THE UNIVERSITY OF WISCONSIN-EAU CLAIRE

105 Garfield Avenue
Eau Claire, Wisconsin 54702-4004
UW-Eau Claire Web Homepage (http://www.uwec.edu)

Situated at the confluence of the Eau Claire and Chippewa rivers, the city of Eau Claire originated as a lumber town in the 1840s. Today, with a population of more than 68,000, Eau Claire is a commercial, medical, technological and educational center for the west central region of Wisconsin. Eau Claire is located 90 miles east of Minneapolis/St. Paul and 247 miles northwest of Milwaukee. The city and the surrounding countryside abound in rivers, lakes and wooded areas of great natural beauty, where seasonal sports, camping and other recreational activities may be enjoyed throughout the year.

University of Wisconsin-Eau Claire

The University of Wisconsin-Eau Claire was founded in 1916 as the Eau Claire State Normal School, occupying a single building on land donated to the state by the city of Eau Claire. The academic history of the institution is reflected in its subsequent changes of name and mission. As the Eau Claire State Teachers College (1927-51), it awarded baccalaureate degrees in education; as the Wisconsin State College at Eau Claire (1951-64), it added degree programs in liberal arts. The state colleges were granted university status in 1964, and the Wisconsin State University-Eau Claire was organized into the schools of Arts and Sciences, Education, and Graduate Studies. The School of Nursing was created in 1965 and the School of Business in 1966. The institution became the University of Wisconsin-Eau Claire in 1971 with the merger of the two state-supported university systems to form the University of Wisconsin System, which includes 13 universities, 13 freshman-sophomore colleges and UW-Extension. In 2004, an administrative restructuring created four colleges at the University of Wisconsin-Eau Claire: the College of Arts and Sciences, the College of Business, the College of Education and Human Sciences, and the College of Nursing and Health Sciences. Graduate programs are administered by each of the colleges.

The University of Wisconsin-Eau Claire today serves more than 10,500 students, offering a variety of undergraduate and graduate programs, and serving regionally as a center for continuing education. The main campus includes 30 major buildings located on a 333-acre, two-level campus, which embraces Putnam Park on the south bank of the Chippewa River and is connected by a footbridge to the Haas Fine Arts Center and the Human Sciences and Services building on the north bank. The University campus also includes The Priory, a faculty three miles south of the main campus, and Haymarket Landing, a student apartment complex in downtown Eau Claire.

UW-Eau Claire – Barron County

Effective July 1, 2018, the 13 two-year campuses formerly known as University of Wisconsin Colleges were integrated as branch campuses with seven of the University of Wisconsin System’s four-year comprehensive or research institutions. As part of this restructuring, the former UW-Barron County became a branch campus of UW-Eau Claire and is now known as UW-Eau Claire – Barron County.

Select Mission of the University of Wisconsin-Eau Claire

In addition to the University of Wisconsin System Mission and the Core Mission of the University Cluster Institutions, the University of Wisconsin-Eau Claire has the following select mission:

We foster in one another creativity, critical insight, empathy, and intellectual courage, the hallmarks of a transformative liberal education and the foundation for active citizenship and lifelong inquiry.

We fulfill our mission through a pervasive university commitment to provide:

- Rigorous, intentional and experiential undergraduate liberal education for life and livelihood;
- Strong, distinctive professional and graduate programs that build on and strengthen our proud tradition of liberal education;
- Multicultural and international learning experiences for a diverse world;
- Exemplary student-faculty research and scholarship that enhance teaching and learning;
- An inclusive campus community that challenges students to develop their intellectual, personal, cultural, and social competencies;
- Educational opportunities responsive to the needs of our communities, state, region, and beyond; and
- Academic leadership in transforming liberal education.

Organization of the University

The chancellor is the University’s chief administrative officer, responsible for all phases of University activity, and accountable to the Board of Regents and UW System president. In the discharge of these obligations, the chancellor is assisted by other administrators and advised by the faculty, staff, and students of the University.

Subject to the powers of the Board of Regents, the UW System president, and the chancellor:

- University faculty has primary responsibility for academic and educational activities and faculty personnel matters.
- University academic staff has primary responsibility for academic staff personnel matters.
- University students have primary responsibility for policies concerning student life, services, and extracurricular activities; and share responsibility with the chancellor and Board of Regents for the disposition of student fees constituting substantial support for student activities.

Administrative Organization and Personnel

CHANCELLOR       James C. Schmidt
PROVOST AND VICE CHANCELLOR FOR ACADEMIC AFFAIRS Patricia A. Kleine

Academic Affairs Budget Officer Stephanie Jamelske
Director of Academic Planning and Assessment Mary F. Hoffman
Director of Data Management, Analytics, and Reporting Vacant

Executive Director of the Office of Research and Sponsored Programs Catherine Chan
Oliver M. Ramsey Endowed Chair for Institute for Health Sciences Mel L. Kantor

Associate Vice Chancellor for Academic Affairs Michael J. Carney
Barron County Campus Academic Chair Troy Kozma
Director of Center for Excellence in Teaching and Learning Angie Stombaugh
Director of Human Development Center Michael Axelrod
Director of Learning and Technology Services Craig A. Mey
Director of Libraries Jill Markgraf

Associate Vice Chancellor for Academic Affairs and Dean of Graduate Studies Vacant
Coordinator of Intercultural Immersion
Director of Academic Skills Center
Director of Center for International Education
Director of Center for Writing Excellence
Director of First Year Experience
Director of University Honors Program
Dean of the College of Arts and Sciences
Associate Dean
Administrative Officer - Enrollment Management and Student Academic Issues
Dean of the College of Business
Associate Dean
Dean of the College of Education and Human Sciences
Associate Dean
Dean of the College of Nursing and Health Sciences
Associate Dean
VICE CHANCELLOR FOR ENROLLMENT MANAGEMENT
Interim Executive Director for Enrollment Management
Barron County Campus Director
Director of Admissions
Director of Enrollment Management/Financial Aid
Director/Continuing Education Director
Director of Enrollment Management/Registrar/Bursar
Director of Housing and Residence Life
Director of Intercollegiate Athletics
Director of Small Business Development Center
Director of University Recreation and Sport Operations
Executive Director of Advising, Retention and Career Center
Supervisor of Transit and Parking Services
Veterans and Military Services Manager
VICE CHANCELLOR FOR EQUITY, DIVERSITY, AND INCLUSION AND STUDENT AFFAIRS
Civil Rights Pilgrimage Program Coordinator
Director for Affirmative Action
Director of Blugold Beginnings
Director of Gender & Sexuality Resource Center
Director of McNair Program
Director of Office of Multicultural Affairs
Director of Services for Students with Disabilities
Director of Student Support Services
Director of Upward Bound
Executive Director of Student Affairs Diversity and Inclusion
Dean of Students and Student Senate Operations
Assistant Dean of Students
Coordinator for Center for Awareness of Sexual Assault (CASA)
Director of Counseling Services
Director of Student Health Services
National Student Exchange
VICE CHANCELLOR FOR FINANCE AND ADMINISTRATION
Chief of University Police
Controller
Director of Budget and Resource Planning
Director of Children’s Nature Academy
Director of Human Resources
Director of Loss Prevention and Safety
Director of University Centers
Internal Auditor
ASSISTANT CHANCELLOR FOR FACILITIES AND UNIVERSITY RELATIONS
Director of Facilities
Director of Integrated Marketing and Communications
Specialist for Government and Community Relations
SPECIAL ASSISTANT TO CHANCELLOR AND EXECUTIVE DIRECTOR OF MARKETING AND PLANNING
Director of Integrated Marketing and Communications
PRESIDENT OF UWEC FOUNDATION AND EXECUTIVE DIRECTOR OF UNIVERSITY ADVANCEMENT
Coordinator of Alumni Engagement
Director of Corporate Relations
Director of Finance
Director of Operations

Toll-free (888) 463-6893
Parking and Transportation Services: Parking and Transportation Services strives to find an equitable way to manage the parking spaces available to all members of the University community. Therefore, parking policies and regulations at UW-Eau Claire are aimed at easing the parking crunch on campus and in the neighborhoods adjacent to the campus. These policies and regulations are part of an overall parking plan, which incorporates a multifaceted approach to managing the parking spaces available on campus. It includes a differentiated pricing system for parking permits, penalties for violations, and a free citywide transit service. Detailed and current parking information can be obtained from Parking and Transportation Services located within Blugold Central, 715-836-3000, or parking@uwec.edu.
Visitor Parking: If you are coming to campus for an event, please check with your event organizer. If you are a visitor to campus or guest of a faculty/staff member, please reserve a Visitor Center parking spot by calling the visitor center at 715-836-2544.
Visiting the Campus: If you are a prospective student and/or family member wishing to schedule a campus visit, tours may be arranged through the Office of Admissions at 715-836-5415. Visitors may obtain a brochure describing the campus and its facilities from the Service Center, in the east lobby of Davies Center, or from the Visitor Center.

Academic Buildings
Schofield Hall (1916), Garfield Avenue. Named for Harvey Schofield, first president of the Eau Claire State Normal School.

L.E. Phillips Science Hall (1964; addition, 1969; a major renovation, 2002), lower campus, spanning Little Niagara Creek. Named for the Eau Claire industrialist whose major gift made possible the acquisition of special equipment.

Nursing (1969; addition, 1985), lower campus at edge of Putnam Park.

Haas Fine Arts Center (1970), Water Street, with footbridge spanning the Chippewa River to the main lower campus. Named for former chancellor Leonard Haas (1959-1980) and his wife, Dorellen.

Human Sciences and Services (1982), Water Street, north campus overlooking the Chippewa River.

Residence Halls
Aspenson Mogensen Hall (2017), just across from lower campus on Water Street, 200+ students. Named for Eau Claire business owners John Mogensen, his daughter Michelle Mogensen, and Lisa Aspenson in recognition of their gifts of more than $1 million to the UW-Eau Claire Foundation.

Governors Hall (1962), upper campus. 134 men and 208 women.

Haymarket Landing (2016), downtown Eau Claire. 417 students. Located next door to Pablo Center at the Confluence, a new campus-community arts center opened in fall 2018.

Emmet Horan Hall (1961), upper campus. 206 men. Named for the businessman who was the first Eau Claire appointee to the Board of Regents of State Normal Schools.

Karlgaard Towers Hall (1967; renovated 2017-18 and 2018-19), upper campus. 435 men and 897 women. Named for alumnus David Karlgaard, a 1967 mathematics graduate, and his wife, Marilyn, in recognition of their gifts of more than $6 million to the UW-Eau Claire Foundation.

Oak Ridge Hall (1969), upper campus. 64 men and 282 women.

Priory Hall (renovated 2014), three miles south of UW-Eau Claire’s main campus at The Priory. 48 single rooms for men or women. Located on 112 mostly wooded acres owned by a subsidiary of the UW-Eau Claire Foundation.

Laura E. Sutherland Hall (1965), upper campus. 144 men and 260 women. Named for a faculty member (History, 1921-1959; dean of women, 1939-1947).

Katharine Thomas Hall (1955), lower campus. 73 men and 71 women. Named for a member of the first faculty (Teacher Education, 1916-1946).

University Centers

W.R. Davies Student Center (2012), lower campus. Named for the second president (1941-1959) of the Eau Claire State Teachers College. The Davies Center is the hub of social and cultural interaction on the lower campus. Offering a number of meeting and program spaces, dining facilities, and service areas, Davies Center is the administrative core of the University Centers. It is also home to the Student Senate, the primary vehicle for student involvement in university governance; the University Bookstore; Blugold Dining/Catering Services; Marketplace, The Cabin and The Dulaney Inn dining facilities; US Bank; Blugold Card Services; the Gender and Sexuality Resource Center; Woodland Theater; Event Services; and Activities, Involvement and Leadership.

Crest Wellness Center (1965), upper campus. Home of Student Health Service, Crest Fitness Center, University Police, Eagle’s View Challenge Ropes Course.

Hilltop Recreation Center (1968), upper campus. Offering a number of recreation spaces; dining facilities including the main cafeteria and the Riverview Café; and program spaces and service areas. Hilltop Center is the home base for Recreation and Sport Operations. It is equipped with a billiards center, lounge space, bouldering wall, group fitness studios and the Environmental Adventure Center, which offers indoor archery as well as outdoor adventure equipment rental.

Schofield Auditorium (1916; renovated in 2009), Schofield Hall, lower campus. Renovated in 2009 through a collaborative effort of Student Senate, University Centers, the Chancellors Office and UW-Eau Claire Foundation. Managed by University Centers, Schofield Auditorium is the largest fixed-seat venue on campus. With its state-of-the-art lighting, sound, video and seating, the venue hosts hundreds of large events every year.

Zorn Arena (1951), lower campus on Garfield Avenue. Named in honor of Willis L. Zorn, former dean of men, director of athletics and head basketball coach. Bill Zorn began his distinguished 40-year career at Eau Claire in 1928. Elected to the NAIA Hall of Fame in 1958, Zorn promoted “athletics for all” through the Men’s Athletic Association. The former physical education teaching facility was completed in 1951 and first used in 1952. Originally known as the Fieldhouse, the building was renamed the University Arena in January 1969 and later renamed for Zorn after his death in 1987. Managed by University Centers, Zorn Arena is the largest multipurpose facility on campus. It is the home for men’s and women’s basketball games and also the site of commencement ceremonies in December and May. Many of the university’s Artists Series performers and Forum speakers make their presentations in Zorn Arena, which can seat up to 3,400 people.

Sites and Collections Supporting Instruction and Research

On Campus:

The John L. Buchholz Jazz Library is a rare and extensive collection of jazz charts and recordings donated in 2012 to the UW-Eau Claire Foundation in honor of John L. Buchholz, professor emeritus of English. The longtime jazz musician was among the founding members of the UW-Eau Claire Jazz Ensemble in 1962 and performed throughout the region. This one-of-a-kind collection of more than 1,000 charts and 900 recordings includes works by Count Basie, Sammy Nestico, Bill Holman, Tommy Dorsey, Benny Goodman and many more legends of jazz. It is located in Archives and Special Collections in Mcintyre Library.

In 2014, the UW-Eau Claire Foundation acquired the Frederick G. and Joan Christopherson Schmidt Robert Frost Collection, a rare assemblage of works by the 20th century American poet. The collection, which is housed in Special Collections and Archives in Mcintyre Library, contains approximately 44 books authored by Frost, including several that have been signed and inscribed by the poet; dozens of books about Frost; and manuscript materials containing Frost’s handwritten poetry, Christmas cards and pamphlets.

The James Newman Clark Bird Museum, circular in shape, surrounds the planetarium in Phillips Science Hall. The collection of approximately 530 specimens and four dioramas depicting native birds in their natural habitats is used by students in biology. The museum is open to the public from 8 a.m. to 4:30 p.m. Monday through Friday, and at other times by appointment.

For more information contact the department of biology at 715-836-4166 or biology@uwec.edu.

The E.E. Phillips Planetarium, located in the James Newman Clark Museum in Phillips Science Hall, contains a Spitz model A-3-P planetarium with a seating capacity of 50. The facility is used by classes in the department of physics and astronomy. A limited number of public events are also held at the planetarium.

The Priory, formerly known as St. Bede’s Monastery, was purchased in 2011 by Blugold Real Estate LLC, a subsidiary of the UW-Eau Claire Foundation, as an ideal facility for expanding UW-Eau Claire academic programming. Located three miles south of UW-Eau Claire’s main campus, the property includes 112 mostly wooded acres in the Town of Washington and three building complexes totaling approximately 80,000 square feet.

The Children’s Nature Academy is located at The Priory, with UW-Eau Claire students who are parents as the primary users of its child care services, including the infant and toddler care program. In addition to students who use the academy’s child care services, hundreds of students either work, volunteer or engage in observation activities at the academy annually.

The Priory also is the site of Priory Hall, offering renovated and modernized housing for 48 students in single-occupancy rooms.

Putnam Park, a 230-acre nature preserve in the midst of the campus and the only urban state natural area in Wisconsin, provides an area for the study of flora and fauna within easy walking distance of classrooms, as well as a place for relaxation and hiking. The park is traversed by Putnam Drive and by a nature trail, for which printed guides are available at the Service Center in Davies Center. For more information contact the department of biology at 715-836-4166 or biology@uwec.edu.

The S.W. Casey Observatory, located atop Phillips Science Hall, contains a computer-controlled, seven-inch Maksutov-Cassegrain telescope with a charge-coupled-device (CCD) camera. The observatory is adjacent to an observing deck with 11 stations for student use in astronomy laboratory classes. These stations use eight-inch telescopes.

Off Campus — Wisconsin:

The Hobbs Observatory, located 15 miles east of the campus at the Beaver Creek Reserve, contains a 24-inch computer-controlled telescope, a 14-inch Schmidt-Cassegrain telescope, a CCD camera and a classroom. This observatory is open to the public on Saturday nights, when clear, from May through October.

The James and Joan Leary Family Environmental Education Center consists of 168 acres located in a popular four-season recreational area at the confluence of the Flambeau and Chippewa rivers. The land is surrounded
by Chippewa County forest land. The Leary Family Environmental Education Center will become an integral part of the university’s Watershed Institute for Collaborative Environmental Studies. Information about the Leary Environmental Education Center is available from Dr. Karen Mumford, director of the Watershed Institute, at mumforkg@uwec.edu.

**Nature Conservancy Tracts**, owned by the UW-Eau Claire Foundation, include 320 acres of forest and marshland that are available for scientific investigations and class use. One of these, the Schmidt Tract, is approximately 30 miles east of Eau Claire in Clark County, and two are in Washburn County near Sarona and Spooner. More specific information concerning location and use of this land can be obtained from Dr. Paula Kleintjes Neff, department of biology, at kleintpk@uwec.edu.

**Off-Campus — Mississippi:**

The **Gulf Coast Research Laboratory (GCRL)**, Ocean Springs, Mississippi, is an out-of-state institution affiliated with the University of Wisconsin-Eau Claire. The GCRL offers two summer terms and provides students instruction in a marine environment. For more specific information contact Dr. David Lonzarich, department of biology, at lonzard@uwec.edu.

**Accreditation and Memberships**

The University of Wisconsin-Eau Claire is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. Address:

230 South LaSalle Street  
Suite 7-500  
Chicago, Illinois 60604  
Telephone: (800) 621-7440

Specific programs or individual units of the University are accredited or approved by the following agencies, as explained in appropriate sections of the catalog:

- AACSB International—the Association to Advance Collegiate Schools of Business
- Accrediting Council on Education in Journalism and Mass Communication
- American Chemical Society
- American-Speech-Language-Hearing Association
- Commission on Accreditation of Athletic Training Education
- Commission on Collegiate Nursing Education
Council on Social Work Education
National Association of Boards of Examiners of Long Term Care Administrators
National Association of School Psychologists
National Association of Schools of Music
National Environmental Health Science and Protection Accreditation Council
Wisconsin Department of Health and Social Services
Wisconsin Department of Public Instruction
Wisconsin State Board of Nursing

The University is a member of the American Association of Colleges of Nursing, the American Association of Colleges for Teacher Education, the American Association of State Colleges and Universities, the American Association of University Women, the American Council on Education, the Association of American Colleges and Universities, the Council of Graduate Schools, the Council for Opportunities in Education, the Council on Undergraduate Research, the Wisconsin Campus Compact, and the Wisconsin Institute for Peace and Conflict Studies.

Continuing Education and Extension
The “Wisconsin Idea”

The “Wisconsin Idea,” a concept named after the state that pioneered its development, holds that the function of a university is not only to educate full-time students on its home campus, but also to extend educational opportunities and services to all citizens of the state. The Wisconsin Idea is incorporated into the general mission of the University of Wisconsin System and into the particular missions of the various institutions.

The University of Wisconsin-Eau Claire has long supported the Wisconsin Idea and the related idea of education as a process continuing throughout the lifetime of an individual. The University welcomes contemporary learners who wish to attend credit and non-credit courses for personal or professional reasons.

Further information may be obtained from the Office of Continuing Education (http://www.uwec.edu/CE/).

University of Wisconsin-Extension

To increase the availability of educational opportunities both on and off campus, the University of Wisconsin-Eau Claire and University of Wisconsin-Extension cooperate in providing noncredit continuing education programs and credit courses designed for contemporary learners. Information about current offerings may be obtained from the Office of Continuing Education (http://www.uwec.edu/ce/) at 715-836-3636, or toll-free (866) 893-2423.

Continuing Education – Connecting Campus and Community

Continuing Education addresses the needs of contemporary learners through credit and noncredit courses designed for students of all ages.

Noncredit courses and other services include:

- professional development programs for educators, health care, human services and business professionals.
- counseling, information, and entrepreneurial training through the Small Business Development Center.
- youth development programs that introduce, enrich, enhance, and develop skills and knowledge in a variety of areas.
- partnerships with school districts and CESAs that provide educational opportunities for area educators and youth.
- personal enrichment for the community.
ABOUT THE CATALOG

A Bulletin of the University of Wisconsin-Eau Claire
Volume 104

The Undergraduate Catalog is available on the UW-Eau Claire website (http://www.uwec.edu/) and is supplemented by the following official publications of the University.

The class schedule (https://www.uwec.edu/blugold-central/academic-planning/register-classes/class-schedules/), course catalog, and information about fees, is available prior to each term on the Registrar’s website and CampS.

The Your Right to Know publication, from the Student Affairs and Dean of Students Office contains additional information about campus life, activities, services, policies and regulations, safety, student rights, and the various offices through which they are administered.

The Graduate Catalog (http://catalog.uwec.edu/graduate/) contains information about graduate programs including admission and degree requirements.

The provisions of this catalog do not constitute a contract between a student at UW-Eau Claire and the University. The sole purpose of the catalog is to provide regulations, course listings, degree programs, and fee schedules which are in effect at the time of publication. UW-Eau Claire reserves the right to change the regulations in this catalog at any time during the period for which it is in effect and to add, modify, or withdraw courses at any time. UW-Eau Claire, with the concurrence of the System Administration and the Board of Regents of the University of Wisconsin System, also reserves the right to change fees and to add, modify, or withdraw degree programs at any time. Effective dates of changes will be determined by the proper University authorities and published through Class Schedules or other official publications of the University.

The University further reserves the right to ask the student to withdraw for cause at any time.

The University of Wisconsin-Eau Claire is committed to a policy of providing equal educational and employment opportunity for all persons in accordance with Board of Regents Policy and applicable law. Discrimination or harassment based on any protected category that has the purpose and effect of adversely affecting any aspect or condition of a person’s education, employment, housing, or participation in a university activity or program is prohibited.

As a part of its continuing commitment to eliminate discrimination and harassment, the university has established procedures for providing prompt and fair resolution of complaints. All complaints, questions, or requests for information should be referred to the Affirmative Action Office (http://www.uwec.edu/affirm/), Schofield 217, 715-836-2387, affirm01@uwec.edu.

The University of Wisconsin-Eau Claire makes available to the public, upon request, all consumer information required by Office of Education Rules and Regulations 178.1 through 178.8. Consumer information about the University includes, but is not necessarily limited to, the following: academic programs, educational costs, financial aid, academic progress requirements, student retention rates, career development, and employment data. Inquiries regarding this information may be made to the Student Affairs and Dean of Students Office, Schofield 240.
# CALENDAR FOR 2020-2021

## Fall Semester 2020
### August
- **24 Monday**: First Day of Faculty Contractual Period/
  Campus-Wide Furlough- University Closed
- **27 Thursday**: Advising and Registration
- **28 Friday**: Advising and Registration
- **31 Monday**: Advising and Registration
### September
- **2 Wednesday**: Classes Begin
- **7 Monday**: Labor Day Holiday-University Closed
### November
- **25 Wednesday**: Fall Recess Begins at 5pm
- **26 Thursday**: Thanksgiving Day Holiday-University Closed
- **27 Friday**: No Classes/Campus-Wide Furlough-University Closed
- **30 Monday**: Classes Resume
### December
- **11 Friday**: Last Day of Classes
- **14 Monday through 18 Friday**: Final Examinations Week
### Winterim 2021
- **January 1 Friday**: Holiday- University Closed
- **4 Monday**: Classes Begin
- **18 Monday**: Martin Luther King Jr. Holiday-University Closed
- **27 Wednesday**: Last Day of Classes

## Three-Week Summer Session 2021
### May
- **24 Monday**: Classes Begin
- **31 Monday**: Memorial Day Holiday-University Closed
### June
- **11 Friday**: Last Day of Classes

## Eight-Week Summer Session 2021
### June
- **14 Monday**: Classes Begin
### July
- **4 Sunday**: Independence Day Holiday-University Closed
- **5 Monday**: Classes Resume
### August
- **6 Friday**: Last Day of Classes

## Spring Semester 2021
### January
- **28 Thursday**: Advising and Registration
- **29 Friday**: Advising and Registration
### February
- **1 Monday**: Classes Begin
### March
- **22 Monday through 26 Friday**: Spring Break
- **29 Monday**: Classes Resume
### May
- **14 Friday**: Last Day of Classes
- **17 Monday through 21 Friday**: Final Examinations Week
- **20 Thursday**: UW-Eau Claire- Barron County Commencement
- **22 Saturday**: UW-Eau Claire Commencement

Additional calendar (https://www.uwec.edu/blugold-central/academic-planning/academic-registration-calendars/) information with dates and deadlines can be found on the Registrar’s website.
Students, alumni, and employers may be asked to participate in a wide range of assessment activities designed to provide useful information about the effectiveness of academic and co-curricular programs. From time to time during their courses of study, students may be asked to demonstrate the breadth and depth of their knowledge, skills, beliefs and attitudes in the areas related to the outcomes of their degree programs. All of our assessment efforts combine to improve student learning and program quality and form the basis of our culture of continuous improvement in support of UW-Eau Claire’s commitment to excellence.

The School Year
Each regular academic semester (Fall and Spring) consists of approximately 15 weeks, including days reserved for registration and final examinations.

The Summer Session is offered in two periods. Students may enroll for courses during a three-week period in late May and early June, during which three credits may be taken. Offerings include regular courses adapted to an intensive presentation as well as specially designed courses and study trips. An eight-week period is scheduled in June, July, and August. Although many courses run for the full eight weeks, others are scheduled in shorter blocks of time (two, four, or six weeks) for the convenience of summer students. Offerings include regular courses and special workshops or institutes at undergraduate and graduate levels.

The Winterim Session is offered during a four-week period between the fall and spring semesters. Offerings primarily include regular courses and may include travel seminars and field experiences.

With the exception of certain professional programs, curricula for baccalaureate degrees are designed to be completed by full-time students in eight regular semesters. Many students attend summer sessions in order to graduate earlier or take advantage of special offerings. Others, especially teachers in the area, find in the Summer Session an opportunity to strengthen professional competencies and to work toward graduate degrees.

The Calendar (http://www.uwec.edu/Registrar/calendar/) in this catalog is supplemented by more detailed calendars, including official academic deadlines, registration dates, etc., which are available on the Registrar’s webpage.

Admission
All persons who wish to pursue a degree program at the University must file the following documentation with the Admissions Office, Schofield 111: an application for admission and any specific application fee, a high school transcript, test scores (when applicable), and official transcript(s) of all previous post-secondary work attempted or completed. Priority dates for applications are established each year. Contact the Admissions Office for information at admissions@uwec.edu or 715-836-5415.

Preparation for University Study
A successful University experience depends upon the student’s prior educational coursework in high school and post-secondary school, as well as other professional and personal experiences. Previous coursework and experiences should include a breadth of subject areas including English, both composition and literature; mathematics, natural science, history, and other social studies areas.

Admission of Freshmen
Freshman admission is competitive and selective. Academic preparation and success are the primary considerations for admission, although non-
academic factors are also considered. Each application for admission is given a comprehensive review. Freshman applicants are considered using the following guidelines:

1. Applicants must present evidence of graduation from a recognized high school or equivalent certificate.
   a. A recognized high school is one which either
      i. is operated by public school districts, or
      ii. is a private school accredited by an association that is certified by the U.S. Department of Education to accredit private schools, and whose names appear in the Federal Register as an approved accreditation association, or
      iii. is a private school not accredited under (2) but may be “recognized” by an institution in the System based on the performance of previously admitted graduates from the high school.
   b. An applicant who has not graduated from a recognized high school must provide evidence of ability to begin college work. Such evidence may include General Education Development (GED) test scores or High School Equivalency Diploma (HSED) test scores, transcripts of course work completed in high school, high school rank-in-class before leaving high school, written recommendations, ACT/SAT test scores, and other evidence deemed appropriate by the University.

2. Applicants should complete a rigorous college preparatory curriculum. Applicants who take courses beyond the minimum will be considered strong candidates for admission. Applicants must complete a minimum of 17 units (one unit equals one year of high school study or equivalent) distributed as follows:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>

</table>

   Total Credits 17

1. In almost all high school curricula, algebra II or higher/advanced algebra is the third college preparatory mathematics course required.
2. Students who begin taking high school course work prior to high school (e.g., mathematics, foreign language in grade 8) are encouraged to continue rigorous course selection from core areas during grades 9-12.
   Some prior coursework may not satisfy the University admission requirements. For information on applicability of courses to admission requirements, contact the Admissions Office.

3. In addition to a rigorous high school curriculum, academic factors include high school class rank, high school GPA, trends in grades, course rigor, and test scores. Secondary non-academic factors may include, but are not necessarily limited to, leadership; community service; achievement in the arts, athletics, or other areas; and diversity in personal background and experience.

4. Test scores from The American College Testing Program (ACT) or Scholastic Aptitude Test (SAT) must be on file for all new freshmen under the age of 22. ACT is the preferred test. Students will not be disadvantaged in the admission process by taking one test rather than the other. That, upon the Board of Regents Resolution 1430 adopted May 7, 2020, temporarily suspending the requirement for test scores, UW-Eau Claire temporarily suspends the requirement in the admissions policy that all freshman applicants provide an ACT or SAT score as part of their application. The suspension of this requirement applies to all freshman applications for the 2020-2021 academic year and the 2021-2022 academic year.

5. Particular consideration in admission will be given to applicants who have been out of school for two or more years; service veterans, as defined by state and federal policies; and students who have been challenged by a lack of educational opportunities.

6. Requirements for out-of-state students will be the same as those of resident students, except that special requirements may be adopted for international applicants. If the number of qualified out-of-state students exceeds the ability of UW-Eau Claire to accommodate them, the University shall determine the criteria for selection from among qualified applicants.

7. Final admission requires that students maintain their high school academic standing and successfully complete course work in progress as outlined on the application. The final (eighth semester) official transcript provided by the high school provides the required certification that the applicant has fulfilled this obligation. It is the student’s responsibility to ensure that the proper supporting documents have been delivered to the Admissions Office.

### Competency-Based Admissions

High school students from schools that use a competency-based evaluation system may be considered for admission. High schools that use an alternative system such as this must complete the UW System Competency-Based Admission Profile. Contact the Admissions Office for additional information on the process and procedure.

### Admission of Home-Schooled Students

Home-schooled students seeking admission as freshmen must have excelled academically in high school course work. They must have completed the minimum array of 17 units of rigorous college preparatory course work. Academic preparation and success are the primary considerations for admission, although non-academic factors are also considered. Each application for admission is given a comprehensive review.

### Transfer Applicants

Transfer applicants will be considered for admission if their previous academic record qualifies them as students in acceptable standing when equated to the UW-Eau Claire standards in the Academic Standing and Progress policy. Transfer students are encouraged to apply for admission as early as possible prior to the semester in which they plan to enroll. Priority application dates, after which admission of qualified student cannot be guaranteed, may be established each year. Information about specific dates can be found on the UW-Eau Claire transfer admission website.

In addition to a rigorous college-level course curriculum, academic factors considered include cumulative GPA and trend in grades. Students with fewer than two semesters of college-level coursework (24 or more transferable credits) will be considered for admission based on both their college and high school records. Academic preparation and success are the primary considerations for admission, although non-academic factors are also considered. Higher academic expectations or earlier priority dates may be determined for specific majors to keep enrollments in line with program capacities.

Final deadlines to accept applications and supporting documents will be determined by the Admissions Office each semester and published on the UW-Eau Claire transfer admission website. It is the student’s responsibility to ensure
that the proper supporting documents have been delivered to the Admissions Office.

Students who have registered at other colleges and universities may not disregard their records at those institutions. Failure to list previous college attendance on the application for admission is sufficient cause for cancellation of the student’s admission, of any credits earned, or both. Transfer students who do not meet institutional admission criteria and are denied admission may appeal in writing to the Office of Admissions.

**Transfer of Credits**

Credits earned at an institution accredited by a regional or national accrediting organization recognized by the Council for Higher Education Accreditation (CHEA) may be considered for transfer and applied toward a degree if they are similar in content and rigor to the curriculum at UW-Eau Claire. The Admissions Office will prepare a transfer credit evaluation for admitted students. Appeal of the evaluation may be made to the Office of Admissions, the Chair of the academic department, the Dean of that College, and if necessary, to the Provost/Vice Chancellor. Students seeking a second baccalaureate degree or additional certifications are not given a transfer credit evaluation for their first degree; they receive specific advising from their academic department.

Associate of Arts and Sciences degrees from the University of Wisconsin System institutions (including the University of Wisconsin Colleges that meet the 1987 Board of Regents approved minimum requirements) satisfy the breadth of the UW-Eau Claire Liberal Education Core. Liberal Arts Associate of Arts and Science degrees from the Wisconsin Technical College System (earned in 2004 or thereafter) and Associate in Arts degrees from the Minnesota Colleges and Universities system (earned in 1994 or thereafter) satisfy the breadth of the UW-Eau Claire Liberal Education Core except for the Design for Diversity (DDIV) requirement within R1. Competency requirements, levels of proficiency, and specific courses are still required. Because individual baccalaureate degree programs stipulate specific courses, students should be attentive to the requirements of an intended major in planning their course selection prior to transferring. In certain fields, credits that were earned more than ten years prior to admission or readmission may be invalid as degree credits.

Students who transfer from the Wisconsin Technical College System or other accredited two-year institutions may transfer a maximum of 72 credits from those institutions.

Credit may be granted for post-secondary coursework at a foreign institution if the institution is recognized as a degree-granting institution by the country’s Ministry of Education. Professional organizations such as the American Association of Collegiate Registrars and Admissions Officers (AACRAO) and NAIFA: Association of International Educators are utilized for information about best practices regarding evaluation of foreign credits and credentials.

**Transfer of WTCS Applied Associate Degree Credits**

UW-Eau Claire may transfer and apply coursework in general studies from the Wisconsin Technical College System within areas of communications, behavioral sciences, social sciences, mathematics, and natural sciences from programs leading to an applied associate degree. Credits that are occupational and technical in nature may be considered for transfer on a case-by-case basis. To be considered for transfer, credit must have been earned after September 1989.

**Reentry**

All students who have been away from the University for two consecutive full-term semesters or more must file a reentry application. Students seeking reentry are encouraged to submit an application as early as possible prior to the semester in which they wish to return. Reentry after the term starts is not guaranteed. Students returning after an absence of two or more consecutive full-term semesters must meet the degree requirements of the catalog in effect upon their return, or a subsequent catalog.

**Admission as a Special Student**

Persons who have graduated from a recognized high school, or have the educational equivalent, but who are not interested in seeking a degree, may attend the University as special students. Students interested in taking classes as a special student should apply online at apply.wisconsin.edu (http://apply.wisconsin.edu). Questions can be directed to Blugold Central.

Special students may enroll for a maximum of twelve credits per semester, and must meet the academic standards of the University (see Academic Standing and Progress (p. 42)). Special students are not eligible for financial aid, but may be eligible for veterans benefits. If you would like to audit courses, please see Auditing Courses (p. 40).

**Admission as a High School Special Student**

If students are looking to enroll in college courses while still in high school, there are options available:

- **Early College Credit**: If approved by the school district, a reduced tuition cost with 75% or more of the cost covered by the school district and state. Student assumes 100% of the cost if the student fails the course(s).
- **High School Special Program**: The student/family is responsible for the cost of the courses.

**Admissions criteria:**

Typically must be a high school junior or senior in the top 25% of the class OR in the top 50% of their class with an ACT composite of 24 or greater (SAT total of 1160 or greater). If the high school student doesn’t meet the above criteria, he/she will need to provide substantial and convincing letters of recommendation and/or data demonstrating high ability in a specific area of University study. For more information, contact the UW-Eau Claire Admission Office (https://www.uwec.edu/admissions/contact-us/).

Once admitted, High School Special students will be contacted by Advising, Retention and Career Center to set up a meeting with an advisor. Placement tests may be required before meeting with an advisor. High School Special students are limited to twelve credits per semester and must meet the academic standards of the University (see Academic Standing and Progress (p. 42)). High School Special students register during special student registration on a space available basis.

**Admission to University of Wisconsin- Eau Claire - Barron County**

As a campus of access, students may be admitted to UW-Eau Claire - Barron County as a first-year, transfer, re-entry, or international student based on the published criteria. However, exceptions can be made to these requirements.

**Admission of Veterans**

A veteran who is not a high school graduate may be admitted on the basis of academic standards of the University (see Academic Standing and Progress). Veterans and eligible dependents may obtain these benefits while pursuing a course of study at UW-Eau Claire. Students enrolled as undergraduates, under these programs must typically carry 12
hours of credit during each semester of the academic year to be considered full-time for Federal VA education benefits allotments. Graduate students must typically carry 9 credits to be considered full-time for VA education benefits. Summer Session allotments are determined by class contact hours and total credits. Part-time and full-time study grants are available to eligible Wisconsin veterans.

Credit may be awarded for educational preparation acquired while in service. Veterans will be asked to submit official transcripts of their records (This is done by submitting an official copy of the Joint Service Transcript or official transcript from the Community College of the Air Force to the Admissions office for review). In granting credit, the University considers recommendation of the American Council on Education. No credit will be granted if such credit would constitute repetition of credit already earned.

Admission for Residents of U.S. Territories
Residents from Territories of the United States are admitted on the same basis as United States Citizens.

Admission of Permanent Residents
Permanent residents are admitted on the same basis as United States Citizens. Students are required to provide copies of both sides of their permanent resident cards.

Admission for International Students
UW-Eau Claire welcomes applications from students from other countries. International students must complete an application for admission, pay the application fee, provide evidence of English proficiency, confirm financial sponsorship, and submit academic records and examination results. Further information about the application process and required documents is available on the UW-Eau Claire international admissions website.

Final deadlines to accept applications and supporting documents will be determined by the Admissions Office each semester and published on the UW-Eau Claire admissions website.

Pay for College

Tuition and Fees
A fee schedule is established each year. The fees and procedures described in this section are estimates. Prospective students should refer to the Class Schedule, which will contain links to up-to-date information about fees. Fee information can be found on the Tuition and Fee website (https://www.uwec.edu/tuition-financial-aid/tuition-fees/).

The payment of fees entitles a student to a student identification (ID) card. This card entitles the student to attend most University activities and to make use of University facilities (see Your Right to Know handbook (https://www.uwec.edu/kb/article/your-right-to-know-your-right-to-know/) and Blugold Card Services (p. 32) section). Undergraduate students receive most of their required textbooks on a rental basis (see Textbook Rentals (p. 33)).

Tuition and Residency
A Wisconsin Statute requires the payment of nonresident tuition by students who are residents of states other than Wisconsin or who have not been bona fide residents of Wisconsin for one year (12 months) immediately preceding the beginning of the semester for which they are registering.

For undergraduate and graduate students, determination of resident status for tuition purposes is made by the Office of Admissions at the time of admission.

If the original residence status for tuition purposes is designated as nonresident, this status remains in effect unless the student requests and is granted reclassification. Such requests should be addressed to the Office of Admissions prior to the beginning of the semester in which reclassification is to take effect.

Minnesota-Wisconsin Tuition Reciprocity
The current reciprocity agreement between Minnesota and Wisconsin enables Minnesota residents to attend Wisconsin public institutions of higher education at rates approximating tuition prevailing in the Minnesota State University System. Those wishing to take advantage of this tuition remission must apply well in advance of their initial enrollment at a Wisconsin State University system. Approval covers the full year (including summer session) and is automatically renewed each year for the campus initially approved. Information is available from the State of Minnesota Office of Higher Education Reciprocity Program, 1450 Energy Park Drive, Suite 350, St. Paul, MN 55108-5227. Phone: (651) 642-0567 or toll-free (800) 657-3866. Assistance in obtaining application forms is available at Minnesota high schools. Students may print an application or apply for reciprocity online (https://www.ohe.state.mn.us/ssl/reciprocity2020/).

Miscellaneous Fees
Fees for certain special courses are listed in CampS and can be found by using the class search feature located under self service. A $50 fee must accompany each application for admission to a graduate program. A $56 fee must accompany each application for admission to a graduate program.

Fee Schedule
Important Note: Fee schedules were not determined at the time this catalog was printed. The amounts given here are estimates for full-time students, that is, undergraduates taking 12 to 18 credits or graduates taking nine credits. All estimates are for one semester. These amounts include segregated fees.

UW-Eau Claire:

<table>
<thead>
<tr>
<th></th>
<th>Resident</th>
<th>Non-Resident</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate</td>
<td>$4435</td>
<td>$8575</td>
</tr>
<tr>
<td>Graduate</td>
<td>$4700</td>
<td>$9715</td>
</tr>
<tr>
<td>Room and Board</td>
<td>$4237</td>
<td>$4237</td>
</tr>
</tbody>
</table>

Undergraduates taking more than 18 credits are assessed an additional per credit fee. Please refer to the Blugold Central (https://www.uwec.edu/blugold-central/) website for up-to-date fee information.

UW-Eau Claire Barron County:

<table>
<thead>
<tr>
<th></th>
<th>Resident</th>
<th>Non-Resident</th>

</thead>
<tbody>
<tr>
<td>Associate Degree</td>
<td>$2682</td>
<td>$6467</td>
</tr>
<tr>
<td>Bachelor of Applied Arts and Sciences (BAAS): Per Credit</td>
<td>$289</td>
<td>$604</td>
</tr>
</tbody>
</table>

Excess Credits Surcharge
In accordance with Board of Regents policy, all resident undergraduate students who accumulate 165 credits (or 30 credits more than required by their degree programs, whichever is greater) will be charged a surcharge, equal to 100 percent of the regular resident tuition on credits beyond that level (total tuition will equal twice regular resident tuition). For information about credits
required in a specific degree program or information concerning appealing the surcharge, contact the Registrar.

Partial Payment Plan
A down payment is required to enter the Partial Payment Plan and must be received by Blugold Central no later than the date published in the current Class Schedule for each term. In addition, all students must sign and return a Payment Plan Agreement/Email Authorization form each term. Installments will be due according to the published schedule and will be subject to a finance charge on the unpaid balance (see the Payment Information and Due Dates (http://www.uwec.edu/Busoff/studentfinancials/PayInfo.htm) website for due dates and finance charge rates). Failure to make installment payments on time will result in a hold on academic records and on registration for future terms.

Refund of Fees
Refunds may be made as the result of withdrawal from the University or a reduction in the number of enrolled credits. Degree-seeking students wishing to withdraw from all their classes are required to meet with their Advisor prior to withdrawing from classes. In determining the academic withdrawal date, the University will use the date that the student notified the University of his or her intent to withdraw. The dates and corresponding amounts of refund can be found on the Refund Schedule / Financial Aid Repayment Notice (https://www.uwec.edu/blugold-central/student-finances/refund-schedule/) website. A credit balance of less than $3.00 will not be refunded unless requested.

Refund of Room and Board Payments
Students who are granted permission to cancel their residence hall contract without withdrawing from the University will be refunded room and board charges on a prorated basis. The room deposit will be forfeited.

Students who are suspended by the University will be refunded room and board fees, including the room deposit, on a prorated basis. A credit balance of less than $3.00 will not be refunded unless requested.

The above policies apply to all persons who reside in University housing.

Deposits
A deposit or advance payment is required for all students applying for housing. The deposit is in addition to the room fees and is intended to serve as a reservation deposit for the contract. The money is held in escrow and applied to second semester fees. If the student does not complete the contract for the full academic year, the deposit is forfeited. If the contract is for a new student, the deposit will be refunded if the Housing and Residence Life Office receives a written request from the student before May 1 of the preceding year. Returning students will have their advance deposits refunded if the Housing and Residence Life Office receives a written request from the student before May 1 of the preceding academic year. Those students who voluntarily cancel their contracts after these dates shall forfeit the deposit.

A $75 room deposit is also required for room reservations for students entering at spring semester.

Financial Aid
The University of Wisconsin-Eau Claire offers financial assistance through scholarships, grants, loans, and student work experience. The majority of this assistance is awarded based on financial need. There are, however, resources available through scholarships, unsubsidized loans, and student employment for students who do not qualify for need-based aid.

Financial need is based on the student’s educational expenses and the contribution that is calculated using the financial information provided on the Free Application for Federal Student Aid (FAFSA). For detailed information on financial aid, visit the UW-Eau Claire Financial Aid website (https://www.uwec.edu/tuition-financial-aid/financial-aid/).

How to Apply
Students must complete the Free Application for Federal Student Aid (FAFSA) (https://fafsa.ed.gov/) each year in order to apply for all need-based programs as well as for the Direct Unsubsidized Ford Loan, the Parent Loan for Undergraduate Students, and the Graduate PLUS Loan. CampS (https://my.uwec.edu) is a resource for specific information about current financial aid status and financial aid disbursed on students’ accounts.

Deadlines
To assure first consideration for funding, the FAFSA should be submitted by April 15 (Freshmen should apply by March 15 to receive financial aid information by May 1). Late applications will be considered for aid based on funds available. Students who apply late or who do not turn in the required additional paperwork need to be prepared to pay their institutional charges by the due date if their financial aid is not available.

A separate financial aid application is required for Winterim and Summer Session and is available through CampS (https://my.uwec.edu/). A current FAFSA must be on file to apply for Winterim or summer aid.

Enrollment Status
Students must be enrolled at least half-time to qualify for most types of aid, although undergraduate students who have very high need may qualify for a small Pell Grant at less than half-time status. Enrollment status for financial aid purposes is determined by the student’s total credits at the end of the tenth day of classes. Financial aid is adjusted at that point, if necessary. Six credits is considered half-time for undergraduate students for the academic year and summer. For graduates, four credits is half-time during the academic year and three credits is half-time during summer.

Students participating in a full-time equivalent internship may be considered for aid as a full-time student even though actual enrolled credits are less than full-time. Costs of attendance for financial aid will be calculated on actual tuition costs.

Students admitted as Special Students are not eligible for financial aid.

Standards of Satisfactory Academic Progress for Financial Aid
Federal regulations require students to maintain satisfactory academic progress toward a degree in order to receive financial aid. The University of Wisconsin-Eau Claire is required to develop and apply a consistent and reasonable standard of satisfactory progress for all students receiving federal financial aid. These standards are applied to all periods of attendance, regardless of whether a student has received financial aid in the past. A complete copy of the University of Wisconsin-Eau Claire’s Financial Aid Satisfactory Academic Progress policy (https://www.uwec.edu/tuition-financial-aid/financial-aid/satisfactory-academic-progress/) is available at the Financial Aid website under “Policies.” There are three standards or components of satisfactory progress:
The specific repayment priority is:

1. Unsubsidized Ford Loan
2. Subsidized Ford Loan
3. Parent’s Loan for Undergraduate Students
4. Pell Grant
5. Supplemental Educational Opportunity Grant
6. Other federal aid programs

For information about the refund calculations, contact Blugold Central.

**For state funds, institutional funds, and outside resources:**

Financial aid received from state, institutional, and outside resources is not part of the federal return of funds repayment calculation. If remaining funds are available from the institutional refund after the federal return of funds requirements are satisfied, the remaining refund will be distributed in the following priority order:

1. State aid programs
2. Institutional programs
3. Outside financial aid resources, if appropriate
4. Student

**Credit Drop (but not withdrawal from the University)**

If a student drops credits before financial aid has been disbursed, the aid must be adjusted, if necessary, to correctly reflect the current enrollment status before aid can be disbursed. Final aid eligibility is based on enrollment status on the 10th day of classes. If a student changes enrolled credits after aid is disbursed, resulting in a change in the student’s eligibility, aid will be adjusted. This could result in a student having to repay some of the aid received for the term.

**Additional Sources of Financial Assistance**

**Veterans Administration Grants, G.I. Bill Benefits, National Guard Tuition Grants, Wisconsin Veterans Grant, Veterans’ Work Study:** A Veterans Counselor is available in Blugold Central for students seeking information or assistance with these programs.

**Vocational Rehabilitation:** Various financial programs are available to students who qualify. Further information is available from area Vocational Rehabilitation offices.

**Scholarships**

A combination of federal, state, university, and private scholarships are available to UW-Eau Claire students on the basis of academic excellence or special talent. Some scholarship programs also specify financial need as a requirement of eligibility. Award amounts and student eligibility requirements vary depending on the individual scholarship criteria.

**UW-Eau Claire Foundation Scholarships and Awards**

Each year, the UW-Eau Claire Foundation provides over $2 million in scholarships, grants, and awards to UW-Eau Claire students. Over 700 different scholarships are available from the UW-Eau Claire Foundation.
awards benefiting more than 1,200 students are available, all provided through the generosity of alumni and friends of the university.

Visit Gold for Blugolds Scholarship Network (https://uwec.scholarships.ngwebsolutions.com) to see a list of available scholarships and to apply. You can also visit the Foundation’s Student Scholarships (https://www.uwec.edu/Foundation/what/scholarships/scholarship-search.html) page for more scholarship information including application deadlines and a Gold for Blugolds video tutorial.

For more information about a specific scholarship or for any application related questions, contact the department responsible for the award. For other scholarship related questions, contact the UW-Eau Claire Foundation at scholarships@uwec.edu.

Tuition Remission
Wisconsin Statutes provide for awarding a limited number of tuition remissions to students who are not residents of Wisconsin. These awards range in value and can be up to the difference between resident and nonresident tuition.

Remissions for Nonresident Students
Students who are not residents of Wisconsin are considered for tuition remission by submitting the FAFSA.

Remissions for International Students
Undergraduate international applicants are considered for an annual award ranging from $1,000 to full non-resident remission. Awards are based on academic merit and financial need. Students apply after they are accepted. Continuing students must reapply annually.

Private Scholarships
Many private scholarships are sponsored by civic organizations, clubs, industries, and businesses. Students should contact their local high school counselors or principals for information about private scholarship programs available in the local community. The Financial Aid Office website (https://www.uwec.edu/tuition-financial-aid/financial-aid/types/) section under Types of Aid on the Financial Aid website.

Grants
A grant is gift assistance and does not have to be repaid. Various grants are awarded to students who establish a high financial need as determined by federal and state guidelines. For more information, see the Grants (https://www.uwec.edu/tuition-financial-aid/financial-aid/types/) section under Types of Aid on the Financial Aid website.

Loans
Loans must be repaid and may be “subsidized” or “unsubsidized.” Subsidized loans do not accrue interest until after the student is no longer enrolled. Unsubsidized loans accrue interest at the time the loan is disbursed. For more information, see the Loans (https://www.uwec.edu/blugold-central/student-finances/loans/) section under Types of Aid on the Financial Aid website.

Ombudsman
The Department of Education has established an ombudsman to work with student borrowers to informally resolve any loan disputes or problems. If you have concerns about the terms of your loan that cannot be resolved by talking to your lender, you are encouraged to contact the Ombudsman Customer Service Line at (877) 557-2575.

Employment Opportunities
Employment opportunities are available through the University and in the local community. Available positions are posted on the online Student Employment portal. For more details about student employment opportunities, see the Student Employment (https://www.uwec.edu/tuition-financial-aid/student-employment/) section of the Financial Aid website.

Student Resources
Students can leverage a wide scope of resources on campus to reach their full potential. The campus provides a variety of services and resources to guide students through their academic careers.

Library and Technology Resources
Classroom instruction at the University is supplemented by services provided to the entire academic community and by the specialized resources of individual departments, including a number of facilities and collections which are made available to the public.

McIntyre Library
McIntyre Library supports students, faculty, staff and the public through its spaces, collections and services. The library’s collections serve all disciplines at the university. In addition to 500,000 print books, journals and other media items, distinct collections include:

- online databases providing access to millions of articles, e-books, streamed videos, statistical resources and more
- Blugold Makerspace and Digital Studio, providing all students with access to and instruction in using multimedia technologies, tools, and supplies for experimenting, prototyping and creating
- a children’s and young adult literature collection
- state and federal government documents for which the library serves as a selective depository
- Special Collections and Archives, which houses historical manuscripts, artifacts, documents, public records, maps, and photographs; rare books; university records and theses; and distinct digital collections
- ‘Library of Things’ including equipment for checkout, such as laptop computers, high-end cameras and audiorecording equipment, data projectors, device chargers, portable PA system and more

The library provides individualized research assistance and information literacy course instruction. Students can access these services on a walk-up basis, via online chat, and through scheduled consultations with librarians.

The library provides a variety of spaces to accommodate student and researcher needs:

- quiet study areas of the 4th and 5th floor
- group and individual study rooms, collaborative computer stations, a state-of-the-art interview room
- hundreds of computers throughout the 6-story structure
- lounge seating with views of the Chippewa River and Little Niagara Creek
- a 24-hour study area

The library houses the Honors Center and the Center for Writing Excellence, a Financial Literacy Center, and Converge Radio Station. Additionally, the library provides amenities supporting mind-body wellness, including exercise...
equipment, a SADD light station, and the ‘Rest Nest’ relaxation space (a service of Student Health Services)

More information about McIntyre Library can be found on the Library’s (http://www.uwec.edu/library/) webpage.

Learning and Technology Services
Through collaboration with others, we continue to develop innovative solutions to enhance information technology, learning, and teaching. Whether we lend our support to technology, infrastructure, or people, we are committed to the goal of excellence in education at UW-Eau Claire. For more information, visit the LTS (http://www.uwec.edu/its/) website.

LTS Help Desk
In addition to providing effective and responsive resolution of information technology questions through telephone, email, and walk-in consultation, the LTS Help Desk is the front line of support regarding learning and technology services. Call the LTS Help Desk at 715-836-5711 (or any LTS staff member) for assistance with these services.

Primary service areas include the following:

Communications
- Maintain access to the voice and data communications network, including wireless
- Provide for the security and integrity of data
- Administer email
- Maintain information systems
- Administer voice communications, including Voice over Internet Protocol (VoIP)
- Design, maintain, and support University websites

Learning Spaces
- Repair and provide operational support for equipment
- Design, maintain and modernize classroom technology
- Manage and provide support for general access and curricular computing labs

Distance Learning
- Design and support distance learning technologies for the delivery of synchronous and asynchronous instruction
- Administer and support course management systems (Desire2Learn)
- Provide streaming media capability

Housing and Residence Life
- Support for the computing and networking infrastructure within residence halls

Media and Production
- Record audio and produce soundtracks
- Record and edit video
- Support the campus academic cable system
- Provide instructional and campus photographic needs
- Provide graphic arts support for academic endeavors
- Produce instructional materials

Technical Assistance and Training
- One-on-one technology training
- Group technology training by request
- Curriculum support
- Scheduled technology workshops
- Assist with poster development and printing

Computing Services
(Vicki Lord Larson Hall 1106)
UW-Eau Claire continues to transition to the use of technologies which can put more control into users’ hands, speed up processes for students, and increase the efficient use of resources.

MyBlugold CampS allows students web-based access to registration, schedules, course information, and other common links. Students can access grades, request degree audits, and change personal information such as their address and password. MyBlugold CampS also provides links to academic, career, computing, and other resources for students.

All students are automatically assigned an email account, username, ID#, and PIN (Personal Identification Number) upon enrolling in any credit course. If a student enrolls in consecutive terms, the email account will remain continuously in effect.

UW-Eau Claire uses email as a primary means of communication. It is a student’s responsibility to activate the University email account since the University distributes grades, bills, and some financial aid information via email. Many instructors and advisers use email to contact students about class assignments and/or require students to correspond or participate via email in some way.

Some courses have web-based components which allow students to not only receive course information on the Web and/or use it for research, but also to communicate with the instructor or other class members, and to collaborate on group projects online. To feel comfortable using the system, an introduction is offered and the LTS Help Desk will provide support.

General Access and Residence Hall labs provide students with access to these campus computing resources as well as standard (e.g., Microsoft) and curricular-specific software. Students may also check out a laptop computer at no charge at the circulation desk in the Library. Students are provided with 200 MB of personal file storage space (the H drive). DeptDir (the W drive) is a network space that professors and students can use to exchange files.

Blugold Insider, MyBlugold CampS, Webmail, Canvas, and Desire2Learn are available on the university homepage (http://www.uwec.edu).

Academic Opportunities
Blugold Fellowship Program
The Blugold Fellowship program recruits high school students to come to UW-Eau Claire and perform research with a faculty member during their first and second years. The fellowship is awarded to incoming freshmen based on research interest and merit and includes a scholarship and work-stipend. The program places students with faculty mentors and allows them to perform research in order to expose them to scholarship early in their university careers.

The program highlights the opportunities available at UW-Eau Claire, including those provided through the UW System Center of Excellence for Faculty and Undergraduate Student Research Collaboration. Visit the website (http://www.uwec.edu/blugoldfellows/).
Student Success Program

Student Success is a one year academic support program that provides small classes and a structural introduction to the university. Participants are admitted to the University of Wisconsin-Eau Claire through the Student Success Program because they demonstrate the potential to succeed and may need additional support as they transition to college. The program is a collaborative effort among individuals, departments, and units across campus. Visit our website (https://www.uwec.edu/academic-skills-center/programs/).

Developmental Education Program

The Developmental Education Program, coordinated by the Academic Skills Center, provides courses designed to strengthen students’ college level learning strategies and critical thinking skills. It also serves to familiarize students with a wide range of academic support services and increase academic self-confidence. These courses are designed to meet the needs of students who are entering college with concerns about their academic learning strategies and are available on a preassigned basis. Further information may be obtained from the Coordinator for Developmental Education or visit this website (http://www.uwec.edu/asc/ourservices/gencourses.htm).

Educational and Community Services

Academic Intervention Clinic

The Academic Intervention Clinic, a program sponsored by the Human Development Center, provides school-aged children and adolescents with educational support in the areas of math, reading, and written language. Undergraduate student clinicians conduct state-of-the-art academic evaluations, develop and implement a comprehensive intervention program, provide on-going progress monitoring, and consult with parents and teachers. The program is housed within the Human Development Center with student clinicians also providing services in local elementary schools. The Academic Intervention Clinic also supports a Summer Reading Program. Faculty-student collaborative research experiences that focus on applied practice are available to undergraduate students.

Center for Communication Disorders

The Center for Communication Disorders provides diagnostic and intervention services to clients ranging in age from infants to the elderly. Graduate and undergraduate student clinicians, under faculty supervision, work in the clinic with clients who have communication disorders of all types including problems with voice, stuttering, speech sound production, hearing, and language. The Center is located on the first floor of the Human Sciences and Services building and provides services at no cost to clients. Visit our website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/communication-sciences-disorders/about/community-resources/center-communication-disorders/) or call 715-836-4054 for additional information or to make appointments.

Human Development Center

The Human Development Center (HDC) is an interprofessional program that works with individuals and families from western Wisconsin. Under the direct supervision of faculty supervisors, student clinicians from Communication Sciences and Disorders (Speech Language Pathology), Education and Learning, Nursing, Psychology, Special Education, and Social Work provide assessment, intervention, and consultation services to children, adolescents, young adults, and families referred from the community. Undergraduate and graduate students from these disciplines work collaboratively on interprofessional teams to provide high quality services to clients. The HDC also sponsors research programs involving academic assessment and intervention, behavioral health, and child and school psychology. The HDC is located on the first floor of the Human Sciences and Services building. Visit the website (http://www.uwec.edu/HDC/) or call 715-836-5604 for more information.

Psychological Services Center

The Psychological Services Center, a clinic staffed by faculty members from the Department of Psychology’s School Psychology Program, is located within the Human Development Center. The center provides psychological and family assessment and intervention, parent training, and academic and behavioral consultation services to clients referred from the community. Allied disciplines also participate in the center, providing a variety of consulting services, including health, education, and assessment.

Intercultural Immersion Experiences

Immersion programs are guided, critically-reflective domestic intercultural and international experiences that aim to deepen students' intercultural competence through global engagement, study and experience. Short-term programs (about 30-35 each academic year) are offered to various locations within the United States and internationally, led by UW-Eau Claire faculty/staff with curriculum relating to the UW-Eau Claire Liberal Education Learning Goals. As part of the University’s commitment to providing high-impact learning experiences for all students, Blugold Commitment Differential Tuition supports three intercultural immersion programs by providing funding to decrease student costs and thus increase access to high-impact learning experiences for all students.

1. The Faculty-Led International Immersion Experiences (FLIIE) Program offers short-term (2-6 weeks over Summer or Winterim term) study abroad programs led by UW-Eau Claire faculty and staff. Each program includes pre-experience preparation and orientation, cognitively rigorous in-country experiential learning activities that allow students to immerse themselves into local cultures, and post-experience guidance to bring learning and capacity back to campus.

2. The Domestic Intercultural Immersion (DII) Program prepares students to take part in an increasingly diverse and interconnected world by offering short-term programs (1-2 weeks during Fall semester, Winterim, Spring Break, and Summer term) within the United States. By engaging firsthand with underrepresented and historically marginalized populations, communities, and environments within the U.S., participants develop new understandings of prevailing power structures and privilege and how these institutions are embedded in race, gender, class, ethnicity, religion, and other forms of identity to help expand students’ interpersonal and intercultural skill set and awareness.

3. The International Fellows Program (IFP) for Research, Service, and Creative Activity supports international student-faculty collaborative research, creative activity, and research service-learning projects. This program enhances student research skills and international cultural competency, as well as develops faculty expertise in global research topics.

For detailed information about each program, visit the website (http://www.uwec.edu/undergrad/immersionexperiences.htm).

International Education (Center for)

International Education (Center for)

The Center for International Education (CIE) is committed to providing high quality international programs and international support services to the University community. It supports campus internationalization initiatives and advocates for intercultural competency and lifelong inquiry.
Two units within the Center for International Education work to support UW-Eau Claire students:

**Study Abroad**

The Center for International Education (CIE) strives to make study abroad that is affordable and connected to the curriculum available to every UW-Eau Claire student. With study abroad programs on every populated continent, nearly 22 percent of UW-Eau Claire students choose to take part in the life-changing experience of living and learning in another country. To ensure that courses taken abroad will be appropriate to their academic programs at UW-Eau Claire, students should begin to plan for international study as early as possible, in consultation with their academic advisor(s) and CIE study abroad coordinators. Important notes about study abroad:

- To participate in international programs, students must be in good standing- academic, financial, and conduct- and meet program eligibility requirements.
- Credits and grades earned on UW-Eau Claire programs abroad are resident credits and are applied directly to the student’s record.
- Regular financial aid may be used on UW-Eau Claire programs. Grants and scholarships are also available to support study abroad.
- Available programs are more fully described in International Studies (p. 713) course descriptions (College of Arts and Sciences).

**International Students and Scholar Services**

The Center for International Education welcomes students and scholars from throughout the world. Hosting students from many nations, the University is a global community in western Wisconsin. International student and scholar staff coordinates the following core services:

- Student and scholar immigration advising, compliance, and documentation.
- Intensive English Program.
- CHEPD (China 121) dual degree coordination.
- Sponsored student coordination.
- International student support programs: Host Friend Program and International Buddy Program.

International students should be aware of the following policies that apply to their experience:

- International students must seek permission for any and all employment while in the United States due to U.S. immigration limits and regulations on employment.
- All international students are expected to live in University residence halls during their first year. A formal written appeal to the housing requirement may be made to the Director of the Center for International Education.
- All international students are required to enroll in the UW System Student Health Insurance Plan.

Further information and assistance is available from the Center for International Education and this website (http://www.uwec.edu/cie/).

**National Student Exchange**

National Student Exchange (NSE) allows students to study at universities throughout the United States, Canada, Guam, Puerto Rico, and U.S Virgin Islands. NSE inspires academic enrichment, personal exploration, and student development by facilitating accessible collegiate study away among member colleges and universities. Students pay tuition to UWEC, experience a new campus in a different region, take classes and earn credits, while staying on track to graduate on time from UW-Eau Claire. All grades and completed course work are incorporated in the student’s UW-Eau Claire transcript, and are considered resident credits.

To qualify, a student must

- be currently enrolled as a full-time undergraduate student at UW-Eau Claire in the term prior to exchange;
- have a minimum 2.50 GPA;
- be in good academic, personal, and financial standing at UW-Eau Claire.

For more information about NSE, contact (715) 836-2003 or visit their website (http://www.uwec.edu/DOS/programs/nse/).

**Ronald E. McNair Postbaccalaureate Achievement Program**

The Ronald McNair Postbaccalaureate Achievement Program is a graduate school preparatory program funded by the U.S. Department of Education and sponsored by UW-Eau Claire. Named after American astronaut Dr. Ronald McNair, the McNair program aims at leveling the playing field in graduate education and to diversify the American research community by class, socioeconomic status, and ethnicity.

The mission of the McNair Program is to prepare scholars for research based graduate level studies, and ultimately, a doctoral degree. Annually, up to 27 undergraduates participate in the UW-Eau Claire McNair Program. At least two-thirds of the participants meet federal income guidelines and are from a family in which neither parent graduated from a four-year postsecondary educational institution and at least one-third of the participants will be from groups that are traditionally underrepresented in graduate studies. (The federal government defines “underrepresented” to include: Black (non-Hispanic); Hispanic; and American Indian/Alaskan Native, Native Hawaiians and other Pacific Islanders.)

Along with the McNair staff, a dedicated mentor in the scholar’s primary field of research works with the scholar over a two-year time period on research and materials that will assist the student in securing a place in a doctoral program. Some of the activities that McNair scholars participate in include developing an understanding of the research process, learning about a peer-reviewed publication process, developing an understanding of the grant writing process, working one-on-one on preparing CVs, applying for graduate school, traveling to present at the McNair conference and graduate school site visits.

Visit the website (http://www.uwec.edu/mcnair/) to learn more about the McNair program and for contact information.

**Undergraduate Research**

UW-Eau Claire is the Center of Excellence for Faculty and Undergraduate Student Research Collaboration. Many students work with a faculty mentor in their discipline to engage in scholarly projects. Results of these projects are presented on-campus at the Celebration of Excellence in Research and Creative Activity (CERCA) each spring, and many are also shared at professional conferences or through publication. Students involved in these activities develop a host of skills that prepare them for graduate studies and/or professional employment. Through the Blugold Commitment Differential Tuition program, funding is available to support student participation in research and scholarly projects that produce research results and creative works, and to travel to professional conferences to present their results.

The mission of the Office of Research and Sponsored Programs (ORSP) is to maintain a supportive environment for research and scholarly and creative endeavors of the faculty, staff and students. This is accomplished through
events that showcase research, such as the annual Celebration of Excellence in Research and Creative Activity (CERCA), the Faculty/Staff Forum and the Authors Celebration, through funding programs that support research activities, through publications about campus research activities, and through services such as seminars, workshops and individual consultations on grant-seeking and undergraduate research collaboration. For more information, contact the Office of Research and Sponsored Programs (Schofield 17) at 715 836-3405 or visit the website (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/).

