KINESIOLOGY (KINS)

KINS 101 Specialty (0.5-2 crs)
• Special course fee may apply.

Special class activity to be offered as expertise is available.
Attributes: Physical Activity
Repeat: Course may be repeated

KINS 108 Intercollegiate Athletics (1 cr)
Prerequisite: Eligible to practice as defined by the Wisconsin Intercollegiate Athletic Conference.
Consent: Department Consent Required
The student will participate in the physical activity and lectures pertaining to the preparation of a varsity athletic team for a season and the contests included in that season.
Attributes: Physical Activity
Grading Basis: S/U Only Grade Basis

KINS 110 Power Walking (1 cr)
• No credit if taken after KINS 101 with the same topic.

Introduction to basic techniques and fitness principles used in power walking. Students will develop an individual power walking program to meet their individual physical activity goals.
Attributes: Physical Activity

KINS 112 Fitness (1 cr)
Includes aerobics activity, flexibility, and resistance exercises to expose students to methods of becoming physically fit or maintaining a degree of fitness.
Attributes: Physical Activity, Special Course Fee Required

KINS 117 Weight Training (1 cr)
Emphasis on techniques of basic lifts. Knowledge in the area of weight training for the development of strength and muscular endurance through progressive resistance. Individual programs for strength development.
Attributes: Physical Activity, Special Course Fee Required

KINS 186 Wellness Concepts and Health Related Fitness (2 crs)
Students will work to develop health-related fitness and will learn the importance of wellness concepts such as health-related fitness, stress management, nutrition, and consumer responsibility in health and fitness.
Attributes: Physical Activity, Wellness Theory
Lecture/Discussion Hours: 1
Lab/Studio Hours: 2

KINS 200 Orientation to Kinesiology (1 cr)
Prerequisite: No credit if taken after KINS 191.
Introduction to disciplines and professions in Kinesiology. Students will become familiar with the possible options available for majors and minors as well as potential careers compatible with a Kinesiology degree.
Grading Basis: S/U Only Grade Basis
Lecture/Discussion Hours: 1
Lab/Studio Hours: 0

KINS 204 Introduction to Athletic Training (1 cr)
Prerequisite: Limited to pre-athletic training majors.
Introduction to the basic knowledge of the athletic training profession and the concepts in the prevention of athletic injuries. For those students seeking admission to the athletic training education program.
Attributes: Special Course Fee Required
Lecture/Discussion Hours: 1
Lab/Studio Hours: 0

KINS 275 Prevention and Care of Athletic/Exercise Injuries (3 crs)
Prerequisite: KINS 294 or KINS 204 for athletic training majors.
Consent: Department Consent Required
• Evidence of CPR & First Aid certification is required for enrollment.
This lecture/lab based course is an introduction to the basic concepts and fundamentals of the prevention, recognition, treatment, and rehabilitation of athletic or exercise-related injuries.
Attributes: Special Course Fee Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 280 Acute Care of Athletic Injuries/Illness (3 crs)
Prerequisite: Limited to admitted athletic training majors.
A theory and lab course focused on providing care for acute and emergency injuries/illnesses in the physical activity setting. Successful completion of the course will result in certification as a First Responder.
Attributes: Special Course Fee Required
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 284 Palpatory Anatomy in Kinesiology (1 cr)
Prerequisite: KINS 294 or concurrently.
This course is designed to focus on the concepts and principles of palpatory anatomy and kinesiology. An understanding of how muscles and joints interact and function will be created and enhanced through a laboratory environment.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 0
Lab/Studio Hours: 2
KINS 290 Introduction to Physical Education (3 crs)
Prerequisite: Limited to Kinesiology PE teaching, Sport Pedagogy, and Exercise Science majors
Introduction to physical education including understanding the teaching/learning process, effective teaching skills, and context and reflection.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 292 Management and Coaching Theory (2 crs)
- The course follows American Sports Education Program (ASEP) guidelines, and students have the option to take the ASEP certification exam for a fee.
An introduction to the coaching profession including current management principles and practices.
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

KINS 294 Anatomical Kinesiology (3 crs)
Introduction to human anatomy and the basic structure of the body's major systems. An emphasis will be placed on the musculoskeletal system and an understanding of its relationship to human movement.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 1

KINS 298 Planning, Implementation, and Assessment: Invasion Games (2 crs)
Prerequisite: KINS 290. Limited to KINS PE teaching, Sport Pedagogy and Exercise Science majors
- Exercise Science majors will need department consent if KINS 290 not taken.
Students enrolled in this course will design comprehensive invasion games units utilizing various instructional models, such as: sport education, peer teaching and tactical games.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 300 Planning, Implementation, and Assessment: Adventure Activities (2 crs)
Prerequisite: KINS 290. Limited to KINS PE teaching, Sport Pedagogy and Exercise Science majors
- Exercise Science majors will need department consent if KINS 290 not taken.
Observation and participation in selected adventure activities led by master teachers; lesson planning and peer teaching.
Attributes: Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 301 Planning, Implementation, and Assessment: Rhythms and Dance (2 crs)
Prerequisite: KINS 290. Limited to kinesiology teaching, sport pedagogy majors and movement studies majors.
- Movement studies majors will need department consent if KINS 290 not taken.
Students will explore a wide range of rhythm and dance activities for school-aged children, including: cultural, line, square and social genres.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 302 Planning, Implementation, and Assessment: Fitness Concepts (3 crs)
Prerequisite: KINS 290. Limited to KINS PE teaching, Sport Pedagogy and Exercise Science majors
- Exercise Science majors will need department consent if KINS 290 not taken.
Prospective teachers completing this course will acquire the dispositions, knowledge, and performance competencies related to appropriate health-related fitness of school-aged children in K-12 physical education.
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 303 Anatomical Kinesiology (3 crs)
Introduction to human anatomy and the basic structure of the body's major systems. An emphasis will be placed on the musculoskeletal system and an understanding of its relationship to human movement.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 1

