UNIVERSITY HONORS
PROGRAM AND COURSES

University Honors Program

The University Honors Program provides a challenging and supportive learning community that allows highly motivated, high potential students to develop fully in their distinctive abilities, creating a foundation for sustained intellectual, professional, and personal achievements. Honors at UWEC offers a rigorous and evolving curriculum that assists students in the pursuit of creativity, innovation, discovery, and expression across disciplines. Honors students often have significant responsibility for the design and execution of learning activities within their honors coursework, with many honors students engaging in undergraduate research that is uniquely matched to their experiences, skills, and longer-term goals. The program offers an enhanced education, enabling students to integrate Honors Liberal Education courses, Honors interdisciplinary seminars, Honors work in their major and minor programs, and Honors experiential learning opportunities into a high-value whole.

Honors at UW-Eau Claire has two components for student participation: University Honors and Departmental Honors. Students may graduate with Honors by completing one component or both. Honors Program participation and completion are documented on students' university records, including transcripts.

University Honors. In small classes designed to stimulate and challenge high achieving, highly motivated students, and in special sections of regular university courses, honors students are provided opportunities for academic growth through meaningful interaction with faculty and with other honors students.

Admission to the University Honors Program. There are several ways to gain admission to the University Honors Program. (1) Incoming first-year students are invited to participate each fall semester based on scores achieved on either the ACT or SAT and their academic standing in their high school graduating classes. (2) Students admitted to UW–Eau Claire with a strong academic profile that does not meet one or more of the automatic admissions benchmarks are frequently considered for admission to Honors through our holistic review process. (3) Students who have completed at least 14 academic credits at UW-Eau Claire may be admitted to Honors during Spring Semester of their first academic year if they attain a cumulative 3.66 GPA or higher (which will include college credits and grades earned elsewhere). (4) Students who are highly motivated to do Honors work may petition the University Honors Council for admission. Consult the Honors Program Office for more information. (5) Transfer students who were in good standing with an accredited Honors Program at their previous institution are eligible to join Honors at UWEC. Honors credits earned at the previous institution are eligible to join Honors at UWEC. Honors contracts, Honors special experience courses (such as study abroad, directed study, independent study, and internships), departmental honors, completion of the EdTPA process (including ES 318 + ES 497 requirements), or completion of IDIS 480 and 481 (fulfillment of McNair Scholar requirements).

An appropriate designation will be placed on a student’s record upon completion of all Honors Program requirements. However, credits earned in Honors courses meet graduation requirements whether or not the program is completed. A current schedule of available Honors courses may be obtained from the Director of the University Honors Program or on the Honors Program website: https://www.uwec.edu/academics/university-honors-program/academic-offerings/honors-courses/.

Department or College Honors. Twenty-five departments and programs offer students the opportunity to earn an honors distinction within their program of study, enabling students to strengthen skills within their major. Currently, departmental honors programs are available in Accounting and Finance, Biology, Business Administration, Chemistry, Communication Sciences and Disorders, Computer Science, Criminal Justice, Economics, English, Geography and Anthropology, Geology, Health Care Administration, History, International Business, Management and Marketing, Materials Science + Engineering, Mathematics, Music and Theatre Arts, Philosophy and Religious Studies, Physics, Political Science, Social Work, Sociology, and Spanish. In many cases, credits earned in a departmental honors program can be applied to University Honors requirements.

For information on departmental or college honors programs, consult department or college descriptions in this catalog or inquire at department or college offices, or get in touch with the Honors Program Office.

Honors Seminars

HNRS 100 First-Year Honors Seminar (1 cr)
Prerequisite: Limited to students in the University Honors Program. Introduction to the University and to expectations of an Honors baccalaureate degree. Graduation Requirements. A student may graduate with University Honors by meeting the following requirements:

1. Attainment of a resident and total GPA of at least 3.50.
2. Completion of one-credit first-year seminar, HNRS 100, or an Honors FYE (First-Year-Experience course).
3. Completion of the 24-credit Honors distribution requirement, in one of the two manners listed below (3a or 3b), with at least two courses taken at the 300/400 level. Honors colloquium and elective courses are frequently used to meet Liberal Education, major, or minor requirements, as well as the requirements of the University Honors Program.

a. Completion of at least 24 credits of Honors colloquia and Honors electives.
   b. Completion of at least 21 credits of Honors colloquia/electives and either HNRS 410 or HNRS 420.
4. Completion of HNRS 400 (one credit).

Honors Program courses may not be audited or taken for a satisfactory/unsatisfactory grade.

An AP, IB, or CLEP score may be substituted as Honors elective credit, provided that minimum scores are met (an AP score of at least 4, an IB score of at least 5, or a B-level CLEP score). No more than one course, for a maximum of 5 credits, may be substituted for Honors elective credit.

Flexible Credits

To fulfill their 24-credit or 21-credit Honors distribution requirement, Honors students may earn up to 9 flexible credits, selected from the following options: Honors contracts, Honors special experience courses (such as study abroad, directed study, independent study, and internships), departmental honors, completion of the EdTPA process (including ES 318 + ES 497 requirements), or completion of IDIS 480 and 481 (fulfillment of McNair Scholar requirements).

An appropriate designation will be placed on a student’s record upon completion of all Honors Program requirements.