**Academic Services**

**Academic Advising**

**Advising, Retention + Career Center**

**Advising:**

Students will have an academic advisor and a faculty advisor from their major to assist them in developing academic and career goals based on their interests and abilities. If a student is unsure of a major, an academic advisor can recommend courses that explore various majors while keeping curricular options open to the extent possible. If a major has been declared, advisors help students navigate the required courses and connect them to resources and opportunities students should utilize to decide on a major in a timely manner. A student can expect advisors to be knowledgeable about university policies, procedures, and a wide variety of campus resources available for assistance.

Advisors in the Advising, Retention + Career Center also work with transfer students to help them understand requirements, policies, and procedures related to transferring to UW-Eau Claire. Academic advisors review transfer course evaluations with new transfer students to identify issues students need to address to best use their transfer work to meet UW-Eau Claire’s requirements.

The Advising, Retention + Career Center also provides orientation and advising for high school students taking college courses at UW-Eau Claire.

Visit the Advising, Retention and Career Center website (https://www.uwec.edu/academics/academic-support/advising/).

**Academic Testing:** The Advising, Retention and Career Center administers English, mathematics, and world language placement tests for the University. National tests, including the ACT, GRE-subject, and LSAT are also administered. Advanced Placement, International Baccalaureate, CLEP, DANTES, and PRAXIS results are also processed by the Advising, Retention and Career Center. Visit the website (https://www.uwec.edu/academics/academic-support/advising/testing/).

**New Student Orientation:**

**First Year Students**

All new first-year students are required to participate in a New Student Orientation program prior to registering for classes. One-day sessions are held in June for new first-year students who are starting in the summer or fall semester. A final session is held in late August. New first-year students starting in winter or the spring semester attend a session the week before spring classes begin in January. During New Student Orientation, students and their guests have an opportunity to meet with staff members, tour the campus, and obtain information on a variety of topics related to both academics and student life.

**Transfer Students**

Advising and registration meetings for new transfer students are flexible, with the option to meet in-person or talk over the phone. The Admissions Office performs the initial transfer evaluation after a student has applied and been admitted. Academic Advisors help transfer students understand policies and procedures related to transferring and identify transfer course issues students need to address to best use their transfer work to meet UW-Eau Claire’s requirements.

Questions regarding transfer advising and registration should be addressed to the Assistant Director for Orientation. Visit this website (https://www.uwec.edu/academics/academic-support/advising/orientation/transfer-students/) for more details.

**First Year Experience:** The First Year Experience program at UW-Eau Claire helps new freshmen transition to college life. Many new students take a course that is designated as “first year only.” These sections are regular university courses that are open only to new freshmen. Each first year only class has an experienced UW-Eau Claire student mentor who works closely with the instructor to help students adjust to college. New freshmen may also register for special ‘linked’ courses that are designed to help with transition to UWEC or to explore a topic, major or career of interest. In addition, all new freshmen are invited to participate in the Bluprint for a Blugold program, which is a schedule of out-of-class activities and corresponding online modules designed to help students learn valuable information about college life. Visit this website (http://www.uwec.edu/fye/) for more details.

**Nontraditional Student Services:**

Nontraditional students comprise an important component of the University community. The Advising, Retention + Career Center provides this constituency a variety of offerings that address the needs and experiences of adults returning to college. Working adults, students with children or other family responsibilities, veterans, and adults in various life transitions, will find resources to support them. Further information may be obtained from the Advising, Retention + Career Center.

Visit the ARCC website (https://www.uwec.edu/academics/academic-support/advising/).

**Undergraduate Advising**

**Advising Philosophy**

Academic advising is an important component of a student’s undergraduate experience. The university has established a structure intended to bring each student into a collaborative relationship with an Academic Advisor and a Faculty Advisor. The partnership with these advisors empower students to establish connections to campus and their field of study, facilitate graduation in a timely fashion, and develop a portfolio of skills and experiences that will help them achieve their academic and professional goals. Advising is most effective when viewed as a developmental process in which the students and Advisors work together. Students have the ultimate responsibility for monitoring their progress toward graduation and they should work closely with their Advisors to develop a corresponding academic and career plan. Advisors serve as a resource for students, providing accurate information and referring them to appropriate sources of help offered by the university.

**Advising Structure**

There are six advising clusters. The clusters are comprised of 5-10 majors that are similar in nature. A student who has declared a major is assigned an Academic Advisor from that cluster and a Faculty Advisor in their specific major (Some majors may assign Faculty Advisors after students are admitted to their program). To view the majors in each cluster, visit this website (https://www.uwec.edu/academics/academic-support/advising/advising-model/).
Students who have not decided on a major will work with an undeclared advisor. Once a student declares a major, they will be assigned a Faculty Advisor in that major.

Students who wish to change their major, minor, or certificate must first consult with an Academic Advisor, so students should plan ahead. If a student switches to a new major that is in the same advising cluster, their Academic Advisor will remain the same, but a new Faculty Advisor may be assigned to reflect the student’s new major. If a student switches to a major outside of their current advising cluster, they will be assigned to a new Academic Advisor and a new Faculty Advisor.

**Roles of Academic and Faculty Advisors:**

**Academic Advisors:** An Academic Advisor provides holistic and comprehensive academic and career advising for students in a specific advising cluster. They provide students with guidance regarding course selections, graduation requirements, major exploration, academic policies and procedures, referrals to other campus resources, and High Impact Practices. Academic Advisors collaborate with Faculty Advisors and Career Counselors to serve students.

**Faculty Advisors:** A Faculty Advisor provides ongoing consultation for the student on long-range academic and career plans, monitors progress towards specific major degree requirements, assists in the selection of major courses, and connects students to High Impact Practices available in their department/field. Students are encouraged to meet with their Faculty Advisor each term to discuss major-related opportunities. Faculty Advisors collaborate with Academic Advisors and Career Counselors to serve students.

Students must see an Academic Advisor at the following times:

- Students must meet with their Academic Advisor prior to registration for fall and spring semesters. Students are encouraged to discuss summer and winterim courses with their Academic Advisor.
- All readmitted students must meet with an Academic Advisor prior to registering.
- All new transfer students must meet with an Academic Advisor prior to registering.
- All students must meet with an Academic Advisor prior to withdrawing from a class or withdrawing from the university.
- Students should meet with their Faculty Advisor to discuss major-related High Impact Practices (such as internships, Service-Learning, research, study abroad, National Student Exchange, etc.) and major course selection that may affect future career or academic opportunities.

**Advising Responsibilities**

**Student Responsibility**

It is the responsibility of all advisees to:

- Meet with their Academic Advisor at least once per semester.
- Read and respond to all emails sent from Academic and Faculty Advisors in a timely manner.
- Be prepared for meetings with their Academic and Faculty Advisor.
- Learn to read and use the degree audit; become familiar with graduation requirements; fulfill all degree requirements.
- Develop plans for taking courses required for graduation.
- Keep track of their own academic records.
- Develop plans for achieving academic, career and personal goals.
- Utilize their Academic and Faculty Advisors to address questions about High Impact Practices (such as internships, service-learning, research, study abroad, National Student Exchange, etc.).

- Utilize their Faculty Advisor to address questions about opportunities in the major, major courses and the influence on career choices, and educational opportunities beyond your undergraduate degree.
- After registering for their final term, apply for graduation on MyBlugold Camp5.
- See their Academic Advisor, Faculty Advisor, and course instructor at the first sign of academic difficulty.
- Understand academic policies and become familiar with important deadlines.
- Utilize the full range of campus resources: career planning, counseling, tutoring, Services for Students with Disabilities, the Writing Center, and other resources available at the university.

**Academic Skills Center**

The Academic Skills Center is a resource for students needing individual assistance to enhance learning strategies and skills in college reading and study methods, critical thinking, and problem solving. Group and individual tutoring is also available for selected entry-level foreign language courses, as well as several physical and social science courses. Diagnostic evaluation is available in reading and study strategies. Supplemental instruction is a guided study program that is available for selected courses particularly in Arts and Science. Further information may be obtained from the Academic Skills Center staff or the ASC website (http://www.uwec.edu/asc/).

**Career Services**

Career Services is a resource to students, offering opportunities for them to connect their liberal arts education with future career and professional goals. We partner with employers, faculty and staff to provide opportunities to help students realize fulfilling careers. Career Services helps students understand the relationship between their educational choices and career fields. Specific services include: career counseling appointments and group workshops, internship and job search assistance, resume and cover letter reviews, networking coaching, interview preparation, and salary negotiation. Career Services is the liaison between employers and campus, connecting students, faculty, staff and alumni with employers in the region and across the country. The Career Services office is responsible for collecting and reporting data for the annual First Destination Survey.

**Handshake** is a free online jobs and internship search database used by UW-Eau Claire students and alumni. Employers who recruit UW-Eau Claire students use this to assist in meeting their workforce needs by posting part-
time, summer, full-time and internship positions. Students can search for opportunities and upcoming career events. They can also participate in on-campus interviews and receive invitations to employer events.

**Career Events:**
Each year Career Services sponsors a variety of career events designed to allow students to explore career and internship options:

- Accounting Career Fair - fall semester
- Science and Engineering Career Fair
- Career Conferences – fall and spring seminars
- Nursing and Health Care Professional Career Fair – fall semester
- Part-time Job Fair – fall semester
- Experience U – spring semester

Over 500 employers representing a wide variety of organizations are participants at these career events.

**On-Campus Recruitment Program:** More than 100 employers visit the campus each year to interview students interested in internship and full-time professional positions, offering 800+ interviews each year. All interviews are coordinated and arranged with the Career Services Office.

**Services for Students with Disabilities**
Services for Students with Disabilities (SSD) facilitates the provision of academic accommodations for eligible students with documented disabilities. Disability-related accommodations address the need for both program access (i.e. exam accommodations, note taking, interpreters, alternative format course materials, etc.) and physical access. Verification of the need for accommodations is based on current disability documentation provided by the student. Students with disabilities who wish to request accommodations must provide disability documentation to the SSD Office and make their requests known in a timely manner so that arrangements for accommodations can be initiated. Testing rooms are available for individual testing accommodations. Information about required documentation and procedures for arranging services can be obtained by contacting the SSD Office or visiting the SSD website (http://www.uwec.edu/sss/).

**Services for Students with Disabilities Project AIM (Ability in Motion)**
Project AIM is a Student Support Services program funded by a TRIO grant from the U.S. Department of Education. Due to federal eligibility requirements, the students served must have a documented disability. Goals of the project are focused on promoting academic and career success of participants. Project AIM provides a variety of supplemental services for eligible participants including student-specific advising, career exploration, financial literacy, free tutoring, mentoring, leadership development and a variety of cultural and educational activities. Some students qualify for additional federal grant aid based on participation in the program. Further information may be obtained from the Services for Students with Disabilities Office staff.

**Center for Service-Learning**
All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. UW-Eau Claire’s Service-Learning requirement fosters habits of public engagement and service to society. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. The Center for Service-Learning works with community partners to create meaningful projects for students and helps students and staff to develop projects.

Within the first few weeks of the fall semester, the Service-Learning & Community Engagement Fair is held. At this come and go event, community partners come to the fair with the expectation of talking directly to students about volunteer, service-learning, internship or job opportunities they have at their specific organizations.

Visit the Service-Learning App (https://servicelearning.apps.uwec.edu/) for information on available projects, the website (http://www.uwec.edu/service-learning/for-news, resources and procedures and the Service-Learning Guidebook (https://www.uwec.edu/files/1183/ServiceLearningGuidebook.pdf) for current policies. For catalog information, view the University Graduation Requirements (http://catalog.uwec.edu/undergraduate/graduation-requirements/#universityrequirementstext).

**Student Support Services**
Funded by a TRIO grant from the U.S. Department of Education, the Student Support Services program provides a variety of supplemental services for qualified students. Due to federal eligibility requirements, the students served must be from a low-income household, be a first-generation college student, or have a documented disability. The staff assists eligible students in assessing their academic skills and in developing individual goals that promote their academic and career success. The program provides participants with free tutoring, career exploration opportunities, comprehensive academic advising, mentoring services, graduate school preparation, financial aid information, and a variety of educational activities. Some students qualify for additional federal grant aid based on their participation in the program. Further information may be obtained from the Student Support Services staff. Visit the SSS website (http://www.uwec.edu/ss/).

**Upward Bound**
Upward Bound is a federal TRIO program awarded to UW-Eau Claire by the U.S. Department of Education. All participants are from public high schools in Eau Claire (North High School and Memorial High School). Most students are recommended by school counselors during the last semester of middle school. Once enrolled in the program, students continue through high school graduation. The program serves 73 promising high school students who face barriers to the completion of high school and the attainment of post-secondary education. During the academic year, students receive tutoring, counseling, and study skills support. The summer six-week residency program, for which students receive high school credit, provides an academic core enhanced with field trips and cultural, social, and athletic activities. Upward Bound develops career exploration and decision-making skills and assists students in selecting appropriate post-secondary educational options. Assistance is given in completing college admission and financial aid applications. Further information may be obtained from the Upward Bound Office or by visiting the Upward Bound website (https://www.uwec.edu/equity-diversity-inclusion/edi-services-programs/upward-bound/).

**William J. and Marian A. Klish Health Careers Center**
The William J. and Marian A. Klish Health Careers Center is a specialized career center for students who are interested in a career in the health sciences. The resources available through the Health Careers Center help students explore a wide range of health careers and create a personalized, interdisciplinary pathway to graduation and admission to professional schools. UW-Eau Claire offers pre-professional programs in Pre-Medicine, Pre-Veterinary Medicine, Pre-Physician Assistant, Pre-Dentistry, Pre-Physical Therapy, Pre-Occupational
Student Services, Activities and Organizations

Equity, Diversity and Inclusion and Student Affairs

The EDI and Student Affairs professionals, in conjunction with faculty colleagues and community partners, assist University of Wisconsin-Eau Claire students to reach their unique potential in the areas of intellectual, personal, social, and cultural development. This is achieved by providing a variety of student services that include information sharing and advocacy, curricular and co-curricular offerings, professional development and training opportunities, as well as diagnostic and clinical services. These activities occur in the context of a liberal education enhanced by experiential learning and civic engagement.

The Division for EDI and Student Affairs works to create a campus climate where all students, faculty and staff feel welcome and can thrive and feel like they can be successful here. In the EDI and Student Affairs Division, students and faculty will find the services and programs aimed at providing support, information, assistance and leadership bringing equity and inclusion for all campus demographics. The work of staff in the Division will create a more welcoming and inclusive environment, increase the cultural competencies of the university community, and advance institutional goals of recruiting and retaining under-represented students, faculty, and staff. Units in the Division include: Affirmative Action, Blugold Beginnings, Gender & Sexuality Resource Center, McNair Undergraduate Research Program, Office of Multicultural Affairs, Services for Students with Disabilities, Student Support Services, and Upward Bound and the Dean of Students. The EDI and Student Affairs Office is located in Schofield 240, 715-836-5626, fax 715-836-5911, or visit the website (https://www.uwec.edu/edi-student-affairs/).

Athletics

The University’s intercollegiate athletics program challenges students physically, mentally, and emotionally. The various athletic practice and playing fields are really classrooms where leadership, self-discipline, commitment, work ethic, teamwork, fair play, problem solving, time management, motivation, and cooperation are taught. This fits in with the University’s commitment to a rigorous, intentional and experiential undergraduate liberal arts education for life and livelihood. A well-conducted program, based on sound educational principles and practices, fulfills the educational mission by ensuring that every student has an opportunity to be involved in competitive athletics as a participant or spectator.

The programs are organized to meet the needs of the highly skilled and competitive student-athlete. The women's program consists of varsity teams in basketball, cross country, golf, gymnastics, ice hockey, soccer, softball, swimming and diving, tennis, track and field, and volleyball. The men's program consists of varsity teams in basketball, cross country, football, golf, ice hockey, swimming and diving, tennis, track and field, and wrestling.

Both men and the women compete on the national level as members of the National Collegiate Athletic Association (NCAA) Division III. On a state level, the men and the women belong to the Wisconsin Intercollegiate Athletic Conference (WIAC). The women's gymnastics program belongs to the National Collegiate Gymnastics Association (NCGA) in the sport of gymnastics.

All student-athletes must conform to university academic policies and standards to be eligible. In addition, there are conference and national regulations which affect a student-athlete’s eligibility status. Entering freshmen are eligible for varsity competition if enrolled as full-time students. Transfers and students who have not been in continuous enrollment at UW-Eau Claire should contact Athletics for a determination of their eligibility status. All other student-athletes must earn 24 degree credits for each season of competition they complete. Once a student-athlete has completed two terms of attendance, one season of competition, or earned 24 credits, there is a 2.00 resident grade point requirement.

All men's and women's sports are administered by the Director of Athletics. They are supervised by the Vice Chancellor for Enrollment Management in consultation with the Athletic Committee.

Awareness of Sexual Assault (Center for)

The Center for Awareness of Sexual Assault (CASA) is a sexual assault support service that maintains a victim-centered approach. We provide a safe place for people to come and talk about any issues that they may have surrounding their sexual assault, or those of someone close to them. Even if you are not sure about a sexual experience and are now feeling uncomfortable with what happened, CASA would be glad to talk with you. We provide a variety of services that are confidential and free: crisis counseling, emergency room support, legal advocacy, assistance with campus reporting, information and referral, and a 24-hour crisis hotline at 715-836-HELP. For additional information, visit the website (http://www.uwec.edu/CASA/). To make an appointment, call 715-836-4357 or email casa@uwec.edu.

Blugold Beginnings

The purpose of the Blugold Beginnings Program is to educate and inspire students, especially underrepresented, low income or first generation students, to believe that a post-secondary education is important, attainable, and available at the University of Wisconsin-Eau Claire and other institutions. Blugold Beginnings offers a variety of programs and services to promote a college-going culture and to help students obtain a higher education. The program provides the opportunity for college students to serve as mentors for fifth through twelfth grade students within the community. This experience develops new skills and advances college students’ knowledge of underrepresented populations and the greater community. Mentor programming takes place in area schools during study hall and after school. Each year, thousands of fifth and eighth grade students tour the campus with Blugold Beginnings mentors, experience college classes, and spend time with faculty learning that college is an option for them. Monthly events and summer camps are also offered to youth and facilitated by college students serving as mentors. Upon high school graduation and admission to the University of Wisconsin-Eau Claire, freshmen students are invited to join the Blugold Beginnings Learning Community which continues to offer support services to assist college students with the transition from high school to college life. For more information, visit the website (http://www.uwec.edu/Blugoldbeginnings/).

Children’s Nature Academy (The Priory)

The UW-Eau Claire Children’s Nature Academy (CNA), is a five-star (Youngstar) nature based early learning program, licensed by the state of Wisconsin.
Serving children ages six weeks through school age, programming is offered to students, faculty, staff, and the community on the University’s beautiful 112-acre Priory Campus. The center operates from 7:00 a.m. to 5:30 p.m. Monday through Friday and some evening care upon request. The CNA offers flexible scheduling and special student discounted rates. The CNA also works with the Eau Claire Area School District to offer four-year-old kindergarten (EC4T) and AmeriCorps to offer ECLIPSE, a literacy and social skills program for preschool age (3-5) children. Please contact the Director at 715-836-2178 or children@uwec.edu for more information on enrollment. Online interest forms (https://www.uwec.edu/children/) are also available.

### Counseling Services

Therapists in Counseling Services assist students in overcoming problems which may interfere with their educational, social, and emotional development. This is accomplished through individual, couple, and group counseling; psycho-educational workshops; and outreach services. Among the issues that students may bring to counseling are personal development, adjustment to college, depression, anxiety, stress management, relationship/abuse issues, alcohol and drug use, goal setting, time management training, and other personal concerns and psychological problems.

Confidential and free counseling is available to any student of the University of Wisconsin - Eau Claire. Scheduling is easy, call 715-836-5521 or stop by our office located in Vicki Lord Larson Hall 2122.

For more information on our services visit the website (http://www.uwec.edu/counsel/).

### Cultural and Social Activities

#### Artist Series (http://www.uwec.edu/Activities/programs/artists/)

The Artist Series presents quality regional, national, and international artists in the areas of music, dance, and theater to the University community. Through the performing arts, the Artist Series seeks to develop aesthetic awareness, promote interdisciplinary appreciation, and cultivate multicultural experience.

The Forum (http://www.uwec.edu/Activities/programs/forum/tradition/). Since 1942 The Forum lecture series has presented many of the world’s greatest minds and imaginations. Speakers have ranged from Sinclair Lewis to Maya Angelou, Margaret Mead to Cornel West, William Westmoreland to Noam Chomsky, Buckminster Fuller to Carl Sagan, and Bennett Cerf to Garrison Keillor.

The Lookout (https://www.uwec.edu/recreation/billardiards-center/). Live music, DJs and dancing, theme nights, trivia, karaoke, and socializing predominate at this late-night, student-operated lounge and event space in Hilltop Center.

The International Film Society (https://www.uwec.edu/activities-involvement-leadership/programs-events/international-film-society/) presents foreign and domestic films on campus for UW-Eau Claire students and faculty/staff, and for community members who purchase film passes. Since 1956 the series has represented various countries, cinematic styles, directorial methods, genres, and points of view in films that help to foster a better understanding of other people and cultures as well as a lifelong appreciation for the art of film.

Student Organizations and Leadership Center (http://www.uwec.edu/Activities/). This area in the Davies Center provides services and a home base for the more than 230 campus organizations at UW-Eau Claire. Students may learn more about organizations they are interested in joining through the Activities, Involvement & Leadership Office. Organization members may use the workshop space, supplies and resources. The Student Organizations and Leadership Center is also home for the Student Senate.

#### Forensics

Documented as the largest Viennese ball presented outside of Vienna, the Viennese Ball is a formal event recalling the romance and elegance of 19th-century Vienna. The program promotes positive university, community, and international relations by expanding an awareness of the culture, history, and music of Vienna, Austria. Proceeds from the annual two-night event have thus far provided more than $2 million in music, service, and international study scholarships for UW-Eau Claire students.

#### Department of Art & Design

Student shows comprise a significant aspect of the annual calendar of exhibitions. A visiting artist is invited to serve as juror in the selection of works for the Annual Juried Student Art Show in the Foster Gallery of the Haas Fine Arts Center. Candidates for the Bachelor of Fine Arts degree present senior shows in their emphasis at the conclusion of each semester. Other exhibitions present the work of outstanding contemporary artists who frequently visit the campus at the time of their show and meet informally with students. Gallery and museum directors, graphic designers, and art historians also visit the Department of Art & Design to present lectures and participate in seminars and workshops on a wide range of subjects.

Paintings, sculpture, prints, and drawings from the UW-Eau Claire permanent art collection may be viewed in numerous campus locations.

#### Forensics

A complete program of competitive intercollegiate speaking activities is offered. Categories include prose interpretation, poetry interpretation, dramatic interpretation, dramatic duo, impromptu speaking, extemporaneous speaking, persuasion, informative speaking, after dinner speaking, and communication analysis. CI 100, Introduction to Forensics, allows students to obtain credit for participating in the activity. Students do not have to enroll in the course to participate.

UW-Eau Claire possesses one of the longest traditions of national excellence in forensics in the nation. The University competes against colleges of all sizes, yet is typically among the top programs in the country. The local chapter of Pi Kappa Delta sponsors several tournaments and workshops on campus for high schools and colleges. Any student, regardless of background in forensics, is welcome to take part in this activity. For further information contact the Director of Forensics, Hibbard 174, or visit the website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/forensics/).

#### Summer Events

Free entertainment and films for the Eau Claire community is provided throughout the Summer Session.

#### University Activities Commission (UAC)

The largest standing commission of the Student Senate, the UAC is the exclusively student-operated campus activities programming board. In selecting and producing high-quality, diverse, and accessible educational and entertainment programs for the university community, UAC members gain valuable leadership experience and develop personal skills such as exercise of responsibility, decision-making, and teamwork.

Five committees make up the commission. The Cabin Committee programs musical and performance arts events in an intimate setting. The Concert Committee presents on-the-rise regional bands, nationally and internationally touring artists, and cutting-edge performers. The Festivals Committee coordinates Homecoming, Winter Carnival, and Springfest activities. The Film Committee alternates with the International Film Society in screening contemporary and classic films throughout the academic year. The Late-Night Activities Committee provides social late-night activities for students, using spaces on upper campus and lower campus. The UAC also offers lecture- and discussion programs, performing and visual arts events, tours to regional cultural events, comedy nights, and novelty programming.

Viennese Ball (http://www.uwec.edu/centers/vball/). Documented as the largest Viennese ball presented outside of Vienna, the Viennese Ball is a formal event recalling the romance and elegance of 19th-century Vienna. The program promotes positive university, community, and international relations by expanding an awareness of the culture, history, and music of Vienna, Austria. Proceeds from the annual two-night event have thus far provided more than $2 million in music, service, and international study scholarships for UW-Eau Claire students.

Any student, regardless of background in forensics, is welcome to take part in this activity. For further information contact the Director of Forensics, Hibbard 174, or visit the website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/forensics/).
Department of Music and Theatre Arts. Each year the Department sponsors more than 225 recitals, concerts, and special musical programs by students, faculty, and guest artists. Many student musical ensembles have distinguished national reputations. Ensemble participation is open to all qualified students and includes the following organizations: University Symphony Orchestra, Chamber Orchestra, Wind Ensemble, Symphony Band, University Band, Marching Band, Jazz Ensembles, Concert Choir, Symphonic Choir, Women’s Chorus, Men’s Glee Club (Statesmen), Women’s Concert Chorale, Opera-Musical Theater Workshop, Concert Dance Company, and numerous small ensembles.

University Theatre annually casts five main-stage productions by open audition, including a Theatre for Young Audiences production. In addition to the main-stage plays, there are 20 to 30 student productions ranging from the classics to contemporary theatre.

Department performing spaces include the 600-seat Gantzner Concert Hall used for concerts, recitals, opera, dance, and musical theatre; Phillips Recital Hall, seating 200 for solo recitals and chamber music; Riverside Theatre, a 200-seat thrust-stage facility used for main-stage theatre and studio productions; and Kjer Theatre, a prosenium facility seating 400 for main-stage plays and dance.

FM Radio (https://www.wpr.org/wuec-fm-897-eau-claire/), WUEC (at 89.7 on the dial) is a student-assisted FM station broadcasting from studios in the Hibbard Humanities Hall. WUEC is affiliated with Wisconsin Public Radio and National Public Radio. Programming includes classical, jazz, blues, and folk music; news; information; and public affairs programs.

Campus TV. Students enrolled in Advanced Broadcast TV News (CJ 426) prepare newscasts in the Broadcast TV News Laboratory, Hibbard Humanities Hall 105.

Residence Hall TV-10. Students living in the residence halls produce and direct live and taped television programs originating in the studio and control room located in Towers Residence Hall. These programs are sent out on the residence hall cable system and received on channel 10.

Dean of Students

The Dean of Students Office staff plays an important role in helping all students navigate the campus environment and provide programs and services that enrich students’ personal and educational development. The staff works with programs and services to create a learning environment that integrates co-curricular and classroom experiences.

Services provided by staff in the Dean of Students Office include:

1. student advocacy, counseling, advising, and crisis intervention to students experiencing personal, medical/mental health and academic problems.
2. supportive response, accommodations, investigation and adjudication of complaints of sexual assault, stalking, dating/domestic violence, and hate/bias incidents.
3. administration and coordination of the National Student Exchange Program.
4. support and advising for student government and campus organizations and the administration of student conduct procedures.

Students are encouraged to seek assistance related to student life concerns and to use the office as a referral resource. The staff assists students to make positive connections with faculty, staff, other students, and services. The Dean of Students Office is located in Schofield 240, 715-836-5626, fax 715-836-5911, or visit the website (http://www.uwec.edu/dos/).

Housing and Residence Life

The University provides accommodations for 3,974 students in on-campus residence halls. Except for those who are married, living with parents or guardians, or veterans of the United States Armed Forces, all freshmen and sophomores are required to live in University-operated residence halls when such accommodations are available.

Information about living on campus is automatically sent to candidates for admission to the University. Room assignments are based on the date all properly completed housing contract items are submitted, including a $75 deposit. The deposit is refundable through May 1 (see Deposits, under Tuition and Fees (p. 19)). It is beneficial to apply as soon as possible after acceptance to the University. Whenever possible, specific room assignments will be made prior to freshman orientation in mid-June.

Each residence hall is staffed by a hall director and resident assistants selected from qualified continuing students. Insofar as demand permits, students are given a choice among the kinds of on-campus accommodations available. The residents of each hall determine, in accordance with the Wisconsin Administrative Code, certain policies and regulations for the governance of their hall.

All students living in traditional University residence halls are required to participate in the contract meal plan (see Dining Service). Certain buildings may be identified as exempt from the contract meal plan.

The University has no housing facilities for married students and students with children. Further information concerning all housing and residence life policies and services is provided in the Residence Hall Information booklet, available upon acceptance by the University or upon request to the Housing and Residence Life Office, phone 715-836-3674, or online (http://www.uwec.edu/housing/).

Multicultural Affairs, Office of

The Office of Multicultural Affairs (OMA) provides quality services and programs that support and enhance the collegiate experience, particularly for students of color. OMA provides direct support to students who identify as African-American, American Indian/Native American, Asian & Southeast Asian, Latinx, and multiracial/multiethnic students. In doing so, OMA not only advocates for multicultural students, but also assists them in areas such as community engagement, employment, financial aid, scholarships, housing, and supplemental advising.

In addition, OMA supports campus wide programming for all faculty, staff, and students through cultural programs, heritage month awareness activities, guest speakers, and classroom presentations and other training on diversity issues. OMA is dedicated to an equitable, diverse, and inclusive campus community that helps students excel individually and collectively. to on campus. OMA builds relationships, fosters a sense of belonging and community, creates relevance to learning, and connects multicultural students to resources that will enhance their leadership skills, equity/diversity/inclusion skills, academic growth, and personal growth at UW-Eau Claire.

All UW-Eau Claire students are encouraged to participate in the variety of opportunities and events sponsored by the Office of Multicultural Affairs. Learn more about OMA’s events and services by visiting the website (https://www.uwec.edu/equity-diversity-inclusion/edi-services-programs/multicultural-affairs/).

Recreation and Sport Facilities

Recreation and Sport Facilities provides a wide array of opportunities for students to engage in healthy activities that promote learning, leadership
Development, health, wellness and fun! Opportunities for students and staff include: A wide variety of outdoor and indoor intramural sports, 27 unique Club Sport teams, Group Exercise class offerings seven days per week, Open Recreation (free-time use of gyms, pool, indoor track and racquetball courts), two state-of-the-art work-out facilities (Crest Fitness Center and the McPhee Strength & Performance Center), the Environmental Adventure Center (Outdoor Equipment Rental, Adventure Trips, Indoor Archery Range, Eagle’s View Challenge Rivers Course, Indoor Climbing Wall, Campus Biking Program and the Campus 9 Disc Golf Course), Massage Therapy, Special Events, Wellness Classes and the Hilltop Recreational Area (exercise and cycling studios, bouldering cave, billiards, games and TV).

Recreation and Sport Facilities also oversees the management and scheduling of all upper campus sport facilities including: McPhee/Ade Olson (gyms, pool, indoor track, racquetball courts, dance studio, equipment and laundry operations and classrooms), Simpson Outdoor Track and Field, Bollinger Fields Complex, Towers Field & Sand Volleyball Courts, Hilltop Outdoor Tennis and Basketball Courts and the Hilltop Recreational spaces.

Recreation and Sport Facilities is one of the largest employers of students on campus, offering enriching work experiences that provide opportunities for leadership development and learning.

For more information about Recreation and a complete list of opportunities, visit the Recreation and Sport Facilities website (http://www.uwec.edu/recreation/).

**Student Government**

The University of Wisconsin-Eau Claire has long been committed to the active participation of students in institutional governance. Significant responsibility is accorded to qualified students who serve with faculty on departmental and College committees and on administrative committees of the University.

The Student Senate is the primary vehicle for the involvement of students in University governance. It has initial responsibility for recommendations on matters pertaining directly to student life, services, and interests, including the allocation of that portion of the educational costs designated as the segregated fee. In elections held each year, the student body elects eligible students from two geographical districts—on and off campus—to serve as senators.

Through the United Hall Council and the Coeducational Residence Hall Judicial Board, students also participate, with the Director of Housing and Residence Life, in the operation and development of residence hall programs and policies.

For further information, students may contact the Student Senate Office or the Dean of Students Office. Visit the website (http://www.uwec.edu/studentsenate/).

**Student Health Service**

UW-Eau Claire’s Student Health Service fosters a healthy campus community through high quality health care, inclusive and accessible service, and health promotion/advocacy. Student Health Service is the primary health care center for UWEC students.

Clinical services provided include mental health evaluations and follow-up care, evaluation and treatment of illnesses and injuries including those of the respiratory, gastrointestinal, and musculoskeletal systems. Physical examinations, minor surgical procedures, laboratory services, and reproductive health services, including contraceptive exams and supplies, are also offered. Diagnosis and treatment of sexually transmitted diseases is also available. Some services are prepaid by student segregated fees, and some services and supplies are provided for a nominal fee. Additional information about Student Health Service is available on the website or by calling the clinic at 715-836-4311.

The Health Promotion Office works as an educational arm of Student Health Service. Located on lower campus in Schofield 26, this office works on health advocacy projects to make UW-Eau Claire’s campus a healthier living place for learning and living, including developing and implementing strategies and programs to reduce high-risk drinking. This office also offers educational programming for residence halls and classrooms on topics such as nutrition, life/work/school balance, making healthy changes, and other topics.

For more information on our services, hours and locations, visit the website (http://www.uwec.edu/shs/).

**Student Publications**

The Spectator (http://www.spectatornews.com), an award-winning student newspaper is published in print each Thursday of the regular academic year and daily online. At the paper has offices in Hibbard 104. Paid staff positions are available for interested students in editorial, production, and advertising departments. The Spectator is a member of the Associated Collegiate Press.

NOTA (None of the Above), the campus creative arts magazine published once per semester, provides an outlet for student writing, photography, artwork, and original music performance; in addition, NOTA publishes “Pocket NOTA,” a magazine designated for pieces of longer prose. NOTA sponsors public readings by students, faculty, and professional writers and holds contests for fiction and poetry writers. Interested students may inquire at the NOTA Office in the English Department or via email: nota@uwec.edu.

**University Centers**

The University Centers (http://www.uwec.edu/centers/) comprises two buildings that are the center of campus life: The W. R. Davies Student Center and the Hilltop Center. University Centers programs and services operate within these facilities. The University Centers also manages the Zorn Arena and the Schofield Auditorium—multipurpose facilities that are heavily used by the university community for meetings, recreation, performances, dining, conferences, workshops and other curricular and co-curricular activities.

The University Centers develops and implements a variety of involvement and leadership experiences, volunteer opportunities, student employment and internships, diversity and cultural growth initiatives, and community outreach. These varying experiences help students to develop new skills, reflect on their personal identity and place in the world, and become engaged citizens. The University Centers builds and sustains partnerships with faculty/staff and community members, to ultimately enhance the quality of the experiences provided. The University Centers is funded by space, equipment and labor rentals (including those for meetings, programs, private weddings, camps, conferences and other special community events), student fees and commissions.

The University Centers provides services that are integral to campus life, including the undergraduate textbook rental program, the meal plan required for nearly all campus residents, and the official university ID card. The unit is responsible for all non-academic reservations on campus and ticketing of campus events. The University Centers administers bookstore services, dining, catering and vending services campus-wide, manages all printing services and provides the central source of campus information through the Service Center.

W.R. Davies Student Center (https://www.uwec.edu/eventservices/facilities/davies-center/). The 177,000 sq. ft. W. R. Davies Student Center opened its doors in July 2012. This student center, like its predecessor, is named in memory of William R. Davies (1893–1959), the university’s second president.
Its design was inspired by nature surrounding the Eau Claire campus — the Chippewa River, the woods, the stone formations, and the Little Niagara Creek. W. R. Davies Student Center occupies a site that was the historic meeting grounds of the Dakota and Ojibwe people, who made peace in the 1850s after a bitter war that spanned 150 years. The treaty line is thought to be at the mouth of the Little Niagara Creek on the Chippewa River. Names of meeting places in the original and the present Davies Center honor the Ojibwe and Dakota and other native people of Wisconsin, including the Ho-Chunk, Menominee and Potawatomi tribal members who used the Council Oak tree and its surroundings as a shelter and gathering place. Davies Center was planned as an expression of the role of the Council Oak, a beacon and symbol of community, gathering and a safe space for all. W.R. Davies Student Center is the center for social and cultural interaction on the lower campus. Offering a number of meeting and program spaces, dining facilities and service areas, W.R. Davies Center is the administrative core of the University Centers. It is also home to the Student Senate, the primary vehicle for student involvement in university governance.

Hilltop Center (https://www.uwec.edu/recreation/facilities/hilltop/). Spanning the road that connects the upper and lower campus, Hilltop Center was built in 1968 and is home to Riverview Café, the primary contract dining facility on campus. An extensive renovation of Hilltop Center in 2012 expanded the primary service cafeteria on campus. Riverview Café now comprises the entire second floor of the building, and up to 7,000 meals are served to students each day. The programs and services of University Recreation and Sport Facilities are also based in Hilltop Center. Facilities include the Environmental Adventure Center (EAC), the Bowling and Billiard Center (BBC) and The Lookout – event space.

Crest Wellness Center (https://www.uwec.edu/recreation/crest-fitness-center/). Is home to Student Health Service, Crest Fitness Center, University Police and the Eagle’s View Challenge Ropes Course. In 1999 a $1.4 million upgrade remodeled the upper level of Crest Wellness Center for the fitness center, making it possible to relocate its weightlifting exercise equipment from the lower level. In 2013 the Eagles View Challenge Course was expanded offering both high and low rope challenges.

Activities, Involvement and Leadership

The Activities, Involvement & Leadership Office (http://www.uwec.edu/activities/) connects UWEC students with opportunities to transform personally and professionally outside the classroom. It is the home to many co-curricular leadership initiatives, recognition programs, campus-wide activities that entertain, challenge and promote the exchange of ideas and the development of life-long leadership skills. These co-curricular opportunities are available to complement UW-Eau Claire’s strong academic tradition in order to give students a well-rounded college experience. The AIL staff encourages and supports the development and implementation of a variety of involvement and leadership experiences, volunteer opportunities, student employment and internships, diversity and cultural growth initiatives, and community outreach.

The office oversees 230 student organizations and the annual Blu’s Organization Bash, administers campus-wide programming including the Artists Series, The Forum lecture series, Summer Events and the UW-Eau Claire International Film Society, all which are funded through student segregated fees allocated by the Student Senate. Staff also advise Greek Life, the Student Senate’s University Activities Commission, Student Senate Student Organization Commission, The Lookout event space, and the programs and services that are housed in the Student Organizations and Leadership Center.

The Activities, Involvement & Leadership Office is committed to guiding and supporting each student as they discover their own skill development and how they can connect those skills to the real world.

Blugold Card Services

University of Wisconsin-Eau Claire photo identification cards are issued and replaced at Blugold Card Services (http://www.uwec.edu/blugoldcard/) in the W. R. Davies Center’s east lobby. Upon initial enrollment at the University, a Blugold ID Card is issued to every student; students retain their ID cards throughout their enrollment. The Blugold Card entitles the bearer access to dining facilities; use of McIntyre Library; access to McPhee Physical Education Center facilities; reduced ticket prices for many campus activities and events; free use of the Eau Claire Transit System; access to the Blugold Account debit card system, Textbook Rental and many other options. Through the university’s banking partnership, students also have the option of using their Blugold Cards as ATM or pin/signature-based debit card. A branch bank is located in the W. R. Davies Center’s east lobby.

Blugold Dining

Cafeteria, fast food, a la carte, catered, and fine dining options are offered to the University community and to the public. Students living in residence halls (except Chancellors Hall, The Priory and Haymarket Landing) participate in one of several meal plan options. W. R. Davies Center retail facilities include a food court, coffee shop, convenience store, and an upscale dining area. Einstein Bros. Bagels is located on the main lobby of Centennial Hall and in the Haas Fine Arts Center lobby. Meal plan information is available online (https://uwecdining.sodexomyway.com/my-meal-plan/index/) as well as social media.

Event Services and Conferences

Responsible for all non-academic reservations on campus, Event Services is the University’s centralized event planning organization. Event Services works with students, staff and the community to plan conferences, meetings and other events, and works with administrative offices and academic departments in executing programs that support the educational mission of the University. Event Services (http://www.uwec.edu/eventservices/) directs a highly responsible student staff trained in all aspects of safety and event production to ensure the well-being of all users of campus facilities. Professional video, lighting, sound & staging are also available for events.

University Bookstore and Textbook Rental

Located on two levels of the W. R. Davies Center, the University Bookstore (http://www.uwec.edu/Bookstore/) sells a variety of course-related and general interest reading materials, gifts and University clothing, greeting cards, and school, art, computer, and office supplies. Gift certificates and a special order service for books and merchandise are also available. Cash, credit card, and Blugold Account purchases are welcome.

UW-Eau Claire undergraduates rent textbooks and other course materials from the University Bookstore’s Textbook Rental Department, which is funded by a designated portion of undergraduate tuition. Textbooks and other teaching resources are selected by instructors for each course and are arranged by department and course number on the bookstore’s upper level for students to pick up.

University Printing Services

University Printing Services (http://www.uwec.edu/printing/) provides affordable and convenient printing and production services for students, faculty/staff, academic departments and administrative offices, and the public. Printing Services offers competitive pricing on business cards, presentation materials, posters, labels, envelopes, postcards, brochures, booklets and much more. High-speed black-and-white digital copies, high-quality color copies, large-format printing and a range of bindery services are among the services offered. Student graphic designers are on staff to create custom materials such as resumes, graduation, wedding or special occasion save the date cards,
invitations and thank you cards. Printing Services accepts walk-up and online orders. Cash, Blugold Account, campus account, and credit cards are welcome.

University Printing Services has a walk-up location in the first floor lobby of the W. R. Davies Student Center. It manages the contracts that provide copiers campus-wide for student and office/departamental use. University Printing Services is the designated agency printing manager for UW-Eau Claire, responsible for ensuring that all off-campus printing using state monies is purchased in accordance with state law and policy. Custom course packs are produced here and made available through the University Bookstore.

**University Service Center**
The University Service Center (http://www.uwec.edu/servicecenter/) plays a key role in University communication, acting as the central source of University information as well as answering the campus’ main phone line. The area offers one-stop convenience for many essential services. Credit card and Blugold Account purchases are welcome.

- **Tickets** — The University’s centralized ticket office works with organizations, academic departments, Blugold Athletics and other administrative offices to produce and sell tickets to campus events. Tickets for basketball, hockey, football, concerts, lectures and other campus programs are available at the Service Center, and bargain movie passes for community theatres also can be purchased in advance.
- **Postal Services** — The Service Center offers U.S. Postal Service domestic and limited international mail services. A United Parcel Service (UPS) drop box is also available outside Davies Center.
- **Information Services** — Campus information including directory assistance, activities information, campus/community maps and brochures can be found at the Service Center. The Service Center manages the sale board in Davies Center, as well as its online site; gives vending machine refunds, and provides the campus-wide lost and found services.

**University Student Governance and Organizations**
Involvement in campus organizations is an important part of the university’s total education program. These groups offer social and service opportunities for their members, the university, and the community at large. Membership can broaden acquaintances, develop leadership ability, build decision-making and problem-solving skills, and complement classroom instruction. Visit online (https://www.uwec.edu/activities-involvement-leadership/student-clubs-organizations/search-organizations/) for the current list of Student Organizations in the following categories:

- Academic & Professional
- Campus Department
- Campus Media
- Cultural & Identity
- Event Programming
- Governance & Politics (Student Government, Student Senate, etc.)
- Greek Life
- Honor Societies
- Non-Organization Opportunities
- Performing
- Recreational
- Service
- Special Interests
- Spiritual
- Sport Clubs
- Administrative Committees

Residence Hall Government

**Veterans Services**
The University is approved by the State Approval Agency for the education of veterans and veterans’ dependents under both federal and state programs. The Veteran Services Office (located in Blugold Central) advises veterans and eligible dependents on available state and federal veterans educational programs and assists them in applying for educational benefits. Veterans are also encouraged to use this office to seek assistance related to veterans’ issues and as a referral resource.

Students requesting veterans benefits should meet with the staff of the Veteran Services Office to set up their benefits program(s). Students using veterans educational benefits are required to request certification of benefits after registering for classes each semester. Students also need to keep this office apprised on any changes in their enrollment status. For more information, visit the website (https://www.uwec.edu/tuition-financial-aid/veteran-benefits/).

In addition to Veteran’s benefits services that are processed in Blugold Central, UWEC also has the Veteran’s Center (https://www.uwec.edu/dean-of-students/veterans-center/), located in Schofield Hall, Room 020. The Veteran’s Center is a space where veteran students, faculty and staff can learn more about resources specifically for them, attend programs on veteran needs, and participate in support groups.

**Gender & Sexuality Resource Center**
The Gender & Sexuality Resource Center is dedicated to creating a safe and inclusive campus for all students, while advocating for and celebrating those identities that have historically been and continue to be marginalized. We believe in education and inspiration, not alienation, and that is reflected in all programs and events. Exploring privileges and oppressions is at the heart of our mission, and in so doing--and with a focus on intersectionality--we engage the campus community in ways that create room for understanding and empowerment.

The Gender & Sexuality Resource Center’s staff provides resources, information, and programming in collaboration with existing departments, advisory committees, organizations, and offices; we foster a supportive campus environment through the development and sponsorship of intellectual, personal, and cultural programming.

For more information, visit the website (http://www.uwec.edu/speakout/).

**University Honors Program and Courses**

**University Honors Program**
The University Honors Program provides a challenging and supportive learning community that allows highly motivated, high potential students to develop fully in their distinctive abilities, creating a foundation for sustained intellectual, professional, and personal achievements. Honors at UWEC offers a rigorous and evolving curriculum that assists students in the pursuit of creativity, innovation, discovery, and expression across disciplines. Honors students often have significant responsibility for the design and execution of learning activities within their honors coursework, with many honors students engaging in undergraduate research that is uniquely matched to their experiences, skills, and longer-term goals. The program offers an enhanced education, enabling students to integrate Honors Liberal Education courses, Honors interdisciplinary seminars, Honors work in their major and minor programs, and Honors experiential learning opportunities into a high-value whole.
Honors at UW-Eau Claire has two components for student participation: University Honors and Departmental Honors. Students may graduate with Honors by completing one component or both. Honors Program participation and completion are documented on students’ university records, including transcripts.

**University Honors.** In small classes designed to stimulate and challenge high achieving, highly motivated students, and in special sections of regular university courses, honors students are provided opportunities for academic growth through meaningful interaction with faculty and with other honors students.

**Admission to the University Honors Program.** There are several ways to gain admission to the University Honors Program. (1) Incoming first-year students are invited to participate each fall semester based on scores achieved on either the ACT or SAT and their academic standing in their high school graduating classes. (2) Students admitted to UW–Eau Claire with a strong academic profile that does not meet one or more of the automatic admissions benchmarks are frequently considered for admission to Honors through our holistic review process. (3) Students who have completed at least 14 academic credits at UW-Eau Claire may be admitted to Honors during Spring Semester of their first academic year if they attain a cumulative 3.66 GPA or higher (which will include college credits and grades earned elsewhere). (4) Students who are highly motivated to do Honors work may petition the University Honors Council for admission. Consult the Honors Program Office for more information. (5) Transfer students who were in good standing with an accredited Honors Program at their previous institution are eligible to join Honors at UWEC. Honors credits earned at the previous institution are evaluated by the UWEC Honors Director to determine how many credits can be applied to UWEC Honors Program requirements.

**Graduation Requirements.** A student may graduate with University Honors by meeting the following requirements:

1. Attainment of a resident and total GPA of at least 3.50.
2. Completion of one-credit first-year seminar, HNRS 100, or an Honors FYE (First-Year-Experience course).
3. Completion of the 24-credit Honors distribution requirement, in one of the two manners listed below (3a or 3b), with at least two courses taken at the 300/400 level. Honors colloquium and elective courses are frequently used to meet Liberal Education, major, or minor requirements, as well as the requirements of the University Honors Program.
   a. Completion of at least 24 credits of Honors colloquia and Honors electives.
   b. Completion of at least 21 credits of Honors colloquia/electives and either HNRS 410 or HNRS 420.
4. Completion of HNRS 400 (one credit).

Honors Program courses may not be audited or taken for a satisfactory/unsatisfactory grade.

A course transferred from a high school dual enrollment college course or test score (AP, IB, or CLEP) may be substituted as Honors elective credit, provided that minimum scores are met (a qualifying dual enrollment course with an A or A-, an AP score of at least 4, an IB score of at least 5, or a B-level CLEP score). No more than one course, for a maximum of 5 credits, may be substituted for Honors elective credit.

**Flexible Credits**

To fulfill their 24-credit or 21-credit Honors distribution requirement, Honors students may earn up to 9 flexible credits, selected from the following options: Honors contracts, Honors special experience courses (such as study abroad, directed study, independent study, and internships), departmental honors, completion of the EdTPA process (including ES 318 + ES 497 requirements), or completion of IDIS 480 and IDIS 481 (fulfillment of McNair Scholar requirements).

An appropriate designation will be placed on a student’s record upon completion of all Honors Program requirements. However, credits earned in Honors courses meet graduation requirements whether or not the program is completed. A current schedule of available Honors courses may be obtained from the University Honors Program or on the Honors Program website: https://www.uwec.edu/academics/university-honors-program/academic-offerings/honors-courses/.

**Department or College Honors.** Twenty-five departments and programs offer students the opportunity to earn an honors distinction within their program of study, enabling students to strengthen skills within their major. Currently, departmental honors programs (a full list with links is available on the University Honors Program website: https://www.uwec.edu/academics/university-honors-program/academic-offerings/departamental-honors/) are available in Accounting and Finance, Biology, Business Administration, Chemistry and Biochemistry, Communication Sciences and Disorders, Computer Science, Criminal Justice, Economics, English, Geography and Anthropology, Geology, Health Care Administration, History, International Business, Management and Marketing, Materials Science + Engineering, Mathematics, Music and Theatre Arts, Philosophy and Religious Studies, Physics, Political Science, Social Work, Sociology, and Spanish. In many cases, credits earned in a departmental honors program can be applied to University Honors requirements.

For information on departmental or college honors programs, consult department or college descriptions in this catalog or inquire at department or college offices, or get in touch with the Honors Program Office.

**Honors Seminars**

**HNRS 100 First-Year Honors Seminar (1 cr)**
Prerequisite: Limited to students in the University Honors Program. Introduction to the University and to expectations of an Honors baccalaureate degree. Explores the value of a liberal education, the skills and knowledge needed to be an educated person, the roles of the University Honors Program and university requirements.

Attributes: Honor Course  
Grading Basis: A-F Grades Only

**HNRS 400 Senior Honors Seminar (1 cr)**
Prerequisite: Limited to students in the University Honors Program. Senior standing, or Department Consent Required. If repeated, the second course can count toward the required 24 credits of Honors colloquia and electives. A capstone course that explores students’ undergraduate experiences, the value of a liberal education, and the value of an Honors education. Prepares Honors students for post-graduate opportunities.

Attributes: GE IV Humanities, Honor Course, Capstone Course, Special Course Fee Required Varies by Term/Section  
Repeat: Course may be repeated for a maximum of 2 credits  
Grading Basis: A-F Grades Only
HNRS 410 Mentoring in Honors (1 cr)
Prerequisite: HNRS 100, HNRS 400, or concurrent enrollment in HNRS 400.
Minimum junior standing. Limited to students in the University Honors Program. With permission from the Honors Director, credit may be earned in both HNRS 410 and HNRS 420.
Consent: Department Consent Required
Assist in instruction of Hnrs 100, the First-Year Honors Seminar. Focus on the value of a baccalaureate education and on what constitutes an educated person. Open to juniors and seniors with permission of the Director of the University Honors Program.
Attributes: GE IV Humanities, Honor Course, Service-Learning, Full 30 Hours, Special Course Fee Required Varies by Term/Section
Grading Basis: A-F Grades Only

HNRS 420 Tutoring in Honors (1 cr)
Prerequisite: Minimum junior standing. Limited to students in the University Honors Program. With permission from the Director of the University Honors Program, credit may be earned in both HNRS 410 and HNRS 420.
Consent: Department Consent Required
Assist in instruction of an Honors course previously completed. Open to juniors and seniors with permission of the Director of the University Honors Program.
Attributes: GE III Social Science, Honor Course, Service-Learning, Full 30 Hours, Special Course Fee Required Varies by Term/Section
Grading Basis: A-F Grades Only

Honors Colloquia
These are courses specially designed for honors students, and typically embracing more than the approach of a single academic discipline. Every Honors colloquium meets Liberal Education and General Education requirements.
The content of colloquia varies from semester to semester, and each section of an HNRS colloquium course number is a unique course.

HNRS 118 Honors Colloquium in Natural Science with Integration (3-4 crs)
Prerequisite: Limited to students in the University Honors Program Honors Course in Natural Science with Integration.
Attributes: Cultural Diversity Variable, GE II Natural Sciences, Honor Course, LE-I Integration, LE-K1 Natural Sciences, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 121 Honors Colloquium in Social Science (3-4 crs)
Prerequisite: Limited to students in the University Honors Program Honors Course in Social Science.
Attributes: Cultural Diversity Variable, GE III Social Science, Honor Course, LE-K2 Social Sciences, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 122 Honors Colloquium in Social Science with Equity, Diversity, and Inclusivity (3-4 crs)
Prerequisite: Limited to students in the University Honors Program Honors Course in Social Science and Equity, Diversity and Inclusivity.
Attributes: GE IIIG Social Science-Interdisciplinary Study, Honor Course, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 127 Honors Colloquium in Social Science with Creativity (3-4 crs)
Prerequisite: Limited to students in the University Honors Program Lower-level Honors course is social science with creativity.
Attributes: GE IIIG Social Science-Interdisciplinary Study, Honor Course, LE-K2 Social Sciences, LE-S3 Creativity
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 132 Honors Colloquium in Humanities with Equity, Diversity, and Inclusivity (3-4 crs)
Prerequisite: Limited to students in the University Honors Program Honors Course in Humanities and Equity, Diversity and Inclusivity.
Attributes: GE IVE Humanities-Interdisciplinary Studies, Honor Course, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 133 Honors Colloquium in Humanities with Global Perspective (3-4 crs)
Prerequisite: Limited to students in the University Honors Program Honors Course in Humanities with Global Perspective.
Attributes: GE IV Humanities, Honor Course, LE-K3 Humanities, LE-R2 Global Perspectives, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3-4
Lab/Studio Hours: 0

HNRS 141 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program Honors Course in the Arts.
Attributes: Cultural Diversity Variable, GE IV Humanities, Honor Course, LE-K4 Fine Arts, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 171 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program Honors Course in creativity.
Attributes: Cultural Diversity Variable, Honor Course, LE-S3 Creativity, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only
HNRS 189 Honors Colloquium in Civic, Social, and Environmental Responsibility (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Civic, Social and Environmental Responsibility
Attributes: Honor Course, LE-R3 Civic and Environmental Issues, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3-4
Lab/Studio Hours: 0

HNRS 129 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Social Science and Equity, Diversity and Inclusivity (and Design for Diversity emphasis on traditionally underrepresented racial/ethnic groups).
Attributes: Cultural Diversity Variable, GE III Social Science, Honor Course, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 138 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Humanities with Integration.
Attributes: Cultural Diversity Variable, GE IV Humanities, Honor Course, LE-I1 Integration, LE-K3 Humanities, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 142 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Arts and Equity, Diversity and Inclusivity.
Attributes: Cultural Diversity Variable, GE IVE Humanities-Interdisciplinary Studies, Honor Course, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 147 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Arts and Creativity.
Attributes: Cultural Diversity Variable, GE IV Humanities, Honor Course, LE-K4 Fine Arts, LE-S3 Creativity, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 187 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Global Perspectives and Civic, Social and Environmental Responsibility.
Attributes: Cultural Diversity Variable, GE III Social Science, Honor Course, LE-R2 Global Perspectives, LE-R3 Civic and Environmental Issues, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 188 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Global Perspectives with Integration.
Attributes: Cultural Diversity Variable, GE V University Wide, Honor Course, LE-I1 Integration, LE-R2 Global Perspectives, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 151 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Communication.
Attributes: Cultural Diversity Variable, GE IA Communication-Language Arts, Honor Course, LE-S1 Written and Oral Communication, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 158 Honors Colloquium in Communication with Integration (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Communication with Integration.
Attributes: Cultural Diversity Variable, GE III Social Science, Honor Course, LE-I1 Integration, LE-S1 Written and Oral Communication, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 172 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Creativity with Equity, Diversity, and Inclusivity.
Attributes: Cultural Diversity Variable, GE IV Humanities, Honor Course, LE-R1 Equity, Diversity, and Inclusivity, LE-S3 Creativity, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 187 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program
Honors Course in Global Perspectives and Civic, Social and Environmental Responsibility.
Attributes: Cultural Diversity Variable, GE III Social Science, Honor Course, LE-R2 Global Perspectives, LE-R3 Civic and Environmental Issues, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only
HNRS 324 Honors Colloquium in Social Science with Civic, Social, and Environmental Responsibility (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
Honors Course in Social Science and Civic, Social, and Environmental Responsibility.
Attributes: Cultural Diversity Variable, GE III Social Science, Honor Course, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 325 Honors Colloquium in Social Science with Communication (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
Honors Course in Social Science and Communication.
Attributes: Cultural Diversity Variable, GE III Social Science, Honor Course, LE-K2 Social Sciences, LE-S1 Written and Oral Communication, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 328 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
Honors Course in Social Science with Integration.
Attributes: Cultural Diversity Variable, GE III Social Science, Honor Course, LE-I1 Integration, LE-K2 Social Sciences, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 337 Honors Colloquium in Humanities with Creativity (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
Honors Course in Humanities and Creativity.
Attributes: Cultural Diversity Variable, GE IV Humanities, Honor Course, LE-K3 Humanities, LE-S3 Creativity, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 358 Honors Colloquium in Communication with Integration (3-4 crs)
Prerequisite: Limited to students in the University Honors Program. Minimum sophomore standing.
Upper-level Honors Course in Communication with Integration.
Attributes: Cultural Diversity Variable, GE IA Communication-Language Arts, Honor Course, LE-I1 Integration, LE-S1 Written and Oral Communication, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 378 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors program. Minimum sophomore standing.
Honors Course in Creativity with Integration.
Attributes: Cultural Diversity Variable, GE IV Humanities, Honor Course, LE-I1 Integration, LE-S3 Creativity, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 381 Honors Colloquium (1-4 crs)
Prerequisite: Limited to students in the University Honors program. Minimum sophomore standing.
Upper-level Honors Course in Equity, Diversity and Inclusivity.
Attributes: Cultural Diversity Variable, Honor Course, LE-R1 Equity, Diversity, and Inclusivity, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 389 Honors Colloquium (3-4 crs)
Prerequisite: Limited to students in the University Honors program. Minimum sophomore standing.
Honors Course in Civic, Social and Environmental Responsibility.
Attributes: Cultural Diversity Variable, Honor Course, LE-R3 Civic and Environmental Issues, Service-Learning Variable
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

Honors Special Experience Courses

HNRS 275 Honors Study Abroad Experience-Freshmen and Sophomores (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Freshman or sophomore standing.
Consent: Department Consent Required
Honors study abroad experience for freshmen and sophomores.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 8 credits
Grading Basis: A-F Grades Only

HNRS 295 Honors Directed Study-Freshmen and Sophomores (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Freshman or sophomore standing.
Consent: Department Consent Required
Study of a problem or topic in collaboration with a faculty member in the discipline.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 8 credits
Grading Basis: A-F Grades Only
HNRS 298 Honors Internship Experience-Freshmen and Sophomores (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Freshman or sophomore standing.
Consent: Department Consent Required
Honors internship experience for freshmen and sophomores.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 299 Honors Independent Study-Freshmen & Sophomores (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Freshman or sophomore standing.
Consent: Department Consent Required
Individual research, scholarly, or creative projects under the supervision of a faculty member.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 375 Honors Study Abroad Experience-Juniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Junior standing.
Consent: Department Consent Required
Honors study abroad experience for juniors.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 395 Honors Directed Study-Juniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Junior standing.
Consent: Department Consent Required
Study of a problem or topic in collaboration with a faculty member in the discipline.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 398 Honors Internship Experience-Juniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Junior standing.
Consent: Department Consent Required
Honors internship experience for juniors.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 399 Honors Independent Study-Juniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Junior standing.
Consent: Department Consent Required
Individual research, scholarly, or creative projects under the supervision of a faculty member.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 475 Honors Study Abroad Experience-Seniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Senior standing.
Consent: Department Consent Required
Honors study abroad experience for seniors.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 490 Honors Senior Thesis or Project (1-6 crs)
Prerequisite: Limited to students in the University Honors Program. Senior standing.
Consent: Department Consent Required
Research and writing/preparation of Honors Senior Thesis or Honors Senior Project.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Grade Basis: A-F Grades Only

HNRS 495 Honors Directed Study-Seniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Senior standing.
Consent: Department Consent Required
Study of a problem or topic in collaboration with a faculty member in the discipline.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only

HNRS 498 Honors Internship Experience-Seniors (1-4 crs)
Prerequisite: Limited to students in the University Honors Program. Senior standing.
Consent: Department Consent Required
Honors internship experience for seniors.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section Repeat: Course may be repeated for a maximum of 8 credits Grading Basis: A-F Grades Only
**Academic Policies and Regulations**

Academic policies and regulations apply to all undergraduate students. Students are responsible for knowing and following the policies and regulations stated in this section of the catalog and for satisfying all degree requirements.

**Academic Definitions**

**Credits**

The unit of credit is the semester hour. It is defined as one class hour per week (or its equivalent) for one semester. Thus, a lecture-discussion course, which meets three hours per week ordinarily carries three semester credits. Laboratory and studio classes usually require two hours in class as the equivalent of one semester credit.

**Credit Load**

Since a student is expected to spend approximately two hours in preparation for each hour in the classroom, 15 credits is considered a normal semester load (for the spring and fall semesters, or proportionate amounts for shorter courses) for undergraduates. Eighteen credits is the maximum for which a student may register without obtaining special permission. Registration for more than 18 credits (including audits) may be permitted by the Associate Dean of the College in which the student is enrolled, if the student has a resident GPA of at least 3.00 and if other conditions make the overload advisable. (In the Summer and Winterim Sessions, all specials may take a maximum of as many credits as the number of weeks they are attending.)

**Classification of Students**

**Enrollment Status**

<table>
<thead>
<tr>
<th>Spring and Fall Semesters</th>
<th>Status</th>
<th>Undergraduate</th>
<th>Graduate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time</td>
<td>12 or more credits</td>
<td>9 or more credits</td>
<td></td>

<td>Less than 4 credits</td>
<td>Less than 3 credits</td>
</tr>
</tbody>
</table>

**NOTE:** Audits are excluded from credit totals.

**Full-time Equivalent Enrollment Status**

The following definitions apply to the full-time equivalency (FTE) enrollment status.

**Undergraduate Students**

Students may enroll in a course/internship that is the equivalent of 36 hours per week for 15 weeks (36 hours per week for 11 weeks in the Summer term) to be considered a full-time equivalent for enrollment purposes.

**Graduate Students**

Students may enroll in a course/internship that is the equivalent of 27 hours per week for 15 weeks (24 hours per week for 11 weeks in the Summer term) to be considered a full-time equivalent for enrollment purposes.

**Special Students**

Students who are not formally admitted to the University are classified as special students. Registration as an undergraduate special student and Youth Option/High School special students is limited to twelve credits during fall and spring semesters. During the Summer and Winterim Sessions, all specials may take a maximum of as many credits as the number of weeks they are attending.

**Class Level**

Students attain class level according to the number of semester credits earned:

<table>
<thead>
<tr>
<th></th>
<th>fewer than 30 semester credits</th>
<th>30-59 semester credits</th>
<th>60-89 semester credits</th>
<th>90 or more semester credits</th>
</tr>
</thead>

</tr>
</tbody>
</table>

**Credit-Bearing Certificate Programs**

Certificate programs may be earned by degree-seeking students or by community members who are not pursuing a University degree. Guidelines and standards are identical for both populations.

For those not seeking a degree, these programs offer an opportunity for an individual to earn college credit and advance toward a credential that certifies a significant level of achievement within a prescribed area. As the rate of change in the workplace accelerates, more people find it necessary to engage in continuous learning to meet the challenges of new duties and responsibilities, or career changes. Often the need is for in-depth study that goes beyond what is generally provided in noncredit professional development activities. Credit-bearing certificate programs are of particular value since the program is verified by a university transcript.

For degree-seeking students, a certificate program can be pursued to demonstrate expertise in a particular academic field. Successful completion of a certificate program may serve to satisfy graduation requirements for a second program of study or to add credentials beyond any other required programs.

Certificate programs include a minimum of 12 credits for undergraduate certificates (fifteen credits for graduate certificates) and a maximum of 18 credits. A 2.00 GPA is the university minimum requirement for completion of undergraduate certificate programs (3.0 GPA required for graduate certificates).
At least 25 percent of the credits applied to the certificate program requirements must be taken in residence (50 percent for graduate certificates). Departments/programs or colleges proposing certificate programs have the right to specify

1. admission requirements for entry into a certificate program,
2. minimum GPA requirements for courses included in the program,
3. GPA requirements for certificate completion above the university minimum, and
4. applicability of the S/U option, if any.

Specific certificates and their requirements are listed within the applicable department/program or college section of the catalog.

Registration Overview

The University provides online registration for all students. Each student is assigned a registration time based upon credits earned. A notification that registration times have been assigned is sent to each student via email prior to registration. Students can view assigned registration times on CampS (https://my.uwec.edu/psp/CS90PRD/EMPLOYEE/HRMS/?cmd=login). Registration begins in November for the Spring semester, in October for Winterim, in February for Summer Session, and in April for Fall semester. Advising is required prior to registration for

1. all freshmen and sophomores,
2. juniors and seniors on academic warning or probation,
3. transfers seeking a first degree, and
4. all students with a major in the College of Business regardless of classification or academic standing.

All new degree-seeking students must pay an enrollment deposit prior to registration for Fall, Winterim, Spring, and Summer.

New freshmen register in the summer during their freshman orientation sessions.

Late Registration. A student may enroll for full semester courses after the regular registration period but within the first two weeks of classes. (Permission from both the instructor and the advisor is required during the second week of classes.) Thereafter, any registration must be approved by the Associate Dean of the appropriate College.

Change of Registration. After registration, courses may be added or dropped or sections changed under the regulations established for this purpose by faculty policy.

