This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach Earth and Space Science in Early Adolescence through Adolescence classrooms. Students are advised to combine this minor with a Biology, Chemistry, Physics, or Physics-Math teaching major in order to be prepared for the Praxis II content exam or for demonstrating content proficiency through GPA. Successful completion of this broad-based science test or demonstration of content proficiency through GPA is required for certification to teach in this field. When combined with a Biology Teaching major, ES 359 is also required for EA-A licensure.
