Program Learning Options

Students completing this program will be expected to meet the following learning outcomes:

- Understanding dance as a creative art form within its cultural, historical, and theoretical context.
- Increase movement ability, musicality, and accuracy through practice of the basic elements of dance: space time and energy.
- Demonstrate basic dance technique in more than one genre of dance.
- Create original work, perform original work, or interpret work of others.
- Develop a vocabulary for discussing dance history, dance performances, and choreograph.