Adding courses. Students who wish to add courses during the first week of classes may do so using CampS. After the first week of classes, students must obtain the Change of Registration form from Blugold Central and return the completed form to that office.

Withdrawing from courses. A student who wishes to withdraw from a full-semester course during the first two weeks of classes (no record of enrollment) may do so on CampS without the instructor’s or adviser’s signature. After the second week of classes, students must obtain the Change of Registration form from Blugold Central and return the completed form with signatures to that office. Courses that are not a full semester in length, including Winterim and Summer courses, have earlier withdrawal deadlines. These deadlines can be obtained from CampS, or Blugold Central.

A change becomes official only when it has been processed by Blugold Central (See also Withdrawals (p. 41)).

Enrollment of Undergraduates for Graduate Credit

Upon the recommendation of the student’s adviser, course instructor, and chair of the department offering the course, a University of Wisconsin-Eau Claire undergraduate student may be allowed to enroll in a limited number of graduate courses, provided he or she has a 3.00 undergraduate GPA and has the approval of the College Dean. Qualified students may take up to, but not exceed, a total of nine credits of graduate-level course work, unless enrolled in an approved accelerated graduate plan with a dual bachelor’s and master’s degree component. The graduate credits cannot be used to satisfy requirements for the bachelor’s degree, unless enrolled in an approved accelerated graduate plan with a dual bachelor’s and master’s degree component. Application forms for enrollment in graduate courses as an undergraduate may be obtained from Blugold Central.

Auditing Courses

Registering to audit a course permits a student to participate in the class without earning credit. This privilege is helpful to students who wish to review introductory work, especially after a considerable period of absence from the campus. Others choose to audit courses for reasons of personal interest and the enjoyment of learning.

Some courses may be designated by departments or Colleges as unsuitable or unavailable for auditing. In all courses open to auditors, the following conditions apply:

1. Students seeking to register for credit are given priority over auditors.
2. An auditor must pay any basic fee required for auditing under the current tuition rates and any special fees applicable to the course. Auditors who wish to have student ID privileges also pay campus (segregated) fees.
3. Audited courses are included in the student’s credit load for the term when determining overloads. If auditing a class results in an overload (e.g., more than 18 semester credit hours for undergraduates) students need approval of the Associate Dean of the appropriate College.
4. Audited courses are not included in the student’s credit load for the term when determining full- or part-time status (See Classification of Students (p. 39)).
5. Initial registration to audit a course is not included in the total semester registration for the purposes of determining satisfactory academic progress (See Academic Standing and Progress (p. 42)).
6. Enrollment on an audit basis may not be changed to a credit basis, or vice versa, after the approved period for adding classes.
7. The auditor must consult the instructor of the course to determine the conditions for a successful audit. Some courses cannot profitably be audited without participation in class activities; the instructor must indicate how much and what kind of participation is required.
8. Upon successful completion of an audit, the mark of V will be entered on the student’s record. Failure to meet the instructor’s conditions will be recorded as UV; withdrawal from the course will be recorded as WV. These marks are not course grades and are not computed in GPAs.
9. Students who are auditors-only and who do not pay campus (segregated) fees have access limited to the library, computing services, and the nonsegregated fee-funded activities of the student union. No additional fee is charged for such access.
10. Students are not eligible for financial aid for audited courses.
Auditors over age 60 and SSI/SSDI auditors. Residents of Wisconsin who are 60 years of age and older or who meet certain disability requirements may audit courses on a space-available basis at no charge for tuition. Other fees, however, will be assessed. Persons 60 years of age and older as of the first day of classes must show proof of birth date. Persons with disabilities must provide a copy of documents proving eligibility for benefits under the federal Supplemental Security Income (SSI) program or the federal Social Security Disability Insurance (SSDI) program.

Satisfactory/Unsatisfactory (S/U) Registration
Registration for a grade of Satisfactory or Unsatisfactory, instead of the usual letter grades, permits students to venture into elective areas with less risk to GPAs; however, the potential disadvantages should be carefully weighed. Some institutions, particularly graduate and professional schools, will not accept the grade of S in transfer. Furthermore, S/U registration is restricted on many programs at UW-Eau Claire, and the responsibility for determining its acceptability rests with the student.

Eligibility. The option of S/U registration is open only to students with sophomore standing or above and a resident GPA of 2.00 or higher. (Exception: any student may enroll in a physical activity course on the S/U basis.)

Procedures. S/U registration must be designated by the student no later than the approved period for dropping courses with no record.

S/U registration may not be changed to the standard grading system, or vice versa, after the approved period for dropping courses with no record. An S/U course may be dropped in accordance with University rules.

S/U Grades. The grade of S is equivalent to at least a C or above in the standard grading system; it denotes that the student’s work was satisfactory and that credit is granted for the course. The grade of S is not computed in the student’s semester and resident GPAs.

The grade of U indicates work below the level of a C in the standard grading system. No credit is granted. However, the grade of U is not computed in the student’s semester and resident GPAs. When repeating a course initially taken on the S/U basis, the student must also repeat the course on the S/U grade basis (See Repeating UW-Eau Claire Courses (p. 41)).

Reporting of Grades. Instructors will record standard letter grades for all students; the conversion to a grade of S or U will be made by the Registrar.

Restrictions:

1. A student may carry no more than one course on the optional S/U basis for degree credit in any term of enrollment. (Exception: any student in any term of enrollment may enroll in one or more physical activity course(s) on an S/U basis and still take one other degree credit course on an S/U basis. Certain Education field work courses also require multiple S/U enrollments. The student, however, must be otherwise eligible to take the additional degree credit course on an S/U basis.)
2. No more than one course taken on the S/U basis may be counted toward a standard major or a minor. No more than two S/U courses may be counted toward a comprehensive major. Colleges and departments may place further restrictions on major, minor, or professional programs and sequences, and dean’s list criteria also vary by college.

Policy on Remedial Education
New freshmen whose Math Fundamentals (M-FUND) score on the UW System Mathematics placement examination is less than 466 are required to take a remedial mathematics course (MATH 10, MATH 20, or MATH 50). MATH 20 or MATH 50 must be successfully completed before a student has earned 30 credits or registration will be denied.

Repeating UW-Eau Claire Courses
The privilege of repeating course work allows students to attain a satisfactory level of achievement in courses in which they initially encountered difficulties. Because a course can be repeated only once, students will discuss with their academic advisers the reasons for their low grade or W in the course before attempting the course a second time. It is the student’s responsibility to obtain assistance to sharpen their skills or resolve the problems that led to poor performance or noncompletion the first time they took the course. If the low grade was earned in a course which is a prerequisite to another course, students are urged to repeat the prerequisite course before enrolling and risking poor performance in the other course.

The repeat privilege applies only to courses taken at UW-Eau Claire (whether taken originally at UW-Eau Claire or elsewhere) for which a grade of C- or below or a W was initially earned. Registration for a repeated course must be on the same basis (letter grade or Satisfactory/Unsatisfactory) as the original course.

A course in which a grade of C- or below or a W was originally earned may be repeated once. The new grade will replace the previous grade in computing GPAs, but both the initial grade and the repeated grade will appear on the student’s official transcript.

NOTE: In extenuating circumstances, the Associate Dean of a College in which the student is enrolled may give permission for the second repeat of a course. Such permission may be requested upon recommendation of the student’s academic adviser. The Associate Dean determines whether the grade earned in the second repeat will replace previous grades or will be averaged with previous grades earned in that course in computing GPAs. All three grades will appear on the student’s official transcript.

Attendance/Leave
Withdrawals
Withdrawing from a Course. Students who wish to drop a full term course during the first two weeks of classes may do so without their instructors’ or advisors’ signatures. After the second week of classes (or a proportionate period of time for shorter courses—see CampS (https://my.uwec.edu/)) for exact dates), students who wish to withdraw from a course must obtain a Change of Registration form from the Blugold Central, secure the signature of their faculty advisors and instructors for the course, and return the form to Blugold Central. A student is not considered withdrawn from a course until the proper form has been processed by Blugold Central. A student who stops attending a class without withdrawing officially may receive a grade of F for the course, and may owe a repayment on financial aid received.

No withdrawals are permitted after the beginning of the eleventh week of classes. Deadlines are adjusted proportionately for shorter courses, including Winterim and Summer Session courses, except in extenuating circumstances as determined by the Associate Dean of the College in which the student is enrolled. Up to that time, official withdrawals from full term courses are recorded as follows:

During the first two weeks of classes—no record of enrollment.
Third week through the tenth week—recorded as W.

Calendar dates of withdrawal deadlines are published each semester on CampS (https://my.uwec.edu/), on the Registration Calendars (https://www.uwec.edu/
Withdrawing from the University. Undergraduate degree-seeking wishing to withdraw from the University after the start of the term are required to meet with an Advising, Retention & Career Center staff member prior to withdrawing from classes. The advisor will provide the student with the online withdrawal e-form to submit their request to withdraw. Non-degree seeking students, such as special students and post baccalaureate students, may withdraw through the tenth week of classes using the Graduate and Special/Non-degree Seeking Students online withdrawal eform.

If a student withdraws from the University during the first two weeks of classes, only the date of withdrawal will be recorded on their academic transcript and no record of specific course enrollment. If a student withdraws from the University from the third through tenth weeks, the grade of W will be recorded on the academic transcript for each course enrolled and remaining unfinished. The deadline to withdraw from the University is the end of the tenth week of the term.

Students may only withdraw from the University after the deadline in extenuating circumstances as determined by the Associate Dean of the College in which the student is enrolled. A student who stops attending classes without officially withdrawing (at any time in the term) may also receive failing grades.

An undergraduate student who withdraws and is not subsequently subject to suspension may return for the next regular academic semester without making formal application for readmission to the University.

Fee refund deadlines and corresponding amounts of refund can be found on the Business Office website (https://www.uwec.edu/blugold-central/student-finances/refund-schedule/). Financial aid recipients who withdraw before 60 percent of the semester has been completed are subject to federal financial aid repayment regulations and may owe a repayment of aid, even if not entitled to a tuition refund. The amount of aid a student may keep is in direct proportion to the length of time the student remained enrolled during the semester. Assistance is also available from Blugold Central.

Leave of Absence

After one full-term semester of non-enrollment, students remain active and eligible to enroll and will automatically receive an enrollment date to register. Students taking credits while not attending UW-Eau Claire, must send their official transcript upon reenrollment. Transfer work is critical and completed a sufficient amount of coursework.

All students who have been away from the University for two consecutive full-term semesters or more must file a reentry application (https://www.uwec.edu/admissions/other-student/). As a reentry student, a $100 enrollment deposit is not required. Students seeking reentry are encouraged to make application as early as possible prior to the semester in which they wish to return. Reentry after the term starts is not guaranteed. Students returning after an absence of two or more consecutive full-term semesters must meet the degree requirements of the catalog in effect upon their return, or a subsequent catalog.

Military Leave Policy

Currently enrolled students called to active service (involuntary Federal Title 10 activations or transfers) during the course of a semester must choose one of the following options before departing for active service:

1. Withdrawal from all courses with a full refund of tuition and no record of enrollment.
2. Selective withdrawal from one or more courses with a refund of tuition.
3. Incomplete grades awarded at the discretion of the instructor.
4. Final grades may be issued if the instructor determines that the student has completed a sufficient amount of coursework.

A military leave request needs to be submitted to the Dean of Students Office. Students are granted military leave for the entire time of their military commitment.

Class Attendance Policies

All students are expected to attend all class sessions of courses in which they are enrolled. Each faculty member should inform each class in writing at the beginning of the course regarding the use of student attendance in relation to student evaluation procedures.

If a student fails to attend the first class meeting of any course without previously notifying the instructor or the department chair, the student may be dropped from that course so that the vacancy may be filled by another student from a waiting list. It remains the student’s responsibility to determine their own enrollment status. Each department has a policy on first-day class attendance.

Accommodation procedures for this and other circumstances are described on the Dean of Students website (https://www.uwec.edu/kb/article/class-attendance-and-authorized-absence-policies/).

Academic Standing and Forgiveness

Academic Standing and Progress

The University expects each undergraduate (freshman, sophomore, junior, senior, or special student) to maintain a level of academic achievement consistent with University standards and to make reasonable progress toward the completion of a chosen curriculum.

The policies and regulations outlined below define the minimum academic standards of the University. Any College of the University may set a higher standard for admission, retention, or graduation from a degree program.

Good academic standing. The definition of good academic standing includes University standards for satisfactory academic progress during a semester. Academic standing is determined twice each year, once at the end of the fall semester and once at the end of the spring semester. It is not determined at the end of Summer Session or Winterim Session.

A student is in good academic standing at the end of a semester if all the following conditions are met:

1. The student’s resident GPA is 2.00 or higher.
2. The student has earned a semester GPA of 2.00 or higher.

NOTE 1: An excessive number of withdrawals from courses may impact students’ eligibility for acceptance into certain major programs and most types of financial aid. All students should therefore consult their advisors before withdrawing from courses.

Academic Warning. An Academic Warning is the first formal notification that a student has failed to meet one or more of the requirements for good academic standing. The notation “Academic Warning” is placed on the student’s record
at the end of the first semester in which any one or more of the following conditions apply:

1. The student’s resident GPA at the end of the semester is less than 2.00.
2. The student’s semester GPA is less than 2.00, but 1.00 or higher. (See Suspension, below.)

Only one Academic Warning is issued to a student. (See Probation, below.) Students who receive this notification should immediately consult their advisor(s) or the Student Affairs and Dean of Students Office, so that they may obtain assistance in overcoming their academic difficulties.

**Probation.** After receiving one Academic Warning, students will be placed on probation at the end of any subsequent semester in which they again fail to achieve good academic standing. The period of probation is one semester. Students must regain good academic standing by the end of the probationary semester in order to continue in the University. They will be removed from probation upon regaining good academic standing. Students may be placed on probation multiple times should their academic standing require it.

**Suspension.** A student will be suspended from the University under either or both of the following conditions:

1. At the end of a semester of probation, the student has failed to regain good academic standing.
2. At the end of any semester, the student has a semester GPA of less than 1.00. (This regulation applies regardless of the student’s resident GPA.)

A student who has been suspended is ineligible to continue in the University for the period of one semester. Any degree-seeking student who wishes to return to the University after the expiration of the suspension must make formal application for readmittance through the Admissions Office. Special Students who wish to return to the University after the expiration of a suspension need to reapply. Readmittance cannot be guaranteed. If the student is readmitted and fails to regain good academic standing by the end of the first semester after readmittance, a second suspension of one semester will be incurred.

A student who has been suspended for academic reasons may request a review by a faculty committee of the College in which the student was enrolled. If the student can show that extenuating circumstances existed, the committee may recommend to the Associate Dean of the College that the student be reinstated.

Students on suspension may attend the UW-Eau Claire Winterim and Summer Sessions (including the Three-Week Summer Session) as a special student for the purpose of improving their academic records. A suspended student may not enroll as a special student at UW-Eau Claire during the fall or spring semesters until the suspension has expired. A student suspended from UW-Eau Claire may encounter difficulty in attempting to enroll at another institution.

**Policies applying to transfer students.** The credits transferred from other colleges and universities are used to determine the classification of a student as freshman, sophomore, etc. Transfer credits are not used, however, in computing the UW-Eau Claire resident GPA which determines the student’s academic standing in subsequent semesters at UW-Eau Claire (see also Grade Point Requirements, under University Graduation Requirements (p. 51)).

A transfer student admitted in good standing is governed by the policies set forth under Academic Standing and Progress.

A transfer student admitted on probation will be removed from probation if in the first semester at UW-Eau Claire the student achieves good academic standing. Thereafter the student’s status is determined on the same basis as that of a student who was admitted in good standing and who has received an Academic Warning at UW-Eau Claire.

A transfer student admitted on probation will be suspended at the end of the first semester at UW-Eau Claire if at that time the student has failed to achieve good academic standing.

**Policies applying to freshmen admitted on probation.** A freshman admitted on probation will be removed from probation if in the first semester at UW-Eau Claire the student achieves good academic standing. Thereafter the student’s status is determined on the same basis as that of a student admitted in good standing.

A freshman admitted on probation will be suspended at the end of the first semester if at that time the student has not achieved good academic standing.

### Forgiveness of Earlier Academic Record

Returning adult students who have completed university-level course work at UW-Eau Claire or elsewhere five or more years prior to seeking admission or readmission to UW-Eau Claire may be eligible for forgiveness of the earlier academic record. Forgiveness means that grades earned five or more years earlier will not be used in the computation of the total GPA at UW-Eau Claire, although such grades will continue to appear on the student’s official transcript. Upon admission or readmission to UW-Eau Claire, students should meet with their advisors to discuss whether repeating courses or seeking forgiveness is the better alternative for them. If the decision is to seek forgiveness, the following conditions will apply:

1. Students must not have been enrolled in an institution of higher learning for at least five continuous years prior to admission/readmission to UW-Eau Claire except for completion of courses which were a precondition for admission/readmission.
2. After admission/readmission, students must earn a GPA of 2.50 or higher in the first 12 credits, which count toward the minimum degree requirements at UW-Eau Claire before applying for forgiveness.
3. The request for forgiveness must be approved by the student’s advisor, the Department Chair if the student has declared a major, and the Dean of the College in which the student is enrolled. The approved request will be forwarded to the Registrar.
4. If forgiveness is granted, all courses taken five or more years prior to admission/readmission (and the grades received) will continue to appear on the student’s record, but the student’s total GPA will be based solely on credits earned after admission/readmission to UW-Eau Claire.
5. If forgiveness is granted, all credit hours with a grade of “D-” or above earned five or more years before admission/readmission, up to a maximum of 30, may be used to satisfy degree requirements even though they are not included in the student’s total GPA.
6. Forgiveness of grades earned five or more years before admission/readmission may be granted only once.

Both the academic forgiveness policy and application form are available on the Registrar’s website (https://www.uwec.edu/kb/article/registration-academic-forgiveness/).
Grades

Grading System

A system of letter grades is used except when the course is offered only on the Satisfactory/Unsatisfactory basis or when the student has elected that option. (See Satisfactory/Unsatisfactory (S/U) Registration (p. 41).)

Letter Grades

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A, A-</td>
<td>(A = Excellent)</td>
</tr>
<tr>
<td>B+, B, B-</td>
<td>(B = Very Good)</td>
</tr>
<tr>
<td>C+, C, C-</td>
<td>(C = Average)</td>
</tr>
<tr>
<td>D+, D, D-</td>
<td>(D = Passing)</td>
</tr>
<tr>
<td>F</td>
<td>(F = Failing)</td>
</tr>
</tbody>
</table>

Other Marks

<table>
<thead>
<tr>
<th>Mark</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>S</td>
<td>Satisfactory; equivalent to at least a C (credits earned, but not computed in the semester or resident GPA)</td>
</tr>
<tr>
<td>U</td>
<td>Unsatisfactory; equivalent to a C- or below (no credits; not computed in the semester or resident GPA)</td>
</tr>
<tr>
<td>IN</td>
<td>Incomplete (no grade points; not computed in the semester or resident GPA)</td>

<tr>
<td>D</td>
<td>1.00</td>
</tr>
<tr>
<td>D-</td>
<td>0.67</td>
</tr>
<tr>
<td>F</td>
<td>0.00</td>
</tr>
</tbody>
</table>

These grade point values, when multiplied by the number of course credits, give the total number of grade points earned for that particular course. In a three-credit course, for example, a grade of C yields six grade points; a grade of B yields nine; and a grade of A yields 12. The GPA is always truncated to include the two digits after the decimal point. The GPA is not rounded up based on any number from the third digit after the decimal point (if shown).

Resident Grade Point Average. The resident GPA of a student is found by dividing the total number of grade points earned at UW-Eau Claire by the total number of credits attempted. The semester GPA is computed in the same way, using only the grade points earned and the credits attempted during that semester. In computing GPAs, the following are not counted as credits attempted: courses for which S, U, W, or V is received; courses which carry no credit toward graduation (except MATH 10 and MATH 20); repetitions of courses which are eligible for a grade replacement (see Repeating Courses (p. 41)). See also Grade Point Requirements under University Graduation Requirements (p. 51).

Upon Degree Completion. Upon the completion of a degree the GPA is final and is associated with that degree. Any credits earned after the award of a degree is calculated as its own GPA and is not included with the previous degree’s GPA.

Incompletes

An incomplete (IN) is a temporary mark which may be granted when, for reasons acceptable to the instructor, a student has been unable to complete a portion of a course in the normal time period. Both the final grade, and the fact that an incomplete had been assigned and removed will appear on the record.

Procedures. It is the student’s responsibility to initiate a request for an incomplete with the instructor. If the request is approved, the instructor will indicate the conditions for the removal of the incomplete, including the date for submitting all work due, so that it may be evaluated before the reporting deadline. The instructor will submit the incomplete to the Registrar’s Unit, as well as a grade to be recorded as the permanent grade for the course in case the incomplete is not removed.

Removal of Incompletes. An incomplete is removed when the student submits all work due and the instructor reports a new grade for the course. The deadline for the instructor to report the removal of an incomplete is the end of the tenth week of classes of the first regular semester following the granting of the incomplete, regardless of whether the student is enrolled in the University at that time.

If the incomplete has not been removed by the reporting deadline, the default grade submitted with the incomplete will be recorded as permanent unless the instructor authorizes the continuation of the incomplete. If a continued incomplete has not been removed by the reporting deadline (end of the tenth week of classes) in the next semester, it will be replaced by the default grade.

NOTE: The mark of IN (incomplete) is not a course grade. An excessive number of incompletes may affect both the academic standing of students (see Good Academic Standing (p. 42)) and their eligibility for certain types of financial aid.

Progress and Grade Reports

Faculty policy provides that students shall be informed of their progress in the courses for which they are registered. In freshman-level courses, tests, or other means of evaluation should be expected early in the semester (usually at the conclusion of the first four weeks).

Mid-semester Progress Reports. Freshman students will be able to view mid-semester grade reports from each of their instructors, whatever the level of the course. Other students may individually request and receive from each instructor an indication of the general quality of their course work at mid-semester.

Semester Grade Reports. At the conclusion of each term, final grades and academic standing can be viewed on CampS (https://my.uwec.edu).
Academic Distinction
At the conclusion of each term, after grades have been recorded, the Provost/Vice Chancellor awards Academic Distinction, which is reflected on the unofficial transcript.

Full-time students who meet the following criteria are eligible:
1. complete the semester in good academic standing,
2. complete 12 or more credits during the semester, and
3. earn both a semester and resident GPA of 3.20 or higher.

Part-time students who meet the following criteria are also eligible:
1. initially register as part-time students (six to 11 enrolled credits),
2. complete the semester in good academic standing,
3. complete six to 11 credits during the semester, and
4. earn both a semester and resident GPA of 3.20 or higher.

Each college also maintains its own Dean’s List. See the applicable college area for an explanation of Dean’s List criteria.

Final Examinations
Examination week is part of the regular academic semester, and all classes are required to meet as shown in the final examination schedule. Examination schedules are available on the Blugold Central’s website (https://www.uwec.edu/blugold-central/academic-planning/final-common-exam-schedules/) and in CampS. For short courses, including Winterim and Summer, examinations are usually given at the last scheduled meeting of the class. Each course offered for credit is concluded with a final examination, unless the instructor determines that some other method of evaluation is more appropriate to the objectives of the course.

No student will be permitted to reschedule a final examination, unless there are extraordinary circumstances over which the student has no control (e.g. hospitalization or military obligation). Verification of the circumstances must be furnished by the student. A student with three or more examinations scheduled for one day may request the change of an individual examination time. Changes are not allowed for reasons such as an already purchased plane ticket, leaving campus early, a family vacation, or conflict with employment; unless such work commitment existed prior to the publication of the examination schedule.

A request for a change in the time of an individual final examination must be approved by the instructor, the department chair, and the assistant/associate dean of the college in which the course is offered. Make-up examinations must be scheduled during finals week or later and must be arranged by the student with the instructor.

Transcripts
An official transcript of a student’s record will be issued by the Registrar’s office per the student’s online request. No transcripts are released (except when requested by advisers or administrative officers within the University) without the permission of the student. An official transcript cannot be issued until all admission and financial obligations to the University have been met in full.

Unofficial transcripts are available to students for advising purposes and for applying for admission to professional programs. Students may also receive a degree audit report, which is a report of a student’s progress toward fulfilling degree requirements. All documents are available via CampS (https://my.uwec.edu/psp/CS90PRD/EMPLOYEE/HRMS/?cmd=login).

Credit by Examination

Advanced Placement Program
Students who achieve a minimum score of three (3) on any of the advanced placement examinations will receive at least three credits in the appropriate liberal education category. In addition, some academic departments have approved granting specific credit. (NOTE: Course equivalencies are subject to change. Students receive the course equivalency in effect when they matriculate.) Rather than a letter grade, students receive a mark of “CP.” For prerequisite purposes this is equivalent to “a grade of C or above.” Departments may restrict the total number of credits earned by examination applicable toward their majors and minors. In no case may more than half the requirements for a major or minor be fulfilled by means of examination for credit.

Notes:

* WRT 118 Also Required (2 crs.)
^No more than 8 credits can be earned through AP Calculus. In particular, credit is not awarded for MATH 111 in addition to MATH 114 and MATH 215.
~A Calculus AB subscore is reported for the Calculus BC examination. For a subscore of 3 or for a BC score of 3, students will be awarded 4 credits MATH 111. No more than 8 credits can be earned through AP Calculus. In particular, credit is not awarded for MATH 111 in addition to MATH 114 and MATH 215.
+A Calculus AB subscore is reported for the Calculus BC examination. For a subscore of 4 or 5, students will be awarded 4 credits MATH 114. If additionally, the BC score is 4 or 5, then 4 additional credits will be awarded for MATH 215. Credit for MATH 215 will NOT be awarded unless an AB score or subscore of 4 or 5 is reported. No more than 8 credits can be earned through AP Calculus. In particular, credit is not awarded for MATH 111 in addition to MATH 114 and MATH 215.

International Baccalaureate Examinations

The University grants credit for a score of four (4) or higher on all Higher Level International Baccalaureate examinations. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of "CP." For prerequisite purposes this is equivalent to "a grade of C or above". For current equivalencies see the UW Help site (https://uwhelp.wisc.edu/prep-for-college/credits/testing-ap-ib/) or contact Academic Testing (https://www.uwec.edu/academics/academic-support/advising/testing/credit-by-exam/international-baccalaureate/).

College Level Examination Program (CLEP)

The University grants credit for certain examinations offered by the College Level Examination Program (CLEP). These examinations are administered nationwide. At UW-Eau Claire, they are administered by the Academic Testing Office. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of "CP." For prerequisite purposes this is equivalent to "a grade of C or above". For current equivalencies see the Academic Testing webpage (https://www.uwec.edu/academics/academic-support/advising/testing/credit-by-exam/clep-college-level-examination-program/). CLEP exams fall into the following two categories:

**CLEP General Examinations**

The University awards credit for a satisfactory/passing score on the general examinations in Humanities, Natural Sciences, and Social Science/History, which will satisfy one experience in the appropriate LE outcome.

General Examinations should be taken before the student has completed initial enrollment in the University. They must be taken by the time the student has completed 15 semester credits of college work and before enrollment in any courses in the area to be tested. Exceptions to this rule may be made for older students with unique backgrounds. Requests for these exceptions should be directed to the Dean of the College of Arts and Sciences.

**CLEP Subject Examinations**

The University accepts certain subject examinations. Subject (course equivalent) examinations should be taken before a student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. With departmental permission, however, the student may take an examination for a course in which he/she is enrolled provided it is taken before the end of
the first week of classes. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire.

DANTES
The University accepts certain DANTES examinations. A score calculated as a 'B-Grade Equivalent' or better on the exam will be awarded credit. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of "CP." For prerequisite purposes this is equivalent to "a grade of C or above." Course equivalent examinations should be taken before a student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire. For current equivalencies see the Academic Testing webpage (https://www.uwec.edu/academics/academic-support/advising/testing/dantes-subject-standardized-test-dsst/).

Departmental Examinations
Certain departments offer departmentally based examinations for credit. Departments may limit the courses available for credit by examination. Departmental examinations may be taken for a grade or S/U. Departmental examinations should be taken before the student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. With departmental permission, however, the student may take an examination for a course in which he/she is enrolled provided it is taken before the end of the first week of classes. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire.

For information about application procedures and fees, the student should consult with the chair of the department offering the course.
University Graduation Requirements

Baccalaureate Degrees

All candidates for baccalaureate degrees must meet the minimum requirements summarized below. For the specific requirements of each College and each curriculum, consult the appropriate section of this catalog.

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

- Minimum total for graduation: 120
- Upper division credits (courses numbered 300 and higher): 39
- Liberal Education Core (p. 48): 36
- Academic Concentrations (p. 51):
- Grade Point Requirements (p. 51):
  - Total: 2.00 average
  - Resident: 2.00 average
  - Major: 2.00 average
  - Minor: 2.00 average
  - Certificate: 2.00 average

Resident 2.00 average

Major 2.00 average

Minor 2.00 average

Certificate 2.00 average

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit. Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Junior College or Two-Year College Credits

- Total degree credit maximum 72 credits
- Activity credit (band, chorus, drama, KINS 100-184) maximum 4 credits
- Single course band, chorus, drama maximum 4 credits

Other Restricted Credits

- Cooperative Education (Major or minor maximum ½ of total)
- Credit by Examination
  - Total degree credit maximum ¼ of total
  - Major or minor maximum ½ of total

Activity credit (band, chorus, drama, KINS 100-184)

- Total KINS 100-184 maximum 1 credit
- Total Band, chorus, drama maximum 12 credits
- Single course band, chorus, drama maximum 4 credits

Extension credits

- UW-System no maximum
- Other extension/correspondence maximum ¼ of total

USAFI

- Maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

Liberal Education Outcomes

The Liberal Education Core is designed to develop in students the skills, knowledge and values they will need to engage with highly diverse communities in a global society. Through the liberal education core, UWEC hopes to foster in every student the ability to think with intellectual rigor, creativity, and independence, to integrate and apply their knowledge, and to act as humane, thoughtful leaders in the community, the workplace, and the world of ideas. By beginning with the liberal education core and working toward its learning outcomes, students establish a strong, broad foundation around which they will build a rich baccalaureate program. Students can complete the liberal education core requirements both by taking courses and by engaging in out-of-the-classroom learning experiences.

Note: A learning experience comprises specific combinations of learning resources, tools, and activities guided by pedagogical models through which one can identify, to a certain extent, what one has learned. Learning experiences that fulfill students’ liberal education core requirements include both courses and non-course activities. Examples include traditional classroom instruction as well as out-of-the-classroom engagements such as First-Year Seminars and Experiences, Living-Learning Communities, Student-Faculty Collaborative Research, Study and Research Abroad, and Service-Learning.

Knowledge Goal:

Build knowledge and awareness of diverse peoples and cultures and of the natural and physical world through the study of arts, histories, humanities, languages, mathematics, sciences and technologies, and social sciences.

Knowledge 1 (K1) Natural Sciences: Describe and evaluate models of the natural and physical world through collection and scientific analysis of data, and through the use of mathematical or computational methods. Two learning experiences required. One experience in laboratory science must be selected from either Knowledge 1 or Knowledge 2.

Knowledge 2 (K2) Social Sciences: Use knowledge, theories, methods, and historical perspectives appropriate to the social sciences to explain and evaluate human behavior and social institutions. Two learning experiences required. One experience in laboratory science must be selected from either Knowledge 1 or Knowledge 2.

Knowledge 3 (K3) Humanities: Use knowledge, historical perspectives, analysis, interpretation, critical evaluation, and the standards of evidence appropriate to the humanities to address problems and explore questions. Two learning experiences required.

Knowledge 4 (K4) Fine Arts: Use knowledge, historical perspectives, theories, or methods appropriate to the arts to describe their context, function and impact. One learning experience required.

Skills Goal:

Develop intellectual and practical skills, including, for example, inquiry and analysis, critical and creative thinking, written and oral communication, quantitative literacy, information literacy, and teamwork and problem solving.

Skills 1 (S1) Written and Oral Communication: Write, read, speak, and listen effectively in various contexts using a variety of means including appropriate information sources and technologies. Two learning experiences required, one of which must meet the University Writing Requirement (p. 50).

Skills 2 (S2) Mathematics: Use mathematical, computational, statistical, or formal reasoning to solve problems, draw inferences, and determine the validity of stated claims. One learning experience required to meet the University Mathematics Requirement (p. 50). Students are encouraged to satisfy this requirement by the end of the sophomore year.

Skills 3 (S3) Creativity: Create original work, perform original work, or interpret the work of others. One learning experience required, which could be satisfied within a major.

Responsibility Goal:

Apply personal and social responsibility for active citizenship and develop skills needed to thrive in a pluralistic and globally interdependent world.
Responsibility 1 (R1) Equity, Diversity, and Inclusivity: Use critical and analytical skills to evaluate assumptions and challenge existing structures in ways that respect diversity and foster equity and inclusivity. Two learning experiences required, one of which must satisfy the UW System Design for Diversity (p. 50) requirement.

Responsibility 2 (R2) Global Perspectives: Evaluate the impact of systems, institutions and issues in local and global contexts and across cultures. One learning experience required.

Responsibility 3 (R3) Civic and Environmental Issues: Use critical and creative thinking to address civic, social, and environmental challenges. One learning experience required.

Integration Goal:
Integrate learning across courses and disciplines, and between campus and community life.

Integration (I1) Integration: Apply knowledge, skills or responsibilities gained in one academic or experiential context to other contexts. Two learning experiences required, one of which could be satisfied within a major.

Service-Learning Goal:
Students will demonstrate learning through service to their community by applying skills and knowledge gained through university coursework and/or experiences.

30 hours are required to complete Service-Learning (p. 50).

University Writing Requirement
Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102, WRIT 114, WRIT 116, WRIT 118, or WRIT 120) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

All students are encouraged to satisfy the University Writing Requirement before the completion of the sophomore year.

University Mathematics Requirement
Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (S2 (http://catalog.uwec.edu/undergraduate/attribute-S2/)) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (http://catalog.uwec.edu/undergraduate/graduation-requirements/2018_Math_Placement_Web.pdf)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

All students are encouraged to satisfy the University Mathematics Requirement before the completion of the sophomore year.

Design for Diversity
Two learning experiences are required to fulfill the Responsibility 1 Outcome (R1): Equity, Diversity, and Inclusivity requirement. One three credit learning experience must address one or more of the following groups: African Americans, Hispanic Americans, American Indians, and/or Asian Americans, in order to fulfill the UW System Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/) requirement. Some Colleges have identified specific courses that fulfill the requirement for their majors. Students should consult with their advisors for details.

Service-Learning
All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills and become informed, active, and responsible citizens.

A Service-Learning Guidebook is available on the Service-Learning (https://www.uwec.edu/service-learning/) website, which outlines the UW-Eau Claire service-learning mission and graduation requirement, and describes the procedures for completion of the requirement. This information is provided to assist students, faculty/staff members, and community project supervisors in designing and undertaking projects that provide both rich experiences for UW-Eau Claire students and substantial benefits for the community.

Students can meet the service-learning requirements in one of three ways:

Non-credit Option: A student may fulfill the service-learning requirement —without receiving course credit—through work with an on-campus group or off-campus community organization. To fulfill the requirement under this option, students must work with the Center for Service-Learning by filling out an online application. Students may complete projects in the Eau Claire area or elsewhere, individually or in groups, and during the academic year or over break periods. Projects sponsored by local organizations (“community partners”) are posted on the Center for Service-Learning website. Students may also devise their own projects. The Center for Service-Learning must approve a noncredit option project before the student begins the project.

A student pursuing a noncredit option must work with:

1. A community partner supervisor who approves the student’s service-learning project proposal, provides orientation and training for the student’s project and fills out an evaluation at the end of the student’s service hours.
2. A faculty or academic staff mentor who also approves the student’s service-learning project proposal, helps establish learning objectives, and assists the student in attaining those objectives. The mentor also facilitates the student’s reflection upon completion of the project, and certifies the student has met the service-learning requirement.

Military Service: Students in active military service or with an honorable or general discharge from military service are presumed to have met the service-learning graduation requirement. Evidence of military service is provided to the Veterans and Military Education Benefits Office in Blugold Central through a copy of a D.D. 214, D.D. 220, or a transcript from the ACE registry.

Credit Option (http://catalog.uwec.edu/undergraduate/attribute-SL/):

Academic Major: Students in some majors (such as education, nursing and social work) will fulfill the service-learning requirement through
course work required for their major. Students should consult their advisors to determine if this option applies to them.

**Selected Course:** A student may complete a course designated in this catalog or the current Class Schedule as satisfying one-half (15 hours) or the full (30 hours) service-learning requirement. In some courses, the service-learning activity may be optional.

Students seeking more information about the service-learning requirement should consult their advisors or contact the Center for Service-Learning.

**Academic Concentrations**

Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

Acceptable academic program combinations will be determined at the college level.

A student who elects to pursue any combination of majors, minors and/or certificates beyond the minimum required, should be aware of the UW System policy whereby credits earned beyond 165 (or 30 credits beyond the total required for a program, whichever is higher) will be assessed at a higher level of tuition.

A student may present for graduation only those majors, minors, and/or certificates authorized by the faculty of the College in which the degree program is offered. Any deviation from published requirements in any curriculum must have written approval of the Associate Dean of the College from which the student is to be graduated.

**Grade Point Requirements**

Eligibility for graduation is based upon two GPAs, resident and total:

**Resident GPA:** The GPA computed on all UW-Eau Claire course work.

**Total GPA:** The GPA computed on all UW-Eau Claire course work and all transferable course work taken elsewhere.

The Resident and Total GPAs are identical for the student who has completed all course work at UW-Eau Claire. In both computations, GPAs must meet all minimum standards.

A minimum total GPA of 2.00 and a minimum resident GPA of 2.00 is required for graduation from all curricula. Individual Colleges may set higher grade point requirements. These are published, as appropriate, in the College sections of this catalog.

**Major, Minor, Certificate.** Minimum resident and total GPAs of 2.00 are required in the major, minor and certificate. Colleges of the University may set specific requirements for GPAs in their majors, minors, and certificates. Colleges may also require that GPAs in the major, minor, and certificate be computed on all applicable courses attempted by the student in the respective areas.

**Minimum total.** Residence of one year (30 semester credits) is required of all candidates for baccalaureate degrees.

**Senior year.** Twenty-three of the last 30 credits prior to graduation from any curriculum must be earned in residence unless special arrangements have been made by petition to the Associate Dean of the College.

**Major.** At least 12 credits of the upper-division work (300- to 400-level courses) required in a standard major, and 21 in a comprehensive major, must be taken in residence.

**Certificate.** At least 25 percent of the credits applied to the certificate program requirements must be taken in residence.

Credits earned through the National Student Exchange Program, the Health Care practicum, internships, study abroad opportunities, and UW-Eau Claire Internet courses are counted as resident credits.

**Admission to a College or Program**

Admission to the University does not necessarily constitute admission to a particular College or to a degree curriculum offered by a College. Each of the Colleges may set specific admission requirements and procedures, which will be found in the appropriate section of this catalog. As one step toward their degrees, students must be admitted to the College and/or program from which they expect to graduate.

**Graduation Application for Graduation**

Each candidate for a baccalaureate degree must apply for graduation via CampS (https://my.uwec.edu) by the end of the first week of undergraduate priority registration for the semester of intended graduation. Failure to apply for graduation on time may result in the postponement of graduation. Although only two commencement ceremonies are held—May and December, students may graduate in May, August, December, or January.

Please note that UW-Eau Claire Barron County has one graduation ceremony held in May.

**Degree Planning**

Students should consult their academic advisors and develop degree plans as early as possible, so that requirements can be met without delaying graduation. A student may view a Degree Audit at any time on CampS (https://my.uwec.edu). This audit monitors the progress which the student is making toward the declared degree. The Audit is a tool designed to assist the student in course planning. Final confirmation of degree requirements is subject to department, college, and university approval.

A Degree Audit is not designed to serve as a contract—only to provide assistance to the student in planning. Final approval of degree requirements resides with Academic Affairs, but responsibility for meeting these requirements rests primarily upon the individual student.

**Catalog Base for Degree Plan.** In planning their degree programs, students must follow the curricular requirements of the catalog under which they entered UW-Eau Claire or upon notification to their department of a more recent catalog. Students who are absent from the University for two or more consecutive semesters must follow the catalog in effect at the time of their re-entry. Since Degree Audits are computer-generated reports applying an individual student’s enrollment history to degree requirements as stated in the catalog, any deviation from published requirements for the degree must be authorized by a waiver/substitution form signed by the student’s dean.

**University Residency Requirements**

Resident credit is earned by enrolling in UW-Eau Claire courses, both on and off campus.
NOTE: Transfers who enter UW-Eau Claire within two consecutive semesters of leaving another institution may use the catalog in effect at UW-Eau Claire at the time they entered the prior institution.

Commencement Exercises
Candidates for graduation are encouraged to attend commencement ceremonies, which are held two times during the calendar year: at the close of the fall and spring semesters of the academic year. Caps and gowns must be worn by all graduates.

In order to participate in a commencement ceremony, students must file an application for graduation and must meet at least one of the following conditions:

1. completion of all requirements for the bachelor’s or graduate degree, or
2. current enrollment in the courses necessary to complete all requirements.

Students who will complete all requirements for the degree during the first Three-Week Summer Session are August graduates, but may request permission to attend the May commencement ceremony. Students completing all requirements for the degree in January may attend the prior December ceremony; and students completing all requirements in August may attend the following December ceremony.

Graduation with Distinction
Graduation with distinction is conferred at commencement exercises upon eligible students earning a first or second baccalaureate or associate degree. Eligibility is based on both the resident and the total GPAs as defined under Grade Point Requirements. A student must earn in both computations (resident and total GPAs) the minimum GPA required at each of the three levels of distinction listed below and a minimum of 30 credits in residence to be eligible:

<table>
<thead>
<tr>
<th>Distinction Level</th>
<th>Minimum GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summa Cum Laude</td>
<td>at least 3.80</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>at least 3.50</td>
</tr>
<tr>
<td>Cum Laude</td>
<td>at least 3.20</td>
</tr>
</tbody>
</table>

The announcement of graduation with distinction made at the commencement ceremony is based on all work completed prior to the student’s final semester; however, the actual conferral of graduation with distinction will be based on the student’s entire record, including the final semester.

Second Baccalaureate Degree
A graduate who has earned a baccalaureate degree from UW-Eau Claire or another accredited college or university can earn a second baccalaureate degree.

Students who are declared as a double major may not obtain a second baccalaureate degree.

Students who are seeking a second baccalaureate degree should contact the Financial Aid Office to review how this process will affect their financial aid.

It is presumed that the University liberal education core requirements are satisfied by the completion of a baccalaureate degree.

Two degrees may not be awarded in the same term.

The GPA for the second degree will be calculated based on the course work that was completed after graduation from the first baccalaureate degree.

Academic distinction for the second baccalaureate degree is computed based on the credits earned toward the completion of the second degree.

A candidate for a second baccalaureate degree from UW-Eau Claire must satisfy the following graduation requirements:

1. Be admitted to the second baccalaureate degree after completion of the first baccalaureate degree from UW-Eau Claire or another college or university;
2. Have their transcripts reviewed and their plan of study approved by the Associate Dean for the college from which they are seeking the second degree;
3. Obtain 30 credits beyond the first degree, of which at least 23 must be taken in residence;
4. Satisfy all major/minor and other degree-specific requirements of the second degree;
5. Satisfy the UW System Design for Diversity requirement.

Completion After Graduation
Students may, after graduating with a bachelor’s degree from the University of Wisconsin-Eau Claire, complete an additional major or minor. Students may apply for readmission to UW-Eau Claire or apply as a special student. When all course work—which must be taken at UW-Eau Claire—toward the additional major or minor program has been completed, students should contact the Registrar’s Office to initiate a review of the additional information. A statement in the memorandum area of the transcript will be added, noting the completion of such, with the date of completion.
College of Arts and Sciences

Rodd Freitag, Interim Dean (Schofield 220)
Margaret L. Cassidy, Associate Dean—Academic Affairs and Curriculum (Schofield 220)
Marc Goulet, Administrative Officer—Enrollment Management and Student Academic Issues (Schofield 220)

Departments:

- Art & Design (p. 98)
- Biology (p. 123)
- Chemistry and Biochemistry (p. 131)
- Communication and Journalism (p. 144)
- Computer Science (p. 158)
- Economics (p. 165)
- English (p. 171)
- Geography and Anthropology (p. 197)
- Geology (p. 213)
- History (p. 228)
- Languages (p. 235)
- Mathematics (p. 281)
- Music and Theatre Arts (p. 303)
- Philosophy and Religious Studies (p. 340)
- Physics and Astronomy (p. 347)
- Political Science (p. 356)
- Psychology (p. 367)
- Sociology (p. 373)

Programs:

- American Indian Studies (p. 94)
- Latin American and Latinx Studies (p. 265)
- Materials Science (p. 275)
- Watershed Institute for Collaborative Environmental Studies (p. 376)
- Women’s, Gender, and Sexuality Studies (p. 382)

Placement and Competency Information

Placement and Competency Tests

The UW System Mathematics Placement Test and the Foreign Language Placement Tests are given during the orientation periods for new freshmen and transfers. Further information about placement or competency tests is available from the chair of the appropriate department or the Academic Testing Office (https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/).

Registration Requirements

1. All students in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) must successfully complete the University Writing Requirement. This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.

2. All students in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) must successfully complete the appropriate Mathematics Competency requirement for the baccalaureate degree program being pursued. This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.

3. All students who have not completed the Bachelor of Science Mathematics Competency will be considered Bachelor of Arts candidates and must demonstrate competency in a foreign language at the level of a 102 course (i.e., two semesters of college work). This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.

4. All students who transfer to UW-Eau Claire with 59 or fewer earned semester credit hours should meet the appropriate requirements listed in 1, 2, and 3 above as appropriate before registering for any semester or session after they have earned 60 semester credit hours including credits in progress.

5. All students who transfer to UW-Eau Claire with 60 or more earned semester credit hours and who intend to register as a student in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) should meet the requirements listed in 1, 2, and 3 before registering for any semester or summer session.

Planning a Degree Program

To officially declare or change to a new major, minor, or certificate, a student must go to the Advising, Retention + Career Center (http://www.uwec.edu/connect/advising/).

All students are encouraged to obtain a new degree audit during this process. Academic and faculty advisors will be assigned as appropriate.

Joint Degrees with Professional Schools

The Board of Regents has authorized the University to grant the Bachelor of Science or Bachelor of Arts degree to students who have completed three years of residence at UW-Eau Claire and who complete the requirements for a Liberal Arts degree after transfer to a professional school. A maximum of 32 semester credits from the professional school may be applied toward the baccalaureate degree. For information, contact the College of Arts and Sciences Dean’s office (Schofield 220).

Dean’s List

At the end of each semester, the College of Arts and Sciences recognizes excellence in scholastic achievement by publishing the Dean’s List. To be eligible, a student must:

1. be in good academic standing;
2. have a minimum semester GPA of 3.70;
3. have completed at least 12 credits during the semester, with no incompletes, no courses below the 100 level, no repeats, and no Satisfactory/Unsatisfactory registrations (except in degree credit-bearing courses).
courses that are offered only on the S/U grading system, in which a grade of S has been earned).

Students who meet this standard of achievement receive electronic notification and congratulations from the Dean’s Office.

Special Curricular Offerings

Special Topics Courses (291, 391, 491)
Under the numbers 291, 391 and 491, several departments and interdisciplinary programs offer courses in which the topic for study may vary from semester to semester, often focusing on a contemporary issue or taking an innovative approach to a traditional subject. Students and faculty members are invited to recommend topics to appropriate departments/programs. Departments/programs provide basic course information as part of the schedule building process. Topics are announced in the Class Schedule for the semester.

Restrictions: A total of no more than nine credits in Special Topics courses (291, 391, 491) may be applied toward graduation. Special Topics courses may not be applied toward completion of the Liberal Education Core requirements. Departments/programs may further restrict the application of such credits to their majors, minors, and certificates.

Directed Studies (395, 495)
Courses numbered 395 or 495 (and MUSI 496), offered by several departments and interdisciplinary programs under various titles, are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility: Registration for a Directed Studies course requires the permission of the faculty member who agrees to supervise the project and of the department/program offering the course. Any further conditions of eligibility are established by the department/program and published as part of the course description.

Restrictions: A total of no more than six credits of Directed Studies courses may be applied toward graduation. Directed Studies courses may not be applied toward completion of the Liberal Education Core requirements. Departments/programs also may restrict the application of such credits to their majors, minors, and certificates.

Procedures: Registration is initiated through an e-form found on the Registrar’s Office website (https://www.uwec.edu/Registrar/student/stuforms.htm). Approval is required by the professor directing the study and the department chair/program director. When registration has been completed, the Registrar’s Office will file a copy of the project description with the College Dean and in the student’s permanent record.

Internships and Apprenticeships
Internship or apprenticeship experiences can be a valuable component in Arts and Sciences programs. Elective courses designated either as an internship or as an apprenticeship are offered in American Indian Studies, Art, Biology, Chemistry, Communication and Journalism, Computer Science, Criminal Justice, Economics, English, Environmental Public Health, Environmental Studies, Geography, Geology, History, Languages, Latin American Studies, Liberal Studies, Materials Science and Engineering, Mathematics, Music, Philosophy, Political Science, Psychology, Religious Studies, Sociology, Theatre Arts, and Women’s, Gender, and Sexuality Studies.

Departmental Honors Programs
The Departments of Biology, Chemistry and Biochemistry, Computer Science, Economics, English, Geography and Anthropology, Geology, History, Mathematics, Music and Theatre Arts, Philosophy and Religious Studies, Political Science, and Sociology have established Departmental Honors Programs for their majors. The Materials Science Program, as well as majors in Criminal Justice (p. 73) and in Spanish (see the Department of Languages (p. 235)) also offer an Honors Program. See departmental/program listings or the interdisciplinary program section for requirements.

Degrees and Curricula

Bachelor of Arts (B.A.) or Bachelor of Science (B.S.)
The B.A. degree and the B.S. degree are differentiated not by the major chosen, but by specific College requirements. For the standard and comprehensive majors listed below, students may elect either the B.A. or B.S. degree.

College of Arts and Sciences Majors

Standard Majors (Liberal Arts):

American Indian Studies
Art
Biology
Chemistry
Communication
Computer Science
Economics
English
French
Geography
Geology
German
History
Integrated Strategic Communication
Journalism
Latin American and Latinx Studies
Mathematics
Music
Philosophy
Physics
Political Science
Psychology
Public Health
Religious Studies
Sociology
Spanish
Theatre Arts
Women's, Gender, and Sexuality Studies

Comprehensive Majors:

Actuarial Science- Liberal Arts (Department of Mathematics)
Art-Liberal Arts
Biochemistry/Molecular Biology-Liberal Arts (Interdisciplinary)
Biology-Liberal Arts
Chemistry-A.C.S.
Chemistry with Business Emphasis (Department of Chemistry and Biochemistry)
Computer Science-Liberal Arts
Criminal Justice-Liberal Arts (Interdisciplinary)
Geography-Liberal Arts
Geology-Liberal Arts
Geospatial Analysis and Technology-Liberal Arts (Department of Geography and Anthropology)
Materials Science-Liberal Arts
Mathematics-Liberal Arts
Music-Liberal Arts
Neuroscience-Liberal Arts (Interdisciplinary)
Political Science-Liberal Arts
Theatre Arts-Liberal Arts

Bachelor of Science (B.S.)
Comprehensive Major: Materials Science and Engineering

Bachelor of Liberal Studies (B.L.S.)
Comprehensive Major: Liberal Studies-Liberal Arts (Interdisciplinary)

Bachelor of Fine Arts (B.F.A.)
Comprehensive Major: Art

Bachelor of Music (B.M.)
Comprehensive Major: Music

Bachelor of Science in Environmental Public Health (B.S.E.P.H.)
Comprehensive Major: Environmental Public Health (Watershed Institute for Collaborative Environmental Studies)

College of Arts and Sciences

Certificates

Analytical Reasoning (Department of Philosophy and Religious Studies)
Africana Studies (Interdisciplinary)
American Indian Studies (American Indian Studies Program)
Ancient Studies (Interdisciplinary)
Anthropology (Department of Geography and Anthropology)
Arts Administration (Department of Music and Theatre Arts)
Campaign Consulting (Department of Political Science)
Chinese (Department of Languages)
Creative Writing (Department of English)
Critical Hmong Studies (Interdisciplinary)
Critical Studies in Literatures, Cultures, and Film (Department of English)
Computer Programmer (Department of Computer Science)
Dance Activities (Department of Music and Theatre Arts)
Earth Resources (Interdisciplinary)
Economics of Global Issues (Department of Economics)
Ethics (Department of Philosophy and Religious Studies)
French Proficiency (Department of Languages)
Geospatial (Department of Geography and Anthropology)
Geospatial, Geographic Information Systems (Department of Geography and Anthropology)
Geospatial, Mapping (Department of Geography and Anthropology)
Geospatial, Remote Sensing (Department of Geography and Anthropology)
German Proficiency (Department of Languages)
Global and Comparative History (Department of History)
History of Race, Gender, and Society (Department of History)
Integrated Strategic Communication (Department of Communication and Journalism)
Interdisciplinary Linguistics (Interdisciplinary)
International Affairs (Department of Political Science)

A standard Liberal Arts minor is offered in each discipline in which a standard Liberal Arts major is available. In addition, a number of interdisciplinary minors are offered by the College of Arts and Sciences. Program descriptions are found in the College of Arts and Sciences Interdisciplinary section or in the noted academic department/program section.

Ancient Studies (Interdisciplinary)
Art History (Department of Art & Design)
Environment, Society, and Culture (Watershed Institute for Collaborative Environmental Studies)
Environmental Science (Watershed Institute for Collaborative Environmental Studies)
European Studies (Interdisciplinary)
Family Studies (Interdisciplinary)
Global Studies (Interdisciplinary)
Japanese (Department of Languages)
Interdisciplinary Linguistics (Interdisciplinary)
Marine Science (Interdisciplinary)
Middle East Studies (Interdisciplinary)
Multimedia Communication (Interdisciplinary)
Neuroscience (Interdisciplinary)
Pre-Professional Health Science (Interdisciplinary)
Public Health (Interdisciplinary)
Spanish for Health Professions (Department of Languages)
Topical Minor (Interdisciplinary)
Major/Minor, Major/Certificate and Major/Major Combinations in a Single Department or Program.

A major and a minor, or a major and certificate, or two majors (if available), may be elected within a single department or program only in the following approved combinations:

**Department/Program:**

**Art & Design**

Art Major, Studio Emphasis (Code 020-208) and Art History Minor (Code 030-401)

**English**

Creative Writing Major (Code 540-204) and Critical Studies in Literatures, Cultures, and Film Minor (Code 540-409)
Creative Writing Major (Code 540-204) and Critical Studies in Literatures, Cultures, and Film Certificate (Code 540-601)
Creative Writing Major (Code 540-204) and Rhetorics of Science, Technology, and Culture Minor (Code 540-414)
Creative Writing Major (Code 540-204) and Rhetorics of Science, Technology, and Culture Certificate (Code 540-602)
Critical Studies in Literatures, Cultures, and Film Major (Code 540-212) and Creative Writing Minor (Code 540-412)
Critical Studies in Literatures, Cultures, and Film Major (Code 540-212) and Rhetorics of Science, Technology, and Culture Minor (Code 540-414)
Critical Studies in Literatures, Cultures, and Film Major (Code 540-212) and Rhetorics of Science, Technology, and Culture Certificate (Code 540-602)
Linguistics Major (Code 540-205) and Creative Writing Minor (Code 540-412)
Linguistics Major (Code 540-205) and Critical Studies in Literatures, Cultures, and Film Minor (Code 540-409)
Linguistics Major (Code 540-205) and Critical Studies in Literatures, Cultures, and Film Certificate (Code 540-601)
Linguistics Major (Code 540-205) and Rhetorics of Science, Technology, and Culture Minor (Code 540-414)
Linguistics Major (Code 540-205) and Rhetorics of Science, Technology, and Culture Certificate (Code 540-602)
Rhetorics of Science, Technology, and Culture Major (Code 540-211) and Creative Writing Minor (Code 540-412)
Rhetorics of Science, Technology, and Culture Major (Code 540-211) and Critical Studies in Literatures, Cultures, and Film Minor (Code 540-409)
Rhetorics of Science, Technology, and Culture Major (Code 540-211) and Critical Studies in Literatures, Cultures, and Film Certificate (Code 540-601)

**Geography and Anthropology**

Geography Major (Code 140-214) and Anthropology Certificate (Code 470-601)

**Languages**

Any two languages

**Music and Theatre Arts**

Music Major (Code 060-201) and Theatre Arts Minor (Code 061-422)
Music Major (Code 060-201) and Theatre Arts Major (Code 061-223)
Music Major (Code 060-201) and Theatre Arts Certificate (Code 061-601)
Music Major (Code 060-201) and Arts Administration Certificate (Code 060-602)
Music Major (Code 060-201) and Dance Activities Certificate (Code 605-601)
Music Major (Code 060-201) and Recording Arts Certificate (Code 061-601)
Theatre Arts Major (Code 601-223) and Music Minor (Code 060-401)
Theatre Arts Major (Code 601-223) and Arts Administration Certificate (Code 060-602)
Theatre Arts Major (Code 601-223) and Dance Activities Certificate (Code 605-601)
Theatre Arts Major (Code 601-223) and Recording Arts Certificate (Code 061-601)

Philosophy and Religious Studies

Philosophy Major (Code 400-200) and Religious Studies Minor (Code 411-401)
Philosophy Major (Code 400-200) and Religious Studies Major (Code 411-201)
Philosophy Major (Code 400-200) and World Religions Certificate (Code 411-601)
Religious Studies Major (Code 411-201) and Philosophy Minor (Code 400-400)
Religious Studies Major (Code 411-201) and Ethics Certificate (Code 400-601)
Religious Studies Major (Code 411-201) and Analytical Reasoning Certificate (Code 400-602)

Watershed Institute for Collaborative Environmental Studies

Environmental Public Health Comprehensive Major (Code 640-001) and Environment, Society, and Culture Minor (Code 489-401)
Environmental Public Health Comprehensive Major (Code 640-001) and Environmental Science Minor (Code 155-400)
Environmental Public Health Comprehensive Major (Code 640-001) and Public Health Minor (Code 488-401)

Women’s, Gender, and Sexuality Studies

Women’s, Gender, and Sexuality Studies Major (Code 485-201) and LGBTQ Studies Certificate (Code 485-602)

Major/Minor, Major/Certificate and Major/Major Combinations
Not Allowed. Program combinations with too much overlapping disciplinary content (though found in different academic departments or programs) also are not allowed:

English Major, Linguistics (540-205) and Interdisciplinary Linguistics Minor (Code 570-402)
English Major, Linguistics (540-205) and Interdisciplinary Linguistics Certificate (Code 570-601)
Spanish Major, Linguistics (320-206) and Interdisciplinary Linguistics Certificate (Code 570-601)

Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of 5 in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Bachelor of Liberal Studies Degree (B.L.S.)

Bachelor of Liberal Studies

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major
department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Liberal Studies Degree in the College of Arts and Sciences (B.L.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

**Bachelor of Fine Arts Degree (B.F.A.)**

**Bachelor of Fine Arts**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Music Degree in the College of Arts and Sciences (B.M.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in Environmental Public Health (B.S.E.P.H.)

Bachelor of Science in Environmental Public Health

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Science in Environmental Public Health Degree in the College of Arts and Sciences (B.S.E.P.H.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all college-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

Associate of Arts and Sciences

The College of Arts and Sciences offers an Associate of Arts and Sciences Degree that is delivered by UW-Eau Claire and UW-Eau Claire-Barron County faculty. Courses applied to this degree come from a variety of course prefixes and course delivery formats.

The College of Arts and Sciences, UW-Eau Claire, and UW-Eau Claire-Barron County also partner with other UW System campuses and UW Extended Campus in the delivery of the UW Collaborative Online Associate of Arts and Sciences Degree. Courses applied to this degree are offered under the UWX course prefix and are offered in an online format only.

Associate Degrees

- Associate of Arts and Sciences (p. 59)
- UW Collaborative Online Associate of Arts and Sciences (p. 59)

Associate of Arts and Sciences

The Associate of Arts and Sciences Degree certifies a student as having satisfactorily completed one-half of the number of credits required for a baccalaureate degree program and meeting certain curricular requirements.

To earn the Associate of Arts and Sciences Degree the student must:

1. Earn a minimum of 60 semester credits; 40 of these credits must apply to the Liberal Education Core.
2. Earn at least 30 semester credits, including the last 15, at UW-Eau Claire or at UW-Eau Claire—Barron County.
3. Earn a resident and total GPA of at least 2.00.
4. Count toward the degree no more than six credits earned on a Satisfactory/Unsatisfactory basis.
5. Complete the Liberal Education Core Knowledge 1, 2, and 3 Outcome Requirements.
6. Complete one Knowledge 4: Fine Arts Experience or one Skills 3: Creativity Experience.
7. Complete the University Writing Requirement. Complete a second Written and Oral Communication Experience.
8. Complete the University Mathematics Requirement.
10. Complete one Global Perspectives Experience or one Civic and Environmental Issues Experience.
12. Declare one’s intention to graduate with the Associate of Arts and Sciences Degree by contacting the UW-Eau Claire Degree Review (https://www.uwec.edu/blugold-central/academic-planning/graduation/) office.

UW Collaborative Online Associate of Arts and Sciences

(Code 050-501)

As a fully online degree program, the UW Collaborative Online Associate of Arts and Sciences (AAS) Degree provides expanded access to higher education for students across the state, country, and world. It can serve as a foundational degree for bachelor’s degree programs within and outside of the UW System.

I. Eligibility

- Available only to UWEC-Barron County students.

II. General Associate of Arts and Sciences (AAS) Degree Requirements

- Minimum of 60 credits required. At least 24 of the 60 credits must be earned in the UW Collaborative Online AAS Degree program.
- Grade point average (GPA) of at least 2.0 earned cumulatively in the UW Collaborative Online AAS Degree program, and at least a 2.0 overall GPA in credits applied to the AAS.
- The AAS general education requirements must be fulfilled.

III. AAS Credit and Course Requirements

A. Distribution of Credit Requirements
A student must complete:

1. UWX EN102 (3 credits) with a grade of C or higher. (Note: Depending on English placement, you may be required to take UWX EN098 prior to enrolling in UWX EN101). Similarly, depending on English placement, you may be required to take UWX EN098 prior to enrolling in UWX EN101).
2. Three (3) additional credits of EC coursework.

B. Knowledge of the Natural World (NW)
Courses focus on concepts and applications related to the natural and physical sciences and mathematics.

C. Critical and Creative Thinking (CC)
Courses extend students’ abilities to analyze issues and produce responses that are both logical and innovative.

D. Effective Communication (EC)
Courses support and assess students’ development of reading, listening, speaking, information literacy, and/or writing proficiencies.

A student must complete:

1. UWX EN102 (3 credits) with a grade of C or higher. (Note: Depending on English placement, you may be required to take UWX EN101 as a prerequisite for UWX EN102. Similarly, depending on English placement, you may be required to take UWX EN098 prior to enrolling in UWX EN101).
2. Three (3) additional credits of EC coursework.

E. Intercultural Knowledge and Competence (IK)
Courses prepare students to live and work in diverse contexts. Courses with this degree designation focus on building cross-cultural communication, interaction, and empathy with people from diverse backgrounds and cultures.

F. Individual, Social and Environmental Responsibility (ER)
Courses provide the foundation for lifelong learning and the intellectual tools for engaging ethically as members of society.

V. Depth Requirement
The UW System Associate Degree Standards require each student to complete "a two-course sequence in which the first course provides the foundation for the second." This requirement is fulfilled by taking a disciplinary depth sequence identified by the program. One or both courses may be transferred in from another institution.

Sets of courses in a depth sequence must meet the following criteria:

1. Both courses are at least three credits.
2. Learning from the first course lays a foundation for learning in the second course. However, the foundation course does not need to be a prerequisite for the second course.
3. The depth requirement does not include skills courses that lay a foundation for academic literacy (UWX MA091, UWX MA093, UWX EN098, and UWX EN101).

The following sequences satisfy the Depth Requirement: UWX BU101, UWX BU101, UWX BU101, UWX EN102, UWX EN250, UWX EN278; UWX PH121, UWX PH237; UWX PS101, UWX PS250; UWX SC101, UWX SC231; UWX MA116, UWX MA221.

VI. Quantitative Literacy (QL)
A student must complete a minimum of three credits of QL coursework, i.e. UWX MA108, UWX MA116, or UWX MA117 with a C or better. Quantitative literacy courses may fulfill breadth and depth degree requirements.

VII. Laboratory Science (LS)
A student must complete at least one laboratory science course. LS courses normally fulfill a general education breadth requirement. In laboratory science courses, students engage in empirical study of the natural world to enhance learning.

VI. Ethnic Studies/Diversity
A student must complete three credits of Ethnic Studies/Diversity coursework. Courses fulfilling this requirement have a substantial emphasis on cultural diversity issues and ethnic minorities within the United States.