KINS 304 Biomechanical Kinesiology (3 crs)
Prerequisite: KINS 294, PHYS 100 or PHYS 211, all with C or above. Minimum total GPA of 2.35.
The relationship of motion, kinematics, kinetics, and fluid mechanics to human movement.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 305 Planning, Implementation, and Assessment: Net Games (2 crs)
Prerequisite: KINS 290. Limited to KINS PE teaching, Sport Pedagogy and Exercise Science majors
- Exercise Science majors will need department consent if KINS 290 not taken.
Students will acquire the dispositions and knowledge to teach net activities within a secondary physical education setting.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 308 Exercise Physiology (3 crs)
Prerequisite: Grade of C or above in KINS 294. Minimum total GPA of 2.35.
The physiological basis of human movement and the functional changes in body systems as a result of exercise.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0
KINS 309 Introduction to Exercise Science (3 crs)
Prerequisite: Completion of or concurrent enrollment in KINS 304 and KINS 308.
Minimum resident and total GPA of 2.50. Minimum sophomore standing.
- 2.50 GPA required in major degree program.

Introduction to the foundational concepts associated with physical activity, fitness, and health that underlie the advanced study of exercise prescription and programming.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 310 Therapeutic Modalities in Athletic Training (3 crs)
Prerequisite: KINS 280 with a grade of B- or above; or consent of instructor.
Limited to athletic training majors. Minimum sophomore standing. Must be taken with KINS 315.
A theory course designed to develop an understanding and competency in the use of therapeutic modalities in the care of athletic injuries.

Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 311 Psychology of Sport and Physical Activity (3 crs)
Prerequisite: Minimum resident and total GPA of 2.50.
The course will examine psychological aspects which affect peak performance in sport, along with exploring the effect that sport and physical activity have on individuals.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 312 Sociology of Sport and Physical Activity (3 crs)
Prerequisite: Minimum resident and total GPA of 2.50.
Introduction to the social influences on sport and physical activity as well as the influence sport has on society.

Attributes: Cultural Diversity 1 cr., Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 315 Athletic Training Lab and Practicum I (1 cr)
Prerequisite: KINS 275, KINS 280, and KINS 375 with a grade of B- or above.
Limited to admitted athletic training majors.
A lab and practicum course designed to develop proficiency in the practical skills and techniques of lower body evaluation and protective support/bracing as well as inclusion of athletic training competencies assigned and supervised clinical experiences.

Attributes: Special Course Fee Required
Lecture/Discussion Hours: 0
Lab/Studio Hours: 2

KINS 316 Athletic Training Lab and Practicum II (1 cr)
Prerequisite: KINS 310, KINS 315, and KINS 376 with a grade of B- or above.
Limited to admitted athletic training majors. Must be taken with KINS 330.
A lab and practicum course designed to develop proficiency, practical skills and techniques of therapeutic modalities, upper-body evaluation, general medical conditions as well as inclusion of athletic training competencies assigned and supervised clinical experiences.

Lecture/Discussion Hours: 0
Lab/Studio Hours: 2

KINS 320 Foundations of Rehabilitation Science (3 crs)
Prerequisite: KINS 304 and KINS 308 or concurrent enrollment. Minimum resident and total GPA of 2.75. Limited to pre-Rehabilitation Science majors or consent of instructor.
Introduction to the historical, philosophical, and theoretical foundations of rehabilitation science. The course also provides information on current trends and issues in rehabilitation science research.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 327 Movement Education for Elementary Grades (2 crs)
Prerequisite: Limited to kinesiology teaching or sport pedagogy majors who have completed KINS 290; or elementary education majors who have completed ES 203 or SPED 210 or SPED 306.

- Elementary education majors will need department consent due to the KINS 290 prerequisite.

A theory and methods course in elementary physical education teaching and classroom physical activity. Prospective teachers completing this course will acquire the dispositions and knowledge to teach movement concepts to school-aged children.

Attributes: Wellness Theory
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 330 Therapeutic Exercise in Athletic Training (3 crs)
Prerequisite: KINS 310 with a grade of B- or above. Limited to admitted athletic training majors.
A theory course designed to develop an understanding of the use of therapeutic exercise and the development of rehabilitation programs for athletic injuries.

Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 335 Introduction to School Health Education and Current Health Issues (3 crs)
A theory-and-activity-based course in which students will discover the importance of health education in the schools and explore current health issues surrounding our nation’s youth.

Attributes: Wellness Theory, Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0
KINS 336 Strategies and Assessment in School Health Education (3 crs)
Prerequisite: KINS 335/KINS 535
This course will focus on using experiential learning techniques and developing
authentic assessments to be used in school health education classes. Student
completes approximately 10-15 hours of observation/teaching.
Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 337 Health Education Curriculum Design (3 crs)
Prerequisite: KINS 336/KINS 536
Students will design and evaluate the effectiveness of School Health Education
Curricula. Students will plan effective comprehensive health instruction with
special emphasis on making curricular connections to effectively integrate
health content into multiple disciplines. Student completes approximately
10-15 hours of observation/teaching.
Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 346 First Responder Apprenticeship (1-3 crs)
Prerequisite: KINS 204 or consent of instructor.
Consent: Instructor Consent Required
Experience for qualified students, selected and supervised by faculty members,
to facilitate teaching and learning in an athletic training setting. Students
enhance their knowledge and their ability to communicate that knowledge to
other students.
Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated for a maximum of 6 credits

KINS 347 Coaching Apprenticeship (1-3 crs)
Prerequisite: KINS 292 or consent of instructor.
Consent: Instructor Consent Required
Experience for qualified students, selected and supervised by faculty members,
to facilitate coaching and learning in a coaching setting. Students enhance
their knowledge and their ability to communicate that knowledge to other
students.
Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated for a maximum of 6 credits

KINS 348 Exercise Science Apprenticeship (1-3 crs)
Prerequisite: KINS 309 or consent of instructor.
Consent: Instructor Consent Required
Experience for qualified students, selected and supervised by faculty members,
to facilitate teaching and learning in an exercise science setting. Students
enhance their knowledge and their ability to communicate that knowledge to
other students.
Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated for a maximum of 6 credits

KINS 350 Apprentice in Teaching Physical Education (1-3 crs)
Prerequisite: KINS 290 or consent of instructor.
Consent: Instructor Consent Required
Experience for qualified students, selected and supervised by faculty members,
to facilitate teaching and learning in a specific course. Students enhance their
knowledge and their ability to communicate that knowledge to other students.
Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated for a maximum of 6 credits

KINS 351 Cancer Recovery and Fitness Lab (1 cr)
Prerequisite: KINS 355, 358. Minimum GPA of 2.50. Limited to Rehabilitation
Science and Exercise Science majors and Kinesiology minors; or consent of
instructor.
Consent: Instructor Consent Required
Lecture/Experience for qualified students, selected and supervised by faculty
members, to facilitate applied experiential learning in the field of exercise
and cancer recovery. Students enhance their knowledge and ability to
communicate that knowledge to others.
Repeat: Course may be repeated for a maximum of 2 credits
Discussion Hours: 0
Lab/Studio Hours: 2

KINS 352 Cancer Recovery and Fitness Seminar (1 cr)
Prerequisite: KINS 355 and 358 for Rehabilitation Science majors. Minimum 2.50
grade point average. Instructor consent required for other majors.
Consent: Instructor Consent Required
A seminar experience designed for students interested in the area of exercise
rehabilitation with cancer survivorship. Students will gain knowledge related
to cancer treatment and side-effects, the benefits and fundamentals of exercise
principles in cancer recovery, and will gain valuable information related to the
survivorship issues currently dealt with in the Cancer Recovery and Fitness
community outreach program.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1
Lab/Studio Hours: 0

KINS 354 Laboratory Procedures in Exercise Science (3 crs)
Prerequisite: KINS 357 Essentials of Strength and Conditioning (Grade of C or
above); GPA of 2.5 or above
A theory and laboratory course of the measurement and analysis of the
physiology tests for health, performance, and research commonly used in an
exercise physiology laboratory.
Attributes: Special Course Fee Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2
KINS 355 Exercise Physiology Laboratory Assessment (3 crs)
Prerequisite: KINS 304, KINS 308, and KINS 320. Limited to Rehabilitation Science majors.
A theory and lab course of the measurement and analysis of the physiology tests for health and performance commonly used in a human performance lab.
Attributes: Special Course Fee Required
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 357 Essentials of Strength and Conditioning (3 crs)
Prerequisite: KINS 304 and KINS 308. Minimum resident and total GPA of 2.50. KINS 309 also required for Exercise Science majors.
• Completion of KINS 117 is strongly recommended prior to enrollment in this course for students who do not possess a basic knowledge of strength training technique.
This course provides an introduction to strength and conditioning program design, implementation, and evaluation.
Attributes: Undergraduate/Graduate Offering, Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 358 Fitness Assessment and Exercise Prescription (4 crs)
Prerequisite: KINS 355 or concurrent enrollment. Limited to admitted rehabilitation science majors.
This course provides students with the theoretical knowledge and practical skills required of the entry-level exercise specialist.
Lecture/Discussion Hours: 5
Lab/Studio Hours: 2

