<td>5</td>
</tr>
<tr>
<td>PHYS 332</td>
<td>University Physics III</td>
<td>3</td>
</tr>
<tr>
<td>PHYS 340</td>

<td>4</td>
</tr>
<tr>
<td>PHYS 350</td>
<td>Electric and Electronic Circuits</td>
<td>4</td>
</tr>
<tr>
<td>PHYS 365</td>
<td>Theoretical Mechanics</td>
<td></td>
</tr>
</tbody>
</table>

Select one of the following:

- PHYS 255 Statics
- PHYS 356 & PHYS 356 and Dynamics (option depends on engineering program)

The remaining Physics credits are to be selected from any physics course above 325 (including PHYS 374/MSE 374) and MSE 315, MSE 357, MSE 372, and MSE 451.

### University Requirements

**Required courses not counted toward credits in major:**
- MATH 312 Differential Equations and Linear Algebra
- Select one computer science course from the following:
  - CS 163 Introduction to Programming in C++
  - CS 170 Computing for the Sciences and Mathematics
  - or adviser-approved course appropriate for the engineering program

Complete an engineering degree 1

1. To receive the UW-Eau Claire Dual Degree Engineering Emphasis physics degree, the student must complete an engineering degree from one of the above schools. Students will typically complete most of the UW-Eau Claire Liberal Education Core and Dual Degree physics requirements while at UW-Eau Claire before transferring to the engineering school. Students must complete 84 semester credits before transferring to the engineering school, 56 of which must be taken in residency at UW-Eau Claire, with a minimum of 12 upper-division credits of physics and a minimum of six credits of mathematics taken at UW-Eau Claire.

NOTE 1: The UW-Eau Claire physics degree will not be awarded until an official copy of the student’s engineering degree has been sent to UW-Eau Claire’s Registrar’s Office. If the engineering degree is not completed, then students must satisfy all of the requirements for another degree program at UW-Eau Claire.

NOTE 2: A maximum of six credits of any combination of PHYS 392, PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

### Physics, Liberal Arts Emphasis, Major

Service-Learning Goal
Service-Learning (p. 49) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**
The Liberal Arts emphasis is the traditional physics major, providing preparation for graduate school as well as a broad range of careers in business and industry following completion of the baccalaureate degree.

The Liberal Arts Emphasis requires 36 credits of physics coursework including:

**PHYS 186** Introductory Seminar 0.5
**PHYS 231** University Physics I 5
**PHYS 232** University Physics II 5
**PHYS 332** University Physics III 3
**PHYS 333** Quantum Physics 3
**PHYS 350** Electric and Electronic Circuits 4
**PHYS 340** Optics 4
or **PHYS 360** Electronics
**PHYS 365** Theoretical Mechanics 4
**PHYS 486** Senior Seminar 0.5

The remaining Physics credits are to be selected from any physics course above 325 (including PHYS 374/MSE 374) and MSE 315, MSE 357, MSE 372, and MSE 451.

Required courses not counted toward credits in major:

**MATH 312** Differential Equations and Linear Algebra
**CS 163** Introduction to Programming in C++ 1
or **CS 170** Computing for the Sciences and Mathematics
**PHYS 486** Senior Seminar 0.5

The remaining Physics credits are to be selected from any physics course above 325 (including PHYS 374/MSE 374) and MSE 315, MSE 357, MSE 372, and MSE 451.

1. It is strongly recommended that CS 163 or CS 170 be completed within the first three semesters.

Chemistry (CHEM 115 or CHEM 103 and CHEM 104) is strongly recommended.

NOTE 1: An approved research project must be completed prior to PHYS 486 (see PHYS 486 course description for details).

NOTE 2: A maximum of six credits of any combination of PHYS 392, PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

**Certificate** 25 percent of credits

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.

2. See special requirements in each College.

3. See special requirements for the College of Education and Human Sciences.

**Liberal Education Core**
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

NOTE: Course in Western History or Western Culture and course in Non-Western History or Non-Western Contemporary Culture is required.

Teaching Licensure Requirements - EA-A Licensure
Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved
majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses. Advising is done through the content major department.

Upon admission to program, candidates are assigned an adviser in education as well.

**Option B: EA-A**

**Early Adolescence through Adolescence Licensure**

<td>Calculus I</td>
</tr>
<tr>
<td>MATH 215</td>
<td>Calculus II</td>
</tr>
<tr>
<td>MATH 216</td>
<td>Calculus III</td>
</tr>
</tbody>
</table>

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option B and leads to licensure to teach Physics in Early Adolescence through Adolescence classrooms. It is often combined with a mathematics or chemistry teaching minor.