UWX AN100 Introduction to Anthropology (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
This course introduces you to basic principles and concepts of anthropology and its four subfields — Physical/Biological, Archaeology, Socio-Cultural and Linguistic. The goal of this course is to provide students a better understanding of the differences and similarities that exist among human societies and cultures of which they are a part.
Attributes: HC - Knowledge of Human Cultures
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX AR175 : Worlds of Art (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Introduction visual arts for the non-art major. This Ethnic Studies (ES) course will focus on art created by marginalized groups in the U.S. and their ethnic heritage. Multicultural perspectives will be explored – specifically the impact race, ethnicity, and gender identity have on artistic production, art criticism, art philosophies and aesthetics.
Attributes: HC - Knowledge of Human Cultures; ES – fulfills Ethnic Studies/ Diversity requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0
UWX BL101 : Concepts of Biology (4 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
An introduction to the fundamental principles of living organisms. Topics include cell structure and function, growth, basic physiological processes of living organisms, reproduction and inheritance, classification systems, evolution, and diversity of life.
Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2

UWX BU101 : Introduction to Business (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Credit cannot be earned in both UWX BU101 and BSAD 100.
Provides a broad overview of the environment, principles, and functions of business. Students will gain an understanding of business terminology and practices essential for success in industry. Students will learn about functional areas of business such as economics, management, marketing, technology, accounting and finance.
Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX CH114 : Chemistry in the Kitchen (4 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Explores the chemistry of food at a beginning level, including structure of molecules, interactions between molecules, and how foods change in the cooking process. Labs use kitchen materials, and include measurement, phase change, denaturation, extraction, and energy studies.
Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX CH140 : General Chemistry I Lab (1 cr)
Prerequisite: Limited to UWEC-Barron County Programs. CH144 or concurrent enrollment.
Credit cannot be earned in both UWX CH140 and CHEM 106.
UWX CH 140 can be used as a prerequisite where CHEM 106 is required.
An introduction to chemistry including matter and energy, atomic and molecular structure, bonding, reactions and stoichiometry, gas laws, and changes of state. This course is primarily designed for natural science, pre-health, and occupational and environmental safety majors needing two or more semesters of chemistry.
Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement
Lecture/Discussion Hours: 0
Lab/Studio Hours: 2

UWX CH144 : General Chemistry I (4 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA116 or equivalent.
Credit cannot be earned in both UWX CH144 and CHEM 105.
UWX CH144 can be used as a prerequisite where CHEM 105 is required.
An introduction to chemistry including matter and energy, atomic and molecular structure, bonding, reactions and stoichiometry, gas laws, and changes of state. This course is primarily designed for natural science, pre-health, and occupational and environmental safety majors needing two or more semesters of chemistry.
Attributes: NW - Knowledge of the Natural World
Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

UWX CM101 : Introduction to Public Speaking (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Credit cannot be earned in both UWX CM101 and CJ 202.
UWX CM101 can be used as a prerequisite where CJ 202 is required.
This course offers communication experiences intended to improve students’ public speaking and listening skills across a broad spectrum of situations including intercultural communication, public communication, small group communication and interpersonal communication.
Attributes: EC - Effective Communication
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX CM213 : Intercultural Communication (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Credit cannot be earned in both UWX CM213 and CJ 301.
UWX CM213 can be used as a prerequisite where CJ 301 is required.
This course introduces students to the complex relationship between culture and communication. The role of communication and context (social, cultural, historical) in intercultural interactions is exemplified through multiple perspectives. In addition, issues surrounding theory development, such as ethical considerations and dialogues on opposing perspectives are examined.
Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic Studies/Diversity requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN098 : Introduction to College Writing (3 crs)
In this course, you will learn many of the fundamentals of computer programming. These include (but are not limited to): The vocabulary of computer programming, Algorithms, Use of computer programming to solve problems, Fundamental control structures, and Function/Procedure-writing.
Attributes: CC - Critical and Creative Thinking
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EC203 : Macroeconomics (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. MA093 or equivalent.
In this course, you will learn many of the fundamentals of computer programming. These include (but are not limited to): The vocabulary of computer programming, Algorithms, Use of computer programming to solve problems, Fundamental control structures, and Function/Procedure-writing.
Attributes: CC - Critical and Creative Thinking
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0
Prerequisite: Limited to UWEC-Barron County Programs.
- Credit cannot be earned in both UWX EN098 and WRIT 99.
- UWX EN098 can be used as a prerequisite where WRIT 99 is required.

A composition course focusing on the conventions of academic writing, the composing process, critical thinking, and critical reading. Emphasis will be on reading and writing activities designed to prepare students for successful transition to college-level writing.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN101: College Writing and Critical Reading (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in EN098 or placement into EN101.

A composition course focusing on academic writing, the writing process, and critical reading. Emphasis will be on essays that incorporate readings.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN102: Critical Writing and Research (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in EN101 or placement into EN102.
- Credit cannot be earned in both UWX EN102 and WRIT 116.
- UWX EN102 can be used as a prerequisite where WRIT 116 is required.

A composition course focusing on researched academic writing that presents information, ideas, and arguments. Emphasis will be on the writing process, critical thinking, and critical reading.

Attributes: EC - Effective Communication

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN203: Creative Writing (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. EN101 or placement into EN102.
- Credit cannot be earned in both UWX EN203 and ENGL 220.
- UWX EN203 can be used as a prerequisite where ENGL 220 required.

In this workshop-based course, students will read creative writing and produce their own original works. Students will share drafts of their work in process with peers, revise their work based on feedback, and write reflectively and analytically about their own processes and products.

Attributes: CC - Critical and Creative Thinking

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN210: Business Communication (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.

This course teaches students to effectively communicate in a variety of business settings. Students write messages, reports, proposals, and other professional documents. Students also plan and present an oral report.

Attributes: EC - Effective Communication; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN250: Introduction to Literature (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. EN101 or placement into EN102.
- Credit cannot be earned in both UWX EN250 and ENGL 150.
- UWX EN250 can be used as a prerequisite where ENGL 150 is required.

An introduction to the discipline of literary studies through its fundamental approaches to reading, interpreting, and writing about a variety of texts, ranging from the classic to the contemporary with the goal of understanding, appreciating, and enjoying literature.

Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN278: Multicultural Literature in the United States (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. EN101 or placement into EN102.

A study of literature written by, and expressing the perspectives of, writers from minority groups in the United States. The course includes readings by contemporary writers focusing on the experiences of African, Asian, Hispanic, and Native Americans through their essays, poetry, fiction, and drama. As an interdisciplinary course, the literature is read in the context of American history and culture.

Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic Studies/Diversity requirement; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX E5105: Introduction to Environmental Studies (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.

This course presents an overview of the interrelationships between humans and the environment. The material presented in the first part of the course focuses on important ecological concepts. The remainder of the course deals with human influence on the environment. The ecological concepts are used throughout to identify, understand, and provide a basis for proposing possible solutions to contemporary environmental problems. Overall, this course will provide the student with a better understanding of how humans can more positively affect the environment in which they live.

Attributes: ER - Individual, Social and Environmental Responsibility

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX FN210: Personal Finance (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
- Credit cannot be earned in both UWX FN210 and FIN 135.
- UWX FN210 can be used as a prerequisite where FIN 135 is required.

Topics covered include reflection on personal priorities and values, identifying the social and environmental impacts of our consumer culture, consumerism, identifying important life and financial goals, principles of personal money management and financial planning, use of credit, budgets, insurance, buying a home, creating an estate, and providing for retirement.

Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX GE170: Disasters—Living on the Edge (4 crs)
Prerequisite: Limited to UWEC-Barron County Programs.

Study of various environmental hazards, their causes, impacts on humans, and mitigations. Core topics are natural hazards (earthquakes, flooding, tornadoes, hurricanes), and anthropogenic hazards (climate change, nuclear hazards,
overpopulation). Additional topics may be covered: coastal hazards, pollution, other atmospheric hazards, impacts from space, extinctions, biohazards, chemical hazards, and terrorism.
Attributes: NW - Knowledge of the Natural World; QL – fulfills Lab Science requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2

UWX GS101 : Introduction to Gender, Sexuality, and Women’s Studies (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX GS101 and WGSS 100.
• UWX GS101 can be used as a prerequisite where WGSS 100 is required.
This interdisciplinary course exposes students to the breadth of diverse bodies, minds, and backgrounds that exist in the US. Students gain understanding about how they exist within, and contribute to, our country's diversity and will be better prepared to think and react critically to contemporary issues surrounding diversity.
Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic Studies/Diversity requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX HE209 : Nutrition and Weight Management (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX HE209 and BIOL 196.
• UWX HE209 can be used as a prerequisite where BIOL 196 is required.
Through the lens of the natural sciences, this course will examine the basic principles of nutrition, digestion, and metabolism. Students will interpret and analyze the effects of these principles on one’s diet, weight, fitness level, and overall health. Students will reflect upon the conclusions drawn from the data, with the goal of integrating healthy behaviors into their personal lifestyle.
Attributes: NW - Knowledge of the Natural World
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX HS102 : US History Since 1877 (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX HS102 and HIST 115.
• UWX HS102 can be used as a prerequisite where HIST 115 is required.
A survey of American political, economic, social, and intellectual history from the era of the Civil War to the present. This Ethnic Studies (ES) course thoroughly integrates the historical experiences and contributions of racial and ethnic minorities within US society, fostering an understanding and appreciation at least two groups.
Attributes: HC - Knowledge of Human Cultures; ES – fulfills Ethnic Studies/ Diversity requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX HS127 : The World in the 20th Century (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
The goal of this course is to develop an understanding of human history since 1900. In this endeavor, students will engage questions of what constitutes historical knowledge, how historical analysis and narratives are constructed, and to what purpose.
Attributes: IK - Intercultural Knowledge and Competence
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX LB103 : Diversity in the US (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
This interdisciplinary course exposes students to the breadth of diverse bodies, minds, and backgrounds that exist in the US. Students gain understanding about how they exist within, and contribute to, our country's diversity and will be better prepared to think and react critically to contemporary issues surrounding diversity.
Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic Studies/Diversity requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA091 : Elementary Algebra (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX MA091 and MATH 10.
• UWX MA091 can be used as a prerequisite where MATH 10 is required.
Intended for students with little or no previous algebra experience. Topics include the real number system, operations with real numbers and algebraic expressions, linear equations and inequalities, polynomials, factoring, graphing linear equations, and an introduction to quadratic equations.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA093 : Intermediate Algebra (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA091 or placement into MA093.
• Credit cannot be earned in both UWX MA093 and MATH 20.
• UWX MA093 can be used as a prerequisite where MATH 20 is required.
Emphasizes algebraic techniques with polynomials, fractional expressions, exponents and radicals, linear and quadratic equations and inequalities. Introduction to functions, their graphs, and analytic geometry.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA108 : Quantitative Reasoning (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA091 or placement into MA108.
Intended to develop analytic reasoning and the ability to solve quantitative problems. Topics include construction and interpretation of graphs, functional relationships, descriptive statistics, math of finance, and exponential growth. Appropriate use of units and dimensions, mathematical notation and available technology emphasized throughout the course.
Attributes: NW - Knowledge of the Natural World; QL – fulfills Quantitative Literacy requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA113 : Trigonometry (2 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA116 or placement into MA113.
• Credit cannot be earned in both UWX MA113 and MATH 113.
• UWX MA113 can be used as a prerequisite where MATH 113 is required.
Trigonometric functions, their basic properties and graphs, identities, inverse trigonometric functions, solving trigonometric equations, solutions of triangles.
Attributes: NW - Knowledge of the Natural World
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

UWX MA116 : College Algebra (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA093 or placement into MA116.
> Credit cannot be earned in both UWX MA116 and MATH 109.
> UWX MA116 can be used as a prerequisite where MATH 109 is required.
The study of the properties of elementary functions, such as polynomial, absolute value, piecewise, radical, rational, exponential, and logarithmic functions. Topics include equations, inequalities, functions, and their graphs. Students will formulate, analyze, solve, and interpret mathematical and real-world problems. This course is intended to provide algebra skills required for calculus.
Attributes: NW - Knowledge of the Natural World; QL – fulfills Quantitative Literacy requirement; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA117 : Elementary Statistics (4 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA093 or MA108, or placement into MA116.
> Credit cannot be earned in both UWX MA117 and MATH 246.
> UWX MA117 can be used as a prerequisite where MATH 246 is required.
An introduction to statistics including the collection and analysis of data, descriptive statistics, both graphical and numerical, elementary probability, general and sampling distributions, and the fundamentals of statistical inference, including confidence intervals and hypothesis testing, simple regression, correlation, Chi-square goodness of fit and one-way ANOVA.
Attributes: NW - Knowledge of the Natural World; QL – fulfills Quantitative Literacy requirement
Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

UWX MA221 : Calculus I (5 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA116 and MA113, or placement into MA221.
> Credit cannot be earned in both UWX MA221 and MATH 114.
> UWX MA221 can be used as a prerequisite where MATH 114 is required.
Based on the study of real valued functions of a single variable. Course topics include limits and continuity, derivatives, antiderivatives, definite integrals and Riemann sums. Applications of differentiation and integration also covered.
Attributes: NW - Knowledge of the Natural World; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 5
Lab/Studio Hours: 0

UWX MU278 : Rock and Roll Roots (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
> Credit cannot be earned in both UWX MU278 and MUSI 112.
> UWX MU278 can be used as a prerequisite where MUSI 112 is required.
Rock and Roll evolved from blues, jazz, gospel, and several folk musical genres. This course reveals the connections between, and fusion of, these diverse musical styles and how they influenced the nearly 70 years of Rock and Roll history.
Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic Studies/Diversity requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PH121 : Critical Thinking (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Critical thinking is the process of identifying, analyzing, evaluating, and constructing reasoning in deciding what conclusions to draw or actions to take. This course will help you to master an approach to critical thinking that will allow you understand how others think and enable you to think more clearly.
Attributes: CC - Critical and Creative Thinking; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PH237 : Technology, Values, and Society (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
A philosophical investigation of technology and its relation to society and the individual. An examination of ethical issues in technology, which may include freedom, censorship, privacy, equality, democratic participation, intellectual property, education, law enforcement, institutional change, and work.
Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PL104 : Introduction to American Government and Politics (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Credit cannot be earned in both UWX PL104 and POLS 110.
Credit cannot be earned in both UWX PL104 and POLS 110.
Examines how the American political system works, with emphasis on the U.S. Constitution, civil and political rights, the party system, elections, and the structure, powers, and processes of Congress, the presidency, and the courts.
Attributes: HC - Knowledge of Human Cultures
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PS101 : General Psychology (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Credit cannot be earned in both UWX PS101 and PSYC 100.
Credit cannot be earned in both UWX PS101 and PSYC 100.
This introductory behavioral science course emphasizes the history of the field of psychology, research methods, the biological basis of behavior, human cognition, human development, social behavior, and mental health.
Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PS101 : General Psychology (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Credit cannot be earned in both UWX PS101 and PSYC 100.
Credit cannot be earned in both UWX PS101 and PSYC 100.
This introductory behavioral science course emphasizes the history of the field of psychology, research methods, the biological basis of behavior, human cognition, human development, social behavior, and mental health.
Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PS250 : Lifespan Psychology (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C- or above in PS101.
Credit cannot be earned in both UWX PS250 and PSYC 230.
Credit cannot be earned in both UWX PS250 and PSYC 230.
This introductory behavioral science course emphasizes the history of the field of psychology, research methods, the biological basis of behavior, human cognition, human development, social behavior, and mental health.
Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0
This course presents a survey of human development theories and research. Topics include the biological, cognitive, emotional, and social development of the individual from the prenatal period through old age. Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

**UWX RE101 : Introduction to Religion (3 crs)**
Prerequisite: Limited to UWEC-Barron County Programs.
- Credit cannot be earned in both UWX RE101 and RELS 110.
- UWX RE101 can be used as a prerequisite where RELS 110 is required.
This course introduces a number of the world’s major religious traditions (Hinduism, Buddhism, Confucianism, Christianity, Judaism, and Islam) as well as several ways of studying these religions (anthropology, psychology, sociology, phenomenology, and economic approaches).
Attributes: HC - Knowledge of Human Cultures
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

**UWX SC101 : Introduction to Sociology (3 crs)**
Prerequisite: Limited to UWEC-Barron County Programs.
- Credit cannot be earned in both UWX SC101 and SOC 101.
- UWX SC101 can be used as a prerequisite where SOC 101 is required.
Examines social relationships in a systematic way. Studies people’s interactions with each other on a personal level, within and across social organizations, and across larger social systems.
Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

**UWX SC231 : Crime and Criminal Justice (3 crs)**
Prerequisite: Limited to UWEC-Barron County Programs.
- Credit cannot be earned in both UWX SC231 and CRMJ 103.
- UWX SC231 can be used as a prerequisite where CRMJ 103 is required.
Examines the American systems of Criminal Law and Justice in socio-historical context. Presents the three branches of the Criminal Justice system (Law Enforcement, Courts, Corrections) and critiques them against the backdrop of five cultural philosophies of criminal justice. Explores how crime is defined and measured, and how social sciences theorize causes of crime and crime patterns.
Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

**UWX SP101 : First Semester Spanish (4 crs)**
Prerequisite: Limited to UWEC-Barron County Programs.
- Credit cannot be earned in both UWX SP101 and SPAN 101.
- UWX SP101 can be used as a prerequisite where SPAN 101 is required.
This course is designed for students who have had little or no previous training in the language. The fundamentals of pronunciation and grammar are presented through reading, writing, speaking, and listening activities created to introduce students to both the Spanish language and the cultures of Spanish-speakers in the US and abroad.
Attributes: IK - Intercultural Knowledge and Competence
Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

**UWX SS310 : Media Literacy (3 crs)**
Prerequisite: Limited to UWEC-Barron County Programs.
Designed to help students develop an informed, critical and practical understanding of the media. Examines examples of media messages including entertainment, commercial and social media to critically evaluate the sources and target audiences.
Attributes: CC - Critical and Creative Thinking
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

### Pre-Professional Programs

Pre-professional programs help students prepare for entrance into professional degree programs. Many professional degree programs are offered only at the post-baccalaureate level, so an undergraduate degree is needed before enrolling in them. UW-Eau Claire offers a variety of academic majors that provide excellent preparation for applying to such professional programs. Students interested in these programs should select an academic major that will prepare them to compete for such programs (many are highly selective) as well as provide career alternatives. For other professional degree programs, students transfer to another higher education institution to complete the appropriate professional degree.

Pre-professional programs are not academic degree programs (that is, they are not academic majors, minors, or certificates). Instead, pre-professional programs provide an organized approach to academic advising for students intending to apply to a professional degree program. To enhance academic planning and preparation while enrolled at UW-Eau Claire, a student interested in obtaining a professional degree should:

- Work with a pre-professional advisor who can help plan an appropriate curriculum in the field of interest.
- Obtain information from other colleges/universities regarding specific academic requirements for the professional degree program of interest.
- Declare an academic major that is logically connected to the professional field, and work with an advisor in the academic major.

### Pre-Dentistry

**Code 705-900**

Advisors: W. Gallagher (Chemistry), J. Halfen (Chemistry), J. Lyman Gingerich (Biology).

Students should plan to spend at least three years in pre-professional work. Many pre-dentistry students complete a B.S. degree in biology or chemistry.

A typical first-year program includes:

Select one of the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 103 &amp; CHEM 104</td>
<td>General Chemistry I and General Chemistry II</td>
</tr>
<tr>
<td>CHEM 105 &amp; CHEM 106 &amp; CHEM 109</td>
<td>General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab</td>
</tr>
<tr>
<td>CHEM 115 &amp; CHEM 213</td>
<td>Chemical Principles and Quantitative Analysis</td>
</tr>
</tbody>
</table>
Required:

BIOL 221 Foundations of Biology I 4
MATH 109 Algebra for Calculus (and/or MATH 112/MATH 113, and/or MATH 114) 4
PSYC 100 Introduction to Psychology 3

Completion of University Writing Requirement

Advanced courses

Select one of the following: 9-10

PHYS 211 General Physics
& PHYS 212 and General Physics

OR

PHYS 231 University Physics I
& PHYS 232 and University Physics II

Required:

CHEM 325 Organic Chemistry I with Laboratory 4
CHEM 326 Organic Chemistry II with Laboratory 4

Consult an advisor for further recommendations.

NOTE: Students should plan on taking the DAT (Dental Admissions Test) in the late spring or early summer of the year prior to the year for which they are seeking to matriculate in dental school.

Pre-Engineering
(Code 195-900)

Advisors:
Chemical—S. Drucker (Chemistry).
Civil—L. Ford (Physics and Astronomy).
Electrical—M. Evans (Physics and Astronomy).
General—M. Evans (Physics and Astronomy), L. Ford (Physics and Astronomy).
Mechanical—M. Evans (Physics and Astronomy).

NOTE: High school preparation should include as much algebra, trigonometry, and advanced mathematics as possible as well as courses in chemistry and physics.

Students should plan to transfer after two years at UW-Eau Claire unless they decide to pursue the Dual Degree Engineering Emphasis in Physics or the Dual Degree Geological Engineering Emphasis in Geology.

Required freshman and sophomore courses include:

MATH 114 Calculus I 4
MATH 215 Calculus II 4
MATH 216 Calculus III 4
PHYS 231 University Physics I 5
PHYS 232 University Physics II 5

Many fields of engineering also require chemistry, statics, dynamics, differential equations, and computer programming. Students should be aware that many engineering schools require GPAs of 2.50 or higher to be admitted to the junior year. Consult a pre-engineering advisor, because specific course and grade requirements vary among engineering fields as well as among schools of engineering.

Pre-Law
(Code 425-900)

Advisors: M. Gilkison (Political Science), E. Kasper (Political Science), M. Meyer (Philosophy and Religious Studies), P. Myers (Political Science).

Students should plan to complete a baccalaureate degree before applying for law school admission and may choose from any major program of study. Choice of major and minor fields should be done with the following in mind, including consideration of an alternative career plan. In addition to meeting with their major advisor, students should meet with one of the Pre-law advisors early in their first semester. The American Bar Association recommends that future lawyers select a major that develops skills in reading and interpreting texts, research and writing. The skills most valued in law school are analytic and problem-solving skills and courses that challenge the student in these areas are recommended. Law school admissions are based on successful completion of the undergraduate degree and scores on the Law School Admission Test (LSAT), along with other criteria set by particular programs. Studies show that students in the following majors consistently score highly on the LSAT: Economics, Finance, History, Literature, Philosophy, Physics/Math, Political Science, and Religious Studies.

Courses which are recommended, regardless of major, are:

ACCT 201 Introduction to Accounting 3
ANTH 422 Anthropology of Law 3
BSAD 305 Legal and Regulatory Environment 2
or BSAD 306 Business Law 3
ECON 103 Principles of Microeconomics 3
ECON 104 Principles of Macroeconomics 3
ENGL 201 Advanced College Writing 3
MATH 111 A Short Course in Calculus (and/or MATH 246) 4
PHIL 150 Logic and Critical Thinking 3
PHIL 310 Philosophy of Law 3
POLS 110 American National Politics 3
POLS 305 Survey of U.S. Constitutional Principles 3

Other courses dealing with the American political system
U.S. and world history courses
Ethics courses

Students may want to consider majoring in the Legal Studies emphasis in the Political Science Comprehensive Major or creating a topical minor in pre-law. To obtain Pre-Law designation, contact the Political Science department chair. This designation is in addition to major, minor, and certificate program designations.

NOTE 1: The LSAT should be taken early in the senior year (usually September or October).

NOTE 2: In addition to LSAT scores, interviews and recommendations play an important role in law school admissions.

NOTE 3: Students may want to be involved in the Pre-Law Club student organization.

Pre-Medicine
(Code 706-900)

Advisors: J. Anderson (Biology), W. Bryant (Biology), W. Gallagher (Chemistry), D. Gingerich (Biology), J. Halfen (Chemistry), D. Janik (Biology), M. Kettler (Biology).

The pre-med curriculum consists of those courses needed to meet the entrance requirements for the majority of medical schools and to prepare students
to take the Medical College Admission Test. The majority of students should plan to complete the requirements for a baccalaureate degree. Because of the competition for available places, students are urged to plan programs that will permit alternative career choices if acceptance into medical school is not secured.

Typical first-year courses include:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 221</td>
<td>Foundations of Biology I</td>
<td>4</td>
</tr>
</tbody>
</table>

</tr>
</tbody>
</table>
& | CHEM 106 | and General Chemistry I Laboratory | |
& | CHEM 109 | and General Chemistry II with Lab | |

Required:

One or two semesters of mathematics

Completion of the University Writing Requirement

Consult an advisor for further recommendations.

NOTE 1: CHEM 103 and CHEM 104, or CHEM 105, CHEM 106, and CHEM 109 may be substituted for CHEM 115 in the biochemistry/molecular biology major, but only six of the credits will count toward the major.

NOTE 2: Entry into medical schools is based on the following:

1. the student's academic record,
2. the results of the Medical College Admission Test, which should be taken in the spring of the junior year,
3. recommendations, and
4. interviews.

NOTE 3: A limited number of scholarships are available for sophomore, junior, and senior pre-medicine students who meet the scholarship criteria.

**Pre-Pharmacy**

(Code 685-900)

Advisors: S. Bailey-Hartsel (Chemistry), C. Muller (Chemistry), K. Wiegel (Chemistry).

The pre-pharmacy curriculum blends science and math courses with social science and humanities courses in order to prepare future pharmacists to address medical problems with the people they will serve. Most students now admitted to pharmacy schools enter with a bachelor’s degree, so students should plan to choose a major to be more competitive.

A first-year program should include:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 115</td>
<td>Chemical Principles</td>
<td>6-9</td>
</tr>

<td>Introduction to Sociology</td>
<td></td>
</tr>
<tr>
<td>ANTH/AIS 161</td>
<td>Introduction to Cultural Anthropology</td>
<td></td>
</tr>
</tbody>
</table>

Required:

Completion of the University Writing Requirement

The minimum course work admission requirements could be planned in two years if the student is prepared to start in CHEM 115 and MATH 114. More time should be allowed if the student starts in a lower level math course or takes the CHEM 103/CHEM 104 or CHEM 105/CHEM 106/CHEM 109 sequence. The GPA of students admitted into pharmacy school is typically above 3.50. Pharmacy schools are increasingly emphasizing communication, leadership, and community service in their admissions criteria, so students should pace their work at UW-Eau Claire to develop strong records in both academics and community service. Experience as a pharmacy technician is also helpful. Consult an advisor for information about the Student Pharmaceutical Society and pharmacy school admissions requirements.

**Pre-Optometry**

(Code 703-900)

Advisor: D. Janik (Biology).

Students should plan to spend at least two years in undergraduate study; the majority of successful applicants have three or four years of college work.

A typical first-year program includes:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 221</td>
<td>Foundations of Biology I</td>
<td>4</td>
</tr>
</tbody>
</table>

Select one of the following: 6-9

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Mathematics course

Completion of the University Writing Requirement

Consult an advisor for further recommendations.

NOTE: The Optometry Admission Test should be taken before the semester in which the student applies for acceptance into a school of optometry. Because of competition for the available places, students are urged to plan programs that will permit alternative career choices if acceptance into an optometry school is not secured.
Pre-Physician Assistant
(Code 707-900)
Advisors: D. Herman (Biology), D. Janik (Biology).
Most physician assistant programs are now at the graduate level (M.S.). Students should plan on completing a baccalaureate degree before applying to physician assistant graduate programs. Specific requirements for admission will vary among programs, and students are encouraged to consult the specific program catalog for these requirements.

In preparation, students should take: two semesters of chemistry, two semesters of physics, precalculus/calculus, biology courses including organismal form and function, microbiology, two semesters of anatomy and physiology, psychology courses, and a communication course. Other courses may be required.

Consult with an advisor for further recommendations and information, including information about regional program requirements.

Pre-Veterinary Medicine
(Code 708-900)
Advisor: S. Showsh (Biology).

Students should plan to spend at least three years in pre-professional work. Many students complete a B.S. degree.

A typical first-year program includes:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Description</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 221</td>
<td>Foundations of Biology I</td>

<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 114</td>
<td>Calculus I</td>
<td>4</td>
</tr>
</tbody>
</table>

Completion of University Writing Requirement

Consult an advisor for further recommendations.

NOTE: Most schools of veterinary medicine require experience with animals, such as that gained through a farm background or working as assistant to a veterinarian, as well as the completion of the general test of the Graduate Record Examination. Because of competition for the available places, students are urged to plan a degree program that will permit alternative career choices if acceptance into a school of veterinary medicine is not secured.

Interdisciplinary Programs
Interdisciplinary Curricula
A number of interdisciplinary academic programs, majors, minors and certificates, i.e., those that cross disciplines, are housed in the College of Arts and Sciences or affiliated with the College. All represent collaborative efforts to provide course work across and study of interconnections between multiple fields. The curriculum is delivered in a variety of ways. Often, faculty contribute disciplinary courses to interdisciplinary major, minor or certificate requirements and electives. Disciplinary courses may be cross-listed with an interdisciplinary prefix to highlight the contributions of the various fields. In other instances, faculty teach interdisciplinary courses exclusively or partially for the interdisciplinary program. Those with partial assignments in the interdisciplinary program also teach disciplinary courses for a “home” department. Interdisciplinary academic programs in the College of Arts and Sciences are listed alphabetically with Arts and Sciences departments.

Inquiries about the interdisciplinary majors, minors, and certificates included in this section may be directed to the identified advisor(s) or academic department/program, or the College of Arts and Sciences. Information regarding the following interdisciplinary comprehensive majors can be found in the noted departmental sections: Actuarial Science—Department of Mathematics; Chemistry with Business—Department of Chemistry and Biochemistry; Geospatial Analysis and Technology—Department of Geography and Anthropology.

 Majors
• Comprehensive Major: Biochemistry/Molecular Biology, Liberal Arts - B.A./B.S. (p. 70)
• Comprehensive Major: Criminal Justice, Liberal Arts - B.A./B.S. (p. 73)
• Comprehensive Major: Liberal Studies, Liberal Arts - B.L.S. (p. 80)
• Comprehensive Major: Neuroscience, Liberal Arts - B.A./B.S. (p. 84)
• Major: Public Health - B.A./B.S. (p. 88)
• Comprehensive Major: Science Teaching, Biology Emphasis - B.S. (p. 450)
• Comprehensive Major: Science Teaching, Chemistry Emphasis - B.S. (p. 455)
• Comprehensive Major: Science Teaching, Earth/Space Science Emphasis - B.S. (p. 461)
• Comprehensive Major: Science Teaching, Physics Emphasis - B.S. (p. 466)
• Comprehensive Major: Social Studies Teaching, History Emphasis - B.A. (p. 443)

 Minors
• Minor: Ancient Studies, Liberal Arts (p. 70)
• Minor: European Studies, Liberal Arts (p. 77)
• Minor: Family Studies, Liberal Arts (p. 77)
• Minor: General Science, Teaching (p. 448)
• Minor: Global Studies, Liberal Arts (p. 78)
• Minor: Interdisciplinary Linguistics (p. 80)
• Minor: Language Arts, Teaching (p. 449)
• Minor: Marine Science, Liberal Arts (p. 83)
• Minor: Middle East Studies, Liberal Arts (p. 83)
• Minor: Multimedia Communication, Liberal Arts (p. 84)
• Minor: Neuroscience, Liberal Arts (p. 87)
• Minor: Pre-Professional Health Science, Liberal Arts (p. 87)
• Minor: Public Health, Liberal Arts (p. 91)
• Minor: Social Studies, Teaching (p. 472)
• Minor: Teaching of English to Speakers of Other Languages, Middle Childhood/Early Adolescence (p. 472)
• Minor: Teaching of English to Speakers of Other Languages, Early Adolescence/Adolescence (p. 472)
• Minor: Teaching of English to Speakers of Other Languages, Early Childhood/Adolescence (p. 473)
• Minor: Topical Minor, Liberal Arts (p. 93)
Certificates

- Certificate: Africana Studies (p. 69)
- Certificate: Ancient Studies (p. 69)
- Certificate: Critical Hmong Studies (http://catalog.uwec.edu/undergraduate/arts-sciences/interdisciplinary/hmong-studies-certificate/)
- Certificate: Earth Resources (p. 76)
- Certificate: Interdisciplinary Linguistics (p. 79)
- Certificate: Middle East Studies (p. 83)
- Certificate: Responsible Mining (p. 92)
- Certificate: Teaching English as a Foreign Language (p. 93)
- Certificate: Transnational Asian Studies (p. 93)
- Certificate: Water Resources (p. 94)
- Certificate: World History and Society: Past, Present, Future (p. 94)

Africana Studies, Certificate
(Code 380-631)

Advisor: S. Duckworth-Lawton (History).

The Certificate in Africana Studies is designed for all students interested in deepening their knowledge of African, African diasporic and especially African-American lives. Through this program of study students will critically examine the major historical events that have created and shaped the African diaspora. They will also analyze the experiences and cultural products of people of African descent, as well as contemporary issues faced by African-Americans.

A minimum of 12 credits, of which at least six credits must be at the 300-level or above, and no more than two courses from the same prefix.

Required course:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIST 210</td>
<td>African American History 1865 to Present</td>
</tr>
</tbody>
</table>

The remaining nine credits should be chosen from courses that focus centrally on Black experiences (Core Options), though it is allowable to take one course from the Related Electives (courses that include Black experiences but are not centrally focused on those experiences):

Core Options (minimum of six credits):

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUSI 114</td>
<td>Evolution of Jazz</td>
</tr>
<tr>
<td>ENGL/WGSS 332</td>
<td>Women in African Literature</td>
</tr>
<tr>
<td>ENGL 368</td>
<td>Topics in American Ethnic Literature (when African American literature/culture is the course focus)</td>
</tr>
<tr>
<td>ENGL 468</td>
<td>Seminar in American Ethnic Literature (when African American literature/culture is the course focus)</td>
</tr>
<tr>
<td>HIST 344</td>
<td>African American Civil Rights Movement, 1914-Present</td>
</tr>
<tr>
<td>HIST 345</td>
<td>Civil Rights and American Memory</td>
</tr>
<tr>
<td>HIST 383</td>
<td>Modern Africa</td>
</tr>
<tr>
<td>RELS 342</td>
<td>African American Religion</td>
</tr>
<tr>
<td>POLS 353</td>
<td>Afro-American Politics</td>
</tr>
<tr>
<td>PSYC 348</td>
<td>Black Psychology</td>
</tr>
<tr>
<td>WGSS 215</td>
<td>African-American Feminism in the Humanities</td>
</tr>
</tbody>
</table>

Related Electives (maximum of three credits):

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>SOC 312</td>
<td>Race and Ethnicity in the U.S.</td>
</tr>
<tr>
<td>ECON 330</td>
<td>Experiences of Minoritized Groups in U.S. Economy</td>
</tr>
<tr>
<td>ENGL 268</td>
<td>Survey of American Ethnic Literature (when African American literature/culture is the course focus)</td>
</tr>
<tr>
<td>MUSI 111</td>
<td>Global Roots of Music in the United States</td>
</tr>
<tr>
<td>POLS 350</td>
<td>Group and Minority Politics</td>
</tr>
<tr>
<td>WGSS 315</td>
<td>Women of Color Feminisms</td>
</tr>
</tbody>
</table>

Special topics, internships, and umbrella courses with a focus on Africana studies may be applied to the certificate with approval of the certificate advisor.

NOTE: Courses applied to the certificate cannot be applied to the major.

Ancient Studies, Certificate
(Code 310-601)

Advisor: M. Waters (Languages).

This certificate is designed for undergraduate students with an interest in Ancient Studies. It is particularly geared toward students for whom a deeper understanding of the societies and cultures of the ancient world – foundational within a humanistic education – will complement and enhance their major area of study and/or future careers.

A minimum of 12 credits is required, with at least six credits at the 300-level or above.

From the following list, two courses at any level with the same prefix must be selected (to serve as a core from one discipline, with which to develop perspective on others).

The remaining six credits from any on the following list. Four credits of language study (Classical Greek or Latin) may be applied to the certificate.

<table>

Special topics, internships, and umbrella courses with a focus on Africana studies may be applied to the certificate with approval of the certificate advisor.

Please note that the material provided is a transcript of the document content and does not include all the details available in the original document. The full text includes additional information and context that is not shown here.
Ancient Studies, Minor

Liberal Arts (Code 310-401)

Advisor: M. Waters (Languages).

The minor in Ancient Studies touches upon almost every field of human inquiry: language, literature, history, politics, religion, medicine, and science, to note only a few of the broader disciplines. Students taking courses to fulfill this minor will pursue the following specific goals:

1. to enhance their appreciation and understanding of ancient languages, cultures, and their own heritage;
2. to develop students’ critical thinking abilities via language acquisition (study of grammar, translation, and interpretation), text analysis, historical perspective, and study of the influence of ancient civilizations upon subsequent periods;
3. to pursue an option within the undergraduate experience which allows one to explore in a systematic way the fundamental building blocks and materials of a liberal education and, thereby, highlight UW-Eau Claire’s goals as a liberal arts institution;
4. to develop an interdisciplinary approach to these fields of study and to discover, by study of their origins, an apprehension of the underlying reasons and methods of discourse and institutions of the western world;
5. to see ourselves in perspective, to become more enlightened citizens, and to think more deeply about the human condition and important issues in our lives—based on the bedrock of the earliest approaches, which impacted all subsequent ones, to such questions.

The minor consists of 24 credits of core and elective course work, including foreign language competency at the 102 level.

Core Requirements
Select one of the following: 8

LAT 101 & LAT 102 Beginning Latin and Beginning Latin

OR

GRK 101 & GRK 102 Beginning Classical Greek and Beginning Classical Greek

Elective Courses
Select sixteen credits from the following list with at least two courses from each category below and a minimum of nine credits at the 300 or 400 level.

<table>
<thead>
<tr>

Up to three credits of Directed Studies or Independent Study for projects focusing on ancient studies may be applied to either category of the minor, with approval from the minor advisor.

1 Destination and format of course, as applicable to this minor, are subject to approval of the minor advisor.

Biochemistry/Molecular Biology, Comprehensive Major

Liberal Arts (Code 090-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

| Minimum total for graduation | 120 |
| Upper division credits (courses numbered 300 and higher) | 39 |
| Liberal Education Core (p. 48) | 36 |
| Academic Concentrations (p. 51) | |
| Grade Point Requirements (p. 51) | 2 |

| Total | 2.00 average |
| Resident | 2.00 average |
| Major | 2.00 average |
| Minor | 2.00 average |
| Certificate | 2.00 average |

University Residency Requirements (p. 52)

| Minimum total | 30 |
| Senior year | 23 |
| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |

| Certificate | 25 percent of credits |

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

<table>

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 

30 hours

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 090-001)

Advisors: J. Anderson (Biology), C. Del Valle (Biology), W. Gallagher (Chemistry), D. Gingerich (Biology), S. Hati (Chemistry), S. Bailey-Hartsel (Chemistry), J. Lyman Gingerich (Biological), S. Showsh (Biological), T. Yang (Chemistry).

This major leads to entry-level employment opportunities in research and development in industrial and government laboratories as well as to entry-level positions in the biotechnology industry. Graduates will also be well prepared for entering professional schools in medicine, osteopathy, pharmacy and dentistry. Biochemistry/Molecular Biology (BMB) majors are eligible to apply for Biology or Chemistry and Biochemistry Department Honors (see Biology Department and Chemistry and Biochemistry Department entries for criteria).

Biochemistry/Molecular Biology

A minimum of 69 semester credits, including:

I. Biology Course Requirements

<table>
<thead>
<tr>

CHEM 326  Organic Chemistry II with Laboratory  4  
CHEM 406  Biophysical Chemistry  4  
CHEM 452  Biochemistry I  3  
CHEM 454  Biochemistry II  3  
CHEM 453  Biochemistry Laboratory  2  

III. Other Course Requirements  
(minimum of 13 credits)  
MATH 114  Calculus I  4  
PHYS 211  General Physics  5  
PHYS 212  General Physics  4  

Note 1: CHEM 103 and CHEM 104, or CHEM 105, CHEM 106, and CHEM 109 may be substituted for CHEM 115, but only six of the credits count toward the major.  

Note 2: CHEM 433 (CHEM 434 optional) may be substituted for CHEM 406 (MATH 215 and PHYS 231, PHYS 232 required if CHEM 433 (CHEM 434) is taken.) This substitution is strongly recommended for students considering doctoral study in biophysics or physical biochemistry.  

Note 3: Students are also encouraged to seek out a collaborative research experience or do independent study (BIOL 399, BIOL 499, CHEM 399, CHEM 497, or CHEM 499) in addition to their formal course work.

Major, Comprehensive, upper division in residence  21  
Certificate  25 percent of credits  

Procedures Required for Graduation  
Obtain admission to the degree program and/or the College offering it.  
Apply for graduation on CampS.  

1 Certain programs exceed this minimum.  
2 See special requirements in each College.  

Applicability of Credits Toward Graduation  
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.  

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.  

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.  

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).  

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 100-184 courses).  

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign
language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 430-001)**

Advisors: J. Spraitz (Criminal Justice), M. Hsieh (Criminal Justice), J. Patchin (Criminal Justice).

The multidisciplinary criminal justice curriculum is designed to familiarize the student with the complex nature of the American criminal justice system. The study of criminal justice focuses upon the structure and functions of law enforcement, the courts, and corrections. Included is the analysis of the political, social, cultural, philosophical, and psychological forces that shape the policies, programs, and practices in the system. The liberal arts orientation of the program prepares the student for graduate-level work in criminal justice, law, and for careers at the local, state, and federal levels in law enforcement, corrections, and court related agencies.

GEOG 335  Geographic Information Systems I
PHIL 150  Logic and Critical Thinking

The following courses will be applied to a specific elective category based on the content:

- CRMJ 291 - Special Topics
- CRMJ 395 - Directed Studies
- CRMJ 397 - Student Academic Apprenticeship in Criminal Justice
- CRMJ 399 - Independent Study - Juniors
- CRMJ 491 - Special Topics
- CRMJ 499 - Independent Study - Seniors

**Criminal Justice Honors Program**

1. Goals
   a. To provide an enriched educational experience for subsequent graduate study, professional activity, public life, or citizenship.
   b. To encourage concentrated study in selected areas in the field of criminal justice.
   c. To stimulate and challenge exceptional students to gain a better understanding of the issues, substantive content, research and theory in criminal justice.
   d. To develop capabilities for independent thought and constructive criticism.

2. Entrance Requirements
   a. Eligibility: Upper-class majors with resident and total GPAs of 3.50 and resident and total GPAs of 3.50 in criminal justice major courses.
   b. Applications for the Honors Program should be made in writing to the Criminal Justice Program Coordinating Committee early in the junior year.

3. Graduation from the University with Honors in Criminal Justice requires maintaining resident and total GPAs of 3.50 in criminal justice major courses, and satisfactory completion of all of the following:
   a. Criminal justice major requirements.
   b. Six credits of independent study, approved by the student’s honors committee.
   c. An honors examination.
   d. An honors research paper

**Critical Hmong Studies, Certificate**

(Code 295-602)

Advisor: K. Pha (Women’s, Gender, and Sexuality Studies Program)

The Critical Hmong Studies Certificate program is designed for students who have a strong interest in studying Hmong history, culture, society, language, and contemporary issues. The certificate might appeal to students who have limited opportunity to explore academic areas beyond their major discipline, or those who interact with Hmong communities on a professional basis.

The certificate consists of core and elective credits. Elements of the certificate would include (1) Hmong History; (2) Culture, Politics & Society; (3) Critical Race Theory (CRT); (4) Language and/or Electives.

Minimum of 12 credits required, with at least six credits at the 300-400 level (including electives):

European Studies, Minor

Liberal Arts (Code 331-403)

Advisor: P. Turner (History).

The European Studies Minor is designed:

1. to develop a multidisciplinary understanding of the peoples and cultures of Europe and its neighbors;
2. to provide a broad program for students interested in international relations; and
3. to promote the evaluation of European systems, institutions and relationships of power in a historical, political and geographical context.

Twenty-four semester credits distributed as follows:

**Core Requirements**

European language competency at the 102 level ¹

OR

Completion of approved Europe-based study abroad program ²

And at least one of the following courses:

- GEOG 301 Geography of Western Europe
- GEOG 308 Geography of Russia and Eastern Europe
- HIST 326 Twentieth Century Europe, 1900 to Present
- POLS 323 Politics of Eastern Europe
- POLS 327 Politics of Continental Europe

Remainder of 24 credits selected from the following, with at least 9 at the upper-division and no more than 9 credits of the total 24 from any one prefix. Courses marked with an asterisk* may count in either the core or the electives, but not both. ³

- ARTH 319 Renaissance Art
- ENGL 252 Perspectives on Pre-1790 British Literature
- ENGL 257 Representative Shakespeare
- ENGL 259 Perspectives on British Literature After 1790
- ENGL 351 Chaucer and His Age

1. European languages applicable to the minor include French, German, Greek, Latin, Russian and Spanish. Other European languages not offered by UW-Eau Claire may count toward the minor with program advisor approval. Students may count up to 8 language credits toward the minor.

2. Consult with program advisor for approved study abroad experiences.

3. Courses undertaken as part of a study abroad can also count toward the minor. Consult with program advisor.

Family Studies, Minor

Liberal Arts (Code 487-401)

For advising, contact the Sociology Department.

The interdisciplinary Family Studies Minor is designed to:

1. enhance students' understanding of the issues and problems confronting contemporary families from sociological, developmental, psychological, historical, religious, economic, and anthropologic perspectives;
2. examine the well-being of diverse individuals and families over the lifespan including the dynamic relations within families and the interaction between families and society;
3. provide an interdisciplinary liberal arts base for students who wish to pursue graduate study and careers working to improve the lives of individuals, families and communities; and
4. provide a knowledge of family studies that will foster personal and social development of the individual student.

Twenty-four semester credits, including:

RELS 210  Religion and Morality
SOC 314  Social Class and Inequality
SOC 405  Sociology of Work and Occupations
SOC 410  Sociology of Education
WGSS 344  Women, Work, and Family

Remaining credits to be selected from courses included in Categories A, B, C, and D and/or up to 3 credits from Directed Studies, Independent Study, Internship, or Special Topics courses that focus on family issues may be applied to the minor with approval from the Family Studies Minor Coordinator.

NOTE 1: Student may not take both CJ 201 and CJ 203 for credit in the minor.

NOTE 2: No more than 12 credits from any course prefix may be counted toward the minor. ANTH/WGSS, CJ/WGSS, ECON/WGSS, HIST/WGSS, PSYC/WGSS, RELS/WGSS, and SOC/WGSS courses will count as ANTH, CJ, ECON, HIST, PSYC, RELS, or SOC credits, respectively, for the purpose of this limitation.

Global Studies, Minor

Liberal Arts (Code 424-400)

Advisors: A. Abootalebi (Political Science), M. DaCosta (Economics), or D. Shih (English). Students pursuing a major in the College of Business should see their major advisor for information about the Global Studies Minor.

The interdisciplinary minor in Global Studies is designed to enhance students’ understanding of other languages, diverse cultures, and global issues. It provides students with the knowledge and skills that can be used in a changing and increasingly interdependent world. It also offers curricular options that encourage participation in other international studies programs as well as study abroad and internship options. By completing this minor, students should develop:

1. a historical perspective of international life, cultures, and countries;
2. an understanding of economic and financial differences that often define life in other countries and account for life experiences, education, and social development;
3. an understanding of the social and cultural differences that serve to define life in international communities;
4. an understanding of world politics and the influence of private and public organizations that are transforming power and social interactions around the world;
5. an understanding of world geography by studying the production, exchange, consumption patterns, and development of international communities;
6. an understanding of foreign languages that will prepare them for study abroad experiences as well as employment in multinational companies, governmental agencies, education, social work, and health service organizations.

To be awarded the minor, in addition to the 24 semester credits required, students also must have foreign language competency at the 102 level.

Twenty-four semester credits, including:

Core Courses
ECON 104  Principles of Macroeconomics  3
POLS 102  Introduction to Politics  3
or POLS 122  Introduction to World Politics
Select one of the following:  3
HIST 125  World History Since 1500
HIST 292  Origins of Current World Conflicts
Select one of the following:  3
ANTH/AIS 161  Introduction to Cultural Anthropology
GEOG 111  Human Geography
RELS 100  Introduction to the Religions of the World
RELS 210  Religion and Morality

Elective Courses
Select twelve credits, with a minimum of six credits at the 300 or 400 level:

Note 2: It is not likely that students in majors other than Music will have the prerequisites for MUSI 303.

### Interdisciplinary Linguistics, Certificate

(Code 570-601)

For advising, contact the English Department.

Linguistics bridges the social sciences and humanities, applying scientific methods and perspectives to the study of language, a fundamental human behavior and social institution. The Interdisciplinary Linguistics certificate offers a focused program of study in the structure, acquisition, and/or social functions of language, drawing on theories and methodologies of one or more disciplines. The goal of the program is to enhance students’ abilities to reason about language by providing opportunities to analyze the sounds, words, sentences and/or meanings of natural language; to describe variation and change in natural language; and to form and test hypotheses about language by collecting, organizing, and analyzing linguistic data. While not in itself a professional certification, a linguistics certificate could enhance the career options of students majoring or minoring in computer science, English,
languages, teaching English as a second/foreign language, elementary and secondary education, among others.

Twelve semester credits, including:

**Required course:**

<table>

</tbody>
</table>

Elementary or intermediate language courses, including American Sign Language: maximum 4 credits per language and 8 credits total.

**Interdisciplinary Linguistics, Minor**

**Liberal Arts (Code 570-402)**

For advising, contact the English Department.

The ability to communicate through language is a fundamental part of being human. What is the nature of human language? Where did it come from? How is it acquired? Researchers from fields spanning the university have attempted to answer these questions, applying the perspectives of the humanities such as languages and philosophy, the social sciences such as anthropology, psychology, and sociology, and even the natural sciences such as computer science and neuroscience. Students in the Interdisciplinary Linguistics minor will investigate the structure, acquisition, and social functions of human language by drawing on the theories and methodologies of multiple disciplines.

Twenty-four semester credits, including at least 12 credits at the 300 level or higher, as follows:

**Core Courses - at least 8 credits from the following:**

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANTH 315</td>
<td>Language in Culture and Society</td>
</tr>
<tr>
<td>CSD 262</td>
<td>Phonetics: Theory and Application</td>
</tr>
<tr>
<td>ENGL 221</td>
<td>Introductory English Linguistics</td>
</tr>
</tbody>
</table>

**Note:** Students may not pursue the Interdisciplinary Linguistics certificate and the English Linguistics major or the Spanish Linguistics major as their first and second degree programs for purposes of graduation. Also, if the Interdisciplinary Linguistics certificate is a student’s second program, courses that count in the certificate may not be applied to the student’s major for purposes of graduation.

**Liberal Studies, Comprehensive Major**

**Liberal Arts (Code 370-001)**

**University Requirements**

**GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE**

**Credit Requirements**

- Minimum total for graduation: 120
- Upper division credits (courses numbered 300 and higher): 39
- Liberal Education Core (p. 48): 36
- Academic Concentrations (p. 51)
- Grade Point Requirements (p. 51)

**Total**: 2.00 average
- Resident: 2.00 average
- Major: 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements (p. 52)
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory
Total degree credit maximum 12

Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184) total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/ correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)  
Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)  
One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)  
One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)  
Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)  
One (1) learning experience

30 hours

College Degree Requirements
Bachelor of Liberal Studies

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Liberal Studies Degree in the College of Arts and Sciences (B.L.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

**Major Requirements**

Liberal Arts (Code 370-001)

For advising, contact D. Tschida, Director of Liberal Studies, Department of Communication and Journalism.

The Liberal Studies Comprehensive Major (LSCM) provides an alternative to traditional majors. Every student majoring in Liberal Studies develops and proposes an individualized program of study that includes a primary academic theme, three interdisciplinary areas of concentration with courses that explore the primary theme, and the three required Liberal Studies core courses (LS 201, LS 301, and LS 480). Some courses in the program of study may satisfy Liberal Education requirements as well as providing credit toward the Liberal Studies major.

Through this structure, the Liberal Studies major offers students an opportunity to connect several areas of academic interest that are not located in any single discipline or major. Students in Liberal Studies have a unique opportunity to benefit from coursework in departments across the university and to build an educational experience that is highly relevant to their professional and personal goals. Liberal Studies majors will also be encouraged to take advantage of UW-Eau Claire’s strong tradition in student-faculty collaborative research by developing and implementing a capstone project especially related to integrating the themes of their individual academic program.

An important first step for each Liberal Studies major is to develop and formally propose their individualized program of study in consultation with a faculty advisor familiar with one or more of the interdisciplinary concentrations in that program of study. In some cases, the Director of Liberal Studies may assist in this process. In the second step, students will work with the Director of Liberal Studies to submit their completed plans to the Liberal Studies Steering Committee (LSSC) for review and approval. This committee consists of faculty and professional advisers that have worked with Liberal Studies majors in different settings.

In order to graduate with a Liberal Studies Comprehensive Major, students must complete the requirements specified for the Bachelor of Liberal Studies (BLS) (see degree program requirements for the College of Arts and Sciences). The BLS degree is designed to help students develop the breadth of knowledge and skills that represent the core of liberal education, including knowledge of human cultures and the natural world; communication, critical thinking, problem solving, and analytical skills; and teamwork and collaborative abilities. The BLS degree also explores differences, commonalities, and interconnections among academic disciplines, including methods of inquiry and problem solving that are favored in these disciplines. Skills in written and oral communication, critical analysis, teamwork, and application of
academic findings to professional contexts are also emphasized in the Liberal Studies program.

**Admission to Major Requirement:** Completion of LS 201 and approval of a program of study.

**Major Requirements**

A minimum of 60 credits, including:

- **LS 201** Introductory Liberal Studies Seminar 3
- **LS 301** Liberal Studies Research Seminar 3
- **LS 480** Liberal Studies Capstone Seminar 3

Three Theme- or Discipline-Based Concentrations (minimum 17 credits each and at least 51 credits total)

Each individually-designed major program must be formally proposed and approved. This program plan describes the primary theme, three interdisciplinary areas of concentration that explore the primary theme, and coursework to be completed for the Liberal Studies Comprehensive Major. Each major program must include at least 39 credits from College of Arts and Sciences course work and a minimum of 21 upper-division credits. To graduate with a Liberal Studies Comprehensive Major, students must complete the requirements specified for the Bachelor of Liberal Studies Degree.

**Marine Science, Minor**

**Liberal Arts (Code 150-400)**

Advisors: D. Lonzarich (Biology) (On-Campus Affiliate Coordinator) or K. Syverson (Geology).

This minor is designed for students who are majoring in biology, chemistry, geography, or geology and who are interested in Marine Science. The majority of course work (minimum of four courses) is to be taken during two summer sessions at the Gulf Coast Research Lab (GCRL) in Ocean Springs, Mississippi. Remaining credits are chosen from UW-Eau Claire courses outside of one’s major. Courses in chemistry, physics, and calculus are strongly recommended.

The minor consists of 24 credits as follows:

<table>
<thead>
<tr>
<th>Required courses at Gulf Coast Research Laboratory</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Summer (ten credits)</td>
</tr>
<tr>
<td>Marine Science I: Oceanography</td>
</tr>
<tr>
<td>Marine Science II: Marine Biology</td>
</tr>
<tr>
<td>Second Summer (8 to 12 credits)</td>
</tr>
<tr>
<td>Choose from advanced courses offered at the Gulf Coast Research Laboratory in consultation with an advisor</td>
</tr>
</tbody>
</table>

Remaining credits to be selected from courses outside of one’s major from the following:

<table>
<thead>
<tr>
<th>BIOL 345</th>
<th>Invertebrate Zoology</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 361</td>
<td>Biology of Microorganisms</td>
</tr>
<tr>
<td>BIOL 376</td>
<td>Aquatic Ecology</td>
</tr>
<tr>
<td>BIOL 379</td>
<td>Biology of Fishes</td>
</tr>
<tr>
<td>CHEM 213</td>
<td>Quantitative Analysis</td>
</tr>
<tr>
<td>CS 170</td>
<td>Computing for the Sciences and Mathematics</td>
</tr>
<tr>
<td>ENPH 441</td>
<td>Water and Wastewater</td>
</tr>
<tr>
<td>GEOG 280</td>
<td>Cartographic Design</td>
</tr>
<tr>
<td>GEOG 335</td>
<td>Geographic Information Systems I</td>
</tr>
</tbody>
</table>

| GEOG 338 | Remote Sensing of the Environment |
| GEOG 340 | Climatology |
| GEOL 110 | Physical Geology |
| GEOL 312 | Mineralogy and Petrology I |
| GEOL 418 | Earth History |
| MATH 246 | Elementary Statistics |

**Middle East Studies, Certificate**

(Code 355-601)

Advisors: S. Fink (Philosophy and Religious Studies)

The Certificate in Middle East Studies is designed for students who have a strong interest in Middle East Studies, but are not able to complete the requirements for a minor in Middle East Studies.

Twelve semester credits from at least three prefixes, selected from the following list:

| RELS 307 | Judaism |
| RELS 309 | Islam |
| GEOG 319 | Geography of the Middle East and North Africa |
| POLS 321 | Politics of the Middle East |
| POLS 336 | Arab-Israeli Conflict |
| HIST 366 | History of Middle East Since Muhammad |
| HIST/WGSS 385 | The History of Middle Eastern Muslim Women |
| SOC 304 | Sociology of the Middle East |

NOTE 1: Courses cannot be counted in both the major and the certificate program.

NOTE 2: Though there are no program prerequisites for the Certificate in Middle East Studies, there may be prerequisites for some of the courses that are a part of the Certificate.

**Middle East Studies, Minor**

**Liberal Arts (Code 355-400)**

Advisors: S. Fink (Philosophy and Religious Studies).

This minor examines issues in the Middle East from a variety of disciplinary perspectives and includes study of a Middle East language as an option.

Twenty-four semester credits of which students can take no more than three courses with a single prefix, and a minimum of nine credits at the 300- or 400-level.

**The Background.**

Minimum two courses from the following:

| FLG 101 | Beginning Foreign Language I (must be in Arabic, Turkish, Persian, or Modern Hebrew) |
| FLG 102 | Beginning Foreign Language II (must be in Arabic, Turkish, Persian, or Modern Hebrew) |
| RELS 100 | Introduction to the Religions of the World |
RELS 307 Judaism
RELS 309 Islam
HIST 292 Origins of Current World Conflicts
HIST 302 Ancient Near Eastern Civilizations
HIST 382 Imperialism Since 1800
POLS 334 International Political Economy

The Middle East.
Minimum three courses from the following:
GEOG 319 Geography of the Middle East and North Africa
POLS 321 Politics of the Middle East
POLS 336 Arab-Israeli Conflict
HIST 366 History of Middle East Since Muhammad
HIST/WGSS 385 The History of Middle Eastern Muslim Women
SOC 304 Sociology of the Middle East

Students may substitute an independent study, special topics, or directed studies course with a focus on the Middle East for a course from either category with consent of the minor advisor.

NOTE 1: ENGL 330 may be substituted for any course in The Middle East category if the topic is Middle Eastern.

NOTE 2: Students are encouraged to complete a study abroad program in a Middle Eastern country and will be able to transfer credits from that program into the minor.

Multimedia Communication, Minor
Liberal Arts (Code 608-400)
Advisors: R. Cronje (English), C. Theo (Art & Design), G. Vadhavkar (Communication and Journalism).

The ability to develop ideas and present them through a variety of media is indispensable in our communication-rich society. The interdisciplinary minor in Multimedia Communication prepares students to analyze audiences, frame arguments, express themselves clearly in the written and spoken word, understand basic principles of visual design, gather and edit audio and video, and use web-based software to publish their work. Students take courses from the domains of visual communication (Art, Communication & Journalism), written communication (Communication & Journalism, English) and computer programming (Computer Science). The minor is suitable for students who would benefit from the ability to communicate information from their disciplines to a variety of audiences.

Note: Courses counted in the core cannot be used to fulfill requirements in elective credit domains. Because the minor is designed to broaden students’ knowledge and skills in multimedia communication no more than nine credits in the prefix of a student’s major may be counted toward the minor.

Twenty-four semester credits, including:

Required Core Courses
ART 312 Digital Imaging and Design 3
CJ 184 Multimedia Communication 3
CS 318 Fundamentals of Web Page Design 3

Three credits from one of the following: 3

ENGL 220 Introduction to Creative Writing
ENGL 307 Editing and Publications Management
ENGL 312 Science Writing
ENGL 313 Technical Writing
ENGL 314 Cultural Rhetorics

Elective Courses 12
No more than six credits of electives may be taken in any one prefix. An English course counted in the core cannot be used to fulfill an elective requirement. Computer Science majors may not select CS 319 to meet any minor requirement.

ART 274 Compositional Principles of Graphic Design
ART 275 Principles of Typography
ART 278 3-D Computer Modelling
ART 281 Introduction to Photography as an Art Form
ART 374 Visual Communication Design
ART 375 Digital Design I: Website Development
ART 378 3-D Computer Animation I or CS 322 Animation Programming
CJ 222 Beginning Journalism
CJ 241 Audio and Video Production Process
CJ 284 Introduction to Photography
CJ 373 Writing for Integrated Strategic Communication
CJ 380 Visual Communication Design
CS 319 Introduction to Web Programming
CS 320 Web Database Design and Implementation
ENGL 220 Introduction to Creative Writing
ENGL 307 Editing and Publications Management
ENGL 310 Intermediate Poetry Writing
ENGL 311 Intermediate Fiction/Nonfiction Writing
ENGL 312 Science Writing
ENGL 313 Technical Writing
ENGL 314 Cultural Rhetorics
ENGL 315 Visual Rhetorics of Science, Technology, and Culture
ENGL 409 Grant Proposal Writing
ENGL 415 Seminar in Science and Nature Writing

Procedures Required for Graduation  
Obtain admission to the degree program and/or the College offering it.  
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation  
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core  
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS  
a minimum of 36 credits  
Knowledge Goal  
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)  
Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)  
Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13)

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 445-001)

Advisors: B. Carter (Biology), D. Janik (Biology), D. Jewett (Psychology), D. Leland (Psychology), D. Matthews (Psychology).

This comprehensive major will ground students in current neuroscience traditions while enhancing existing neuroscience research using a multidisciplinary learning approach that is built upon a core curriculum from biology, chemistry, philosophy, mathematics, and psychology. The comprehensive major is intentionally integrative in design and encourages transformative learning via an engaging, multidisciplinary curriculum and embedded high impact practices, such as undergraduate research opportunities, and by enhancing critical thinking both inside and outside the classroom.

Sixty semester credits, including:

Neuroscience, Minor

**Liberal Arts (Code 081-401)**

For advising, contact the Biology Department.

Neuroscience is devoted to the understanding of the brain and the nervous system. The brain is the control system for the body and therefore has a central role in determining human health and disease. Neuroscience is interdisciplinary, intersecting with many other fields of study and thought including psychology, biology, philosophy, and medicine. Students who major in these areas should find the Neuroscience Minor a desirable complement to their major studies. Additionally, the Neuroscience Minor curriculum provides valuable preparation for students who intend to enter postgraduate programs related to neuroscience and medicine.

Twenty-four semester credits required, including:

**Foundation Courses:**

1. Biology majors may not count BIOL 221 toward this minor.

Note: A maximum of 12 credits from the minor may count toward the Biology or Psychology majors.

Pre-Professional Health Science, Minor

**Liberal Arts (Code 709-400)**

For advising, contact one of the pre-professional advisors listed with the pre-professional program of interest or contact the Biology Department for a referral.

This minor is designed for students preparing for post-baccalaureate health profession programs. Students in pre-dentistry, pre-optometry, pre-chiropractic, pre-pharmacy, pre-physical therapy, and other pre-professional health programs, as found in this catalog, may find this minor helpful in planning a baccalaureate degree. Because admission requirements vary widely among graduate programs, it is strongly recommended that the student consult with an advisor listed with the pre-professional program of interest. This minor may not be appropriate preparation for some graduate-level health profession programs.
Twenty-four credits are required from courses outside of the major department. At least eleven credits must be from courses numbered 300 or higher.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
Undergraduate Catalog  |  2020-2021 Catalog

EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 488-201)

Advisors: M. Kantor (Institute for Health Sciences), K. Mumford (Watershed Institute), C. Pierce (Watershed Institute), L. Suppes (Watershed Institute).

Public health is an interdisciplinary field that takes a population-based approach to improving the health and well-being of people and communities. Core courses will provide a broad overview of the U.S. healthcare system and a basic understanding of the five fundamental areas of public health knowledge. The electives will allow students to acquire knowledge and skills across a variety of domains that reflect their academic and professional interests, areas such as administration/policy, biomedical and health sciences, communications, healthy and sustainable communities, quantitative and qualitative research methods, and social sciences and humanities. The capstone or culminating experience will have students demonstrate and apply their knowledge and skills to a public health issue of interest to them. This may be achieved through senior seminars, portfolio projects or research papers, or in collaboration with stakeholders from governmental, non-governmental, and/or private organizations through community-engaged service or research.

The innovative array of courses and learning experiences in public health prepares students for a breadth of entry-level high-demand careers in health care organizations, government, non-profit organizations, and the private sector. The major provides a strong foundation for those who want to pursue graduate school in public health and related fields, and is well suited to those interested in a health professions career such as chiropractic care, dentistry, medicine, occupational therapy, optometry, pharmacy, physical therapy, and veterinary medicine.

Minimum of thirty-six credits, including:

Advisors: M. Kantor (Institute for Health Sciences), K. Mumford (Watershed Institute), C. Pierce (Watershed Institute), L. Suppes (Watershed Institute).

Public health is an interdisciplinary field that takes a population-based approach to improving the health and well-being of people and communities by preventing disease, disability and death across populations. This field draws on the natural, quantitative, social, and behavioral sciences to study the distribution and determinants of human health and disease, and to develop interventions to preserve and promote health and well-being.

Because public health is such a broad interdisciplinary field it has wide appeal and utility. The public health minor is a natural complement to any of the health profession majors (athletic training, behavior analysis, communication sciences and disorders, environmental public health, health care administration, kinesiology, nursing, and social work). The minor augments the pre-professional curriculum of students preparing for post-baccalaureate health professions programs in chiropractic care, dentistry, medicine, occupational therapy, optometry, pharmacy, physical therapy, and veterinary medicine. In addition, the public health minor benefits those wishing to incorporate a better understanding of health in their chosen field, including majors not thought of as traditional health sciences. These majors include, but are not limited to, communication, economics, geography, journalism, management, mathematics (statistics and actuarial sciences), philosophy, political science, psychology, religious studies, and sociology.

The required core courses will expose students to the essential elements of public health. The elective courses will allow students either to align their public health minor to their major or to explore and investigate potential new areas of interest within public health.

Minimum of 24 credits required as follows:

Required core courses (9 credits):
- ENPH 115 Global Environmental and Public Health [3]
- ENPH 150 Disease Detectives: Epidemics and Data [3]
- or ENPH 450 Epidemiology

*ENPH 450 may count in either the core or elective category, but not both.

ENPH/NRSG 225 Introduction to Public Health [3]

Elective courses (15 credits):
- No more than six credits from any one prefix. At least nine elective credits must be at the 300-level or above.

Administration/Policy
- ENV 310 Sustainable Cities
- ENV 330 Waste & Society: Energy, Food, and Efficiency
- ENV/GEOG 377 U.S. Environmental and Sustainability Policy
- ENV/GEOG 378 International Environmental Problems and Policy
- HCAD 201 Overview of the U.S. Health Care System
- HCAD 302 Leadership and Management Practices in Health Services
- NRSG 212 Navigating Health Care
- POLS 301 State and Local Politics
- POLS 343 Public Administration
- SW 100 Introduction to Social Welfare

1 Course in development.
2 Elective courses may not be counted toward the second program.

Public Health, Minor

Liberal Arts (Code 488-401)
### Aging/Gerontology

- CJ 203: Fundamentals of Human Communication
- CJ 452: Health Communication
- ENGL 312: Science Writing
- ENGL 314: Cultural Rhetorics
- ENGL 409: Grant Proposal Writing
- NRS 220: The Language of Health Care

### Environmental/Occupational Health
- CHEM 127: Chemistry and Climate
- ENPH 110: Introduction to Environmental Health
- ENPH 441: Water and Wastewater
- ENPH 443: Microbial Safety of Food
- ENPH 445: Hazardous and Solid Waste Management
- ENPH 464: Occupational Safety Management
- ENPH 476: Vector-Borne Disease Control
- ENPH 490: Environmental Toxicology and Risk Assessment
- ENV 140: Water Problems, Water Solutions
- GEOG 178: Conservation of the Environment
- GEOG 361: Environmental Hazards
- SOC 301: Environmental Sociology

### Quantitative/Research Methods
- BIOL 383: Biostatistics
- CHEM 213: Quantitative Analysis
- ECON 316: Econometrics
- GEOG 335: Geographic Information Systems I

### Responsible Mining, Certificate (Code 160-602)
Advisor: K. Syverson (Geology).

The Department of Geology administers a Responsible Mining certificate. This certificate is intended for STEM majors who wish to add valuable skills to their already marketable liberal arts degree from UW-Eau Claire. Students with this certificate will be well prepared for a career in responsible resource development through proper selection and permitting of economic deposits, managing environmental compliance, conducting environmental remediation, and working for environmental and hydrogeologic consulting firms. Students would also be prepared to join state regulatory agencies such as the DNR and protect the environment through enforcing regulations, restoring brownfields, and managing water resources.