KINS 375 Evaluation Techniques-Lower Body (3 crs)
Prerequisite: KINS 275 with a grade of B- or above or consent of instructor. Limited to athletic training majors.
A theory course that examines the athletic injury/illness evaluation techniques that are essential for the entry-level athletic trainer. Emphasis will be on the lower extremities, abdomen, and low back.
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 376 Evaluation Techniques-Upper Body (3 crs)
Prerequisite: KINS 375 with a grade of B- or above. Limited to admitted athletic training majors.
A theory course that examines the athletic injury/illness evaluation techniques that are essential for the entry-level athletic trainer. Emphasis will be on the chest, upper extremities, head, and neck.
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 391 Special Topics (1-3 crs)
Prerequisite: Limited to Exercise Science, Rehabilitation Science, Athletic Training and Kinesiology majors
Special topic in kinesiology.
Attributes: Undergraduate/Graduate Offering

KINS 415 Athletic Training Lab and Practicum III (1 cr)
Prerequisite: KINS 316 and KINS 330 with a grade of B- or above and KINS 357. Limited to admitted athletic training majors.
A lab and practicum course designed to develop proficiency in the practical skills and techniques of therapeutic exercise and academic competencies assigned to this course as well as provide supervised clinical experience in athletic training.
Attributes: Special Course Fee Required
Lecture/Discussion Hours: 0
Lab/Studio Hours: 2

KINS 416 Athletic Training Lab and Practicum IV (1 cr)
Prerequisite: KINS 415 and KINS 430 with a grade of B- or above. Limited to admitted athletic training majors.
A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide a supervised clinical experience in athletic training.
Attributes: Service-Learning, Full 30 Hours
Lecture/Discussion Hours: 0
Lab/Studio Hours: 2

KINS 417 Soft Tissue Manipulation in Clinical Practice (1 cr)
Prerequisite: BIOL 314 or equivalent; KINS 415 or concurrent enrollment; limited to admitted athletic training majors.
This course is designed to provide an understanding of soft tissue manipulation and how it is integrated into the full spectrum of patient management, via the use of manual and instrument assisted techniques.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 0
Lab/Studio Hours: 1

KINS 420 Medical Aspects of Athletic Training (3 crs)
Prerequisite: KINS 280 with a grade of B- or above. Limited to admitted athletic training majors.
A theory course that examines various medical specialties, surgical techniques, and clinical evaluations and treatments of athletic-related injuries and illnesses.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0
KINS 426 Motor Development Across the Lifespan (3 crs)
Prerequisite: Grade of C or above in KINS 294, KINS 304, and KINS 308. Limited to Exercise Science, Rehabilitation Sciences, and KINS majors and minors. Other majors/minors by consent of instructor. Minimum total GPA of 2.35.
- KINS 304 and KINS 308 are recommended prior to enrollment in this course.
A study of changes in motor behavior across the lifespan, the processes that underlie these changes, and factors that affect them.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 430 Administration and Organization in Athletic Training (3 crs)
Prerequisite: KINS 315 with a grade of B- or above. Limited to athletic training majors. Minimum junior standing.
A theory course that reviews the administrative and organizational concepts in the profession of athletic training.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 440 Rehabilitation Science Seminar (2 crs)
Prerequisite: Limited to Rehabilitation Science majors. KINS 474 must be taken concurrently.
The primary purpose of this course is to provide students with an opportunity to review the critical knowledge, skills, and abilities developed throughout the curriculum and to reflect on their undergraduate experience.
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

KINS 445 Basic Electrocardiography (3 crs)
Prerequisite: BIOL 151 or BIOL 214; KINS 308; or consent of instructor.
This course is designed to fill the needs of students who desire the ability to interpret the resting, normal, and abnormal ECG, as well as provide an overview of cardiac anatomy, function, and neurophysiology.
Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 450 Applied Nutrition in Kinesiology (3 crs)
Prerequisite: BIOL 151 or BIOL 214, or other equivalent course.
The purpose of this course is to gain insight into nutritional issues related to various populations. Students will assess dietary, physical, and performance standards related to these populations and develop alternative plans for healthy lifestyles.
Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 460 Psychosocial Aspects of Injury and Illness (3 crs)
Prerequisite: PSYC 100; BIOL 151 or BIOL 214. Minimum junior standing. This course is designed to explore the psychosocial aspects of injury and illness, the psychosocial impact that injury/illness can have on a patient/client, and to develop skills in assisting patients/clients to respond effectively to injury/illness.
Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 464 Clinical Exercise Physiology (3 crs)
Prerequisite: KINS 355, and KINS 358 or consent of instructor.
This course will provide students with an overview of pathophysiology of prevalent chronic diseases with primary emphasis on the physiological and technical basis of exercise prescription for the treatment and rehabilitation of chronic disease.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 466 Community Fitness Programming (3 crs)
Prerequisite: KINS 464 or concurrent enrollment.
Prescribing and leading exercise in the early morning fitness program which includes community members with a wide variety of physical capabilities.
Attributes: Service-Learning, Full 30 Hours, Special Course Fee Required
Grading Basis: S/U Only Grade Basis
Lecture/Discussion Hours: 0
Lab/Studio Hours: 6

