CHEMISTRY, MAJOR - LIBERAL ARTS

Liberal Arts (Code 100-201)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

- Minimum total for graduation: 120 credits
- Upper division credits (courses numbered 300 and higher): 39 credits
- Liberal Education Core: 36 credits

Academic Concentrations

Grade Point Requirements

- Total: 2.00 average
- Resident: 2.00 average
- Major: 2.00 average
- Minor: 2.00 average
- Certificate: 2.00 average

University Residency Requirements

- Minimum total: 30 credits
- Senior year: 23 credits
- Major, Standard, upper division in residence: 12 credits
- Major, Comprehensive, upper division in residence: 21 credits

Certificate: 25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on Camp5.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/sp/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following:
- Cooperative Education
- Credit by Examination
- Satisfactory/Unsatisfactory Registration
- Transfer of Credits
- College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS: a minimum of 36 credits
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 100-201)

This chemistry, liberal arts major is ideal for pre-medical or pre-pharmacy students or others requiring a minor or cluster of courses outside of chemistry.

Core Requirements for A.C.S., Liberal Arts and Teaching Chemistry Majors

A minimum of 55-semester credits, including:

Chemistry Core

CHEM 115  Chemical Principles
CHEM 103  General Chemistry I
& CHEM 104  and General Chemistry II
CHEM 105  General Chemistry I Lecture
& CHEM 106  and General Chemistry I Laboratory
& CHEM 109  and General Chemistry II with Lab

Required:
CHEM 213  Quantitative Analysis  4
CHEM 218  Introduction to Inorganic Chemistry  3
CHEM 325  Organic Chemistry I with Laboratory  4
CHEM 326  Organic Chemistry II with Laboratory  4

Additional Required Courses
PHYS 231  University Physics I  10
& PHYS 232  and University Physics II
MATH 114  Calculus I  8
& MATH 215  and Calculus II

Total Credits  39

1 Only six credits of the CHEM 103/CHEM 104 or CHEM 105/CHEM 106/CHEM 109 sequence are credited to the major.

Capstone Experience for Chemistry Majors
The capstone experience is met by completing CHEM 411 for chemistry with business emphasis majors, and by CHEM 420, CHEM 438, CHEM 453 or CHEM 497 for other chemistry majors.

Chemistry, Major - Liberal Arts
Requirements
In addition to the chemistry core and required mathematics/physics courses, students must complete the following course work:

CHEM 433  Physical Chemistry I  8
& CHEM 434  and Physical Chemistry II

One of the following: 2
CHEM 420  Advanced Synthesis Laboratory
CHEM 438  Physical Analysis Laboratory
CHEM 453  Biochemistry Laboratory

Electives
Select 6 credits of the following: 6
CHEM 304  Environmental Chemistry
CHEM 318  Bioinorganic Chemistry
CHEM 352  Fundamentals of Biochemistry
CHEM 361  Molecules and Medicine
CHEM 397  Chemical Literature and Communication
CHEM 399  Independent Study - Juniors
CHEM 401  Inorganic Chemistry
CHEM 411  Survey of Industrial Chemistry
CHEM 426  Modern Organic Chemistry
CHEM 444  Modern Applied Separations and Spectrometry
CHEM 460  Polymer Chemistry
CHEM 491  Special Topics
CHEM 495  Directed Studies
CHEM 497  Independent Study (ACS)

CHEM 499  Independent Study - Seniors

Total Credits  16