**18 credits required**

</tr>
</tbody>
</table>

Note: Courses cannot be counted in both the major and the certificate program.

Topical Minor, Minor

Liberal Arts (Code 610-401)

A Topical Minor is an interdisciplinary minor composed of 24 semester credits selected by a student to meet the student's own interests and scholarly objectives. Students should choose courses for the minor based on a coherent theme. Most students who propose a topical minor do so after earning 30 credits but before earning 90 credits. Students must meet all prerequisite course work requirements and other prior eligibility benchmarks, such as achieving an appropriate grade point average. In the case of courses offered in one of the professional colleges, students must meet college admission requirements or students must obtain written permission from the College before enrollment is possible. A Topical Minor is not intended to duplicate any major or minor offered as a regular program within the University of Wisconsin System.

The student who wishes to develop a Topical Minor must adhere to the following requirements.

• Minimum credits: 24 semester credits.
• Interdisciplinary Breadth Requirement: Of the 24 credits, there must be at least two course prefixes present among these credits and no more than 15 credits from any single prefix.
• Unique Credit Requirement 1: A student may not apply a course that counts toward credits in their major to the Topical Minor.
• Unique Credit Requirement 2: No more than six credits from a student's major prefix may be used in the Topical Minor.
• Depth Requirement: At least 12 of the 24 credits must be from courses numbered 300 or above.
• College Home: For a Topical Minor to reside in the College of Arts and Sciences, prefixes from at least 15 of the 24 credits must be from the College of Arts and Sciences.
• Submission Requirement: To propose a Topical Minor, a student should work with a faculty advisor and then launch a proposal to be routed through the advisor, and then to the College of Arts and Sciences for approval.

Transnational Asian Studies, Certificate

(Code 380-630)

For advising, contact the History Department.

The Transnational Asian Studies Certificate allows students to broadly explore Asia and the Asian diaspora and to gain knowledge of the experiences of people of Asian ancestry.

Minimum of 15 credits from at least three course prefixes

INTB 362 International Experience in China

Note 1: With advisor consent, courses such as the following may be applied to this certificate program when a substantial portion of the course covers Asian or Asian American topics: ENGL 230, ENGL 268, ENGL 330, ENGL 368, ENGL 396/WGSS 396, FLG 150, FLTR 392, HIST 317, HIST 319, IDIS 302, RELS 100, SOC 301, Honors courses, Special Topics courses.

Note 2: A maximum of three credits may be applied to both the student’s major and the certificate program.

Water Resources, Certificate

(Code 160-601)

Advisor: K. Syverson (Geology).

The Department of Geology administers a Water Resources certificate. This certificate is intended for students who plan to enroll in a Master’s degree program in Water Resource Management, students interested in careers in environmental policy or environmental law, and any STEM and Geography majors interested in broadening their understanding of water-related topics. Holistic water resources management integrates insights from a wide range of disciplines. The flexibility of this certificate allows individuals to tailor their course selection to focus on the aspects of water resources that are most relevant to each student’s specific interests.

Minimum of 15 credits required:

15

Core (9-10 crs):

<table>

Note: Courses cannot be counted in both the major and the certificate program.

American Indian Studies

Hibbard Humanities Hall 384
715-836-6045
Program Website (https://www.uwec.edu/academics/college-arts-sciences/ departments-programs/american-indian-studies/)

The American Indian Studies Program at the University of Wisconsin-Eau Claire is committed to the study of the cultures, values, history, and contemporary life of the Indigenous nations and peoples of North America. Through courses from selected academic departments and interactions with American Indian professionals, elders, and peers, all students will acquire intercultural knowledge and enhance their intercultural competence. The program administers a major, minor, and certificate in American Indian Studies with these goals:

- To prepare students with intercultural competencies which will support their success as citizens of the world.
• To extend students’ oral and written communication skills through research projects in their course work and with student-faculty research collaborations.
• To envision education and community as a partnership in which all participants work toward greater understanding and respect for the richness and diversity of American Indian cultures.
• To build and support cooperative relationships with tribal communities within and around Wisconsin; other academic institutions, especially tribal colleges; and the local Eau Claire community.
• To teach students to be conversant with Indigenous protocols.
• To prepare students to work effectively in and around tribal and urban communities.
• To provide outreach and community service opportunities that will help promote the cultural, educational, and economic development of the region.

Faculty
Debra K.S. Barker, Program Director
Heather Ann Moody

Majors
• Major: American Indian Studies, Liberal Arts - B.A./B.S. (p. 95)

Minors
• Minor: American Indian Studies, Liberal Arts (p. 98)

Certificates
• Certificate: American Indian Studies (p. 95)

American Indian Studies, Certificate
(Code 530-601)

The American Indian Studies certificate is a stand-alone credential, which can enhance all students’ majors and minors. It is designed for students with an interest in American Indian Studies, but are unable to complete a major or minor in American Indian Studies. The certificate is of particular value to health care professionals; educators; social workers; and business managers and administrators in tribal enterprises. In addition to personal growth in cultural competency, this certificate will provide students from all backgrounds with the fundamental knowledge and skills for various career paths that connect with Indigenous or diverse populations.

Eighteen semester credits, six credits must be 300-level or higher, including:

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S1 must meet the University Writing Requirement (p. 51)
One S2 to meet the University Mathematics Requirement (p. 51)

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S1 must meet the University Writing Requirement (p. 51)
One S2 to meet the University Mathematics Requirement (p. 51)
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 530-201)

This interdisciplinary major is designed to offer a range of courses to meet the career goals and needs of students:

1. who wish to enter a profession related to tribal affairs, tribal heritage centers, and business enterprises;
2. who have decided to pursue graduate study in Anthropology, History, Museum Studies, English, and Casino Management;
3. who are American Indian and seek to learn more about their culture and heritage;
4. who are drawn to the major because of its broad interdisciplinary education.

In addition, the major, minor, and certificate in American Indian Studies are designed to complement degree programs in Nursing, Education, Business, Social Work, English, and History, among other areas.

Thirty-six semester credits in American Indian Studies courses, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>

</tbody>
</table>
American Indian Studies, Minor

Liberal Arts (Code 530-401)

The minor, like the major and certificate, is designed to provide both American Indian and non-Indian students with a broad understanding of the distinctive lifeways, politics, and histories of a number of tribal nations. Students will also learn about the philosophical and religious systems, the art, and literatures developed by past and contemporary American Indian tribes and individuals.

Twenty-four semester credits, including:

Seminars and special topics courses dealing with American Indians can also be considered for credit and transfer credit as elective courses.

Art & Design

Haas Fine Arts 104
715-836-3277
Department Website [https://www.uwec.edu/academics/college-arts-sciences/departments-programs/art-design/]

Honor Societies and Student Organizations

- ASA, Art Student Association [https://www.uwec.edu/academics/college-arts-sciences/departments-programs/art-design/explore-opportunities/student-organizations/] - Art & Design students developing and organizing artistic activities and events.
- NOTA, None of the Above [https://www.uwec.edu/academics/college-arts-sciences/departments-programs/art-design/explore-opportunities/student-organizations/] - Students create campus art and literary publications and host events that promote the arts. This group is primarily affiliated with English (p. 171).

Programs

The Department of Art & Design offers a flourishing community of students and faculty engaged in the positive development of a visually stimulated world, including collaboration on local projects. We are dedicated to delivering creative and innovative experiences by promoting practice in foundation skills
Students are encouraged to thrive in self-motivated programs where degrees can be focused in emphasis areas detailed below.

Majors have a variety of degrees to choose from including a 36-credit Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) in Art, a 60-credit B.A. or B.S. in Art, or a 75-credit Bachelor of Fine Arts (B.F.A.) in Art. Those seeking the 75-credit B.F.A., a nationally recognized degree with high standards for excellence, must apply for a B.F.A. Review around the second year in major. Additional information can be found under B.F.A. Requirements.

### Emphasis Areas

Art & Design degrees are not titled in the Art major. Emphasis areas intended for the Art degrees focus on a specialization relevant to a student’s graduate studies or career goals. The following emphasis areas are offered for majors and minors in Art:

- Ceramics
- Drawing & Painting
- Graphic Communications (60-credit only)
- Graphic Design
- Illustration
- Photography
- Sculpture
- Studio Art

### B.F.A. Requirements

Full guidelines regarding B.F.A. Requirements are provided by the Art & Design Department each semester.

The Bachelor of Fine Arts is the degree students enroll in for the most immersive studio experience to prepare for graduate studies or a career. After enrollment in the B.F.A. program, students will apply around their second year in major to participate in a B.F.A Review. They will be required to present a portfolio of their creative work for the Review, which has been developed and maintained from the beginning of their studies. This central and essential tool is used by instructors to help advise and guide students in their development. It will eventually be a means for the students to present themselves to the art and design world as they continue to utilize it during their coursework. Once accepted to continue the program after the Review, students will complete the B.F.A. degree plan and are expected to participate in a Senior Exhibition.

Transfers, Changes of Major, and other exceptions must check with the Department and their newly-assigned advisor to determine their position within the program and what requirements they will need to meet.

Students who wish to earn Comprehensive Teaching licensure in addition to the B.F.A. degree must complete additional credits in education, psychology, and communication as well as ART 244, ART 249, ART 357, and a three-dimensional art elective from ART 358, ART 364, ART 365, ART 366, ART 458, or a pre-approved course.

### Advising and Additional Information

Art & Design maintains annual degree plans and check sheets with suggested four-year course sequences for each major and minor. These materials are available in the Art & Design Office and on the Department’s Blugold Insider page. Students are responsible for working closely with their advisors to develop personal action plans. They are encouraged to use the degree plans and check sheets for these meetings.

### Additional Information

**NOTE 1:** A student may take a maximum of nine credits of advanced studio courses in one semester. Some advanced studio courses are offered on a variable credit basis and may be repeated for additional credit. The total number of advanced studio credits which may be applied to a degree program will vary and is to be determined through consultation with the major advisor.

**NOTE 2:** Students must be prepared to pay for any materials, supplies, equipment, and/or services deemed in excess of the amount and kind the University provides for necessary instructional purposes.

**Activity credit (band, chorus, drama, KINS 100-184 courses)**

Maximum 72 credits

**Extension credits**

- UW-System: no maximum
- Other extension/correspondence: maximum ¼ of total

**WTCGS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCREDIT.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)**

Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

---

1. Certain programs exceed this minimum.
2. See special requirements in each College.
Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

| Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) | Two (2) learning experiences |
| Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) | Two (2) learning experiences |
| Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) | Two (2) learning experiences |
| Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) | One (1) learning experience |

Skills Goal

| Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) | Two (2) learning experiences |
| Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) | One (1) learning experience |
| Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) | One (1) learning experience |

Responsibility Goal

| Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) | Two (2) learning experiences |
| Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) | One (1) learning experience |
| Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) | One (1) learning experience |

| Service-Learning Goal | Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) | 30 hours |

College Degree Requirements

Bachelor of Fine Arts

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Fine Arts in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Major Requirements

(Code 020-011)

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Ceramics. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Ceramics Emphasis will need to

Total Credits 75

1 Repeat ART 458 and ART 405 for a total of six credits each.

**Additional B.F.A. Requirements**

Further details regarding each of the following requirements are provided by the Art & Design Department each semester.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. Comprehensive Art majors must complete at least one of the following travel experiences:
   A) UWEC-approved International Study program;
   B) at least one of the department’s national field trips;
   C) at least two of the department’s regional field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition hosted in the University’s Foster Gallery (http://uwec.ly/fostergallery/).

**NOTE:** Transfers, Changes of Major, and other exceptions must check with the Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**College Degree Requirements**

**Bachelor of Fine Arts**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Major Requirements**

(Code 020-012)

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Graphic Design. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Graphic Design Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

Seventy-five semester credits, including:

Additional B.F.A. Requirements

Further details regarding each of the following requirements are provided by the Art & Design Department each semester.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. Comprehensive Art majors must complete at least one of the following travel experiences:

A) UWEC-approved International Study program;
B) at least one of the department’s national field trips;
C) at least two of the department’s regional field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition hosted in the University’s Foster Gallery (http://uwec.ly/fostergallery/

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
Two (2) learning experiences
- One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
Two (2) learning experiences
- One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
Two (2) learning experiences
- One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)
One (1) learning experience
- One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)
One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)
Two (2) learning experiences
- One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)
One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)
Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
Liberal Arts (Code 020-007)
This degree is designed to provide students with a liberal arts experience in art or design, creating a well-rounded education that combines artistic interests with other academic disciplines. It provides an excellent technical, conceptual, creative, and aesthetic foundation for broader career options.

Sixty semester credits, including:

One S2 to meet the University Mathematics Requirement (p. 51)
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

</tbody>
</table>

**Integration Goal**

Integration Outcome 1 (I1): Integration | Two (2) learning experiences |

**Service-Learning Goal**

Service-Learning | 30 hours |

**College Degree Requirements**

Bachelor of Fine Arts

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Major Requirements
(Code 020-018)

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Photography. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Photography Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

Seventy-five semester credits, including:

Department Requirements
Foundations Courses (should be completed in the first year of study):

| ART 107 | Foundations: Drawing and Composition |
| ART 108 | Foundations: Two-Dimensional Design |
| ART 110 | Foundations: Three-Dimensional Art |
| ARTH 109 | Art of the 20th Century |

Art History Requirements: 6

| ARTH 111 | Survey: Ancient to Medieval Art |
| ARTH 112 | Survey: Renaissance to 20th Century Art |

Area Requirements 21

| ART 281 | Introduction to Photography as an Art Form |
| ART 381 | Intermediate Photography: Darkroom |
| ART 382 | Intermediate Photography: Digital |
| ART 383 | Video for Art and Design |
| or ART 384 | Artist Books: Image & Text |
| ART 481 | Advanced Studio-Photography 1 |
| or ART 402 | Advanced Studio Practice |

Area Support Options, Choose Four: 2 12

| ART 240 | Intermediate Drawing |
| ART 241 | Course ART 241 Not Found |
| ART 244 | Introduction to Painting |
| ART 249 | Introduction to Printmaking |
| ART 264 | Beginning Sculpture |
| ART 274 | Compositional Principles of Graphic Design |
| ART 275 | Principles of Typography |
| ART 278 | 3-D Computer Modeling |
| ART 332 | Illustration Narratives |

Additional B.F.A. Requirements

Further details regarding each of the following requirements are provided by the Art & Design Department each semester.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. Comprehensive Art majors must complete at least one of the following travel experiences:
   - A) UWEC-approved International Study program;
   - B) at least one of the department’s national field trips;
   - C) at least two of the department’s regional field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition hosted in the University’s Foster Gallery (http://uwec.ly/fostergallery/).

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on Campus.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOMER.EAU_TRNSCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAIF Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/) One (1) learning experience

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Fine Arts

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Additional B.F.A. Requirements

Further details regarding each of the following requirements are provided by the Art & Design Department each semester.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.
2. B.F.A. Comprehensive Art majors must complete at least one of the following travel experiences:
   A) UWEC-approved International Study program;
   B) at least one of the department’s national field trips;
   C) at least two of the department’s regional field trips.
3. To complete the B.F.A. program, students must participate in a Senior Exhibition hosted in the University’s Foster Gallery (http://uwec.ly/fostergallery/).

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

1  Certain programs exceed this minimum.
2  See special requirements in each College.
USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency.
as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

Liberal Arts (Code 020-208)

This degree program is designed to liberally educate a student with knowledgeable foundations in art or design. It is not offered as a career or professional path, and it presumes integration with a minor or second major.

**Department Requirements**

Thirty-six semester credits, including:

**Foundations Courses (should be completed in the first year of study):**

Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/biology/)

The Study of Life
Biologists study the diversity, function, and interconnection of living organisms on earth from the molecular and cellular level to that of the whole organism. It is a broad science with many subdisciplines that range from the theoretical to the applied and from the microbe to the biome. Biological knowledge and understanding is essential for the intelligent evaluation of a range of issues facing civilization whether they be emerging diseases; invasive species and loss of biodiversity; or advances in medical, biotechnological, and ecological research.

The mission of the Department is to build a community that will instill an enthusiasm for lifetime learning in the biological sciences through education, research, and service to students, faculty/staff, and the public-at-large. We aim to provide students with basic concepts and skills as well as an enlightening and participatory learning environment via coursework, seminars, and collaborative research opportunities so that they may solve problems and confront issues of the future whether they be scientific, social, political, or ethical in context. We also aim to provide an atmosphere that assists students in identifying career possibilities consistent with their interests and abilities in the life sciences.

Student Organizations
Biology Club is a student organization for those interested in Biology. We also have organizations that span from the Saltwater Reef team to pre-professional groups. Beta Beta Beta, Biology Honor society, is dedicated to improving the understanding and appreciation of biological study and extending the boundaries of human knowledge through scientific research. Meetings provide opportunities to meet other biology majors/minors and professors, hear speakers on various biology related topics, learn about possible internships and research opportunities, and participate in fun activities such as trips to science museums, aquariums, and zoos.

Biology Department Honors Requirements

Eligibility:

(1) Upper class biology majors (60 credits or more) with resident, total, and Biology GPAs of 3.50 or higher.

(2) Transfer students with junior status who declare a biology major and enter with GPAs of 3.50 or higher.

Requirements:

- An invitation by a biology faculty/staff member to pursue Biology Departmental Honors. Students may apply without an invitation but must have a letter of support from a biology faculty/staff member.

- At least 3 credits earned over at least 2 semesters, in either BIOL 384, BIOL 395, BIOL 396, BIOL 399, or BIOL 499.

- Presentation of collaborative research at one of the following:
  - an on-campus event (CERCA, the Provost’s Honors Symposium)
  - an off-campus conference (a regional, national or international professional conference)
  - publication of collaborative research results in a peer-reviewed journal.

- Submission and approval of an Honors thesis of their research, including the following steps:
  - During the thesis semester, students will register for 1 credit of BIOL 489 (Biology Honors Thesis - in development) or HNRS 490 (Honors Senior Thesis or Project).
  - Students are expected to make substantial intellectual contributions to the development, implementation, or scholarly interpretation of the project.
  - The thesis will be evaluated for acceptability by the research mentor and at least one additional faculty or staff member.

NOTE: Students must maintain a resident, total, and biology GPA of at least 3.50 for continued eligibility for Biology Department Honors.

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements

Liberal Arts (Code 080-001)

This emphasis provides extensive exposure to topics in ecology, field biology, and biological conservation. It is intended for students who are interested in field research, environmental monitoring and management, or natural resource conservation, or who desire strong preparation for graduate programs in ecology, environmental biology, or related fields. Research or internship is strongly recommended.

The emphasis requires completion of the core, the required credits as listed below, and biology electives to total at least 60 credits.

Core Requirements for All Biology Majors

Ecology and Environmental Biology Emphasis (Code 080-001); Microbiology Emphasis (Code 080-002); Biology, Liberal Arts (Code 080-203).

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.

2. See special requirements in each College.

### Applicability of Credits Toward Graduation

#### Junior College or Two-Year College Credits

A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupationalal and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/LMWEB/c/EAU_SS_CUSTOM.EOU.TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Major Requirements
Liberal Arts (Code 080-203)

Thirty-six semester credits, including:

Core Courses:
- BIOL 221 Foundations of Biology I 4
- BIOL 222 Foundations of Biology II 3
- BIOL 223 Foundations of Biological Inquiry 2
- BIOL 321 Ecology 3
- BIOL 323 Genetics 3

A minimum of two upper-division lab courses selected from the following list:
- BIOL 311 General Entomology 4
- BIOL 314 Human Anatomy and Physiology II 4
- BIOL 317 Animal Physiology 4
- BIOL 318 Plant Form and Function 4
- BIOL 319 Animal Form and Function 5
- BIOL 324 Genetics Inquiry 2
- BIOL 325 Plant Systematics 4
- BIOL 328 Conservation Biology 4
- BIOL 331 Trees and Shrubs 3
- BIOL 332 Field Botany 3
- BIOL 338 Vegetation Ecology 4
- BIOL 339 Physiological Ecology 4
- BIOL 340 Ornithology 4
- BIOL 345 Invertebrate Zoology 4
- BIOL 351 Systems Neuroscience Lab 3
- BIOL 356 Wisconsin Wildlife 4
- BIOL 361 Biology of Microorganisms 5
- BIOL 362 Field Zoology 3
- BIOL 365 Animal Behavior 4
- BIOL 376 Aquatic Ecology 3
- BIOL 379 Biology of Fishes 4
- BIOL 380 Endocrinology 4
- BIOL 386 Biology Research Methods 3
- BIOL 405 Advanced Cell and Molecular Lab 4
- BIOL 423 Collaborative Research in Biology 3
- BIOL 460 Developmental Biology 4

Additional biology courses not specifically excluded from the biology major to complete the 36 credit total in biology.

In addition to the 36 credits in biology, students who pursue the Liberal Arts Major in Biology must complete:

- MATH 114 Calculus I 4
- CHEM 103 General Chemistry I 8
- & CHEM 104 and General Chemistry II 8
  OR
- CHEM 105 General Chemistry I Lecture 9
- & CHEM 106 and General Chemistry I Laboratory 9
- & CHEM 109 and General Chemistry II with Lab 9
  OR
- CHEM 115 Chemical Principles 6

Biology, Microbiology Emphasis, Comprehensive Major
Liberal Arts (Code 080-002)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core (p. 48) 36

Academic Concentrations (p. 51)

Grade Point Requirements (p. 51) 2

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements (p. 52)

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EUAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)

One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)

One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours
Major Requirements

Liberal Arts (Code 080-002)

This emphasis differs from the Biochemistry/Molecular Biology comprehensive major in that it provides more in-depth exposure to topics in microbiology including virology, immunology, and bacteriology. It is excellent preparation for careers in health science, industry, and for graduate training in microbiology and related fields.

The emphasis requires completion of the core, the required credits as listed below, and biology electives to total at least 60 credits.

Core Requirements for All Biology Majors

Ecology and Environmental Biology Emphasis (Code 080-001); Microbiology Emphasis (Code 080-002); Biology, Liberal Arts (Code 080-203).

Chemistry and Biochemistry

Phillips 430
715-836-3417
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/chemistry/)

The degree programs in the Department of Chemistry and Biochemistry offer the rare opportunity to build a useful and marketable set of technical skills, while obtaining a well-rounded liberal arts education that will provide...
communication and “people” skills. The department offers a variety of majors and interdisciplinary programs, with varying degrees of specialization designed to meet the needs and interests of a broad range of students. The A.C.S. certified majors are ideal for students seeking a rigorous and focused course of study, and are well-suited to those seeking immediate employment in the chemical industry or planning graduate study in chemistry or biochemistry. The liberal arts major offers broader professional options, is more flexible in terms of elective coursework, and is paired with a minor or second major. The liberal arts major is also an excellent choice for pre-pharmacy, pre-medicine, pre-dentistry, and other pre-professional students. Students interested in biological chemistry may also consider the interdisciplinary comprehensive major in biochemistry/molecular biology offered jointly with the Biology Department.

The Chemistry with Business Emphasis major offers a unique course of study that is ideal for those seeking a business career in a technical industry. This program offers a powerful combination of technical training in the field of chemistry, a core of business classes, and a targeted course sequence focused on industrial chemistry. This renders students incredibly well-prepared to enter sales, marketing, or customer support roles immediately upon graduation.

Faculty/student collaborative research is the hallmark of the Chemistry Department. These hands-on learning opportunities are key to acquainting students with the day-to-day activities of practicing chemists and often lead to summer employment and internship opportunities. Many students also have the opportunity to present their work at professional meetings prior to graduation.

The Chemistry Department is accredited by the American Chemical Society (A.C.S.) to certify its comprehensive degrees as meeting the breadth and depth requirements of the A.C.S. There are three A.C.S certified options.

**Honor Societies and Student Organizations:**

The UW-Eau Claire student affiliate chapter of the American Chemical Society (ACS-SA) is a national award-winning organization that involves students in social, professional, and service activities at the university and in the community. This group has continued since the A.C.S. incorporated ACS-SA members into its general membership as Student Members. The UW-Eau Claire ACS-SA helps inform fellow students of curricular options and career opportunities and coordinates a tutoring program serving students in lower-level chemistry courses. All chemistry and biochemistry/molecular biology students are encouraged to become members of ACS-SA.

**Departmental Honors in Chemistry and Biochemistry**

Open to students in all programs in the Department of Chemistry and Biochemistry who meet the following requirements:

1. GPA of 3.50 or higher, both cumulative and in chemistry courses.
   Participation in a collaborative research project with a chemistry faculty member that results in:
2. a presentation at an off-campus research conference, and
3. completion of CHEM 497 with a favorable review of the manuscript by the research advisor and at least two additional faculty members.

**Procedure:** Students seeking Departmental Honors must:

1. Complete all requirements listed above.
2. Complete the Departmental Honors Application that includes: the application form with required signatures, a transcript, and copies of the CHEM 497 manuscript and presentation abstract.

3. Forward a completed application to the Student Affairs Committee Chair by the date specified on the form.

Note: Names of Departmental Honors graduates must be forwarded to the University Honors Program Director and Registrar at least three weeks prior to commencement.

**Information for All Students about General Chemistry Placement**

**NOTE 1:** CHEM 105 is the first course in a two-semester general chemistry sequence that includes CHEM 105, CHEM 106 and CHEM 109, while CHEM 115 combines material from this two-semester sequence into a single one-semester course. Students, especially chemistry, biochemistry/ molecular biology (B/MB), and materials science majors (see Note 5), who meet the enrollment criteria described in NOTES 2 and 3 are strongly encouraged to take CHEM 115 to complete their general chemistry requirement in a single semester.

**NOTE 2:** High school math performance is the best predictor of success in all 100-level chemistry courses. Students who place into MATH 114 or higher should almost always take CHEM 115. Students who place into MATH 109 or lower should take CHEM 105 and CHEM 106 as their first semester, followed by CHEM 109. Students who place into MATH 112 or MATH 113 should consider their chemistry background and anticipated degree program when choosing between CHEM 105/CHEM 106 and CHEM 115. Students with a strong high school chemistry background (see NOTE 3), and who are planning to major (or minor) in chemistry, B/MB, or materials science should usually take CHEM 115. Students with less chemistry preparation, or who are not planning on majoring (or minoring) in chemistry, B/MB, or materials science should probably start by taking CHEM 105 and CHEM 106.

**NOTE 3:** A “strong background” in high school chemistry can take several forms. Successful completion of an AP chemistry course or similarly enriched chemistry course constitutes a strong background. Successful completion of two years of high school chemistry; or one year of high school chemistry and one year of high school physics generally provides a strong background as well.

**NOTE 4:** Students who take CHEM 115, and after consultation with their CHEM 115 instructor in the first 2 of weeks of the course determine that CHEM 105/CHEM 106 is the more appropriate starting point for them in chemistry, will be allowed to transfer to CHEM 105/CHEM 106. Therefore, for close decisions between original enrollment in CHEM 105/CHEM 106 or CHEM 115, students are encouraged to enroll in CHEM 115.

**NOTE 5:** Chemistry, B/MB, and materials science majors and minors receive 6 credits toward the major for CHEM 115 or a combination of CHEM 105, CHEM 106, and CHEM 109. Therefore, these students should take CHEM 115 if they meet the enrollment criteria so that they can move on sooner to other courses in their major.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience
One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.
**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

(Code 111-001)

The Chemistry with Business Emphasis Major is designed to provide students with a solid foundation in the field, together with a rudimentary understanding of the principles of commerce; effectively preparing them for business careers in the chemical industry and other technology-driven enterprises. It provides excellent preparation for sales, marketing, technical service, and customer support positions in the chemical industry, and is also appropriate for pre-professional students, including pre-pharmacy, pre-medicine, and pre-dentistry.

A minimum of 66 semester credits, including:

<table>

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

(Code 100-009)

The A.C.S. Biochemistry Emphasis Major is designed to prepare students to function effectively and professionally as practicing chemists working at the interface of chemistry and the biological sciences, in graduate programs and/or in careers in government or industry labs. This program offers solid preparation for students planning graduate study in biochemistry, biophysics, or medicinal chemistry, and also provides an exceptionally rigorous pre-medical or pre-pharmacy program with suitable biology electives.
Core Requirements for A.C.S. and Liberal Arts Chemistry Majors

A minimum of 64-semester credits, including:

**Chemistry Core**

Select one of the following: ¹

<table>
<thead>
<tr>

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).
College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
(Code 100-007)
The A.C.S. General Emphasis Major is designed to prepare students to function effectively and professionally as practicing chemists, in graduate programs and/or in careers in government or industry labs. It offers effective preparation for immediate employment or matriculation to graduate school.

Core Requirements for A.C.S. and Liberal Arts Chemistry Majors
A minimum of 61-semester credits, including:

Chemistry Core
Select one of the following: ¹

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 115</td>
<td>Chemical Principles</td>
<td>6</td>

<td></td>
</tr>
</tbody>
</table>

Total Credits 39

¹ Only six credits of the CHEM 103/CHEM 104 or CHEM 105/CHEM 106/CHEM 109 sequence are credited to the major.

Capstone Experience for Chemistry Majors
The capstone experience is met by completing CHEM 411 for chemistry with business emphasis majors, and by CHEM 420, CHEM 438, CHEM 453 or CHEM 497 for other chemistry majors.

Comprehensive Major: Chemistry, A.C.S., General Emphasis

Requirements
In addition to the chemistry core and required mathematics/physics courses, students must complete the following course work:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 352</td>
<td>Fundamentals of Biochemistry</td>
<td>4</td>
</tr>
<tr>

Procedures Required for Graduation

1. Obtain admission to the degree program and/or the College offering it.
2. Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

USAFI
Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>
<thead>
<tr>
<th>LIBERAL EDUCATION CORE REQUIREMENTS</th>

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements
Liberal Arts (Code 100-201)

The Liberal Arts Chemistry Major is designed to provide students with a solid foundation in the field, while offering the opportunity to pursue a parallel specialization, thus effectively preparing students for graduate or professional school, and/or a variety of career paths in chemistry, the health sciences, and related fields. This major is ideal for pre-medicine or pre-pharmacy students who are interested in a chemistry major, and any others who are seeking a minor in another field.

Core Requirements for A.C.S. and Liberal Arts Chemistry Majors

A minimum of 55-semester credits, including:

Chemistry Core
Select one of the following: 1

Other advanced courses may be approved by petition.
Only six credits of the CHEM 103/CHEM 104 or CHEM 105/CHEM 106/CHEM 109 sequence are credited to the minor.

Communication and Journalism

Hibbard Humanities Hall 152
715-836-2528
Department Website [https://www.uwec.edu/academics/college-arts-sciences/departments-programs/communication-journalism/](https://www.uwec.edu/academics/college-arts-sciences/departments-programs/communication-journalism/)

The Department of Communication and Journalism faculty are committed to a philosophy emphasizing the development, integration, and practical application of theories, knowledge, and skills related to communication and journalism. Communication and journalism are crucial to a democratic society. Both require citizens to share and challenge information.

**Departmental Goals**

To prepare students for responsible roles in communication and journalism, the department offers diversified curricula, in which all students can expect to develop in these areas:

1. awareness and knowledge of communication processes in diverse cultural, social, legal, and ethical contexts;
2. critical and analytical thinking;
3. research and information-gathering skills; and
4. oral, written, and visual communication skills.

**Areas of Emphasis**

The department offers majors and minors in Communication, Journalism, and Integrated Strategic Communication with the following options for areas of emphasis:

- **Communication majors/minors:**
  - Communication: Communication Studies
  - Communication: Organizational Communication
- **Integrated Strategic Communication majors:**
  - Integrated Strategic Communication: Advertising
  - Integrated Strategic Communication: Public Relations
- **Integrated Strategic Communication minor**
- **Journalism major/minor**

**Information for Majors**

No student may have both a major and a minor or a major and a certificate from the Department of Communication and Journalism. No major or minor credit may be earned under the Satisfactory/Unsatisfactory option. Students majoring in Communication, Journalism, and Integrated Strategic Communication may not include CJ courses in a topical minor without prior, written approval of the department chair.

Most upper division courses (numbered 300 and above) required in major and minor programs are available only to students who have completed prerequisite courses with grades of C or above.

Students who choose a major in Integrated Strategic Communication or Journalism must meet curriculum accreditation standards set by the Accrediting Council on Education in Journalism and Mass Communications (ACEJMC).

Accreditation standards require that students complete 72 credits of coursework outside of their major, and complete the university liberal education core requirements.

**Advising Information**

Students who declare a major in the Department of Communication and Journalism as juniors or seniors should not expect to finish the courses required for that major in fewer than four semesters. When completing the paperwork to declare this major, it is particularly important for students to work out the course sequencing necessary to finish in a timely manner.

Communication and Journalism departmental policy specifies that any student who is absent from the first day of class without prior approval of the course instructor may be dropped from the class in order to make room for other students.

**Extra-Curricular Opportunities**

Communication, Journalism, and Integrated Strategic Communication majors and minors are urged to obtain practical experience from work with campus media and/or professional organizations. Students may apply for opportunities to work for the award-winning student newspaper, The Spectator, or become a member of the nationally-ranked forensics squad. Communication and Journalism Organization, Public Relations Student Society of America, Society of Professional Journalists and Blugold Radio Sunday/WUEC-FM also offer professional development, experience, and leadership opportunities for students.

For more information about the Communication and Journalism Department, its programs, and its faculty, visit the Department’s homepage at [http://www.uwec.ly/cj](http://www.uwec.ly/cj).

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on Camp5.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/correspondence

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and
minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work; mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 583-201)

This emphasis teaches students to analyze and enhance human communication through courses in theory, research, and practice. After completing a common core of courses, majors in this emphasis select a variety of electives including courses focused on how communication builds and maintains relationships and how messages in political and popular culture influence society.

Thirty-six semester credits, including:

Communication Studies Core (18 credits)

<table>

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFC Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

One experience in laboratory science must be selected from either K1 or K2.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 583-250)

This emphasis assists students in the development of professional, group, and interpersonal communication skills that enable them to enhance the communities, organizations, and societies in which they live and work. Students learn to analyze, develop, and deliver messages to a variety of stakeholders.

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 585-201)

Understanding the objectives, message concepts, and strategies which underlie advertising is the goal of this sequence. Students are prepared to conduct research, establish goals, create messages, and implement plans.

Advertising majors must complete 36 credits that include:

CJ electives: six credits (neither CJ 202 nor CJ 203 may be used as elective credits) 6

Total Credits 36

Note: No major or minor credit may be earned under the S/U option.

Integrated Strategic Communication, Certificate

(Code 585-601)

The Certificate in Integrated Strategic Communication is designed to teach students in a wide variety of non-communication fields to effectively communicate in an message-intensive world. Specially, they will learn how to promote their skills to the public at large and help the public build a better understanding of their chosen field and issues important to that field. The certificate will provide students with the skills and knowledge needed to identify and analyze target audiences and create messages designed for those audiences.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

#### Service-Learning Goal
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 560-206)

Understanding the role of journalism in a democratic society is the goal of this major. This major prepares students to inform citizens and enhance democracy by gathering, writing, editing and delivering news across multiple platforms.

Journalism majors must complete 36 credits hours that include:

<table>
<thead>
<tr>

<td>Media Law and Ethics</td>
<td>3</td>
</tr>
</tbody>
</table>

Select nine credits of electives in CJ courses (neither CJ 202 nor CJ 203 may be used as elective credits)

Total Credits: 24

Note: No major or minor credit may be earned under the S/U option.

Journalism, Certificate

(Code 560-601)

The Certificate in Journalism is designed for students who wish to develop understanding of the role journalism plays in a democracy and the underlying principles and practices of journalism. A combination of courses in journalism
help students acquire the knowledge and introductory skills that will allow them to use the tools of journalism to develop and design reported information across media platforms. The journalism certificate aligns with the university mission as journalism fosters creativity, critical thinking, empathy for others, and intellectual courage to monitor power and question authority on behalf of the public.

Minimum of 12 credits required:

Required courses (9 credits):
- CJ 184 Multimedia Communication 3
- CJ 222 Beginning Journalism 3
- CJ 413 Media Law and Ethics 3

Elective courses (3 credits). These courses allow students to select the journalism skills that most apply to their particular interests or career aspirations.
- CJ 241 Audio and Video Production Process 3
- CJ 284 Introduction to Photography 3
- CJ 321 Intermediate Journalism 3
- CJ 322 Immersion Journalism 3

Total Credits 12

Note 1: Courses used for the certificate may not be applied to the major.

Note 2: Students majoring in any program in Communication and Journalism may not use this certificate to satisfy the graduation requirement of a second program.

Organizational Communication, Certificate
(Code 583-601)

The Certificate in Organizational Communication complements majors in every area of study by developing professional, group, and interpersonal communication skills that enable students to contribute to, and better serve, the communities, organizations and societies in which they live and work. Students in any field must be able to analyze, develop and deliver messages to a variety of stakeholders. The Certificate in Organizational Communication helps students hone these abilities by highlighting the role of communication in organizational effectiveness, and engaging students in both theory and practice. The elective course options for the certificate allow students to focus on the specific communication skills that apply most directly to their particular interests or career aspirations.

Students pursuing an Organizational Communication Certificate are required to complete 12 credits toward the certificate.

Twelve semester credits, including:

Required Courses
- CJ 250 Introduction to Organizational Communication 3
- CJ 355 Advanced Organizational Communication: Strategic Message Design 3

Select six credits from the following:
- CJ 184 Multimedia Communication 3
- CJ 201 Introduction to Interpersonal Communication 3
- CJ 206 Human Communication Theory 3
- CJ 301 Intercultural Communication 3
- CJ 307 Small Group Communication 3
- CJ 317 Diversity & Communication: Organizational & Media Contexts 3
- CJ 350 Human Resource Development 3
- CJ 351 Strategic Event Planning 3
- CJ 357 Professional Communication 3
- CJ 406 Persuasion 3
- CJ 407 Leadership Communication 3

Total Credits 12

Note 1: Courses used for the certificate may not count for the student’s major program.

Note 2: Students majoring in any program in Communication and Journalism may not use this certificate to satisfy the graduation requirement of a second program.

Social Advocacy and Change, Certificate
(Code 583-603)

The Certificate in Social Advocacy and Change is designed for students who wish to engage as active citizens, using communication skills and knowledge to promote change in a variety of social and political contexts including, but not limited to, human rights and environmental concerns. Active citizenship exists where individuals use communication practices and theories to advocate for change on their own behalf or on the behalf of others, and where groups seek to find common cause or concern with issues at the heart of the controversy. A combination of courses in communication studies and organizational communication help students learn the knowledge and skills that will allow them to create responsible change in their communities.

Twelve semester credits, including:

Required Courses
- CJ 202 Fundamentals of Speech 3
- CJ 207 Introduction to Rhetoric and Society 3
- CJ 318 Topics in Communication and Social Advocacy 3
- CJ 355 Advanced Organizational Communication: Strategic Message Design 3
- or CJ 406 Persuasion 3

Note 1: Courses used for the certificate may not count for the student’s major program.

Note 2: Students majoring in any program in Communication and Journalism may not use this certificate to satisfy the graduation requirement of a second program.

Computer Science

Philips 130
715-836-2526
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/computer-science/)
About Us
Computer Science and Software Engineering are disciplines that combine concepts from mathematics, science, and engineering into a coherent and disciplined study of the software and hardware required for computation. The programs offered by the UW-Eau Claire Department of Computer Science provide the fundamental education necessary to prepare students for positions in industry or to pursue graduate study. The curriculum is organized so that graduates will be able to meet immediate demands for solving computational problems or designing state-of-the-art computer systems, yet also have an understanding of the basic principles and concepts in computer science needed to avoid technological obsolescence in a rapidly changing environment. This program is intended to produce computer science professionals, not merely technicians with some training in computer software and hardware. Success requires a strong aptitude in mathematics.

The Program for Majors and Minors
Department faculty constantly examine the curriculum to ensure that students gain both the breadth and depth of knowledge needed to be successful in careers in business and industry, or in graduate school. The major/minor curriculum includes:

1. Introductory courses which cover the basic principles of Computer Science.
2. The use of object-oriented and other programming paradigms.
3. An integrated blend of courses which cover the tools, knowledge, problem-solving, and programming techniques that form the basis for a successful career.
4. A capstone experience.

Departmental Honors in Computer Science
Eligibility: Students with resident and total GPAs of 3.50 or higher and a 3.50 or higher in at least 12 credits of computer science.

Procedure: A written application for Departmental Honors in Computer Science shall be approved by the research advisor and the departmental honors committee. The application and approval process must be completed no later than the end of the junior year.

Requirements:
1. The satisfactory completion of
   a. six credits of registration in Computer Science Research, including the writing of a research paper;
   b. an oral presentation to be given to at least three members of the faculty.
2. Resident and total GPAs of 3.50 or higher in both the computer science major and for all credits attempted to meet graduation requirements.
3. Participation in at least one Student ACM Programming Contest.

Information for All Students
It is strongly recommended that the student have a grade of C or above in any Computer Science course, which is to be used as a prerequisite to another course. Where a grade of C- or below is earned in a Computer Science course, the student should repeat the course before continuing.

Satisfactory/Unsatisfactory Policy
The Satisfactory/Unsatisfactory option may not be elected to satisfy a course requirement at the 200 level or higher for the major or minor programs, except for CS 490.

Faculty
J. Erik Hendrickson, Interim Chair
Rushit Dave
Rahul Gomes
Rakib Islam
Naeem Seliya
Jack Tan

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Liberal Education Core Requirements a minimum of 36 credits

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 170-030)

This major is recommended for students who desire a strong foundation in software design and development, computer systems and networking, and mathematics.

A minimum of sixty semester credits, including:

</tr>
</tbody>
</table>

Or other courses designated by the department and not already included in the minor.

Note: The Satisfactory/Unsatisfactory option may not be elected to satisfy a course requirement at the 200 level or higher for the major or minor programs, except for CS 490.

## Computer Science, Software Engineering, Major

**Liberal Arts (Code 170-205)**

For a degree in Computer Science, a student must complete:
University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core (p. 48) 36
Academic Concentrations (p. 51)

Grade Point Requirements 2

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements (p. 52)

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Certificate 25 percent of credits

1  Certain programs exceed this minimum.

2  See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### College Degree Requirements

#### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

### College Graduation Requirements: Grade Point Averages

All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

#### Major-Minor and Major-Certificate Requirements

A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

#### College Credits

Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

### Major Requirements

#### Liberal Arts (Code 170-205)

This major is recommended for students who desire a strong foundation in software design and development.

A minimum of 42 semester credits, including:

<table>
<thead>
<tr>
<th>Software Engineering Core (39 crs)</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>CS 145 Programming for New Programmers</td>
<td>4</td>
</tr>
<tr>
<td>or CS 148 Programming for Experienced Programmers</td>
<td></td>
</tr>
</tbody>
</table>
CS 146 The Big Picture in Computer Science 1
CS 245 Advanced Programming and Data Structures 4
CS 252 Computer Systems 4
CS 260 Database Systems 4
CS 268 Web Systems 3
CS 330 Programming Languages 3
CS 335 Algorithms 3
CS 352 Computer Architecture 3
CS 355 Software Engineering I 3
CS 396 Junior Seminar 1
CS 452 Operating Systems 3
CS 485 Software Engineering II (capstone course) 3

A Computer Science elective, selected from one of the following options:

Option 1
Select a minimum of three credits of electives chosen from the following Computer Science courses not already included in the Software Engineering core:

- CS 278 Digital System Design
- CS 291 Special Topics
- CS 321 Web Design and Development
- CS 322 Animation Programming
- CS 370 Computer Security
- CS 376 Cryptography and Network Security
- CS 388 UNIX Systems Programming
- CS 399 Independent Study - Juniors
- CS 420 Artificial Intelligence
- CS 436 Mobile Software Development
- CS 450 Theory of Computation
- CS 455 Computer Graphics
- CS 462 Computer Networks
- CS 491 Special Topics
- CS 498 Computer Science Internship

Or other courses designated by the department (three-four credits; recommended for students considering industry employment)

Option 2
Six credits from:

- CS 482 Research in Computer Science I
- CS 492 Research in Computer Science II

1 Additional capstone and research experience; recommended for students considering graduate school

NOTE 1: MATH 114 or equivalent is required.

NOTE 2: MATH 314 or equivalent is required.

NOTE 3: CJ 202, ENGL 312, or ENGL 313 must be completed for a degree in Computer Science, Software Engineering.

NOTE 4: The Satisfactory/Unsatisfactory option may not be elected to satisfy a course requirement at the 200 level or higher for the major or minor programs, except for CS 490.

**Economics**

Schneider Social Science 476  
715-836-5743  
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/economics/)

**What is Economics?**

Economics is a study of people in the ordinary business of life; it examines that part of individual and social action which is most closely connected with the attainment and with the use of the material requirements for wellbeing. Thus it is on one side a study of material wealth; and on the other, and more important side, a part of the study of people. The Department of Economics believes that understanding economics requires both learning economic theory and applying that theory. To this end, the department encourages internships, student/faculty collaborative research activities, small-group learning, and applied projects.

To aid our graduates in the transition to employment or further education, the department sponsors trips to area graduate schools and visits by individuals employed in economics-related occupations and it maintains a file of alumni mentors.

**Honor Societies and Student Organizations**

Omicron Delta Epsilon (Economics Honors Society) and Student Economics Association.

For more information on either organization, see the Department Chair.  
Departmental Honors Program in Economics

**Entrance Requirements:**

1. Majors who have completed at least the two introductory economics courses with a GPA in economics courses of 3.50 or higher, and resident and total GPAs of 3.35 or higher,
2. and submit a written application before the beginning of the senior year for approval by the Economics Department faculty.
3. Requirements for Continued Participation: If at any time a student’s resident and total GPAs fall below 3.35, or a student’s GPA in economics courses falls below 3.20, that student will no longer be eligible to participate in the program.

**Graduation Requirements:**

1. Complete the requirements for an economics major, including ECON 316.
2. Complete at least six credits in the department’s Honors Seminars taught by graduate faculty. If unable to schedule six credits of seminar, the student can petition the department to replace three credits of Honors Seminar with three credits of Honors Independent Study.
3. Satisfactory completion of an Honors paper under the direction of a department member of the graduate faculty.
4. Satisfactory completion of an oral examination, conducted by at least three faculty members, on economic theory (ECON 303 and ECON 304) and on the student’s Honors Paper.
5. Resident and total GPAs of 3.50 or higher at graduation for all courses and in Economics Department courses. For more information, see the Department Chair.

**Faculty**

Thomas Kemp, Chair
Wayne Carroll
Maria DaCosta
Eric Jamelske
Yan Li
David Schaffer

**Majors**
- Major: Economics, Liberal Arts - B.A./B.S. (p. 169)
- Comprehensive Major: Economics, Business - B.B.A. (p. 166)

**Minors**
- Minor: Economics, Liberal Arts (p. 171)

**Certificates**
- Certificate: Economics of Global Issues (p. 166)

### Economics of Global Issues, Certificate

This Certificate provides students an opportunity to develop their global competency. One of the goals of UWEC is to provide students with ‘globally infused curricular and co-curricular experiences’. This Certificate will also complement other programs on campus, such as the Global Studies minor, the Latin American Studies major/minor, the Women’s, Gender, and Sexuality Studies major/minor, and other programs in Political Science.

(Code 360-601)

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, including a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner.
during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/).) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

• No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.

• Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 360-002)

Proficiency Requirement:

MATH 111 or MATH 114 or equivalent. Does not count toward credits in the major.

The BUSCORE
The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

BUSCORE Courses

<table>
<thead>
<tr>
<th>Code</th>

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate
will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS** a minimum of 36 credits

**Knowledge Goal**
- Knowledge Outcome 1 (K1): Natural Sciences ([http://catalog.uwec.edu/undergraduate/attribute-k1/](http://catalog.uwec.edu/undergraduate/attribute-k1/)) Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.

- Knowledge Outcome 2 (K2): Social Sciences ([http://catalog.uwec.edu/undergraduate/attribute-k2/](http://catalog.uwec.edu/undergraduate/attribute-k2/)) Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.

- Knowledge Outcome 3 (K3): Humanities ([http://catalog.uwec.edu/undergraduate/attribute-k3/](http://catalog.uwec.edu/undergraduate/attribute-k3/)) Two (2) learning experiences

- Knowledge Outcome 4 (K4): Fine Arts ([http://catalog.uwec.edu/undergraduate/attribute-k4/](http://catalog.uwec.edu/undergraduate/attribute-k4/)) One (1) learning experience

**Skills Goal**
- Skills Outcome 1 (S1): Written and Oral Communication ([http://catalog.uwec.edu/undergraduate/attribute-s1/](http://catalog.uwec.edu/undergraduate/attribute-s1/)) Two (2) learning experiences
  - One S1 must meet the University Writing Requirement (p. 51)

- Skills Outcome 2 (S2): Mathematics ([http://catalog.uwec.edu/undergraduate/attribute-s2/](http://catalog.uwec.edu/undergraduate/attribute-s2/)) One (1) learning experience
  - One S2 to meet the University Mathematics Requirement (p. 51)

- Skills Outcome 3 (S3): Creativity ([http://catalog.uwec.edu/undergraduate/attribute-s3/](http://catalog.uwec.edu/undergraduate/attribute-s3/)) One (1) learning experience

**Responsibility Goal**
- Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity ([http://catalog.uwec.edu/undergraduate/attribute-r1/](http://catalog.uwec.edu/undergraduate/attribute-r1/)) Two (2) learning experiences
  - One R1 must satisfy Design for Diversity ([http://catalog.uwec.edu/undergraduate/attribute-ddiv/](http://catalog.uwec.edu/undergraduate/attribute-ddiv/))

- Responsibility Outcome 2 (R2): Global Perspectives ([http://catalog.uwec.edu/undergraduate/attribute-r2/](http://catalog.uwec.edu/undergraduate/attribute-r2/)) One (1) learning experience

**Integration Goal**
- Integration Outcome 1 (I1): Integration ([http://catalog.uwec.edu/undergraduate/attribute-i1/](http://catalog.uwec.edu/undergraduate/attribute-i1/)) Two (2) learning experiences

**Service-Learning Goal**
- Service-Learning ([http://catalog.uwec.edu/undergraduate/attribute-sl/](http://catalog.uwec.edu/undergraduate/attribute-sl/)) 30 hours

---

### College Degree Requirements

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements

Liberal Arts (Code 360-200)

Thirty-six semester credits in economics and supporting courses, including:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 103</td>
<td>Principles of Microeconomics</td>
<td>3</td>
</tr>
<tr>
<td>ECON 104</td>
<td>Principles of Macroeconomics</td>
<td>3</td>
</tr>
<tr>
<td>ECON 303</td>
<td>Intermediate Microeconomic Theory</td>
<td>3</td>

<td>3</td>
</tr>
<tr>
<td>ECON 316</td>
<td>Econometrics</td>
<td>3</td>
</tr>
<tr>
<td>MATH 246</td>
<td>Elementary Statistics</td>
<td>4</td>
</tr>
</tbody>
</table>

Students may count a maximum of three courses from the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 201</td>
<td>Introduction to Accounting</td>
<td></td>
</tr>
<tr>
<td>ECON 268</td>
<td>Environmental Economics</td>
<td></td>
</tr>
<tr>
<td>ECON 280</td>
<td>Health Economics</td>
<td></td>
</tr>
<tr>
<td>ECON 329</td>
<td>Lifetime Investing Principles and Strategies</td>
<td></td>
</tr>
<tr>
<td>ECON 330</td>
<td>Experiences of Minoritized Groups in U.S. Economy</td>

<td>Women and Economic Development</td>
<td></td>
</tr>
</tbody>
</table>

English

Centennial Hall 4102
715-836-2639
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/english/)

English as an academic discipline encompasses the study of literature, literary theory, critical/cultural theory, film, creative writing, professional writing, rhetoric, teaching, and linguistics. In English courses, students develop strong critical thinking and analytical skills; they learn to read with interpretive power and write with fluency, power, and precision; and they apply a variety of research strategies and methods.

Advising Information

The English Department maintains updated advising guides and four-year degree plans for all of its majors, minors, and certificates; these materials are available in the English Department office and on the English Department website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/english/).

Students contemplating a major, minor, or certificate in English are encouraged to make an appointment in the English Department office with the Director of Undergraduate Studies in English.

Programs

Students at UW-Eau Claire may focus their studies in English by choosing a major, minor, or certificate in one of many areas of emphasis. A standard major, which must be taken in conjunction with a second program, may be pursued in one of five emphases: Creative Writing; Critical Studies in Literatures, Cultures, and Film; Linguistics; Rhetorics of Science, Technology, and Culture; and Teaching. The teaching emphasis may also be taken as a comprehensive major, which does not need a second program. The English Department offers minors in the following four emphases: Creative Writing; Critical Studies in Literatures, Cultures, and Film; Rhetorics of Science, Technology, and Culture; and Teaching and also offers a certificate in Creative Writing, Critical Studies in Literatures, Cultures, and Film and Rhetorics of Science, Technology, and Culture. The English Department administers the College of Arts and Sciences Interdisciplinary Linguistics minor and the Interdisciplinary Linguistics certificate. Each program in English offers students a framework of core English courses and a focused concentration of courses in the emphasis.

All English majors take three core courses, designed to provide a strong foundation in English studies:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 210</td>
<td>Introduction to Critical Studies</td>
<td>5</td>
</tr>
<tr>
<td>ENGL 221</td>
<td>Introductory English Linguistics</td>
<td>3</td>
</tr>
<tr>
<td>ENGL 284</td>
<td>Introduction to Theory and Criticism</td>
<td>3</td>
</tr>
</tbody>
</table>

ENGL 210 provides students with an understanding of textuality and how texts function within historicized cultural contexts. All English minors take ENGL 210 as their one core English course. ENGL 221 introduces students to the scientific study of language, including linguistic structure, the history of the English language, and language acquisition. ENGL 284 provides a broadly conceived understanding of theory and criticism, and introduces students to the practice of self-reflectively theorizing and critiquing within the field of English. These core courses provide students with a strong basis for their work in the discipline.
Our English programs are designed to give students focused study in a particular area or emphasis. Students deepen their study of English through intermediate and advanced coursework in their specific emphasis and have many opportunities to integrate their previous learning by producing major research or creative projects. Students in English develop strong analytical skills, critical thinking abilities, oral and written communication skills, and a depth of knowledge about language, literature, and culture, all of which will serve them well in their careers or graduate work. Finally, the English Department prides itself on its accomplished faculty, rigorous curriculum, and welcoming community.

Departmental Honors Program, Student Organizations, and Other Opportunities

We believe that getting involved beyond the classroom in the major/minor enhances students’ college experience and gives them valuable career-building and life-enriching skills. Please visit the English department website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/english/) for information about these opportunities.

- **Departmental Honors Program in English**—engage in high impact research, creative, and integrative opportunities. The Departmental Honors Program fosters integrative learning through independent and collaborative experiences, promotes advanced engagement with scholarly resources, and recognizes outstanding achievement in academic and scholarly activity.
- **English Festival**—organize events and activities of interest to English majors, minors, and faculty.
- **English Ambassadors**—promote the department at recruitment events, mentor English majors/minors, and advise the department on student concerns.
- **NOTA (None of the Above)**—contribute to the creation of the campus’ creative literary and arts publication and host events promoting the literary and creative arts.
- **Sigma Tau Delta/Theta Zeta Chapter**—English honor society committed to fostering relationships between students and faculty and inspiring students to promote their love of English to the campus and local community through service projects and activities.
- **Center for Writing Excellence Writing Assistants & Writing Fellows**—tutor in the Center for Writing Excellence or assist professors in writing-intensive courses.
- **Student Mentors/Student Academic Apprentices**—mentor or apprentice in an English or Writing course.
- **Writing Internships**—build your writing and professional skills by working for community agencies or businesses in the Chippewa Valley.

General Restrictions

**Auditors** will be admitted to writing courses only with the written permission of the instructor and the department chair.

**English for Non-Native Speakers.** The beginning composition course for non-native speakers of English is ordinarily ESL 305 (contact Department of Languages) followed by a first-year writing course offered by the English Department.

Majors

- **Major: English, Linguistics, Liberal Arts - B.A./B.S.** (p. 189)
- **Major: English, Critical Studies in Literatures, Cultures, and Film, Liberal Arts - B.A./B.S.** (p. 183)
- **Major: English, Creative Writing, Liberal Arts - B.A./B.S.** (p. 179)
- **Major: English, Rhetorics of Science, Technology, and Culture, Liberal Arts - B.A./B.S.** (p. 192)
- **Comprehensive Major: English, English & Language Arts Teaching - B.A.** (p. 172)

Minors

- **Minor: English, Critical Studies in Literatures, Cultures, and Film, Liberal Arts** (p. 188)
- **Minor: English, Creative Writing, Liberal Arts** (p. 182)
- **Minor: English, Rhetorics of Science, Technology, and Culture, Liberal Arts** (p. 196)

Certificates

- **Certificate: Creative Writing** (p. 182)
- **Certificate: Critical Studies in Literatures, Cultures, and Film** (p. 187)
- **Certificate: Rhetorics of Science, Technology, and Culture** (p. 196)

English & Language Arts, Comprehensive Major - Teaching

Teaching (Code 540-007)
University Requirements

**GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE**

**Credit Requirements**

| Minimum total for graduation | 120 |
| Upper division credits (courses numbered 300 and higher) | 39 |
| Liberal Education Core (p. 48) | 36 |
| Academic Concentrations (p. 51) | |

**Grade Point Requirements**

| Total | 2.00 average |
| Resident | 2.00 average |
| Major | 2.00 average |
| Minor | 2.00 average |
| Certificate | 2.00 average |

**University Residency Requirements (p. 52)**

| Minimum total | 30 |
| Senior year | 23 |
| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**APPLICABILITY OF CREDITS TOWARD GRADUATION Credit Restrictions**

| Satisfactory/Unsatisfactory | Total degree credit maximum 12 |
| Major, Standard | maximum 1 course |
| Major, Comprehensive | maximum 2 courses |
| Minor | maximum 1 course |

**Credit by Examination**

| Total degree credit | maximum ¼ of total |
| Major or minor | maximum ⅕ of total |

**Two-Year College Credits**

| Total degree credit | maximum 72 credits |
| Activity credit (band, chorus, drama, KINS 100-184) | |
| Total KINS 100-184 | maximum 1 credit |
| Total Band, chorus, drama | maximum 12 credits |
| Single course band, chorus, drama | maximum 4 credits |

**Extension credits**

| UW-System | no maximum |
| Other extension/correspondence | maximum ¼ of total |

**USAFI**

| USAFI | maximum 32 credits |

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS** a minimum of 36 credits

**Knowledge Goal**

| Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) | Two (2) learning experiences |
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)  Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)  Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)  One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)  Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)  One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)  One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)  Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)  One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)  One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)  Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-s/1)  30 hours

Teaching Licensure Requirements - EA-A Licensure
Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing EA-A licensure are not required to elect a second plan that leads to certification.

College Degree Requirements
University Requirements in Teacher Education in the College of Education and Human Sciences
College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.

2. Grade point requirements:
   - Resident 2.75 average
   - Total 2.75 average
   - Major 2.75 average
   - Minor (for certification only) 2.75 average

3. Residency requirements:
   - Minimum Total 30 credits
   - Senior Year 23 credits
   - Major, in upper division courses 12 credits
   - Comprehensive Major, in upper division courses 21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Early Adolescence Through Adolescence and Early Childhood through Adolescence
(formerly Secondary Education and Special Subjects)

Liberal Education Requirements are listed in the table below

1 Broadfield Science add-on certification is available with these majors and requires ES 360 (fall only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.

**Admission Requirements**

**Admission to Education Programs**

**Admission to the Major**

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Education Studies (p. 473) and Special Education and Inclusive Practices (p. 483) sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (e.g. SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Education Studies and Special Education and Inclusive Practices (p. 483) Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Retention in Professional Education Programs

Students who are in good standing in the University but are having difficulty meeting the College of Education and Human Sciences criteria for professional education programs are strongly advised to seek the counsel of their advisor and/or the Associate Dean of the College of Education and Human Sciences regarding their continuation in the program. A student may continue in the program while in good standing or after receiving an Academic Warning (See Academic Standing and Progress (p. 42)). However, if placed on probation or if readmitted after a first suspension, the student may continue in the program only upon recommendation of the department concerned (Education Studies or Special Education and Inclusive Practices). After a second suspension, the student may not continue in the professional education program.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file an application available at an education “professional semester” meeting held each fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file an application at an education “professional semester” meeting held in spring. Dates for these meetings will be advertised widely and posted across campus.

Students are encouraged to submit their applications as soon as possible after the meeting. Considerable time is required to process each application—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file early will benefit by the careful consideration that can be given to their requests; the later an application is received, the fewer the placement assignments and choices still available will be. Failure to file an application on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification; and a 2.75 or higher GPA based on a combination of all course work in the major, minor (where certifiable), and professional education courses, including PSYC 260. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Teacher Education Candidates shall demonstrate content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once.
   - Foreign language majors must earn passing scores on the ACTFL.
8. Completion of the 30 hour Human Relations Fieldwork requirement.
9. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
10. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, demonstration of content area proficiency through one avenue listed above, any additional Praxis II Content Test(s)/ACTFL and PSYC 260) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.
For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major and passing score on the edTPA.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All MCEA, Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT. In addition, a completed edTPA must be submitted for national scoring. Passing scores on this performance assessment are required for licensure in Wisconsin.

Wisconsin Application

College of Education graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Liberal Arts (Code 540-204)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE
Credit Requirements
Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core (p. 48) 36
Academic Concentrations (p. 51)
Grade Point Concentrations (p. 51) 2
Total Requirements (p. 51) 2

Total  2.00 average
Resident  2.00 average
Major  2.00 average
Minor  2.00 average
Certificate  2.00 average

University Residency Requirements (p. 52)
Minimum total  30
Senior year  23
Major, Standard, upper division in residence  12
Major, Comprehensive, upper division in residence  21
Certificate  25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**Knowledge Goal**

| Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) | Two (2) learning experiences |
| Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) | Two (2) learning experiences |
| Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) | Two (2) learning experiences |
| Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) | One (1) learning experience |

**Skills Goal**

| Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) | Two (2) learning experiences |
| Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) | One (1) learning experience |
| Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) | One (1) learning experience |

**Responsibility Goal**

| Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) | Two (2) learning experiences |
| Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) | One (1) learning experience |

| Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) | One (1) learning experience |

| Integration Goal | Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) | Two (2) learning experiences |

| Service-Learning Goal | Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) | 30 hours |

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 / CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and
minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of 5 in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

## Major Requirements

### Liberal Arts (Code 540-204)

Thirty-eight semester credits, including:

**Core (11 credits)**

- ENGL 210: Introduction to Critical Studies 5
- ENGL 221: Introductory English Linguistics 3
- ENGL 284: Introduction to Theory and Criticism 3

**Emphasis Requirements (15 credits)**

- ENGL 220: Introduction to Creative Writing (with a grade of B or above) 3
- ENGL 310: Intermediate Poetry Writing 3
- ENGL 311: Intermediate Fiction/Nonfiction Writing 3

Six credits from two of the following courses: 6

- ENGL 410: Creative Writing Workshop - Poetry
- ENGL 411: Creative Writing Workshop - Fiction
- ENGL 412: Creative Writing Workshop - Nonfiction
- ENGL 413: Prose Writing Workshop - Topics
- THEA 414: Playwriting

**Literature/Culture Requirements (12 credits)**

Six credits from: 6

- ENGL 243: American Literature to 1865
- ENGL/CJ 273: Creative and Narrative Nonfiction
- ENGL 274: The Short Story
- ENGL 275: The Novel
- ENGL 276: Poetry
- ENGL 245: American Literature 3
- ENGL/CJ 275: Creative and Narrative Nonfiction
- ENGL 276: Poetry
- ENGL 245: American Literature 3
- ENGL/CJ 275: Creative and Narrative Nonfiction
- ENGL 276: Poetry
- ENGL 245: American Literature 3
- ENGL/CJ 275: Creative and Narrative Nonfiction
- ENGL 276: Poetry

Required:

- Three credits of literature/culture at the 300- or 400-level 3
- Three credits of literature/culture at the 400-level 3

Note: Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.

