STUDENT SERVICES, ACTIVITIES AND ORGANIZATIONS

Vice Chancellor for Equity, Diversity and Inclusion and Student Affairs

The EDI and Student Affairs professionals, in conjunction with faculty colleagues and community partners, assist University of Wisconsin-Eau Claire students to reach their unique potential in the areas of intellectual, personal, social, and cultural development. This is achieved by providing a variety of student services that include information sharing and advocacy, curricular and co-curricular offerings, professional development and retention opportunities, as well as diagnostic and clinical services. These activities occur in the context of a liberal education enhanced by experiential learning and civic engagement.

Division for Equity, Diversity and Inclusion and Student Affairs

The Division for EDI and Student Affairs works to create a campus climate where all students, faculty and staff feel welcome and can thrive and feel like they can be successful here. In the EDI and Student Affairs Division, students and faculty will find the services and programs aimed at providing support, information, assistance and leadership bringing equity and inclusion for all campus demographics. The work of staff in the Division will create a more welcoming and inclusive environment, increase the cultural competencies of the university community, and advance institutional goals of recruiting and retaining under-represented students, faculty, and staff. Units in the Division include: Affirmative Action, Blugold Beginnings, Gender & Sexuality Resource Center, McNair Undergraduate Research Program, Office of Multicultural Affairs, Services for Students with Disabilities, Student Support Services, and Upward Bound and the Dean of Students. Athletics

The University’s intercollegiate athletics program challenges students physically, mentally, and emotionally. The various athletic practice and playing fields are really classrooms where leadership, self-discipline, commitment, work ethic, teamwork, fair play, problem solving, time management, motivation, and cooperation are taught. This fits in with the University’s commitment to a rigorous, intentional and experiential undergraduate liberal arts education for life and livelihood. A well-conducted program, based on sound educational principles and practices, fulfills the educational mission by ensuring that every student has an opportunity to be involved in competitive athletics as a participant or spectator.

The programs are organized to meet the needs of the highly skilled and competitive student-athlete. The women’s program consists of varsity teams in basketball, cross country, golf, gymnastics, ice hockey, soccer, softball, swimming and diving, tennis, track and field, and volleyball. The men’s program consists of varsity teams in basketball, cross country, football, golf, ice hockey, swimming and diving, tennis, track and field, and wrestling.

Both men and the women compete on the national level as members of the National Collegiate Athletic Association (NCAA) Division III. On a state level, the men and the women belong to the Wisconsin Intercollegiate Athletic Conference (WIAC). The women’s gymnastics program belongs to the National Collegiate Gymnastics Association (NCGA) in the sport of gymnastics.

All student-athletes must conform to university academic policies and standards to be eligible. In addition, there are conference and national regulations which affect a student-athlete’s eligibility status. Entering freshmen are eligible for varsity competition if enrolled as full-time students. Transfers and students who have not been in continuous enrollment at UW-Eau Claire should contact Athletics for a determination of their eligibility status. All other student-athletes must earn 24 degree credits for each season of competition they complete. Once a student-athlete has completed two terms of attendance, one season of competition, or earned 24 credits, there is a 2.00 resident grade point requirement.

All men’s and women’s sports are administered by the Director of Athletics. They are supervised by the Vice Chancellor for Enrollment Management in consultation with the Athletic Committee.

Blugold Beginnings

The purpose of the Blugold Beginnings Program is to educate and inspire students, especially underrepresented, low income or first generation students, to believe that a post-secondary education is important, attainable, and available at the University of Wisconsin-Eau Claire and other institutions.

Blugold Beginnings offers a variety of programs and services to promote a college-going culture and to help students obtain a higher education. The program provides the opportunity for college students to serve as mentors for fifth through twelfth grade students within the community. This experience develops new skills and advances college students’ knowledge of underrepresented populations and the greater community. Mentor programming takes place in area schools during study hall and after school. Each year, thousands of fifth and eighth grade students tour the campus with Blugold Beginnings mentors, experience college classes, and spend time with faculty learning that college is an option for them. Monthly events and summer camps are also offered to youth and facilitated by college students serving as mentors. Upon high school graduation and admission to the University of Wisconsin-Eau Claire, freshmen students are invited to join the Blugold Beginnings Learning Community which continues to offer support services to assist college students with the transition from high school to college life. For more information, visit the website (http://www.uwec.edu/BlugoldBeginnings).

W.R. Davies Student Center (https://www.uwec.edu/centerservices/facilities/davies-center), The 177,000 sq. ft. W. R. Davies Student Center opened its doors in July 2012. This student center, like its predecessor, is named in memory of William R. Davies (1893–1959), the university’s second president. Its design was
inspired by nature surrounding the Eau Claire campus — the Chippewa River, the woods, the stone formations, and the Little Niagara Creek. W. R. Davies Student Center occupies a site that was the historic meeting grounds of the Dakota and Ojibwe people, who made peace in the 1850s after a bitter war that spanned 150 years. The treaty line is thought to be at the mouth of the Little Niagara Creek on the Chippewa River. Names of meeting spaces in the original and the present Davies Center honor the Ojibwe and Dakota and other native people of Wisconsin, including the Ho-Chunk, Menominee, and Potawatomi tribal members who used the Council Oak tree and its surroundings as a shelter and gathering place. Davies Center was planned as an expression of the role of the Council Oak, a beacon and symbol of community, gathering and a safe space for all. W.R. Davies Student Center is the center for social and cultural interaction on the lower campus. Offering a number of meeting and program spaces, dining facilities and service areas, W.R. Davies Center is the administrative core of the University Centers. It is also home to the Student Senate, the primary vehicle for student involvement in university governance.

Hilltop Center (https://www.uwec.edu/recreation/facilities/hilltop), spanning the road that connects the upper and lower campus, Hilltop Center was built in 1968 and is home to Riverview Café, the primary contract dining facility on campus. An extensive renovation of Hilltop Center in 2012 expanded the primary service cafeteria on campus. Riverview Café now comprises the entire second floor of the building, and up to 7,000 meals are served to students each day. The programs and services of University Recreation and Sport Facilities are also based in Hilltop Center. Facilities include the Environmental Adventure Center (EAC), the Bowling and Billiard Center (BBC) and The Lookout – event space.

Crest Wellness Center (https://www.uwec.edu/recreation/crest-fitness-center), is home to Student Health Service, Crest Fitness Center, University Police and the Eagle’s View Challenge Ropes Course. In 1999 a $1.4 million upgrade remodeled the upper level of Crest Wellness Center for the fitness center, making it possible to relocate its weightlifting exercise equipment from the lower level. In 2013 the Eagles View Challenge Course was expanded offering both high and low rope challenges.
