The Department of Management and Marketing offers comprehensive majors in Management, Marketing, International Business, and Health Care Administration, as well as a standard major in Business Administration. Within the Management major, specialized emphases are available in Human Resource Management, Operations and Supply Chain Management, and Entrepreneurship, in addition to the general Management option. The Marketing major offers emphases in Professional Sales and Marketing Analytics, in addition to the general Marketing option. The Health Care Administration major is targeted toward students preparing for careers in managing post-acute health care institutions.

The standard major in Business Administration is offered for those students interested in the flexibility of a major/minor or major/certificate program of study, particularly for those interested in a minor or certificate outside the College of Business. Many of the minors and certificates offered within the College of Business do not satisfy university academic concentration requirements (http://catalog.uwec.edu/undergraduate/graduation-requirements/#theader16) when paired with the Business Administration major, and some minors (all of the Management minors, all of the Marketing minors, and the Business Administration minor) may not be paired with the Business Administration major. Please see the list of approved double major and major/minor combinations within a single department (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext) in the College of Business.

The department also offers five minors. The Business Administration minor provides a broad survey of business principles for non-business majors. Minors in Management, Marketing, and Entrepreneurship provide an opportunity for students to gain more focused study and are available to all students, including those with a major (other than the Business Administration major) in the College of Business. The International Business minor is also available to students in the College of Business and to students not in the College of Business who meet prerequisite requirements.

Major/Minor Combinations are allowed in the Department of Management and Marketing. See Major/Minor Combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext).

All students earning the BBA degree with a major in Business Administration, Health Care Administration, International Business, Management (all emphases) or Marketing (all emphases) must complete the High Impact Practices (HIP) assessment during their last semester. The HIP assessment is administered electronically during the fall, spring, and summer terms.

Department of Management and Marketing Scholarships

Department Honors – Management and Marketing

The Management and Marketing Honors Program provides students within the Management and Marketing Department with opportunities for academic enrichment and challenge beyond usual course coverage and requirements. The program encourages and enables outstanding students to pursue high-level internships, collaborative research projects, and other high-impact projects. The program enhances students’ capacity for critical inquiry and independent learning, and develops their potential for leadership in the management, marketing, and health care administration professions. (Academic credit earned doing honors work in the Management and Marketing Honors program may also potentially count for students currently in the University Honors Program).

Participation in the Management and Marketing Honors Program is documented on the student’s university record. For more information, please contact Dr. Kristy Lauver, department chair of Management and Marketing.

Eligibility. Upper-class management, marketing, health-care administration, international business, or business administration majors with a resident, overall GPA of 3.75 or higher and major-specific GPA of 3.80 or higher.

Procedure. Eligible students will be sent information about the honors program during their sophomore year, including details on how to apply to the Honors program.

Requirements. To graduate with Departmental Honors in Management and Marketing, students must achieve resident and overall GPAs of 3.75 or higher and major GPAs of 3.80 or higher, pass the final review by the Management and Marketing Honors committee indicating appropriate rigor in their Honors work, and successfully complete at least two of the following Honors experiences:

- Participate in substantial faculty/student collaborative research project
- Present the results of a research project at a regional, national, or international conference
- Design and execute, under the guidance of a department faculty member, a substantial professional project (e.g., for community members or agencies, or local companies), with substantial written report
- Undertake an approved management and marketing internship or health-care practicum and write an in-depth professional reflection paper
- Publication of a paper in a peer-reviewed journal
- Study abroad or participation in the National Student Exchange with completion of a related Honors project
- Other Honors projects approved by the department chair and the department Honors committee.