### Information for English Majors and Minors

#### British Literature/Culture before 1790

- ENGL 252: Perspectives on Pre-1790 British Literature 3
- ENGL 257: Representative Shakespeare 3
- ENGL 351: Chaucer and His Age 3
- ENGL 352: Topics in British Literature Before 1790 3
- ENGL 357: Shakespearean Topics 3
- ENGL 452: Seminar in Early British Literature 3

#### British Literature/Culture after 1790

- ENGL 259: Perspectives on British Literature After 1790 3
- ENGL 359: Topics in British Literature After 1790 3
- ENGL 362: Studies in Transatlantic Romanticism 3
- ENGL 459: Seminar in British Literature After 1790 3

#### American Literature/Culture before 1865

- ENGL 243: American Literature to 1865 3
- ENGL 340: Topics in American Literature to 1865 3
- ENGL 440: Seminar in American Literature Before 1865 3

#### American Literature/Culture after 1865

- ENGL 244: American Literature from 1865-1945 3
- ENGL 245: American Literature Since 1945 3
- ENGL 348: Topics in American Literature: 1865 - Present 3
- ENGL 448: Seminar in American Literature Since 1865 3

#### World/Post-Colonial Literature/Culture

- ENGL 130: Introduction to World/Postcolonial Literature 3
- ENGL 230: Survey of World/Postcolonial Literature 3
- ENGL 330: Topics in World/Postcolonial Literature 3
- ENGL/WGSS 332: Women in African Literature 3
- ENGL 430: Seminar in World/Postcolonial Literature 3

#### American Ethnic Literature/Culture

- ENGL/AIS 142: Introduction to American Indian Literatures 3
- ENGL/AIS 242: The American Indian in Literature and Film 3
- ENGL 268: Survey of American Ethnic Literature 3
- ENGL/AIS 345: American Indian Autobiography 3
- ENGL/AIS 346: Major Works in American Indian Literature 3
- ENGL 368: Topics in American Ethnic Literature 3
- ENGL 468: Seminar in American Ethnic Literature 3

#### Women’s Literature/Culture

- ENGL/WGSS 296: Perspectives on Women’s Literature 3
- ENGL/WGSS 396: Studies in Women’s Literature 3
- ENGL 496: Seminar in Women’s Literature 3

#### Theory, Film, and Popular Culture Studies

- ENGL 181: Introduction to Critical Studies in Film, Television, and Moving-Image Culture 3-4
- ENGL 272: Perspectives in Popular Texts 3
- ENGL 281: Critical Perspectives on Film, Television, and Moving-Image Culture 3-4
- ENGL 372: Topics in Popular Culture 3
- ENGL 381: Critical Studies in Film and Culture 3-4
- ENGL 384: Studies in Theory and Criticism 3
ENGL 481 Seminar in Film, Video, and Moving-Image Culture 3-4
ENGL 484 Seminar in Critical Theory 3

Additional Courses in Literature/Culture
ENGL 150 Introduction to Literature 3
ENGL/CJ 273 Creative and Narrative Nonfiction 3
ENGL 274 The Short Story 3
ENGL 275 The Novel 3
ENGL 276 Poetry 3
ENGL 277 Drama 3
ENGL 392 Major Themes in Literature 1-3

Creative Writing
ENGL 220 Introduction to Creative Writing 3
ENGL 310 Intermediate Poetry Writing 3
ENGL 311 Intermediate Fiction/Nonfiction Writing 3
ENGL 410 Creative Writing Workshop - Poetry 3
ENGL 411 Creative Writing Workshop - Fiction 3
ENGL 412 Creative Writing Workshop - Nonfiction 3
ENGL 413 Prose Writing Workshop-Topics 3

Linguistics
ENGL 121 Busting Language Myths 3
ENGL 221 Introductory English Linguistics 3
ENGL 321 Topics in the Structure of English 3
ENGL 325 Topics in Language in Society 3
ENGL 421 Seminar in Linguistic Research 3

Rhetorics of Science, Technology, and Culture
ENGL 212 Histories and Theories of Rhetoric 3
ENGL 307 Editing and Publications Management 3
ENGL 312 Science Writing 3
ENGL 313 Technical Writing 3
ENGL 314 Cultural Rhetorics 3
ENGL 315 Visual Rhetorics of Science, Technology, and Culture 3
ENGL 409 Grant Proposal Writing 3
ENGL 415 Seminar in Science and Nature Writing 3
ENGL 455 Seminar in Rhetorics of Science, Technology, and Culture 3

English, Creative Writing, Certificate
(Code 540-603)

Fifteen credits including:
ENGL 220 Introduction to Creative Writing 3
Three credits from:
ENGL 245 American Literature Since 1945
ENGL 273 Creative and Narrative Nonfiction
ENGL 274 The Short Story
ENGL 275 The Novel
ENGL 276 Poetry
ENGL 310 Intermediate Poetry Writing
ENGL 311 Intermediate Fiction/Nonfiction Writing
ENGL 410 Creative Writing Workshop - Poetry
ENGL 411 Creative Writing Workshop - Fiction
ENGL 412 Creative Writing Workshop - Nonfiction
ENGL 413 Prose Writing Workshop-Topics

ENGL 276 Poetry
Three credits from 300-level literature courses 3
Three credits from:
ENGL 310 Intermediate Poetry Writing
ENGL 311 Intermediate Fiction/Nonfiction Writing
ENGL 410 Creative Writing Workshop - Poetry
ENGL 411 Creative Writing Workshop - Fiction
ENGL 412 Creative Writing Workshop - Nonfiction
ENGL 413 Prose Writing Workshop-Topics

Note: There must be at least 48 unique credits between a student's major and this certificate if course work overlaps for purposes of meeting graduation requirements for first and second degree programs.

English, Creative Writing, Minor
Liberal Arts (Code 540-412)

Twenty-six semester credits, including:
ENGL 210 Introduction to Critical Studies 5
Select six credits from the following: 6
ENGL 245 American Literature Since 1945
ENGL/CJ 273 Creative and Narrative Nonfiction
ENGL 274 The Short Story
ENGL 275 The Novel
ENGL 276 Poetry
ENGL 220 Introduction to Creative Writing 3
ENGL 310 Intermediate Poetry Writing
or ENGL 311 Intermediate Fiction/Nonfiction Writing
Three credits from:
ENGL 410 Creative Writing Workshop - Poetry
ENGL 411 Creative Writing Workshop - Fiction
ENGL 412 Creative Writing Workshop - Nonfiction
ENGL 413 Prose Writing Workshop-Topics
THEA 414 Playwriting
Three additional English credits 3

Required:
Three credits of literature/culture at the 300-level 3
ENGL 220 Introduction to Creative Writing 3
ENGL 310 Intermediate Poetry Writing
or ENGL 311 Intermediate Fiction/Nonfiction Writing
Three credits from:
ENGL 410 Creative Writing Workshop - Poetry
ENGL 411 Creative Writing Workshop - Fiction
ENGL 412 Creative Writing Workshop - Nonfiction
ENGL 413 Prose Writing Workshop-Topics

Note: Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.

**English, Critical Studies in Literatures, Cultures, and Film Emphasis, Major**

**University Requirements**

**GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE**
Credit Requirements

Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core (p. 48) 36
Academic Concentrations (p. 51) -
Grade Point Requirements (p. 51) 2

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements (p. 52)

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Satisfactory/Unsatisfactory

Credit by Examination

Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits

UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI

USAFI maximum 32 credits

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: 1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. 2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: 1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. 2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. 3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 540-212)

Thirty-eight semester credits, including:

<table>
<thead>
<tr>
<th>Core (11 credits)</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 210</td>
<td>Introduction to Critical Studies</td>
</tr>
<tr>
<td>ENGL 221</td>
<td>Introductory English Linguistics</td>
</tr>
<tr>
<td>ENGL 284</td>
<td>Introduction to Theory and Criticism</td>
</tr>
</tbody>
</table>

Emphasis Requirements

At least one course from five of the following areas (15 credits):

British literature/culture course before 1790

British literature/culture course after 1790
American literature/culture course before 1865
American literature/culture course after 1865
World/Post-Colonial literature/culture
American Ethnic literature/culture
Women’s literature/culture
Theory, Film, and Popular Culture Studies

**Additional Elective Credits in English (12 credits)**
A minimum of six of these credits must come from any of the above areas; the remaining six credits may come from any ENGL course.

NOTE 1: Up to six credits may come from the 100- or 200-level, with no more than three credits from ENGL 121, ENGL 130, ENGL 142, ENGL 150, and ENGL 181.

NOTE 2: At least nine credits must be taken at the 400-level.

NOTE 3: Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.

Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.
1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned
in any single activity course and no more than 12 credits resulting from any
combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following:
Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory
Registration; Transfer of Credits. College or departmental restrictions may also
be placed on Independent Study (399-499 courses), Directed Study (395-495),
and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure
that its graduates have achieved a liberal education and prepared themselves
to contribute to a complex society. Upon graduation, each undergraduate
will have met the four learning goals of our liberal education core and the 11
learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must
fulfill the requirements for credits, curriculum, GPA, and University residency
as specified in the section of this catalog titled University Graduation
Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for
degrees in the College of Arts and Sciences must earn minimum resident and
total GPAs of 2.00 in the major, the minor, and the certificate. The resident and
total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

### Major Requirements

#### Liberal Arts (Code 540-205)

Thirty-six semester credits, including:

<table>
<thead>
<tr>
<th>Core (11 credits)</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 210</td>
<td>Introduction to Critical Studies 5</td>
</tr>
<tr>
<td>ENGL 221</td>
<td>Introductory English Linguistics 3</td>

<td>Second Language Acquisition Theory</td>
</tr>
<tr>
<td>PHIL 250</td>
<td>Symbolic Logic</td>
</tr>
<tr>
<td>PHIL 322</td>
<td>Philosophy of Language</td>
</tr>
</tbody>
</table>

#### Literature/Culture Requirements

Three literature/culture courses, including at least:

<table>
<thead>
<tr>
<th>One course from:</th>
<th>9</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 243</td>
<td>American Literature to 1865</td>
</tr>
<tr>
<td>ENGL 252</td>
<td>Perspectives on Pre-1790 British Literature</td>
</tr>
<tr>

<td>Chaucer and His Age</td>
</tr>
<tr>
<td>ENGL 352</td>
<td>Topics in British Literature Before 1790</td>
</tr>
<tr>
<td>ENGL 357</td>
<td>Shakespearean Topics</td>
</tr>
</tbody>
</table>

One literature/culture course at the 300- or 400-level

---

1 Additional iterations of ENGL 321, ENGL 325, and ENGL 421 with a different topic may be counted in Elective options.

**NOTE 1:** No more than six credits from the 100- or 200-level, with no more than three credits from ENGL 121, ENGL 130, ENGL 142, ENGL 150, or ENGL 181.

**NOTE 2:** Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.

### Information for English Majors and Minors

#### British Literature/Culture before 1790

| ENGL 252 | Perspectives on Pre-1790 British Literature 3 |
| ENGL 257 | Representative Shakespeare 3 |

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)

Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)

Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)

Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)

One (1) learning experience

Skills Goal
**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112 or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**ENGL 409** Grant Proposal Writing 3
**ENGL 415** Seminar in Science and Nature Writing 3
**ENGL 455** Seminar in Rhetorics of Science, Technology, and Culture 3

English, Rhetorics of Science, Technology, and Culture, Certificate

(Code 540-602)

Rhetorical understanding and the ability to produce rhetorically effective texts are excellent complements to any academic discipline, because every specialty depends on the discovery and dissemination of ideas, as well as the structuring of arguments in the process of building knowledge in a field. The Rhetorics of Science, Technology, and Culture (RSTC) certificate offers a focused study in the kinds of choices we make when we analyze and communicate scientific, technical, and diverse cultural phenomena, whether through traditional written text, visuals, video, internet venues, or some multimodal combination of those. Students will have opportunities not only to research in a wide variety of fields, including understanding different modes of communication and cultural practices, but to create and edit documents that best address the needs of their intended audiences, ranging from specialists to the general public. An RSTC certificate could enhance the career options of any student majoring or minoring in a science, technology, or social science field, and in its attention to various kinds of practical know-how—e.g., science writing, technical writing, grant writing, nature writing, editing—could also increase the career options for students in the humanities and the arts.

Fifteen semester credits, selected from:

- **ENGL 212** Histories and Theories of Rhetoric 3
- **ENGL 307** Editing and Publications Management 3
- **ENGL 312** Science Writing 3
- **ENGL 313** Technical Writing 3
- **ENGL 314** Cultural Rhetorics 3
- **ENGL 315** Visual Rhetorics of Science, Technology, and Culture 3
- **ENGL 409** Grant Proposal Writing 3
- **ENGL 415** Seminar in Science and Nature Writing 3
- **ENGL 455** Seminar in Rhetorics of Science, Technology, and Culture 3
- **ENGL 498** Internship in Writing 3

where course work overlaps for purposes of meeting graduation requirements for first and second degree programs.

English, Rhetorics of Science, Technology, and Culture, Minor

Liberal Arts (Code 540-414)

Twenty-six semester credits, including:

- **ENGL 210** Introduction to Critical Studies 5
- Six credits of literature/culture (no more than three credits at the 100- or 200-level, and no fewer than three credits at the 300-level) 6
- **ENGL 212** Histories and Theories of Rhetoric 3
- Select nine credits from the following: 9
  - **ENGL 307** Editing and Publications Management
  - **ENGL 312** Science Writing
  - **ENGL 313** Technical Writing
  - **ENGL 314** Cultural Rhetorics
  - **ENGL 315** Visual Rhetorics of Science, Technology, and Culture
  - **ENGL 409** Grant Proposal Writing
  - **ENGL 415** Seminar in Science and Nature Writing
  - **ENGL 498** Internship in Writing
  - or three credits outside the department with advisor approval

Required:

- **ENGL 455** Seminar in Rhetorics of Science, Technology, and Culture 3

Note: Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.

### Geography and Anthropology

**Phillips 257**  
715-836-3244  
Department Website [here](https://www.uwec.edu/academics/college-arts-sciences/departments-programs/geography-anthropology/)

Geographers describe, analyze, and explain the patterns and processes of natural environmental and the human cultural systems of the earth. They emphasize the importance of the location and patterns of people, places, and events; the physical and human characteristics of regions; and the relations between people, places, culture, and environment.

With training in both the natural and social sciences, and the tools and perspectives for understanding them, geographers have a wide range of career opportunities in public and private sectors. Geographers find work in such fields as municipal and regional planning, marketing, real estate, tourism, transportation, teaching, environmental analysis, and natural resource management. Geographers are increasingly in demand for jobs that require expertise in geospatial techniques, such as geographic information systems (GIS), global positioning systems (GPS), remote sensing, and computer cartography.

The discipline of anthropology adopts an integrative, comprehensive approach to the study of humankind. Anthropologists seek to understand human conditions by examining the biological evolution of human beings, the human capacity to create culture, and the diverse ways of life developed by societies around the world.

Internship Opportunities
For information, contact your advisor

Departmental Honors in Geography and Anthropology

The Department of Geography and Anthropology encourages and creates opportunities for all of its students to participate in research and creative learning activities with department faculty. Especially motivated and high-achieving students are invited to pursue Departmental Honors in Geography or Anthropology. The Departmental Honors Program enhances students’ undergraduate experience, recognizes outstanding work and achievement, and can open up exceptional educational and professional opportunities.

Eligibility:
Must be a declared major or minor, have completed the core introductory courses (GEOG 104, GEOG 111, GEOG 178, and GEOG 200 or ANTH 161, ANTH 165, ANTH 169, and an area course), and have resident and major/minor GPAs of at least 3.50.

Application Procedures:
Student applicants should submit an electronic application for Departmental Honors in Geography or Anthropology to the Department Chair – through the applicant’s advisor – for approval as soon as interested and eligible, but no later than prior to the start of the student’s final semester before graduation. Department faculty and staff may also identify qualified students and encourage them to apply. The e-form application should elaborate on professional activities, research interests, and aspirations; an unofficial copy of transcripts should be attached. Final approval and recommendation for Departmental Honors will be made following satisfactory completion of all requirements (see below). Please see the Department Chair for more information and application details.

Requirements:
1. Conduct research and disseminate results: Satisfactorily complete one substantial faculty-student research collaboration in Geography or Anthropology that results in
   a. a presentation at a regional, national, or international professional conference; and
   b. an oral presentation to be given to at least three members of the faculty in such forums as departmental capstone presentations, regional conferences, UW-Eau Claire’s annual Provost’s Honors Symposium or professionally comparable venues.
2. Satisfactorily complete GEOG 401 or ANTH 499, to include a thesis or substantial paper written under the supervision of a Geography or Anthropology faculty member, or publish collaborative research results (see Requirement #1) in a peer-reviewed journal.
3. Maintain a 3.5 cumulative resident GPA and a 3.5 GPA in Geography or Anthropology courses.

Majors

- Comprehensive Major: Geography, Environmental Geography Emphasis - B.A./B.S. (p. 199)
- Comprehensive Major: Geography, Transnational Geographies Emphasis - B.A./B.S. (p. 205)
- Major: Geography - B.A./B.S. (p. 202)
- Comprehensive Major: Geospatial Analysis and Technology - B.A./B.S. (p. 209)

Minors

- Minor: Geography, Liberal Arts (p. 204)

Certificates

- Certificate: Anthropology (p. 198)
- Certificate: Geospatial (p. 212)
- Certificate: Geospatial in Geographic Information Systems (p. 212)
- Certificate: Geospatial in Remote Sensing (p. 213)
- Certificate: Geospatial in Mapping (p. 213)

Anthropology, Certificate
(Code 470-601)

The Anthropology Certificate is a 12-credit certificate that is well defined and offers a coherent disciplinary approach to subjects that are often shared with other disciplines and fields of study such as history, culture, social processes, language, and human evolution broadly construed. In providing specifically anthropological perspectives, the certificate serves to enrich and deepen student learning in other disciplines. It complements interdisciplinary majors like American Indian Studies; Latin American Studies; Women’s, Gender, and Sexuality Studies; as well as other disciplinary majors in the humanities and the social and natural sciences, including geography, history, and biology.

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-)
or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122/LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

Liberal Arts (Code 140-007)

**Environmental Geography**

Requires completion of the core courses, the required credits, and departmental and non-departmental electives to total at least 60 credits.

A minimum of 60 semester credits, including completion of the following:

### Geography Major Core Requirements

<table>
<thead>
<tr>
<th>Course</th>

</table>

Five additional courses to be selected from three of five Advanced Geography Approaches

1. One of the additional courses must be GEOG 368 - note that the Advanced Geography Approach to which it applies may vary by semester.

In addition to the core requirements for the geography major, students in the Environmental Geography Emphasis must take:

12 credits from environmental courses from other disciplines (selected with consent of advisor)

Geography electives to complete 60 credits; at least one elective must be an upper level Physical Geography course and one elective must be an upper level Human-Environmental Geography course

### Advanced Geography Approaches

Five courses from at least three advanced approaches are required for major programs. Four courses from at least three advanced approaches are required for minor programs.

University Residency Requirements (p. 52)

- Minimum total 30
- Senior year 23
- Major, Standard, upper division in residence 12
- Major, Comprehensive, upper division in residence 21

Certification 25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

\(^1\) Certain programs exceed this minimum.

\(^2\) See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCs Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Applicability of Credits Toward Graduation

Satisfactory/Unsatisfactory

- Total degree credit maximum 12
- Major, Standard maximum 1 course
- Major, Comprehensive maximum 2 courses
- Minor maximum 1 course

Credit by Examination

- Total degree credit maximum ¼ of total
- Major or minor maximum ½ of total

Two-Year College Credits

- Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

- Total KINS 100-184 maximum 1 credit
- Total Band, chorus, drama maximum 12 credits
- Single course band, chorus, drama maximum 4 credits

Extension credits

- UW-System no maximum
- Other extension/correspondence maximum ¼ of total

USAFI
Liberal Education Core

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the
student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 140-214)**

A minimum of 36 semester credits consisting of the Geography Major Core Requirements:

**Procedures Required for Graduation**
Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/) Two (2) learning experiences

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/) One (1) learning experience

One S1 must meet the University Writing Requirement (p. 51)

One S2 to meet the University Mathematics Requirement (p. 51)
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 140-009)

Transnational Geographies
The Transnational Geographies Emphasis provides an opportunity for students interested in graduate work or employment in the areas of civic governance and policies, transnational work in the public or private sectors, and non-profit developmental organizations. It is intended for students who are interested in cultural difference, social justice, ethnographic field research, work or study abroad, or for those who desire strong preparation for graduate programs in human/cultural geography or anthropology. Requires completion of the core courses, the required credits, and departmental and non-departmental electives as listed below to total at least 60 credits.

A minimum of 60 semester credits, including completion of the following:

Geography Major Core Requirements

Five additional courses selected from three of five Advanced Geography Approaches

1 One of the additional courses must be GEOG 368 - note that the Advanced Geography Approach to which it applies may vary by semester.

In addition to the core requirements for the geography major, students in the Transnational Geographies Emphasis must take:
One of the following GEOG/ANTH courses that will count toward the geography elective:

GEOG/ANTH 312 Space, Society, Subject
OR
GEOG/ANTH 313 Culture and Transnational Dynamics
WGSS 335 Transnational Feminism

Three courses from the following two categories, and at least one from each:

Category I - Approach and Perspective

AIS 444 Indigenous Theory and Methodologies
ENGL 330 Topics in World/Postcolonial Literature
ES 385 Social Foundations: Human Relations
HIST 382 Imperialism Since 1800

Category II - Thematic Content

AIS 343 Contemporary American Indian Communities
ECON 330 Experiences of Minoritized Groups in U.S. Economy
ECON/LAS 356 Economic Development of Latin America
ECON/WGSS 357 Women and Economic Development
ENGL 130 Introduction to World/Postcolonial Literature
ENGL/AIS 142 Introduction to American Indian Literatures
ENGL 230 Survey of World/Postcolonial Literature
ENGL/AIS 242 The American Indian in Literature and Film
ENGL 268 Survey of American Ethnic Literature
ENGL/AIS 345 American Indian Autobiography
ENGL/AIS 346 Major Works in American Indian Literature
ENGL 368 Topics in American Ethnic Literature
FLTR/LAS 350 Latin American Literature in Translation
FLTR 392 Foreign Film as Cultural Expression
HIST/AIS 240 American Indian History
HIST/AIS 369 Wisconsin Indian History
HIST/LAS 311 Latin America Since Independence
HIST/WGSS 313 Gender, Sex, and Science in European History
HIST 292 Origins of Current World Conflicts
HIST 317 Studies in the History of Race in the U.S.
HIST 318 Studies in the History of European and Mediterranean Worlds
HIST 319 Studies in Comparative, Transnational and Pacific World History
HIST 325 History and Memory in Europe
HIST 326 Twentieth Century Europe, 1900 to Present
HIST 344 African American Civil Rights Movement, 1914-Present
HIST 345 Civil Rights and American Memory

HIST 360 Modern France
HIST 362 Modern Germany
HIST 366 History of Middle East Since Muhammad
HIST 375 Twentieth Century Russia
HIST 376 World War I and II Military
HIST 381 Comparative Genocide
HIST 383 Modern Africa
HIST 384 The Vietnam War
HIST 388 History of China
HIST 389 History of Japan
HIST 390 Local History, Global History
IDIS 302 Race and Racism in the USA
LAS/POLS 319 Politics of Latin America
LAS/POL 352 Latin American Civilization
LAS/POL 354 Latin American Civilization: Regional Focus
LAS 222 Introduction to U.S. Latino History and Culture
MUSI 225 Global Traditions in Music
POLS 329 Political Violence
POLS 336 Arab-Israeli Conflict
POLS/WGSS 352 Gender and Politics in Global Perspective
RELS 309 Islam
RELS 312 Buddhism: Past and Present
RELS 313 Tibetan Buddhism
RELS 314 Hinduism
RELS 323 Chinese and Japanese Religions
RELS/AIS 330 Indigenous Religions of the Americas
SOC 312 Race and Ethnicity in the U.S.
SOC 366 Society in Contemporary China
WGSS/ENGL 332 Women in African Literature
WGSS/RELS 203 Women and World Religions
WGSS 215 African-American Feminism in the Humanities

Geography electives to complete 60 credits

Advanced Geography Approaches

Five courses from at least three advanced approaches are required for major programs. Four courses from at least three advanced approaches are required for minor programs.

Physical Geography

GEOG 304 Introduction to Geomorphology
GEOG 340 Climatology
GEOG 345 Quaternary Environments
GEOG 350 Soils and the Environment
GEOG 355 Biogeography
GEOG 363 Watershed Analysis
GEOG 364 Fluvial Processes and Landforms

Human-Environmental Geography

GEOG 270 Land Use Issues and Problems
GEOG 341 Weather and Society
GEOG 361 Environmental Hazards 3
GEOG 365 Tourism Geographies 3
GEOG 375 Environmental Quality 3
GEOG 377 U.S. Environmental and Sustainability Policy 3
GEOG 378 International Environmental Problems and Policy 3
GEOG 388 Military Geography 3
GEOG 445 Historical Geography 3

**Human Geography**

GEOG 155 Economic Geography 3
GEOG 188 Cultural Landscapes of North America 3
GEOG 312 Space, Society, Subject 3
GEOG 313 Culture and Transnational Dynamics 3
GEOG 322 Native Geographies 3
GEOG 352 Business Geographics 3
GEOG 366 Geography International Immersion Experience 1-3
GEOG 367 Landscape Analysis: Cultural 3
GEOG 369 Geography of Food 3
GEOG 446 Political Geography 3
GEOG 470 Urban Geography 3

**Geography Techniques**

GEOG 280 Cartographic Design 3
GEOG 335 Geographic Information Systems I 1 3
GEOG 336 Geospatial Field Methods 3
GEOG 337 Geographic Information Systems II 3
GEOG 338 Remote Sensing of the Environment 3
GEOG 339 Computer Mapping 3
GEOG 358 LiDAR Analysis & Applications 3
GEOG 370 Quantitative Methods in Geography 1 3
GEOG 390 Unmanned Aerial Systems 3
GEOG 435 Geographic Information Systems III 3
GEOG 438 Advanced Remote Sensing 3
GEOG 455 Web Geographic Information Systems 3

**Regional Geography**

GEOG 301 Geography of Western Europe 3
GEOG 308 Geography of Russia and Eastern Europe 3
GEOG 319 Geography of the Middle East and North Africa 3
GEOG 321 Geography of Latin America 3
GEOG 325 Geography of the United States and Canada 3
GEOG 379 Geography of Wisconsin 3

**Other Geography Courses**

The following courses can be applied to any of the five approaches with consent of the advisor:

GEOG 368 Geography Field Seminar 1 3
GEOG 395 Directed Studies 1-3
GEOG 399 Independent Study - Juniors 1-3
GEOG 491 Advanced Special Topics 1-3
GEOG 498 Geography Internship 1-3
GEOG 499 Independent Study - Seniors 1-3

1 Required courses.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

| Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) |
| Two (2) learning experiences |
| Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) |
| Two (2) learning experiences |
| Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) |
| Two (2) learning experiences |
| Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) |
| One (1) learning experience |

Skills Goal

| Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/) |
| Two (2) learning experiences |
| Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/) |
| One (1) learning experience |
| Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/) |
| One (1) learning experience |

Responsibility Goal

| Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) |

| One (1) learning experience |

Integration Goal

| Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) |
| Two (2) learning experiences |

Service-Learning Goal
### College Degree Requirements

#### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

#### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

#### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Other Elective Options (Minimum of 6 credits)

---

### Major Requirements

#### Liberal Arts (Code 141-001)

The Geospatial Analysis and Technology major will ground students in current geographic and geospatial traditions in a multidisciplinary learning approach. This comprehensive major integrates tools and skills with an engaging curriculum and high impact practices, such as internships and undergraduate research opportunities. It engages critical thinking both inside and outside the classroom. Specific areas of interest include Geographic Information Systems, Remote Sensing, LiDAR, Field Data Collection, Business Geographics, and Unmanned Aerial Systems.

Minimum of 60 semester credits including:

Other Elective Options (Minimum of 6 credits)
All students will take these four core courses.

Students who wish to specialize can choose one of the following options.

- Geospatial Certificate in Geographic Information Systems (p. 212)
- Geospatial Certificate in Remote Sensing (p. 213)
- Geospatial Certificate in Mapping (p. 213)

Note: Students can only receive one of the three specialized certificates, due to the potential overlap between the electives. Students cannot pursue the Geography Major and any of the Geospatial Certificates to meet graduation requirements for completing a first and second degree program.

Geospatial, Geographic Information Systems, Certificate
(Code 140-602)

The Department of Geography and Anthropology offers a Geospatial Certificate Program with Four Options: Geospatial Certificate, Geospatial Certificate in Geographic Information Systems, Geospatial Certificate in Remote Sensing, and Geospatial Certificate in Mapping. The goals of the Certificate are:

1. to provide students with the fundamentals and a working knowledge of the core geospatial technology skills, specifically geographic information systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
2. to give students the option to specialize by choosing an emphasis in one of three different areas: Geographic Information Systems, Remote Sensing, or Computer Mapping, and
3. to expose students to ethical issues involved with the use of geospatial technology.

While the Certificate is targeted primarily at professionals in the workforce who want to further their education by adding this credential onto their existing degrees, it provides current UW-Eau Claire students an opportunity to add a specific high demand set of skills and associated credentials onto their already marketable liberal arts degree from UW-Eau Claire. For advising, see Professor Ryan Weichelt (Geography and Anthropology).

Eighteen semester credits, including:

Note: Students can only receive one of the three specialized certificates, due to the potential overlap between the electives. Students cannot pursue the Geography Major and any of the Geospatial Certificates to meet graduation requirements for completing a first and second degree program.
Geospatial, Mapping, Certificate  
(Code 140-604)

The Department of Geography and Anthropology offers a Geospatial Certificate Program with Four Options: Geospatial Certificate, Geospatial Certificate in Geographic Information Systems, Geospatial Certificate in Remote Sensing, and Geospatial Certificate in Mapping. The goals of the Certificate are:

1. to provide students with the fundamentals and a working knowledge of the core geospatial technology skills, specifically geographic information systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
2. to give students the option to specialize by choosing an emphasis in one of three different areas: Geographic Information Systems, Remote Sensing, or Computer Mapping, and
3. to expose students to ethical issues involved with the use of geospatial technology.

While the Certificate is targeted primarily at professionals in the workforce who want to further their education by adding this credential onto their existing degrees, it provides current UW-Eau Claire students an opportunity to add a specific high demand set of skills and associated credentials onto their already marketable liberal arts degree from UW-Eau Claire. Geology

Phillips 157  
715-836-3732  
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/geology/)

Geology is the study of the earth and earth processes. Geologists work to solve environmental problems and supervise the exploration and development of earth resources. They are employed in the environmental industry, the mining industry, regulatory agencies such as the DNR and EPA, and as educators. Although many professions in geology require graduate school training, a bachelor’s degree in geology allows career options in geology, environmental geology, and other professional fields such as resource law and engineering. The Geology Department provides a rigorous but flexible program, and stresses the importance of a broad science curriculum. A curriculum balancing field and laboratory experience is tailored to meet the needs of each individual. The geology major is flexible enough to allow individual students to customize their program. Examples of customized programs (to be designed working with an advisor) include Marine Geology, Geochemistry, and Geophysics.

Honor Societies and Student Organizations

The Geology Department offers one student organization. The Geology Club is open to all majors and minors. Geology students participate in group activities through the club, organize the annual spring banquet, and participate in service activities. Please visit the department office for more information.

Departmental Honors Programs in Geology

Entrance Requirements: Admission is by departmental invitation, usually upon completion of Geology 470. In order to be considered, Geology majors should carry a 3.5 cumulative GPA and a 3.5 GPA in Geology courses.

Requirements for Continued Participation: Students should maintain a minimum 3.5 cumulative GPA and a 3.5 GPA in Geology courses.
Graduation Requirements:

1. Satisfactorily complete one substantial faculty–student research collaboration in Geology that results in a presentation at a regional, national, or international professional conference.

2. Satisfactorily complete GEOL 395, GEOL 399, or GEOL 499, which include an Honors capstone thesis or substantial paper written under the supervision of a Geology faculty member, or publish the collaborative research results in a peer-reviewed journal.

3. Maintain a 3.5 cumulative GPA and a 3.5 GPA in Geology courses.

Satisfactory/Unsatisfactory Policy.

No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

Majors

- Comprehensive Major: Geology, General Geology Emphasis, Liberal Arts - B.A./B.S. (p. 219)
- Comprehensive Major: Geology, Hydrogeology and Water Chemistry Emphasis, Liberal Arts - B.A./B.S. (p. 222)
- Comprehensive Major: Geology, Environmental Science Emphasis, Liberal Arts - B.A./B.S. (p. 217)
- Comprehensive Major: Geology, Dual Degree Geological Engineering Emphasis, Liberal Arts - B.A./B.S. (p. 214)
- Comprehensive Major: Science Teaching, Earth/Space Science Emphasis - B.S. (p. 461)
- Major: Geology, Liberal Arts - B.A./B.S. (p. 225)

Minors

- Minor: Geology, Liberal Arts (p. 227)

Certificates

- Certificate: Earth Resources (p. 76)
- Certificate: Responsible Mining (p. 92)
- Certificate: Water Resources (p. 94)

Geology, Dual Degree Geological Engineering Emphasis, Comprehensive Major

 Liberal Arts (Code 160-014)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation $1$ 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core (p. 48) 36
Academic Concentrations (p. 51)
Grade Point Requirements (p. 51) $2$

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements (p. 52)
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFL Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).
Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)

One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-slx/30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major.
department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course or (AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 160-014)**

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

**Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major**

Capstone Experience (required for all majors) 0-2

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their advisor will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

**Dual Degree Geological Engineering Emphasis**

This emphasis combines the benefits of a traditional geology degree with those of a formal engineering education. In this program students receive a UW-Eau Claire geology degree in conjunction with a bachelor’s degree in engineering from the University of Minnesota. Students will typically complete most of the UW-Eau Claire University requirements and Dual Degree geology requirements while at UW-Eau Claire before transferring to the engineering school. Students should visit the department office for a sample course schedule that would allow them to complete three full years at UW-Eau Claire and be prepared to transfer to the University of Minnesota for an additional one to two years.

Students must complete a minimum of 84 semester credits before transferring to the engineering school, 56 of which must be taken in residence at UW-Eau Claire.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required credits as listed below. Successful completion of GEOL 470 with a grade of C or above will constitute completion of the capstone experience. Students must fulfill the liberal education requirements of both UW-Eau Claire and the University of Minnesota. This can be accomplished in a reasonable manner with careful course selection. Please see Geology advisor.

Minimum 60 semester credits, including:

</table>
NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: For students planning to practice as professional engineers, GEOG 335; GEOL 416 at UW-Eau Claire or equivalent courses at University of Minnesota are strongly recommended.

NOTE 3: Students should plan on taking MATH 311 (UW-Eau Claire; Differential Equations) or Math 2243 (University of Minnesota; Differential Equations and Linear Algebra) prior to the first semester at University of Minnesota. Differential Equations is a prerequisite for the fluid mechanics course which is to be taken during the first semester at UM.

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.
- Certain programs exceed this minimum.
- See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses).** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the
student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 160-011)**

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

**NOTE:** Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

**Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major**

23-25 credits

Capstone Experience (required for all majors) 0-2

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

**Environmental Science Emphasis**

Recommended for students who are interested in careers working in environmental fields, such as environmental geology, land conservation, and environmental policy, or who desire to attend graduate school in environmental science, environmental law, or resource planning.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required and elective credits as listed below.

Minimum 60 semester credits, including:

**Required Courses**

<table>

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_S5_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

Core Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
- Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
- One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
- Two (2) learning experiences

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)

GEOL 115 Environmental Geology
GEOL 118 Societal Issues in Earth Science

Required:
GEOL 312 Mineralogy and Petrology I 4
GEOL 320 Sedimentology and Stratigraphy 4
GEOL 468 Computers in Geology 1
GEOL 470 Field Geology I 3
CHEM 115 Chemical Principles (or equivalent) 6

Capstone Experience (required for all majors) 0-2

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

**General Geology Emphasis**

Recommended for students planning careers in geology, especially those planning to attend graduate school in geology or engineering.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required and elective credits as listed below.

**Minimum 60 semester credits, including:**

**Required Courses**

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 100-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 51)

<table>
<thead>
<tr>

<td>One (1) learning experience</td>
</tr>
</tbody>
</table>
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)

One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)

One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)

Two (2) learning experiences

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)

One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)

One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)

Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL) 30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 160-013)**

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or geological engineering, or for careers as professional hydrogeologists or geologists. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

**NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.**

**Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major**

Hydrogeology and Water Chemistry Emphasis

Recommended for students planning careers in geology such as hydrogeology, geochemistry, and environmental geology. This program is designed to fulfill requirements for admission to graduate programs in hydrogeology, geochemistry, and environmental geology. This program also meets 1998 Wisconsin Department of Natural Resources’ academic requirements for classification as a hydrogeologist.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required and elective credits as listed below.

Minimum 60 semester credits, including:

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 160-204)

The Liberal Arts major in geology emphasizes broad training in general science; the relationship between earth science and other sciences; and the flexibility and creativity in program design for meeting an individual student’s interest and employment needs. This major requires completion of the Core liberal arts program plus elective credits. This non-comprehensive major also requires completion of a minor or a second major in another department.

Core Requirements for the Geology Major

Minimum 36 semester credits, including:

<table>
<thead>
<tr>
<th>Required Courses (27-29 credits)</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Select one of the following:</td>
<td>4</td>
</tr>
<tr>
<td>GEOL 106</td>
<td>Earth Science</td>
</tr>
<tr>
<td>GEOL 110</td>
<td>Physical Geology</td>
</tr>
<tr>
<td>GEOL 115</td>

</tr>
<tr>
<td>GEOL 470</td>
<td>Field Geology I</td>
</tr>
<tr>
<td>CHEM 115</td>
<td>Chemical Principles (or equivalent)</td>
</tr>
<tr>
<td>Capstone experience</td>
<td>0-2</td>
</tr>
<tr>
<td>Plus electives to total at least 36 credits selected from any geology course numbered 300 or higher.</td>
<td></td>
</tr>
</tbody>
</table>

1 Each major is required to complete a capstone experience which may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the Chair of the Department no later than the second week of the first semester of the senior year.

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Geology, Minor - Liberal Arts

Liberal Arts (Code 160-401)

Minimum 24 semester credits in geology, including:

<table>
<thead>
<tr>
<th>Select one of the following:</th>
<th>4</th>

GEOL 445 Engineering Geology and Geophysics
GEOL 468 Computers in Geology
GEOL 470 Field Geology I
GEOL 471 Field Geology II
GEOL 491 Advanced Special Topics

Select a minimum of six semester credits from the following: 6

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: Recommended electives: GEOL 470 and GEOL 471.

**History**

Hibbard Humanities Hall 701
715-836-5501
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/history/)

The study of history examines how men and women throughout the world have lived in the past. It pays special attention to continuities and changes in human communities over time and to interactions among people from different cultures. The study of history enhances critical thinking and effective communication by teaching students how to evaluate different interpretations of the past. It teaches them to use evidence effectively to understand the meaning and impact of events and processes. Studying history increases students’ social responsibility as they come to understand their own life experiences as part of an historical process. History students master the essential skills of a liberal education by learning to read critically, to manage and analyze information, to build logical arguments, and to write persuasively.

Students can major, minor, or pursue certificates in history through the College of Arts and Sciences. Those wishing to teach history in secondary schools can major in Social Studies Teaching, History emphasis, a degree program offered through the College of Education and Human Sciences. History majors in the College of Arts and Sciences often pursue careers in fields such as law, government, journalism, business, and information management. The department also offers a public history emphasis within the major for students interested in working in museums, archives, historic preservation, and other public history career fields. Some students continue academic study and obtain graduate degrees, so that they can further their public history careers or teach at the post-secondary level.

**Department Honors in History**

**Eligibility:** Upper-class History and Broadfield Social Studies-History single-concentration majors with resident and total GPAs of 3.50 or higher; GPA of 3.50 or higher in History courses; and GPA of 3.75 or higher in HIST 288 and HIST 489 (combined).

**Procedure:** A written application for Departmental Honors in History should be submitted to the Department Honors Advisor for approval.

**Requirements:**

- HIST 396 Research Apprenticeship in History 1
- HIST 496 Honors Independent Study (taken concurrently with a 400-level History course as approved by the Department Honors Advisor.) 1

HIST 496 Honors Independent Study (taken concurrently with HIST 489: Research Seminar)

Public presentation on- or off-campus of capstone project completed in HIST 489: Research Seminar

For advising regarding Department Honors, see Professor P. Turner (HHH-721).

**Information for Majors and Minors**

NOTE 1: Majors who plan to prepare for college teaching are urged to attain a reading competency in at least one foreign language and preferably two.

NOTE 2: Majors or minors in history seeking licensure to teach are required by Wisconsin law to complete instruction in the conservation of natural resources and in consumer cooperatives/cooperative marketing. Take ECON 103 and either GEOG 178 or BIOL 180 to meet these requirements.

**Majors**

- Major: History, Liberal Arts - B.A./B.S. (p. 230)
- Major: History, Public History Emphasis, Liberal Arts - B.A./B.S. (p. 233)
- Comprehensive Major: Social Studies Teaching, History Emphasis - B.A. (p. 443)
Minors (p. 443)
• Minor: History, Liberal Arts (p. 233)

Certificates
• Certificate: Global and Comparative History (p. 229)
• Certificate: History of Race, Gender, and Society (p. 229)

Global and Comparative History, Certificate
(Code 380-627)

This certificate is designed for undergraduate students with an interest in history who have chosen a major other than History. It is particularly geared toward students for whom a deeper understanding of the history of global interactions will complement and enhance their major area of study and/or future careers (for example: the World Politics emphasis in Political Science, Business, Geography, Religion, Economics, Languages and Women’s, Gender, and Sexuality Studies).

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-)
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
Liberal Arts (Code 380-201)

This major consists of 36 semester credits, including:

Foundational Requirement: Courses at the 100 and 200 level (not including HIST 288). Minimum of 6 credits. Maximum of 15 credits.

University Residency Requirements (p. 52)
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1  Certain programs exceed this minimum.
2  See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-).
or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 380-205)**

This major consists of 36 semester credits, including:

**Foundational Requirement: Courses at the 100 and 200 level (not including HIST 288). Minimum of 6 credits. Maximum of 15 credits.**

- HIST 124 World History to 1500 3
  or HIST 125 World History Since 1500

At least one of the following courses:

- HIST 114 United States History to 1877
- HIST 115 United States History Since 1877
- HIST/WGSS 205 American Women's History
- HIST 210 African American History 1865 to Present
- HIST/AIS 240 American Indian History

**Introduction to Research Methods and the Historical Professions, 6 credits**

- HIST 288 Introduction to Research Methods and the Profession 3
- HIST 386 Introduction to Public History 3

**Advanced Courses: Courses at the 300 and 400 level (not including HIST 489). Minimum of 12 credits.**

Must include the Public History sequence:

- HIST 486 Seminar in Public History 3
- HIST 498 Internship 3

**Capstone Thesis, 3 credits**

- HIST 489 Research Seminar 3

Within their 36 credits, students must complete a minimum of 6 credits of Diversity coursework:

**Diversity requirement, 6 credits**

Choose from:

- HIST/WGSS 205 American Women's History
- HIST 210 African American History 1865 to Present
- HIST 212 Hmong and America
- HIST/AIS 240 American Indian History
- HIST/WGSS 313 Gender, Sex, and Science in European History

**HIST 317** Studies in the History of Race in the U.S.

**HIST 344** African American Civil Rights Movement, 1914-Present

**HIST 345** Civil Rights and American Memory

**HIST/AIS 368** Studies in American Indian History

**HIST/AIS 369** Wisconsin Indian History

**HIST 370** History of the Family in America

**HIST/WGSS 373** American Women's History to 1870

**HIST/WGSS 378** American Women's History Since 1870

**HIST/WGSS 385** The History of Middle Eastern Muslim Women

**HIST/WGSS 394** Studies in the History of Women

Notes:

1. The same course may be taken to satisfy more than one requirement, when relevant.
2. Relevant history courses other than those listed above may be counted toward fulfilling requirements with department approval.
3. HIST 288 should be taken before any 300-level or 400-level course, if possible.

**Languages**

Centennial Hall 4508
715-836-4287
Department Website (https://www.uwec.edu/academics/college-arts-sciences/ departments-programs/languages/)

The Department of Languages provides a vital component in the undergraduate liberal arts education offered at the University of Wisconsin-Eau Claire. The department promotes multilingualism as the key to intercultural understanding. It does so through courses in foreign language, culture, and literature, including English language for native speakers of other languages; major and minor programs in a number of world languages; study abroad opportunities and internships in many countries; and student/faculty collaborative research. Graduates from the Department of Languages serve at home and abroad as ambassadors for a diverse, peacefully interacting global society.

**Major, Minor, and Certificate Programs**

The Department of Languages offers Liberal Arts and Teaching majors and minors in French, German, and Spanish, and a Liberal Arts minor in Japanese. In addition, a Spanish for Health Professions minor is available as well as certificate programs in Chinese, French Proficiency, German Proficiency, and Ojibwe Language. Language students may also be interested in the minor in Teaching of English to Speakers of Other Languages (TESOL), the certificate in Teaching English as a Foreign Language (TEFL), or the minor or certificate in Ancient Studies. Students of Spanish have the opportunity to pursue a major or minor in Latin American Studies (LAS).

**Other Languages Offered**

In addition to the major, minor, and certificate programs, the Department of Languages provides, as resources permit, at least one year of instruction in Chinese, Classical Greek, Hmong, Japanese, Latin, Ojibwe and Russian. One year of any of the languages taught in the department fulfills the one-year foreign language requirement for a Bachelor of Arts Degree in the College of Arts and Sciences.
Spanish Honors Program

The Honors Program in Spanish is intended for Spanish majors—including Spanish education and liberal arts majors—who have demonstrated excellence in their coursework, and who want to experience the study of languages outside the classroom. The high impact practices required for department honors in Spanish align with such experiences.

Spanish Departmental Honors is not the same program as University Honors. Because these honors programs are distinct, students should review the requirements of each with care.

Students who pursue the Spanish Honors Program do not have to be part of the University Honors Program.

Students in the University Honors Program can also apply to be part of the Spanish Honors program.

Eligibility: Spanish majors who have resident, overall, and major GPAs of 3.50 or higher. Completion of Spanish 302 is required before applying to the Honors Program in Spanish.

Application: An application must be submitted to the Spanish section via an e-form. The form may be accessed via the Languages Department (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/languages) web page, Honors Program tab under Academic Offerings. The e-form will ask that you identify a Spanish faculty member to serve as a reference. The application must be submitted prior to the student’s last two semesters of study. That being said, students are encouraged to apply after completing SPAN 302, a course typically taken sophomore year, but no later than their final two semesters.

Requirements: At graduation, the student must have a resident, overall, and major GPAs of 3.50 or higher. In addition, the student must submit evidence that two of the options from the list below have been satisfactorily completed at a standard of excellence deserving of a recognition in Spanish Honors. With the exception of the OPI proficiency test, students may do two of any of the other given options to meet the Spanish Honors Program requirements if their projects are distinct. For example, a student could conduct two separate faculty/student collaborative research projects with the same or different Spanish faculty member(s) or, with approval from the Spanish section, with faculty from departments or programs outside of Spanish. Students that select OPI proficiency as one of the options to fulfill one of their requirements must complete work in a different category for the second option.

1. A faculty/student collaborative research project with a Spanish faculty member
2. Advanced Low or higher on an official ACTFL Oral Proficiency Interview
3. An off-campus presentation at a conference on a topic related to the major
4. Completion of a language related internship approved by a faculty member
5. Submission of a publication-worthy manuscript to a journal related to the major
6. Completion of application to the U.S. Fulbright program
7. Certification as an interpreter by the State of Wisconsin

Residency Requirement for Prospective Language Teachers

All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

Oral Proficiency Requirement for Prospective Language Teachers

Wisconsin Department of Public Instruction content guidelines require that foreign language teachers demonstrate minimal oral proficiency at a level equivalent to Intermediate High according to the ACTFL Proficiency Guidelines. Prospective teachers at UW-Eau Claire must demonstrate such proficiency through an official ACTFL Oral Proficiency Interview (OPI). Information on the Oral Proficiency Interview and the ACTFL Proficiency Guidelines (Speaking) is available in the Department of Languages.

Placement Test in Foreign Languages

Students whose records indicate at least two units of French, German, Spanish, or Japanese study in Junior/Senior High School and who do not have college credit in the language are required to take a placement test in that language prior to registration in order to determine the level at which they should continue their foreign language instruction. At the time of the test, students will be advised as to the language course in which they should enroll.

Students who place into a 102-level foreign language class will be considered to have met the 101-level competency requirement and may not enroll in a 101-level foreign language class in the same language for credit without the permission of the Chair of the Department of Languages. Additionally, a student who places into a 201-level class or above will be considered to have met the 101- and 102-level requirements and may not enroll for credit in any course that is at a lower level than the one into which the student has placed without the permission of the Chair of the Department of Languages.

Placement tests in French, German, and Spanish are offered as part of Regional Placement Testing in March and April, during Summer Orientation, and during spring/fall registration. If you studied Japanese or Chinese in high school, UW-Eau Claire has a locally developed placement test which is administered by appointment. For information about these tests, consult Academic Testing (Vicki Lord Larson Hall 2100).

Roma Hoff Instructional Resource Center

Practice in the Roma Hoff Instructional Resource Center (RHIRC) is a required part of elementary, intermediate, conversation, and phonetics courses in modern foreign languages. The center provides access to foreign language sound and video programs, to foreign films, and to computer-assisted foreign language instruction. Four-credit courses at the beginning and intermediate levels include four hours of classroom instruction and at least one laboratory hour per week.
Credit for High School Work or Other Foreign Language Experience

Students with high school courses or other learning experiences in a foreign language may obtain college credit for their previous work by taking a confirming course under the following conditions:

1. The confirming course must be the first college-level course completed in the language and must be taken by a regularly enrolled student at UW-Eau Claire. (However, students who have taken a college-level course while in high school are also eligible for credit for previous work by taking a confirming course.)
2. The confirming course must be 102, 201, 202, or in French, FREN 315; in German, GERM 313, GERM 314 or GERM 315; in Spanish, SPAN 301.
3. The course must be passed with a letter grade of B (not B-) or above and may not be repeated for the purpose of requesting credits under this policy.
4. A maximum of 16 credits may be granted in any one language for previous work at a level lower than the confirming course.

Further information is available from the Chair of the Department.

Study Abroad

The department encourages study abroad in any of the programs sponsored by the Department of Languages, such as the semester programs in Costa Rica, Chile, Pau in France, Marburg in Germany, Japan, and Valladolid in Spain; the semester or year exchange programs in Graz (Austria) and year programs in different sites in the state of Hessen (Germany); summer program in Mexico or Costa Rica—nursing and health care professionals; and exchange semester or year-long programs at one of three ITESM campuses in Mexico. Credits for the major and minor can be earned in any of these programs. Participation in other university-sponsored study abroad programs in Australia, China, England, Greece, Ireland, Latvia, Scotland, South Africa, South Korea, Sweden, and Thailand is also recommended. A resident GPA requirement exists for acceptance in study abroad programs. For details, see the Center for International Education.

International Employment

Students interested in a career in international business should consider a major in French, German, or Spanish combined with the major, minor or certificate in International Business available to students in the College of Business. For information about opportunities for international employment, consult Dr. Kristy Lauver, the advisor for students seeking the International Business major, minor or certificate in the College of Business.

Intensive English Program (English for Speakers of Other Languages)

Another important offering in the Department of Languages is English for the ever-growing number of non-native speakers of English on campus. The Intensive English Program (IEP) offers English Language Learners instruction during the regular academic year. All IEP courses are offered for credit and count towards resident GPA and credits for graduation. Successful completion of the advanced level of the IEP is one way to demonstrate English proficiency for degree programs at UWEC.

International students seeking a degree or on exchange from their home institutions, immigrants/refugees, and/or non-native speakers of English who are residents of the United States are welcome to take IEP coursework to further develop their English speaking, listening, reading, writing, grammar, vocabulary, and pronunciation.

International students who have not demonstrated English proficiency may take the English Placement Exam at UWEC. The English Placement Exam is conducted the week prior to the beginning of courses. The purpose of the English Placement Exam is to determine whether each non-native speaking student’s English language proficiency is sufficient for active involvement in UWEC coursework. A non-native speaker of English must be linguistically prepared for the rigorous academic challenges at UW-Eau Claire in terms of in-class oral and aural interaction and out-of-class reading and writing.

For more information on admissions requirements for the IEP, undergraduate studies, or graduate studies, please contact the office of Admissions at admissions@uwec.edu.

• Certificate: German Proficiency (p. 246)
• Certificate: Ojibwe Language (p. 255)

Chinese, Certificate
(Code 291-601)

The Chinese Certificate aims to deepen students’ Chinese language proficiency and cultural knowledge of China and Chinese-speaking regions in the world. Upon completion, students are expected to reach novice-high or intermediate-low proficiency in Chinese. This certificate will be a beneficial credential to reflect students’ investment in and knowledge of Chinese.

Minimum of fifteen semester credits, including:

CHIN 101 Beginning Chinese 4
CHIN 102 Beginning Chinese 4
CHIN 201 Intermediate Chinese 4

At least 3 credits selected from:

CHIN 202 Intermediate Chinese
FLG 150 Foreign Civilization and Culture (when focused on China)
FLTR 392 Foreign Film as Cultural Expression (when focused on China)
or FLTR 330 Chinese Culture through Films
LANG 170 Language and Intercultural Competence
HIST 152 Modern East and Southeast Asia
HIST 388 History of China
INTB 362 International Experience in China

French Proficiency, Certificate
(Code 260-601)

The Department of Languages offers a certificate program in French Proficiency for students in any major or minor other than French who would like to add proficiency in French to their skill set. The program provides students with practical written and oral language skills in French, thereby complementing majors in all other disciplines across the university and strengthening the prospects of students who intend to pursue careers or graduate study in the many areas in which proficiency in French is useful.

To complete the certificate, 13 credits beyond FREN 201 are required, including:

FREN 202 Intermediate French 4
FREN 315 Advanced Grammar in Context 3

FREN 325 Pronunciation 3
Students may earn their remaining credits from any other FREN upper division courses.

Total Credits 13

French, Major - Liberal Arts

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged

1 Other courses with a focus on China may count toward the certificate electives in consultation with the advisor, Dr. Kaishan Kong.

1 Other courses with a focus on China may count toward the certificate electives in consultation with the advisor, Dr. Kaishan Kong.
will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 260-201)

A minimum of 36 semester credits beyond FREN 102, or 28 semester credits beyond FREN 202, including:

<table>

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.
WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Teaching Licensure Requirements - EC-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: EC-A

Early Childhood through Adolescence Licensure

NOTE 1: SPED 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

### Admission Requirements

#### Admission to Education Programs

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Education Studies (p. 473) and Special Education and Inclusive Practices (p. 483)sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Education Studies and Special Education and Inclusive Practices (p. 483)Department Overview Pages.

#### Application Procedure

Formal application to the professional program must be made. **The number of students admitted to a program is limited by resources available.**

**Not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

#### Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

#### Retention in Professional Education Programs

Students who are in good standing in the University but are having difficulty meeting the College of Education and Human Sciences criteria for professional education programs are strongly advised to seek the counsel of their advisor and/or the Associate Dean of the College of Education and Human Sciences regarding their continuation in the program. A student may continue in the program while in good standing or after receiving an Academic.
Warning (See Academic Standing and Progress (p. 42)). However, if placed on probation or if readmitted after a first suspension, the student may continue in the program only upon recommendation of the department concerned (Education Studies or Special Education and Inclusive Practices). After a second suspension, the student may not continue in the professional education program.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file an application available at an education “professional semester” meeting held each fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file an application at an education “professional semester” meeting held in spring. Dates for these meetings will be advertised widely and posted across campus.

Students are encouraged to submit their applications as soon as possible after the meeting. Considerable time is required to process each application—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file early will benefit by the careful consideration that can be given to their requests; the later an application is received, the fewer the placement assignments and choices still available will be. Failure to file an application on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Students who plan to enter the professional semester during the fall semester of the next academic year must file an application available at an education “professional semester” meeting held in spring. Dates for these meetings will be advertised widely and posted across campus.

Students are encouraged to submit their applications as soon as possible after the meeting. Considerable time is required to process each application—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file early will benefit by the careful consideration that can be given to their requests; the later an application is received, the fewer the placement assignments and choices still available will be. Failure to file an application on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major and passing score on the edTPA.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors must earn passing scores on the ACTFL.
6. Teacher Education Candidates shall demonstrate content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors must earn passing scores on the ACTFL.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, demonstration of content area proficiency through one avenue listed above, any additional Praxis II Content Test(s)/ACTFL and PSYC 260) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All MCEA, Special Education majors and minors, and Early Childhood majors and minors must earn a passing
score on the FORT. In addition, a completed edTPA must be submitted for national scoring. Passing scores on this performance assessment are required for licensure in Wisconsin.

**Wisconsin Application**

College of Education graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**Major Requirements**

**Teaching (Code 260-203)**

A minimum of 36 semester credits beyond FREN 102, or 28 semester credits beyond FREN 202, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>FREN 315</td>
<td>Advanced Grammar in Context</td>
<td>3</td>
</tr>
<tr>
<td>FREN 325</td>
<td>Pronunciation</td>
<td>3</td>
</tr>
<tr>
<td>FLG 378</td>
<td>Second Language Acquisition Theory</td>
<td>3</td>
</tr>
</tbody>
</table>

Students may earn their remaining credits from any of the following, but must take a minimum of six credits at the 400 level:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>FREN 335</td>
<td>Written and Oral Expression</td>
</tr>
<tr>
<td>FREN 340</td>

<td>Directed Studies</td>
</tr>
<tr>
<td>FREN 399</td>
<td>Independent Study - Juniors</td>
</tr>
<tr>
<td>FREN 499</td>
<td>Independent Study - Seniors</td>
</tr>
</tbody>
</table>

**Language Immersion Requirement**

1 All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

**French, Minor - Liberal Arts**

**Liberal Arts (Code 260-401)**

A minimum of 24 semester credits beyond FREN 102, or 16 semester credits beyond FREN 202, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>FREN 315</td>
<td>Advanced Grammar in Context</td>
<td>3</td>
</tr>
<tr>
<td>FREN 325</td>
<td>Pronunciation</td>
<td>3</td>
</tr>
</tbody>
</table>

Students may earn their remaining credits from any other FREN upper division courses.

**French, Minor - Teaching - EA-A**

**Early Adolescence/Adolescence, Teaching (Code 260-404)**

A minimum of 24 semester credits beyond FREN 102, or 16 semester credits beyond FREN 202, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>FREN 315</td>
<td>Advanced Grammar in Context</td>

**Language Immersion Requirement**

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

**NOTE 1:** ES 366 and ES 437 are required. This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option A or C and leads to licensure to teach French in Early Childhood through Adolescence classrooms.

**NOTE 2:** For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.
**French, Minor - Teaching - EC-A**

*Early Childhood/Adolescence, Teaching (Code 260-406)*

A minimum of 24 semester credits beyond FREN 102, or 16 semester credits beyond FREN 202, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>FREN 315</td>
<td>Advanced Grammar in Context</td>
<td>3</td>
</tr>
<tr>

</tbody>
</table>

**Language Immersion Requirement**

1. **Language Immersion Requirement**: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 366 (two credits) required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach French in Early Adolescence through Adolescence classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

---

**German Proficiency, Certificate**

*(Code 280-601)*

The Department of Languages offers a certificate program in German Proficiency for students in any major or minor other than German who would like to add proficiency in German to their skill set. The program provides students with practical and professional language skills in German, thereby complementing majors in all other disciplines across the university and...
strengthening the prospects of students who intend to pursue careers or graduate study in the many areas in which proficiency in German is useful.

To complete the certificate, 13 credits beyond GERM 201 are required, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>GERM 202</td>
<td>Intermediate German II</td>
<td>4</td>
</tr>

Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM,EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major andminor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work; mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of 5 in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 280-201)**

A minimum of 36 semester credits in German beyond GERM 102, or 28 semester credits beyond GERM 202.

This emphasis requires:

Major, Comprehensive, upper division in residence 21

Certificate 25 percent of credits

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

\(^1\) Certain programs exceed this minimum.

\(^2\) See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

- **Knowledge Goal**
  - Knowledge Outcome 1 (K1): Natural Sciences
    - Two (2) learning experiences
  - Knowledge Outcome 2 (K2): Social Sciences
    - Two (2) learning experiences
  - Knowledge Outcome 3 (K3): Humanities
    - Two (2) learning experiences
  - Knowledge Outcome 4 (K4): Fine Arts
    - One (1) learning experience

- **Skills Goal**
  - Skills Outcome 1 (S1): Written and Oral Communication
    - Two (2) learning experiences
  - Skills Outcome 2 (S2): Mathematics
    - One (1) learning experience

- **Responsibility Goal**
  - Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity
    - Two (2) learning experiences
  - Responsibility Outcome 2 (R2): Global Perspectives
    - One (1) learning experience
  - Responsibility Outcome 3 (R3): Civic and Environmental Issues
    - One (1) learning experience

- **Integration Goal**
  - Integration Outcome 1 (I1): Integration
    - Two (2) learning experiences

- **Service-Learning Goal**
  - 30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:
   - Resident: 2.75 average
   - Total: 2.75 average
   - Major: 2.75 average
   - Minor (for certification only): 2.75 average
3. Residency requirements:
   - Minimum Total: 30 credits
   - Senior Year: 23 credits
   - Major, in upper division courses: 12 credits
   - Comprehensive Major, in upper division courses: 21 credits
4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

**Early Adolescence Through Adolescence and Early Childhood through Adolescence**

AND another learning experience
Teaching Licensure Requirements - EC-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: EC-A

Early Childhood through Adolescence Licensure

Professional Sequence

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Education Studies (p. 473) and Special Education and Inclusive Practices (p. 483)sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status.
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better).
6. Met the University Mathematics requirements (complete one college-level math course earning a C or better).
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Education Studies and Special Education and Inclusive Practices (p. 483)Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Retention in Professional Education Programs

Students who are in good standing in the University but are having difficulty meeting the College of Education and Human Sciences criteria for professional education programs are strongly advised to seek the counsel of their advisor and/or the Associate Dean of the College of Education and Human Sciences regarding their continuation in the program. A student may continue in the program while in good standing or after receiving an Academic Warning (See Academic Standing and Progress (p. 42)). However, if placed on probation or if readmitted after a first suspension, the student may continue in the program only upon recommendation of the department concerned (Education Studies or Special Education and Inclusive Practices). After a second suspension, the student may not continue in the professional education program.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file an application available at an education “professional semester” meeting held each fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file an application at an education “professional semester” meeting held in spring. Dates for these meetings will be advertised widely and posted across campus.

Students are encouraged to submit their applications as soon as possible after the meeting. Considerable time is required to process each application—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file early will benefit by the careful consideration that can be given to their requests; the later an application is received, the fewer the placement assignments and choices still available will be. Failure to file an application on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.
Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification; and a 2.75 or higher GPA based on a combination of all course work in the major, minor (where certifiable), and professional education courses, including PSYC 260. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Teacher Education Candidates shall demonstrate content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent.
8. Completion of the 30 hour Human Relations Fieldwork requirement.
9. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
10. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.

Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, demonstration of content area proficiency through one avenue listed above, any additional Praxis II Content Test(s)/ACTFL and PSYC 260) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major and passing score on the edTPA.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

Wisconsin Application
College of Education graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements
Teaching (Code 280-204)

A minimum of 36 semester credits in German beyond GERM 102, or 28 semester credits beyond GERM 202, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>GERM 313</td>
<td>Grammar Review and Composition</td>
<td>3</td>
</tr>
<tr>

<td>Oral Proficiency</td>
<td>3</td>
</tr>
</tbody>
</table>
GERM 315  German for Professional Communication I  3
GERM 325  The German Sound System  3
GERM 363  Modern Germany: Literature, History, Culture  3
GERM 413  Structure of German in Contrast  3

One of the following:  3
GERM 480  Seminar in German Culture and Civilization I, pre-1848
GERM 482  Seminar in German Culture and Civilization II, post-1848
GERM 491  Special Topics

In addition, students must also take:
FLG 378  Second Language Acquisition Theory  3

As well as at least one course from the following list:
ARTH 319  Renaissance Art
GEOG 301  Geography of Western Europe
HIST 102  Western Civilization Since 1660
HIST 284  The Nazis and Germany, 1914-1945
HIST 315  The Age of Reformation
HIST 326  Twentieth Century Europe, 1900 to Present
HIST 362  Modern Germany
PHIL 338  Modern European Philosophy I
POLS 327  Politics of Continental Europe
RELS 378  The Holocaust, 1933-1945

or an equivalent course approved by the adviser

Language Immersion Requirement 1

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 366 and ES 437 are required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach German in Early Childhood through Adolescence classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

German, Minor - Teaching - EA-A

Early Adolescence/Adolescence, Teaching (Code 280-404)

A minimum of 24 semester credits beyond GERM 102, or 16 semester credits beyond GERM 202, including:
GERM 313  Grammar Review and Composition  3
GERM 314  Oral Proficiency  3
GERM 315  German for Professional Communication I  3
GERM 325  The German Sound System  3
GERM 363  Modern Germany: Literature, History, Culture  3
FLG 378  Second Language Acquisition Theory  3

Language Immersion Requirement 1

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 366 (two credits) required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach German in Early Adolescence through Adolescence classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

German, Minor - Teaching - EC-A

Early Childhood/Adolescence Teaching (Code 280-406)

A minimum of 24 semester credits beyond GERM 102, or 16 semester credits beyond GERM 202, including:
GERM 313  Grammar Review and Composition  3
GERM 314  Oral Proficiency  3
GERM 315  German for Professional Communication I  3
GERM 325  The German Sound System  3
GERM 363  Modern Germany: Literature, History, Culture  3
FLG 378  Second Language Acquisition Theory  3

Language Immersion Requirement 1

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 366 (two credits) required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach German in Early Childhood through Adolescence classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

German, Minor - Liberal Arts

Liberal Arts (Code 280-401)

A minimum of 24 semester credits in German beyond
GERM 102, or 16 semester credits beyond GERM 202, including:
GERM 313  Grammar Review and Composition  3
GERM 314  Oral Proficiency  3
GERM 315  German for Professional Communication I  3
1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 437 and ES 366 (three credits) required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option C and leads to licensure to teach German in Early Childhood through Adolescence classrooms when combined with a major in another foreign language at the Early Childhood through Adolescence level.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

German, Minor - Teaching - MC-EA

Middle Childhood/Early Adolescence, Teaching (Code 280-405)

A minimum of 24 semester credits beyond GERM 102, or 16 semester credits beyond GERM 202, including:

<td>RELS 326</td>
<td>Asian Religious Philosophies</td>
<td>3</td>
</tr>
</tbody>
</table>

Up to three credits of Directed Studies or Independent Study for projects focusing on Japan may be applied to the minor with approval from the minor advisor.

Other Special Topics courses focusing on Japan may be considered as elective courses with consultation and approval of the minor advisor.

Students are strongly encouraged to participate in the study abroad program in Japan. Course credit gained at the study abroad site may be used to fulfill part of the Japanese minor with approval of the minor advisor.

Ojibwe Language, Certificate

(Code 290-601)

The Ojibwe Language Certificate provides students with the opportunity to become part of the global movement to revitalize endangered Indigenous languages. Upon completion of this certificate students will be able to: converse in Ojibwe at an intermediate level, have the linguistic and cultural competency to function effectively and appropriately in an Ojibwe cultural setting, be able to conduct future Ojibwe language research, and learn oral presentations skills which can be applied to any language.

To complete the certificate, students must have a minimum of 15 credits, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>LANG/AIS 121</td>
<td>Beginning Ojibwe I ¹</td>
<td>4</td>
</tr>
<tr>
<td>LANG/AIS 122</td>
<td>Beginning Ojibwe II ²</td>
<td>4</td>
</tr>
<tr>
<td>LANG/AIS 221</td>
<td>Intermediate Ojibwe I</td>
<td>4</td>
</tr>
</tbody>
</table>

Remaining credits may be selected from the following elective courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>LANG 160</td>
<td>Ojibwe Culture and History</td>
<td>3-4</td>
</tr>
<tr>
<td>LANG/AIS 222</td>
<td>Intermediate Ojibwe II</td>
<td></td>
</tr>
</tbody>
</table>

¹ AIS 111 may be substituted for LANG 121/AIS 121 if the topic is focused on Ojibwe language.

² AIS 112 may be substituted for LANG 122/AIS 122 if the topic is focused on Ojibwe language.
Note: For students pursuing the American Indian Studies Major and Ojibwe Language Certificate as their first and second degree programs to meet graduation requirements, at least 48 unique credits between the major and certificate is required.

