The University of Wisconsin-Eau Claire College of Nursing and Health Sciences Department of Nursing educates nurses at the baccalaureate, master's, and doctoral levels. We offer various options for earning a Bachelor of Science in Nursing (BSN) degree. Our traditional pre-licensure undergraduate program is taught both at our main campus in Eau Claire and at our distance education site in Marshfield, Wisconsin, on the University of Wisconsin-Stevens Point at Marshfield campus, in cooperation and with the support of Marshfield Clinic Health System. We offer a BSN Completion program for registered nurses with associate degrees or diplomas in nursing interested in earning a BSN degree. At the graduate level we offer the Master of Science in Nursing (MSN) degree and the Doctor of Nursing Practice (DNP) degree.

**Mission Statement of the Department of Nursing**

The purpose of the University of Wisconsin-Eau Claire Department of Nursing is to provide a scholarly environment in which faculty and students gain and extend knowledge of health, health care, and the practice of professional nursing. The Department of Nursing is dedicated to accomplishing this mission using traditional, as well as technology-based instructional strategies and a variety of innovative and diverse teaching methods.

The Nursing Department shares the mission of the university and the college by building upon the foundational values of transformative liberal education, inclusivity, and educational excellence.

The select mission of the Nursing Department is to:

1. Educate nurses to lead within diverse, complex environments
2. Promote health and the public good through ethical leadership, collaboration, and practice
3. Contribute to knowledge development for health and nursing
4. Serve the broader missions of the college and university

**Academic Standards**

The following scholastic standards must be maintained by students after admission to the nursing program if they are to be considered in good standing:

1. Achieve a semester GPA of at least 2.25;
2. Maintain a resident GPA of at least 2.50;
3. Achieve a grade of at least C in each specific course required by nursing.

If a student fails to meet any of the academic standards, the student is placed on probation in the College of Nursing and Health Sciences and must appeal to continue in the program. The student who is placed on probation in the College of Nursing and Health Sciences and must appeal to continue in the program. The student who is placed on probation in the College of Nursing and Health Sciences and must appeal to continue in the program.

The department designates for regaining good standing. Failure to submit an appeal and will be required to negotiate, with the associate dean of the college, a contract designed for regaining good standing. The college will be officially notified of the change in academic standing:

- Achieve a semester GPA of at least 2.25
- Maintain a resident GPA of at least 2.50
- Achieve a grade of at least C in each specific course required by nursing

The college academic regulations listed in the College Overview and to the nursing student handbooks available in Blugold Insider.

**Summary of Course/Credit Requirements**

**Required Non-Nursing Courses**

<table>

</tbody>
</table>

**R2 Global Perspectives (one experience)**

Need one R2 experience/course

**R3 Civic and Environmental Issues (one experience)**

Need one R3 experience/course
I1 Integration (two experiences)
NRSG 428 or CND 480
Need 2nd I1 experience/course

Service Learning
NRSG 428 or CND 480
1 CHEM 105 and CHEM 106 or CHEM 103 required. CHEM 105 and CHEM 106 together meet the nursing general chemistry requirement and constitute one course for the purpose of the nursing admission criteria. Must achieve a grade of C or better in both CHEM 105 and CHEM 106 (not an average of the two).
2 PSYC 100 is not required for nursing, but it is a prerequisite for PSYC 230 and counts as a K2 experience.
3 NRSG 428 required for students in the traditional undergraduate nursing program; CND 480 required for students in the BSN Completion Program. Meet the Service-Learning and S3 requirements; provide one integration (I1) experience.

Majors
The University of Wisconsin-Eau Claire College of Nursing and Health Sciences educates nurses at the baccalaureate, master’s, and doctoral levels. We offer various options for earning a Bachelor of Science in Nursing (BSN) degree.

Our traditional pre-licensure undergraduate program is taught both at our main campus in Eau Claire and at our distance education site in Marshfield, Wisconsin, on the University of Wisconsin-Stevens Point campus, in cooperation and with the support of Marshfield Clinic Health System. Following admission to UW-Eau Claire, students interested in the traditional pre-licensure program apply through the college to either the Eau Claire campus or Marshfield site. Please see the admission requirements (http://catalog.uwec.edu/undergraduate/nursing-health-sciences/#collegeadmissionrequirementstext).