KINS 474 Research Methods in Kinesiology (4 crs)
Prerequisite: MATH 246. Limited to Rehabilitation Science, Kinesiology and Athletic training majors. KINS 316 is also required for Athletic Training majors. Rehabilitation Science majors must take this course with KINS 440. Minimum total GPA of 2.75.
- Must be taken with KINS 440 for human performance students.
Attributes: LE-I1 Integration, LE-S3 Creativity
Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

KINS 476 Exercise Science Seminar (3 crs)
Prerequisite: KINS 357. Minimum 2.50 total GPA. Limited to Exercise Science majors
- Limited to Exercise Science majors in their final year before graduation.
This is the capstone experience for students in Exercise Science. Students will develop a portfolio, lead and participate in professional discussions and present a project.
Attributes: LE-S3 Creativity, Capstone Course
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0
KINS 484 Adapted Physical Activity (3 crs)
Prerequisite: KINS PE Teaching majors: KINS 290. Admitted Rehabilitation Science majors and concurrent enrollment in KINS 355 and KINS 358.
A theory and lab course examining exceptionalities as they apply to the physical education environment. Study includes legal implications, IEPs, individual differences, assessment principles, modification of tasks and learning environments, and field experiences (30 hours).
Attributes: Service-Learning, Full 30 Hours
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 487 Assessment in Adapted Physical Education (3 crs)
Prerequisite: KINS 484 and SPED 200.
A theory and lab course examining the appropriate assessment tools and procedures for special populations in physical education.
Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 491 Practicum in Rehabilitation Science (1-2 crs)
Prerequisite: Limited to Rehabilitation Science majors; KINS 320
A lab course applying knowledge and practical skills in a full-time rehabilitation work environment. Field experience a minimum of 100 hours is required.
Attributes: Special Course Fee Required
Repeat: Course may be repeated for a maximum of 2 credits
Grading Basis: A-F Grades Only
Lab/Studio Hours: 3
Practicum Hours: 4

KINS 492 Coaching Practicum and Seminar (4 crs)
Prerequisite: KINS 292. Minimum senior standing.
Consent: Department Consent Required
A capstone experience where the student develops a coaching portfolio. Seminar focuses on special topics in sport. Field experience of a minimum of 60 hours will apply teaching, administrative, and management skills in coaching.
Attributes: Undergraduate/Graduate Offering, Capstone Course, Special Course Fee Required
Seminar Hours: 2
Practicum Hours: 4

KINS 493 Practicum in Adapted Physical Education (3 crs)
Prerequisite: SPED 210 or SPED 306; KINS 484, KINS 487 or concurrent enrollment in KINS 487.
Consent: Department Consent Required
A lab course applying principles of programming and assessment in the special physical education environment. Field experience a minimum of 90 hours is required.
Attributes: Undergraduate/Graduate Offering, Special Course Fee Required
Lecture/Discussion Hours: 0
Lab/Studio Hours: 3

KINS 494 Practicum in Exercise Science (3 crs)
Prerequisite: Minimum resident and total GPA of 2.75.
Consent: Department Consent Required
A laboratory course applying administrative and leadership skills in a full-time exercise work environment. Field experience a minimum of 200 hours is required.
Attributes: Special Course Fee Required
Lecture/Discussion Hours: 0
Lab/Studio Hours: 3

KINS 495 Directed Studies in Physical Education (1-3 crs)
Consent: Department Consent Required
Group study, under the immediate direction of a physical education faculty member, of a defined problem not covered in existing courses.
Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated

KINS 496 Capstone-Teaching Physical Education (1 cr)
Prerequisite: Limited to admitted Physical Education Teacher Education majors.
Consent: Instructor Consent Required
Limited to Physical Education Teacher Education majors who are in their final year before graduation.
Students will integrate and apply their knowledge, skills, and dispositions to case studies and issues in physical education teaching.
Attributes: Capstone Course
Lecture/Discussion Hours: 1
Lab/Studio Hours: 0

KINS 498 Exercise Science Internship (6 crs)
Prerequisite: KINS 476 or concurrent enrollment. Minimum total GPA of 2.50.
Limited to Exercise Science majors
Consent: Instructor Consent Required
(1) Maintenance of current American Red Cross First Aid and CPR certification or equivalent and, (2) satisfactory completion of a background information disclosure check prior to the start of the internship is required.
Students are provided with an opportunity to integrate and apply the knowledge, skills, and abilities developed through their undergraduate education in a professional setting.
Attributes: LE-I1 Integration, Service-Learning, Full 30 Hours, Internship
Grading Basis: S/U Only Grade Basis

KINS 499 Independent Study (1-3 crs)
Prerequisite: Minimum resident and total GPA of 3.00. Minimum junior standing.
Consent: Department Consent Required
Individual research project under the direction of a faculty member.
Repeat: Course may be repeated
KINS 512 Psychology of Sport and Physical Activity (3 crs)
• Cross-listed with KINS 312. Credit may not be earned in both courses.

The course will examine psychological aspects which affect peak performance in sport, along with exploring the effect that sport and physical activity have on individuals.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 513 Sociology of Sport and Physical Activity (3 crs)
• Cross-listed with KINS 313. Credit may not be earned in both courses.