Broadfield Science Licensure
Completion of the following requirements and ES 367 may be used in lieu of a minor and adds Broadfield Science licensure to the teaching major:

A. At least 14 credits from one of the following areas:

Area 1:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 151</td>
<td>Biology of Humans</td>
</tr>
</tbody>
</table>

B. Eight credits in each of the two areas not selected in A above:

Area 1:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 151</td>
<td>Biology of Humans</td>
</tr>
<tr>

GEOG 104 The Physical Environment

Required:
PHYS 226 Astronomy-Solar System
or PHYS 229 Astronomy-Stars and Galaxies

NOTE 1: A maximum of six credits of any combination of PHYS 392, PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

Physics, Minor - Liberal Arts

Liberal Arts (Code 230-401)

Twenty-four semester credits of Physics including:

PHYS 231 University Physics I 5
PHYS 232 University Physics II 5
PHYS 332 University Physics III 3
11 or more credits from any Physics courses 1

MATH 215 Calculus II (Not counted toward credits in major) 11

1 Except PHYS 100, PHYS 211, and PHYS 212

It is recommended that students minoring in physics consult the chair of the Department of Physics and Astronomy while planning a program.

Physics, Minor - Teaching

Teaching (Code 230-403)

Twenty-four semester credits of Physics, including:

PHYS 231 University Physics I 5
PHYS 232 University Physics II 5
PHYS 332 University Physics III 3
PHYS 350 Electric and Electronic Circuits 4
At least seven credits from the following: 7
PHYS 226 Astronomy-Solar System
PHYS 229 Astronomy-Stars and Galaxies
or any physics course numbered above 325

Required (not counted toward credits in minor):
MATH 114 Calculus I
MATH 215 Calculus II

Eight credits from one of the following fields (not counted toward credits in minor):
- Biology
- Chemistry
- Geology

This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach Physics in Early Adolescence through Adolescence classrooms.

Political Science

Hibbard Humanities Hall 401

Honor Societies and Student Organizations:

Pi Sigma Alpha, the national honor society, promotes student interest in political science and sponsors forums on current political topics and workshops on applying to and attending graduate school and law school. The honor society accepts qualified students each fall and spring semester for membership, based on political science coursework and academic standing. Contact the faculty adviser in the department for further details.

Model United Nations Club (MUNC) is a student organization whose primary purpose is to educate its members and the student body about the United Nations and its activities. The organization is open to all students interested in global affairs and the UN. MUNC members attend two United Nations mock conferences each year and participate in a number of other group activities.

Future Lawyers of America is a student organization whose primary purpose is to inform its members of the various aspects of the legal profession. The organization is open to all students from various academic majors who are considering attending law school and share an interest in the legal profession. The organization sponsors speakers from various law-related occupations, organizes trips to law schools and law school fairs, and provides practice tests for the Law School Admission Test.

The Society of Politics is open to all students with an interest in politics and political science. The Society functions as both a social and professional organization for students to help them make connections and broaden the scope of their political knowledge. The Society hosts several events during the year, including a fall picnic, roundtables, and forums for the students and political science faculty to meet and discuss important issues.

Political Science examines various systems of government within and among nation-states and the principles on which they are based. It familiarizes the student with political concepts and issues, their historical backgrounds, and their relevance to the cultural systems in which they arise. The study of political science provides methods for analyzing political issues and the policies designed to address them.

Departmental Honors Program in Political Science

Eligibility: Majors with resident and total GPAs of 3.50 or higher overall and in Political Science, and the consent of the department. Senior standing is required. By the end of the second semester of the junior year, students must notify the department of their intent to seek departmental honors.

Requirements: Comprehensive written examination taken at the end of the first semester of the senior year; senior thesis written during the second semester of the senior year. Students must register for POLS 496, during the semester that they write the thesis.

Majors

- Comprehensive Major: Political Science, Legal Studies Emphasis, Liberal Arts - B.A./B.S. (p. 398)
- Comprehensive Major: Political Science, World Politics Emphasis, Liberal Arts - B.A (p. 408)/B.S (p. 398). (http://catalog.uwec.edu/undergraduate/arts-sciences/political-science/political-science-comprehensive-major-world-politics-ba)
- Major: Political Science, Liberal Arts - B.A./B.S. (p. 398)
- Major: Political Science, Teaching - B.A. (p. 403)

Minors

- Minor: Political Science, Liberal Arts (p. 406)
- Minor: Political Science, Teaching (p. 407)

Certificates

- Certificate: Campaign Consulting (p. 397)
- Certificate: International Affairs (p. 397)
- Certificate: Legal Studies (p. 398)

Campaign Consulting, Certificate

(Code 420-601)

The Certificate in Campaign Consulting is designed for the student seeking an opportunity to learn the skills of campaign organization and management. Students develop campaigning skills including organization of workers, marketing of candidates, issue development, use of media, and campaign finance. The certificate in Campaign Consulting is the only university course of study providing training and experience in local elections.

Currently enrolled degree-seeking students who have applied to the department for the certificate and are in good standing in the University are eligible to complete a certificate in Campaign Consulting.

Students are required to earn a total of 18 credits toward the certificate.

Required Courses:
POLS 110 American National Politics 3
POLS 341 Political Parties, Elections, and Voting 3
POLS 342 Public Opinion and Political Behavior 3
POLS 498 Internship 3

The remaining six credits are to be selected from:
POLS 301 State and Local Politics 3
POLS 339 Legislative Politics 3
POLS 343 Public Administration 3
POLS 344 Media and Politics 3
POLS 348 The Presidency 3

Total Credits 18

All of these courses are regularly offered in the department.

