Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Learning outcomes they comprise.

will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the four learning goals of our liberal education core and the 11 learning outcomes they comprise.

### Admission Requirements

Admission to the Professional Nursing Program. ([link](http://catalog.uwec.edu/undergraduate/nursing-health-sciences/#collegeadmissionrequirementstext))

### Major/Degree Requirements

(Code 700-006)

**WTCS Associate Degree in Nursing/May 1996 or later BSN Completion Program (Collaborative Nursing Degree)**

UW-Eau Claire, together with other UW institutions offering nursing programs, has developed a collaborative degree completion program for registered nurses. Students naming UW-Eau Claire as their home institution in the BSN Completion Program receive student services from this university. Liberal education requirements can be taken at any institution where equivalent transfer credit can be obtained. Transfer courses must meet the overall UW-Eau Claire liberal education requirements if the degree is to be obtained from UW-Eau Claire. The majority of nursing courses in the program are taught online. The foundational course (CND 310) and a capstone course (CND 480) with a clinical component are offered in a hybrid on-campus/online format (see nursing courses with CND prefix). The nursing major for the Bachelor of Science in Nursing (BSN) degree is comprehensive. Students taking a comprehensive major are not required to declare a minor or certificate in another area. However, students who are interested in a minor or certificate are encouraged to discuss options with their advisor. Students must also seek an advisor in the area of the minor.

Students in this option are eligible for the benefits of the articulation agreement between UW System and Wisconsin Technical College System (WTCS) non-college associate degree programs in nursing.

To qualify for the Bachelor of Science in Nursing (BSN) degree, students must complete at least 120 semester credits with a total and resident GPA of at least 2.50; must meet all university requirements for graduation; and must meet all nursing program requirements for the degree, including satisfactory completion of statistics and biochemistry.

**Satisfactory/Unsatisfactory Policy:** No course required for the degree in nursing may be taken on a Satisfactory/Unsatisfactory basis. Audit enrollment is not allowed.

### Summary of Nursing Courses/Credits for B.S.N. Completion Program

**Sixty semester credits, including:**

Total Credits  
60

1. Confirming credit provided following completion of CND 310, the first CND core course, if completed with a grade of B or above.

2. Prerequisite: MATH 246 or equivalent with a grade of C or above.

3. CND 480 meets the university Service-Learning and S3 requirements; provides one integration (I1) experience. Capstone course to be taken during final term. CND 310 and CND 407 are prerequisites.

4. Nursing electives must be at the upper division (300 or higher) level and taught by nursing faculty/instructors.

Required Non-Nursing Courses:

CHEM 105  
General Chemistry I Lecture  
5

& CHEM 106  
and General Chemistry I Laboratory  
1

CHEM 150  
Survey of Biochemistry  
3

BIOL 214  
Human Anatomy and Physiology I  
2

BIOL 250  
Microbiology  
3

BIOL 314  
Human Anatomy and Physiology II  
2

PSYC 230  
Human Development (PSYC 100 is a prerequisite)  
3

MATH 246  
Elementary Statistics  
3-4

or PSYC 265  
Statistical Methods in Psychology I  
1

S1 course (excluding Writing Requirement courses)  
3

Liberal Education (LE) Requirements

This table shows how the above courses meet the Liberal Education Requirements

K1 Natural Sciences (two experiences, one with lab)

CHEM 150  
Survey of Biochemistry  
3

Select one of the following:

BIOL 250  
Microbiology  
3

CHEM 105  
General Chemistry I Lecture  
1

& CHEM 106  
and General Chemistry I Laboratory  
1

K2 Social Sciences (two experiences)

PSYC 100  
Introduction to Psychology  
4

PSYC 230  
Human Development (PSYC 100 is a prerequisite)  
3

K3 Humanities (two experiences)

Need two K3 experiences/courses

K4 Fine Arts (one experience)

Need one K4 experience/course

S1 Written and Oral Communication (two experiences)

WRIT 116  
Blugold Seminar in Critical Reading and Writing (or appropriate Blugold Seminar Critical Reading and Writing course)  
5

Need 2nd S1 experience/course

S2 Mathematics (one experience)

MATH 246  
Elementary Statistics  
4

S3 Creativity (one experience)

PSYC 230  
Human Development (PSYC 100 is a prerequisite)  
3

Need one R3 experience/course

R1 Equity, Diversity, and Inclusivity (two experiences including one Design for Diversity course)

PSYC 230  
Human Development (PSYC 100 is a prerequisite)  
3

Need 2nd R1 experience/course including Design for Diversity (DDIV) requirement

R2 Global Perspectives (one experience)