Introduction to the social influences on sport and physical activity as well as the influence sport has on society.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 535 Introduction to School Health Education and Current Health Issues (3 crs)
• Cross-listed with KINS 335. Credit may not be earned in both courses.

A theory- and activity-based course in which students will discover the importance of health education in the schools and explore current health issues surrounding our nation’s youth.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 536 Strategies and Assessment in School Health Education (3 crs)
Prerequisite: KINS 335/KINS 535
• Cross-listed with KINS 336. Credit may not be earned in both courses.

This course will focus on using experiential learning techniques and developing authentic assessments to be used in school health education classes. Student completes approximately 10-15 hours of observation/teaching.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 537 Health Education Curriculum Design (3 crs)
Prerequisite: KINS 336/KINS 536
• Cross-listed with KINS 337. Credit may not be earned in both courses.

Students will design and evaluate the effectiveness of School Health Education Curricula. Students will plan effective comprehensive health instruction with special emphasis on making curricular connections to effectively integrate health content into multiple disciplines. Student completes approximately 10-15 hours of observation/teaching.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 546 First Responder Apprenticeship (1-3 crs)
Prerequisite: KINS 204 or consent of instructor.
Consent: Instructor Consent Required
• Cross-listed with KINS 346.

Experience for qualified students, selected and supervised by faculty members, to facilitate teaching and learning in an athletic training setting. Students enhance their knowledge and their ability to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 6 credits
Grading Basis: No S/U Grade Option

KINS 547 Coaching Apprenticeship (1-3 crs)
Prerequisite: KINS 292 or consent of instructor.
Consent: Instructor Consent Required
• Cross-listed with KINS 347.

Experience for qualified students, selected and supervised by faculty members, to facilitate coaching and learning in a coaching setting. Students enhance their knowledge and their ability to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 6 credits
Grading Basis: No S/U Grade Option

KINS 548 Exercise Science Apprenticeship (1-3 crs)
Prerequisite: KINS 309 or consent of instructor.
Consent: Instructor Consent Required
• Cross-listed with KINS 348.

Experience for qualified students, selected and supervised by faculty members, to facilitate teaching and learning in an exercise science setting. Students enhance their knowledge and their ability to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 6 credits
Grading Basis: No S/U Grade Option

KINS 550 Apprentice in Teaching Physical Education (1-3 crs)
Prerequisite: KINS 290 or consent of instructor.
Consent: Instructor Consent Required
• Cross-listed with KINS 350.

Experience for qualified students, selected and supervised by faculty members, to facilitate teaching and learning in a specific course. Students enhance their knowledge and their ability to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 6 credits
Grading Basis: No S/U Grade Option
KINS 557 Essentials of Strength and Conditioning (3 crs)
Prerequisite: KINS 304 and KINS 308.
• Cross-listed with KINS 357. Credit may not be earned in both courses.
Completion of KINS 117 is strongly recommended prior to enrollment in this course for students who do not possess a basic knowledge of strength training technique.
This course provides an introduction to strength and conditioning program design, implementation, and evaluation.
Attributes: Special Course Fee Required
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 591 Special Topics (1-3 crs)
• Cross-listed with KINS 391.
Special topic in kinesiology.
Grading Basis: No S/U Grade Option

KINS 617 Soft Tissue Manipulation in a Clinical Practice (1 cr)
Prerequisite: BIOL 314 or equivalent; KINS 415 or concurrent enrollment; limited to admitted athletic training majors.
This course is designed to provide an understanding of soft tissue manipulation and how it is integrated into the full spectrum of patient management, via the use of manual and instrument assisted techniques.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 0
Lab/Studio Hours: 1

KINS 645 Basic Electrocardiography (3 crs)
Prerequisite: BIOL 151 or BIOL 214; KINS 308; or consent of instructor.
• Cross-listed with KINS 445. Credit may not be earned in both courses.
This course is designed to fill the needs of students who desire the ability to interpret the resting, normal, and abnormal ECG, as well as provide an overview of cardiac anatomy, function, and neurophysiology.
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 650 Applied Nutrition in Kinesiology (3 crs)
Prerequisite: BIOL 151 or BIOL 214, or other equivalent course.
• Cross-listed with KINS 450. Credit may not be earned in both courses.
The purpose of this course is to gain insight into nutritional issues related to various populations. Students will assess dietary, physical, and performance standards related to these populations and develop alternative plans for healthy lifestyles.
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 660 Psychosocial Aspects of Injury and Illness (3 crs)
Prerequisite: PSYC 100; BIOL 151 or BIOL 214.
• Cross-listed with KINS 460. Credit may not be earned in both courses.
This course is designed to explore the psychosocial aspects of injury and illness, the psychosocial impact that injury/illness can have on a patient/client, and to develop skills in assisting patients/clients to respond effectively to injury/illness.
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 687 Assessment in Adapted Physical Education (3 crs)
Prerequisite: KINS 484 and SPED 200.
• Cross-listed with KINS 487. Credit may not be earned in both courses.
A theory and lab course examining the appropriate assessment tools and procedures for special populations in physical education.
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 692 Coaching Practicum and Seminar (4 crs)
Prerequisite: KINS 292
Consent: Department Consent Required
• Cross-listed with KINS 492. Credit may not be earned in both courses.
A capstone experience where the student develops a coaching portfolio. Seminar focuses on special topics in sport. Field experience of a minimum of 60 hours will apply teaching, administrative, and management skills in coaching.
Attributes: Capstone Course, Special Course Fee Required
Grading Basis: No S/U Grade Option
Seminar Hours: 2
Practicum Hours: 4