The traditional program is full-time, with 12 credits of required nursing courses taken concurrently each term, beginning with the second semester sophomore nursing courses. Students are expected to be enrolled full-time in the required nursing courses while completing the 60 nursing credits.

- Comprehensive Major: Nursing, Eau Claire Program - B.S.N. (http://catalog.uwec.edu/undergraduate/nursing-health-sciences/nursing/nursing-comprehensive-major-eau-claire-program-bsn/)
- Comprehensive Major: Nursing, Marshfield Program - B.S.N. (http://catalog.uwec.edu/undergraduate/nursing-health-sciences/nursing/nursing-comprehensive-major-marshfield-program-bsn/)

We offer a BSN Completion program for registered nurses with associate degrees or diplomas in nursing interested in earning a Bachelor of Science in Nursing (BSN) degree. The BSN Completion Program, also referred to as the Collaborative Nursing Program (CNP)/BSN@Home Program, is a joint effort of the six nursing programs in the University of Wisconsin System (UW-Eau Claire, UW-Green Bay, UW-Madison, UW-Milwaukee, UW-Oshkosh, & UW-Stevens Point). Students participating in the program select one of the six universities as their “home” institution and must complete the degree requirements of their home institution. Core nursing courses of the BSN Completion Program are offered online by the nursing programs. A beginning and a capstone (final) course are taught in a hybrid fashion (partially face-to-face and partially online). Please see the admission requirements (http://catalog.uwec.edu/undergraduate/nursing-health-sciences/#collegeadmissionrequirementstext).

- Comprehensive Major: Nursing, B.S.N Completion Program (Collaborative Nursing Degree) - B.S.N. (http://catalog.uwec.edu/undergraduate/nursing-health-sciences/nursing/nursing-comprehensive-major-bsn-completion-program-bsn/)
- Comprehensive Major: Nursing, WTCS Associate Degree in Nursing B.S.N. Completion Program (Collaborative Nursing Degree) - B.S.N. (http://catalog.uwec.edu/undergraduate/nursing-health-sciences/nursing/nursing-comprehensive-major-wtcs-associate-degree-in-nursing-bsn-completion-program-bsn/)

Minors
A topical minor is composed of 24 semester credits selected by the student to meet the student’s own interests and scholarly objectives. The topical minor must include courses from at least two departments, with no more than 12 credits from any one department and no more than 12 credits from Nursing. Courses for the minor may be chosen on the basis of a coherent theme, a definable professional need, or a complementary relation to the student’s major. The topical minor is not intended to duplicate any major or minor offered as a regular program.
Minor: Topical Minor (http://catalog.uwec.edu/undergraduate/nursing-health-sciences/nursing/topical-minor-minor/)

Master of Science in Nursing (MSN)
The graduate program leading to the Master of Science in Nursing degree is designed to prepare nurses to assume leadership and scholarship roles in professional nursing in the areas of nursing education or nursing administration/leadership & management. Students choose an adult-gerontologic or family population focus and functional role preparation in nursing education or administration/leadership & management. After admission to the program, the student must complete approximately 40-41 graduate credits for the MSN degree. Completion of the program usually requires four semesters and a winterim session. Individuals interested in pursuing the nurse practitioner or clinical nurse specialist role preparations at UW-Eau Claire need to apply to the post-baccalaureate Doctor of Nursing Practice (BSN-to-DNP) degree option, in keeping with the American Association of Colleges of Nursing (AACN) recommendation to transition advanced practice nursing preparation to the Doctor of Nursing Practice (DNP) degree level.

More specific information is available in the Graduate Catalog or from the Nursing Graduate Programs Director, College of Nursing and Health Sciences.

Doctor of Nursing Practice (DNP)
The College of Nursing and Health Sciences offers Doctor of Nursing Practice (DNP) degree options for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Both MSN–to-DNP and BSN-to-DNP options are offered. The MSN-to-DNP option includes an advanced clinical practice option (for nurse practitioners or clinical nurse specialists) or a nurse executive option. More specific information is available online from the college website (https://www.uwec.edu/academics/college-nursing-health-sciences/) or from the Nursing Graduate Programs Director, College of Nursing and Health Sciences.
