Goals and Purposes

The Department of Education Studies prepares teachers for elementary, middle level, and high school classrooms through several programs. Through a series of courses and experiences emphasizing reflection, decision-making, and collaborative leadership, students develop knowledge, skills, and dispositions necessary for effective teaching. Students also acquire skill in

1. planning and using various teaching methods and resources,
2. creating and maintaining a positive learning environment, and
3. evaluating learning and instruction.

The Department of Education Studies also provides leadership, vision, and service for the core elements of all teacher education. Core professional studies which are common to all programs include field experiences; the social, cultural, historical, legal, and philosophical foundations of education; pedagogy for diverse learners; instructional, informational, and media technology; educational research; assessment; and leadership studies. At the completion of a program, students are ready to assume responsibilities for classroom teaching and are prepared to continue developing as a professional.

Degrees Awarded

The following majors lead to the Bachelor of Arts Degree: Economics, English, French, German, History, Latin American Studies, Political Science, Social Studies, Sociology, Spanish, and Theatre Arts.

The following majors lead to the Bachelor of Science Degree: Biology, Chemistry, Elementary/Middle Level Education, Geology, Kinesiology (Physical Education), Mathematics, Physical Science, Physics, and Physics-Mathematics.

All majors in Music lead to the Bachelor of Music Education.

Student Transportation

All programs that lead to teacher licensure require multiple field experiences. Students in teacher education programs must provide their own transportation to and from field experiences. Some field experiences may require travel to other communities. All costs associated with transportation to and from field experiences are the responsibility of the student.

Program Options

Programs in the Department of Education Studies are designed to lead to licensure by the state of Wisconsin. UW-Eau Claire provides these three program options:

1. Middle Childhood through Early Adolescence (MC-EA) (Elementary Education)
2. Early Adolescence through Adolescence (EA-A) (Secondary Education)
3. Early Childhood through Adolescence (EC-A) (PK-12 Education)

Students should select the program option they wish to pursue and follow the requirements for that program. In addition to the program requirements, all students must complete the appropriate Liberal Education requirements and other University requirements for graduation.

Pre-program. Before seeking admission to a program, students must complete the appropriate pre-program course(s): ES 203 (Exploring Schooling in Grades 1-8) for Option A, ES 212 (Initial Teaching Experience in Elementary, Middle and High School) for Options B and C.

To enroll in ES 203, a student must meet the following criteria:

1. pre-education status,
2. completed at least 14 credits,
3. Minimum GPA of 2.50 or higher,
4. completion of University Writing Requirement.

To enroll in ES 212 a student must meet the following criteria:

1. pre-education status,
2. completed at least 14 credits,
3. resident and total GPAs of 2.50 or higher,
4. completion of University Writing Requirement,
5. passing scores on the Praxis I: Pre-Professional Skills Test (PPST) in reading, writing, and mathematics OR passing scores on Praxis Core Academic Skills Test for Educators (CORE) Tests in mathematics, reading, and writing OR passing scores on the ACT OR passing scores on the SAT OR passing scores on the GRE. See an adviser for a list of passing scores for each of these tests.

Space available for these courses will be limited to resources available.

Program Admission Information

The programs in the Department of Education Studies are designed to continually assess the knowledge, skills, and dispositions of the best candidates to be recommended for endorsement to the Wisconsin Department of Public Instruction for certification to teach in the state of Wisconsin. Students are admitted to a program on a selective basis from a pool of candidates who meet minimum criteria. Students who enter the University and who plan to pursue one of the program options A, B, or C should understand that not all who seek admission to the College of Education and Human Sciences, and to the program, will be admitted, even if minimum criteria are met. Detailed descriptions of program admission criteria and procedures are available from the department office, given that changes occur in an attempt to use admission results and information to improve curricula.

Admission to Program (Gate #1)

Students who wish to pursue any of the three program options [A: Middle Childhood through Early Adolescence (MC-EA), B: Early Adolescence through Adolescence (EA-A), and C: Early Childhood through Adolescence (EC-A)], must file a formal application by October 1 for spring admission or March 1 for fall admission. Admissions committees are convened and decisions are made in time for students to register for program courses for the ensuing semester. When students are admitted to any of these three programs, they are also admitted to the College of Education and Human Sciences Teacher Education Program.