KINS 693 Practicum in Adapted Physical Education (3 crs)
Prerequisite: SPED 210 or SPED 306; KINS 484, KINS 487/KINS 687 or concurrent enrollment in KINS 487/KINS 687.
Consent: Department Consent Required
• Cross-listed with KINS 493. Credit may not be earned in both courses.
A lab course applying principles of programming and assessment in the special physical education environment. Field experience a minimum of 90 hours is required.
Attributes: Special Course Fee Required
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 0
Lab/Studio Hours: 3
KINS 695 Directed Studies in Physical Education (1-3 crs)
Consent: Department Consent Required
- Cross-listed with KINS 495.

Group study, under the immediate direction of a physical education faculty member, of a defined problem not covered in existing courses.
Repeat: Course may be repeated
Grading Basis: No S/U Grade Option

KINS 700 Principles of Athletic Training (3 crs)
Prerequisite: Limited to students admitted to the M.S. in Athletic Training program.
Introduction to the foundational knowledge of the athletic training profession, concepts in the prevention of athletic injuries, and exposure to fundamental skills, knowledge, and techniques in athletic training based upon evidence-based criteria.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 701 Applied Anatomy (2 crs)
Prerequisite: Limited to students admitted to the M.S. in Athletic Training program
This course builds on a previous knowledge of human anatomy at a macroscopic level. It further examines the role of anatomy related to human movement, connective tissue behavior, and muscle activity. Additionally, students will have advanced understanding of anatomy structure and function to form the basis for its role in diagnosis and rehabilitation of injuries and illnesses.
Grading Basis: A-F Grades Only
Lecture/Discussion: 1
Lab/Studio: 2

KINS 710 Foundations of Clinical Practice (3 crs)
Prerequisite: Admission to M.S in Athletic Training
This foundational course emphasizes the basic principles and underlying theory related to physical assessment, rehabilitation, and the use of modalities needed to identify impairments and develop interventions for the physically active population.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 714 Pathophysiology & Emergency Medicine (3 crs)
Prerequisite: Admission to Masters in Athletic Training program; Completed KINS 700, 701, and 710; Overall GPA in MAT of 3.0 and above
A theory and lab course focused on providing the epidemiology, pathophysiology, and best-practice management for acute and emergency injuries/illnesses in the physically active patient. Successful completion of the course will result in certification as a first responder.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

KINS 720 Physical Assessment and Treatment of the Lower Extremity (5 crs)
Prerequisite: Admission to MAT, Completed KINS 700, 701, and 710; Overall GPA in MAT of 3.0 and above.
This course focuses on application of the theory and principles associated with prevention, examination, diagnosis, and treatment to patients with musculoskeletal, neurological, and/or other pathological conditions associated with the lower extremity.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 4

KINS 721 Physical Assessment and Treatment of the Head and Spine (4 crs)
Prerequisite: Admission to MAT, Completed KINS 720; Overall GPA in MAT of 3.0 and above
This course focuses on application of the theory and principles associated with prevention, examination, diagnosis, and treatment to patients with musculoskeletal, neurological, and/or other pathological conditions associated with the head and spine.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2

KINS 722 Physical Assessment and Treatment of the Upper Body (5 crs)
Prerequisite: Admission to MAT, Completed KINS 721; Overall GPA in MAT of 3.0 and above.
This course focuses on application of the theory and principles associated with prevention, examination, diagnosis, and treatment to patients with musculoskeletal, neurological, and/or other pathological conditions associated with the upper body.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 4

KINS 723 General Medicine & Diagnostic Modalities (4 crs)
Prerequisite: Admission to MAT, Completed KINS 722 and 781; Overall GPA in MAT of 3.0 and above.
A theory course that examines various medical specialties, surgical techniques, and clinical evaluations and diagnostics modalities used in assessing and treating medical conditions, illnesses and injuries related to the physically active populations.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 4
KINS 724 Manual Therapy Techniques (3 crs)
Prerequisite: Admission to MAT, Completed KINS 722 and 781; Overall GPA in MAT of 3.0 and above.
This course is designed to provide an understanding of soft tissue manipulation and how it is integrated into the full spectrum of patient management, via the use of manual and instrument assisted techniques.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1.5
Lab/Studio Hours: 3