Students seeking a certificate in Campaign Consulting must meet with the department chair and will be assigned a certificate adviser within the Department of Political Science.

NOTE: Students cannot pursue the Political Science Major and Campaign Consulting Certificate to meet graduation requirements for completing a first and second degree program.

International Affairs, Certificate

(Code 420-602)

The Certificate in International Affairs is designed for those students interested in global awareness, cultural and political diversity, and economic globalization. A certificate in International Affairs will indicate that a student has undergraduate level awareness of global concepts, basic issues, terminology, structures, and perspectives. The certificate in International Affairs provides knowledge and skills that will help prepare students for employment in a global political economy as well as familiarize them with specializations, concepts, jargon, and methods for graduate concentrations in various aspects of world politics.

Currently enrolled degree-seeking students are eligible to complete a certificate in International Affairs. Students in the comprehensive political science major with a World Politics emphasis are NOT eligible for this certificate.

Students are required to earn a total of 18 credits toward the certificate.

Required Courses (12 crs)
POLS 122 Introduction to World Politics 3
POLS 331 International Organization and Law 3
POLS 334 International Political Economy 3
POLS 335 International Relations Theory 3
The remaining six credits are to be selected from:
POLS/LAS 319 Politics of Latin America 3
POLS/LAS 320 Caribbean Politics 3
POLS 321 Politics of the Middle East 3
POLS 322 Politics of Russia 3
POLS 323 Politics of Eastern Europe 3
POLS 324 Politics of Asia 3
POLS 327 Politics of Continental Europe 3
POLS 330 U.S. Foreign Policy 3
POLS 332 International Conflict 3
POLS 336 Arab-Israeli Conflict 3
POLS 390 Culture and Politics 3

Total Credits 18

Students are strongly encouraged to take only one course from a geographic or cultural region. All of these courses are regularly offered in the department.
Students seeking a certificate in International Affairs must meet with the department chair and will be assigned an adviser within the Department of Political Science.

NOTE: Students cannot pursue the Political Science Major and International Affairs Certificate to meet graduation requirements for completing a first and second degree program.

Legal Studies, Certificate
(Code 420-603)

The Certificate in Legal Studies is designed for those students interested in law school or paralegal work who have a strong interest in providing evidence of coursework in law. Students will be given the opportunity to concentrate coursework in legal studies, develop skill in preparing legal briefs, and develop skill in participating in Socratic dialogue as practiced in law schools and other arenas that teach law. The certificate in Legal Studies provides a liberal arts approach to the study of law and is not intended to provide the kind of clerical training associated with some paralegal training.

Currently enrolled degree-seeking students are eligible to complete a certificate in Legal Studies. Students in the comprehensive political science major with a Legal Studies emphasis are NOT eligible for this certificate.

Students are required to earn a total of 18 credits toward the certificate.

#### Knowledge Goal

**Knowledge Outcome 1 (K1): Natural Sciences** (http://catalog.uwec.edu/undergraduate/attribute-k1)

Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

**Knowledge Outcome 2 (K2): Social Sciences** (http://catalog.uwec.edu/undergraduate/attribute-k2)

Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3)  Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4)  One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1)  Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 49)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2)  One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 49)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3)  One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1)  Two (2) learning experiences

One R1 must satisfy Design for Diversity (p. 49)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2)  One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3)  One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1)  Two (2) learning experiences

Service-Learning Goal

Service-Learning (p. 49)  30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

A comprehensive major in Political Science combines political science with courses in other disciplines. Students choose either the Legal Studies emphasis or the World Politics emphasis.

The Legal Studies emphasis provides an emphasis in legal studies for those students interested in law school, paralegal studies, and law and society.

Sixty semester credits, including:

Required political science credits:

Elective political science credits, including:
One course in International Relations
Two courses in Comparative Government (one must be at the 300 level or higher)
Two courses in Political Theory from the following:
POLS 310 Modern Political Thought
POLS 311 Contemporary Political Thought
POLS 312 American Political Thought

Required:
Two additional courses in political science from the four course groupings (200 level or higher)

Elective courses from other disciplines selected from the following list:

- ACCT 201 Principles of Accounting I
- ACCT 202 Principles of Accounting II
- ANTH 422 Anthropology of Law
- CJ 202 Fundamentals of Speech
- CJ 414 Mass Media Law
- CRMJ 319 Police in Society
- CRMJ 342 Confinement and Corrections
- ECON 103 Principles of Microeconomics
- ECON 104 Principles of Macroeconomics
- ECON 303 Intermediate Microeconomic Theory

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 46).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.
Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 52).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

### Major Requirements

Thirty-six semester credits, including:

- **POLS 110** American National Politics 3
- **POLS 122** Introduction to World Politics 3
- **POLS 290** Introduction to Political Analysis 3
- **POLS 480** Political Science Capstone 3

At least two courses in each of the four course groupings defined below

At least one theory course must be selected from Traditional Thought

One comparative course must be taken at the 300 level

### Information for Political Science Majors and Minors

Political Science courses at the 200 level and above are classified into the following four course groupings:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
3. See special requirements for the College of Education and Human Sciences.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>
