Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of 36 credits
Computer Science, Comprehensive Major

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences
Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities
One (1) learning experience

Knowledge Outcome 4 (K4): Fine Arts
Two (2) learning experiences

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication
One (1) learning experience

Skills Outcome 2 (S2): Mathematics
Two (2) learning experiences

Skills Outcome 3 (S3): Creativity
One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity
One (1) learning experience

Responsibility Outcome 2 (R2): Global Perspectives
Two (2) learning experiences

Responsibility Outcome 3 (R3): Civic and Environmental Issues
Two (2) learning experiences

Integration Goal

Integration Outcome 1 (I1): Integration
Two (2) learning experiences

Service-Learning Goal

Service-Learning
30 hours

College Degree Requirements

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 170-030)

This major is recommended for students who desire a strong foundation in software design and development, computer systems and networking, and mathematics.

A minimum of sixty semester credits, including:

Computer Science Core (39 crs)

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CS 145</td>
<td>Programming for New Programmers</td>

<td>Programming for Experienced Programmers</td>
<td></td>
</tr>
<tr>
<td>CS 146</td>
<td>The Big Picture in Computer Science</td>
<td>1</td>
</tr>
</tbody>
</table>

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.
CS 245  Advanced Programming and Data Structures  4
CS 252  Computer Systems  4
CS 260  Database Systems  4
CS 268  Web Systems  3
CS 330  Programming Languages  3
CS 335  Algorithms  3
CS 352  Computer Architecture  3
CS 355  Software Engineering I  3
CS 396  Junior Seminar  1
CS 452  Operating Systems  3
CS 462  Computer Networks (capstone course)  3

**Mathematics Core (15 crs)**

MATH 114  Calculus I  4
MATH 215  Calculus II  4
MATH 314  Discrete Mathematics  3
MATH 246  Elementary Statistics  3
or MATH 345  Introduction to Probability and Mathematical Statistics

A Computer Science elective, selected from one of the following:

**Option 1**
Select a minimum of six credits of electives chosen from the following and not already included in the Computer Science core:

CS 278  Digital System Design
CS 291  Special Topics
CS 321  Web Design and Development
CS 322  Animation Programming
CS 370  Computer Security
CS 376  Cryptography and Network Security
CS 388  UNIX Systems Programming
CS 399  Independent Study - Juniors
CS 420  Artificial Intelligence
CS 436  Mobile Software Development
CS 450  Theory of Computation
CS 455  Computer Graphics
CS 485  Software Engineering II
CS 491  Special Topics
CS 498  Computer Science Internship

Or other courses designated by the department (six-seven credits; recommended for students considering industry employment)

**Option 2**
Select six credits from the following:

CS 482  Research in Computer Science I
CS 492  Research in Computer Science II

Additional capstone and research experience; recommended for students considering graduate school

For a degree in Computer Science, a student must:

**Required courses not counted toward credits in major:**

Complete one of the following:

CJ 202  Fundamentals of Speech

ENGL 312  Science Writing
ENGL 313  Technical Writing

Required:

PHIL 308  Ethics in Computing and Engineering  3

Complete one lab science sequence chosen from:

<table>
<thead>
<tr>
<th>Required:</th>
<th>General Physics</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS 211  &amp; PHYS 212</td>
<td>General Physics &amp; General Physics</td>
</tr>
</tbody>
</table>

OR

<table>
<thead>
<tr>
<th>Required:</th>
<th>University Physics I</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS 231  &amp; PHYS 232</td>
<td>University Physics I &amp; University Physics II</td>
</tr>
</tbody>
</table>

Note: The Satisfactory/Unsatisfactory option may not be elected to satisfy a course requirement at the 200 level or higher for the major or minor programs, except for CS 490.