KINS 730 Healthcare Management & Practice (3 crs)
Prerequisite: Admission to MAT, Completed KINS 789; Overall GPA in MAT of 3.0 and above.
This foundational course emphasizes the basic principles and underlying theory related to physical assessment, rehabilitation, and the use of modalities needed to identify impairments and develop interventions for the physically active population.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 731 Special Topics in Athletic Training (3 crs)
Prerequisite: Admission to MAT, Completion of KINS 792; Overall GPA in MAT of 3.0 and above.
This is a capstone educational experience focusing on current topics in the Athletic Training profession and career development issues. As part of this professional preparation, students will complete an oral presentation, defense, and manuscript submission of their KINS 791/792 research project.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 755 Performance Enhancement in the Physically Active (2 crs)
Prerequisite: Admittance to MAT, Overall GPA in MAT of 3.0 and above.
Foundational knowledge and content in performance enhancements of individuals in sports and physically active populations. Includes the applications of current methods and techniques used for the enhancement of individuals physical abilities in strength and conditioning principles.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1
Lab/Studio Hours: 2

KINS 762 Psychosocial Aspects in Healthcare (1 cr)
Prerequisite: Admission to MAT; Completed KINS 700, 701, and 710; Overall GPA in MAT of 3.0 and above.
This course is designed to understand the psychosocial aspects as it relates to the occurrence of injury and illness during the rehabilitation/recovery process and to identify appropriate referral/supportive resources.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1
Lab/Studio Hours: 0

KINS 763 Pharmacological Agents in Healthcare (1 cr)
Prerequisite: Admission to MAT, Completed KINS 714, 720, 721, 762 and 780; Overall GPA in MAT of 3.0 and above.
Introduces principles of drug therapy with an emphasis on the knowledge, skills and values required of the Athletic Trainer on pharmacological applications, including indications, contraindications, precautions, interactions, documentation and governing regulations relevant to the treatment of injury and illness in athletic training.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1
Lab/Studio Hours: 0

KINS 780 Clinical Practicum I (2 crs)
Prerequisite: Admission to MAT; Completed KINS 700, 701, and 710; Overall GPA in MAT of 3.0 and above.
A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide supervised clinical experience in athletic training.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 0
Lab/Studio Hours: 4

KINS 781 Clinical Practicum II (2 crs)
Prerequisite: Admission to MAT; Completed KINS 714, 720, 721, 762, 780; Overall GPA in MAT of 3.0 and above.
A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide supervised clinical experience in athletic training. Clinical skills and knowledge from previous semester courses (e.g., Physical Assessment & Treatment of the Lower Extremity/Head & Spine, Psychosocial Aspects, Emergency Medicine) will be assessed for mastery.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 0
Lab/Studio Hours: 4

KINS 782 Clinical Practicum III (2 crs)
Prerequisite: Admission to MAT; Completed KINS 722, 763, 781; Overall GPA in MAT of 3.0 and above.
A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide supervised clinical experience in athletic training. Clinical skills and knowledge from the previous semester courses (e.g., Pharmacology, Nutrition, Physical Assessment & Treatment of the Upper Body) will be assessed for mastery.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 0
Lab/Studio Hours: 4
KINS 783 Clinical Practicum IV (2 crs)
Prerequisite: Admission to MAT; Completed KINS 723, 724, 782; Overall GPA in MAT of 3.0 and above.
A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide supervised clinical experience in athletic training. Clinical skills and knowledge from the previous semester courses (e.g., General and Manual Medicine, Special Populations Rehabilitation) will be assessed for mastery.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 0
Lab/Studio Hours: 4

KINS 788 Clinical Immersion Experience I (4 crs)
Prerequisite: Admission to MAT; Completed KINS 781; Overall GPA in MAT of 3.0 and above.
Practicum Contact Hours: 8
This course emphasizes full-time, immersive clinical placements designed to reflect the daily clinical and administrative practices of an athletic trainer. Students will complete this experience in a minimum of four-weeks and must work a minimum of 105 hours (35 hours / week minimum) of the clinical experience.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 0

KINS 789 Clinical Immersion Experience II (4 crs)
Prerequisite: Admission to MAT; Completed KINS 782, 788; Overall GPA in MAT of 3.0 and above.
This course is the second part of the clinical immersive experience and emphasizes full-time, immersive clinical placements designed to reflect the daily clinical and administrative practices of an athletic trainer. Students will complete this experience over a four-week period and must work a minimum of 105 hours (35 hours / week minimum) of the clinical experience.
Grading Basis: A-F Grades Only
Lab/Studio Hours: 0
Practicum Hours: 8

KINS 791 Evidence Based Practice & Research I (3 crs)
Prerequisite: Admission to MAT, Overall GPA in MAT of 3.0 and above.
This course introduces students to current evidence-based research methods and the importance of conducting and interpreting athletic training research. Students will develop a research question and the initial chapters of a research project, resulting in a research proposal for a study.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

KINS 792 Evidence Based Practice & Research II (2 crs)
Prerequisite: Admission to MAT, Completion of KINS 791; Overall GPA in MAT of 3.0 and above.
This course is a continuation of Evidence-Based Practice and Research I. Students will complete their research projects and learn to apply findings to clinical practice and dissemination.
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

KINS 797 Independent Study (1-3 crs)
Consent: Department Consent Required
Individual project under the direction of a faculty member.
Repeat: Course may be repeated for a maximum of 9 credits
Grading Basis: No S/U Grade Option