Need one R2 experience/course

R3 Civic and Environmental Issues (one experience)

Need one R3 experience/course

I1 Integration (two experiences)

CND 480  
Nursing within Systems: Analysis and Application  
5

Need 2nd I1 experience/course

Service Learning

CND 480  
Nursing within Systems: Analysis and Application  
5

1. CHEM 105 and CHEM 106 or CHEM 103 required; however general chemistry requirement satisfied following completion of CHEM 150 for BSN Completion students only. CHEM 105 and CHEM 106 together meet the nursing general chemistry requirement and constitute one course for the purpose of the nursing admission criteria. Must achieve a grade of C or better in both CHEM 105 and CHEM 106 (not an average of the two).

2. BSN Completion students may substitute anatomy and physiology courses taken for Associate Degree in Nursing (ADN) for BIOL 214 and BIOL 314.

3. BIOL 250 or BIOL 361 count as K1 experiences for BSN Completion Nursing majors. Lab science requirement satisfied through ADN.

4. PSYC 100 is not required for nursing, but it is a prerequisite for PSYC 230 and counts as a K2 experience.

5. CND 480 meets the Service-Learning and S3 requirements; provides one integration (I1) experience.

R.N./B.S.N./M.S.N. Option

The R.N./B.S.N./M.S.N. option facilitates the progression of qualified Registered Nurse students, enrolled in the BSN Completion Program (Collaborative Nursing Program), to progress in pursuing the Master of Science in Nursing (MSN) Program at UW-Eau Claire. This option provides the opportunity for the qualified nurse to earn credits toward the M.S.N. while completing the baccalaureate degree in nursing. This is accomplished by enrolling as a senior undergraduate student in selected graduate courses. Permission must be obtained from the Nursing Graduate Programs Director of the College of Nursing and Health Sciences prior to enrollment in this option.

The graduate courses serve as confirming courses for up to nine credits in the undergraduate BSN completion curriculum; a grade of C or better is needed to earn the confirming credits. A grade of B or better must be earned in a graduate course in order to be eligible to register for additional graduate courses.

Students approved for this option may enroll in:
Graduate Courses

NRSG 701 Nursing Research: Methods (Fall Semester) 4
NRSG 715 Leadership and Health Policy in Nursing (Winterim term) 3
Cognate (Varies with Role Preparation) 2

And receive credit for:

Undergraduate Courses

CND 446 Research and Evidence-Based Practice 3
CND 447 Leadership & Management 3
Nursing Elective 2

Requirements for eligibility:

- Senior status in nursing: 90 semester credits completed, including two courses in upper division nursing and an undergraduate statistics course (grade of C or higher).
- If a second degree student, prerequisites for nursing, university requirements for a second degree, and two courses in upper division nursing and an undergraduate statistics course (grade of C or higher) must have been completed.
- Cumulative GPA of 3.00 or higher in course work accepted toward the B.S.N.
- Recommendation of the Nursing Graduate Programs Director of the College of Nursing and Health Sciences.

Independent Study

Under the course numbers 399 and 499, the Department of Nursing in the College of Nursing and Health Sciences provides students with opportunities for student-initiated independent study in areas of special interest with guidance of a faculty member.

Eligibility. Independent Study courses are open only to juniors and seniors. A student with a nursing major may elect an Independent Study, provided the student has at least 3.00 resident and total GPAs. Registration requires the permission of the faculty member who agrees to supervise the project and of the department offering the course.

Restrictions. One to three credits of Independent Study (399 or 499) may be elected during any semester. A total of no more than six independent study credits in nursing may be counted toward graduation. Independent Study courses may not be applied toward completion of the liberal education requirements.

Procedure. The student shall obtain the Independent Study eform from the Registrar’s Office website and complete the form in consultation with the supervising faculty member. Initial approval by the department chair is required prior to enrollment.

Directed Study

Courses numbered 295, 395, and 495 offered by the Nursing Department in the College of Nursing and Health Sciences are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility. Registration for a Directed Study course requires the permission of the faculty member who agrees to supervise the project and of the department offering the course. Any further conditions of eligibility may be established by the department or published as part of the course description.

Restrictions. One to three credits of Directed Study (295, 395, or 495) may be elected during any semester. A total of no more than six directed study credits in nursing may be counted toward graduation. Directed Study courses may not be applied toward completion of the liberal education requirements.

Procedure. The student shall obtain the Directed Study eform from the Registrar’s Office website and complete the form in consultation with the supervising faculty member. Initial approval by the department chair is required prior to enrollment.