Admission to the Option A Program (MC-EA): (Block)

Students should obtain the MC-EA Advising Handbook which provides information on process and procedures, as well as rubrics, for scoring the 10 Wisconsin Teaching Standards, and auxiliary information (e.g., certifiable minor choices, résumé format, etc.). Students wishing consideration for admission to the program should apply one year prior to the semester in which they want to be in the “block” (methods) courses. Students may not apply for program while enrolled in ES 203, Exploring Schools in Grades 1-8. Candidates for admission to program prepare a “portfolio” based on four of the 10 teaching standards (#s 1, 2, 4, 9). Additional criteria for admission include: overall GPA, performance in ES 203, Exploring Schools in Grades 1-8, a degree plan, dispositions toward teaching, and overall writing and quality of the application materials. The MC-EA Admissions Committee is comprised of faculty and staff members from the
Education Studies department as well as faculty or academic staff members from the teacher associated faculty from the College of Education and Human Sciences. Each portfolio is carefully reviewed to ensure criteria for admission are met. Rank-ordered total scores on the portfolio are provided to the chairperson who notifies the applicants of their admission status. Students are admitted based on the total portfolio score. Students who are not admitted may apply one additional time.

Admission to the Option B (EA-A) and C (EC-A) Programs: (Block)

Students who want to be considered for admission to these programs and the College of Education and Human Sciences Teacher Education Program should apply the semester before they want to enroll in the methods sequence of courses, also known as the “block” (e.g., ES 312, ES 318, ES 328, etc.). Students may not apply for program while enrolled in ES 212, the pre-program course. Candidates prepare a portfolio based on the ten Wisconsin Teaching Standards for the Department of Education Studies (see the EA-A/EC-A program coordinator for education program-related questions and rubrics used for scoring portfolios). Additionally, content departments have requirements for admission which focus predominantly on content knowledge (e.g., Foreign Language and Latin American Studies requires passing an oral competency exam in the target language). Students should see their content area adviser for information or seek direction from the education adviser in that department. The EA-A/EC-A Admissions Committee is comprised of EA-A/EC-A faculty from the Department of Education Studies and at least one member from each of the certifying areas: Music, English, Kinesiology, Mathematics, Social Studies, History, Science, Language, and Theatre Arts. The portfolios are scored by EA-A/EC-A faculty in the Department of Education Studies, and a list of applicants with rank-ordered total portfolio scores is compiled. The EA-A/EC-A program coordinator convenes a meeting of the EA-A/EC-A admissions membership where final decisions are made for admission to the program, College, and the block semester. The list of admitted and declined applicants is provided to the chairperson who notifies the applicants of their admission status. Students who are admitted to program must take ES 312 and ES 318 the subsequent semester. Candidates who are not admitted their first time may re-apply once.

Admission to the Professional Semester (Gate #2): Professional Semester

Applicants in program option A below must earn a minimum grade of B in the Block practicum field experience for three of the five areas: language arts, mathematics, reading, science, and social studies and earn a minimum GPA of 2.75 across the block courses with no less than a C in the following courses to gain departmental approval for admission to student teach or intern:

Applicants in options B and C below must earn a minimum grade of B- in each of the professional education courses (ES 212, ES 312, ES 317, ES 318*, ES 328, content methods) to be considered for admission to student teach or intern.

*Music Education majors take MUED 318 instead of ES 318.

Recommendation for Licensure (Gate #3)

All students seeking licensure through programs in the department of Education Studies must complete a full semester of student teaching or internship. A full semester of student teaching or internship is defined as completing a full semester, full days following the school district calendar. All applicants for student teaching or internships must have resident, total, and professional education course GPAs of 2.75 or higher and have departmental approval. Grades for student teaching courses (ES 440, ES 441, ES 445, ES 446, ES 470, and ES 475) are reported and recorded on a satisfactory/unsatisfactory basis.

In addition to student teaching requirements, students must participate in and earn passing scores on the EdTPA. Finally, students who have an elementary education major or special education major, or minor will need to complete the WI Foundations of Reading Test (FoRT) with a passing score of 240 or higher.
