ACCOUNTING AND FINANCE

Schneider Social Science 400A
715-836-2184

Accounting is the field of study which focuses on developing and providing financial information about businesses, including information about the cost of products manufactured or services provided, and about governmental and not-for-profit organizations. This information is used by internal and external decision makers and other stakeholders of the organization. The accounting program is designed to provide the student depth of knowledge in accounting and business, and to help develop communication, interpersonal, and critical thinking skills. These skills are highly valued by organizations seeking to employ accountants. Careers in accounting include public accounting, financial accounting, managerial accounting, internal auditing, and tax accounting.

Finance is the field of study which focuses on managing the finances of firms, financial institutions, and individuals. Careers in finance include corporate financial officer, banker, stockbroker, financial analyst, portfolio manager, investment banker, financial consultant, and personal financial planner.

The Department of Accounting and Finance offers a 60-credit comprehensive major in Accounting. The Department also offers a 60-credit comprehensive major in Finance. Minors in Accounting, Audit and Control, and Finance are also available.

Department of Accounting and Finance Scholarships

Departmental Honors Programs

Departmental Honors Program in Accounting

Objectives:
1. To provide outstanding students in accounting with opportunities for academic enrichment and challenge beyond usual course coverage and requirements.
2. To encourage more faculty-student scholarly interaction, including research collaboration.
3. To encourage and allow outstanding students to pursue projects that require an understanding of relationships between different areas of accounting.

Eligibility:
Upper-class accounting majors with resident, overall, and major GPAs of 3.50 or higher. Completion of ACCT 302.

Procedure:
Students will be invited to apply for participation in the Departmental Honors Program by instructors during a student’s enrollment in ACCT 302 or by a faculty advisor after completion of Accounting 302. Students may apply without an invitation from a faculty member, but must obtain a letter of support from a faculty member. An application must be submitted to the department chair. The application should be submitted prior to the student’s last two semesters of study. The application form should outline the student’s plan to complete department honors.

Requirements:
At graduation, the student must have resident, overall, and major GPAs of 3.50 or higher. In addition, the student must submit evidence that two of the following have been satisfactorily completed:
1. Participation in a faculty/student collaborative accounting research project,
2. Presentation of a research project off campus (at a conference),
3. Completion of an accounting project designed and executed under the guidance of an accounting faculty member (may include projects for community members or local companies),
4. Completion of an internship in accounting, or
5. Acceptance of an accounting paper in a peer-reviewed journal.