Spanish for Health Professions, Minor

Liberal Arts (Code 320-408)

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Students who pursue Spanish and Latin American and Latinx Studies liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond SPAN 202, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>SPAN 301</td>
<td>Advanced Composition 3</td>
</tr>
<tr>
<td>SPAN 302</td>
<td>Advanced Conversation and Composition 3</td>
</tr>
<tr>
<td>SPAN 420</td>
<td>Spanish for Health Professions 3</td>
</tr>
<tr>
<td>LAS 222</td>
<td>Introduction to U.S. Latino History and Culture 3</td>
</tr>
</tbody>
</table>

Choose one course from the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>SPAN 325</td>
<td>Phonetics and Pronunciation 3</td>
</tr>
<tr>
<td>SPAN 405</td>
<td>Advanced Conversation 3</td>
</tr>
<tr>
<td>SPAN 409</td>
<td>The Craft of Translation 3</td>
</tr>
</tbody>
</table>

And, one 300-level Spanish elective course (1, 2, or 3 credits) is required. ¹

¹ SPAN 352/LAS 352 is highly recommended.

² Certain programs exceed this minimum.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following:

Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

| Knowledge Goal | a minimum of 36 credits
| Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)  | Two (2) learning experiences
| Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)  | Two (2) learning experiences
| Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)  | Two (2) learning experiences
| Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)  | One (1) learning experience

**Skills Goal**

| Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)  | Two (2) learning experiences
| Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)  | One (1) learning experience
| Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)  | One (1) learning experience

**Responsibility Goal**

| Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)  | Two (2) learning experiences
| Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)  | One (1) learning experience
| Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)  | One (1) learning experience

**Integration Goal**

| Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)  | Two (2) learning experiences

**Service-Learning Goal**

| Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)  | 30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.
Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 320-201)**

**Information for all Spanish Majors and Minors**

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Students who pursue Spanish and Latin American and Latinx Studies liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

All Spanish, Liberal Arts Majors will take a minimum of 36 credits beyond SPAN 102, or 28 credits beyond SPAN 202, including:

**Core Courses:**

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience
One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

College Degree Requirements
University Requirements in Teacher Education in the College of Education and Human Sciences
College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:
   - Resident 2.75 average
   - Total 2.75 average
   - Major 2.75 average
   - Minor (for certification only) 2.75 average
3. Residency requirements:
   - Minimum Total 30 credits
   - Senior Year 23 credits
   - Major, in upper division courses 12 credits
   - Comprehensive Major, in upper division courses 21 credits
4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Early Adolescence Through Adolescence and Early Childhood through Adolescence

Teaching Licensure Requirements - EC-A Licensure
Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).
    Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: EC-A
Early Childhood through Adolescence Licensure
Professional Sequence

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Education Studies (p. 473) and Special Education and Inclusive Practices (p. 483) sections of this catalog for criteria to be considered in making these recommendations.

2. Pre-education status.

3. Students must have attained at least Sophomore Status.

4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.

5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)

6. Met the University Mathematics requirements (complete one college-level math course earning C or better)

7. Good academic standing.

8. Complete an introductory education course with a field placement (e.g. SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.

9. Specific department criteria are found under the Education Studies and Special Education and Inclusive Practices (p. 483) Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Retention in Professional Education Programs

Students who are in good standing in the University but are having difficulty meeting the College of Education and Human Sciences criteria for professional education programs are strongly advised to seek the counsel of their advisor and/or the Associate Dean of the College of Education and Human Sciences regarding their continuation in the program. A student may continue in the program while in good standing or after receiving an Academic Warning (See Academic Standing and Progress (p. 42)). However, if placed on probation or if readmitted after a first suspension, the student may continue in the program only upon recommendation of the department concerned (Education Studies or Special Education and Inclusive Practices). After a second suspension, the student may not continue in the professional education program.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file an application available at an education "professional semester" meeting held each fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file an application at an education "professional semester" meeting held in spring. Dates for these meetings will be advertised widely and posted across campus.

Students are encouraged to submit their applications as soon as possible after the meeting. Considerable time is required to process each application — that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file early will benefit by the careful consideration that can be given to their requests; the later an application is received, the fewer the placement assignments and choices still available will be. Failure to file an application on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.

2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.

3. A minimum of 90 credits completed prior to the professional semester.

4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification; and a 2.75 or higher GPA based on a combination of all course work in the major, minor (where certifiable), and professional education courses, including PSYC 260. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Teacher Education Candidates shall demonstrate content area proficiency through one of the following:
   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors must earn passing scores on the ACTFL.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.

**Deadline for Meeting Criteria**
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, demonstration of content area proficiency through one avenue listed above, any additional Praxis II Content Test(s)/ACTFL and PSYC 260) must be met by March 1 of the preceding semester.
For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.
For placements in the summer session, these criteria must be met by February 1 of the preceding semester.
Failure to meet criteria on time may result in a delay of the professional semester.

**Licensure to Teach**
**Criteria for Recommendation for Licensure:**
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major and passing score on the edTPA.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All MCEA, Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT. In addition, a completed edTPA must be submitted for national scoring. Passing scores on this performance assessment are required for licensure in Wisconsin.

**Wisconsin Application**
College of Education graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**Major Requirements**
**Teaching (Code 320-203)**

Minimum of 36 credits beyond SPAN 102 (Beginning Spanish), or a minimum of 28 credits beyond SPAN 202 (Intermediate Spanish),

Language Immersion Requirement

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option A or C and leads to licensure to teach Spanish in Early Childhood through Adolescence classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Spanish, Minor - Teaching - EC-A
Early Childhood/Adolescence, Teaching (Code 320-407)

Information for all Spanish Majors and Minors
All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. Language Immersion Requirement

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 366 (two credits) required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach Spanish in Early Adolescence through Adolescence classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.
Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 437 required. This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option A and leads to licensure to teach Spanish in Middle Childhood through Early Adolescence classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Latin American and Latinx Studies

Hibbard Humanities Hall 384
715-836-3212

Program Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/latin-american-studies/)

The globally interdependent nature of today's world makes second language proficiency and cross-cultural understanding valuable assets for students in any field. Students in the Latin American and Latinx Studies (LAS) Program can choose between two majors. The language emphasis major provides students the opportunity to develop a high proficiency in Spanish through the LAS core language courses and six week minimum language immersion requirements. The culture and society emphasis, which requires Spanish courses only through SPAN 202 and an immersion of only three weeks, is geared towards students who are less interested in developing a high proficiency in Spanish, or already have that proficiency, but still want to learn more about Latin America and its people, including Latinx/Hispanic people in the US.

Both majors allow students to gain in-depth knowledge and understanding of Latin America and the Latinx/Hispanic communities in the United States through an array of courses from multiple disciplines including geography, art history, religion, history, anthropology, public and environmental health, environmental studies, sociology, nursing, and women's, gender, and sexuality studies.

The significant Latinx/Hispanic population in the United States and the increasing social, cultural, and economic interconnectedness between the countries and peoples of the hemisphere will increase the demand for professionals who can communicate in the Spanish language and are prepared to work with the Latinx/Hispanic communities in the US and the people of Latin America.
America. To mention just a few options, the Latin American and Latinx Studies majors, minor, and certificate are well suited for students who plan to:

1. pursue careers which require residence in or knowledge of Latin America (e.g., in business, journalism, government, NGOs, and others);
2. teach Spanish in Early Childhood through Adolescence classrooms (combining a Spanish Teaching major with an LAS major); and/or
3. pursue graduate work in Latin American and/or Latinx studies, or other disciplines where a Latin American and/or Latinx specialization would be helpful (e.g., Latin American and Latinx/Hispanic literature, political science, economics, history, art history, to name just a few).

Note: Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

**Application for Admission to Latin American and Latinx Studies Internships**

*Applying for Admission to the Internship:* Visit the Latin American and Latinx Studies Program’s internships web page ([https://www.uwec.edu/academics/college-arts-sciences/departments-programs/latin-american-studies/explore-opportunities/internships/](https://www.uwec.edu/academics/college-arts-sciences/departments-programs/latin-american-studies/explore-opportunities/internships/)) or talk to your advisor or the LAS Program Director to learn about the application requirements and procedures for internships. Students planning to enroll in LAS 488/LAS 688: Internship, or LAS 498/LAS 698: Internship with Language Immersion, in the summer or fall should apply by the priority deadline of February 1 of the year of internship for summer or fall enrollment. October 1 is the priority deadline for winterim or spring enrollment.

**Optional Concentrations**

Students interested in developing an expertise in a particular substantive area can choose to take courses in the following areas of expertise. Optional concentrations should consist of a minimum of 12 credits.

**First Nations**

The Latin American and Latinx Studies Certificate is intended to provide students in any field of study with the opportunity to learn more about Latin America and its peoples without requiring either knowledge of the language nor immersion time in a Latin American country. The certificate can be particularly useful for students in fields which may bring them into contact with people of Latin American origin or descent living in the US, such as education, nursing, and social work, among others. The Certificate may also interest Spanish majors and minors who have studied in Spain and don't have the ability to do an immersion in a Latin American country, but would nonetheless benefit from learning more about Latin America and Latinx/Hispanic communities in the U.S. as well as heritage speakers of Spanish who might not be interested in formally pursuing the study of the Spanish language, but do want to learn more about Latin America and Latin American communities in the U.S.

12 credits required

Core courses:

LAS 150 Introduction to Latin American Studies 3
LAS 222 Introduction to U.S. Latino History and Culture 3

Two courses from the Humanities/Social Sciences courses listed below (or other courses with approval of the LAS Program Director):

AIS 444 Indigenous Theory and Methodologies

ANTH 315 Language in Culture and Society
ANTH/WGSS 356 Women in Cross-Cultural Perspective
ARTH/AIS 335 Ancient Art and Architecture of Mexico and Central America
ARTH/AIS 337 Art of Tawantinsuyo
ECON/WGSS 357 Women and Economic Development
ES 385 Social Foundations: Human Relations
ENPH 115 Global Environmental and Public Health
ENPH/NRS 225 Introduction to Public Health
ENV 101 Sustainability Basics and Beyond
ENV 140 Water Problems, Water Solutions
ENV/GEOG 378 International Environmental Problems and Policy
FLG 378 Second Language Acquisition Theory
GEOG 111 Human Geography
GEOG 178 Conservation of the Environment
HNRS 132 Honors Colloquium in Humanities with Equity, Diversity, and Inclusivity (when offered as Crossing Borders: Discourses from Latin America)
LAS/HIST 309 Latin America Through Independence
LAS/HIST 311 Latin America Since Independence
LAS 314 Music and Dance of Latin America
LAS/GEOG 321 Geography of Latin America
LAS/FLTR 350 Latin American Literature in Translation
LAS/ECON 356 Economic Development of Latin America
MATH 107 Mathematics in Latin American Cultures
NRS 389 Cross Cultural Health
PHIL 320 Environmental Ethics
RELS/AIS 330 Indigenous Religions of the Americas
SOC 312 Race and Ethnicity in the U.S.
or SOC 314 Social Class and Inequality
WGSS 315 Women of Color Feminisms
WGSS 335 Transnational Feminism
WGSS 422 Women’s, Gender, and Sexuality Studies Advanced Travel Seminar (when offered as Women in Nicaragua)

1 or equivalent courses offered in the study abroad programs

Note 1: Courses cannot be counted in both the major and the certificate program for purposes of meeting graduation requirements for first and second degree programs.

Note 2: Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.
Latin American and Latinx Studies, Culture and Society Emphasis, Major

Liberal Arts (Code 341-202)

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements (p. 52)

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21

Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory

Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination

Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

USAFI

USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 341-201)

Minimum 36 semester credits including: 1

**Language Immersion Requirement**

1 or equivalent courses offered in the study abroad programs

2 Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the minor.

3 **Language Immersion Requirement**: The immersion requirement for the Latin American and Latinx Studies, Language Emphasis, Major can be fulfilled through a minimum six-week immersion in a Latin American country. Students who have completed an immersion requirement for a Spanish major or minor in Spain can fulfill the immersion requirement for the Latin American and Latinx Studies Language Emphasis, Major with a three-week immersion in a Latin American country. However, the Latin American and Latinx Studies Program recommends that students spend at least one semester in Latin America. Students facing extenuating circumstances may participate in an alternative domestic language immersion experience pre-approved and determined in conjunction with the LAS Committee from the following options: National Student Exchange, internship, or volunteer work.

Note: Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

---

**Latin American and Latinx Studies, Minor**

**Liberal Arts (Code 341-401)**

Minimum 24 semester credits including:

1. **Required Courses-14 credits**
   - LAS 150 Introduction to Latin American Studies 3
   - LAS 222 Introduction to U.S. Latino History and Culture 3
   - SPAN 201 Intermediate Spanish I 4
   - SPAN 202 Intermediate Spanish II 4

2. **Electives-at least 10 credits from the following:**
   - AIS 444 Indigenous Theory and Methodologies
   - ANTH 315 Language in Culture and Society
   - ANTH/WGSS 356 Women in Cross-Cultural Perspective
   - ARTH/AIS 335 Ancient Art and Architecture of Mexico and Central America
   - ARTH/AIS 337 Art of Tawantinsuyo
   - ECON/WGSS 357 Women and Economic Development
   - ES 385 Social Foundations: Human Relations
   - ENPH 115 Global Environmental and Public Health
   - ENPH/NRSG 225 Introduction to Public Health
   - ENV 101 Sustainability Basics and Beyond
   - ENV 140 Water Problems, Water Solutions
   - ENV/GEOG 378 International Environmental Problems and Policy
   - FLG 378 Second Language Acquisition Theory
   - GEOG 111 Human Geography
   - GEOG 178 Conservation of the Environment
   - HNRS 132 Honors Colloquium in Humanities with Equity, Diversity, and Inclusivity
   - LAS/HIST 309 Latin America Through Independence
   - LAS/HIST 311 Latin America Since Independence
   - LAS 314 Music and Dance of Latin America
   - LAS/POLS 319 Politics of Latin America
   - LAS/GEOG 321 Geography of Latin America
   - LAS/FLTR 350 Latin American Literature in Translation
   - LAS/SPAN 352 Latin American Civilization or LAS/SPAN 354 Latin American Civilization: Regional Focus
   - LAS/ECON 356 Economic Development of Latin America
   - LAS 390 Latin American Studies Immersion Experience
   - LAS 395 Directed Studies
   - LAS 488 Internship
   - LAS 491 Special Topics
   - LAS 498 Internship with Language Immersion
   - MATH 107 Mathematics in Latin American Cultures
   - NRSG 389 Cross Cultural Health
   - PHIL 320 Environmental Ethics
   - RELS/AIS 330 Indigenous Religions of the Americas
   - SOC 312 Race and Ethnicity in the U.S. or SOC 314 Social Class and Inequality
   - SPAN 492 Seminar in Hispanic Linguistics Research
   - WGSS 315 Women of Color Feminisms
   - WGSS 335 Transnational Feminism
   - WGSS 422 Women’s, Gender, and Sexuality Studies Advanced Travel Seminar (when offered as Women in Nicaragua)

3 **Language Immersion Requirement**

1 or equivalent courses offered in the study abroad programs

2 Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the minor.
3 Language Immersion Requirement: The Latin American and Latinx Studies Minor requires an immersion experience in a country of Latin America or participation in a faculty-led immersion experience focused on Latinx communities in the US. There are a variety of options for fulfilling the immersion requirement, including semester and summer programs abroad of a minimum three weeks’ duration, Faculty-Led International Immersion Experiences (FLIIEs) and Domestic Intercultural Immersions (DIIs) of any duration that have been approved by the Latin American and Latinx Studies Program, National Student Exchange, internships, and volunteer work. No home stay during immersion is required for this minor. Please consult with your advisor early on in your studies to choose the immersion experience that will work best for you. Because course offerings in study abroad programs vary, please consult with the Center for International Education and your Latin American and Latinx Studies advisor early on in your studies to choose the time, program, and courses that will work best if you plan to fulfill your immersion experience through study abroad. Courses taken during study abroad may satisfy some of the requirements for the minor or Liberal Education (LE) experiences and reduce time to graduation.

Note: Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

Materials Science

Phillips 177
715-836-5504
Program Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-engineering/)

The field of materials science and engineering is the study of “condensed matter” (that is, solids and liquids), and how an understanding of materials can be applied to fabricating devices and structures of utility. A relatively young discipline, materials science is an outgrowth of two traditional areas: the study of matter (and its structure-property relationship) that originated in chemistry and physics, and developments in various “materials” engineering fields (notably, microelectronics, metallurgy, ceramics, and plastics). More generally, materials scientists and materials engineers explore the inter-dependence of how a material is processed, its structure, and its properties, and how these impact material performance.

Two comprehensive majors are offered: Materials Science and Engineering, and Materials Science. Both majors are designed to give students a strong foundation in fundamental sciences and mathematics.

Department Honors in Materials Science

Eligibility – All students majoring in Materials Science or Materials Science and Engineering are invited to apply. Students should have a resident GPA and an overall GPA of 3.50 or higher. Student should also have a GPA of 3.50 or higher in their Materials Science or MS&E major, and meet the Program’s “High Impact” experience requirements (described below).

Application Procedure and Requirements – Submit an application form (available in the Program office) after completing four semesters at UW-EC, but no later than the students’ graduation semester (e.g., during the Spring semester for a May graduate). A Materials Science faculty member familiar with the student’s work (i.e., the students’ faculty advisor, research advisor, etc.) must endorse the application. In addition to the GPA requirements listed above, students submit evidence to the supporting faculty member that at least two High Impact experiences (of the seven) listed below have been completed; completing one of the seven experiences twice is not sufficient for Department Honors.

1. a summer research experience off campus as part of a federal program (NSF, NIST, DoD, DoE, etc.)
2. an appropriate internship in Materials Science or related area
3. a Study Abroad experience or Domestic Intercultural Immersion experience
4. an appropriate ‘professional’ presentation, which can be met by either:
   a. any presentation at an off-campus conference
   b. an oral presentation at CERCA, the Provost’s Honors Symposium, the WiSys Quick Pitch, or an accepted talk at the Materials Science Seminar Series
5. a faculty/student collaborative research project (that includes a poster presentation at CERCA)
6. a publication in a peer-reviewed research journal
7. other immersive experience that is approved by the Materials Science faculty for departmental honors

</tr>
</tbody>
</table>

1 The minimum total for graduation is 120 credit hours, including University, College, and Departmental requirements. Students must have a minimum overall GPA of 2.00, with no more than 6.00 credits of University Extension credit (C or above) applied toward graduation.

2 All students must have a minimum overall GPA of 2.00.
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements (p. 52)
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience
Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)
Two (2) learning experiences

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)
One (1) learning experience

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)
One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)
Two (2) learning experiences

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)
One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)
Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)
30 hours

College Degree Requirements

Bachelor of Science Degree (B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

(Code 251-001)

The Bachelor’s of Science in Materials Science and Engineering (MS&E) is a traditional engineering major, rigorously structured and grounded in science and math. Students in this major develop a strong foundation in mathematics, and the major emphasizes science themes more strongly than other engineering disciplines. As with all engineering degrees, the application of fundamental ideas through design is central to the major.

Students, who typically begin their study as Pre-MSE majors, must apply to be admitted to the MS&E major (application materials available at the Materials Science office). A minimum average GPA of 2.5 in “foundation” courses (CHEM 115 or CHEM 103 & CHEM 104 or CHEM 105 & CHEM 106 & CHEM 109, MATH 111 & MATH 215, MSE 120 & MSE 221, PHYS 231, and WRIT 114, WRIT 116, or WRIT 118) is required for admittance to the major; students should apply during registration in the spring semester of their sophomore year.

A minimum of 92 credits is required for the major and a minimum of 128 credits for the degree. In addition to core courses, students must complete two technical electives; electives can be selected from appropriate UW-Eau Claire, UW-River Falls, UW-Stout, or Chippewa Valley Technical College courses.

Certificate: 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Applicability of Credits Toward Graduation

</tr>
</tbody>
</table>

Credit by Examination

Total degree credit: maximum ¼ of total
Major or minor: maximum ½ of total

Two-Year College Credits

Total degree credit: maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184: maximum 1 credit
Total Band, chorus, drama: maximum 12 credits
Single course band, chorus, drama: maximum 4 credits

Extension credits

UW-System: no maximum
Other extension/correspondence: maximum ¼ of total

USAFI

USAFI: maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Liberal Education Core Requirements

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 51)

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 250-010)

The structure of the major is unique: it integrates an engineering-oriented field into a liberal arts and sciences degree, and is thus deliberately interdisciplinary and broadly defined, consistent with a liberal education approach. Students specialize through a chosen emphasis. The major serves students who plan to enter the workforce after graduation as well as students interested in graduate education in areas such as Materials Science, Engineering, Chemistry, and Physics.

The major is comprised of a minimum of 62 credits, including completion of core courses, at least six credits from courses in the Materials Science electives, and at least six credits in a chosen emphasis. Credits applied toward the electives and emphasis must be unique credits.

MSE 363  Microelectronic Materials Processing Lab
MSE 367  Macroprocessing of Materials
MSE 368  Macroprocessing Materials Lab
MSE 372  Transport Phenomena
MSE 374  Electrical, Optical and Magnetic Properties of Materials
MSE 451  Computational Materials Science
MSE 475  Nanomaterials
MSE 493  Collaborative Internship
MSE 494  Off-campus Materials Science Internship
MSCI 395  Directed Studies
MSCI 399  Independent Study - Juniors
MSCI 499  Independent Study - Seniors

1 Only six credits apply to major.

NOTES:
1. A maximum of three credits total from MSCI 395, MSCI 399, and MSCI 499 and MSE 493 and MSE 494 may be applied toward the Electives category.
2. MATH 312 is recommended for students planning to attend graduate school.

EMPHASIS REQUIREMENTS
Six credits in an Emphasis required. All six emphasis credits must meet the requirements described in either A or B below.

A. Defined emphasis
- Be from the same prefix
- Be from the following prefixes: BIOL, CHEM, CS, GEOL, MATH, MGMT, PHYS
- Be from UWEC courses numbered 300 or above, or from courses appropriate for a major, such as: BIOL 221, BIOL 222, BIOL 223, CHEM 213, CHEM 218, CS 145, CS 148, CS 163, CS 170, CS 245, CS 252, GEOL 106, GEOL 110, GEOL 115, GEOL 118, and MATH 216

B. Distributed emphasis
The student may pursue an emphasis that reflects a thematic area of concentration and intentional connections. Such an emphasis, with approval of the faculty advisor, must draw from courses appropriate for a major in another area distinct from Materials Science or Materials Science and Engineering.

Materials Science, Certificate (Code 250-601)
The Certificate in Materials Science is designed to give students and professionals core technical knowledge and lab skills in materials science to enhance another degree.

A minimum of 15 credits, including:

<table>

<td>4-5</td>
</tr>
</tbody>
</table>
& MSE 367 & MSE 368 Macroprocessing of Materials and Macroprocessing Materials Lab

Note: Students pursuing the Materials Science certificate and any of the Physics liberal arts standard major emphases to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the certificate and the major.

Mathematics
Hibbard Humanities Hall 508
715-836-3301
Department Website ([https://www.uwec.edu/academics/college-arts-sciences/departments-programs/mathematics/](https://www.uwec.edu/academics/college-arts-sciences/departments-programs/mathematics/))

Mathematics has formed an important part of our intellectual heritage for centuries. In addition to having its own aesthetic value, it pervades a growing number of human endeavors. Mathematics is applied in fields as diverse as business, engineering, the physical and life sciences, the social sciences, computer science, and the fine arts. Society therefore expects of its members ever increasing mathematical knowledge and skill.

The mathematics curriculum is designed to address these needs. It provides a core of fundamental mathematics as well as a variety of electives for individuals with specific interests. Students may select programs to prepare for careers in applied mathematics, science, actuarial science, research, mathematics education, or for graduate study. Regardless of emphasis, the programs prepare students for their immediate career objectives and provide a background that will enable them to cope with changing career needs and goals.

Information for All Students
1. All entering freshmen and transfer students must take the mathematics placement test.
2. A student may not register for credit in a course which is a prerequisite for any other course in which the student has credit.
3. It is strongly recommended that a grade of C or above is achieved in any mathematics course that is to be used as a prerequisite to another course.
Department Honors in Mathematics

The Honors Program in mathematics is intended for mathematics majors—including actuarial science, mathematics education, and liberal arts majors—who have demonstrated excellence in their coursework, and who want to experience the mathematical community outside the classroom. The high impact practices required for department honors in mathematics align with such experiences.

- **Eligibility:** Mathematics majors who have a resident and total GPA of 3.50 or higher, and have completed at least 12 hours of mathematics courses with a GPA of 3.50 or higher.
- **Application:** An application (which is available in the mathematics department office) must be submitted to the department chair with a letter of support from a mathematics faculty member. The application should be submitted during the junior year.
- **Requirements:** Graduate with a 3.50 GPA or higher in the major, and submit evidence to the department chair that two of the following have been satisfactorily completed:
  1. A faculty/student collaborative mathematics research project
  2. Score of 176 or above on the ETS Mathematics Content Knowledge assessment (Praxis II)
  3. An off-campus mathematics presentation at a conference
  4. Participation in a state, regional or national competition in Actuarial Science
  5. Passing grade on two professional exams given by the Society of Actuaries or Casualty Actuarial Society
  6. A mathematics related internship
  7. Acceptance of a mathematics publication in a peer-reviewed journal.

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

#### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

### Liberal Education Core Requirements

**Knowledge Goal**

- Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
- Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
- Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
- Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)

**Skills Goal**

- Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
- Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)
- Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)

**Responsibility Goal**

- Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122/LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of 5 in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 182-001)

This major prepares students for actuarial careers. Actuaries are business professionals who use mathematical models to evaluate the current financial impact of future events. Actuaries work in a variety of settings including insurance companies, public accounting firms, government agencies, banks, and consulting firms.

Entry Requirements: To be admitted to this major students must:

1. Complete at least 15 credits of courses required for the major with a GPA in those courses of at least 3.0.

2. Complete MATH 346 and MATH 350 with a grade of B- or better, or earn a passing grade on the corresponding actuarial professional exam(s)

A minimum of 64 semester credits, including:

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Applicability of Credits Toward Graduation

Satisfactory/Unsatisfactory

Total degree credit  maximum 12
Major, Standard  maximum 1 course
Major, Comprehensive  maximum 2 courses
Minor  maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

College Degree Requirements
University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:
   Resident 2.75 average
   Total 2.75 average
   Major 2.75 average
   Minor (for certification only) 2.75 average
3. Residency requirements:
   Minimum Total 30 credits
   Senior Year 23 credits
   Major, in upper division courses 12 credits
   Comprehensive Major, in upper division courses 21 credits
4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)
Early Adolescence Through Adolescence and Early Childhood through Adolescence
(formerly Secondary Education and Special Subjects)

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

   Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so.

   Students pursuing EA-A licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: EA-A

Early Adolescence through Adolescence Licensure

Prescribed special methods course(s) (see approved majors and minors below)
Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Education Studies (p. 473) and Special Education and Inclusive Practices (p. 483) sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (e.g., SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Education Studies and Special Education and Inclusive Practices (p. 483) Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Retention in Professional Education Programs

Students who are in good standing in the University but are having difficulty meeting the College of Education and Human Sciences criteria for professional education programs are strongly advised to seek the counsel of their advisor and/or the Associate Dean of the College of Education and Human Sciences regarding their continuation in the program. A student may continue in the program while in good standing or after receiving an Academic Warning (See Academic Standing and Progress (p. 42)). However, if placed on probation or if readmitted after a first suspension, the student may continue in the program only upon recommendation of the department concerned (Education Studies or Special Education and Inclusive Practices). After a second suspension, the student may not continue in the professional education program.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file an application available at an education "professional semester" meeting held each fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file an application at an education "professional semester" meeting held in spring. Dates for these meetings will be advertised widely and posted across campus.

Students are encouraged to submit their applications as soon as possible after the meeting. Considerable time is required to process each application—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file early will benefit by the careful consideration that can be given to their requests; the later an application is received, the fewer the placement assignments and choices still available will be. Failure to file an application on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.

6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification; and a 2.75 or higher GPA based on a combination of all course work in the major, minor (where certifiable), and professional education courses, including PSYC 260. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.

7. Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

   **For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts**: a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors must earn passing scores on the ACTFL.

   8. Completion of the 30 hour Human Relations Fieldwork requirement.

   9. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.

   10. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.

**Deadline for Meeting Criteria**

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, demonstration of content area proficiency through one avenue listed above, any additional Praxis II Content Test(s)/ACTFL and PSYC 260) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

**Licensure to Teach**

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.

2. Completion of an approved teacher education major and passing score on the edTPA.

3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.

4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.

5. Content area proficiency through one of the following:

   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

   **For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts**, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All MCEA, Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT. In addition, a completed edTPA must be submitted for national scoring. Passing scores on this performance assessment are required for licensure in Wisconsin.

**Wisconsin Application**

College of Education graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

**Major Requirements**

**Teaching (Code 180-002)**

Sixty semester credits, including:

- MATH 114  
  Calculus I  
  4

- MATH 215  
  Calculus II  
  4

- MATH 216  
  Calculus III  
  4

- MATH 324  
  Linear Algebra  
  4

- MATH 345  
  Modern Geometry  
  4

- MATH 425  
  Introduction to Probability and Mathematical Statistics 1  
  4

- MATH 451  
  Abstract Algebra I  
  3

**Required mathematics courses:**

- MATH 373  
  Issues in Secondary Mathematics  
  4

- MATH 451  
  Teaching Mathematics with Technology  
  4

Remaining credits to be chosen from MATH 297 (at most one credit counts for major), and mathematics courses numbered above MATH 305

**Required education courses:**
ES 212  Initial Teaching Experience in Elementary, Middle, and High School Settings  2
PSYC 260  Educational Psychology  3

Professional sequence:
ES 312  General Methods of Teaching  2
ES 317  Middle Level Methods and Curriculum  2
ES 318  Teacher Assisting  1
ES 328  Content Area Reading and Study Strategies  2
ES 357  Teaching Mathematics in Grades 5-12  2

Elective education courses choose two:
CSD 150  Introduction to Communication Sciences and Disorders
ES 415  Assessment and Evaluation in Grades 1-12
PSYC 332  Psychology of Adolescence
SPED 306  Behavior Management

1  MATH 347 may be substituted for MATH 345.

This major is restricted to students in the College of Education and Human Sciences: Education Studies.

NOTE 1: Option B and leads to licensure to teach Mathematics in Early Adolescence through Adolescence classrooms.

Service-Learning 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 180-201)

The liberal arts emphasis is the traditional mathematics major, providing preparation for graduate school as well as a broad range of careers in business, government, and industry. Because of the variety of courses available, students are strongly encouraged to consult a mathematics advisor early and frequently while pursuing this emphasis.

A minimum of 36 credits from mathematics courses must be earned as described below.

Required:

University Residency Requirements (p. 52)

Minimum total 30

Senior year 23

Major, Standard, upper division in residence 12

Major, Comprehensive, upper division in residence 21

Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

### Liberal Education Core Requirements

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:
   - Resident 2.75 average
   - Total 2.75 average
   - Major 2.75 average
   - Minor (for certification only) 2.75 average
3. Residency requirements:
   - Minimum Total 30 credits
   - Senior Year 23 credits
   - Major, in upper division courses 12 credits
   - Comprehensive Major, in upper division courses 21 credits
4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Early Adolescence Through Adolescence and Early Childhood through Adolescence
(formerly Secondary Education and Special Subjects)

Liberal Education Requirements are listed in the table below

| K2 (Social Sciences) | PSYC 260 Educational Psychology 3 | AND another learning experience |
| S3 (Creativity) | ES 497 Field Experience Seminar (included in major) 2 |
| R1 (Equity, Diversity, Inclusivity) | ES 385 Social Foundations: Human Relations (included in major) 3 |
| AND another learning experience |
| I1 (Integration) | ES 497 Field Experience Seminar (included in major) 2 |
| AND another learning experience |

Teaching Licensure Requirements - EA-A Licensure
Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing EA-A licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: EA-A
Early Adolescence through Adolescence Licensure

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Education Studies (p. 473) and Special Education and Inclusive Practices (p. 483) sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Education Studies and Special Education and Inclusive Practices (p. 483) Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Retention in Professional Education Programs

Students who are in good standing in the University but are having difficulty meeting the College of Education and Human Sciences criteria for professional education programs are strongly advised to seek the counsel of their advisor and/or the Associate Dean of the College of Education and Human Sciences regarding their continuation in the program. A student may continue in the program while in good standing or after receiving an Academic Warning (See Academic Standing and Progress (p. 42)). However, if placed on probation or if readmitted after a first suspension, the student may continue in the program only upon recommendation of the department concerned (Education Studies or Special Education and Inclusive Practices). After a second suspension, the student may not continue in the professional education program.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file an application available at an education “professional semester” meeting held...
in spring. Dates for these meetings will be advertised widely and posted across campus.

Students are encouraged to submit their applications as soon as possible after the meeting. Considerable time is required to process each application—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file early will benefit by the careful consideration that can be given to their requests; the later an application is received, the fewer the placement assignments and choices still available will be. Failure to file an application on time may result in a delay of the professional semester.

Transfer and Special Students
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and after earning a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification; and a 2.75 or higher GPA based on a combination of all course work in the major, minor (where certifiable), and professional education courses, including PSYC 260. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Teacher Education Candidates shall demonstrate content area proficiency through one of the following:
   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All MCEA, Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT. In addition, a completed edTPA must be submitted for national scoring. Passing scores on this performance assessment are required for licensure in Wisconsin.

Wisconsin Application
College of Education graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional
preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements
Teaching (Code 180-207)

<tr>
<td>MATH 345</td>
<td>Introduction to Probability and Mathematical Statistics</td>
<td>4</td>
</tr>
<tr>
<td>MATH 425</td>
<td>Abstract Algebra I</td>
<td>3</td>
</tr>
</tbody>
</table>

and at least three additional credits chosen from MATH 216 or mathematics courses numbered above 305.

Technology requirement for licensure, select one of the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 451</td>
<td>Teaching Mathematics with Technology</td>
<td></td>
</tr>
<tr>
<td>OR</td>
<td>CS 170</td>
<td></td>
</tr>
</tbody>
</table>

This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option B or C and leads to licensure to teach Mathematics in Early Adolescence through Adolescence classrooms.

Mathematics, Minor - Teaching - MC-EA

Middle Childhood/Early Adolescence, Teaching (Code 180-408)

A minimum of 24 semester credits, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 114</td>
<td>Calculus I</td>
<td>4</td>
</tr>
<tr>

<td>Probability and Statistical Thinking</td>
<td>2</td>
</tr>
<tr>
<td>MATH 304</td>
<td>Geometric Thinking</td>
<td>2</td>
</tr>
<tr>
<td>MATH 322</td>
<td>Abstract Algebra for Elementary Teachers</td>
<td>4</td>
</tr>
</tbody>
</table>

Additional courses may be chosen from the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 215</td>
<td>Calculus II</td>
<td>4</td>
</tr>
<tr>
<td>MATH 216</td>
<td>Calculus III</td>
<td>4</td>
</tr>
<tr>
<td>MATH 246</td>
<td>Elementary Statistics</td>
<td>4</td>
</tr>
<tr>
<td>MATH 297</td>
<td>Developmental Tutoring Techniques</td>
<td>1</td>
</tr>
</tbody>
</table>

OR mathematics courses numbered above 305.

This minor is restricted to students in the College of Education and Human Sciences: Education Studies: Option A and leads to licensure to teach Mathematics in Middle Childhood through Early Adolescence classrooms.

1 MATH 345 may be substituted for MATH 246 if MATH 215 is chosen.
2 At most, one credit counts for minor.

Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

\(^1\) Certain programs exceed this minimum.

\(^2\) See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory

Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination

Total degree credit maximum \(\frac{1}{4}\) of total
Major or minor maximum \(\frac{1}{2}\) of total

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits

UW-System no maximum
Other extension/correspondence maximum \(\frac{1}{4}\) of total

USAFI

USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

#### CoLlege Degree RequirEmEnts

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements
Liberal Arts (Code 180-003)

A minimum of sixty semester credits, including:

**Mathematics Core** 25
- MATH 114 Calculus I
- MATH 215 Calculus II
- MATH 216 Calculus III
- MATH 316 Introduction to Real Analysis
- MATH 317 Introduction to Real Analysis II
- MATH 324 Linear Algebra
- MATH 425 Abstract Algebra I

**Research requirement** 7
- MATH 380 Research Methods
- MATH 480 Research Seminar (taken twice)

**Depth requirement** 3-4
Choose one:
- MATH 426 Abstract Algebra II
- or MATH 441 Linear Regression Analysis, with Time Series

**Elective mathematics courses** 12-13
Remaining credits to be chosen from:
- Math courses numbered above 305

**CS/logic requirement** 3
Choose one:
- CS 145 Programming for New Programmers
- CS 163 Introduction to Programming in C++
- CS 170 Computing for the Sciences and Mathematics
- PHIL 250 Symbolic Logic
- or another CS course with approval of the department

**Speech requirement** 3
- CJ 202 Fundamentals of Speech

**Applications of mathematics requirement** 6
Minimum 6 credits in a sequence selected from:
- BIOL 221 Foundations of Biology I
  & BIOL 222 Foundations of Biology II
- CHEM 115 Chemical Principles
- CHEM 103 General Chemistry I
  & CHEM 104 General Chemistry II
- CHEM 105 General Chemistry I Lecture
  & CHEM 106 and General Chemistry I Laboratory
  & CHEM 109 and General Chemistry II with Lab
- CS 245 Advanced Programming and Data Structures and Algorithms
- ECON 103 Principles of Microeconomics
  & ECON 104 Principles of Macroeconomics
- PHYS 231 University Physics I
  & PHYS 232 University Physics II
- or another sequence approved by the department

Mathematics, Statistics and Applied Mathematics Emphasis, Major

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 180-209)**

The statistics and applied mathematics emphasis is appropriate for students interested in either scientific or engineering applications of mathematics, careers in business, industry or statistics, data science, or graduate work in areas such as engineering, operations research, optimization, or statistics. Because of the variety of courses available, students are encouraged to consult a mathematics advisor early and frequently while pursuing this emphasis.

A minimum of 36 credits from mathematics courses must be earned as described below.

**Required:**

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 114</td>
<td>Calculus I</td>
<td>4</td>
</tr>
<tr>
<td>MATH 215</td>
<td>Calculus II</td>
<td>4</td>
</tr>
<tr>
<td>MATH 216</td>
<td>Calculus III</td>
<td>4</td>
</tr>
<tr>

</tr>
</tbody>
</table>

The requirements for completion of a first and second degree program are stated in the section of this catalog titled University Graduation Requirements (p. 48).
Music and Theatre Arts

Haas Fine Arts 156
715-836-4954

Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/music-theatre-arts/)

Honor Societies and Student Organizations

There are eight nationally-affiliated music student organizations at UW-Eau Claire, including student chapters of National Association for Music Education, American Choral Directors Association, American String Teachers Association, National Association of Teachers of Singing, National Band Association Collegiate Chapter, United States Institute for Technical Theatre, and American Music Therapy Association for Students; the professional fraternities Phi Mu Alpha-Sinfonia and Sigma Alpha Iota; and the honor society Pi Kappa Lambda.

The performing arts enjoy an enviable reputation at UW-Eau Claire. Outstanding student and faculty performances in music, theatre, and dance; innovative classroom experiences; and active outreach are hallmarks of the Department of Music and Theatre Arts.

Music

Throughout history the study of music has been held to be one of the noblest pursuits of humanity. Music integrates and develops an understanding of our intellect, our emotions, and our senses. As such, it is both a personal and universal art.

All baccalaureate degrees in music emphasize the development of skills, concepts, and sensitivity essential to the professional life of the musician. Whether a professional performer, teacher, or composer, the musician must function as one who exhibits not only technical competence but also a broad knowledge of music and music literature, sensitivity in musical style, and an insight into the role and effect of music in society. Courses for the general university student provide an environment which promotes a broad intellectual and cultural appreciation of music.

The Department offers the Bachelor of Arts or Science degree in liberal arts—music; liberal arts—theatre arts, including a musical theatre emphasis; Bachelor of Music Education degrees leading to teacher licensure; and Bachelor of Music degrees in applied music and composition. A liberal arts minor is offered in music and theatre arts. The department also offers four certificates: Arts Administration, Dance Activities, Recording Arts, and Theatre Arts.

The University of Wisconsin-Eau Claire is an accredited institutional member of the National Association of Schools of Music.

General Requirements—Music Majors and Minors

Academic Preparation

Students planning to major in music should have experience playing an instrument in their high school band or orchestra, singing in a high school choral ensemble, or should have studied an instrument (e.g., piano) privately for a significant period of time. It is expected that prospective music majors be able to read music and sight-sing in at least one clef. Although not mandatory, private study in voice or an instrument will be very beneficial in preparation for college study in music; it offers significant advantages in terms of enhancing individual performance technique and provides exposure to standard music literature. Ability to play piano—even at a rudimentary level—and read both treble and bass clefs is a desirable attribute for any music major. In addition, it is helpful for students to have taken high school theory and/or music appreciation courses.

Admission

Applicants must apply to the University before completing audition requirements.

All applicants for admission to degree programs in music must satisfactorily complete an audition in a performance area. Students with any piano playing experience are asked to take a placement examination in piano (when piano is not a major instrument). Applicants to the B.M.E. degree must audition in wind, string, percussion, piano, or voice. Minimum repertoire standards for all performance areas are available from the department’s Web site at www.uwec.edu/mus-the (http://uwec.edu/mus-the/).

Scholarships are available to a limited number of applicants who demonstrate superior musical ability. An application for the audition and placement constitutes an application for a department scholarship, and no separate form is required. Applicants recommended for scholarship assistance will be notified after the audition.

The Department of Music and Theatre Arts adheres to the code of ethics of the National Association of Schools of Music (NASM). The acceptance of financial aid by an applicant is considered a declaration of intent to attend the institution; after May 1, the applicant may not consider any other offer from an NASM member institution without the written consent of the first institution. Similarly, a transfer applicant from a senior college or university cannot be considered for a scholarship without the recommendation of the institution from which the transfer is being made.

Graduation Requirements

Keyboard Placements. All entering freshmen and transfer students with piano experience who do not have piano as a major instrument take a piano placement examination which determines the level of class piano (MUSI 106 or MUSI 108) in which they will be enrolled to prepare for the piano proficiency examination. If the placement test indicates a sufficiently high level of ability, the student may be directed to applied piano (MUSI 151). A keyboard placement resulting in a higher-numbered keyboard course, i.e., MUSI 108 or MUSI 151, does not constitute credit by examination for a lower-numbered course. Credit by examination is not available for MUSI 104, MUSI 106, MUSI 108, MUSI 278, or MUSI 378.

The Piano Proficiency Examination must be passed

1. prior to enrollment in MUSI 350 for all music majors or MUED 310 if student is a Music Education major and/or
2. one year prior to admission to the professional semester for students working toward teaching licensure (B.M.E. programs) and/or
3. prior to graduation in any music major/minor program. It is offered only during the Fall and Spring Semester final examination periods. The Piano Proficiency Examination tests performance in major and minor scales, arpeggios, sight-reading, harmonization, transposition, and memorization.

Satisfactory/Unsatisfactory Policy. No music course may be taken under the Satisfactory/Unsatisfactory option.

Audit Policy. Applied lessons may not be taken for audit.
Special Student Status. High school students may enroll with permission of the instructor for courses in the Department of Music and Theatre Arts during the Special Student Registration. Because of demand for some courses and limitations on enrollment, degree students will be given priority. Credits earned as high school special students will be reviewed for acceptance into degree programs after official admission to the university and department. Credit review procedure is the same as that for transfer students. Enrollment in graduate music courses under the special student admission status is not allowed except in workshops or by consent of the instructor.

NOTE: A student may not register for credit in a course which is a prerequisite for any other course in which the student has credit.

Bachelor of Music

Major applied lessons carry credits as follows: one 30-minute private lesson per week for one credit; one hour lesson per week for two, three, or four credits. The number of applied credits per semester indicates the minimum number of practice hours per day.

All applied B.M. students may present a half recital in the junior year and must present a full recital in the senior year. Recital requirements apply to the following comprehensive music majors:

- Applied Instrumental (Code 060-041)
- Applied Voice (Code 060-042)
- Composition (Code 060-048)

Theatre Arts and Dance

The arts of theatre—acting, directing, playwriting, design, literature, and costuming—enable us to explore the experiences of humans and the universe. Theatre Artists study human ideas, values, relationships, obsessions, and accomplishments. Practical experimentation and practice of the arts of the theatre increases our ability to present human experiences to audiences for both entertainment and enlightenment.

Theatre Arts programs offer students training in various aspects of theatre including technical theatre, acting, directing, dance, dramatic literature, playwriting, and arts management.

Departmental Honors in Music and Theatre Arts

Eligibility

Upper-class music and theatre arts majors with resident and transfer GPAs of 3.50 or higher and a 3.50 or higher in the major are eligible for participation in the departmental honors program. Participants whose cumulative and/or major GPA falls below 3.50 can still graduate with honors as long as his/her GPA increases to 3.50 before graduation.

Procedure for Admission

A written application, available in the department office, is submitted for approval by the Departmental Honors Committee no later than the third week of classes of the junior year. Transfer students entering UW-Eau Claire with junior status must apply no later than the end of the third week of classes.

Requirements for Graduation with Departmental Honors

1. Complete all degree requirements for the major in music or theatre arts with a cumulative and major program GPA of 3.50 or higher.
2. Complete three honors course projects attached to courses that represent three different honors course categories. Approval of the course instructor and Honors Committee is required and a description of the honors work to be done must be submitted to the committee by the end of the third week of classes. A report must be filed with the committee three weeks before final examination week.
3. Complete an honors paper supporting a senior project or performance under the direction of a department faculty member (e.g., historical, theoretical, pedagogical research; criticism; playwriting; composition; scenic or costume design; directing; solo recital; major acting/operatic role). The paper is defended orally to a faculty jury consisting of its faculty director and two members of the Honors Committee. A copy of the paper is filed with the committee.

Majors

- Comprehensive Major: Music, Teaching All – Instrumental Emphasis - B.M.E. (p. 324)
- Comprehensive Major: Music, Teaching All – Choral Emphasis - B.M.E. (p. 317)
• Comprehensive Major: Music, Applied Instrumental - B.M (p. 306)
• Comprehensive Major: Music, Applied Voice - B.M. (p. 309)
• Comprehensive Major: Music, Composition - B.M. (p. 311)
• Major, Music, Liberal Arts - B.A./B.S. (p. 314)
• Comprehensive Major: Theatre Arts, Liberal Arts - B.A./B.S. (p. 331)
• Comprehensive Major: Theatre Arts, Musical Theatre (p. 337) - B.A./B.S.
• Major: Theatre Arts, Liberal Arts - B.A./B.S. (p. 334)

Minors
• Minor: Music, Liberal Arts (p. 317)
• Minor: Theatre Arts, Liberal Arts (p. 337)

Certificates
• Certificate: Arts Administration (p. 305)
• Certificate: Dance Activities (p. 306)
• Certificate: Recording Arts (p. 331)
• Certificate: Theatre Arts (p. 331)

Arts Administration, Certificate
(Code 060-602)

The Certificate in Arts Administration provides students with a core body of knowledge and skills to effectively manage community or institutionally based arts organizations and provides a foundation for continued study in arts administration. Emphasis is placed on management and communication skills useful to administrators of arts enterprises. The program includes elective courses, a capstone seminar, and a one-semester internship.

Eighteen semester credits, including:

Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements (p. 52)
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
College Degree Requirements
Bachelor of Music

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12

Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

- **USAFI**: maximum 32 credits

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

- **Knowledge Goal**: a minimum of 36 credits
  - **Knowledge Outcome 1 (K1): Natural Sciences** (http://catalog.uwec.edu/undergraduate/attribute-k1/)
    - Two (2) learning experiences
  - **Knowledge Outcome 2 (K2): Social Sciences** (http://catalog.uwec.edu/undergraduate/attribute-k2/)
    - Two (2) learning experiences
  - **Knowledge Outcome 3 (K3): Humanities** (http://catalog.uwec.edu/undergraduate/attribute-k3/)
    - Two (2) learning experiences
  - **Knowledge Outcome 4 (K4): Fine Arts** (http://catalog.uwec.edu/undergraduate/attribute-k4/)
    - One (1) learning experience

- **Skills Goal**: a minimum of 36 credits
  - **Skills Outcome 2 (S2): Mathematics** (http://catalog.uwec.edu/undergraduate/attribute-S2/)
    - One (1) learning experience
  - **Skills Outcome 3 (S3): Creativity** (http://catalog.uwec.edu/undergraduate/attribute-S3/)
    - One (1) learning experience

- **Responsibility Goal**: a minimum of 36 credits
  - **Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity** (http://catalog.uwec.edu/undergraduate/attribute-R1/)
    - Two (2) learning experiences
  - **Responsibility Outcome 2 (R2): Global Perspectives** (http://catalog.uwec.edu/undergraduate/attribute-R2/)
    - One (1) learning experience
  - **Responsibility Outcome 3 (R3): Civic and Environmental Issues** (http://catalog.uwec.edu/undergraduate/attribute-R3/)
    - One (1) learning experience

- **Integration Goal**: a minimum of 36 credits
  - **Integration Outcome 1 (I1): Integration** (http://catalog.uwec.edu/undergraduate/attribute-I1/)
    - Two (2) learning experiences

Service-Learning Goal

- **Service-Learning** (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)
  - 30 hours

College Degree Requirements

**Bachelor of Music**

**University Graduation Requirements**: All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages**: All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements**: A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).
College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major.
department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 060-201)**

**Forty-six semester credits, including:**

MUSI 257/457 Woodwind Ensemble
MUSI 258/458 Percussion Ensemble
MUSI 259/459 Jazz Combo
MUSI 260/460 Contemporary Music Ensemble
MUSI 262/462 Chamber Choir
MUSI 265/465 Vocal Jazz Ensemble
MUSI 268/468 Piano Ensemble

**Piano Proficiency** - passed prior to graduation

**Total Credits** 46

1 No more than 2 credit from MUSI 183.

**NOTE:** No music course may be taken under the Satisfactory/Unsatisfactory option.

## Music, Minor

**Liberal Arts (Code 060-401)**

Twenty-four semester credits, including:

**Theory**
- MUSI 139 Music Theory Fundamentals
- Or
- MUSI 141 Theory Written I
- & MUSI 142 Theory Aural I

**History/Literature**

Minimum of six credits from:
- MUSI 110 Music Appreciation
- MUSI 111 Global Roots of Music in the United States
- MUSI 112 History of Rock and Pop
- MUSI 114 Evolution of Jazz
- MUSI/WGSS 224 Music and Gender
- MUSI 307 Music in the United States
- IDIS 174 Social Justice in the Humanities (when taught by a music faculty member)
- MUSI 225 Global Traditions in Music

**Applied Music**

Four credits, four semesters from one applied area

**Piano Requirement:**
- MUSI 108 Advanced Class Piano

**Ensembles** — Four semesters, four credits minimum.

Two credits from: 1

- MUSI 180/380 Symphony Band

**Music Electives**

A minimum of four to five credits elected from any course with a MUSI prefix for a minimum total of 24 credits and with the exception of MUSI 100, MUSI 102, MUSI 103, MUSI 104, and MUSI 118, which do not count toward a music minor. Maximum of two credits from elective ensembles, and maximum of two credits from applied music.

1 MUSI 182/MUSI 382 or MUSI 193/MUSI 393 may be used by permission.

**NOTES:**

1) No music course may be taken under the Satisfactory/Unsatisfactory option.

2) The piano proficiency exam is a requirement and must be passed prior to graduation. MUSI 106 prepares students for MUSI 108. Students without piano skills are encouraged to take both MUSI 106 and MUSI 108 which prepare students for the piano proficiency exam.

## Music, Teaching All – Choral Emphasis, Comprehensive Major - Teaching

**Teaching (Code 060-065)**

## University Requirements

**GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE**
Credit Requirements

| Minimum total for graduation | 120 |
| Upper division credits (courses numbered 300 and higher) | 39 |
| Liberal Education Core (p. 48) | 36 |
| Academic Concentrations (p. 51) | |
| Grade Point Requirements (p. 51) | |

Total | 20.0 average
Resident | 20.0 average
Major | 20.0 average
Minor | 20.0 average
Certificate | 20.0 average

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Certain programs exceed this minimum.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).
Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing EA-A licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.
Students are assigned an education academic advisor and a faculty advisor through the content major department.

**Option B: EA-A**

**Early Adolescence through Adolescence Licensure**

1 Broadfield Science add-on certification is available with these majors and requires ES 360 (fall only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.
ES 490  Historical, Legal, and Philosophical Foundations of Education  3

ES 497  Field Experience Seminar  2

SPED 300  Inclusive Practices for Secondary Educators  2

Prescribed special methods course(s) (see approved majors and minors below)

**Student Teaching Courses from list below:**

ES 441  Student Teaching in Elementary Education  6

AND

ES 445  Student Teaching in Middle Level Education  6

or ES 470  Student Teaching in Secondary Education

or

ES 440  Internship Teaching in Elementary Education  6-12

or

ES 446  Internship Teaching in Middle Level Education  6-12

or

ES 475  Internship Teaching in Secondary Education  6-12

**NOTE 1:** SPED 300 (not required of Kinesiology or Music majors).

**NOTE 2:** ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

**NOTE 3:** Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 440 or ES 445 or ES 446 or ES 475.

### Admission Requirements

**Admission to Education Programs**

**Admission to the Major**

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Education Studies (p. 473) and Special Education and Inclusive Practices (p. 483) sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (e.g., SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
Filing Applications
Students who plan to enter the professional semester during the fall semester of the next academic year must file an application available at an education “professional semester” meeting held each fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file an application at an education “professional semester” meeting held in spring. Dates for these meetings will be advertised widely and posted across campus.

Students are encouraged to submit their applications as soon as possible after the meeting. Considerable time is required to process each application—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file early will benefit by the careful consideration that can be given to their requests; the later an application is received, the fewer the placement assignments and choices still available will be. Failure to file an application on time may result in a delay of the professional semester.

Transfer and Special Students
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification; and a 2.75 or higher GPA based on a combination of all course work in the major, minor (where certifiable), and professional education courses, including PSYC 260. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

 Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors must earn passing scores on the ACTFL.

8. Completion of the 30 hour Human Relations Fieldwork requirement.
9. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
10. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.

Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, demonstration of content area proficiency through one avenue listed above, any additional Praxis II Content Test[s]/ACTFL and PSYC 260) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.
For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

**Licensure to Teach**

**Criteria for Recommendation for Licensure:**
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major and passing score on the edTPA.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All MCEA, Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT. In addition, a completed edTPA must be submitted for national scoring. Passing scores on this performance assessment are required for licensure in Wisconsin.

**Wisconsin Application**

College of Education graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

**Major Requirements**

**Teaching (Code 060-065)**

Music, Teaching All - Choral Emphasis, Comprehensive Major - Bachelor of Music Education

**Sixty-three semester credits, including:**

**Applied Music (Voice or Piano emphasis)**

**Voice Emphasis**

| MUSI 153 | Applied Music-Voice (four semesters, four credits) |
| MUSI 151 | Applied Music-Piano (two semester, two credits) |
| MUSI 353 | Advanced Applied Music-Voice (three semesters, three credits) |
| MUSI 378 | Advanced Functional Piano (one semester, one credit) |

**Piano Emphasis**

| MUSI 151 | Applied Music-Piano (four semesters, four credits) |
| MUSI 351 | Advanced Applied Music-Piano (three semesters, three credits) |
| MUSI 153 | Applied Music-Voice (four semesters, four credits) |

**Conducting**

| MUSI 350 | Conducting |
| MUED 400 | Choral Literature and Conducting |

**Pedagogy**

| MUSI 345 | Voice Pedagogy |

**Ensembles**

| Seven credits minimum, one credit required every semester of classes except during the professional semester. |

Minimum of one credit from:

| MUSI 190/390 | Symphonic Choir |
Minimum of two credits from:
- MUSI 191/391 Men’s Glee Club (The Statesmen)
- MUSI 192/392 Women’s Concert Chorale

Minimum of two credits from:
- MUSI 388 Concert Choir
- MUSI 390 Symphonic Choir

Minimum of one credit from:
- MUSI 262/462 Chamber Choir

One credit elective ensemble from:
- MUSI 188/388 Concert Choir
- MUSI 190/390 Symphonic Choir
- MUSI 191/391 Men’s Glee Club (The Statesmen)
- MUSI 192/392 Women’s Concert Chorale
- MUSI 260/460 Contemporary Music Ensemble
- MUSI 262/462 Chamber Choir
- MUSI 280/480 Opera/Music Theatre Workshop
- MUSI 461 Voice Ensemble

The two semesters immediately prior to the professional semester must be from the following:
- MUSI 388 Concert Choir
- MUSI 390 Symphonic Choir
- MUSI 391 Men’s Glee Club (The Statesmen)
- MUSI 392 Women’s Concert Chorale
- MUSI 262/462 Chamber Choir

Music Methods
- MUED 211 Introduction to Music Education
- MUED 300 Adaptive Music
- MUED 318 Music as Content in Schools
- MUED 410 Secondary Choral Teaching Methods

Piano Proficiency - passed prior to enrollment in MUED 310

Other Requirements

Professional Education

University Requirements for Teacher Education Program (p. 48) (see College of Education and Human Sciences).

This major is restricted to students in the College of Education and Human Sciences: Education Studies: Option C and leads to licensure in all music areas PK-12.

Music, Teaching All – Instrumental Emphasis, Comprehensive Major

Teaching (Code 060-064)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation 1 120

Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core (p. 48) 36
Academic Concentrations (p. 51) 9
Grade Point Requirements (p. 51) 2
Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory
Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

- **Knowledge Goal**
  - Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
    - Two (2) learning experiences
  - Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
    - Two (2) learning experiences
  - Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
    - Two (2) learning experiences
  - Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
    - One (1) learning experience

- **Skills Goal**
  - Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)
    - Two (2) learning experiences
  - Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)
    - One (1) learning experience
  - Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)
    - One (1) learning experience

- **Responsibility Goal**
  - Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)
    - Two (2) learning experiences
  - Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)
    - One (1) learning experience
  - Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)
    - One (1) learning experience

- **Integration Goal**
  - Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)
    - Two (2) learning experiences

**College Degree Requirements**

University Requirements in Teacher Education in the College of Education and Human Sciences

**College Requirements for Teacher Education**

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:
   - Resident: 2.75 average
   - Total: 2.75 average
   - Major: 2.75 average
   - Minor (for certification only): 2.75 average

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours
3. Residency requirements:
   - Minimum Total: 30 credits
   - Senior Year: 23 credits
   - Major, in upper division courses: 12 credits
   - Comprehensive Major, in upper division courses: 21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Early Adolescence Through Adolescence and Early Childhood through Adolescence
(formerly Secondary Education and Special Subjects)

Teaching Licensure Requirements - EA-A Licensure

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing EA-A licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: EA-A

1. Broadfield Science add-on certification is available with these majors and requires ES 360 (fall only). Students should contact their advisor to discuss their intention to add the Broadfield Science certification.

## Teaching Licensure Requirements - EC-A Licensure

### Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for early adolescence through adolescence (EA-A) teaching or for early childhood through adolescence (EC-A) teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

### Option C: EC-A

#### Early Childhood through Adolescence Licensure

</tbody>
</table>

**Notes:**

1. SPED 300 (not required of Kinesiology or Music majors).
2. ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.
3. Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.
Admission Requirements
Admission to Education Programs
Admission to the Major
Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Education Studies (p. 473) and Special Education and Inclusive Practices (p. 483) sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Education Studies and Special Education and Inclusive Practices (p. 483) Department Overview Pages.

Application Procedure
Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students
Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Retention in Professional Education Programs
Students who are in good standing in the University but are having difficulty meeting the College of Education and Human Sciences criteria for professional education programs are strongly advised to seek the counsel of their advisor and/or the Associate Dean of the College of Education and Human Sciences regarding their continuation in the program. A student may continue in the program while in good standing or after receiving an Academic Warning (See Academic Standing and Warning (p. 42)). However, if placed on probation or if readmitted after a first suspension, the student may continue in the program only upon recommendation of the department concerned (Education Studies or Special Education and Inclusive Practices). After a second suspension, the student may not continue in the professional education program.

Admission to the Teaching Professional Semester (Student Teaching)
Admission to the Professional Education Semester
The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Applications
Students who plan to enter the professional semester during the fall semester of the next academic year must file an application available at an education “professional semester” meeting held each fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file an application at an education “professional semester” meeting held in spring. Dates for these meetings will be advertised widely and posted across campus.

Students are encouraged to submit their applications as soon as possible after the meeting. Considerable time is required to process each application — that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file early will benefit.
Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification; and a 2.75 or higher GPA based on a combination of all course work in the major, minor (where certifiable), and professional education courses, including PSYC 260. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Teacher Education Candidates shall demonstrate content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All MCEA, Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT. In addition, a completed edTPA must be submitted for national scoring. Passing scores on this performance assessment are required for licensure in Wisconsin.

Wisconsin Application
College of Education graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states.
states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

- MUSI 253/453 University Chamber Orchestra
- MUSI 255/455 String Ensemble
- MUSI 260/460 Contemporary Music Ensemble
- MUSI 259/459 Jazz Combo

The two semesters immediately prior to the professional semester must be from the following:

- MUSI 184/384 University Orchestra

**Music Methods**

- MUED 211 Introduction to Music Education 1
- MUED 300 Adaptive Music 2
- MUED 310 Principles, Practices, and Practicum in General Music PreK-5 2
- MUED 318 Music as Content in Schools 2
- MUED 411 Secondary Instrumental Teaching Methods 3

**Piano Proficiency** - passed prior to enrollment in MUED 310

**Other Requirements**

**Professional Education**

University Requirements for Teacher Education Program (p. ) (see College of Education and Human Sciences).

This major is restricted to students in the College of Education and Human Sciences; Education Studies: Option C and leads to licensure in all music areas PK-12.

**Recording Arts, Certificate**

*(Code 061-601)*

The interdisciplinary curriculum of the **Recording Arts Certificate** addresses diverse interests in both sound and technology. It offers a foundation in musicianship, design, and recording technology, and opportunities for students to pursue specific interests in areas of composition, design, music history, physics of sound or business. The program includes required and elective courses, and at least one internship. Applications are available through the Department of Music and Theatre Arts. Acceptance into the program may be limited due to available resources, internships, and needs of the program.

Eighteen semester credits, including:

**Required:**

- MUSI 309 Electronic Music 2
- MUSI 317 Sound Technology Principles 3
- MUSI 498 Music Internship 3

**Electives to be selected from the following:**

- BSAD 125 Essentials of Marketing
- BSAD 305 Legal and Regulatory Environment
- ACCT 201 Introduction to Accounting
- CJ 241 Audio and Video Production Process
- MATH 307 Mathematics and Music

**Theatre Arts, Certificate**

*(Code 601-601)*

Thirteen credits required:

- THEA 121 Introduction to Technical Theatre 3
- THEA 130 Acting I 3
- THEA 332 Directing 3
- THEA Elective 3

One credit from:

- THEA 170 Acting-Minor Roles/Chorus
- THEA 172 Scenic Construction Crew
- THEA 173 Light/Sound Board Operator
- THEA 174 Costume Crew
- THEA 175 Stage/Properties Crew
- THEA 176 Makeup Crew
- THEA 177 Publicity Crew
- THEA 178 Electrics Crew
- THEA 179 Special Effects/Sound Facilitator
- THEA 370 Acting-Major Roles
- THEA 371 Stage Manager/Assistant Director/Assistant Choreographer
- THEA 372 Assistant Scenic Design/Assistant Technical Direction
- THEA 373 Assistant Lighting Design
- THEA 374 Assistant Costume Design/Shop Supervisor
- THEA 375 Properties Design
- THEA 376 Makeup Design
- THEA 377 Publicity/Program Design
- THEA 378 Master Electrician
- THEA 379 House Manager

Note: Courses cannot be counted in both the major and certificate program.

**Theatre Arts, Comprehensive Major**

**Liberal Arts (Code 601-001)**
University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core (p. 48) 36
Academic Concentrations (p. 51) 2

Grade Point Requirements (p. 51) 2

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements (p. 52)
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Certain programs exceed this minimum.

See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory

Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination

Total degree credit maximum 1/4 of total
Major or minor maximum 1/3 of total

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits

UW-System no maximum
Other extension/correspondence maximum 1/4 of total

USAFI

USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
Introduction to Technical Theatre

Scenic Shop Practicum

Acting I

As specified in the section of this catalog titled University Graduation Requirements, all candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122/LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer...
Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Completion of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122/LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Completion of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major, Comprehensive, upper division in residence 21

Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

\(^1\) Certain programs exceed this minimum.

\(^2\) See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/...
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire
Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work
done through the United States Armed Forces Institute, under the provision for
non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may
count toward graduation no more than one credit of KINS 110-184 courses.
Students may count toward graduation no more than four credits earned
in any single activity course and no more than 12 credits resulting from any
combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following:
Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory
Registration; Transfer of Credits. College or departmental restrictions may also
be placed on Independent Study (399-499 courses), Directed Study (395-495),
and other types of credits.

**APPLICABILITY OF CREDITS TOWARD GRADUATION**

Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/philosophy-religious-studies/)

Philosophy is the disciplined and critical inquiry into fundamental questions of human existence: What is the nature of reality? What is knowledge? Does God exist? Is my will free? What is the difference between right and wrong? What is the relation between the mind and the body? What is the meaning of life? Philosophers use reason and argument in the attempt to answer these questions. Philosophy is at the very heart of a liberal education. Students of philosophy learn to think critically and clearly, argue forcefully, and read carefully. They also learn how the history of philosophy has shaped modern thought and culture. A major in philosophy is excellent preparation for advanced study in a wide range of fields, including law. A minor in philosophy will enrich and complement any major field of study.

Religious Studies is the multi-disciplinary exploration of the phenomena of human experience commonly called “religious.” This includes study of the genesis and interpretation of religious texts; the formation, history, beliefs, and practices of religious communities and traditions; the role of religion in society and culture; issues in religion and science, including the psychology of religious experience; religion in literature and the arts; religious morality; philosophy of religion. The academic study of religion provides an excellent “window” into other cultures, while enhancing students’ understanding of their own society and its history. A degree in Religious Studies provides an excellent foundation for a wide range of careers, as well as preparing students for demanding graduate programs.

Honors Program in Philosophy and Religious Studies

The Honors Program in Philosophy and Religious studies enables outstanding students to engage in challenging Honors coursework and creative Honors research experiences.

Eligibility: Admission is by departmental invitation to students who have demonstrated excellent intellectual potential. To be considered, students must have a minimum 3.5 GPA in the major and in all university coursework.

Requirements:
1) Complete an Honors Capstone Thesis as the outcome of the departmental seminar — either PHIL 485 (Seminars in Problems in Philosophy) or RELS 490 (Seminar in Religious Studies) — or an appropriately crafted Independent Study project.
2) Present the thesis research at or in a suitable local, regional, or national venue.

Majors
- Major: Philosophy, Liberal Arts - B.A./B.S. (p. 341)
- Major: Religious Studies, Liberal Arts - B.A./B.S. (p. 344)

Minors
- Minor: Philosophy, Liberal Arts (p. 343)
- Minor: Religious Studies, Liberal Arts (p. 346)

Certificates
- Certificate: Analytical Reasoning (p. 340)
- Certificate: Ethics (p. 341)
- Certificate: World Religions (p. 347)

Analytical Reasoning, Certificate
(Code 400-602)

For advising, contact the Philosophy and Religious Studies Department.

The Analytical Reasoning Certificate is for students in a variety of majors and minors, especially for students interested in a career in the law, as well as for students who are interested in Philosophy but for whom a philosophy major or minor might be impractical. The Analytical Reasoning Certificate is a natural complement to any program of study outside of Philosophy.

Minimum of 15 credits required, including:
At least one of the following courses, but no more than two may be taken:
<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 150</td>
<td>Logic and Critical Thinking</td>
</tr>
<tr>
<td>PHIL 250</td>
<td>Symbolic Logic</td>
</tr>
</tbody>
</table>
MATH 246  Elementary Statistics

Remaining credits from other PHIL courses, with at least six credits at the 300-level or above

With advisor approval the following may be applied to the certificate:

- Up to three credits from Independent Study or Directed Studies courses
- Additional relevant courses

**NOTE:** Courses applied to the certificate cannot be applied to the student’s major. Students cannot pursue the Philosophy Major and Ethics Certificate to meet graduation requirements for completing a first and second degree program.

**Ethics, Certificate**

*(Code 400-601)*

Advisor: S. McAleer (Philosophy and Religious Studies).

The Ethics Certificate is for students in a variety of majors and minors, especially pre-professional programs with existing ethics requirements, and students interested in graduate study and careers in health care ethics, legal ethics, business and corporate ethics and compliance. The Ethics Certificate is a natural complement to the Leadership Certificate currently offered through the College of Business’s Department of Management and Marketing.

Students are required to complete a minimum of 12 credits and complete a reflection essay.

**Required Courses**

- PHIL 120  Ethical Reasoning  3
- PHIL 331  Philosophical Ethics  3

The remaining six credits are from ethics-relevant electives:

- PHIL 234  Classical Chinese Philosophy  
- PHIL 301  Ethics in the Professions and the Community  
- PHIL 305  Ethics and Business  
- PHIL 306  Ethics of Health Care  
- PHIL 308  Ethics in Computing and Engineering  
- PHIL 320  Environmental Ethics  
- PHIL 333  History of Ethics  
- PHIL 334  Philosophical Perspectives on Forgiveness  
- RELS 210  Religion and Morality  

With advisor approval, the following may be applied to the certificate program:

- PHIL 395  Directed Studies  
- PHIL 399  Independent Study - Juniors  
- PHIL 499  Independent Study - Seniors  

After their course work is completed, students must submit to the certificate advisor an essay in which they reflect on their learning experiences with respect to the certificate’s goals.

**Total Credits**  12

**Note 1:** Up to three credits from ethics courses from the student’s major or minor field of study (e.g., CJ 413, PSYC 357, ACCT 425) may be applied with advisor approval.

**University Requirements**

**Graduation Requirements for Baccalaureate Degree**

**Credit Requirements**

- Minimum total for graduation  1  120
- Upper division credits (courses numbered 300 and higher)  39
- Liberal Education Core (p. 48)  36

**Academic Concentrations (p. 51)**

**Grade Point Requirements (p. 51)**

- Total  2.00 average
- Resident  2.00 average
- Major  2.00 average
- Minor  2.00 average
- Certificate  2.00 average

**University Residency Requirements (p. 52)**

- Minimum  30
- Senior year  23
- Major, Standard, upper division in residence  12
- Major, Comprehensive, upper division in residence  21
- Certificate  25 percent of credits

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

**Note 2:** Students must earn at least 48 unique credits between the certificate program and major for purposes of meeting graduation requirements for first and second degree programs. Students cannot pursue the Philosophy Major and Ethics Certificate to meet graduation requirements for completing a first and second degree program.

**Philosophy, Major**

**Liberal Arts (Code 400-200)**

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged
to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_S5_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

### College Degree Requirements

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122/LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

### Major Requirements

**Liberal Arts (Code 400-200)**

Thirty-six semester credits, including:

| Eighteen credits from core courses: | 18 |
| PHIL 235 Ancient Philosophy |
| PHIL 250 Symbolic Logic |
| PHIL 316 Metaphysics |
| PHIL 317 Epistemology |
| PHIL 331 Philosophical Ethics |
| PHIL 335 Early Modern Philosophy |
| PHIL 485 Seminar in Problems of Philosophy |

Eighteen credits from philosophy courses 1, 2, 3

1. PHIL 101 and PHIL 120 are disallowed for major credit if taken after the student has earned nine credits in philosophy.
2. No more than three credits of PHIL 397 and PHIL 498 are allowed toward the major.
3. Upon approval of the department up to six credits from courses other than philosophy may be applied to the major.

**Capstone:** All philosophy majors shall complete a reflection paper, usually during the senior year, in which the student analyzes and reflects on his or her learning experiences as a philosophy major in light of the philosophy major’s learning goals and outcomes.

**Philosophy, Minor**

**Liberal Arts (Code 400-400)**

Twenty-four semester credits, including:

| At least three credits from each of the following three categories, for a total of nine credits: | 9 |
| Logic: |
| PHIL 150 Logic and Critical Thinking |
| PHIL 250 Symbolic Logic |
| History of Philosophy: |
| PHIL 234 Classical Chinese Philosophy |
| PHIL 235 Ancient Philosophy |
| PHIL 335 Early Modern Philosophy |
| PHIL 338 Modern European Philosophy I |
| PHIL 339 Modern European Philosophy II |
| PHIL 340 Knowledge and Reality |
| Core Areas: |
| PHIL 316 Metaphysics |
| PHIL 317 Epistemology |
| PHIL 331 Philosophical Ethics |

Required:

| The remaining fifteen credits will be selected from philosophy courses 1, 2, 3 | 15 |

1. PHIL 101 and PHIL 120 are disallowed for minor credit if taken after the student has earned nine credits in philosophy.
2. No more than three credits of PHIL 397 and PHIL 498 are allowed toward the minor.
Upon approval of the department up to six credits from courses other than philosophy may be applied to the minor.

**Religious Studies, Major**

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements

Liberal Arts (Code 411-201)

Thirty-six semester credits, including:

Three credits from core courses (to be taken by all majors before the completion of six credits of Religious Studies coursework):
- RELS 100 Introduction to the Religions of the World
- RELS 110 Basic Issues in Religion
- RELS 210 Religion and Morality

Capstone

All Religious Studies majors must complete the following capstone requirements.

Three credits to be taken in junior or senior year of the following:
- RELS 470 The Problem of Evil
- RELS 490 Seminar in Religious Studies
- RELS 491 Special Topics
- RELS 499 Independent Study - Seniors

Monotheistic Religions:

A minimum of six credits from:
- RELS 303 Early Christianity
- RELS 304 Modern Christianity
- RELS 307 Judaism
- RELS 309 Islam

Asian Religions:

A minimum of six credits from:
- RELS 312 Buddhism: Past and Present
- RELS 313 Tibetan Buddhism
- RELS 314 Hinduism
- RELS 323 Chinese and Japanese Religions
- RELS 326 Asian Religious Philosophies
- PHIL 234 Classical Chinese Philosophy

The remaining credits to be earned from Religious Studies courses, subject to the following restrictions:

RELS 100 and RELS 110 are disallowed for major credit if taken after the student has earned nine credits toward the major.

A maximum of three credits from any combination of RELS 395, RELS 399, RELS 498, and RELS 499 may be counted toward the major.

A maximum of three credits from any combination of RELS 396 and RELS 397 may be counted toward the major.

1 Plus completion of the capstone essay for that course. The essay must be approved for capstone credit by the faculty teaching the course. Other upper-level courses also may be considered (prior approval by faculty required). Students must submit a major research paper produced for the course in order to fulfill the capstone requirement.

Religious Studies, Minor

Liberal Arts (Code 411-401)

Twenty-four semester credits, including:

Three credits from core courses (to be taken by all minors before the completion of six credits of Religious Studies coursework):
- RELS 100 Introduction to the Religions of the World
- RELS 110 Basic Issues in Religion
- RELS 210 Religion and Morality

Seminar course

Three credits taken in junior or senior year from the following:
- RELS 470 The Problem of Evil
- RELS 490 Seminar in Religious Studies
- RELS 491 Special Topics
- RELS 499 Independent Study - Seniors

Monotheistic Religions:

A minimum of six credits from:
- RELS 303 Early Christianity
- RELS 304 Modern Christianity
- RELS 307 Judaism
- RELS 309 Islam

Asian Religions:

A minimum of six credits from:
- RELS 312 Buddhism: Past and Present
- RELS 323 Chinese and Japanese Religions
- RELS 326 Asian Religious Philosophies

The remaining coursework may be taken from the two previous categories and any of the courses listed below:

Methodological Approaches:

A minimum of three credits from:
- ANTH 463 Religion and Culture
- RELS 230 Old Testament/Hebrew Bible
- RELS 240 New Testament
- RELS 316 Psychology of Religion
- RELS/PHIL 345 Philosophy of Religion

Topical and Historical Approaches:

- RELS/WGSS 203 Women and World Religions
- RELS 210 Religion and Morality
- RELS 290 Sacred Earth: Religion and Nature
- RELS/AIS 330 Indigenous Religions of the Americas
- RELS 334 Music in Judaism, Christianity and Islam
- RELS 342 African American Religion
- RELS 348 Religious Themes in Literature
- RELS 378 The Holocaust, 1933-1945
- RELS 390 Religion in America
- RELS 470 The Problem of Evil
- RELS 490 Seminar in Religious Studies

Other:
- RELS 391 Special Topics
- RELS 395 Directed Studies
- RELS 396 Research Apprenticeship in Religious Studies
World Religions, Certificate

(Code 411-601)

Advisor: S. Fink (Philosophy and Religious Studies).

The World Religions Certificate is intended for undergraduates outside of the Religious Studies major/minor who desire to enhance their marketability as potential graduate students and employees, whether their career goal is education, business, health care, psychology, music and the arts, the sciences, or the humanities. The World Religions certificate program offers students a foundational understanding of the beliefs, practices, and cultural impact of the world’s major religious traditions that will enable them to negotiate the complex challenges of life in an increasingly interconnected and globalized world. The impact of religions on world events is undeniable, and students pursuing any disciplinary major can benefit greatly from the learning opportunities offered by this certificate program.

Students are required to complete a minimum of 15 credits, including:

<table>

Total Credits: 15

Note: A maximum of three credits may be counted toward the minor from any combination of RELS 395, RELS 399, RELS 498, and RELS 499, and a maximum of three credits may be counted toward the minor from the combination of RELS 396 and RELS 397.

Physics and Astronomy

Phillips 230
715-836-3148

Departmental Honors in Physics

Departmental Honors is a way for a student to experience the thrill of innovative research and discovery in an area of interest within Physics and Astronomy. One of the most significant benefits of Departmental Honors is that it fosters one-on-one interaction between students and professors, which substantially enhances a student’s educational experience and serves as a springboard for excellence in graduate studies or professional employment after graduation.

Eligibility: Complete PHYS 332 and maintain both a resident GPA and a major GPA of at least 3.50.

Procedure: A written application for Departmental Honors in Physics and Astronomy must be approved by the student’s academic advisor, the student’s project advisor, and the chair of the Physics and Astronomy Department.

Requirements:

1. Complete the required courses for one of the three emphases for the Liberal Arts major in Physics.
2. Complete two courses selected from among
   - PHYS 367 Astrophysics 3
   - PHYS 375 Electromagnetic Fields 4
   - PHYS 430 Advanced Laboratory Techniques 2
   - PHYS 445 Thermal Physics 4
   - PHYS 465 Quantum Mechanics 3
3. Complete a significant scholarly activity and disseminate the results of the activity by completing a written research paper and presenting at an appropriate on-campus or off-campus venue (Physics Thursday, CERCA, Provost’s Honors Symposium, etc.) or making a presentation at a professional meeting or publishing an article in a professional journal. The quality of the activity and dissemination will be evaluated by a three-member faculty panel. Upon approval by the panel, the student will receive the designation of Departmental Honors in Physics and Astronomy on his/her official transcript and a special notation in the graduation ceremony program.

Majors
• Major: Physics, Liberal Arts - B.A./B.S. (p. 353)
• Major: Physics, Applied Physics Emphasis, Liberal Arts - B.A./B.S. (p. 348)
• Major: Physics, Dual Degree Engineering Emphasis, Liberal Arts - B.A./B.S. (p. 351)
• Comprehensive Major: Science Teaching, Physics Emphasis - B.S. (p. 466)

Minors
• Minor: Physics, Liberal Arts (p. 355)

Certificates
• Certificate: LabVIEW (p. 348)

LABVIEW, Certificate
(Code 230-601)
Advisor: K. Pierson (Physics and Astronomy).

The LabVIEW Certificate Program provides UW-Eau Claire students and engineers in local and regional industry with an in-depth understanding of the computer interfacing and data acquisition software package called LabVIEW. LabVIEW has become an industry standard in this technical area. LabVIEW provides an extensive environment in which a scientist or engineer can accomplish a variety of instrument control, data collection and data processing tasks. The UW-Eau Claire LabVIEW Certificate program has also been designed to provide students with the skills and experiences required to pass the first two levels of professional LabVIEW programming certification offered by National Instruments, which is required for many industry positions that involve LabVIEW programming.

Thirteen credits are required for certificate program completion and are drawn from the following course work:

<table>

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are
normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

#### LIBERAL EDUCATION CORE REQUIREMENTS (a minimum of 36 credits)

<table>
<thead>
<tr>
<th>Knowledge Goal</th>
<th>Credit Restrictions</th>

### Integration Goal
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 230-203)

This emphasis focuses on physics applications of relevance to industrial and engineering employment environments following completion of the baccalaureate degree.

The Applied Physics Emphasis requires 36 credits of physics coursework including:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>MSE 120</td>
<td>Introduction to Engineering</td>
</tr>
<tr>
<td>PHYS 231</td>
<td>University Physics I</td>
</tr>
<tr>
<td>PHYS 232</td>
<td>University Physics II</td>
</tr>
<tr>
<td>PHYS 332</td>
<td>University Physics III</td>
</tr>
<tr>
<td>PHYS 340</td>
<td>Optics</td>
</tr>
<tr>
<td>PHYS 350</td>
<td>Electric and Electronic Circuits</td>
</tr>
<tr>
<td>PHYS 360</td>
<td>Electronics</td>
</tr>
</tbody>
</table>

Select one of the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS 255</td>
<td>Statics</td>
</tr>
<tr>
<td>PHYS 356</td>
<td>Dynamics</td>
</tr>
<tr>
<td>PHYS 365</td>
<td>Theoretical Mechanics</td>
</tr>
<tr>
<td>PHYS 375</td>
<td>Electromagnetic Fields</td>
</tr>
<tr>
<td>PHYS 430</td>
<td>Advanced Laboratory Techniques</td>
</tr>
<tr>
<td>PHYS 486</td>
<td>Senior Seminar</td>
</tr>
</tbody>
</table>

The remaining Physics credits are to be selected from any physics course above 325 (including PHYS 374/MSE 374) and MSE 315, MSE 357, MSE 372, and MSE 451.

Required courses not counted toward credits in major:

- MATH 312 Differential Equations and Linear Algebra
- MATH 345 Introduction to Probability and Mathematical Statistics
- CS 163 Introduction to Programming in C++ 1
- or CS 170 Computing for the Sciences and Mathematics

Select one of the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 115</td>
<td>Chemical Principles</td>
</tr>
<tr>
<td>CHEM 103</td>
<td>General Chemistry I</td>
</tr>
<tr>
<td>&amp; CHEM 104</td>
<td>General Chemistry II</td>
</tr>
<tr>
<td>CHEM 105</td>
<td>General Chemistry I Lecture</td>
</tr>
<tr>
<td>&amp; CHEM 106</td>
<td>General Chemistry I Laboratory</td>
</tr>
<tr>
<td>&amp; CHEM 109</td>
<td>General Chemistry II with Lab</td>
</tr>
</tbody>
</table>

1 It is strongly recommended that CS 163 or CS 170 be completed within the first three semesters.

NOTE 1: An approved research project must be completed prior to PHYS 486 (see PHYS 486 course description for details)

NOTE 2: A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

NOTE 3: Limit of 3 credits of PHYS 495 counted toward major.

## College Degree Requirements

### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122/LANG 122 or CSD 103).

### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements

Liberal Arts (Code 230-206)

This emphasis combines the benefits of a traditional physics degree with those of a formal engineering education. In this program students receive a UW-Eau Claire physics degree in conjunction with a bachelor’s degree in engineering from UW-Madison, UW-Milwaukee, UW-Stout, or the University of Minnesota-Twin Cities.

The Dual Degree Engineering Emphasis requires 36 credits of physics coursework including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MSE 120</td>
<td>Introduction to Engineering</td>
<td>2</td>

<tr>
<td>CS 170</td>
<td>Computing for the Sciences and Mathematics</td>
</tr>
</tbody>
</table>

or advisor-approved course appropriate for the engineering program

Complete an engineering degree ¹

¹ To receive the UW-Eau Claire Dual Degree Engineering Emphasis physics degree, the student must complete an engineering degree from one of the above schools. Students will typically complete most of the UW-Eau Claire Liberal Education Core and Dual Degree physics requirements while at UW-Eau Claire before transferring to the engineering school. Students must complete 84 semester credits before transferring to the engineering school, 56 of which must be taken in residency at UW-Eau Claire, with a minimum of 12 upper-division credits of physics and a minimum of six credits of mathematics taken at UW-Eau Claire.

NOTE 1: The UW-Eau Claire physics degree will not be awarded until an official copy of the student’s engineering degree has been sent to UW-Eau Claire’s Registrar’s Office. If the engineering degree is not completed, then students must satisfy all of the requirements for another degree program at UW-Eau Claire.

NOTE 2: A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

NOTE 3: Limit of 3 credits of PHYS 495 counted toward major.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

#### Liberal Education Core Requirements

</table>

**Knowledge Goal**

- One experience in laboratory science must be selected from either K1 or K2.

**Skills Goal**

- One S1 must meet the University Writing Requirement (p. 51)

**Responsibility Goal**

- One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)
- One R3 must satisfy Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/#header13)

**Integration Goal**

- Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/#header13)
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPA requirements, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122/ LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPA requirements, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 230-201)

The Liberal Arts emphasis is the traditional physics major, providing preparation for graduate school as well as a broad range of careers in business and industry following completion of the baccalaureate degree.

The Liberal Arts Emphasis requires 36 credits of physics coursework including:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS 186</td>
<td>Introductory Seminar</td>
<td>0.5</td>
</tr>
<tr>
<td>PHYS 231</td>
<td>University Physics I</td>
<td>5</td>
</tr>
<tr>
<td>PHYS 232</td>
<td>University Physics II</td>
<td>5</td>
</tr>
<tr>
<td>PHYS 332</td>
<td>University Physics III</td>
<td>3</td>
</tr>
<tr>
<td>PHYS 333</td>
<td>Quantum Physics</td>
<td>3</td>
</tr>
<tr>
<td>PHYS 350</td>
<td>Electric and Electronic Circuits</td>
<td>4</td>
</tr>
<tr>
<td>PHYS 340</td>
<td>Optics</td>
<td>4</td>
</tr>
<tr>
<td>or PHYS 360</td>
<td>Electronics</td>
<td></td>
</tr>
<tr>
<td>PHYS 365</td>
<td>Theoretical Mechanics</td>
<td>4</td>
</tr>
<tr>
<td>PHYS 486</td>
<td>Senior Seminar</td>
<td>0.5</td>
</tr>
</tbody>
</table>

The remaining Physics credits are to be selected from any physics course above 325 (including PHYS 374/MSE 374) and MSE 315, MSE 357, MSE 372, and MSE 451.

Required courses not counted toward credits in major:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 312</td>
<td>Differential Equations and Linear Algebra</td>
<td></td>
</tr>
<tr>
<td>CS 163</td>
<td>Introduction to Programming in C++ 1</td>
<td></td>
</tr>
<tr>
<td>or CS 170</td>
<td>Computing for the Sciences and Mathematics</td>
<td></td>
</tr>
</tbody>
</table>

1 It is strongly recommended that CS 163 or CS 170 be completed within the first three semesters.

Chemistry (CHEM 115 or CHEM 103 and CHEM 104 or CHEM 105, CHEM 106, and CHEM 109) is strongly recommended.

NOTE 1: An approved research project must be completed prior to PHYS 486 (see PHYS 486 course description for details).

NOTE 2: A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

NOTE 3: Limit of 3 credits of PHYS 495 counted toward major.

Physics, Minor - Liberal Arts

Liberal Arts (Code 230-401)

Twenty-four semester credits of Physics including:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS 231</td>
<td>University Physics I</td>
<td>5</td>
</tr>
<tr>
<td>PHYS 232</td>
<td>University Physics II</td>
<td>5</td>
</tr>
<tr>
<td>PHYS 332</td>
<td>University Physics III</td>
<td>3</td>
</tr>
<tr>
<td>11 or more credits from any Physics courses 1</td>
<td>11</td>
<td></td>
</tr>
<tr>
<td>MATH 215</td>
<td>Calculus II (Not counted toward credits in minor)</td>
<td></td>
</tr>
</tbody>
</table>

1 Except PHYS 100, PHYS 211, and PHYS 212

It is recommended that students minoring in physics consult the chair of the Department of Physics and Astronomy while planning a program.
Political Science
Hibbard Humanities Hall 401
715-836-5744
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/political-science/)

Political Science examines various systems of government within and among nation-states and the principles on which they are based. It familiarizes the student with political concepts and issues, their historical backgrounds, and their relevance to the cultural systems in which they arise. The study of political science provides methods for analyzing political issues and the policies designed to address them.

Honor Societies and Student Organizations:
Pi Sigma Alpha, the national honor society, promotes student interest in political science and sponsors forums on current political topics and workshops on applying to and attending graduate school and law school. The honor society accepts qualified students each fall and spring semester for membership, based on political science coursework and academic standing. Contact the faculty adviser in the department for further details.

Model United Nations Club (MUNC) is a student organization whose primary purpose is to educate its members and the student body about the United Nations and its activities. The organization is open to all students interested in global affairs and the UN. MUNC members attend two United Nations mock conferences each year and participate in a number of other group activities.

Pre-Law Club is a student organization whose primary purpose is to inform its members of the various aspects of the legal profession. The organization is open to all students from various academic majors who are considering attending law school and share an interest in the legal profession. The organization sponsors speakers from various law-related occupations, organizes trips to law schools and law school fairs, and provides practice tests for the Law School Admission Test.

The Society of Politics is open to all students with an interest in politics and political science. The Society functions as both a social and professional organization for students to help them make connections and broaden the scope of their political knowledge. The Society hosts several events during the year, including a fall picnic, roundtables, and forums for the students and political science faculty to meet and discuss important issues.

Mock Trial Team is an academic competition in which teams prepare both sides of a hypothetical legal case to present to a panel of judges. This academic competition builds one’s logical reasoning, analytical reasoning, and persuasive oratory skills. Mock Trial is an excellent educational experience for students who plan to attend law school, work in law enforcement, or be an expert witness in court, as well as those who want to learn more about how the judicial system operates.

Departmental Honors Program in Political Science
Eligibility: Majors with resident and total GPAs of 3.50 or higher overall and in Political Science, and the consent of the department. Senior standing is required. By the end of the second semester of the junior year, students must notify the department of their intent to seek departmental honors.

Requirements: Comprehensive written examination taken at the end of the first semester of the senior year; senior thesis written during the second semester of the senior year. Students must register for POLS 496, during the semester that they write the thesis.

Majors
• Comprehensive Major: Political Science, Legal Studies Emphasis, Liberal Arts - B.A./B.S. (p. 358)
• Comprehensive Major: Political Science, World Politics Emphasis, Liberal Arts - B.A./B.S. (p. 364)
• Major: Political Science, Liberal Arts - B.A./B.S. (p. 361)

Minors
• Minor: Political Science, Liberal Arts (p. 364)

Certificates
• Certificate: Campaign Consulting (p. 356)
• Certificate: International Affairs (p. 357)
• Certificate: Legal Studies (p. 357)

Campaign Consulting, Certificate
(Code 420-601)

The Certificate in Campaign Consulting is designed for the student seeking an opportunity to learn the skills of campaign organization and management. Students develop campaigning skills including organization of workers, marketing of candidates, issue development, use of media, and campaign finance. The certificate in Campaign Consulting is the only university course of study providing training and experience in local elections.

Currently enrolled degree-seeking students are eligible to complete a certificate in Campaign Consulting.

Students are required to earn a total of 18 credits toward the certificate.

Required Courses:

<table>

POLS 343  Public Administration
POLS 344  Media and Politics
POLS 350  Group and Minority Politics
POLS 498  Internship (campaign related) (additional 3 crs)

Total Credits 18

NOTE: Students cannot pursue the Political Science Major and Campaign Consulting Certificate to meet graduation requirements for completing a first and second degree program.

All of these courses are regularly offered in the department.

Students seeking a certificate in Campaign Consulting will be assigned an advisor within the Department of Political Science.

International Affairs, Certificate
(Code 420-602)

The Certificate in International Affairs is designed for those students interested in global awareness, cultural and political diversity, and economic globalization. A certificate in International Affairs will indicate that a student has undergraduate level awareness of global concepts, basic issues, terminology, structures, and perspectives. The certificate in International Affairs provides knowledge and skills that will help prepare students for employment in a global political economy, as well as familiarize them with specializations, concepts, jargon, and methods for graduate concentrations in various aspects of world politics.

Currently enrolled degree-seeking students are eligible to complete a certificate in International Affairs. This certificate is not intended for political science comprehensive majors with a world politics emphasis.

Students are required to earn a total of 18 credits toward the certificate.

Total Credits 18

NOTE: Students cannot pursue the Political Science Major and International Affairs Certificate to meet graduation requirements for completing a first and second degree program.

Legal Studies, Certificate
(Code 420-603)

The Certificate in Legal Studies is designed for those students interested in law school or paralegal work who have a strong interest in providing evidence of coursework in law. Students will be given the opportunity to concentrate coursework in legal studies, develop skill in preparing legal briefs, and develop skill in participating in Socratic dialogue as practiced in law schools and other arenas that teach law. The certificate in Legal Studies provides a liberal arts approach to the study of law and is not intended to provide the kind of clerical training associated with some paralegal training.

Currently enrolled degree-seeking students are eligible to complete a certificate in Legal Studies. This certificate is not intended for political science comprehensive majors with a legal studies emphasis.

Students are required to earn a total of 18 credits toward the certificate.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.
LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement (p. 51)
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience
One S2 to meet the University Mathematics Requirement (p. 51)
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/ #header13)
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)
University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements

Liberal Arts (Code 420-001)

A comprehensive major in Political Science combines political science with courses in other disciplines. Students choose either the Legal Studies emphasis or the World Politics emphasis.

The Legal Studies emphasis provides an emphasis in legal studies for those students interested in law school, paralegal studies, and law and society.

Sixty semester credits, including:
Required political science credits:
- POLS 110 American National Politics 3
- POLS 122 Introduction to World Politics 3
- POLS 290 Introduction to Political Analysis 3
- POLS 338 Judicial Politics 3
- POLS 403 U.S. Constitutional Principles - Powers of Government 3
- POLS 404 U.S. Constitutional Principles - Civil Liberties 3
- POLS 405 U.S. Constitutional Principles - Due Process and Criminal Law 3
- POLS 406 U.S. Constitutional Principles - Equality and Privacy 3
- POLS 480 Political Science Capstone 3

Elective political science credits, including:
- 21

One course in International Relations

Two courses in Comparative Government (one must be at the 300 level or higher)

Two courses in Political Theory from the following:
- POLS 310 Modern Political Thought
- POLS 311 Contemporary Political Thought
- POLS 312 American Political Thought

Required:

Two additional courses in political science from the four course groupings (200 level or higher)

Elective courses from other disciplines selected from the following list:
- 12

### Information for Political Science Majors and Minors

Political Science courses at the 200 level and above are classified into the following four course groupings:

#### American Politics

- POLS 301 State and Local Politics 3
- POLS 305 Survey of U.S. Constitutional Principles 3
- POLS 338 Judicial Politics 3
- POLS 340 Congress and the Presidency 3
- POLS 341 Political Parties, Elections, and Voting 3
- POLS 342 Public Opinion and Political Behavior 3
- POLS 343 Public Administration 3
- POLS 344 Media and Politics 3
- POLS 345 Film and Politics 3
- POLS 346 Public Policy in the United States 3
- POLS 350 Group and Minority Politics 3
- POLS 353 Afro-American Politics 3
- POLS 403 U.S. Constitutional Principles - Powers of Government 3
- POLS 404 U.S. Constitutional Principles - Civil Liberties 3
- POLS 405 U.S. Constitutional Principles - Due Process and Criminal Law 3
- POLS 406 U.S. Constitutional Principles - Equality and Privacy 3
- POLS/AIS 250 American Indian Politics 3
- POLS/WGSS 351 Women and Politics 3

#### International Relations

- POLS 325 Model United Nations 3
- POLS 330 U.S. Foreign Policy 3
- POLS 331 International Organization and Law 3
- POLS 332 International Conflict 3
- POLS 334 International Political Economy 3
- POLS 335 International Relations Theory 3
- POLS 336 Arab-Israeli Conflict 3

#### Comparative Government

- POLS 260 Introduction to Comparative Politics 3
- POLS 321 Politics of the Middle East 3
- POLS 322 Politics of Russia 3
- POLS 323 Politics of Eastern Europe 3
- POLS 324 Politics of Asia 3
- POLS 327 Politics of Continental Europe 3
- POLS 329 Political Violence 3
- POLS/WGSS 352 Gender and Politics in Global Perspective 3
- POLS 390 Culture and Politics 3
- POLS/LAS 319 Politics of Latin America 3

#### Political Theory

- POLS 309 Classical Political Thought 3

- PHIL 150 Logic and Critical Thinking
- PHIL 310 Philosophy of Law

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times. 30 hours
Major Requirements
Liberal Arts (Code 420-201)

Thirty-six semester credits, including:

- POLS 110 American National Politics 3
- POLS 122 Introduction to World Politics 3
- POLS 290 Introduction to Political Analysis 3
- POLS 480 Political Science Capstone 3

At least one course in each of the four course groupings defined below

Information for Political Science Majors and Minors

Political Science courses at the 200 level and above are classified into the following four course groupings:

American Politics

- POLS 301 State and Local Politics 3
- POLS 305 Survey of U.S. Constitutional Principles 3
- POLS 338 Judicial Politics 3
- POLS 340 Congress and the Presidency 3
- POLS 341 Political Parties, Elections, and Voting 3
- POLS 342 Public Opinion and Political Behavior 3
- POLS 343 Public Administration 3
- POLS 344 Media and Politics 3
- POLS 345 Film and Politics 3
- POLS 346 Public Policy in the United States 3
- POLS 350 Group and Minority Politics 3
- POLS 353 Afro-American Politics 3
- POLS 403 U.S. Constitutional Principles - Powers of Government 3
- POLS 404 U.S. Constitutional Principles - Civil Liberties 3
- POLS 405 U.S. Constitutional Principles - Due Process and Criminal Law 3
- POLS 406 U.S. Constitutional Principles - Equality and Privacy 3
- POLS/AIS 250 American Indian Politics 3
- POLS/WGSS 351 Women and Politics 3

International Relations

- POLS 325 Model United Nations 3
- POLS 330 U.S. Foreign Policy 3
- POLS 331 International Organization and Law 3
- POLS 332 International Conflict 3
- POLS 334 International Political Economy 3
- POLS 335 International Relations Theory 3
- POLS 336 Arab-Israeli Conflict 3

Comparative Government

- POLS 260 Introduction to Comparative Politics 3
- POLS 321 Politics of the Middle East 3
- POLS 322 Politics of Russia 3
- POLS 323 Politics of Eastern Europe 3
- POLS 324 Politics of Asia 3
- POLS 327 Politics of Continental Europe 3

- POLS/WGSS 352 Gender and Politics in Global Perspective 3
- POLS 390 Culture and Politics 3
- POLS/LAS 319 Politics of Latin America 3

Political Theory

- POLS 309 Classical Political Thought 3
- POLS 310 Modern Political Thought 3
- POLS 311 Contemporary Political Thought 3
- POLS 312 American Political Thought 3
- POLS 314 The Idea of Tolerance in the Western Political Tradition 3

NOTE: All majors should take POLS 290 before taking any 300 level courses.

Students are strongly encouraged to develop a 15-credit topical theme as a part of their major course of study. Recommended themes include:

American Political Development Theme

Core: POLS 305 and POLS 312

Electives: POLS 250/AIS 250, POLS 301, POLS 330, POLS 338, POLS 340, POLS 341, POLS 342, POLS 343, POLS 344, POLS 346, POLS 350, POLS 351, POLS 403

Constitutional Studies Theme

Core: POLS 305 and at least two of the following: POLS 403, POLS 404, POLS 405, POLS 406

Electives: POLS 301, POLS 310, POLS 312, POLS 330, POLS 338, POLS 340, POLS 350, POLS 351, POLS 353

Electoral Politics Theme

Core: POLS 341 and POLS 260

Electives: POLS 301, POLS 310, POLS 312, POLS 321, POLS 322, POLS 327, POLS 340, POLS 342, POLS 344, POLS 350, POLS 404

Global Conflict Resolution Theme

Core: POLS 332 and POLS 335

Electives: POLS 311, POLS 321, POLS 323, POLS 325, POLS 327, POLS 330, POLS 331, POLS 334, POLS 336

Global Diversity Theme

Core: POLS 260 and POLS 390

Electives: POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 336

Global Human Rights Theme

Core: POLS 332

Electives: POLS 260, POLS 309, POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 331, POLS 334, POLS 336, POLS 350

Representation & Action Theme

Core: POLS 311 and POLS 325
Electives: POLS 301, POLS 311, POLS 340, POLS 342, POLS 344, POLS 346, POLS 350, POLS 351, POLS 353, POLS 390, POLS 404

**Political Science, Minor - Liberal Arts**

Liberal Arts (Code 420-401)

Twenty-four semester credits including:
- POLS 110 American National Politics 3
- POLS 122 Introduction to World Politics 3

**Electives:**
- At least one course at the 300-400 level in each of the four course groupings defined below
- At least 18 credits must be taken at the 200 level or above 18

**Information for Political Science Majors and Minors**

Political Science courses at the 200 level and above are classified into the following four course groupings:

### American Politics
- POLS 301 State and Local Politics 3
- POLS 305 Survey of U.S. Constitutional Principles 3
- POLS 338 Judicial Politics 3
- POLS 340 Congress and the Presidency 3
- POLS 341 Political Parties, Elections, and Voting 3
- POLS 342 Public Opinion and Political Behavior 3
- POLS 343 Public Administration 3
- POLS 344 Media and Politics 3
- POLS 345 Film and Politics 3
- POLS 346 Public Policy in the United States 3
- POLS 350 Group and Minority Politics 3
- POLS 353 Afro-American Politics 3
- POLS 403 U.S. Constitutional Principles - Powers of Government 3
- POLS 404 U.S. Constitutional Principles - Civil Liberties 3
- POLS 405 U.S. Constitutional Principles - Due Process and Criminal Law 3
- POLS 406 U.S. Constitutional Principles - Equality and Privacy 3
- POLS/AIS 250 American Indian Politics 3
- POLS/WGSS 351 Women and Politics 3

### International Relations
- POLS 325 Model United Nations 3
- POLS 330 U.S. Foreign Policy 3
- POLS 331 International Organization and Law 3
- POLS 332 International Conflict 3
- POLS 334 International Political Economy 3
- POLS 335 International Relations Theory 3
- POLS 336 Arab-Israeli Conflict 3

### Comparative Government
- POLS 260 Introduction to Comparative Politics 3
- POLS 321 Politics of the Middle East 3

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

### LIBERAL EDUCATION CORE REQUIREMENTS

<table>

Integration Outcome 1 (I1): Integration

Service-Learning Goal

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement text that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-)

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of 5 in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 420-002)

A comprehensive major in Political Science combines political science with courses in other disciplines. Students choose either the Legal Studies emphasis or the World Politics emphasis.

The World Politics emphasis provides an emphasis for students interested in graduate work or employment in world affairs, international relations, and comparative government.

Sixty semester credits, including political science courses (18 required credits):

NOTE: All majors should take POLS 290 before taking any 300 level courses.
The Psychology Department has adopted the American Psychological Association (2013) learning goals for the major and minor.

Goal 1: Knowledge Base in Psychology
Goal 2: Scientific Inquiry and Critical Thinking
Goal 3: Ethical and Social Responsibility in a Diverse World
Goal 4: Communication
Goal 5: Professional Development

Credit for PSYC 100, PSYC 230, and PSYC 260 can be awarded through CLEP examinations. Credit for PSYC 100 and Statistics (MATH 246/PSYC 265) can be awarded through AP examinations.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also...
be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.
**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter the 211-level course in a foreign language. (2) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 440-201)**

Recommended for students who are interested in becoming a behavioral services provider for individuals afflicted with autism, developmental disabilities, head injuries, and substance-abuse disorders. This major also provides essential preparation for students who are interested in attending graduate school for more advanced training.

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
### Applicability of Credits Toward Graduation

#### Junior College or Two-Year College Credits
A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

#### Extension Credits
Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

#### WTCS Credits
A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

#### USAFI Credit
UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

#### Activity Credit (band, chorus, drama, KINS 100-184 courses)
Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

#### Other Restricted Credits

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-)

or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 440-201)

The psychology major develops knowledge, skills, and values consistent with a liberal arts education. Recommended for students who are interested in pursuing advanced degrees in psychology or other related disciplines. Students who complete the major are also well prepared to pursue a variety of careers immediately following graduation.

Thirty-six semester credits, including: 1, 2, 3, 4, and 5

Remaining credits to total 24 selected from any Psychology courses. RELS 315 also may be counted toward the 24 credits for the minor.

1. At least 6 credits from 300- and 400-level courses are required for the minor.
2. A maximum of 3 credits from PSYC 395, PSYC 396, PSYC 397, PSYC 399, and PSYC 499 may count toward the major.
3. A maximum of seven credits earned in PSYC 291 and PSYC 491 may count toward the major.

Sociology searches in disciplined ways for answers to questions about human social behavior; questions regarding human identity, social interaction, human relations, and group dynamics. It studies the behavior and interaction of social groups and institutions, traces their origin and growth, and analyzes the influence of group activities on both group members and larger social units.

Departmental Honors Program

1. Goals and Objectives
   a. To provide an enriched educational experience for subsequent graduate study, professional activities, or public life.
   b. To allow concentrated and individualized study in selected areas of interest in the field of sociology.
   c. To stimulate, encourage, and challenge students to gain a better understanding of sociological research and theory in addition to usual instruction.
   d. To develop capabilities for independent thought and constructive criticism.

2. Entrance Requirements for Honors in Sociology
   a. Eligibility: Upper-class majors with resident and total GPAs of 3.50 and a GPA of 3.50 in sociology courses.
   b. Applications for the Honors Program should be made in writing to the department during the junior year.

3. Satisfactory Completion of Requirements for Graduation with Honors in Sociology
   a. Minimum of 36 semester credit hours in the sociology department.
   b. An Honors examination in two areas chosen by the student in consultation with an honors committee.
   c. A three credit independent study.
   d. An Honors Seminar.
   e. An Honors research paper.
   f. Resident and total GPAs of 3.50 and resident and total GPAs of 3.50 in the major program at time of graduation.

Satisfactory/Unsatisfactory Policy

No credit may be earned under the Satisfactory/Unsatisfactory option for any course counted toward a departmental major or minor.

Credit by Examination

Credit may be obtained by examination in SOC 101. A student may earn a maximum of six credits in Sociology through credit by examination.

Majors

- Major: Sociology, Liberal Arts - B.A./B.S. (p. 374)
Minors
• Minor: Sociology, Liberal Arts (p. 376)
• Minor: Family Studies, Liberal Arts (p. 77)

Certificates
• Certificate: Social Diversity (p. 374)

Social Diversity, Certificate
(Code 480-601)

For advising, contact the Sociology Department.

The Social Diversity Certificate is a foundation for understanding inequality based on race, class, gender, and sexualities. These inequalities are caused by social institutions that create and sustain systems of oppression and privilege. Learning about the real, but often invisible causes of inequality helps individuals overcome internalized oppression and internalized privilege. It also helps professionals to better serve the public in fields such as health care, education, social services, and criminal justice.

A minimum of 12 credits in the following courses:

SOC 312 Race and Ethnicity in the U.S. 3
SOC 314 Social Class and Inequality 3
SOC 419 Sociology of Women or SOC 202 Sociology of Gender 3
SOC 426 Sociology of Sexualities 3

Note: Courses may not be counted in both the certificate and the student’s major program. Students cannot pursue the Sociology Major and Social Diversity Certificate to meet graduation requirements for completing a first and second degree program.

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**  
a minimum of 36 credits

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)  
Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)  
Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)  
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)  
One (1) learning experience

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)  
Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)  
One (1) learning experience

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)  
Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)  
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)  
One (1) learning experience

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)  
Two (2) learning experiences

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)  
30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree**

**(B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
Liberal Arts (Code 480-201)

Thirty-six semester credits, including:

<table>
<thead>
<tr>

Total Credits 24

Note 1: A maximum of nine credits earned in SOC 395, SOC 399, SOC 496, SOC 497, SOC 498, and/or SOC 499 may count toward major.

Note 2: A sum total of nine credits in SOC 291 and SOC 491 courses may be counted toward the major.

Note 3: Sociology electives may include CRMJ 103 and/or CRMJ 302.

Note 4: No credit may be earned under the Satisfactory/Unsatisfactory option for any course counted toward a departmental major or minor.

Note 5: Majors are strongly encouraged to enroll in SOC 330 no later than the first semester of their junior year.

Watershed Institute for Collaborative Environmental Studies
Hibbard Humanities Hall 384
715-836-2628
Program Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/watershed-institute/)

Health, Justice, and Sustainability
The Watershed Institute offers high impact and interdisciplinary learning experiences in public health and environmental and sustainability studies and sciences.

Students interested in Public Health can pursue one of two majors or the minor:

- Environmental Public Health Comprehensive Major (Code 640-001)
- Public Health Major (Code 488-201)
- Public Health Minor (Code 488-401).

Students interested in Environmental and Sustainability Studies can enroll in one of two minors:

- Environmental Science (Code 155-400)
- Environment, Society, and Culture (Code 489-401)

Students in all of our programs take advantage of service learning opportunities, practicum/internship experiences, engage with activities and organizations on campus and in the community, and participate in faculty/student collaborative research.

Environmentally-themed comprehensive majors are also available in other departments, including Ecology and Environmental Biology Emphasis (Code 080-001), Environmental Geography (Code 140-007), and Geology Environmental Science Emphasis (Code 160-011). Students wishing for a broader understanding of Environmental Studies can also seek to develop a program of study in the Liberal Studies Comprehensive Major (Code 370-001).

Mission
We work collaboratively to build healthy, just, and sustainable human and ecological communities.

Values
We accomplish this mission through the application of the following principles in all we do:
The Watershed Institute consists of the faculty members listed on the faculty tab and affiliate members found in other home departments, programs, and units including: Art & Design, Biology, Blugold Dining Services, Chemistry, Communication and Journalism, Economics, English, Geography and Anthropology, Geology, Music and Theatre Arts, Philosophy and Religious Studies, and Sociology.

Faculty
Karen Mumford, Program Director

Laura Suppes

Majors
- Comprehensive Major: Environmental Public Health - B.S.E.P.H. (p. 378)
- Major: Public Health - B.A./B.S. (College of Arts and Sciences Interdisciplinary Major) (p. 88)

Minors
- Minor: Environment, Society, and Culture, Liberal Arts (p. 377)
- Minor: Environmental Science, Liberal Arts (p. 381)
- Minor: Public Health, Liberal Arts (College of Arts and Sciences Interdisciplinary Minor) (p. 91)

Environment, Society, and Culture, Minor

Liberal Arts (Code 489-401)

The Environment, Society, and Culture minor enables students to investigate the human and ecological dimensions of environmental issues. The minor provides the opportunity to integrate courses from a variety of disciplines, including ethics, environmental science, gender studies, health, history, public policy, sociology, geography, and economics. Students in the minor examine social and environmental conflicts and the policies and strategies to address these conflicts. This minor is open to all students and is designed to be flexible so that students can tailor it to meet their particular needs and interests.

In this minor, students gain the ability to research and respond to environmental challenges such as climate change, water pollution, air quality, food safety, loss of habitats, urbanization, and the spread of disease, while applying principles of environmental justice, civic engagement, sustainability, and strategic policy approaches. Students integrate concepts and tools from multiple disciplines across the university to address local-to-global challenges.

Students in the Environment, Society and Culture minor will be empowered to explore many questions, such as: What chemicals are polluting the river and how do they impact human health? What policies will help us address climate change? How can we protect ecosystems and the critical services they provide? How can our cities and towns become more sustainable? What economic practices will help us end poverty and protect the natural world? The Environment, Society, and Culture minor challenges students to think critically and holistically to understand the social and environmental systems related to environmental issues.

Minimum of 24 credits, with at least 12 credits from courses at the 300-level or above, including:

Select at least one gateway course from the following:
- BIOL 180 Environmental Biology and Conservation
- CHEM 127 Chemistry and Climate
- GEOG 178 Conservation of the Environment
- ENPH 110 Introduction to Environmental Health
- ENPH 115 Global Environmental and Public Health

Select at least three of the following from the "Socio-cultural Perspectives" category:
- ECON 268 Environmental Economics
- ENV 310 Sustainable Cities
- ENV 330 Waste & Society: Energy, Food, and Efficiency
- ENV/GEOG 377 U.S. Environmental and Sustainability Policy
- GEOG 369 Geography of Food
- GEOG/ENV 378 International Environmental Problems and Policy
- GEOG 445 Historical Geography
- HIST/ENV 346 American Environmental History
- SOC 301 Environmental Sociology
- SOC 310 Principles of Demography
- PHIL 320 Environmental Ethics
- WGSS 375 Ecofeminism and Environmental Justice

Natural Science Focus Area: A two-course sequence in a natural science chosen from the following options:
- BIOL 328 Conservation Biology
- CHEM 115 & CHEM 304 Chemical Principles and Environmental Chemistry
- GEOL 115 & GEOL 301 Environmental Geology and Earth Resources
- or GEOL 308 Water Resources
- GEOG 104 & GEOG 304 The Physical Environment and Introduction to Geomorphology
- or GEOG 340 Climatology
- or GEOG 361 Environmental Hazards

Select additional courses selected from those listed above or from the options below to reach a total of 24 credits:
- BIOL 329 Biological Field Experiences and Service-Learning Capstone
ENGL 415  Seminar in Science and Nature Writing
ENPH 441  Water and Wastewater
ENPH 445  Hazardous and Solid Waste Management
ENPH 450  Epidemiology
GEOG 270  Land Use Issues and Problems
GEOG 350  Soils and the Environment
GEOG 365  Tourism Geographies
GEOG 368  Geography Field Seminar
GEOG/AIS 322  Native Geographies
MATH 108  Earth Algebra
PHYS 205  Physics of Renewable Energy
SOC 314  Social Class and Inequality

1  Must take either GEOG 178 or BIOL 180 as the gateway course as a prerequisite to BIOL 328.
2  CHEM 103 and CHEM 104 or CHEM 105, CHEM 106, and CHEM 109 may be used in lieu of CHEM 115 but only six credits may be counted toward the minor from these courses.

Note 1: Credits from other courses may also be applied as electives, pending advisor and college approval, when they focus specifically on environmental topics. This includes special topics, directed studies, independent study, and/or internships. Applicable environmental courses offered through the Honors program, International Study Abroad or National Student Exchange may also be applied with consent of an advisor.

Note 2: For students pursuing a standard major in Geography, a maximum of 12 credits from the major may be applied to this minor.

Environmental Public Health, Comprehensive Major
(Code 640-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core (p. 48) 36
Academic Concentrations (p. 51)

Grade Point Requirements (p. 51)  2

Total  2.00 average
Resident  2.00 average
Major  2.00 average
Minor  2.00 average
Certificate  2.00 average

University Residency Requirements (p. 52)

Minimum total  30
Senior year  23
Major, Standard, upper division in residence  12
Major, Comprehensive, upper division in residence  21
Certificate  25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1  Certain programs exceed this minimum.
2  See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory

Total degree credit  maximum 12
Major, Standard  maximum 1 course
Major, Comprehensive  maximum 2 courses
Minor  maximum 1 course

Credit by Examination

Total degree credit  maximum ¼ of total
**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS** a minimum of 36 credits

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)

Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)

Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)

Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)

One (1) learning experience

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)

Two (2) learning experiences

One S1 must meet the University Writing Requirement (p. 51)

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)

One (1) learning experience

One S2 to meet the University Mathematics Requirement (p. 51)

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)

Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)

One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)

One (1) learning experience

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)

Two (2) learning experiences

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

**College Degree Requirements**

**Bachelor of Science in Environmental Public Health**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Science in Environmental Public Health Degree in the College of Arts and Sciences (B.S.E.P.H.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

Major Requirements
(Code 640-001)

Practitioners in the field of environmental public health control environmental health hazards and preserve and improve environmental factors for the achievement of optimum health, safety, comfort, and well-being. Students gain the educational background necessary to appreciate cultural values and protect air, water, soil and food resources. Graduates are employed in regulatory agencies and industries concerned with environmental quality and the public’s health. This comprehensive major includes both foundation classes in biology, chemistry, physics, and mathematics, and specialized courses in environmental and public health, such as food and water sanitation, air pollution, industrial hygiene, and environmental toxicology.

Mission
The Environmental Public Health (ENPH) major provides undergraduate students with a comprehensive understanding of science and its application to protect human environmental health. The degree prepares students for careers as Environmental Health Professionals and safety specialists, integrating a scientific background, technical skills, and professional ethics.

Goals
The ENPH major strives to prepare graduates with the knowledge, awareness, and skills to:

1. Understand the natural world through applied chemistry, biology, physics, and mathematics;
2. Identify short- and long-term hazards to human and environmental health through critical thinking;
3. Serve the public by addressing human health risks through research, communication and intervention;
4. Identify and address cross-cultural, economic, and technological barriers to serving public health interests; and
5. Demonstrate professional ethics, values, and responsibility in all areas of practice.

Scholarships
Ten scholarships are available to students in the ENPH major. Additional information may be obtained from the faculty or by visiting the Financial Aid Website. Students are invited to participate in the Student National Environmental Health Association, the goal of which is to improve the health and well-being of people by focusing on environmental public health issues and to provide students an introduction to professional organizations.

Practicum/Internship
A practicum or internship experience is an integral part of the Environmental Public Health major, and an important component of preparation for career or graduate school. This off-campus internship or practicum is a full-time work experience with a health-related agency or industry, typically paid and taken during the summer between the junior and senior year.

Bachelor of Science in Environmental Public Health (B.S.E.P.H.)

The B.S.E.P.H. degree is accredited by the National Environmental Health Science and Protection Accreditation Council. Graduates are prepared to take the National Environmental Health Association exam for the Registered Environmental Health Specialist/Registered Sanitarian credential.

ENPH Major Requirements

Minimum sixty-two semester credits, including:

Satisfactory/Unsatisfactory Policy
The only credits that may be earned under the Satisfactory/Unsatisfactory option are for Independent Study. S/U credits may not total more than three.

Internship
An internship or practical experience is a requirement for the B.S.E.P.H. degree. Typically between the junior and senior year, each student is required to enroll in three credits of summer practicum (ENPH 435) and pay fees to the University. Students anticipating enrollment in the practicum should notify the Environmental Public Health faculty no later than February 1, and enroll in ENPH 432 the spring semester prior to their summer practicum.

Environmental Science, Minor

Liberal Arts (Code 155-400)
Advisors: P. Ihinger (Geology), P. Kleintjes Neff (Biology), K. Mumford (Watershed Institute), G. Running (Geography and Anthropology), E. Weiher (Biology).

This multidisciplinary liberal arts minor is created primarily for students with interests in environmental science and conservation of biological diversity. The minor emphasizes the study of environmental issues, ecology and conservation, and water and earth resources through application of concepts and methods from various disciplines. The minor is designed to complement a 36-credit standard major, e.g., Biology, Liberal Arts or Political Science. Students wishing to pursue a comprehensive major in environmental science should consider the Ecology and Environmental Biology Comprehensive Major in Biology, the Environmental Geography Comprehensive Major in Geography and Anthropology, the Environmental Science Comprehensive Major in Geology or the Environmental Public Health Comprehensive Major in the Watershed Institute.

Minimum of 24 credits, with at least 11 credits from courses at the 300-level or above, including:

**Required:**
- BIOL 180 Environmental Biology and Conservation 3
  or GEOG 178 Conservation of the Environment

**One or more of the following life sciences courses (min. 3 crs):**
- BIOL 321 Ecology 3
- BIOL 328 Conservation Biology 4
- BIOL 338 Vegetation Ecology 4

**Two or more of the following physical science courses (min. 6 crs):**
- CHEM 304 Environmental Chemistry 3
- GEOG 304 Introduction to Geomorphology 4
- GEOG 361 Environmental Hazards 3
- GEOL 115 Environmental Geology 4
  or GEOG 104 The Physical Environment
- GEOL 304 Global Environmental Change 3
- GEOL 308 Water Resources 3
- GEOL 315 Hydrogeology I 4
- GEOL 336 Introduction to Geochemistry 3

**One or more of the following health, humanities, or social science courses (min. 3 crs):**
- ECON 268 Environmental Economics 3
- ENPH 110 Introduction to Environmental Health 3
- ENV/GEOG 377 U.S. Environmental and Sustainability Policy 3
- GEOG 270 Land Use Issues and Problems 3
- GEOG/ENV 378 International Environmental Problems and Policy 3
- PHIL 320 Environmental Ethics 3

**Two or more of the following techniques courses (min. 6 crs):**
- BIOL 490 Biological Field Studies 1-2
- BIOL 490 Field Geology I 3

**A field capstone (min. 1 cr):**
- BIOL 320 Studies in Tropical Environments 3
- BIOL 329 Biological Field Experiences and Service-Learning Capstone 1-2
- GEOG 490 Biological Field Studies 1-4
- GEOL 303 Rocky Mountain Field Studies 3
- GEOL 343 Geological Field Excursion 1-2
- GEOL 470 Field Geology I 3

Note 1: Credits from other courses may also be applied as electives, pending advisor and college approval, when they focus specifically on environmental topics. This includes special topics, directed studies, independent study, and/or internships. Applicable environmental courses offered through International Study Abroad or National Student Exchange may also be applied with consent of an advisor.

Note 2: For students pursuing standard majors in Biology or Geography, a maximum of 12 credits from the major may be applied to this minor.
Women’s, Gender, and Sexuality Studies

Hibbard Humanities Hall 384
715-836-5717
Program Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/womens-studies/)

The Women’s, Gender, and Sexuality Studies program coordinates teaching, research, and scholarship in the field of Women’s, Gender, and Sexuality Studies. It is a discipline in its own right that also draws from many other fields of study. Enacted as a discipline, the Women’s, Gender, and Sexuality Studies program is a site of both scholarly inquiry and social change and activism. A unique academic program, Women’s, Gender, and Sexuality Studies incorporates praxis—practice that is informed by feminist theory and gendered analyses. Courses in Women’s, Gender, and Sexuality Studies are taught with feminist pedagogical techniques and from feminist theoretical perspectives, and they integrate theory with activism whenever possible.

Women’s, Gender, and Sexuality Studies students learn to think critically about the intersections of sex, gender, and sexualities with other hierarchies of power and privilege such as ability, age, class, ethnicity, nationality, and race. Students also learn to make important connections between their learning, their own lives, and the globally interconnected world. As engaged citizens, Women’s, Gender, and Sexuality Studies students advocate for gender and other forms of social justice both on campus and in the larger community.

All majors and minors participate in a final capstone experience, the “Social Justice Practicum” (WGSS 496), where they work closely with a community partner to develop and implement a plan of action or research. There are also internship and volunteer opportunities for Women’s, Gender, and Sexuality Studies students on campus (e.g. Gender and Sexuality Resource Center, Center for Awareness of Sexual Assault) and in the local community (e.g. Bolton Refuge House, AIDS Resource Center of Wisconsin, Family Service Center, Hmong Mutual Assistance Association, and Planned Parenthood). In addition, Women’s, Gender, and Sexuality Studies offers several courses conducted as domestic and international cultural immersion experiences.

Upon graduating, Women’s, Gender, and Sexuality Studies majors pursue a range of careers, including health, social, and human services, public policy, community education, and the non-profit sector. They are also well prepared for graduate studies in Women’s, Gender, and Sexuality Studies and other fields.

 Majors
- Major: Women’s, Gender, and Sexuality Studies, Liberal Arts - B.A./B.S. (p. 383)

 Minors
- Minor: Women’s, Gender, and Sexuality Studies, Liberal Arts (p. 385)

Certificates
- Certificate: Women’s, Gender, and Sexuality Studies (p. 382)
- Certificate: LGBTQ Studies (p. 382)

LGBTQ Studies, Certificate
(Code 485-602)

For advising, contact the Women’s, Gender, and Sexuality Studies Program.

The Certificate in LGBTQ Studies provides students with a flexible option for completing a concentration in LGBTQ issues, and for formally denoting on their transcript this area of expertise in their academic training.

Currently enrolled degree-seeking students in good standing in the university and University Special Students will be eligible to complete the certificate in LGBTQ Studies.

For students pursuing the Women’s, Gender, and Sexuality Studies Major and the LGBTQ Certificate as their first and second degree programs to meet graduation requirements, no course may be counted in both the major and the certificate.

Students are required to take a minimum of 15 credits, including:

<table>

</tr>
</tbody>
</table>

Special topics, internships, and umbrella courses with a focus on LGBTQ and/or sexualities issues may be applied to the certificate with approval of the Women’s, Gender, and Sexuality Studies Program Director.

Note 1: Courses cannot be counted in both the major and the certificate program.

Note 2: Though there are no prerequisites for the Certificate in LGBTQ Studies, there may be prerequisites for some of the courses that are a part of the Certificate.

Women’s, Gender, and Sexuality Studies, Certificate
(Code 485-601)

For advising, contact the Women’s, Gender, and Sexuality Studies Program.

The Certificate in Women’s, Gender, and Sexuality Studies is designed for students who have a strong interest in developing a feminist lens to analyze systems of power with a focus on social justice but are not able to complete the requirements for a major or minor in Women’s, Gender, and Sexuality Studies.
The certificate might appeal to those students who have limited opportunity to explore academic areas beyond their major discipline.

Currently enrolled degree-seeking students in good standing in the University or University Special Students are eligible to complete a Certificate in Women’s, Gender, and Sexuality Studies.

Students are required to take a minimum of 15 credits, including:

<table>

<tr>
<td>WGSS 335</td>
<td>Transnational Feminism</td>
<td>3</td>
</tr>
</tbody>
</table>

The remaining six credits are to be selected from either WGSS courses or courses cross-listed with WGSS. ¹

¹ WGSS Certificate students may apply a maximum of three credits to the Certificate from WGSS 395, WGSS 397, WGSS 496, and WGSS 498.

Note 1: Courses cannot be counted in both the major and the certificate program.

Note 2: Though there are no prerequisites for the Certificate in Women’s, Gender, and Sexuality Studies; there may be prerequisites for some of the courses that are a part of the Certificate.

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCrdwz.gbl) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 100-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

<table>
<thead>

### College Degree Requirements

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (p. 48).

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here (p. 54).

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign
language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 485-201)

The major consists of 36 semester credits, including:

**Required Core: 15 credits**

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>WNSS 100</td>
<td>Introduction to Women's, Gender, and Sexuality Studies</td>

<td>3</td>
</tr>
</tbody>
</table>

The remaining 21 credits are to be selected from WNSS courses, courses cross-listed with WNSS, AIS 444, or SOC 415.

**Electives**

Select nine credits of electives from WNSS courses, courses cross-listed with WNSS, AIS 444, or SOC 415.

**Note:** Students pursuing the WNSS major and the History minor to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the minor.

Women’s, Gender, and Sexuality Studies, Minor

Liberal Arts (Code 485-401)

The Women’s, Gender, and Sexuality Studies minor offers students important interdisciplinary and multidisciplinary perspectives to analyze systems of power with a focus on social justice. It complements majors in Arts and Sciences, Business, Education and Human Sciences, and Nursing and Health Sciences.

A minimum of 24 semester credits, including:

**Required Core: 15 credits**

<table>

**Note:** Students pursuing the WNSS major and the History minor to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the minor.
Additional information about the College of Business can be found on the college’s website (http://www.uwec.edu/academics/college-business/).

College of Business Vision and Mission

Our Vision
To be a leading regional College of Business recognized for our innovative teaching, distinctive academic programs, and value-added educational experiences.

Our Mission
“The College of Business prepares students for success”
Students completing a degree program are prepared to achieve success, whether their next step is employment in their chosen field, graduate study, not-for-profit work, a new career, or a new direction for their current career. Our undergraduate and graduate curricula are designed to provide students with the content knowledge and skills needed to achieve success throughout their careers and lives.

Undergraduate Learning Goals
The College of Business curriculum builds on and enhances the campus liberal education core curriculum. The curriculum provides a broad-based exposure to the functional areas of business through the Business Core (BUSCORE). The various majors provide depth of study within a specific business function. Additionally, the curriculum is designed to provide repeated exposure and mastery of three focused learning goals which are critical to student success:

- Oral and written communication skills
- Teamwork
- Problem-solving skills

Student Classification
Students may declare a major or minor in the College of Business upon admission to the university. Students may also declare ‘COB Undecided’ status if they intend to major in the College of Business, or are highly considering a College of Business major, but have not yet decided what that major will be.

Dean’s List
Students in the College of Business who have an outstanding record of academic accomplishment are eligible for the Dean’s List. In order to earn Dean’s List standing during a given semester, students must have the following:

- Earned a minimum of 12 credits during the semester, not including incompletes, courses below the 100 level, repeats, and Satisfactory/Unsatisfactory registrations (except in courses that are offered only on the S/U grading system in which a grade of S has been earned).
- Earned a minimum semester GPA of 3.70.

Dean’s List students will receive a letter of notification and congratulations from the Dean.

College of Business Laptop Computer Requirement
Select courses offered in the College of Business require students to bring a laptop computer to class. Additional information is available on the College of Business website (https://www.uwec.edu/academics/college-business/laptop-requirement/).

Experience-Based Learning
Business students can broaden their education and gain additional skills and competencies through participation in learning experiences outside of the traditional classroom. The College of Business encourages students to participate in one or more of the following experience-based learning opportunities.

College of Business Internships
All College of Business undergraduate students are encouraged to participate in an internship during their course of studies. College-approved internships may be taken for credit or as a transcripted, non-credit activity. Credit internships generally involve a greater degree of faculty/staff oversight and/or peer interaction during the internship experience. This may take the form of internship site visits, online internship class discussions, faculty feedback on student journals, etc.

General Internship Requirements
To be approved as a for-credit or transcripted, non-credit internship in the College of Business, the following minimum criteria must be satisfied:

- Students are expected to have relevant work assignments that provide value to the hosting organization, while engaged in college-level learning experiences. Most internship positions satisfying this requirement are paid positions. Department of Labor guidelines determine whether an intern should be treated as an employee under the Fair Labor Standards Act.
- Accordingly, and in compliance with the Fair Labor Standards Act, internships at “for profit” private sector organizations must offer at least the minimum wage, and overtime compensation for hours worked over 40 in a workweek. Employers must communicate to the student whether the internship is paid or unpaid. Department of Labor interpretation of FLSA currently permits unpaid internships in public sector and non-profit charitable organizations where the intern volunteers without expectation of compensation.
- The employer must designate and provide contact information for an internship supervisor. The supervisor will provide mentoring and guidance during the internship and will submit an evaluation of student performance at the end of the internship.
- A transcripted, non-credit internship must provide (at a minimum) hours worked satisfying the requirements for a one-credit internship.

Students should contact their respective major department offices in the College of Business for additional, department-specific requirements and procedures regarding internship credit and transcripting.

Internship Procedures
- Students are encouraged to utilize campus resources such as Career Services, fall and spring Career Conferences, student organizations, and other sources to secure internship employment opportunities.
- The internship must be approved by the student’s major department chair or chair’s designee prior to the work experience.
If the internship is to be completed for university credit (see below), the student must register for the appropriate internship course prior to the work experience.

Credit-Bearing Internships

Note: Credit internship registration is required for the internship to qualify as "Full Time Equivalent Enrollment Status (p. 39)."

Students may earn university credit for their internship work, as determined by the department chair or internship coordinator. The number of work hours required per credit earned will depend on department policy and the nature of the internship. Additionally, each department or program may limit the number of internship credits that may be applied toward major, college, or university graduation requirements.

Students who are interested in the Business Internship Program should contact their department chair within the College of Business or the Career Counselor, located in Vicki Lord Larson Hall 2100, 715-836-3487. Additional information is available on the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/internships/).

International Education

The College of Business faculty strongly encourage all business students to study abroad and/or complete an international internship. In today's business world there are no longer hundreds of isolated markets but rather many very interconnected markets within a global economy. Chances are high that a student majoring in business will end up in a career which will require knowledge and skills needed for operating effectively in the international markets. Employers are looking for individuals who demonstrate self-confidence, independence, global awareness, and knowledge of a multicultural world. To help students gain these skills and competencies, many opportunities exist for them to study outside of the United States. Many courses taken abroad or away contribute to the Liberal Education or 120-credit requirements. Courses contributing to a College of Business major must be taken at an AACSB-accredited institution or be approved by the department chair prior to enrollment. Additional information about study abroad programs is available on the Center for International Education website (https://www.uwec.edu/academics/explore-opportunities/study-abroad/cie/).

Service-Learning Experience

Business students can apply the functional knowledge and communication skills gained in the classroom through service in the community. Service-learning is an academic experience that combines community services with intentional learning goals, reflection, and critical analysis. It offers students an opportunity to apply knowledge gained in the classroom through service to others. All UW-Eau Claire undergraduates are required to complete 30 or more clock hours of curricular, extracurricular, or co-curricular service-learning. Acceptable activities can take many forms. Service-learning activities may be integrated into a course or may involve participation in a community service program or internship. Service-learning projects are typically unpaid. Information regarding the completion of the service-learning requirement can be obtained from the Office of Research and Sponsored Programs (http://www.uwec.edu/ORSP/).

Business Student Organizations

Pre-business and business students can apply the knowledge and skills learned in the classroom through active participation in student business organizations. Members network with professionals, go on field trips to businesses, plan meetings, organize fund-raising events, participate in social occasions, attend regional and national conferences, and build lasting friendships with other business students. Additional information is available on the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-organizations/).

College of Business Scholarships

Refer to the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/scholarships/) for an up-to-date listing of College of Business scholarships.
